FOURTEENTH FIVE YEAR PLAN
2022-27

FIFTH YEAR'S PROGRAMME
2026-27

VOLUME – II
(PART – 2)

BRIEF DESCRIPTION OF PROGRAMMES

INTRODUCTION

The budget document details the programmes proposed for implementation in 2026-27, the fifth and last year of the Fourteenth Five-Year Plan, covering all development departments, with an Annual State Plan outlay of ₹35,750 crore and an Aggregate Plan outlay of ₹44,574.66 crore, inclusive of a Central share of ₹8,824.66 crore.

Despite the financial constraints imposed upon the State, there is actually an increase in the Annual Plan of 2026-27. The general thrust of the Annual Plan continues to be to strengthen, deepen, and build on Kerala's achievements in human development, and to then place emphasis on the primary and secondary sectors and income-bearing services. Additionally, the Annual Plan 2026-27 will lay special emphasis on art, culture, youth and sports development in Kerala, on the empowerment of differently abled people, on enhancing regional equity, on higher quality health care and new facilities for in-patient care with special attention to the needs of the elderly, on school and higher education, and to create employment. The Annual Plan 2026-27 will be another important step in the journey towards a Navakeralam.

The proposed State Plan outlay is ₹35,750 crore, of which ₹10,189 crore is proposed as Plan Grants to Local Self Government Institutions (LSGIs) and balance of ₹25,561 crore is for the State Sector Schemes, which includes allocation for specific schemes under EAP, NABARD, Power, SCSP/TSP, State share of Centrally Sponsored Schemes (CSS) and MLASDF. Out of the State Plan outlay, ₹19,625.11 crore (54.90%) is allocation for specific schemes and the remaining ₹16,124.89 crore (45.10%) is free plan outlay for various departments.

In accordance with the Action Taken Report on the recommendations of the Sixth State Finance Commission, the Plan grant to Local Governments has been increased by 0.5 per cent, to 28.5 per cent of the total State Plan. Out of the total outlay of LSGIs, ₹8,374 crore is proposed for general sector, ₹1,578 crore for SCSP, and ₹237 crore for TSP. In addition to this, an outlay of ₹160 crore under the EAP "Kerala Solid Waste Management Project (KSWMP)" is also set apart for the LSGIs (Urban Local Bodies).

The total outlay proposed for the Major Infrastructure Development Projects is ₹385.64 crore. The schemes included in Major Infrastructure Development Projects are Vizhinjam deep water International Transhipment Terminal (VISL), Metro Rail System in

Kochi, Kannur Air Port – Development of Infrastructure facilities, Annuity Scheme on 35th National Games, Integrated Water Transport System-Kochi, Performance based Infrastructure Development (Infrastructure development of Trivandrum Engineering Science and Technology (TrEST) Research Park), Public University Campus Construction and Development (New Campus and infrastructure facilities for Malayalam University, Setting up of Infrastructural facilities and new campus for Technological University and New Campus and Infrastructural facilities for Sree Narayana Guru Open University), Kerala Rail Development Corporation (Project under Joint Venture company), NH Bye Passes- Kollam and Alappuzha (Cost sharing basis with GoI), Angamali – Erumeli Sabari Railway Line, Creation of judicial infrastructure (New component).

Centrally Sponsored Schemes are classified into two categories, namely, schemes with 100 per cent Central assistance and schemes with 50 per cent Central assistance. The provisions made for these schemes in the Annual Plan 2026-27 are tentative in nature. The concerned Administrative Departments shall obtain the requisite approvals from the respective Central Ministries for implementation of these schemes. Expenditure under Centrally Sponsored Schemes shall be regulated in accordance with the actual Central assistance received during the financial year 2026-27. Subsequent to the approval of the Budget by the Legislature, the concerned Administrative Departments shall issue Administrative Sanctions for implementation of the schemes in compliance with the prescribed procedural requirements.

The statements of programmes for the financial year 2026-27 are included in Volume I of the Fifth Year's Programme. Brief descriptions of programmes in Malayalam are provided in Part I of Volume II, while the corresponding descriptions in English are given in Part II of Volume II of the Fifth Year's Programme.

Scheme of Financing of State Plan for 2026-27			
			(₹ in Crore)
I	(i)	Balance from Current Revenues	-21945.90
	(ii)	PF, Small Savings (Net)	4543.94
	(iii)	Miscellaneous Capital Receipts	-9762.88
	(iv)	Small Savings (NSSF) (Net)	2587.39
	(v)	Market Borrowings (Net) (SLR based)	44921.06
	(vi)	Negotiated Loans (Net)	27.78
	(vii)	ACA for EAPs/Other ACA Schemes	5018.63
	(viii)	NABARD Loan	900.00
	(ix)	Repayment of Central/ NABARD Loan	-1931.19
Total (i) to (ix)			**24358.82**
II	Contribution of Local Self Governments		10349.00
III	Contribution of Kerala State Electricity Board		1042.18
Total Outlay (I+II+III)			**35750.00**

ANNEXURE-A

SECTORAL PROGRAMME- DETAILS OF SCHEMES (STATE PLAN)

I. AGRICULTURE AND ALLIED SECTORS

1.1 AGRICULTURE

A. Agriculture Research and Education

The support to Kerala Agricultural University under Agricultural Research and Education includes support to Colleges, Research Stations, Extension Centres and Farms attached to the institution.

1. Kerala Agricultural University

(Outlay: ₹ 7800.00 lakh)

Kerala Agricultural University is the major institution in Kerala providing human resource, skills and technology required for the development of agriculture and its allied sectors by integrating education, research and extension. The university fulfils its mission through a network of institutions spread across the State. There are eight colleges, six Regional Agricultural Research Stations, sixteen Research Stations, One Central Training Institute, seven Krishi Vigyan Kendras and a Communication Centre.

During 2026-27, an amount of ₹ 7800.00 lakh is provided to KAU.

The component wise outlay for 2026-27 is shown below.

Sl. No.	Components	Amount (₹ in lakh)
1	Academics	1250.00
2	Research	4300.00
3	Extension	1050.00
4	Infrastructure Development	1000.00
5	E-governance	100.00
6	Students welfare	100.00
	Total	**7800.00**

The outlay is for strengthening the existing activities such as improving educational facilities in the colleges for U.G and P.G programmes, student's welfare, development of library, supporting research projects in the campuses and regional stations, infrastructure development and extension activities in the university.

Component wise details are given below.

1) Academics

Kerala Agricultural University is the major institution rendering agricultural education and thus contributing to the major scientific work force of agriculture in the State. There are four faculties viz., Agriculture, Forestry, Basic Science & Humanities, and Agricultural Engineering & Technology.

Under academics, an amount of ₹ 1250.00 lakh is set apart for the continuing components such as assistance to Rural Agricultural Work Experience (RAWE) programme of final year graduate students, Experiential Learning Programme & Strengthening of UG and PG programme, financial support and research grant for M.Sc & Ph.D students, strengthening education & examination wing, strengthening library and information system, support for conduct of examination and evaluation, and support to KAU Moodle and other e-learning activities.

2) Research

An amount of ₹ 4300.00 lakh is provided under the Research component of KAU for the year 2026-27 for undertaking research projects. Out of this, ₹ 945.00 lakh is set apart for new projects and ₹ 3355.00 lakh for continuing projects. While the University has suggested certain topics as broad priority areas, the research projects to be taken up by scientists or as network projects will be decided through a field interface mechanism. The existing system of project selection and evaluation based on the recommendations of the Project Selection and Monitoring Committee (PSMC), introduced in 2020-21 will be continued, comprising of Director of Agriculture, Chief, Agriculture Division, Kerala State Planning Board and Director of Research, KAU. The constitution of the PSMC will be done by the Vice Chancellor, KAU in the month of April 2026 in consultation with the Agricultural Production Commissioner, Government of Kerala and will also include two experts from relevant fields. The PSMC will be convened in the month of May 2026. A suitable monitoring system to monitor and report the progress of plan schemes may be developed by the Directorate of Research. The research projects will give thrust in the following areas.

Sl. No.	Thrust areas
1	Crop Production
2	Crop Improvement including new breeding techniques
3	Crop management strategies
4	Monitoring the flora/fauna in the crop land system and developing managing protocol for pests and diseases
5	Bio-formulations and microbes for plant protection, bio molecules, microbial studies
6	Productivity enhancement, processing and value addition
7	Integrated farming systems development including Animal Husbandry and Fisheries
8	Research in improved/exotic/novel fruits

Sl. No.	Thrust areas
9	Agricultural Economics and farm studies, marketing, value chain financing supply chain management studies
10	Soil and Water Engineering, Farm Power machinery
11	Forestry including biodiversity
12	Interdisciplinary research in climate related fields as part of sl.no.1 to 11 as above.

a) Continuing Projects

The continuation of the ongoing projects included under the State Plan projects will be based on the evaluation by the Project Selection and Monitoring Committee (PSMC). The plan review will be carried out on a quarterly basis. An evaluation criteria will be prepared by the Director of Research and will be circulated among PSMC members in advance. The Director of Research will also prepare the monitoring and evaluation sheet for reporting the progress and circulated before the quarterly reviews which will be held as per schedule. The funds for continuation of the projects will be met from the amount of ₹ 3355.00 lakh earmarked for continuing research projects. The amount to be earmarked for individual projects during 2026-27 will be allocated after the performance evaluation based on the evaluation criteria, as assessed by the PSMC.

Out of this amount, ₹ 75.00 lakh is set apart as 25% State share of the AICRP and AINP projects for 2026-27. A separate proposal for support of state share has to be submitted for approval.

b) New Projects

An amount of ₹ 945.00 lakh is earmarked for undertaking new research projects during 2026-27. The new projects to be funded under the State Plan projects within the broad areas indicated will be presented before the Project Selection and Monitoring Committee (PSMC) as mentioned earlier. Within the total corpus, projects will compete among themselves for funding. The Committee will evaluate and recommend the new projects with allocation to be considered for sanction during the year 2026-27. PSMC will be convened during May 2026 and list of projects will be finalized. The project period will not be more than 2-3 years starting 2026-27. The University will issue fresh notification calling for research proposals after the Project Selection Committee is constituted. Network project will be given preference. It may be submitted in the thrust areas of research programmes during 2026-27. The last date for project submission will be 15 April 2026. Thrust will also be given to Artificial Intelligence based early warning system for major crop pests and diseases and socio ecological impact assessment of KAU technologies in major crops.

3) Extension

In order to strengthen the Extension interface, an amount of ₹ 1050.00 lakh is provided during 2026-27 for the following activities. An amount of ₹ 740.00 lakh is set apart for the ongoing projects and ₹ 310.00 lakh for new projects in respective areas as given below. Considering the importance of comprehensive and efficient extension services in

strengthening the agricultural sector of the State, it is envisaged to bring in convergence between the State Department of Agriculture Development and Farmers' Welfare and Kerala Agricultural University in conducting training programmes. This will be coordinated by the Director of Extension, KAU.

a) Continuing Projects

The following are the thrust areas of continuing projects.

Sl. No.	Sub components	Amount (₹ in lakh)
1	Technology Business Incubation, Capacity Building, Farmer Supporting Systems	560.00
2	Strengthening of e-extension services and decision support systems in agriculture	49.00
3	Group approaches, farmer collectives and entrepreneurship development	20.00
4	Productivity enhancement and extension interventions for yield gap reduction	3.00
5	Farm tourism, Natural Resource Management and Climate resilient agricultural interventions	17.00
6	Input supply and services for revival of Kerala's agriculture	14.00
7	ICT enabled technology development and dissemination	77.00
	Total	**740.00**

b) New Projects

New extension projects will give thrust in the following areas.

Sl. No.	Sub components	Amount (₹ in lakh)
1	Technology dissemination	41.00
2	Skill and capacity development	25.00
3	Climate-Smart Agriculture (CSA)	6.00
4	Digital extension and Agri-tech	28.00
5	Market-led extension and value addition	17.50
6	Youth and women empowerment	14.50
7	Strengthening of existing infrastructure and institutional linkages with LSGI/Development Departments/Commodity Boards/State Planning Board	178.00
	Total	**310.00**

4) Infrastructure Development

During 2026-27, an amount of ₹ 1000.00 lakh is set apart for the infrastructure development of the University including continuing as well as new projects as detailed below. The assistance includes maintenance of existing building, electrical work, irrigation and drinking water facility, compound wall and improvements of farm roads.

a) Continuing Projects

An amount of ₹ 400.00 lakh is set apart for the following projects.

Sl. No.	Sub Components	Amount (₹ in lakh)
I	**Renovation works**	
	KAU Headquarters, Vellanikkara	
1	Repair and renovation of campus roads at Main Campus (MC), Vellanikkara	50.00
2	Construction of playground at MC, Vellanikkara	16.00
3	Providing portable toilets for security guards at MC, Vellanikkara	3.00
4	Providing and fixing of boom barrier at main gate	4.00
5	Providing sheet roofing at Achuthamenon building	20.00
6	Repair and reconstruction of damaged compound wall at KAU Guest House MC, Vellanikkara	0.96
7	Providing lift facility in the academic block for the differently abled students at College of Agriculture, Vellanikkara, Phase II	25.00
	RRS Vyttila	
8	Construction of Sales cum training centre	40.00
	KCAET Tavanur	
9	Renovation of Greeshma Ladies hostel	5.00
10	Tiling work phase II	16.00
	ARS Thiruvalla	
11	Scaling up of jaggery production unit and providing low temperature storage facility for preservation of jaggery- Phase II	15.00
	College of Agriculture, Ambalavayal	
12	Completion of Academic block	50.00
13	Completion of balance work of boys hostel	14.00
	Total	**258.96**
II	**Irrigation and drinking water**	
1	Renovation of pond near pump house at Head Quarters, Vellanikkara	20.00

Sl. No.	Sub Components	Amount (₹ in lakh)
2	Construction of new bore well near duplex quarters, Vellanikkara	3.04
	Total	**23.04**
III	**Electrical works**	
1	Electrical infrastructure facilities in various buildings at MC, Vellanikkara	23.00
2	Electrical infrastructure facilities in various buildings at MC, Vellayani	20.00
3	Supply and installation of CCTV cameras at various entrance gates of MC, Vellanikkara	30.00
4	Providing street light facilities in ARS, Thiruvalla	5.00
5	Supplying and fixing UPS which supports DIS	20.00
6	Replacement of old and damaged power cable from HT panel room to college building- General electrical works, Padannakkad	10.00
7	Separate service connections to the buildings and handing over the existing electricity distribution line to KSEB Ltd.	10.00
	Total	**118.00**
	GRAND TOTAL(I+II+III)	**400.00**

b) New Projects

Out of the total outlay for infrastructure development, ₹ 600.00 lakh is for undertaking new works in the different institutions as given below.

Sl. No.	Sub Components	Amount (₹ in lakh)
	KAU Headquarters, Vellanikkara	
1	Construction and renovation of all type of quarters at MC, Vellanikkara	50.00
	Mannuthy	
2	Construction of new building next to ATIC and renovating the existing building	50.00
3	Overhaul of the DoE building, Mannuthy	20.00
	College of Agriculture, Vellayani	
4	Construction of new auditorium	200.00
5	Maintenance and renovation of Indoor stadium cum auditorium	40.00
6	Construction of Gymnasium and sports equipment purchase	20.00
7	Maintenance of trainees hostel cum guest house	2.00

Sl. No.	Sub Components	Amount (₹ in lakh)
8	Establishment of a semi-open multipurpose auditorium cum extension learning space at old Academic Block (Quadrangle)	50.00
	Mechanical Sub Division (MSD), Vellanikkara	
9	Laying new 3”10 Kgf/Cm^2 PVC pipe line from water purification plant to newly constructing 1 lakh GL tank, including purchase of motor and installation	15.00
10	Constructing new 1 lakh GL tank for collecting the purified water pumped from the sump near professors quarters	10.00
11	Laying new purified water distribution line from the newly proposed 1 lakh GL tank to all the overhead tanks of MC Vellanikkara	40.00
	KCAET Tavanur	
12	Establishing of modern water purification system and installation of water harvesting structures of KCAET campus	15.00
13	Renovation of indoor court	20.00
	College of Agriculture, Padannakkad	
14	Installation of street lights in college campus and farm	20.00
15	Installation of UPS systems	10.00
	RARS, Kumarakom	
16	Renovation of main road and laying out of farm roads	18.00
17	Construction of division and sub division office Phase I	10.00
18	Construction of Sale centre	10.00
	Total	**600.00**

The plan review of infrastructural works will be done on a quarterly basis in consultation with Director of Physical Plant, KAU.

5) E-Governance

During 2026-27, an amount of ₹ 100.00 lakh is provided for ICT implementation in Kerala Agricultural University, targeting to strengthen the infrastructure capabilities required for establishing robust communication and IT platform for KAU campuses and for strengthening of planning activities of KAU. Electronic file flow system will be implemented in all stations under KAU.

The University will develop a comprehensive e-governance Plan approved by the University, under the supervision of a State Level Technical Agency for obtaining necessary sanction for this project in the Working Group, without which the administrative sanction will not be given.

6) Students welfare

During 2026-27, an amount of ₹ 100.00 lakh is provided for the strengthening of students' welfare activities in KAU. The amount is provided for exclusively improving the activities of students, arts and sports competitions and other student welfare activities.

All salary expenses of permanent staff should be met from Non Plan and EAP's of the University and no post creation is allowed under plan fund. Institutional overheads are not included in the State Plan provision of KAU in the budget. Electricity, water charges etc. which are non-plan items are not included under the plan provision. The plan fund will be released as per the administrative sanction issued from Government similar to the system followed for other Universities.

B. Crop Husbandry

The schemes of Budget 2026-27 will focus on increasing the production and productivity of food crops through scientific approaches and attaining self-sufficiency in food production. The major crop development programmes include rice, vegetables, coconut, fruits, and spices. Dissemination of advanced scientific technologies and its adoption by farmers will be achieved through efficient extension services.

As per the State Planning Board directives, the farm plan based development approach introduced in 2022-23, as a shift from crop based development to farm based development will continue during 2026-27 also. Crop diversification and intensification covering pulses, oilseeds and millets will be promoted with the objective of increasing the crop output per unit area and improving the land use efficiency. More Krishi Bhavans will be transformed to Smart Krishibhavans with the objective of improving their functioning efficiency and providing maximum service to farmers.

The other programmes in the sector include interventions to revive soil and crop health, development of departmental farms for quality planting material production, mechanization through agro-service centers, organic farming and good agricultural practices, modernization of laboratories and ICT and extension services.

The outlay for crop husbandry sector for 2026-27 is ₹ 53,944.00 lakh including state share of CSS. Thrust will be given to the concept of AEU based planning and implementation of schemes.

All crop/farming approaches followed by the Department in Plan schemes will be based on proven and published scientific knowledge, recommended and approved by Kerala Agricultural University.

I. Farm Plan Based Development Approach

Based on the recommendations of the State Planning Board Working Groups of the 14th Five Year Plan, the Farm Plan Based Development Approach, which initiated in 2022-23 will be continued during 2026-27. The main objective of this approach is to move away from individual crop based approach towards integrated multiple cropping-farming systems based development of holdings. Through this approach, it is targeted to tap the resource potential scientifically at the basic farm unit level thereby enhancing the income of the farmer and contributing substantially to the production economy of the State. Scientific selection of

components and suitable agro management practices based on the concept of agro ecological units will be given thrust. This will also be organized to scientific spatial planning on watershed basis.

Under this approach, identification of individual farms and its development as the basic unit will be extended to new farm units across the State in 2026-27, through Krishi Bhavans with the support of Local Self Governments. These farms will be developed based on scientific resource based plan prepared by the Agricultural Officer with the technical support of the scientists of Kerala Agricultural University attached to Block level Agriculture Knowledge Centers and in consultation with the farmer. The farm plan based approach will include Agriculture and allied activities including Animal Husbandry, Dairy Development and Fisheries. In such cases, while bringing in convergence of such activities, the support for development will be obtained from the respective departments. The farm plan developed shall be shared with line departments involved in implementation of agriculture programmes.

The approach will be promoted by the department under the three schemes, strictly based on the published and proven production protocols as endorsed by Kerala Agricultural University. The farms which do not follow such approach will not be supported under the scheme. Suitable guidelines will be issued by the Department of Agriculture Development and Farmers' Welfare. All the three schemes under Farm Plan based approach will be under the control of a single Additional Director of Agriculture. However no new post creation/deputation/contract will be allowed under the programme/schemes. The service of existing departmental staff/contract staff will be utilized for implementation of the schemes.

The following are the three schemes under the approach

I. Farm Plan Based Production Programme including Pre- Production Support
II. Scheme on Development of Production Organisations and Technology Support.
III. Scheme on Supply Chain/Value chain Development and Integration under Farm Plan Development approach.

Monitoring mechanism

The Directorate of Agriculture will co-ordinate the activities of the three schemes under the Farm Plan Development approach through formation of suitable system of governance at the State Level, District level and Block Level. The technical group constituted at Kerala Agricultural University headed by Director of Extension will provide technical inputs to the Farm Plan Based Approach (all three schemes) on a continuous basis.

The monitoring of the programme will be done by the block level Assistant Directors of Agriculture and Principal Agricultural Officers under proper documentation. A database on the selected farm units with respect to the area, existing components, new components added, quantity of items provided for the unit, total expenses incurred, component wise yield generated, marketable surplus, income generated, profit obtained will be recorded for each farm and updated. A field book for registering the schedule of activities, assistance provided, inspections done etc. will be maintained with the farmer, which will be updated by the Krishi Bhavan officials. Suitable technology integration will be done with the support of Digital University.

1. Farm Plan Based Production Programme including pre-production support

(Outlay: ₹ 1000.00 lakh)

New guidelines will be developed for implementation of the approach during 2026-27, incorporating fully the objectives and integrating technology. The size of each basic farm unit will range from minimum area of 10 cents to maximum of 200 cents excluding the area occupied by house or building. Focus will be on Integrated Farming system-based model of development and on cropping systems based on coconut, spices, vegetables and fruits. The beneficiary or the farm will be identified as per the guidelines issued by the department and approved in consultation with LSGD authorities. While identifying the units, suitable schemes of LSGD will also be converged with the State scheme in order to bring comprehensive development of the farm. It is envisaged that 50 percent of beneficiaries of the project will be women.

A suitable mix of crops and/or livestock and fisheries as per farm plan prepared by the Agricultural Officer in consultation with the farmer and Block level agriculture knowledge centres will be implemented so as to enhance the income from unit land. Adoption of improved management practices will also be promoted.

Soil samples will be collected from the farms and analyzed for soil fertility. Soil Health Card will be distributed to these farms to enable soil test based practices. An amount of ₹ 50.00 lakh is earmarked for distribution of soil health cards to farms. An amount of ₹ 50.00 lakh is allocated for state level small farm mechanization project with multi stakeholder participation including KAU and KSAMM.

Suitable arrangements will be worked out by the Department for provision of production, pre-production, including arranging credit support through Kisan Credit Card (KCC). The stake holders such as Krishi Bhavan, Co-operative Societies (for input supply and credit linkage) will be coordinated into a single window system through technology integration along with support from Animal Husbandry and Fisheries. The facilities available through Agro Service Centres and service of Karshika Karma Senas will be utilized effectively. The assistance will be provided in kind and no cash assistance will be given. The pattern of assistance with respect to each crop/component in the farm plan will be fixed by the Department with a committee of experts. The support from the State Plan will be in the form of inputs and services through PACS, Karshika Karma Sena and Agro Service Centre in addition to the services of Krishi Bhavan. It is clear that the support under this scheme will not involve cash subsidy or cash support of any kind to the farmers.

During 2026-27, an amount of ₹ 1000.00 lakh is earmarked for pre-production and production support of inputs and services for establishment of model farms. Farm units already established as part of this scheme will be supported selectively. This selection will be in consultation with LSGs and following a strict evaluation criteria on the performance. The shortlisted farms will be subjected to final selection by Agricultural officer in consultation with representatives of LSG and following a strict evaluation criteria. It is made clear that the total period of support to the same farm will not exceed 2 years. Farm units identified after commencement of the scheme only will be supported. The evaluation of farms established under the FPD approach will be done on a regular basis on the proforma developed by

Director of Extension, KAU and evaluation report will be submitted by the implementing officers.

10 new farm units will be developed in each panchayat during 2026-27. The selection is strictly subject to the condition that all farm units developed under the scheme are geo-tagged along with their resource database including the soil health card details. This condition will be part of the Administrative Sanction which will be issued by the Administrative department.

The technical persons including project specific staff will be suitably deployed for the field level work by the department in the related field of work eg. Pest Scouts under Crop Health management Scheme will be assigned work in Panchayat areas under a particular block and they will be visiting the Farm Plan Development units on a regular interval.

2. Scheme on Development of Production Organisations and Technology Support

(Outlay: ₹ 500.00 lakh)

The objective of the scheme is to provide technology to farmers in the field through demonstration and to support and hand hold the Farmer Producer Organisations (collectives of the farms) as part of Farm Plan based approach. An amount of ₹ 500.00 lakh is earmarked for this scheme during 2026-27.

The Director of Extension, Kerala Agricultural University will conduct various suitable demonstration activities, State, district and block level conferences which will also disseminate the research outputs of the University and also those outputs from different SAUs/ICAR which are suitable for our farms. It is reiterated that published and proven production protocols as endorsed by Kerala Agricultural University only will be disseminated including scientifically proven organic farming. The Directorate of Extension, Kerala Agricultural University will chart a detailed technical module to develop and disseminate technical inputs on a regular basis. The preparation of a technology dissemination and extension plan will be done by Kerala Agricultural University. An amount of ₹ 100.00 lakh is earmarked for KAU for this purpose, to be transferred in lump sum to the Director of Extension, KAU once AS is issued.

Formation of Farmer Producer Organisations (Companies/Co-operatives) by aggregation of farm units of 2-3 neighboring panchayats targeted under the farm plan development approach will be supported. The existing FPOs will be supported in product development, branding, labelling and marketing including provisions for technical support. The existing FPOs formed by NABARD and CDB will also be supported on a selective basis. Necessary linkages will be established with LSG institutions for support of FPOs.

These will act as business organisations which will act as catalysts for development in these areas. Suitable steps will be taken to form such organisations. However, for FPO formation, individual projects need to be placed in the State Level Committee and approved. For formation and handholding of Farmer Producer Companies under the scheme, suitable technical support team will be developed involving qualified technical hands in the field of Agriculture, Animal Husbandry, Fisheries and Irrigation and they will act as the Technical Resource Team. The FPO formation plans which are placed for approval without suitable

technical linkages will be summarily rejected. The Department will seek support of existing technical agencies with good credentials, both in government and non- government sector on a need based manner.

3. Scheme on Supply Chain/Value chain Development and Integration under FPD programme

(Outlay: ₹ 500.00 lakh)

Small and fragmented production resulting in a largely fragmented supply chain is a crucial issue in the State. This necessitates an effective aggregation of crop produce. As part of the Farm Plan based Development, it is envisaged to develop a hub and spoke model of aggregation. In a hub and spoke distribution model, a centralised hub exists, and products can be originated from this hub or is sent to the hub from the local points for marketing and distribution. The hub and spoke model of aggregation will continue. In the Kerala context, crop specific local collection points can be identified/ developed which is integrated with centralized hubs.

It envisages involvement of farmers' groups (can be collectives like Kudumbashree units as well) who collectivise the farm produces and the cultivated products at designated places, and undertake supply/sale operations (for local markets). The excess production can be transported to the centralised major hubs which can undertake sale operations. There should be backward and forward linkages between these hubs and local production centers. In order to clear the market, the hubs will be linked to major traders/exporters/processors or any other demand centers (centers that demand the quantities in bulk). Registration of the producers and sellers will be made through electronic mode (like mobile app) which can register the quantities to be supplied by the farmers and that demanded by the major demand centers/traders. The digital and IT platform developed can be utilised to disseminate the supply, demand, price and quality related information. The scheme outlay includes the expenses related to maintenance, upgradation and refinement of the digital platform.

In order to improve the efficacy and planning and bringing in technology initiatives, a workshop will be organized during the year on Farm Plan Based Development, in coordination with Kerala State Planning Board, Kerala Agricultural University , and other stakeholders. For this, an amount ₹25.00 lakh is provided.

The hub and spoke model will offer services including inputs and information supply. They will bring together economies of scale in the operations, and faster information delivery. FPOs, will also act as a major agency at the spoke level with suitable federated structure at the panchayat/block/district level. In order to facilitate immediate digital payment system to farmers, corpus fund will be provided to FPOs as one time assistance. Those FPOs which have already availed this facility once will not be eligible for further corpus fund.

Establishment of markets and hubs through FPOs/PACS will be supported on reimbursement basis at 50% paid up cost. State Government agencies viz. Horticorp, VFPCK will not be eligible for this assistance. Support will be one time assistance for setting up units and support will be available only for capital expenditure like furniture, weighing machines, electrical equipment and energy efficient systems like solar panel. Strengthening the hubs established during 2025-26 under the farm plan based programme will be supported. No

support will be given to private aggregators. However VFPCK, Horticorp if acting as aggregators will be given need based support.

The major partners in the development of local and inter district supply chain as part of farm based development plan will be VFPCK, Horticorp, Co-operatives, Kudumbasree and FPOs. They are eligible for support under the scheme.

An amount of ₹ 60.00 lakh is earmarked for providing interest subvention support (as back-ended subsidy) to credit-linked projects aimed at expanding retail outlets established under this approach. A committee with representatives of State Level Bankers' Committee (SLBC), State Planning Board and Department will formulate the working instruction for this component.

During 2026-27, an amount of ₹ 500.00 lakh is allocated under the scheme for the above activities.

II. Area Expansion and Development Approach

It is aimed at increasing the area under various crops by providing assistance to farmers and also for bringing about required cropping system changes following the AEU concept. Rice development, Vegetable development, Coconut development, Development of spices, Development of fruits, flowers and medicinal plants, and Crop diversification are the schemes covered under this.

Rice Development: Integration of Schemes

In order to bring in increase in productivity and profitability of rice cultivation, programmes/projects which are aimed at promoting Rice Development need to be viewed in an integrated manner. The total amount earmarked for the rice development in the State for 2026-27 is ₹ 15000.00 lakh. The schemes/programmes/projects that are integrated, which aim at Rice development in the State are as follows.

Sl. No.	Schemes/Components	Amount (₹ in lakh)	Implementing agency
i	Rice Development	9360.00	Department of Agriculture Development and Farmers' Welfare
ii	Soil Health Management & Productivity Improvement - Lime application for rice.	2660.00	Department of Agriculture Development and Farmers' Welfare
iii	Development of agriculture sector in Kuttanad	700.00	Department of Agriculture Development and Farmers' Welfare
iv	Infrastructure development works of various Padasekharams in various districts in the State through KLDC	2280.00	Kerala Land Development Corporation
	Total	**15000.00**	

The various agencies will co-ordinate the programmes/projects with a view to enhancing the productivity, profitability and sustainability at Padhasekharam/Farmer Level.

There is no change in mode of implementation/responsible department/officer. The integration of schemes will be ensured at the appropriate level.

4. Rice Development (Agriculture Department)

During 2026-27, an amount of ₹ 12720.00 lakh is provided for the promotion of rice cultivation in the State by the Department of Agriculture Development and Farmers' Welfare, Sl.No. i, ii and iii as above.

Out of this amount, ₹ 9360.00 lakh is earmarked for the components detailed below.

Sl. No.	Components	Amount (₹ in lakh)
1	Assistance for group farming of rice with integrated crop management and Royalty to paddy land owners	8070.00
2	Area expansion (fallow land, single crop to double crop) including specialty rice promotion	245.00
3	Registered Seed Growers Programme/Seed village	115.00
4	Operation Double Kole	50.00
5	Operational support to padasekharasamithies and Paddy development agencies	380.00
6	Project based support for infrastructure development in padhasekharams for reviving paddy cultivation including block level convergence.	75.00
7	Drone assisted foliar application of micro nutrients in rice	300.00
8	Truthfully labelled seed multiplication for Pokkali rice varieties	25.00
9	Interest subvention for credit linked paddy processing/value addition projects by FPO/FIG/SHG/JLG (New)	100.00
	Total	**9360.00**

An amount of ₹ 8070.00 lakh is allocated for input assistance under group farming of rice with integrated crop management at ₹ 5500/ha and for Royalty at ₹ 3000/ha to paddy land owners as incentive for conserving the paddy lands. The support for input assistance will be in the form of quality seeds, inputs (based on AEU based recommendations) and bio control agents only.

The area expansion programme of rice will be carried out through fallow land cultivation, raising double crop in single cropped areas and promotion of specialty rice, subject to the recommendation of KAU and feasibility. An amount of ₹ 245.00 lakh is earmarked for area expansion of rice in 2026-27.

Registered Seed Growers Programme (RSGP)/ Seed Village Programme (SVP) will be continued for which an amount of ₹ 115.00 lakh is earmarked in 2026-27. This include assistance to RSGP farmers and grant for Kerala State Seed Development Authority

(KSSDA). The grant to KSSDA will be decided in consultation with the KSSDA officials. The assistance will be available only for transplanted crop.

During 2026-27, an amount of ₹ 50.00 lakh is earmarked for 'Operation Double Kole' a component to encourage double cropping in Kole areas. The assistance will be provided for critical inputs and infrastructure development based on the project proposal from the special officer of the programme. The convergence of schemes under RKVY, RIDF and Kerala Agricultural University will be ensured**.**

An amount of ₹ 350.00 lakh is set apart for operational support to padasekhara samithies for promoting group farming activities of the active padasekhara samithies and ₹ 30.00 lakh to provide project based operational support to paddy development agencies in a project-based manner.

Infrastructure development in padasekharams including block level convergence will be supported in a project mode. The projects prepared for infrastructure development should be identified and approved at the level of Director of Agriculture. Convergence with activities under RKVY, RIDF, other CSS and LSGD schemes should be ensured in undertaking infrastructure development. The scheme will be implemented in integration with well-functioning PACS in the area. An amount of ₹ 75.00 lakh is allocated for these programmes.

During the year 2026-27, drone assisted foliar application of micronutrients in rice will be supported, for which an amount of ₹ 300.00 lakh is earmarked. The department may explore ways to induct new technology into this area by way of stakeholder participation and credit linkage.

An amount of ₹ 25.00 lakh is allocated for truthfully labelled seed multiplication for Pokkali rice varieties.

In 2026-27, an amount of ₹100.00 lakh is earmarked to provide interest subvention for credit-linked paddy processing and value-addition projects undertaken by Farmer Producer Organisations (FPOs), Farmer Interest Groups (FIGs), Self-Help Groups (SHGs), and Joint Liability Groups (JLGs). A committee with representatives of State Level Bankers' Committee (SLBC), State Planning Board and Department will formulate the working instruction for this component.

The seven rice growing Agro Ecological Units will be given thrust in augmenting rice productivity. The department will ensure that at least 33 per cent of the beneficiaries will be women.

Rice development programmes of the department will be implemented with the active involvement and convergence of Mahatma Gandhi National Rural Employment Guarantee Scheme (MNREGS), Kudumbasree, PACS, FPOs and the Local Self Governments.

The details of the schemes/components- Sl no.ii, iii and iv, which are directly part of Rice Development in the State are given under the scheme Sl no.10 and 24 under 1.1 and Sl no.V-(20) under 1.2.

5. Comprehensive Vegetable Development (*Sampoornna Pachakkari Yajnam*)

(Outlay: ₹ 7845.00 lakh)

The Vegetable Development Programme will be implemented in the State with the objective of promoting vegetable production and productivity in the State in a safe-to-eat manner and to attain self-sufficiency in the sector through *Sampoorna Pachakkari Yajnam.* The scheme will be carried out involving all the stake holders in this sector such as Agriculture Development & Farmers' Welfare Department, VFPCK, Horticorp, PACS, FPOs, Kerala Agricultural University and LSGD. The objective of the scheme will also encompass nutritional security enhancement of households. Thrust will be given to AEU based planning focusing on 15 potential AEUs (AEU 1, 2, 3, 8, 9, 10, 11, 12, 13, 17, 18, 20, 21, 22, 23) and adoption of modern techniques for increasing the production and productivity.

In order to ensure efficiency of resources, a phased strategy will be developed to shift from cash subsidies to subsidy in kind wherever possible.

During 2026-27, an amount of ₹ 7845.00 lakh is earmarked for vegetable development programme. Out of this, an amount of ₹ 1800.00 lakh is for support to VFPCK for vegetable development and an amount of ₹ 6045.00 lakh is for vegetable development through Agriculture Department.

a) Vegetable development- Support to VFPCK

(Outlay: ₹ 1800.00 lakh)

In 2026-27, an amount of ₹ 1800.00 lakh is earmarked for the scheme 'Vegetable Development-Support to VFPCK'. The scheme will be implemented and operated by VFPCK to support vegetable development programmes in the State. The activities include support to vegetable cultivation including export quality vegetable cultivation through Self Help Groups, Farmer Interest Groups, Farmer Producer Organisations and Clusters under GAP/PGS, support to Farmer Producer Organisations, export promotion, processing and value addition. VFPCK, in addition to the general functions will carry out specific roles on project basis for which funds are allocated. The Chief Executive Officer (CEO), VFPCK will be the responsible officer for implementation of the scheme. Post creation, construction of buildings and vehicle purchase are not allowed under the scheme. Crop insurance and natural calamity claims of farmers will be settled by registering through the AIMS portal of the Department of Agriculture Development and Farmers' Welfare. This scheme will be strictly monitored by a State level Monitoring Committee, comprising of CEO, VFPCK, Director of Agriculture, Chief, Agriculture Division, State Planning Board on a regular basis. The CEO, VFPCK will constitute the committee in the month of April 2026.

b) Vegetable development through Agriculture Department

(Outlay: ₹ 6045.00 lakh)

An amount of ₹ 6045.00 lakh is for vegetable development through Agriculture Department in 2026-27. The component wise breakup of the programme is given below.

Sl.No.	Components	Amount (₹ in lakh)
1	Distribution of high yielding variety and hybrid seed kits and	1000.00

Sl.No.	Components	Amount (₹ in lakh)
	HYV pro-tray seedlings	
2	Promotion of open-field precision farming in new areas	200.00
3	Promotion of homestead, urban and semi urban vegetable cultivation	1455.00
4	Commercial vegetable cultivation (cluster development)	2900.00
5	Project based intensive vegetable cultivation in institutions	250.00
6	Pesticide residue analysis in vegetables	30.00
7	Technical support and contractual appointments	210.00
	Total	**6045.00**

With the objective of productivity enhancement in vegetables, high yielding and hybrid varieties will be promoted. An amount of ₹ 1000.00 lakh is set apart for distribution of high yielding variety seed kits, hybrid seed kits, and high yielding variety pro-tray seedlings. Open field precision farming will be promoted in new areas aiming at increasing productivity and profit maximization. An amount of ₹ 200.00 lakh is allocated for open field precision farming for vegetables.

Urban and semi urban vegetable cultivation will be promoted in the State where land is a constraint. Homestead vegetable cultivation will be supported through supply of vegetable seed kits and seedlings including perennial vegetables like bread fruit, agathi, muringa and curry leaves and cool season vegetables. Support for the establishment of nutrition gardens will also be provided under the scheme. Roof top cultivation including vertical farming units, hydroponics and vegetable cultivation in containers will be supported with technical advice of Kerala Agricultural University. Beneficiary selection should be transparent based on fixed criteria. An amount of ₹ 1455.00 lakh is set apart for these activities.

Commercial cultivation will be promoted through cluster-based approach concentrating in the 15 AEUs which have the potential for vegetable cultivation. The size of cluster will be in the range of 3 ha to 5 ha. Cultivation will be based on crop calendar and production plan for each block. The clusters will be graded based on the productivity performance. Best performing clusters with two years' experience, good volume of business, nurseries, markets etc. and with a minimum turnover of ₹ 5.00 lakh will be selected. Assistance for second crop will be provided to grade one clusters. Clusters of women, youth and students will be given priority. Poor performing clusters will be delinked and new clusters will be formed. For 2026-27, an amount of ₹ 2900.00 lakh is allocated for cluster based vegetable cultivation. Vegetable cultivation will be extended to fallow lands available under the ownership of department farms and PSUs, by involving farmer clusters and women groups. Establishment of rain shelters, promotion of cool season vegetables in specific areas of Idukki, Wayanad, Kannur, and Palakkad districts will be supported under commercial vegetable cultivation.

Project based vegetable cultivation including innovative technologies in institutions (excluding schools and colleges) will be promoted for which an amount of ₹ 250.00 lakh is set apart.

An amount of ₹ 30.00 lakh is allocated for the conduct of pesticide residue analysis in vegetables provided by the Department of Agriculture through Kerala Agricultural University, Vellayani. The projects for which funds have not been provided under the allocation for the University (Research and Extension) only will qualify for this.

An amount of ₹ 210.00 lakh is set apart for existing technical and contractual wages under vegetable development.

The planting materials will be certified by district level VDP implementing Committee to ensure quality of seeds and seedlings. Certification of the nurseries by an approved agency should be assured to ensure quality of seeds and seedlings produced.

The vegetable area expansion will be implemented in close coordination with Nava Keralam Mission with clearly defined physical targets at AEU, Panchayat level and other deliverables included in the project.

The Department will ensure that 85 percent of the scheme fund will be used for production related activities and 33 percent of the beneficiaries under this scheme will be women.

6. Coconut Development

(Outlay: ₹ 7300.00 lakh)

The strategy proposed for coconut development is to enhance the production and productivity through replanting with new and high yielding palms and integrated development of coconut through better management practices. During 2026-27, an amount of ₹ 7300.00 lakh is allocated for coconut development programmes under the following components.

Sl. No.	Components	Amount (₹ in lakh)
1	Comprehensive coconut rejuvenation and planting programme - Rehabilitation and rejuvenation of coconut palms in Kerala as part of Coconut Mission including Observance of Kera raksha varam, establishment of new Keragramams, assistance for coconut seedling production at Aralam farm and Keragramam 2nd year and 3rd year activities	4000.00
2	Coconut seedling distribution as part of Coconut Development Council including seed nut procurement and seedling production	2500.00
3	Subsidy assistance for introduction of micro-irrigation/fertigation in coconut gardens	600.00
4	Revamping of existing FPOs in coconut sector on Project-basis	200.00
	Total	**7300.00**

Scientific and timely adoption of management practices of the existing and newly planted palms including soil test based nutrient application, irrigation and pest and disease management and multiple cropping systems are the activities targeted.

Comprehensive coconut rejuvenation and planting programme will be undertaken in 2026-27 through the activities of Coconut Mission. Kera Raksha Vaaram will be conducted

in June-July 2026, coinciding with the major planting season of coconut covering new and existing plantations. Under this programme, the healthy and productive coconut palms in the entire State will be subject to basin opening and crown cleaning along with lime application, soil test based Integrated Nutrient Management and Integrated Pest and Disease Management operations in a campaign mode. Application of green manure in basins and prophylactic/ curative application of biocontrol agents will also be promoted. The activities of Keragramam will also be integrated into this programme for efficient use of the resources. Application of micro and secondary nutrients will also be supported based on soil tests. The assistance will be provided in kind, wherever possible to ensure effective utilization of the funds earmarked for the purpose. All operations will be carried out with the support of LSGD and MNREGS. Mechanization of farming activities and effective utilization of Karshika Karma Sena to overcome the shortage of labour will also be focused. The facilities available with Agro Service Centres, Karshika Karma Sena and Custom Hiring Centre in the form of labour, agro machinery and other inputs will be utilized. The rate of assistance to Keragramams will be reduced to selected components during 2nd and 3rd year. Assistance for coconut seedling production in Aralam farm is also included under this. An amount of ₹ 4000.00 lakh is set apart for these activities.

The main objectives of Coconut Mission are to revive the coconut wealth of Kerala through a campaign of replanting and maintenance; to enhance productivity of coconut; and to ensure forward linkages with agro-industry. There is a need for replanting at least 75 coconut seedlings per ward every year in the State with the support of KAU, CDB, CPCRI, Farmer Producer Organisations, PACS and Local Governments. 25 per cent of the seedlings produced through Kerala Agricultural University will be distributed through the University. The activities under mission include cutting and removal of old, senile, unproductive and diseased palms, replanting and under planting with high yielding semi tall and dwarf varieties, rejuvenation of existing gardens by adopting integrated management practices and effective supply of seeds nuts.

An amount of ₹ 2500.00 lakh is set apart for coconut seed nut procurement and seedling production through the departmental farms and distribution of seedlings as part of coconut mission.

During 2026-27, an amount of ₹ 600.00 lakh is earmarked for the subsidy assistance for introduction of micro-irrigation/fertigation in coconut gardens. Under this component, a top-up subsidy of 30 per cent of the indicative cost under the Per Drop More Crop (PDMC) programme will be provided, subject to the condition that the total subsidy assistance shall not exceed 85 per cent of the total estimated cost of the micro-irrigation/ fertigation system installed.

Project-based assistance for revamping of existing FPOs in the coconut sector will be supported under this scheme and an amount ₹ 200.00 lakh is set apart for this purpose. The FPOs which have completed minimum period of five years of existence will be considered under the scheme for revamping. For availing this, a project which is technically feasible needs to be submitted to the department. The maximum assistance will be ₹ 50.00 lakh per FPO.

7. Development of Spices

(Outlay: ₹ 1500.00 lakh)

Development of perennial and annual spices are covered under this scheme. Agro Ecological Unit wise priority will be given in promoting area expansion programme of these spices. Idukki and Wayanad districts will be given thrust. An amount of ₹ 1500.00 lakh is allocated for development of spices in 2026-27.

The component wise breakup of outlay is given below.

Sl. No.	Components	Amount (₹ in lakh)
1	Area expansion of perennial spices	385.00
2	Area expansion of annual spices	250.00
3	Establishment of decentralized nurseries	5.00
4	Project mode support for adoption of improved Integrated Pest and Disease Management (IPDM) practices in black pepper (New)	860.00
	Total	**1500.00**

Minimum area of 10 cents (excluding area occupied by buildings) should be available for cultivation for availing support under the scheme.

Assistance for development of spices include popularization of improved varieties and improved management practices, nursery, support to secondary and micro nutrients, soil ameliorants, prophylactic spraying through Government run Agro Service Centres and promotion of bio inputs like Vesicular Arbuscular Mycorrhiza (VAM). Pure/inter cropping of nutmeg and clove will be also be supported. An amount of ₹ 385.00 lakh is set apart for area expansion of perennial spices.

Area expansion of annual spices will be promoted under the scheme for which an amount of ₹ 250.00 lakh is earmarked. An amount of ₹ 5.00 lakh is set apart for the establishment of decentralized nurseries.

Selected black pepper gardens will be provided assistance (project based) for adoption of improved Integrated Pest and Disease Management (IPDM) practices, for which an amount of ₹ 860.00 lakh is earmarked. Major emphasis will be given to black pepper-growing areas in the Idukki and Wayanad districts. The selection of gardens will be based on the performance criteria as approved by the working group and the rate of assistance will be fixed based on the advanced/improved management practice recommended by Kerala Agricultural University. The demonstration of improved techniques in black pepper cultivation will also be supported under this component.

The scope for convergence with the activities under the MIDH scheme should be ensured during the implementation of the scheme.

8. Development of Fruits, flowers and medicinal plants

(Outlay: ₹ 2092.00 lakh)

The objective of fruit development scheme is to expand the area under fruit cultivation in the State including indigenous, exotic and high value fruits with focus on increasing the production and productivity of fruit crops. The department will ensure that 25 percent of the beneficiaries of the scheme are women.

An amount of ₹ 2092.00 lakh is set apart under the scheme during 2026-27.

The component wise breakup of outlay is given below.

Sl. No.	Components	Amount (₹ in lakh)
1	Distribution of fruit plants (No cash subsidy) and establishment of fruit clusters	1467.00
2	Promotion of exotic fruit production (New)	200.00
3	Top up subsidy for fruit plant cultivation under MIDH	200.00
4	Development of flowers	100.00
5	Development of medicinal plants	125.00
	Total	**2092.00**

The amount earmarked for fruit development in 2026-27 will be utilized for production enhancement through area expansion, irrigation support, hardening units, popularizing fruit plants for homesteads as well as commercial cultivation giving thrust to exotic and high value fruits. In 2026-27 an amount of ₹ 200.00 lakh is earmarked exclusively for support to exotic fruit production in the State. An amount of ₹ 1467.00 lakh is allocated for production and distribution of planting materials of fruit plants and establishment of fruit clusters. Distribution of planting materials of fruit plants will be based on site suitability and success of establishment. The existing beneficiaries will be supported only after ensuring that 80 percent of the previous years' planting has been successful/surviving. A certificate to this effect will be issued by the Agricultural Officer. The facilities available with the departmental farms/nurseries shall also be utilized for development of orchards. No separate manpower and vehicle will be provided under the programme. The project will be implemented by the Department of Agriculture Development and Farmers' Welfare with the support of Kerala Agricultural University, VFPCK, Horticorp and FPO's.

The MIDH scheme (CSS) will be integrated with the fruit development programme to provide maximum assistance to the farmers to take up cultivation of fruits. An amount of ₹ 200.00 lakh is set apart for top up subsidy for fruit plant cultivation under MIDH.

An amount of ₹ 100.00 lakh is earmarked for development of flowers including cut flowers, loose flowers, and cut foliages. Project based assistance will be provided for the establishment of floriculture units, establishment of new floriculture nurseries including tissue culture units, establishment of grading, packing centers and market intelligence support. Flori villages will be established and suitable markets identified for marketing of flowers. Flowering plants will be selected based on the site suitability and marketing potential. The funds from RKVY and MIDH will be integrated with the project.

The project for promotion of medicinal plants will be implemented in the State in suitable AEUs. An amount of ₹ 125.00 lakh is earmarked for project based area expansion of medicinal plants through clusters, setting up of collection centers, Plant Health Management units and for transportation and marketing facilities. The scheme will be implemented in selected districts through the Department of Agriculture and arrangements for market tie up will be made with Ayurvedic pharmaceuticals in the government/private sector.

9. Crop diversification, intensification and introduction

(Outlay: ₹ 350.00 lakh)

The objective of the scheme is to promote crop diversification through crop rotation, multiple cropping or inter cropping and thereby to enhance productivity. Seasonal rice fallows and interspaces of coconut plantations are targeted without affecting the main crop.

Thrust will be given to area expansion of millets. Pulses like grain cowpea, green gram, black gram and oilseeds, sesamum and ground nut will also be promoted. An amount of ₹ 300.00 lakh is set apart for the diversification/intensification of millets, pulses, and oilseeds.

During 2026-27 an amount of ₹ 50.00 lakh is earmarked for the promotion of betel vine in suitable locations such as Malappuram district. Various improved management practices including the 'Koottukodi' system in betel vine will be supported under this scheme.

Sl. No.	Components	Amount (₹ in lakh)
1.	Diversification/intensification of millets, pulses, and oilseeds	300.00
2.	Promotion of betel vine cultivation	50.00
	Total	**350.00**

10. Soil Health Management & Productivity Improvement

(Outlay: ₹ 3115.00 lakh)

The main objective of the scheme is to provide support to farms for improving soil health thereby increasing productivity. Soil test based application of nutrients and Integrated Nutrient Management practices will be promoted in rice and other crops under the scheme. Only those nutrients as prescribed in the KAU, Package of Practices will be supported. During 2026-27, an amount of ₹ 3115.00 lakh is earmarked for this scheme under the following components.

Sl. No.	Components	Amount (₹ in lakh)
1	Lime application for rice	2660.00
2	Support for Integrated Nutrient Management in rice and other crops including soil ameliorants (except lime for rice), secondary and micro nutrients	425.00
3	Conduct of soil testing campaigns	30.00
	Total	**3115.00**

Under this programme, quality inputs for Integrated Nutrient Management in rice and other crops including soil ameliorants, secondary and micro nutrients to supplement crop production will be supported based on soil analysis. Assistance will be provided in kind, wherever possible. The quantity of input requirement will be as per the KAU Package of Practices recommendations. The Krishi Bhavan staff will assist the farmers in prescribing the nutrient quantity and quality. Supply of secondary and micro nutrient based on soil test data will be supported. An amount of ₹ 2660.00 lakh is earmarked for the lime application for rice. An amount of ₹ 425.00 lakh is set apart for promoting Integrated Nutrient Management practices for rice and other crops including support to soil ameliorants (except lime for rice), secondary and micro nutrients. Efforts to actively support cultivation and use of green manure crops will be promoted in panchayats with the financial support of LSGs.

Soil testing campaigns will be conducted throughout the State, with the coordination of Department of Agriculture Development & Farmers' Welfare and Department of Soil Survey & Soil Conservation and the results uploaded in the Soil Digital portal to be developed by Department of Soil Survey & Soil Conservation as part of Agristack. An amount of ₹ 30.00 lakh is allocated for the conduct of soil testing campaigns. In 2026-27, the scheme will be implemented in convergence with the KERA project.

11. Crop Health Management

(Outlay: ₹ 1300.00 lakh)

The approach of crop health management is to bring together management towards sustainable ecosystems and people's health through Good Plant Protection Practices (GPPP). During 2026-27, an amount of ₹ 1300.00 lakh is earmarked under this scheme for the following components.

Sl. No.	Components	Amount (₹ in lakh)
1	Pest forecasting and advisory services, strengthening Plant Health Clinics and KATHIR app	
a	Pest and disease surveillance and advisories	135.00
b	Establishment of new Plant Health Clinics	10.00
c	Strengthening existing Plant Health Clinics and operational expenses of KCPM	10.00
2	Upgradation of parasite breeding stations as satellite centres of SBCL	50.00
3	Rodent control	25.00
4	Project based management of wild animal attack using technology solutions	320.00
5	Honorarium to District Plant Health managers, Field Assistants and Pest Scouts of Plant Health Clinic	750.00
	Total	**1300.00**

Advisories will be provided to the farmers based on systematic surveillance. An amount of ₹ 135.00 lakh is earmarked for Pest and disease surveillance and advisory services. The service of Pest Scouts will be utilized for field activities including farm plan based

development and field visits scheduled in consultation with Agricultural Officers/Assistant Directors. The field visit details authorized by the Agricultural Officer will be made available in the portal. Pest watch data will be made available on KATHIR app. New Plant Health Clinics will be established at Local Self Government level during the year 2026-27, and an amount of ₹ 10.00 lakh is earmarked for this purpose. An amount of ₹ 10.00 lakh is allocated for strengthening of the existing Plant Health Clinics. This includes ₹ 5.00 lakh set apart for operational expenses of KCPM including training at Plant Health Clinics. The fixed plot and rowing survey will be carried out in linkage with the Plant Health Clinics, with reduced number of fixed plots with flexibility at block level. The data will be shared with other Government Departments.

The parasite breeding stations functioning under the department will be strengthened to promote parasite breeding and production of bio control agents. An amount of ₹ 50.00 lakh is set apart for upgradation of existing Parasite Breeding Stations as satellite centers of SBCL.

Rodent control will be conducted in campaign mode across the State for which an amount of ₹ 25.00 lakh is set apart.

Wild animal attack is a major menace in the cropped areas affecting the farmers due to crop damage. During 2026-27, thrust on activities for project based management of wild animal attack in cropped areas through technology support will continue, for which an amount of ₹ 320.00 lakh is allocated. No cash assistance will be provided for the component.

12. Organic Farming and Good Agricultural Practices

(Outlay: ₹ 525.00 lakh)

The objective of the scheme is to promote safe to eat food production through organic practices and Good Agricultural Practices (GAP). Empowerment of existing GAP clusters, promotional assistance for new GAP clusters, green manuring, model units for scientific organic manure preparation and safe to eat food production will be supported.

During 2026-27, an amount of ₹ 525.00 lakh is set apart for the scheme. It is envisaged that 10 percent of beneficiaries of the project will be women.

The component wise outlay is given below.

Sl. No.	Components	Amount (₹ in lakh)
1	Promotion of Organic farming and GAP cultivation in crops including organic certification, branding, packing and labelling	350.00
2	Organic manure production programme, on farm production of bio inputs, compost making units and additional support to biogas plants	80.00
3	Support for implementation	95.00
	Total	**525.00**

An amount of ₹ 350.00 lakh is allocated for promotion of organic farming and Good Agricultural Practices in crops adopting scientifically accepted practices, along with organic certification, branding, packing and labelling on project basis.

An amount of ₹ 80.00 lakh is earmarked for assistance to organic manure production and on - farm production of bio inputs as per the KAU, Package of Practices recommendations (in the selected GAP clusters) along with certification on project basis. The component also include assistance to compost making units and additional support to biogas plants.

An amount of ₹ 95.00 lakh is earmarked for undertaking activities supporting organic farming for safe to eat food production in the State.

13. Production and distribution of quality Planting materials and improvement of departmental farms

(Outlay: ₹ 1344.00 lakh)

The main objective of the scheme is to ensure timely availability of good quality planting materials in required quantity to the farmers. Modernization of departmental farms and its development as centers of demonstration of advanced agricultural technology like Hi-Tech farming, precision farming, high density planting, aquaponics and Integrated Farming System models are envisaged under the scheme. An amount of ₹ 1344.00 lakh is earmarked for the scheme during 2026-27.

The component wise breakup of the scheme is shown below.

Sl. No.	Components	Amount (₹ in lakh)
1	Routine planting material production, seed production, support for IFS models, hi-tech farming, precision farming, aquaculture, tissue culture, demonstration units for improved technologies (One per block)	1144.00
2	Mechanization and infrastructure development of farms	150.00
3	Online sale of branded products from departmental farms on project basis	50.00
	Total	**1344.00**

Routine planting material production, seed production, support for IFS models, hi-tech farming, precision farming, aquaculture, tissue culture, and establishment of demonstration units in departmental farms will be supported under the scheme. For this, an amount of ₹1144.00 lakh is earmarked in 2026-27.

An amount of ₹ 150.00 lakh is set apart for mechanization and infrastructure development of departmental farms.

An amount of ₹ 50.00 lakh is earmarked to facilitate online sale of branded products from departmental farms. The amount will be utilized for branding of farm products with traceability and development and maintenance of online marketing platform for farm products.

14. Krishi Samrudhi

(Outlay: ₹ 1.00 lakh)

Krishi Samrudhi is a comprehensive project initiated during 2025-26 with enhanced focus on collective efforts and a view to enhancing the productivity and profitability of farming in the State, while ensuring sustainable growth. This is created for implementation

through an integrated approach in a result-oriented manner. Post creation, construction of buildings and vehicle purchase are not allowed under the scheme. A token provision of ₹ 1.00 lakh is set apart for the scheme.

15. Assistance to Vegetable and Fruit Promotion Council Keralam (VFPCK) (New Scheme)

(Outlay ₹ 200.00 lakh)

In 2026-27, an amount of ₹ 200.00 lakh is earmarked for VFPCK to undertake the following activities. The scheme will be implemented and operated by VFPCK.

Sl. No	Components	Amount (₹ in lakh)
1	Procurement, trading and processing of jackfruit	25.00
2	Organic farming of fruits and vegetables through SHGs, and certification	75.00
3	Production of planting materials of fruits and vegetables	100.00
	Total	**200.00**

In 2026-27, Jackfruit procurement, trading and processing will be promoted through VFPCK. An amount of ₹ 25.00 lakh is allocated for procurement, processing and marketing of jackfruit including branding, packing and labeling.

Recognising the growing need for safe-to-eat produce and to promote environmentally sustainable farming practices, an amount of ₹ 75.00 lakh is allocated to VFPCK for Organic farming of fruits and vegetables through SHGs with support to certification.

An amount of ₹ 100.00 lakh is set apart for the high quality planting material production of fruits and vegetables through VFPCK. The Director of Agriculture will sign a MoU with VFPCK with respect to the quantity and quality of planting material to be produced by VFPCK specifying the timeline of implementation of activities before release of funds.

This scheme will be strictly monitored by a State level Monitoring Committee, comprising of CEO, VFPCK, Director of Agriculture, Chief, Agriculture Division, State Planning Board on a regular basis. The CEO, VFPCK will constitute the committee in the month of April 2026.

III. Modernisation of Departmental Laboratories and ICT support

16. Modernization of departmental laboratories

(Outlay: ₹ 400.00 lakh)

The services offered by the laboratories under the department include soil testing for soil fertility assessment, analysis of major inputs like fertilizers including organic, inorganic and bio fertilizers, pesticides and seeds for quality control of these inputs. During 2026-27, an amount of ₹ 400.00 lakh is earmarked for modernizing the laboratories under the following components.

Sl. No.	Components	Amount (₹ in lakh)
1	Strengthening of laboratories and NABL accreditation	320.00
2	Quality Control Enforcement Wing	80.00
	Total	**400.00**

Out of ₹ 320.00 lakh earmarked for strengthening of laboratories, ₹ 90.00 lakh will be for Soil testing laboratories including mobile soil testing laboratories (excluding purchase of vehicles), ₹ 20.00 lakh each for State bio fertilizer laboratories, State Agmark laboratory and State seed testing laboratory, ₹ 40.00 lakh for Biotechnology and model floriculture center, ₹ 30.00 lakh for State fertilizer quality control laboratories, ₹ 20.00 lakh for Bio control and organic manure quality control laboratory, ₹ 20.00 lakh for State Biocontrol laboratory and ₹ 35.00 lakh for State Pesticide testing Lab functioning in the department. For obtaining NABL accreditation to quality control laboratories an amount of ₹ 25.00 lakh is earmarked.

An amount of ₹ 80.00 lakh is set apart for enforcing quality control of seeds, fertilizers and pesticides. During 2026-27, the scheme will be implemented in convergence with the KERA project.

17. Office automation and IT infrastructure

(Outlay: ₹ 759.00 lakh)

Information and communication technology applications in agriculture sector paves way to application of improved agricultural technologies, effective production strategies and timely delivery of benefits and services directly to farmers. It also helps to address the challenges in agricultural marketing. During 2026-27, an amount of ₹ 759.00 lakh is allocated for application of ICT in agriculture under the following components.

Sl. No.	Components	Amount (₹ in lakh)
1	Implementation, maintenance and strengthening e-office	106.00
2	Connectivity to various offices	177.00
3	Procurement of hardware and development of HR related portals	50.00
4	Development of Management Information system and DBT	58.00
5	Maintenance and upgradation of ICT infrastructure facilities including video conference/virtual class room	33.00
6	Honorarium to data entry operators	286.00
7	Sourcing of GIS maps and shapefiles of paddy land and wetlands from Kerala State Land Use Department in connection with KATHIR app	49.00
	Total	**759.00**

AIMS software will be developed to its full functionality for seamless flow of data from Krishi Bhavan to Government level capturing all activities and services rendered by the Department. Maintenance and upgradation of IT infrastructure facilities including video conferences/virtual classroom is included. Priority will be given for ICT development activities of Krishi Bhavans targeted to be transformed to Smart Krishi Bhavan during the year. Procurement of hardware and development of HR related portals are also included

under the scheme. During 2026-27, the scheme will be implemented in convergence with the KERA project.

In 2026-27, an amount of ₹ 49.00 lakh is earmarked for sourcing of GIS maps and shapefiles of paddy land and wetlands from Kerala State Land Use Department in connection with KATHIR app.

IV. Information and extension services

18. Strengthening agricultural extension

(Outlay: ₹ 1540.00 lakh)

For the success of agricultural development programmes, the field extension services need to be strengthened. An amount of ₹ 1540.00 lakh is earmarked for strengthening of agricultural extension activities for better adoption of technology and scientific management practices among the farming community during 2026-27. Out of this, an amount of ₹ 50.00 lakh is for revamping of Karshika Vivara Sanketham Oru Viralthumpil (Farmer Call Centre cum Agricultural Information Hub) - ATMA Call Centre, functioning under Small Farmers Agribusiness Consortium Kerala (SFAC Kerala).

The component wise allocation for strengthening agricultural extension is as below.

Sl. No.	Components	Amount (₹ in lakh)
I	**Strengthening agricultural extension**	
1	Upgradation of training centres, RATTCs, and FTCs	50.00
2	Strengthening Project directorate of ATMA including HR support, ATMA activities and operational support	372.00
3	Support to LEADS including preparation of monthly technology advisory service	355.00
4	Award for best performers	75.00
5	Public participation	265.00
6	Krishipadashala	46.00
7	KISSAN Project	60.00
8	Smart Krishi Bhavan	1.00
9	Conduct of VAIGA	78.00
10	Imprest Fund for immediate needs of Krishi Bhavan	50.00
11	Setting up of Agroclinics	5.00
12	Krishi Darshan Programme	133.00
	Sub Total	**1490.00**
II	Revamping of Karshika Vivara Sanketham Oru Viralthumpil (Farmer Call Centre cum Agricultural Information Hub)- ATMA Call Centre	50.00
	Total (I+II)	**1540.00**

As part of strengthening of extension institutions, an amount of ₹ 50.00 lakh is allocated for upgradation of training institutes, RATTCs and FTCs. An amount of ₹ 372.00 lakh is earmarked for strengthening of project directorate of ATMA including HR support to project Directorate of ATMA and operational support. An amount of ₹ 355.00 lakh is set apart for support to LEADS including preparation of monthly technology advisories. The state share of ATMA programmes is included under the umbrella scheme Krishi Unnathi Yojana.

An amount of ₹ 75.00 lakh is earmarked for awards to best performers excluding officials.

Under the component "Public Participation" an amount of ₹ 265.00 lakh is set apart for conduct of Karshika Vikasana Samithies, seminars, farmers day, review meetings, assistance for farm melas, farmer meets, Karshaka Sabha, njattuvela chanthas and agro festivals including those organized by FPOs/PACS.

Block Level Agriculture Knowledge Centers functioning in blocks, with scientists of Kerala Agricultural University as a nodal officer will serve as an advisory body in providing technical guidance to field level offices and farmers in the successful implementation of programmes through Krishi Bhavans. The training modules will be prepared accordingly to disseminate technical inputs on a regular basis through trainings, OFTs and FLDs. An amount of ₹ 46.00 lakh is set apart for the Krishipadashala programme. All awareness programmes envisaged under different schemes will be covered under this component. The periodic review of Krishipadashala will be conducted by the Director of Agriculture on a quarterly basis. Expenses towards remuneration/ honorarium are not included. A comprehensive training module and training calendar for the year 2026-27 will be prepared by SAMETI and programmes scheduled accordingly with the approval of Director of Agriculture. No separate allocation will be made to SAMETI in this regard for preparation of training module.

The 'Karshaka Information Systems Services and Network (KISSAN) Kerala' project is initiated by Department of Agriculture in association with IIITM-K for providing ICT enabled agriculture extension services through weekly informative television programmes will be continued. An amount of ₹ 60.00 lakh is earmarked for providing project-based assistance for KISSAN Project. The contents of the programme will be decided by the technical committee consisting of KAU extension, department officials, FIB, VFPCK and IIITM-K.

The process of transformation of Krishi Bhavans to "Smart Krishi Bhavans" with the objective of modernizing and improving the functioning efficiency of Krishi Bhavans through e-governance and application of technology will continue. Efficient and timely delivery of services to the farming community will be the ultimate objective. More Krishi Bhavans will be transformed to Smart Krishi Bhavans during the year with more focus on smart performance. The components include establishment of front office cum information center, upgradation of Plant Health Clinics, digital resource mapping of the panchayat and integration with the land revenue data, digitization of records of the Krishi Bhavans including the programmes implemented through Krishi Bhavans, online digital media library, renovation of Krishi Bhavans, and SMART card for farmers. The Krishi Bhavan should

function as an advisory body to the farming community in all aspects related to agriculture development from crop planning, production planning, marketing, value addition, agripreneurship, credit information, welfare programmes, insurance support, startup promotion and advance technology dissemination. The Smart Krishi Bhavan will follow a project-based approach which will run during the period of the 14th Five Year Plan. A Detailed Project Report will be prepared by the Department using the services of a competent technical organization. Only on satisfying the condition of preparation of Detailed Project Report, the administrative sanction will be issued. However no new post creation/deputation/contract will be allowed under the component. The services of existing departmental staff/contract staff will be utilized for implementation of the component. In 2026-27, Smart Krishibhavan component will be implemented in convergence with the KERA project.

For conduct of VAIGA, an amount of ₹ 78.00 lakh is set apart.

An amount of ₹ 50.00 lakh is set apart for imprest fund, in order to meet the unforeseen expenses required for immediate capital expenditure in Krishi Bhavan and blocks @ ₹ 10,000/krishi bhavan/block.

Group farmer contact system approach at ward level is envisaged through "Agroclinics" to facilitate transfer of technology as well as finding solutions to field problems at local levels. An amount of ₹ 5.00 lakh is set apart for conducting Agroclinics in selected constituencies.

With the objective of providing a platform for addressing the problems of farmers in the field itself, 'Krishi Darshan' programmes are envisaged to be conducted for which an amount of ₹ 133.00 lakh is allocated.

In 2026-27, an amount of ₹ 50.00 lakh is earmarked to SFAC Kerala for revamping of Karshika Vivara Sanketham Oru Viralthumpil (Farmer Call Centre cum Agricultural Information Hub)-ATMA Call Centre**.** The Call Centre will function as a State-wide single-window agricultural information hub, aimed at empowering farmers through ICT-enabled services and systematic knowledge dissemination. It will provide holistic coverage of agriculture and allied sectors, ensuring timely and reliable advisory support. Farmers will have 24×7 access to information through multiple communication channels. The operational requirements of the Call Centre will be supported under the scheme to ensure effective and uninterrupted service delivery.

19. Farm Information and Communication

(Outlay: ₹ 400.00 lakh)

During 2026-27, an amount of ₹ 400.00 lakh is set apart for disseminating scientific knowledge to farmers at the right time and to provide information on the activities of the Departments of Agriculture and Fisheries through various mass and electronic media including web-based services.

The activities include printing of Kerala Karshakan, digital copy printing, honorarium to authors of Kerala Karshakan journal, farm photography competition, essay writing competition, short film competition, awards (excluding officials), stationary expenses,

campaigns, exhibitions, cyber extension and other communication initiatives including radio programmes.

The component wise outlay of Farm Information and Communication are as below.

Sl. No.	Components	Amount (₹ in lakh)
1	Kerala Karshakan and other activities	225.00
2	Publications	50.00
3	Media Liaison & Other communication initiatives	125.00
	Total	**400.00**

20. Human Resource Development

(Outlay: ₹ 335.00 lakh)

Capacity building of officials on the latest updates in agriculture sector is imperative for efficient transfer of technology to the farming community and its adoption. The components of this programme include specialized training to officials in eminent institutions at state and national level to upgrade the technical and managerial competence.

On farm trainings on advanced technologies envisaged through SAMETI to Department officials at block level will be entrusted to Kerala Agricultural University. This will be conducted by Director of Extension, KAU. The proposal for the collaborative training to officers of the State Department of Agriculture Development and Farmers' Welfare with KAU will be submitted to the Departmental Working Group for approval before implementation. Participation of department officials in the various certificate courses on advanced subjects offered by Kerala Agricultural University is also envisaged under the scheme. Transparency will be maintained in selection of candidates for the courses. The eligibility criteria will be fixed by the Director of Agriculture and approved in the Departmental Working Group. An amount of ₹ 240.00 lakh is earmarked for human resource development. On approval, advance amount will be transferred to Director of Extension, KAU before initiation of programmes scheduled. Training to farmers and international exposure visits are not covered under this scheme.

An amount of ₹ 95.00 lakh is allocated for strengthening of SAMETI. However, for this purpose a master plan will be prepared by the Department and placed before the Departmental Working Group. The amount will not be used for non-plan expenditure. During 2026-27, the scheme will be implemented in convergence with the KERA project.

An amount of ₹ 335.00 lakh is allocated for the scheme during 2026-27 as below.

Sl. No.	Components	Amount (₹ in lakh)
1	HRD initiatives	240.00
2	Strengthening of SAMETI	95.00
	Total	**335.00**

21. Support to Farm Mechanization

(Outlay: ₹ 1000.00 lakh)

Farm mechanization is the key to scientific crop and produce management. The objective of the scheme is to overcome the shortage of labour and to develop single point delivery system through strengthening of Agro Service Centres (ASCs), Karshika Karma Senas (KKSs) and Custom Hiring Centres which are part of mechanization activities. It is also envisaged to bring convergence of these three institutions as sustainable Self Help Groups in the farm sector viz. "Krishisree Centres", to facilitate a single window service delivery to farmers under the coordination of Kerala State Agricultural Mechanization Mission (KSAMM). This will be done through a project approach. The financial provision under the KERA Project will also be utilized to support the activities envisaged under this scheme.

An amount of ₹ 1000.00 lakh is allocated under the scheme during 2026-27. The component wise breakup of the outlay is shown below.

Sl. No.	Components	Amount (₹ in lakh)
1	Establishment of new Krishisree centres, strengthening of existing Krishisree centres, Karshika Karma Senas, and Agro Service Centres on project-basis and Conduct of agro machinery repair camps.	250.00
2	Group insurance scheme to members of Karshika Karma Sena and Agro Service Centres and newly formed Krishisree centres	20.00
3	Operational expenses including wages to mobile clinics of Agroservice centres	185.00
4	Functional expenses of KSAMM	200.00
5	Fuel charges and operational expenses of two wheelers attached to Krishi Bhavans	145.00
6	Establishment of Farm Machinery Clinics	200.00
	Total	**1000.00**

An amount of ₹ 250.00 lakh is earmarked for the establishment of new Krishisree centres, strengthening of existing Krishisree centres, Karshika Karma Senas, and Agro Service Centres on project-basis and conduct of agro machinery repair camps at block levels. New Krishisree Centres will be established during 2026-27 including Corporation and Municipality areas. Detailed Project Reports of individual centers will be placed before the working group.

A business plan will be developed for these units for its efficient and profitable functioning and self-sustainability in the coming years. A single unit shall have a business plan earning an income of ₹ 5.00 lakh/unit. A performance analysis of the units will be undertaken before providing assistance.

In order to provide accident insurance to registered members of Karshika Karma Sena and Agro Service Centres and the newly proposed Krishisree units, a group insurance programme in association with insurance companies with beneficiary contribution will be constituted. An amount of ₹ 20.00 lakh is earmarked for remitting insurance premium.

The activities of KSAMM will focus on enabling an efficient mechanization environment for farm operations to the farmers. An amount of ₹ 200.00 lakh is set apart as functional expenses of KSAMM. Inventory of agro machinery under Agro Service Centre, Karshika Karma Sena, and Custom Hiring Centre covering those distributed under various schemes available in panchayats will be updated during 2026-27. The database generated on the agro machinery status will be utilized to monitor the real time performance of the agro machineries. The mission activities will also include integration and execution of agricultural activities through Krishisree unit and introduction of business plan concept in Krishisree units to function in a self- sustaining mode under proper monitoring at district and State level. Capacity building training on repair and service of agro machinery for the service providers of Agro Service Centres and Karshika Karma Sena will be continued by the Mission. The mission activities will be in integration with the similar activities of the engineering wing of the Department and under the supervision of Director of Agriculture.

In 2026-27, an amount of ₹ 200.00 lakh is set apart for establishment of Farm Machinery Clinics in all districts to provide timely, affordable, and accessible maintenance services for individual farmers, groups, and service centers established under the Department (ASCs, KKS, Krishisree Centres). This service will include a digital repair booking and tracking system ensuring transparency and efficiency.

The department will ensure that 15 percent of beneficiaries of the scheme are women.

In order to strengthen the mechanization drive, a Review Committee set up under the Chairmanship of Agricultural Production Commissioner represented by KAU, Kerala State Planning Board, State Agriculture Engineer, Director, KSAMM besides Director of Agriculture will monitor the operation under the scheme. The Director, KSAMM will form the Committee.

V. Income Assurance and Risk mitigation

22. State Crop Insurance Scheme

(Outlay: ₹ 3314.00 lakh)

The State crop insurance scheme against crop loss due to natural calamity will be continued in 2026-27 for the benefit of farmers. The Crop Insurance Fund is operated with contributions from the participating farmers by way of registration fee and premium and Government contribution. An amount of ₹ 3314.00 lakh is earmarked for the scheme during 2026-27.

23. Contingency Programme to meet natural calamities and pest and disease endemic

(Outlay: ₹ 750.00 lakh)

In order to meet the contingency due to natural calamity and pest and disease endemic an amount of ₹ 750.00 lakh is set apart during 2026-27. The activities covered will be creation of buffer stock of short duration varieties of rice, pulses and vegetables for distribution to affected farmers in the event of natural calamities and resultant crop damages,

assistance for strengthening of bunds against breaches and removal of debris and support for crop health management in the event of pest and disease endemic.

24. Development of Agriculture Sector in Kuttanad

(Outlay: ₹ 700.00 lakh)

An amount of ₹ 700.00 lakh is set apart for development of agricultural sector in Kuttanad during 2026-27.

Sl. No.	Components	Amount (₹ in lakh)
1	Replacement of petti & para with VAF pumps including construction of motor thara and infrastructure development of padasekharams in Kuttanad region.	700.00
	Total	**700.00**

Dewatering being the major activity undertaken as part of crop production in Kuttanad region, thrust will be given to replacement of petty and para with energy efficient submersible Vertical Axial Flow pumps. An amount of ₹ 700.00 lakh is allocated under the scheme focusing on replacing the conventional Petti & Para with Vertical Axial Flow pump/submersible pumpsets of 10-50 HP, in Kuttanad region including construction of raised platforms for installation, free of cost. Infrastructure development of padasekharams in Kuttanad region will also be supported. Convergence of infrastructure development works of various padasekharams undertaken under RKVY, RIDF and LSGD will be ensured.

The department will take efforts to ensure adoption of approved crop calendar in Kuttanad region. Availability of short duration rice varieties and related operations will be facilitated.

VI. Central Sector Scheme - State Share

25. Umbrella Schemes on Rashtriya Krishi Vikas Yojana and Krishi Unnathi Yojana and other CSS (40%State Share)

(Outlay: ₹ 7814.00 lakh)

The Central Sector Schemes implemented in the Agriculture Sector are broadly classified under two Umbrella Schemes viz., Umbrella Schemes on Rashtriya Krishi Vikas Yojana and Umbrella Schemes on Krishi Unnathi Yojana, having 60% central share and 40% state share. An amount of ₹ 7814.00 lakh is provided as state share of the centrally sponsored schemes, of which an amount of ₹ 1000.00 lakh is provided as state share of the scheme-Sub Mission on Agriculture Extension (SMAE) under National Mission on Agriculture Extension and Technology Management (NMAET). An amount of ₹ 1500.00 lakh as state share of Rashtriya Krishi Vikas Yojana (RKVY), ₹ 1200.00 lakh as state share of Mission on Integrated Development of Horticulture (MIDH), ₹ 2000.00 lakh as state share of Sub Mission on Agricultural Mechanisation (SMAM), ₹ 800.00 lakh as state share of Digital Crop Survey, and ₹ 300.00 lakh each was provided as state share of National Mission for Sustainable Agriculture - Rainfed Area Development and Soil Health Card scheme. An amount of ₹ 714.00 lakh is provided as state share under Umbrella Scheme on Krishi Unnathi Yojana and other CSS for any other new Centrally Sponsored Schemes such as GOI supported Crop Insurance scheme approved during 2026-27.

1.2 SOIL AND WATER CONSERVATION

The outlay provided during 2026-27 for the schemes under Soil and Water Conservation is shown in the table below. Out of the total outlay of ₹ 8124.00 lakh, an amount of ₹ 4400.00 lakh is provided under RIDF of NABARD, for the implementation of infrastructure works in watersheds and padasekharams, flood protection and soil conservation projects. The budget details for 2026-27 are the following.

Sl. No.	Department/Agency	Amount (₹ in lakh)
I	Kerala State Land Use Department (KSLUD)	418.00
II	Kerala State Remote Sensing and Environment Centre (KSREC)	1330.00
III	Soil Survey	352.00
IV	Soil Conservation including Kerala Land Development Corporation (KLDC)	6024.00
	Total	**8124.00**

I. Schemes of State Land Use Department during 2026-27

During 2026-27, an amount of ₹ 418.00 lakh is earmarked for the implementation of the following schemes under State Land Use Department.

1. Strengthening State Land Use Department

(Outlay: ₹ 157.00 lakh)

The State Land Use Department is actively involved in conducting studies on the judicious use of land, collection of micro level data on the existing land use, land resources, land degradation, undertaking inventories and studies on natural resources. KSLUD offers technology solutions in areas like resource based Thematic Mapping, Spatial Database Development and Spatial Decision Support System (DSS). The Department also regularly conducts awareness programmes for the public on land and water related issues, natural resource conservation, environment protection and sustainable development. It also offers consultancy services for land use, watershed management and spatial planning among line departments and LSGIs.

During 2026-27, the activities related to upgradation and strengthening of Geo-informatics laboratory will be continued. The laboratory will function to bring together the information available in different resource themes of various line departments and other sources into digital format for making the data more user-friendly for the planners, administrators, LSGIs and other users in managing and updating the data. GIS support will be given for the Haritha Kerala Mission, MGNREGS and other Government programmes by providing thematic data on natural resources. Geo-informatics lab will be strengthened to meet the challenges of implementing the new IT paradigm in all aspects of land resource planning. A spatial database on wastelands of two districts will be prepared during 2026-27. Water Resource Management and conservation plan for critical and semi critical blocks will be undertaken with the objective of improving the ground water status of the panchayats.

Short term training programmes on GIS for officials of line departments and capacity building programme for the staff of KSLUD, and awareness programmes on the importance of natural resources conservation are also included during 2026-27. Vehicle purchase is not allowed under the scheme.

An amount of ₹ 157.00 lakh is provided during 2026-27 for the following purposes:

Sl. No.	Components	Amount (₹ in lakh)
a	Upgradation of the Geo informatics lab	23.00
b	Water Resource Management and conservation plan for critical and semi critical blocks.	76.00
c	Regular activities and upgradation of infrastructure facilities of KSLUD	7.00
d	Capacity Building Programmes/Seminar/Conferences/Courses	3.00
e	Short term courses/Training on GIS application and watershed planning.	2.00
f	Publication of Land Resources of Kerala	36.00
g	Awareness programmes	10.00
	Total	**157.00**

The staff salary is not included under plan for which other sources have to be identified.

2. Resource Survey at Panchayat and Block Level

(Outlay: ₹ 184.00 lakh)

The objective of the scheme is to improve land use planning, resource management and conservation activities across Kerala. Purchase of vehicle is not allowed under the scheme.

The outlay of ₹ 184.00 lakh is provided for the following purposes:

Sl. No.	Components	Amount (₹ in lakh)
a	Training on GIS application, watershed and NRM planning.	1.00
b	Awareness programmes	2.00
c	Strengthening of Regional office, Thrissur	12.00
d	New field office at Kannur (New)	11.00
e	Integrated Land Use Plan for Special Agricultural Zone (New)	39.00
f	Coastal land use and Vulnerability Mapping (New)	42.00
g	Spring shed Development and Management Plan (New)	45.00
h	Soil erosion hotspot mapping and management plan (New)	32.00
	Total	**184.00**

The staff salary is not included under plan, for which other sources have to be identified.

3. Land Resource Information System (LRIS)

(Outlay: ₹ 77.00 lakh)

The Land Resource Information System will demonstrate and promote the use of spatial data technologies for local level planning and provide software support for data management, modelling and operation research. In addition to this, the existing resource base will be restructured and provided on need basis to the different users.

During 2026-27, an amount of ₹ 77.00 lakh is provided for the following purposes:

Sl. No.	Components	Amount (₹ in lakh)
a	Upgradation of Land use/Land cover data and deployment of updated data in LRIS website and wetland information system	27.00
b	Mapping the diverse vulnerable ecosystems of selected areas of Kerala based on the RLE(Red List Ecosystem)categories	5.00
c	GIS data support and capacity building on paddy lands for KATHIR app of Agricultural Department	5.00
d	Public Land Utilisation Plan in Kerala(New)	25.00
e	Spatial mapping and management of Invasive weed species in Kerala(New)	15.00
	Total	**77.00**

II. Scheme of Kerala State Remote Sensing and Environment Centre(KSREC) during 2026-27

4. Kerala State Remote Sensing and Environment Centre

(Outlay: ₹ 1330.00 lakh)

Kerala State Remote Sensing and Environment Centre is the State centre for implementing projects utilizing the Remote Sensing, GIS and other Geomatic tools for planning and development of the State. An amount of ₹ 1330.00 lakh is earmarked to KSREC during the year 2026-27.

The amount is set apart for activities related to infrastructure development/building requirements of KSREC, satellite data based report generation of plots related to wetlands and paddy conservation Act, Decision Support System (DSS) for spatial planning and empowering Local Self-Governments in spatial governance, awareness generation and training on spatial technology and governance, setting up of drone lab and for the effective implementation of K-GIS. The infrastructure support provided will be subject to specific approvals and the resource availability from time to time.

Out of ₹ 1330.00 lakh, an amount of ₹ 500.00 lakh is earmarked for the effective implementation of the Kerala Geospatial Governance platform (K-GIS) which would bring

all GIS data base and efforts in the State into a single platform. An innovative GIS based platform K-GIS would act as a gateway to address all the Geographic Information System needs of Government Departments as well as public.

The outlay is provided as detailed below.

Sl. No.	Components	Amount (₹ in lakh)
a	Infrastructural support to KSREC-campus development, Maintenance/Upgradation of server infrastructure for Data Repository	465.00
b	Satellite data based report generation of plots related to Wetland and Paddy Conservation Act 2008	40.00
c	Decision Support System for spatial planning and empowering Local self-governments in spatial governance.	275.00
d	Awareness and training on Spatial technologies and Governance	15.00
e	Setting up of drone lab	35.00
f	For the effective implementation of the K-GIS	500.00
	Total	**1330.00**

III. Schemes of Soil Survey during 2026-27

During 2026-27, an outlay of ₹ 352.00 lakh is provided to Soil Survey for implementing the following schemes.

Sl. No.	Schemes	Amount (₹ in lakh)
a	Training to soil survey officers	12.00
b	Laboratories	220.00
c	Soil Informatics and Publishing Cell	90.00
d	Upgradation of Soil Museum	20.00
e	Creation of Databank for classification of land	10.00
	Total	**352.00**

5. Training to Soil Survey Officers

(Outlay: ₹ 12.00 lakh)

Regular training of soil survey officers in various areas like modern soil survey techniques, soil analysis, soil health improvement, Remote Sensing, GIS application, watershed management, natural resource management, disaster management are essential for application of modern technologies in soil survey. During 2026-27 an amount of ₹ 12.00 lakh is provided for the scheme and the outlay will be used for the following purposes.

1. Capacity building of Soil Survey officers through training programme, deputation of officers for training in State level/National level training institutes related to soil survey, watershed management, Remote Sensing and GIS.

2. Conduct seminars, symposia, workshops, and review meetings conferences, awareness classes, technical sessions and interdepartmental interfaces focussed on soil and land use.
3. Deputation of one officer for pursuing Post Graduate studies in Kerala Agricultural University (KAU) in the subjects pertaining to areas of function of the Department of Soil Survey and Soil Conservation. The allocation will cover only the tuition fees and no other items like hostel fee and salary. The application along with the proposal will be placed before the Working Group by the department, for specific approval subject to resource availability, and concurrence of Finance Department.

6. Laboratories

(Outlay: ₹ 220.00 lakh)

The physical and chemical analysis of soil samples forms an essential component of soil survey as it supplements the field observations and enhances the quality of the soil survey reports. Presently, various analyses of all physical and chemical parameters of soil and water are being carried out at the seven laboratories under Soil Survey. In addition, pesticide residue analysis is being undertaken at Central Soil Analytical Laboratory, Thiruvananthapuram, Regional Soil Analytical Laboratory, Thrissur and Hi-tech Soil Analytical Laboratory, Kalpetta. In addition, the Central Soil Analytical Laboratory, Thiruvananthapuram is equipped with facilities for soil microbiological studies**.** The department is also continuing the Soil Health Management Support Service to farmers of the State by providing them with Soil Health Cards for individual farmer's plots. The database generated by the Department of Agriculture and the Department of Soil Survey and Soil Conservation will be integrated into a common soil digital portal. The Director of Agriculture and Director of Soil Survey and Soil Conservation will act together to achieve the objective of developing and maintaining a comprehensive soil fertility portal for the entire State.

During 2026-27, an outlay of ₹ 220.00 lakh is provided for strengthening of analytical facilities of the labs under Soil Survey, purchase of glass wares, chemicals and laboratory equipments for analysis in these labs, conduct of soil testing campaigns, AMC for mobile soil testing lab (equipments only), preparation of Soil Health Cards and expenses for NABL accreditation. The outlay is not for establishing mobile soil testing labs. No hiring or purchase of vehicle will be allowed.

Out of ₹ 220.00 lakh, an amount of ₹ 100.00 lakh is allotted for development and operationalization of 'Soil Digital Portal' with the objective of capturing, storing, sharing and managing soil resource information. The soil database generated for Soil Health Card distribution by the various agencies/department (Department of Agriculture Development and Farmers Welfare, VFPCK, KAU, KVKs etc.) will be integrated into this portal to facilitate the development of a comprehensive soil health data base of the entire State in a single platform.

Massive Soil Health Card distribution programme will be carried out for the entire State with the convergence of various departments/agencies mandated with undertaking soil testing activities. Department of Soil Survey and Soil Conservation will be the nodal department for this programme. Soil testing campaigns for distribution of Soil Health Cards

will be done throughout the State with the co-ordination of Department of Agriculture Development & Farmers Welfare and Department of Soil Survey & Soil Conservation and the same will be uploaded in the Soil Digital Portal. The works with respect to development of the soil health portal, collating soil data and its updation will be done in integration.

7. Soil Informatics and Publishing Cell

(Outlay: ₹ 90.00 lakh)

The Soil Informatics and Publishing Cell functions as a consultancy cell in various aspects of integrated management of soil and land resources, providing information support to the local bodies for the preparation of soil survey maps and for the formulation of programmes for the optimum use of land resources.

During 2026-27, an outlay of ₹ 90.00 lakh is provided for meeting the expenditure towards detailed soil survey, soil data base inventory generation, publication of soil and land resource reports and maps, digitization special drive intended to transfer the soil data available with the department to digital format, strengthening of Geomatics lab, publicity and awareness generation, conducting disaster management related studies and surveys, updation of watershed atlas, hiring charges of vehicles for field activities, engaging contract staff and other related expenditure for publication of land resource reports and maps and generation of digital soil information.

8. Upgradation of Soil Museum

(Outlay: ₹ 20.00 lakh)

During 2026-27, an outlay of ₹ 20.00 lakh is set apart for upgradation of Soil Museum with additional exhibits and maintenance of existing facilities including operational expenses of soil museum such as fuel expense for generator, awareness creation among students, farmers and public on natural resource management and video documentation of soils of Kerala. Wages will not be allowed in this.

9. Creation of Databank for classification of land

(Outlay: ₹ 10.00 lakh)

Creation of databank for classification of land envisages categorization of land based on 22- fold classification of land use evolved by the National Remote Sensing Agency (NRSA). The scheme aims at application of remote sensing and GIS technology to improve the efficacy and accuracy of the soil survey by reducing the time lag in field survey and thematic map preparation and thereby making available the results of the survey to the end user.

During 2026-27 an amount of ₹ 10.00 lakh is provided for upgradation of existing facilities for advanced geospatial analysis and satellite data interpretation for creation of soil based thematic layers, training and capacity building procurement and interpretation of satellite imagery and field level ground truth check, based on imagery interpretation. No additional staff will be provided under the scheme during 2026-27 and staff provision in 'Soil Informatics and Publishing Cell' scheme will be utilized for this.

IV. Schemes of Soil Conservation during 2026-27

During 2026-27, the following schemes will be implemented by Soil Conservation Unit. The total outlay provided for Soil Conservation is ₹ 2969.00 lakh, of which an amount of ₹ 1900.00 lakh under NABARD-RIDF assistance.

Individual beneficiary oriented schemes are not allowed for implementation through soil conservation unit of the Department of Soil Survey and Soil Conservation. Area based projects alone will be implemented for addressing larger issues on natural resource management. No cash transfer to beneficiaries will be allowed under the schemes. An outlay of ₹ 2969.00 lakh is provided to Soil Conservation for implementing the following schemes.

Sl. No.	Schemes	Amount (₹ in lakh)
a	Soil and water conservation on watershed basis (RIDF)	1900.00
b	Protection of catchment of reservoirs of water supply schemes	65.00
c	Stabilization of landslide areas	350.00
d	Training programme for departmental staff and others	1.00
e	Training programme for departmental staff and others(Capital Head)	10.00
f	Application of Information technology and monitoring and evaluation	50.00
g	Revival of traditional water bodies	200.00
h	Development of micro watersheds	393.00
Total		**2969.00**

10. Soil and Water Conservation on Watershed Basis (NABARD – RIDF)

(Outlay: ₹ 1900.00 lakh)

Soil Conservation schemes on watershed basis are implemented in selected districts under RIDF. The main objective of the scheme is to bring improved and sustainable agricultural productivity in identified watershed areas by adopting soil and water conservation activities.

During 2026-27, an outlay of ₹ 1900.00 lakh has been earmarked for NABARD assisted projects implemented by Soil Conservation Department. The ongoing projects under tranches of RIDF XXV to XXIX and new projects sanctioned in the forthcoming tranches across the State will be covered. The Department aims to create adequate infrastructural facilities with regard to conservation and management of basic land resources viz., soil and water with a view to conserve fertile top soil, augment ground water recharge and enhance the agricultural production of the State. The scheme focuses on flood prevention and drainage problems in paddy fields. Under the scheme, emphasis will be given for execution of low cost eco-friendly agronomic conservation practices.

11. Protection of catchment of reservoirs of water supply schemes

(Outlay: ₹ 65.00 lakh)

The project aims to check siltation in the reservoirs of the water supply projects and improve their carrying capacity. During 2026-27, the scheme is being implemented in the catchments of the reservoirs of water supply schemes at Aruvikkara in Thiruvananthapuram District, Sasthamcotta in Kollam District and Peruvannamoozhi in Kozhikode District. Along with structural measures of conservation, vegetative measures like planting of grasses, wild vetiver, pandanus or other suitable species and application of geotextiles will also be adopted. During 2026-27 an amount of ₹ 65.00 lakh is set apart for the scheme.

12. Stabilization of landslide areas

(Outlay: ₹ 350.00 lakh)

The scheme envisages adoption of scientific soil and water conservation measures/management techniques for the stabilisation/reclamation of the land slide prone/affected ecosystems in the hilly terrains of the State. The project helps to stabilize/restore natural ecosystems prone to/affected by phenomena like landslide/landslip.

During 2026-27, an amount of ₹ 350.00 lakh is provided for continuing land slide stabilization schemes in Kottayam, Kollam, Palakkad, Malappuram, Pathanamthitta, Wayanad, Kozhikode and Idukki districts and to take up new projects in areas affected by landslides and related natural calamities.

13. Training programme for departmental staff and others

(Outlay: ₹ 11.00 lakh)

The scheme support for organizing training programmes on soil conservation and related areas for the officers of soil conservation and other government agencies/line departments/LSGIs involved in soil conservation activities, public awareness campaigns at schools/colleges on the need to conserve natural resources and for participating and conducting exhibitions, expenses for the deputation of officers for all India level training programme will be provided. The amount required for training KLDC officials may also be met from this scheme.

Out of ₹ 11.00 lakh earmarked for the scheme, an amount of ₹ 10.00 lakh is set apart in the capital head for the completion of construction works in IWDM-K campus without any change in the existing arrangements for construction. No new construction of buildings or purchase of vehicles will be considered under the scheme during 2026-27. Amount required for the on-going projects may be sanctioned only after careful and stringent scrutiny of physical progress of the work.

During 2026-27, the scheme will be implemented in convergence with the KERA project.

14. Application of Information Technology & Monitoring and Evaluation

(Outlay: ₹ 50.00 lakh)

During 2026-27, an amount of ₹ 50.00 lakh is provided to introduce e-office system in sub offices and for the functioning of monitoring and evaluation cell at Thrissur. The cell will undertake the regular monitoring of the schemes and the works carried out throughout the State. The outlay is also provided for the evaluation of soil and water conservation schemes

implemented by the department by a third party agency selected by the Government through a committee chaired by the Agriculture Production Commissioner having highest credentials. No hiring or purchase of vehicles will be provided under the scheme.

15. Revival of Traditional Water Bodies

(Outlay: ₹ 200.00 lakh)

The scheme aims for the revival and development of the traditional water bodies, thalakulams, springs and various drainage sources for the augmentation of ground water potential and mitigating the severity of drought faced by the agricultural sector with the objective of harvesting maximum rain water for agricultural purposes. The treatment of various drainage sources, tributaries/rivulets of major rivers, enhancing ground water potential in critical/semi critical blocks will also be carried out by adopting scientific water conservation methods. During 2026-27 an amount of ₹ 200.00 lakh is set apart for the revival of traditional water bodies.

16. Development of Micro watersheds

(Outlay: ₹ 393.00 lakh)

The State needs to work towards mitigating and containing the ill-effects of soil erosion and work in a co-ordinated manner towards conservation of soil moisture. At the same time, we need to work towards building productive and sustainable enterprises through micro watershed development in the post flood/post landslide scenario. It will help to promote climate resilient agriculture. An amount of ₹ 393.00 lakh is provided for the development of Micro watersheds during 2026-27.

V. Assistance to KLDC for implementing Projects

Kerala Land Development Corporation is implementing projects under RIDF of NABARD and also State schemes. During 2026-27, an amount of ₹ 3055.00 lakh is provided to KLDC, of which ₹ 2500.00 lakh is for NABARD assisted RIDF projects and ₹ 555.00 lakh is for State plan schemes.

An outlay of ₹ 3055.00 lakh is provided to KLDC for implementing the following schemes.

Sl. No.	Schemes	Amount (₹ in lakh)
i	Sahasra Sarovar Scheme Phase II-renovation of ponds in all districts of Kerala	300.00
ii	One time assistance for infrastructural development works of various padasekharams and improvements of thodu in various panchayaths of Kerala	25.00
iii	Infrastructural development works of Kuttanad padesekharams	130.00
iv	Land Development works of various padasekharam and renovation of various ponds in various districts of Kerala (RIDF)	2500.00
v	Kole area- canal maintenance to improve weed removal and control plant growth enhancing water quality and pumping efficiency (New)	100.00
Total		**3055.00**

17. Sahasra Sarovar Scheme Phase II – Renovation of ponds in all districts of Kerala

(Outlay: ₹ 300.00 lakh)

The project aims for the development of water bodies such as large ponds/chiras in various districts of Kerala. During 2026-27 an amount of ₹ 300.00 lakh is earmarked for the purpose.

Out of ₹ 300.00 lakh, an amount of ₹ 200.00 lakh is earmarked for renovation of Iringannur temple pond of Nadapuram Constituency in Kozhikode district.

18. One time assistance for Infrastructural development works of various Padasekharams and Improvements of thodu in Various Panchayaths of Kerala

(Outlay: ₹ 25.00 lakh)

An amount of ₹ 25.00 lakh is earmarked for infrastructural development works of various Padasekharams and improvements of thodu in various panchayaths of Kerala during 2026-27.

19. Infrastructural development works of Kuttanad padesekharams

(Outlay: ₹ 130.00 lakh)

The project aims for the Infrastructural development activities of the various padasekharams in lower kuttanad region. It includes flood mitigation projects such as improvements of thodu, bund formation, side protection walls, engine thara, engine shed, sluices, VCB and ramp. During 2026-27, an amount of ₹ 130.00 lakh is provided for this scheme.

20. Land Development works of various padasekharam and renovation of various ponds in various districts of Kerala (RIDF)

(Outlay: ₹ 2500.00 lakh)

The project aims to protect paddy fields from floods, prevent crop failure, and improve irrigation through infrastructure upgrades like bunds, drainage, canal deepening, and sluices. It will provide dewatering facilities and enhance water management, reducing cultivation costs, increasing farmer income, and ensuring timely cultivation of crops. During 2026-27, an amount of ₹ 2500.00 lakh is set apart for the scheme.

Out of ₹ 2500.00 lakh earmarked for the scheme, ₹ 2280.00 lakh will be exclusively used for the infrastructure development of various padasekharams which aims towards the improvement of rice cultivation in the State.

21. Kole Area- canal maintenance to improve weed removal and control plant growth enhancing water quality and pumping efficiency (New)

(Outlay: ₹ 100.00 lakh)

The scheme aims canal maintenance to improve weed removal and regulate plant growth in the Kole areas of Thrissur and Malappuram, thereby enhancing water quality and pumping efficiency and supporting sustainable paddy cultivation. During 2026-27, an amount of ₹100.00 lakh is provided for the scheme.

1.3. ANIMAL HUSBANDRY

Animal Husbandry and Dairying plays a pivotal role in the economy and in the socio economic development of the State. The total outlay provided for the sector in the Budget 2026-27 is as follows.

Sl. No.	Department/Agency	Amount (₹ in lakh)
1.	Animal Husbandry Department	17195.44
2.	Kerala Livestock Development Board (KLDB)	3046.56
3.	Kerala State Poultry Development Corporation (KSPDC)	1000.00
4.	Meat Products of India Limited (MPI)	614.00
5.	Kerala Feeds Limited (KFL)	2220.00
6.	Kerala Veterinary and Animal Sciences University (KVASU)	6900.00
7.	Kerala Co-operative Milk Marketing Federation (KCMMF)	870.00
	Total	**31846.00**

The total outlay provided for the Animal Husbandry Sector for 2026-27 is ₹ 31846.00 lakh. Of this outlay, ₹ 3000.00 lakh is the support under RIDF of NABARD and ₹ 900.00 lakh is the amount provided as state share for centrally sponsored schemes. An amount of ₹ 6880.56 lakh is provided for Public Sector Undertakings, an amount of ₹ 6900.00 lakh is for Kerala Veterinary and Animal Science University and an amount of ₹ 870.00 lakh is provided to KCMMF.

1. Biological Production Complex

(Outlay: ₹ 300.00 lakh)

Institute of Animal Health and Veterinary Biologicals (IAH&VB) was established at Palode in 1979. Apart from manufacture of vaccines, immuno-biologicals and diagnostic reagents, other activities include research and training to professionals. The scheme envisages strengthening of the institute with modern equipment and other support facilities and also upgrading the institute to standards including initiation of cGMP and other support facilities to augment production.

The outlay provided is for laboratory animal unit, medical check-up and health insurance, continuing the production of bacterial and viral vaccines and other biologicals for the use of animals and birds, infrastructure development, research and development, development of new vaccine, repair and maintenance and AMC of equipments, insurance and operational cost. The outlay is also utilised for establishing a new plant for provision of conditioned filter air inside the working cubicles as a replacement of the condemned old plant.

An amount of ₹ 300.00 lakh is provided for the scheme in the Budget 2026-27.

2. Comprehensive Livestock Insurance Programme - Gosamrudhi

(Outlay: ₹ 200.00 lakh)

The scheme aims to mitigate risk and uncertainties by providing a protection mechanism to the farmers against any eventual loss of their animals due to death or permanent total disability, resulting in total loss of production or infertility through insurance coverage. The Scheme will be implemented with a subsidy rate towards premium is 85 % along with 15% of beneficiary contribution.

An amount of ₹ 200.00 lakh is provided for the scheme in the Budget 2026-27.

3. Modernization & e - Governance

(Outlay: ₹ 250.00 lakh)

The outlay is to be utilised for the Geospatial database, upgradation of existing computers and accessories, printers, purchase of new laptops, tablet computers, copiers, EPABX, UPS, LAN, internet/KSWAN/mobile governance including SMS/IVRS alerts to farmers, software development charges, implementation of electronic herd register programme, maintenance of video conference system, manpower support, modernization of institutions including Directorate, District Animal Husbandry Offices and sub offices. The outlay can be utilised for developing additional modules and maintenance of 'E-Samruddha' being implemented through the Digital University.

An amount of ₹ 250.00 lakh is provided for the scheme in the Budget 2026-27.

4. Expansion of Cross Breeding Facilities

(Outlay: ₹ 920.00 lakh)

The objective of the scheme is the systematic upgradation of the breedable dairy stock by extending cross breeding services. Priority will be for extending the Artificial Insemination (AI) facilities to remote areas where the facilities are not available for the dairy farmers, guiding farmers in adopting scientific breeding and management practices to exploit the full production potential, reducing the incidence of infertility due to nutritional causes by supplementing mineral mixture at subsidised cost, to increase production by carrying out deworming in milch animals, to create a database for AI being done and promotion of AI in goats and to propagate Malabari breed.

The outlay is for the purchase of equipment, liquid nitrogen containers, AI instruments, steel tray with lids for keeping AI guns, gloves, apron, purchase of hormones, disposable aprons, microscope, procuring equipment, goat AI, ear tags, cost of semen payable to KLD Board, assistance to LSG for construction/repair of building to veterinary sub centres, infertility management programme, deworming and mineral supplement programme.

The component wise breakup of the scheme is shown below.

Sl. No.	Components	Amount (₹ in lakh)
1.	Expansion of cross breeding facilities (Capital Head)	20.00
2.	Cost of Semen	700.00

Sl. No.	Components	Amount (₹ in lakh)
3.	Supply of mineral mixture and dewormers	125.00
4.	Equipment purchase for strengthening AI facilities	30.00
5.	Operational cost	15.00
6.	Assistance to LSGIs for construction/repair of buildings of sub centres	5.00
7.	Infertility Management Programmes	25.00
	Total	**920.00**

An amount of ₹ 920.00 lakh is provided for the scheme in the Budget 2026-27.

5. Doorstep and domiciliary veterinary service

(Outlay: ₹ 1850.44 lakh)

The objective of the scheme is to provide health care service at the doorstep of farmers. In the present condition, farmers find difficulty in bringing their animals to the clinics and are not getting service in the odd hours of the day from 6.00 PM to 6.00 AM. The present need of the farmer is to get service at their farm premise. In order to tackle the problem, it is proposed to provide emergency veterinary care service during odd hours and ambulatory vehicles with basic facilities for rendering health care service at the doorstep of the farmers.

The outlay can be utilised for engaging contract staff for providing door step service at the block level, for the ambulatory/mobile units, maintenance and propulsion charges. A regular scheduled visit at fixed locations in particular panchayats is to be organised. The outlay is also to impart professional veterinary service in potential panchayats through Junior Residentship Programme. The component wise break up is as follows.

SI. No.	Components	Amount (₹ in lakh)
1	Emergency Veterinary care service at block level integrated with Mobile Veterinary Units	1530.44
2	Operational Expenses for providing Mobile Veterinary Units, Mobile Veterinary Surgery Units including Mobile Tele Veterinary Units	70.00
3	Augmenting professional veterinary service through Junior Residentship Programme	200.00
4	Support for block level mobile units including call centre facility	50.00
	Total	**1850.44**

An amount of ₹ 1850.44 lakh is provided for the scheme in the Budget 2026-27.

6. Strengthening of Department Farms and Conservation

(Outlay: ₹ 1800.00 lakh)

The Animal Husbandry department has a network of cattle, goat, pig, rabbit, and poultry and duck farms under its control. The departmental farms are to be modernised and strengthened to function not only as production units and breeding units to supply quality young ones but also as centres of demonstration of technologies and training. The scheme promotes sustainable farming practices and efficient resource use.

Infrastructure development, strengthening of bio safety and bio security of the department farm, supply of inputs, feed, medicines for farms, production-oriented programmes, purchase of parent stock, mechanisation support to farmers, expansion of existing farms, establishing of marketing networks and satellite breeding units are the activities under the scheme. Maximum floor space utilisation will be ensured and the farm network under the department will be strengthened to act as model farms for demonstration purposes. Goat satellite units, Comprehensive farm aid package for supporting medium scale dairy farms and other beneficiary oriented schemes will be implemented under production oriented programmes.

The component - wise details of the schemes during 2026-27 are as follows.

Sl. No.	Components	Amount (₹ in lakh)
1.	Strengthening of Department Farms (capital head)	165.00
2.	Infrastructure Development for farm mechanisation	100.00
3.	Manpower on contract basis for farm services	20.00
4.	Production oriented programmes	50.00
5.	Purchase of parent stock, feed, feed ingredients, medicines, biologicals etc.	1100.00
6.	Fodder Development	25.00
7.	Operational cost	65.00
8.	Construction and upgradation of department farms	275.00
	Total	**1800.00**

An amount of ₹ 1800.00 lakh is provided for the scheme in the Budget 2026-27.

7. Special Livestock Breeding Programme

(Outlay: ₹ 5600.00 lakh)

The objective of the scheme is to reduce the age of maturity and inter calving period for attaining higher productivity. From 2001-02 onwards the programme was operational as

state sponsored and implemented through the local governments as per the revised guidelines of the department of Animal Husbandry.

The outlay provided is for the introduction of scientifically reared calves with better production efficiency, for increasing the milk production and also to decrease the age for maturity and for reducing inter calving period.

The scheme includes support for the calves (calf adoption programme) enrolled and spill over cost, monitoring, evaluation and documentation, other expenses including publicity and veterinary aid, Computerisation of SLBP field-level offices, operational cost, scientific rearing of calves through subsidized feeding (Govardhini),. The Scheme is envisaged to propose more calves to be enrolled than the previous year.

Out of the total outlay, an amount of ₹ 4850.00 lakh is provided for Govardhini scheme and an amount of ₹ 750.00 lakh is provided for the Calf adoption Programme in the Budget 2026-27.

The component - wise details of the schemes during 2026-27 are as follows:

Sl. No.	Name of the project	Amount (₹ in lakh)
1	Govardhini	4730.00
2	Pilot Programme	120.00
3	Calf Adoption Programme	720.00
4	Operation Cost	20.00
5	Computerisation of SLBP field level offices	10.00
	Total	**5600.00**

An amount of ₹ 5600.00 lakh is provided for the scheme in 2026-27.

8. Veterinary Extension

(Outlay: ₹ 925.00 lakh)

The scheme envisaged a field visit-oriented veterinary extension in the State so as to make the sector viable and profitable. Modern and scientific technologies are to be proposed to both technicians and to farmers. With this aim, the department has nine Livestock Management Training Centres, one Poultry Training Institute and one Duck Training Institute to cater to the needs of the farmers and to update the knowledge of the staff working under the department.

The main components envisaged under the scheme are establishment/strengthening of infrastructure for training, enhancing meat production through Brahmagiri Development Society, conduct of awareness camps, exhibitions, seminars, workshops, school animal husbandry clubs, strengthening of extension services and training centres of the Animal Husbandry department, HMC's assistance to research studies regarding field related issues

and intervention methods. Field level surveys will also be conducted under this scheme. In addition to this, an Entrepreneurship Development Cell and media division is also to be established for promoting entrepreneurs in this sector.

Veterinary extension needs to be further strengthened considering the growth of the sector as well as due to expansion in the adoption of new technologies in the field.

An initiative by the Brahmagiri Development Society (BDS), "Malabar Meat" is an innovative community based farmer oriented project. High quality meat products are processed and packages at the BDS's multi species meat processing plant in Wayanad District. Out of the total outlay of this scheme, ₹ 150.00 lakh is provided for enhancing the meat production unit under Brahmagiri Development Society in the Budget 2026-27.

The component wise details of the scheme are as follows:

Sl. No.	Components	Amount (₹ in lakh)
1.	Veterinary Extension (Capital Head)	100.00
2.	Awareness camps, field level surveys, training programmes, exhibitions, seminars, study tours, calf rallies, awards, booklets, workshops etc.	200.00
3.	Strengthening research extension interface	60.00
4.	Operational costs	50.00
5.	Strengthening of extension services and training centres of the Animal Husbandry Department including Regional Animal Husbandry Centres (RAHCs)	245.00
6.	Enhancing Meat Production in Brahmagiri Development Society in Wayanad District (New)	150.00
7.	Media Division of Animal Husbandry Department	60.00
8.	Training programmes to officers in national level institutes viz., IIM, ASCI, IRMA, IVRI, ICAR etc.	40.00
9.	Entrepreneurship Development Cell	20.00
	Total	**925.00**

An amount of ₹ 925.00 lakh is provided for the scheme in the Budget 2026-27.

9. Strengthening of Veterinary Services

(Outlay: ₹ 4450.00 lakh)

The objective of the scheme is to tone up veterinary services and institutions by providing essential items of medicines, standardisation of institutions to render quality services, professional up-liftment and improvement of diagnostic techniques, which are essential for the improvement of the healthcare system. It is envisaged to have three tier health care services. The district veterinary centres and multi-speciality veterinary hospital at

Kudappanakunnu, Thiruvananthapuram will act as the district level referral unit, the veterinary polyclinic at taluk level and the veterinary hospital/veterinary dispensaries at the Panchayat level.

The outlay is for procurement of essential medicines, biologicals, animal welfare programmes, compensation to farmers, support to Animal Disease Control Project and disease mapping through GIS. The outlay will also be utilised for strengthening of veterinary poly clinics/veterinary hospitals/veterinary dispensaries.

The laboratory network of the selected institutions under the department will be strengthened.

The components of the scheme are shown below:

SI.No.	Components	Amount (₹ in lakh)
1.	Strengthening of Veterinary Services (Capital Head)	600.00
2.	Strengthening of Veterinary Services (RIDF Assistance to Kerala Chicken) (New)	100.00
3.	Animal Welfare Programmes including expenses of State Animal Welfare Board	75.00
4.	Procurement of medicines	1750.00
5.	Compensation to farmers	750.00
6.	Conduct of camps, vaccinations and squads	50.00
7.	Operational costs	100.00
8.	Need based veterinary support	110.00
9.	Strengthening of veterinary poly clinics/VH/VD/DVCs	400.00
10.	Upgradation of labs	60.00
11.	Disease mapping through GIS	55.00
12.	Animal disease control project	300.00
13.	Strengthening of Multi - Speciality Veterinary Hospital	100.00
	Total	**4450.00**

An amount of ₹ 4450.00 lakh is provided for the scheme in the Budget 2026-27.

10. Animal Husbandry statistics and sample survey (50% State Share)

(Outlay: ₹ 150.00 lakh)

The scheme is for continuing the integrated sample survey for the estimation of production of various livestock products, improving the methodology for collection and analysis of data by making use of computer facilities available. The outlay is to meet the staff cost and other expenses connected with the survey. Computer stationeries required can

be purchased from this provision, if not available at the stationary department. Training to staff will also be undertaken as part of the scheme.

An amount of ₹ 150.00 lakh is provided to meet 50% state share of the centrally sponsored scheme in the Budget 2026-27.

11. Livestock Health and Disease Control (40% State Share)

(Outlay: ₹ 350.00 lakh)

The objective of the scheme is to tackle the issue of livestock health in a better way. The funding pattern of the scheme is in the ratio 60:40 between the Centre and the State. An amount of ₹ 350.00 lakh is provided to meet 40% state share of the Centrally Sponsored Scheme.

The outlay provided is for the assistance for control of animal diseases, national project on Rinderpest Surveillance and monitoring, professional efficiency development, Foot and Mouth disease (FMD) control programme, Peste des Petits Ruminants (PPR) Control programme, Hemorrhagic Septicemia (HS), Brucellosis control programme, Anthrax, Classical Swine Fever control programme (CSF), Black Quarter (BQ), Ranikhet Disease (RD), Avian influenza (AI) establishment and strengthening of existing veterinary hospitals and dispensaries. The scheme is to be implemented as per Government of India guidelines under Assistance to States for Control of Animal Diseases (ASCAD) and Establishment and Strengthening of Veterinary Hospitals and Dispensaries–Mobile Veterinary Units (ESVHVD-MVU).

An amount of ₹ 350.00 lakh is provided for the scheme in the Budget 2026-27.

12. National Livestock Mission (40% State Share)

(Outlay: ₹ 400.00 lakh)

The scheme was introduced with the aim to build - up infrastructure of farms with focus on biosecurity, infusion of high end technology and automation, for demonstration of technology and skill development, to strengthen the rural backyard poultry and to promote fodder production. The funding pattern of the scheme is in the ratio of 60:40 between the Centre and the State. An amount of ₹ 400.00 lakh is provided to meet 40% state share of the CSS.

The outlay provided is for the protection of the livestock against any uncertainty and eventual loss, to promote entrepreneurship oriented programmes. The scheme will be implemented as per the guidelines issued by the Government of India from time to time.

An amount of ₹ 400.00 lakh is provided for the scheme in the Budget 2026-27.

13. Assistance to Kerala Livestock Development Board (KLDB)

(Outlay: ₹ 3046.56 lakh)

The objective of Kerala Livestock Development Board (KLDB) is to develop a breed of dairy cattle suitable for the prevailing dairy environment of the State. The main functions of the Board are production of breeding inputs, research and development and training. It has now come a long way bringing in new technology and prosperity to this sector.

The component wise details are as follows:

Sl. No.	Components	Amount (₹ in lakh)
1.	Extension activities of KLD Board (Herd Book Scheme)	72.00
2.	Conservation and Improvement of Malabari Goats through Field Performance Recording and Buck Distribution Programme	30.00
3.	Assistance for conducting R&D on fodder and fodder seed production	35.00
4.	Support to conduct training in AH activities	25.00
5.	Infrastructure Development for strengthening cattle breeding	360.00
6.	Artificial insemination in Goats	50.00
7.	Pig Development	160.00
8.	Kudumbasree Linked Forage Programme and establishment of Fodder Demonstration Units	200.00
9.	Support for Modern Dairy Bull Mother Farms at Kulathupuzha, Mattupetti and Kohalhalamedu	500.00
10.	Genetic upgradation of cattle through Field Performance Recording programme	300.00
11.	Conservation and dissemination of Germplasm from Vechur, Kasaragod Dwarf Cattle and ND Cattle	159.56
12.	Assisting selection of bulls through genomic selection	200.00
13.	Fodder Seed Production and distribution	100.00
14.	Production of High Genetic Merit Crossbred Bulls through Progeny Testing in the Northern Districts of Kerala	100.00
15.	Infrastructure strengthening of irrigation facilities for improving production and productivity of fodder farm at Dhoni of KLDB in Palakkad District	200.00
16.	Distribution of Premium Bull Semen in Selected Artificial Insemination Centres in the State	240.00
17.	Establishment of Bovine Fertility Surveillance and Referral Centres	75.00
18.	Establishment of Satellite Pig Rearing Units at Farmers Level	50.00
19.	Establishment of Satellite Goat Rearing Units	60.00
20.	Support to Heifer Rearing Centre(HRC) at Dhoni Farm(New)	50.00
21.	Increasing Herd Strength by Establishing 50 Sow level Farm at KLDB, Kolahalamedu (New)	80.00
	Total	**3046.56**

An amount of ₹ 3046.56 lakh is provided for the scheme in the Budget 2026-27.

14. Assistance to Kerala State Poultry Development Corporation (KSPDC)

(Outlay: ₹ 1000.00 lakh)

The Kerala State Poultry Development Corporation Limited (KSPDC) provides increased momentum and thrust to propel the poultry industry in the State. The Corporation has been providing impetus for the promotion and development of the poultry sector in the State. Modernising the poultry sector in Kerala is the major thrust of KSPDC Limited. Poultry is emerging as the fastest growing sub sector of agriculture contributing sizable output to the State economy. The objective of KSPDC is to attain self-sufficiency in the production and consumption of egg and meat in the State. It is envisaged that 50% of beneficiaries of the project will be women.

The components of the scheme are as follows.

Sl. No.	Name of the project	Amount (₹ in lakh)
1.	Backyard Poultry Production through rural women	125.00
2.	Poultry production in cages through women beneficiaries	150.00
3.	Infrastructure Development of Breeder Farms	150.00
4.	Market Intervention	75.00
5.	Strengthening of Parent Stocks (Layer and Broiler)	300.00
6.	Hi-tech commercial layer farm in EC sheds	200.00
	Total	**1000.00**

An amount of ₹ 1000.00 lakh is provided for the scheme in the Budget 2026-27.

15. **Meat Products of India Limited**

(Outlay: ₹ 614.00 lakh)

The objective of Meat Products of India is to produce, process and market hygienic and best quality meat and meat products by observing food safety rules and animal welfare regulations by establishing slaughterhouses, animal and bird farms, rendering plants, feed mills, sales outlets, establishment of value-added processed meat production facility plants.

The components of the scheme are as follows:

Sl. No.	Components	Amount (₹ in lakh)
1.	Working Capital & Financial Assistance to MPI	500.00
2.	Market Intervention	60.00
3.	Renovation of Pig Breeding Farm	54.00
	Total	**614.00**

An amount of ₹ 614.00 lakh is provided for the scheme in the Budget 2026-27.

16. Assistance to Kerala Feeds Ltd.

(Outlay: ₹ 2220.00 lakh)

Kerala Feeds Limited is a public sector undertaking under the control of the Animal Husbandry Department, Government of Kerala which is engaged in the business of manufacture and sale of compounded cattle feed and feed supplements. The objective of Kerala Feeds Limited is to supply quality cattle feed to dairy farmers of Kerala in line with the State policy of controlling the feed price. The amount provided is for the following components of the scheme.

Sl. No.	Components	Amount (₹ in lakh)
1.	Cattle Feed Market Intervention Fund	695.00
2.	Project to subsidise the cost of transportation of agri commodities as raw materials for production of cattle feed and procurement of silage	375.00
3.	Assistance towards strengthening the testing facilities in Quality Control Lab at various units of KFL	50.00
4.	Establishment of Solar Power Plant(RIDF-New)	1100.00
	Total	**2220.00**

An amount of ₹ 2220 lakh is provided for the scheme in the Budget 2026-27, of which an amount of ₹ 1100.00 lakh is under RIDF scheme.

17. Assistance to Kerala Veterinary and Animal Sciences University

(Outlay: ₹ 6900.00 lakh)

Kerala Veterinary and Animal Science University (KVASU) established for the development of education, research and entrepreneurship development in Animal Husbandry, Dairy Development and Poultry Production in the State. The objective of the KVASU is to promote the livestock economy of the State by fostering quality professionals in the areas of veterinary, animal husbandry and dairy and assist in the implementation of research outcomes in field conditions.

An outlay of ₹ 6900.00 lakh is provided for the University during 2026-27 for research, education, infrastructure development, farm/station development, administration, and extension and entrepreneurship development. The component wise detailed project has to be approved before release of funds. Projects with a long term perspective will be given priority.

The outlay proposed for 2026-27 for different components is shown below.

Sl. No.	Components	Amount (₹ in lakh)
1.	Research	1778.50
2.	Education	1200.00
3.	Farms	404.00
4.	Administration	177.00
5.	Extension and Entrepreneurship Development	155.00
6.	Infrastructure	1385.50
7.	Additional Infrastructure facilities at Kerala Veterinary and Animal Sciences University in Wayanad District of Kerala(RIDF)	1000.00
8.	Multi-speciality veterinary hospital, laboratory facility enhancement and establishment of Veterinary University Training, Research and Entrepreneurship Centre under Kerala Veterinary and Animal Sciences University(RIDF)-New	800.00
	Total	**6900.00**

An amount of ₹ 6900.00 lakh is provided for the scheme in the Budget 2026-27, of which an amount of ₹ 1800.00 lakh for the infrastructural support to KVASU under RIDF of NABARD.

18. Assistance to Kerala Co-operative Milk Marketing Federation (KCMMF)

(Outlay: ₹ 870.00 lakh)

Kerala Co-operative Milk Marketing Federation (KCMMF), the apex body of the three tier dairy co-operatives is to implement the Operation Flood Programme in the State. The KCMMF is focusing on strengthening the market infrastructure and maintaining a cold chain from the farmer to the consumer by maintaining the quality of milk as per standards. Component wise details are as follows.

Sl. No.	Component	Amount (₹ in lakh)
1.	Assistance to State Federation-(KCMMF) & to the regional unions (TRCMPU, ERCMPU, MRCMPU)	870.00
	Total	**870.00**

An amount of ₹ 870.00 lakh is provided for the scheme in the budget 2026-27.

1.4 DAIRY DEVELOPMENT

The outlay provided for the Dairy Development sector for the year 2026-27 is ₹ 12805.00 lakh. Out of the total outlay, ₹ 1000.00 lakh is the support under RIDF of NABARD.

1. Rural Dairy extension and Farm Advisory Services

(Outlay: ₹ 1200.00 lakh)

The objective of the scheme is to ensure effective transfer of technology directly to the farmers. The outlay is for the implementation of rural dairy extension services, for conducting seminars/workshops/exhibitions/training programmes, farmers contact programs, quality awareness programme, state dairy expo, extension activities through print and electronic media, establishing dairy extension service units at selected potential panchayats, implementation of e-office activity in the department, modernization of infrastructure for imparting training and skill development programmes, best farmers award, new students dairy clubs at schools, consumer interface programmes, technical training programme for department staff, exposure visit for farmers within the State, strengthening Information and Communication Technologies (ICT) activities in the existing information centres. A portion of the outlay will be utilized for up-gradation of infrastructure facilities of dairy training centers/offices. The component wise details are the following.

- Farmers contact programme Karshaka Maithri
- Assistance to conduct training programme in Dairy Training Centres (DTCs)
- State/Regional workshop
- State Dairy Expo
- Newsletter - Ksheerapadham
- Observations of World Milk day
- Exposure visit for farmers- all India and within the State
- Contingency fund
- Block, District and State Ksheera sangamam
- New students dairy clubs at schools in co-ordination with Education department
- Best farmer award - Ksheera Sahakari Award
- Provision for conducting exhibitions
- Technical training for departmental technical staff
- Extension activities through print & electronic media and documentations
- Assistance for existing information centres for strengthening ICT activities and for meeting other expenses pertaining to automation activities
- Strengthening & modernizing the infrastructure for imparting training and skill development and infrastructure development of department level officers
- Implementation of e - office
- Establishing dairy extension service units at selected potential Panchayats
- Documentation, Monitoring, Evaluation and implementation charges
- Establishing permanent infrastructure facility to DTC Oachira.
- Assistance to Joint Liability Groups for manufacturing and marketing of bio inputs and value-added products

The insurance component will not be supported under the scheme as the same is merged with the scheme under the Animal Husbandry sector.

An amount of ₹ 1200.00 lakh is provided for the scheme in the Budget 2026-27.

2. Assistance to Dairy Co-operatives

(Outlay: ₹ 2255.00 lakh)

The objectives of the scheme are to bring more farmers under the dairy co-operative sector, enable it to comply with FSSA 2006, improve the facilities for testing the chemical and microbial/quality of milk, strengthening and modernization of infrastructure of Dairy Co-operative Societies (DCSs) to improve procurement, processing and marketing. Out of the registered DCS, 3325 DCSs are functional. The implementation of various components under this scheme is aimed at nurturing the dairy co-operative sector by strengthening the infrastructure and basic facilities of DCS.

The following are the activities proposed under the scheme during 2026-27.

- Assistance to DCS for maintaining FSSA Norms.
- Assistance to newly registered DCSs.
- Assistance for revival of dormant DCSs.
- Need based assistance to DCSs.
- Assistance for functioning of Consortium.
- Assistance to DCSs for establishing missing link for automation aspects.
- Provision for conducting review meeting for DCSs personnel and officials at DESU level, district level and at Directorate level.
- Assistance to DCS for implementation of Special Care Package to cows in late pregnancy to early lactation period.
- Transportation assistance to DCSs for want of milk route
- Documentation and Databank creation
- Unified accounting software for DCSs.
- Dr. Varghese Kurien Award for best APCOS and Non APCOS.
- Operational cost.
- Managerial assistance for financially weaker DCSs.
- Implementation, monitoring and documentation charges.
- Construction or renovation of hygienic milk collection rooms/storage rooms for cattle feed
- Farmers' facilitation cum information centre/Smart DCSs.
- Assistance for installation of low cost Effluent Treatment Plant(ETP) and solar energy conservation systems.
- Assistance for DCSs for improving cold chain facilities, chilling, processing, packing units, cattle feed units and ISO certification.

An amount of ₹ 2255.00 lakh is provided for the scheme in the Budget 2026-27.

3. Strengthening of Quality Control Labs

(Outlay: ₹ 800.00 lakh)

Ensuring quality of milk and milk products produced and marketed in the State is the objective of the scheme. Major objective of the scheme is to strengthen facilities in the

quality control laboratories in the State, special quality testing drive, setting up of regional labs, quality and hygiene improvement at farm level and milk testing facility at check post.

The scheme envisages taking up activities at various levels to ensure the organoleptic, physico-chemical and microbiological quality of milk and milk products produced, procured, handled, stored, processed and marketed in the State.

An amount of ₹ 800.00 lakh is provided for strengthening of quality control labs. Component wise details are as follows.

- Special quality testing drives
- Quality awareness programme
- Consumer Interface Programme
- Assistance for existing milk checking facility at selected check post labs (Meenakshipuram, Aryankavu and Parassala check post labs)
- Quality control/food safety training programme for department/DCS officials
- Assistance for improving hygienic level at farm level
- Special Quality drive for detection of antibiotic in milk and aflatoxin in milk and feed samples
- Infrastructure development, purchase and installation of quality testing equipments of State Dairy Lab Thiruvananthapuram, district level QC labs and mobile QC units, assistance for regional labs at Kottayam, Kasaragod and Alathur, setting up of advanced milk testing facility and completion of missing link for DCS, assistance for existing check post labs, need based assistance to DCSs for improving the quality control activities and Strengthening Quality Control Lab (SQCL).
- Implementation, Documentation and Monitoring Charges

An amount of ₹ 800.00 lakh is provided for the scheme in the Budget 2026-27.

4. Commercial Dairy and Milk Shed Development Programme

(Outlay: ₹ 4500.00 lakh)

The main objective of the scheme is to stabilise the dairy sector by undertaking a herd induction programme for individuals, JLGs, SHGs, and other registered groups and also to provide assistance for automation and mechanisation of dairy farms. The milk shed development programme is aimed at bringing more farmers/entrepreneurs and SHGs into the sector and to maintain the productivity of crossbred cows and to create awareness among farmers in adopting scientific management in cattle farming. A transition from subsistence dairy farming to viable commercial dairy farming with technology support is imperative for enhancing production and productivity. The outlay will be utilised for extending the promotion of commercial dairy units to more selected milk shed and other potential areas, cow and heifer units, purchasing milking machines, assistance for cattle shed, women cattle care programme, to establish Ksheera Gramam Programme at selected 40 grama panchayat with the tie up of LSG institutions, to establish Elevated and Community Cattle Shed for selected flood prone areas of Kuttanad Taluk. It is envisaged that 50 percent of beneficiaries of the project will be women.

The component wise details of the scheme are as follows.

- Assistance for cow units.
- Mechanisation and modernization of dairy farms.
- Construction of cattle shed and assistance to purchase milking machines.
- Support to Woman Cattle Care Programme.
- Bank interest subvention scheme for dairy farm establishment and farm automation.
- Ksheera Gramam programme at selected 40 Panchayats.
- Heifer parks to individuals, JLGs, SHGs, FPOs, Other registered groups.
- Infrastructure development and automation of commercial dairy farms.
- Assistance to Dairy Development in Idukki.
- Elevated and community cattle shed at flood prone areas of Kuttanad Taluk.
- Herd quarantine cum trading centres under DCS.
- Operational cost.
- Implementation, Monitoring and Documentation.
- Assistance for commercial dairy farm.
- Special Dairy Package for target Groups Ksheera Layam, Ksheera Theeram and Ksheera Yuva.
- Herd induction programmes for individuals, JLGs/SHGs/Other registered groups.

An amount of ₹ 4500.00 lakh is provided for the scheme in the Budget 2026-27.

5. Cattle Feed Subsidy

(Outlay: ₹ 800.00 lakh)

The project aims to help the farmers who are pouring milk to the Dairy Co-operative Societies (DCSs) and thereby assist them by providing assistance to reduce the milk production cost with an aim to enhance milk production. All the milk producers in the State pouring milk in DCSs are benefitted through the scheme for sustainable milk production. Enhanced milk production and procurement, bringing more farmers under the dairy co-operative umbrella, maintaining dairying as a sustainable profession and attracting more young entrepreneurs into the sector by giving more employment opportunities are the objectives of the scheme. To achieve this, the project aims to subsidise the milk production cost by providing assistance for the cost of cattle feed purchased from DCSs based on the quantity of milk poured. The scheme provides a feeding subsidy as a production incentive to DCSs thereby increasing the profitability from dairying activities. It is envisaged that 50 per cent of beneficiaries of the project will be women.

The component wise details of the scheme are as follows.

- Natural feed components (distribution of green grass, silage and dried feed at subsidized rates to dairy farmers through DCSs)
- Implementation, Monitoring and Documentation charges
- Distribution of TMR to dairy farmers of the State through DCSs(New)

An amount of ₹ 800.00 lakh is provided for the scheme in the Budget 2026-27.

6. Production and conservation of fodder in farmers' fields and Dairy Co-operatives

(Outlay: ₹ 750.00 lakh)

The major limiting factor in the dairy sector is scarcity of fodder and on account of this, cost of production is higher in comparison with the neighbouring States. Suitable fodder production programmes are to be promoted to bring down the cost of production. Cultivate perennial green fodder crops, introduce new scientific low cost feeding culture among dairy farmers, uplift the sustainability and reliability in dairying by reducing the feeding cost, improve the general health of the milk animals and the quality of milk, ensure availability of green fodder and planting materials throughout the year, generate employment and income to the producers by sale of fodder are the main objectives of the scheme.

Outlay is provided for State fodder plan, giving assistance to farmers for fodder cultivation, maize cultivation, intercropping hybrid Napier with muringa (Kolar Model), cultivation of fodder trees including live fencing, fodder seminar/fodder day celebration at district and state level, dairy promoter incentive, irrigation assistance, assistance to State Fodder Farm, Valiyathura, Thiruvananthapuram, mechanization and modernization of fodder activities, commercial and massive fodder production in barren lands and unutilized lands, commercial silage making units and Fodder hubs/Fodder marketing through JLGs/SHGs/other registered groups, assistance for transportation of fodder planting material and implementation, documentation and monitoring.

The Dairy Development Department has been notified as the Nodal Agency for Fodder Development in the State. It is envisaged that 50 per cent of beneficiaries of the project will be women.

An amount of ₹ 750.00 lakh is provided for the scheme in the Budget 2026-27.

7. Support to Dairy farmers Welfare fund for Insurance coverage

(Outlay: ₹ 400.00 lakh)

In order to support the activities of the welfare of dairy farmers, an amount of ₹ 400.00 lakh is provided in the year 2026-27 and it will be utilized for social welfare scheme for the dairy farmers with coverage for death, physical disability from accidents, medical expenses for the treatment of critical illness and contagious disease.

An amount of ₹ 400.00 lakh is provided for the scheme in the Budget 2026-27.

8. Assistance to Dairy Development in Wayanad

(Outlay: ₹ 50.00 lakh)

The scheme is intended for the holistic dairy development of the dairy sector in Wayanad District. Majority of the population of Wayanad depends on agriculture and allied activities and now-a-days the major source for the livelihood support to the low and middle income group in the district is cattle rearing. Dairying has become the promising sector for the alternative source of income and sustainability of Wayanad. Assistance will be provided for supply of dry/green fodder during lean seasons through DCS, mechanisation and modernization of dairy farms, distributing mineral mixture, awareness & training programmes and documentation and monitoring charges.

An amount of ₹ 50.00 lakh is provided for dairy development undertaken by farmers collective organisations in Wayanad, through project mode in the Budget 2026-27.

9. Establishing Kerala State Dairy Management Information Centre (KSDMIC) at State Fodder Farm, Valiyathura

(Outlay: ₹ 50.00 lakh)

Kerala State Dairy Management Information Centre (KSDMIC) intends to integrate the departmental activities pertaining to co-operation, fodder development, nutrition feeds and fodder, utilisation of non-conventional feedstuffs for dairy and animal feeding, indigenous dairy products. The Institution will carry out data collection and processing of data pertaining to various dairy development activities of the State, engaged in R & D activities pertaining to the areas like milk production and procurement, indigenous dairy products, Subiksha Keralam, and adaptability of milk animals to various types of housing systems etc.

An amount of ₹ 50.00 lakh is provided as support to Kerala State Dairy Management Information Centre in the Budget 2026-27.

10. Establishing State Fodder Farm and Model Dairy Unit – RIDF assistance

(Outlay: ₹ 1000.00 lakh)

The State needs to increase the fodder production to meet the required fodder demand. Setting up of a new State fodder farm will promote the commercial fodder production in the State. The programme envisages accelerated production of fodder to reduce the gap between the demand and the availability of fodder.

Expected outcome of the project is to establish a model commercial fodder production unit in the State, to reduce the gap in fodder availability and to establish a model dairy unit replicable to all districts.

To meet the requirement, sufficient funding is needed for which assistance under RIDF is provided. An amount of ₹ 1000.00 lakh is allocated for the component, Establishing State Fodder Farm and Model Dairy Unit at Nettukaltheri near Neyyar in Thiruvananthapuram in the Budget 2026-27.

11. Establishing Dharmadom Vengad Global Dairy Village at Dharmadom Constituency

(Outlay: ₹ 1000.00 lakh)

Dharmadam Vengad Global Dairy Village (DVGDV) is a viable dairy-based integrated farming system. It includes a high-tech dairy plant for value-addition and production of functional foods, a modern central composite dairy farm, fodder farm, heifer parks, satellite and mini dairy farms for individuals or co-operatives, apiculture activities, a sustainable development management centre, a responsible tourism centre, and ICT components. The initiative will involve farmers and dairy co-operatives in its implementation.

An amount of ₹ 1000.00 lakh is allocated for the scheme, Dharmadam Vengad Global Dairy Village (DVGDV) in Dharmadam assembly constituency in the Budget 2026-27.

1.5 FISHERIES

Fisheries sector plays a significant role in an economy in terms of ensuring food security and nutrition, income generation and in promoting sustainable economic growth. The total outlay provided for the sector in the Budget 2026-27 is as follows.

Sl. No.	Department/Agency	Amount (₹ in lakh)
1	Fisheries Department	16631.00
2	Harbour Engineering Department	3531.00
3	Kerala University of Fisheries and Ocean Studies (KUFOS)	3750.00
	Total	**23912.00**

The total outlay includes ₹ 2000.00 lakh under NABARD, RIDF and the amount ₹4000.00 lakh is provided as State share for Centrally Sponsored Schemes.

I. Fisheries Resource Conservation

The outlay earmarked in 2026-27 is ₹ 1350.00 lakh which includes 3 schemes.

Sl. No.	Scheme	Amount (₹ in lakh)
1	Conservation and Management of fish resources (inland)	400.00
2	Conservation and Management of fish resources (Marine)	900.00
3	Surveys, Studies, and Investigation for Fisheries infrastructure (HED)	50.00
	Total	**1350.00**

1. Conservation and Management of fish resources (inland)

(Outlay: ₹ 400.00 lakh)

The scheme is envisaged to increase the fish production by protecting the natural stock through Fisheries Management Councils (FMCs), by conducting patrolling to prevent illegal fishing, by enhancing the fish stock through ranching, by the establishment of a protected area, restoration of damaged aquatic ecosystems and mangrove afforestation. The scheme also includes fisheries resource mapping by the application of remote sensing and geographical information system, assessment of fish catch, buy-back of licensed stake net and Chinese net, and hiring of patrol vehicles through competitive bidding process. An amount of ₹ 400.00 lakh is provided for these activities in 2026-27.

2. Conservation and Management of fish resources (marine)

(Outlay: ₹ 900.00 lakh)

The decline in marine fish catch is due to overfishing, indiscriminate juvenile fishery and the capture of brood fish. To sustain marine fisheries for nutritional food security, economic growth and ensuring the sole livelihood of fishermen, effective surveillance and management principles in natural marine fisheries have to be effectively implemented. The

components include implementation of KMFR Act, online registration and licensing of fishing vessels, co-management of marine fishery resources & functioning of Fisheries Management Councils (FMCs), fitting of holographic registration plate, infrastructure for fisheries stations, establishment of effective communication network, camera surveillance in the fishing harbours and fish landing centers, establishment of artificial reefs/marine protected areas, adaptive research and technology acquisition from ICAR/Central Institutes for new technologies, marine catch data collection, modernization of existing fisheries stations including new building, control room and sophisticated equipment for surveillance and monitoring, effective monitoring & surveillance of marine fisheries, installation of square mesh & Turtle Excluder Device (TED) in trawl nets, assistance to fishermen for implementing colour coding of traditional crafts, certification of species, provide training to fishermen as Deckhands/ Engine driver/ Syrang, hiring of 20 patrol boats for sea patrolling and engagement of fisheries rescue guards on contract basis. An amount of ₹ 900.00 lakh is provided for these activities in 2026-27.

3. Surveys, Studies and Investigation for Fisheries infrastructure

(Outlay: ₹ 50.00 lakh)

The scheme is envisaged to take up surveys, studies and investigation works of infrastructure works pertaining to Fisheries and Coastal Area Development. Infrastructure investigation is defined to include not only Fishing Harbours and Fish Landing Centres, but also other structures like roads, bridges, groynes, beach nourishment works, offshore and detached breakwaters. The objective of the scheme is for conducting techno-economic feasibility studies for fisheries infrastructure projects and for establishing a comprehensive and permanent data bank, a data bank of the morphological and environmental changes in coastal zones which will be helpful in the future planning and design of various coastal structures like harbours, shore protection works. In cases where survey, investigation and design cost are part of project cost, they have to be reclaimed after approval of such projects. Survey, Investigation, and related works are to be undertaken only in those cases where there is considerable demand from the Fisheries Department/HED for a project; and where the projects have a reasonable chance of being approved. The technical investigation includes surveys, hydrodynamic data collection, subsoil investigations, preparing CRZ status report, obtaining CRZ clearance, design of structures and for preparation of data bank. Socio-economic data collection in the case of new projects and post-construction monitoring of the completed projects are also included which should be documented properly for framing the future development strategies. HED will also associate with other government accredited agencies for this purpose. The technical support of KUFOS will be obtained wherever necessary. Necessary modern types of equipment and instruments for field inspection are also included as components. Vehicle support on rental basis only is supported. Purchase of vehicles is not allowed under the scheme. An amount of ₹ 50.00 lakh is provided for these activities in 2026-27.

II. Marine Fishery

The outlay earmarked in 2026-27 is ₹ 4510.00 lakh including ₹ 3000.00 lakh as State share to centrally sponsored schemes.

Sl. No.	Scheme	Amount (₹ in lakh)
1	Marine ambulance for the security of fishermen	250.00
2	Motorization of Traditional Fishing Crafts	200.00
3	Modernisation of Fish Markets, Value Addition, Post-Harvest Activities	250.00
4	Mariculture Activities	160.00
5	Removal of plastic from water bodies –"Suchitwa Sagaram"(HED)	150.00
6	Modernization/Upgradation of Fishing Fleet (Traditional/Mechanised)	150.00
7	Subsidy for converting boats with kerosene engines to petrol/diesel engines	100.00
8	Pradhan Mantri Matsya Sampada Yojana (PMMSY) – Integrated Development and Management of Fisheries (Central Share 60% and State Share 40%)	800.00
9	Saving Cum Relief Scheme (SCRS) under PMMSY (50% State Share)	2200.00
10	Deep Sea Fishing (New Scheme)	250.00
	Total	**4510.00**

1. Marine ambulance for the security of fishermen

(Outlay: ₹ 250.00 lakh)

After the devastating Okhi disaster, it was decided to introduce three marine ambulances equipped with all modern gadgets, paramedical staff and provisions for onboard medical care, which will serve as rescue vessels for support under distress situations. An amount of ₹ 250.00 lakh is provided in 2026-27 for meeting the operational expense which includes fuel cost, cost of medicines, AMC, insurance charges and contractual wages in connection with the maintenance of the three marine ambulances.

2. Motorization of Traditional Fishing Crafts

(Outlay: ₹ 200.00 lakh)

The scheme is proposed to provide assistance to fishermen for procuring fishing implements. An amount of ₹ 200.00 lakh is provided in 2026-27 for the components given below.

Sl. No.	Components	Amount (₹ in lakh)
a	Procuring large, meshed gill net and sophisticated equipment for line fishing	40.00
b	Procuring new outboard motor of less than 10 hp	60.00
c	Insulated boxes	100.00
	Total	**200.00**

The amount will be available to beneficiaries only in the form of back-ended subsidy in connection with the loans for purchase of implements availed from approved institutional lenders/Commercial Banks/Matsyafed.

3. Modernisation of Fish Markets, Value-addition, Post-Harvest Activities

(Outlay: ₹ 250.00 lakh)

It is estimated that 18% of the total fish catch is discarded as spoiled fish due to its perishable nature. It can be reduced to a larger extent by establishing a cold chain network from the boat to the consumer which includes providing insulated boxes in fishing craft, onshore chilled storage facility, reefer chilled storage in harbours, fish collection/procuring centres/base stations, modernization of fish landing centre & harbour and wholesale market (for hygienic handling and quality assurance) and insulated vehicle (for better transport) and hygienic fish sales outlet at the endpoint. This component includes provision for providing fish booths/marketing outlets to fishermen family and fish vending women, establishment of fish processing centre, model peeling unit, women-friendly fish market, hi-tech fish marts, live fish market, hygienic fish outlet, mobile fish vending kiosk, fish supermarket, model fish market, fish drying unit, value-added fish production unit, mobile fish quality testing and surveillance unit, ice plant, cold storage facilities, auction halls, adapative research for modern and sophisticated technologies for value addition and marketing, online platform for fish auction and marketing. The operational expenses of the project "Samudra" is also included as a component for which an amount of ₹ 50.00 lakh is earmarked within the total outlay.

An amount of ₹ 250.00 lakh is earmarked for the scheme in 2026-27.

4. Mariculture Activities.

(Outlay: ₹ 160.00 lakh)

The scheme is proposed to undertake feasibility studies of various Mariculture activities. CMFRI has already developed suitable technologies for mariculture which includes marine finfish farming in cages, off-bottom molluscan farming and seaweed farming. An amount of ₹ 160.00 lakh is provided for undertaking various mariculture activities on project basis in 2026-27.

5. Removal of plastic from water bodies -"Suchitwa Sagaram"(HED)

(Outlay: ₹ 150.00 lakh)

The scheme is proposed to reduce plastic waste accumulation in the sea and conservation of aquatic life from the plastic menace. The aim of the project is to collect garbage from sea beds with the help of fishermen and recycle the same to use in the road surfacing works. An amount of ₹ 150.00 lakh is earmarked in 2026-27 as budgetary support.

6. Modernization/Upgradation of Fishing Fleet (Traditional/Mechanised)

(Outlay: ₹ 150.00 lakh)

The scheme is proposed to replace the traditional fishing craft especially plywood craft with modern FRP vessels for more strength, safety efficiency and facilities. The scheme will benefit the economically backward fishermen who use these crafts to meet their daily

livelihood, but they are not able to replace or upgrade these vessels. The scheme will provide a subsidy at the rate of 50% up to a maximum amount of ₹15.00 lakh/unit. The components also include fitting the mechanized boats with insulated fish hold, insulated bait holds, slurry ice units, freshwater tank, crew cabin and toilet compartment for multipurpose-multi-day fishing, provide navigation equipments like GPS, VHF. It also includes components like providing deep sea fishing gears like long line, gill nettings, troll lines to enable the fishermen for deep sea fishing in lean season. An amount of ₹ 150.00 lakh is earmarked in 2026-27 as budgetary support.

7. Subsidy for converting boats with kerosene engines to petrol/diesel engines

(Outlay: ₹ 100.00 lakh)

The scheme is proposed to promote cost effective fishing practices and to support the fishermen to shift their focus from Kerosene OBMs (Out Board Motors) to Petrol/Diesel OBMs. The efficiency of petrol/diesel OBMs are higher than that of kerosene OBMs and it is environment friendly compared to kerosene OBMs. Besides, the operational cost and the maintenance cost for petrol/diesel OBMs is less when compared to that of kerosene OBMs. Hence, for replacement of kerosene engines with petrol/diesel OBMs it is targeted to give 25% subsidy with a maximum of ₹ 50000/- per unit. An amount of ₹ 100.00 lakh is provided for the scheme in 2026-27.

8. Pradhan Mantri Matsya Sampada Yojana (PMMSY)- Integrated Development and Management of Fisheries (Central share 60% and State Share 40%)

(Outlay: ₹ 800.00 lakh)

The CSS Scheme Blue Revolution is replaced by Pradhan Mantri Matsya Sampada Yojana (PMMSY) during the year 2020-21 onwards for five years. The scheme is designed to address critical gaps in fish production and productivity, quality, technology, post-harvest infrastructure and management, modernisation and strengthening of the value chain, establishing robust fisheries management framework and fishers' welfare. The Centrally Sponsored Scheme component is further segregated into non-beneficiary oriented and beneficiary orientated subcomponents/activities- under the following three categories.

- Enhancement of production and productivity
- Infrastructure and post-harvest activities
- Fisheries management and regulatory framework

The scheme envisages the integrated development and management of the fisheries sector. An amount of ₹ 800.00 lakh is provided as state share for undertaking various activities under PMMSY in 2026-27, by channelizing share from the Government of India. The components include development of Marine fisheries, replacement of fishing crafts, development of inland fisheries and aquaculture, retail fish market, value addition, post-harvest operation, national scheme for welfare of fishermen, training programme, integrated aqua park, strengthening of the database & GIS administrative cost.

9. Saving Cum Relief Scheme (SCRS) under PMMSY (50% state share)

(Outlay: ₹ 2200.00 lakh)

The scheme aims at providing financial relief to fishermen during the lean season. An amount of ₹ 1500.00 is collected from the beneficiary in 6 installments. Along with the amount collected from the fishermen, the State government contributes ₹ 1500/- and the Central government contributes ₹ 1500/- and the total amount of ₹ 4500/- is released to the fishermen in 3 instalments through DBT during lean months. The fishermen enrolled under Fisheries Information Management System are only eligible for the scheme. Out of the total amount allocated as state share for Centrally Sponsored Schemes, an amount of ₹ 2200.00 lakh is allocated as state share of Saving Cum Relief Scheme (SCRS) in 2026-27.

10. Deep Sea Fishing (New Scheme)

(Outlay: ₹ 250.00 lakh)

Deep-sea fishing can significantly enhance the potential of harnessing high-value marine resource. The objective of the scheme is to empower the traditional fishermen through targeted interventions such as capacity-building programmes, technical training, and awareness initiatives on deep-sea navigation, vessel operation, onboard fish handling, and value addition techniques. Collaborative research and extension programmes involving scientific institutions will facilitate the identification of potential fishing grounds, the adoption of sustainable fishing practices, and monitoring of fish stocks to prevent over-exploitation. An amount of ₹ 250.00 lakh is earmarked for the scheme in 2026-27.

III. Inland Fishery

The outlay earmarked for inland fisheries in 2026-27 is ₹ 8441.00 lakh which includes 8 schemes. The monitoring of the schemes under Inland fishery at the state level will be carried out by a State Level Committee headed by the Secretary (Fisheries).

Sl. No.	Scheme	Amount (₹ in lakh)
1	Aquaculture Development	7000.00
2	Sea Safety and Sea Rescue Operations	300.00
3	Aquatic Animal Health Surveillance and Management	80.00
4	Reservoir Fisheries Development	100.00
5	Cleaning of Vembanad Lake	100.00
6	Aquaculture Extension Services	711.00
7	Fisheries Innovation council	100.00
8	Oceanarium and Marine Biological Museum at Kollam	50.00
	Total	**8441.00**

1. Aquaculture Development

(Outlay: ₹ 7000.00 lakh)

The scheme is intended to enhance aquaculture production, diversification of species and aquaculture systems, adopting innovative technologies, area expansion for scientific shrimp/fish farming including Vannamei shrimp farming and enhance productivity. A budgetary provision of ₹ 7000.00 lakh is earmarked for aquaculture development in 2026-27, of which an amount of ₹ 350.00 lakh is provided for meeting the administrative cost.

The proposed aquaculture activities include.

- Intensive fish farming viz., aquaculture in biofloc tank, cage and lined pond
- One paddy - one fish/shrimp farming.
- Farming of carp, Nile tilapia, Pangassius and indigenous fish in the pond
- Farming of shrimp, crab and mussel.
- Crop insurance
- Value addition of cultivated products and mobile marketing units for live fishes
- Enhancing fish production by providing adequate infrastructure including electric power supply

The expected outcome is 50000 tonnes of aquaculture production.

It is also proposed to undertake feasibility studies, technology acquisition, capacity building, seed quality testing and disease management, demonstration farming and collaborative research for developing and disseminating various innovative aquaculture activities. It includes area expansion of scientific shrimp/fish farming, including Kaipadu, Kole, Pokkali and Kuttanad fields, procurement of goods and input costs. The expenditure under this scheme will be done on project basis only. The individual projects will be conceived in consultation with the LSGs at local level. The beneficiary selection will be done in consultation with the LSGs.

2. Sea Safety and Sea Rescue Operations

(Outlay: ₹ 300.00 lakh)

The scheme is intended to enhance sea safety and sea rescue operations. As a part of sea safety measures, it is envisaged to provide 75% grant to the fishermen for the procurement of sea safety equipment such as Marine communication equipments, Global Positioning System, Life Jacket, Life buoy, Automatic Identification System (AIS)/Satellite-based communication/vessel tracking devices. Also as part of maintaining a full-fledged sea rescue operation mechanism based on each fisheries station, it is envisaged (i) to engage harbour based team of trained fishermen for sea rescue operations as per need (ii) to ensure the recording of entry and exit of fishing vessel by establishing punching booths/facilities in fishing harbours (iii) Establishment of AIS(Automatic Identification System)/VMS(Smart Variable Messaging System) communication and tracking facilities and (iv) Weather forecast data dissemination. Operation and facilitation of master control rooms and regional control rooms, the functioning of sea rescue squad 100 numbers established in 15 harbours are also envisaged. Emergency safety kit including distress signal flares, water proof torch lights, hand held flares, reflective tapes, multipurpose tool, marine first aid kit, repair kit with

different needles and twines to 1000 fishermen is also included. An amount of ₹ 300.00 lakh is provided for implementation of the above activities in 2026-27.

3. Aquatic Animal Health Surveillance and Management

(Outlay: ₹ 80.00 lakh)

The scheme is intended to ensure aquatic animal health surveillance and management system for timely identification of disease in the early stage itself, which may reduce the mortality rate and further spread. The scheme envisages operation of a network of Aquatic Animal Health Laboratories for the timely investigation, diagnosis, and adoption of therapeutic measures. It will help for ensuring water quality, aquatic animal health, AMR, and antibiotic residue as a part of the passive surveillance programme. Diseases diagnosis, seed quality certification, medicine and disinfection of diseased sites are also a part of the active surveillance programme. The scheme also includes activities of State fish seed centre like registration, licensing of fish hatcheries, fish seed farms, marketing unit of fish seed, seed certification and other activities as part of the implementation of Kerala Fish Seed Act 2014.

An amount of ₹ 80.00 lakh is provided for the scheme during 2026-27.

4. Reservoir Fisheries Development

(Outlay: ₹ 100.00 lakh)

The scheme is envisaged to enhance inland fish production through reservoir fisheries. In case of the smaller reservoirs, a fish stock enhancement programme would be sufficient, while medium and large reservoirs will be used for cage farming of fish. Fish stock enhancement programme will be limited with the seeds of endemic carps, endemic catfishes, Pearl spot and Mahaseer in the case of reservoirs within wildlife sanctuaries. An amount of ₹ 100.00 lakh is provided for implementation of the scheme in 2026-27.

5. Cleaning of Vembanad Lake

(Outlay: ₹ 100.00 lakh)

The scheme envisages protecting and conserving the natural ecosystem of brackish water lakes of Kerala. The Government of Kerala initiated a drive to clean Vembanad and Ashatamudi lakes with the participation of stakeholders of the lakes and LSGs. The Department of Fisheries will take the lead in this as one of the major stakeholder department. To keep the lake system clean and provide conducive conditions for propagation of fish population and cleaning activities in a systematic manner, an amount of ₹ 100.00 lakh is provided for the scheme in the Budget 2026-27.

6. Aquaculture Extension Services

(Outlay: ₹ 711.00 lakh)

The scheme is proposed to provide aquaculture extension service, necessary technical guidance and monitoring to fish farmers. It also includes the expansion of inland fisheries especially aquaculture throughout the State. The components included in the scheme are IEC activities, capacity building programme, Matsya Karshaka Club, Matsyakrishi Sevana Kendram, Matsya Karshaka Mitram, technology acquisition, demonstration farming, aquaculture award and risk mitigation. It also includes the provision for establishing Inland Matsya Bhavans and for engaging 33 Fisheries Extension Officers, 100 project coordinators

and 545 aquaculture promoters for the promotion of aquaculture activity. Project Co-ordinators will be appointed on internship basis. A certificate of experience on successful completion of the tenure period will be provided. An amount of ₹ 711.00 lakh is provided for the implementation of the scheme in 2026-27. However no permanent post creation is allowed under the scheme.

7. Fisheries Innovation Council

(Outlay: ₹ 100.00 lakh)

The scheme envisages bringing innovations in Fisheries sector through collaborative knowledge sharing, programme planning and innovation. The council will work as a support centre including the representatives of Fisheries Department, Industries Department, K-DISC, Knowledge Mission, Kerala Startup Mission, R & D institutes, fish industry scientists and experts and exporters of fish and fishery products. An amount of ₹ 100.00 lakh is provided for the scheme in 2026-27 for implementation. No post creation and construction will be allowed. Vehicle purchase is also not allowed.

8. Oceanarium and Marine Biological Museum at Kollam

(Outlay: ₹ 50.00 lakh)

The scheme aims to enhance the scope of marine tourism while promoting marine science research and public awareness. In 2026-27 an amount of ₹ 50.00 lakh is earmarked as support for the establishment of an Oceanarium and Marine Biological Museum at Kollam District.

IV. Supporting facilities

The outlay earmarked in 2026-27 is ₹ 5700.00 lakh which includes 4 schemes.

Sl. No.	Scheme	Amount (₹ in lakh)
1	Fish Seed Farms, Nurseries, and Hatcheries	1800.00
2	Operational expenses for KAVIL	100.00
3	Establishment of cold chain facilities (New Scheme)	50.00
4	Kerala University for Fisheries and Ocean Studies	3750.00
	Total	**5700.00**

1. Fish Seed Farms, Nurseries, and Hatcheries

(Outlay: ₹ 1800.00 lakh)

The scheme is envisaged to enhance the seed production capacity of the existing seed farms and hatcheries of the department and to ensure the availability of good quality fish seed in adequate quantity for aquaculture. An amount of ₹ 1800.00 lakh is provided for these activities in the year 2026-27. Out of the total outlay, an amount of ₹ 800.00 lakh is earmarked for meeting the capital expenditure for seed production activities and feed mill infrastructure. An amount of ₹1000.00 lakh is earmarked for meeting the operational expenditure of the existing and newly established Government seed farms, hatcheries and aquarium as well as for promoting backyard seed production units through farmers.

2. **Operational expenses for KAVIL**

(Outlay: ₹ 100.00 lakh)

Kerala Aqua Ventures International Limited (KAVIL) is a company formed by the Government of Kerala for the mass production, marketing and export of ornamental fishes. The scheme is proposed to expedite the revival process of the company, development of quality brood stock by importing ornamental fish varieties, the establishment of new production units and revival of existing units, development of ornamental production units, improvement of export and domestic marketing facilities, second stage development of laboratory and creation of transportation facilities for collection and marketing of ornamental fishes. An amount of ₹ 100.00 lakh is provided for the scheme in 2026-27. A DPR will be prepared and submitted before the Departmental Working Group for obtaining administrative sanction.

3. **Establishment of cold chain facilities (New Scheme)**

(Outlay: ₹ 50.00 lakh)

Post-harvest handling plays a major role in realising higher value for fish and in ensuring the availability of quality raw material for value addition. The establishment of a cold chain system helps in maintaining quality along with the value chain. The aim of the scheme is to develop a cold chain network in the State which is integrated internally and with interstates. The procurement of machinery, establishment of online marketing platform is also included in the scheme. The possibility of collaboration with Matsyafed and KSCADC will also be explored. An amount of ₹ 50.00 lakh is earmarked during 2026-27 for the establishment of cold chain facilities. Purchase of vehicles and constructions will not be permitted under the scheme.

4. **Kerala University of Fisheries and Ocean Studies**

(Outlay: ₹ 3750.00 lakh)

The Kerala University of Fisheries and Ocean Studies receive Budget support for Infrastructure, Education, Research, Administration and Extension activities. For strengthening and developing the University, an amount of ₹ 3750.00 lakh is provided during 2026-27. The component wise breakup is as follows:

Sl. No.	Components	Amount (₹ in lakh)
a	Education	1160.00
b	Research	750.00
c	Extension	160.00
d	Administration	180.00
e	Infrastructure	1500.00
	Total	**3750.00**

a) Education

An amount of ₹ 1160.00 lakh is provided for education during 2026-27. The educational activities of the University are mainly distributed under four Faculties namely Faculty of Fisheries Science, Faculty of Ocean Science and Technology, Faculty of Fisheries Management, Faculty of Fisheries Engineering. The budgeted amount can be utilized for strengthening the Under Graduate courses, Post Graduate courses, PhD programmes and Post-Doctoral programmes which comes under these different faculties. Setting up of Labs, purchase of equipments for labs, purchase of teaching aids, chemicals, honorarium of guest faculty and contract staffs in these different schools, study materials, Masters and PhD fellowships, activities of Physical education wing, RAWE programmes and activities of IQAC for NAAC, ICAR and AICTE accreditation come under this category.

b) Research

An amount of ₹ 750.00 lakh is provided for research during 2026-27. The sub component wise details are given below:

Sl. No.	Sub Components	Amount (₹ in lakh)
1	Centre of Excellence in Indigenous Fish Production and Aquatic Animal Health Management (CIFPAAH), Centre of Excellence in Aquatic Resources Management &Conservation (CARMC),Centre of Excellence in Food Processing and Packaging Technology (CEFPT),Centre for Climate Resilience and Environment Management(CCREM), Centre for Ocean Research(COR)	750.00
2	Centre for Bioactive Substances from Marine Organisms(CBSMO), KUFOS Business Incubation Centre(KUFOS BIC), KUFOS Post-Doctoral Fellowships (PDF), KUFOS Aided Research Projects (KARP)	
3	Multispecies hatchery, Puduveypu	
4	Referral lab for aquatic animal disease diagnosis and quality testing.	
5	Research Centre at Payyannur.	
6	Participation in seminar/conference/workshops, Strengthening of Directorate of Research, Central Instrumentation Facility (CIF), Animal House, Centre for Microbiome Research, Centre for Mangrove Research, Puduveypu, Establishment of International Society for Fisheries and Ocean Science, Project Mode Course, Revolving Fund Projects, Establishment of Translational Research Centre.	
	Total	**750.00**

c) Extension

An amount of ₹ 160.00 lakh is provided for extension activities during 2026-27. The sub component wise details are given below:

Sl. No.	Sub Components	Amount (₹ in lakh)
1	Village Adoption for enhancing the fish production and creating employment opportunities to the fish farmers and fisher folk in Kerala	160.00
2	Earn While You Learn	
3	Centre for audio video recording and transfer of technologies in fisheries	
4	Farm advisory services	
5	Exhibition outreach activities.	
6	Centre for field consultancy and data analysis	
7	Expansion of facilities of museum and public aquarium	
8	Development of instructional field training facility	
9	Model fish processing plant and training centre	
10	MOOC	
11	Karimeen gramam	
12	Centre for studies on gender concerns and entrepreneurship development in fisheries	
13	Strengthening the Directorate of Extension	
14	Establishment of training cum demonstration centres in cage aquaculture at Kollam and Kannur Districts of Kerala.	
15	The Pandit Karuppan Chair - A study on problems and prospects of modern fish markets in Kerala.	
16	Measurement of inequality adjusted human development index for marine fisherfolk in Kerala.	
	Total	**160.00**

The research activities should be in concurrence with the requirements of fisheries sector.

d) Administration

An amount of ₹ 180.00 lakh is provided for administration during 2026-27. The sub component wise details are given below;

Sl. No.	Sub Components	Amount (₹ in lakh)
1	Strengthening of library	180.00
2	Strengthening of ICT infrastructure/e-governance	
3	Strengthening of Directorate of Planning and Development	

e) Infrastructure

An amount of ₹ 1500.00 lakh is provided for infrastructure during 2026-27. The sub component wise details are given below:

Sl. No.	Sub Components	Amount (₹ in lakh)
1	International hostel cum staff quarters	1500.00
2	Development of fish farm at western campus	
3	Academic block at western campus	
4	Construction of SME building at KUFOS	
5	Construction of ladies UG hostel	
6	Establishment of fisheries training, extension and research centre at Kollam	
7	Residential complex to Vice-Chancellor	
8	Development at western and north eastern campus	
9	Stadium and sports complex	
10	Indoor stadium	
11	Enclosing the campus at Puduveypu	
12	New college at Payyannur	
13	Campus development at headquarters	
14	Setting up of FRM lab at academic block	
15	Strengthening of Engineering wing	
16	Construction of PG men's hostel Phase II at KUFOS Panangad	
17	Furnishing of mini theatre and MOOC room at academic block	
18	Furnishing of senate hall at administrative block	
19	Ladies hostel at Puduveypu	
20	Men's hostel and guest room at Puduveypu	
21	Renovation, repairs and maintenance of existing buildings at KUFOS including staff quarters	
	Total	**1500.00**

Priority should be provided for the development of educational infrastructure and assets.

V. Fishery Harbours (HED)

The outlay earmarked in 2026-27 is ₹ 1331.00 lakh including ₹ 1000.00 lakh as State share to Centrally sponsored Schemes.

Sl. No.	Scheme	Amount (₹ in lakh)
1	Expansions & major additions to coastal infrastructure	331.00
2	PMMSY - Development of Marine fisheries, Infrastructure & post-harvest operations (Central Share 60% and State Share 40%)	1000.00
	Total	1331.00

1. Expansions & major additions to coastal infrastructure

(Outlay: ₹ 331.00 lakh)

The scheme is envisaged for the expansion of already commissioned fishing harbours/coastal structures. The components of the scheme include improving the hygienic status of harbours, increasing the number of cold storage and processing centres. Additional needs such as extension of wharf, construction of low-level jetty, extension of auction hall, shop rooms, locker rooms, toilet blocks, net mending shed, additional parking area, internal roads, drainage facilities, compound walls, construction of open gymnasium and turf, water supply and electrification are also included in the scheme. Providing harbour to market linkages and establishing mitigation measures to address climate change is also proposed in the scheme. An amount of ₹ 331.00 lakh is earmarked for the scheme in 2026-27.

2. PMMSY-Development of Marine fisheries, Infrastructure & post-harvest operations (40% State Share)

(Outlay: ₹ 1000.00 lakh)

The provision is to meet the State share of various fisheries infrastructure projects including the modernization and up-gradation of the existing fishing harbours and fish landing centres. The projects proposed under the scheme are:

- Expansion of Kasaragod Fishing Harbour
- Expansion of Muthalapozhy Fishing Harbour
- Upgradation and modernisation of fishing harbours at Ponnani, Puthiyappa and Koyilandi
- Maintenance dredging of fishing harbours at Alappad Azheekal, Chettuva, Ponnani and Beypore
- Expansion of Thottappally fishing harbour
- Construction of Ajanur Fishing Harbour
- Maintenance dredging of fishing harbours at Tanur, Cheruvathur, Chombal and Thalai.

An amount of ₹ 1000.00 lakh is earmarked as State share during 2026-27.

VI. Social Security and Livelihood Support

The outlay earmarked in 2026-27 is ₹ 2580.00 lakh including ₹ 2000.00 lakh as support under RIDF of NABARD.

Sl. No.	Scheme	Amount (₹ in lakh)
1	Insurance coverage for marine fishing implements	200.00
2	Extension, Training & Service Delivery	380.00
3	Rural Infrastructure Development Fund (RIDF) (HED)	2000.00
	Total	**2580.00**

1. Insurance coverage for marine fishing implements

(Outlay: ₹ 200.00 lakh)

The scheme is envisaged to provide insurance coverage for marine fishing implements in the traditional sector. An amount of ₹ 200.00 lakh is provided for the scheme in 2026-27.

2. Extension, Training & Service Delivery

(Outlay: ₹ 380.00 lakh)

The scheme is proposed to strengthen the technical wing of the department for effective service delivery and to ensure smooth and timely service delivery to both the beneficiaries and the public. An amount of ₹ 380.00 lakh is provided for the scheme in 2026-27. Out of the total allocation ₹ 130.00 lakh is earmarked under revenue head and ₹ 250.00 lakh in capital head respectively.

Following components are included under the scheme.

Sl. No.	Components	Amount (₹ in lakh)
a	Extension activities of the department	30.00
b	Capacity building programme for the functionaries	20.00
c	e-Governance	80.00
d	Matsyabhavan and Training Centres	250.00
	Total	**380.00**

a. Extension activities of the department includes the conduct of awareness campaigns, mela/exhibition, seminar/workshop, documentation/publication, public grievance redress monitoring system (PGRMS), expenses for scheme monitoring and evaluation including vehicle hire charges.

b. Capacity building programme for the functionaries includes in-service training, short term refresher training and exposure visit in association with reputed fisheries institutions within and outside India and assistance for the promotion of innovative ideas. It also includes the operational cost of NIFAM (National Institute of Fisheries Administration and Management) and other training centres of the department.

c. e-Governance: The component of e-governance includes computer hardware and accessories procurement, modernization of e- governance facilities in Kerala Fishermen Welfare Fund Board (KFWFB),software development, FIMS, upgradation of website, online communication networking, video conference facilities, call centre functioning at Directorate, AMC for equipments including existing hardware and other electronic equipment, cost of KSWAN and e-office support facilities, e-learning facilities in extension/training centres and system administrator service.

d. Matsyabhavan functions as a single umbrella system where the services and benefit of various activities in Fisheries Sector are rendered to both fishermen and fish farmers. The training centres established undertakes the activities for abridging and equipping both the beneficiaries and functionaries for implementation of department schemes. The components include for strengthening and modernization of Matsyabhavans, including district and state level and training centres with new facilities and equipments.

3. Rural Infrastructure Development Fund (RIDF)

(Outlay: ₹ 2000.00 lakh)

The state has been availing NABARD assisted RIDF for the modernization of existing fishing harbours, construction of coastal bridges & roads undertaken by the Harbour Engineering Department, on loan basis with repayment condition. An outlay of ₹ 2000.00 lakh is provided in 2026-27 for timely completion of ongoing and new projects approved by NABARD under RIDF.

- Additional Infrastructure facilities at Valiyazheekal Fish Landing Centre -RIDF XXVII
- Additional Infrastructure Facilities in Chellanam Fishing Harbour- RIDF XXVII
- Modernization of Azhikkal Fishing Harbour in Kannur District -RIDF XXVIII
- Modernization of Alappad Azheekkal Fishing Harbour in Kollam District RIDF XXVIII
- Ponnani Fishing Harbour - Replenishment of break waters- RIDF XXIX
- Development of Chalil Gopalapetta Fish Landing Centre in Kannur District -RIDF XXIX
- Development, Upgradation and associated infrastructure works of Thangassery Fishing Harbour in Kollam District- RIDF XXX
- Upgradation of Chettuva Fishing Harbour in Thrissur District- RIDF XXX
- Upgradation of Manjeswaram Fishing Harbour in Kasaragod District- RIDF XXXI
- Upgradation of Cheruvathur Fishing Harbour in Kasaragod District- RIDF XXXI
- Upgradation of Chellanam Fishing Harbour - RIDF XXXI
- Upgradation of Azheekode Fish Landing Centre in Thrissur District- RIDF XXXI

1.6 FORESTRY AND WILDLIFE

The 14th FYP envision management of the forest primarily for their public goods functions - water security, biodiversity conservation, livelihood of local communities and other social objectives. The role of forests in reducing ecological and economic vulnerabilities is becoming more critical in the context of recurrent floods due to climate change. During 2026-27, the sector focuses on major themes such as increasing water security, minimizing human animal conflict, securing the lives and livelihoods of forest dependent communities and sustainable management of forest by keeping forest as a safeguard against climate change.

The outlay earmarked under Forestry and Wildlife for 2026-27 is ₹ 28860.00 lakh. This total outlay is inclusive of the NABARD RIDF share of ₹ 5030.00 lakh.

I. Management of Natural Forests

Consolidation, enrichment, protection and maintenance of natural forests are the priority areas under this programme. The programme envisages survey and demarcation of forests, protection from encroachments and other illegal activities, undertaking forest fire prevention activities, soil and moisture conservation and protection of special habitats, strengthening of rapid response teams, elephant driving teams etc.

1. Forest Protection (Survey of Forest Boundaries and Forest Protection) (Revenue)

(Outlay: ₹ 2500 .00 lakh)

The objective of the scheme is to improve ecosystem services including water and clean air, environmental stability, minimization of forest fire incidents, partnership with forest fringe communities for forest protection, improve the livelihood of forest dependent communities, and to improve the biodiversity of forests. Consolidation of forest area, permanent demarcation of the forest boundaries and forest protection are essential for effective management of forest in the State. The key criteria would be the protection, maintenance and renovation of existing resources. The anticipated outcome included improved and vibrant forest ecosystem rich in biodiversity, improved livelihood of forest dependent communities, reduced fire incident and human wildlife conflicts. An outlay of ₹ 2500.00 lakh is provided for implementing these activities during 2026-27.

The activities under this programme include:

- Repair and maintenance of damaged cairns/earthen bunds/other such forest boundary demarcating structures, maintenance and upkeep of the already acquired equipment.
- Protection of forest ecosystems from uncontrolled fire through fire protection measures including formation/maintenance of fire lines, and fire tracing. Procurement of firefighting equipments, engaging fire protection mazdoors, maintenance of fire control room/crisis management teams, implementation of fire management plans, and assistance to VSS/EDCs for participatory fire management are also included under the scheme.

- Soil and moisture conservation activities such as construction/maintenance of check dams, ponds, water holes, riverine restoration, desilting of ponds / waterholes, water storage facilities and soil/water retention structures in forest areas.
- Maintenance, POL and repair of vehicles, motorboats, and other means of transport used by forest staff for the protection of forests.
- Prevention and handling of forest offences and situations those are anti-ethical to forest and wildlife health.
- Construction and maintenance of essential buildings such as offices, quarters, anti-poaching camp sheds, check-posts, watch towers, IBs, etc.
- Providing assistance to VSS/EDCs for the preparation and revision of micro-plans, income generating activities, etc.
- Conducting awareness programs, workshops, seminars, training and camps, legal supports, conducting raids and joint patrolling.
- Expenses towards cremation/postmortem of deceased wild animals
- Ensure sandal protection in sandal-bearing areas.
- Formation and renovation of damaged forest roads, coupe roads and trek paths, maintenance and upkeep of existing buildings.
- Providing AMC, maintenance/procurement of electronic/wireless equipment, fencing, etc.
- Protection mazdoors in forest and wildlife protection activities.
- Renovation/maintenance of various human-wildlife conflict mitigation structures.
- Activities related to crisis management, natural disasters, and human wildlife conflict.
- Documentation of resources from protection/conservation point of view and allied expenses.
- Survey of flora and fauna
- Vayal maintenance and vista clearance

2. Forest Protection (Survey of Forest Boundaries and Forest Protection) (Capital)

(Outlay: ₹ 2500.00 lakh)

The major objective of the scheme is to consolidate the forest boundary and to prevent encroachments with the application of modern technology and state of the art equipment. Major activities under this programme include:-

- Survey and demarcation of forest boundaries & enclosures in forests and mechanization of forestry works.
- Construction of boundary walls, retention walls, elephant proof walls, compound walls, construction and repair of cairns, kayyal, etc. A database on the cairns constructed will be prepared and maintained.
- Construction and de-silting of waterholes check dam, drainage facilities, drinking water facility, etc.

- Construction and maintenance of forest roads, trek paths, culverts, chain gate, chappath, elephant proof trenches, watch tower, etc.
- Construction and maintenance of solar fencing, buildings for forest protection, rest rooms for women BFOs, etc.
- Construction and maintenance of staff quarters, camp sheds, office buildings, camping facilities, etc.
- Digitization of forest boundaries and up-keeping of survey records
- Procurement/replacement of walkie-talkie equipment, communication equipment and arms and ammunitions, microchip readers, radio collars for HWC management as part of forest protection.
- Procurement of camera traps, drones, night vision binoculars, firefighting equipment for effective monitoring of interior areas.
- Procurement of modern electronic devices which helps in forestry perambulation, detection of forest fire, detection of ganja cultivation etc.
- Establishing AI based perimeter intrusion detection
- Major repairs to infrastructure damaged due to floods will also be covered under this programme.

An outlay of ₹ 2500.00 lakh is provided for implementing these activities during 2026-27. It is envisaged that 10 percent of beneficiaries of the project will be women.

3. Regeneration of Denuded Forests

(Outlay: ₹ 225.00 lakh)

The main objective of the scheme is to convert the degraded forests or acacia, eucalyptus, wattle, and teak plantations to natural forest and thereby improving the biodiversity and the ecosystem services. The scheme supports conversion of pulpwood plantations into natural forests through eco restoration, treatment of existing plantations, raising indigenous seedlings etc.

Degraded forest and failed plantations will be restocked with indigenous species. Site specific rehabilitation of degraded forest works will be taken on the strength of a perspective plan prepared through participatory micro planning. Special protection of unique eco-systems like shola forests, mangroves and other eco-systems in special areas will also be carried out under this component. An outlay of ₹225.00 lakh is earmarked for implementing these activities during 2026-27.

Component-wise outlays are as follows.

Sl. No.	Components	Amount (₹ in lakh)
1	Raising and maintenance of plantations	70.00
2	Forest fire protection and eco restoration activities	155.00
Total		**225.00**

4. Non wood Forest products including promotion of Medicinal Plants

(Outlay: ₹ 160.00 lakh)

The main outcome of the scheme is to ensure improved livelihood to forest-dependent communities through improved value addition techniques and providing a fair market for their produces. Specific objectives of the scheme include:

1. To develop sustainable harvesting protocols for NWFP
2. To develop new value addition techniques
3. To improve the livelihood of forest-dependent communities including the tribal people through increased production of value added products
4. To identify potential buyers for the sale of NWFP and institute a mechanism for sustainable and fair trade.

Major activities proposed under the scheme included developing/upgrading value addition techniques/facilities and marketing networks, supporting in- situ and ex-situ conservation of medicinal plants, setting up of infrastructure for field storage, value addition, marketing and branding of products.

An outlay of ₹ 160.00 lakh is provided for implementing these activities during 2026-27.

Component wise outlay is as follows:

Sl. No.	Components	Amount (₹ in lakh)
1	Chain linked fencing of medicinal garden	5.00
2	Conducting nature/medicinal plants awareness programmes	10.00
3	Medicinal plantations	90.00
4	Fire protection works	50.00
5	Documentation and mapping of medicinal and RET species/Biodiversity conservation	5.00
Total		**160.00**

II. Improving Productivity of Plantations

The objective of the programme is to enhance the productivity of existing plantations, to promote forestry activities and practices by combining agriculture, so that the pressure on forest eco-system due to the increased socio-economic needs is gradually reduced. The productivity of plantations can be improved by adopting modern technologies. Harvesting of plantations will be limited to the extent that could be successfully regenerated with appropriate site-specific species mix. Some of the activities proposed under the scheme are raising and maintenance of teak and other hardwood plantations, special tending operations of older teak plantations, scheme for promotion of valuable hardwood timber species like Vellakil, Kambakom, Irul, Chadachi etc.

5. Hardwood species

(Outlay: ₹ 500.00 lakh)

The objective of the scheme is to improve the plantation stock and convert poorly stocked and degraded plantations to natural forests. The outcomes of the scheme include improved plantation stock and revenue for the State exchequer. Improving the livelihoods of tribal and local people by generating and providing employment is also intended under the scheme. Plantations which are poorly stocked or degraded will be replanted/ restocked with indigenous seedlings for conversion to natural forests. The older plantations of hardwood will be fire protected. Activities under the scheme included raising of new plantations, eco-restoration sites, treatment and maintenance of existing plantations, eco-restoration sites, and raising of seedlings.

An outlay of ₹ 500.00 lakh is provided for implementing these activities during 2026-27.

Component wise outlays are as follows.

Sl. No.	Components	Amount (₹ in lakh)
1	Raising of plantations and nursery	250.00
2	Maintenance of plantations	250.00
Total		**500.00**

6. Minimum Support Price for Minor Forest Produce (25% State Share)

(Outlay: ₹ 100.00 lakh)

The main objective of the scheme is to provide means for marketing non-timber forest produce and minor forest produce by ensuring minimum support price. The scheme seeks to provide fair returns to forest gatherers for their efforts in collection and value addition to NTFP. Improvement in quality of life of forest dependent communities and also their livelihood is the expected outcome of the scheme. Support for NWFP collection by way of enhanced support price, improved facilities like collection centres, storage godowns, value addition units, branding of value added products, marketing support etc. are the objectives of the scheme. The project is implemented by State Forest Development Agency. The approved components include - (1) Procurement of wild honey, shatavari and broomgras (2) Establishment/modernisation of collection centres at FDA level (3) Creation of storage facilities at FDA level (4) Centralised collection, value addition and processing unit at State level (5) Mobile haat bazarr. An amount of ₹100.00 lakh is provided as 25 % state share during 2026-27.

7. Assistance to Kerala Forest Development Corporation

(Outlay: ₹150.00 lakh)

Renovations/ maintenance of labour lanes of plantation workers in Mananthavady and Gavi division, and Bamboo Plantations for sustainable economic development are proposed for financial assistance during 2026-27. An amount of ₹150.00 lakh is earmarked as assistance during 2026-27 to Kerala Forest Development Corporation for the above works.

Component wise outlay is as follows.

Sl. No.	Components	Amount (₹ in lakh)
1	Renovation/ maintenance of labour lanes of plantation workers in Mananthavady division	**50.00**
2	Renovation/ maintenance of labour lanes of plantation workers in Gavi division	**50.00**
3	Bamboo Plantations	**50.00**
Total		**150.00**

III. Infrastructure Development

The activities under infrastructure development comprises of construction and maintenance of Forest Department buildings and forest roads.

8. Roads

(Outlay: ₹ 400.00 lakh)

The major objective of the scheme is to strengthen forest protection activities by improving the forest roads for swift movement of staff and faster perambulation. It will also support the tribal people inside the forest areas in case of medical emergencies and other requirements. The outlay is proposed for improvement of forest roads. During 2026-27, an outlay of ₹ 400.00 lakh is provided under the scheme.

Component wise outlay is as follows.

Sl. No.	Components	Amount (₹ in lakh)
1	Up gradation/Renovation /Improvement of roads	270.00
2	Construction of chappath,causeway & Culvert	100.00
3	Paving of interlock tiles in footpath	15.00
4	Construction of retaining wall on the side of road	15.00
Total		**400.00**

9. Buildings

(Outlay: ₹ 500.00 lakh)

The major objective is to strengthen forest protection by providing basic infrastructure facilities. Major activities include construction, renovation and up-gradation of buildings under the department. The anticipated outcome includes improved forest protection. Construction and renovation of office buildings, staff quarters, station buildings, dormitory, IB, watch tower, camp sheds and check post, construction and renovation of protection wall, compound wall and retaining wall are included as the major components under the scheme.

During 2026-27an outlay of ₹ 500.00 lakh is provided under the scheme.

IV. Bio-diversity Conservation and Protected Area Management

Protection of forests and wildlife and conservation of bio-diversity are the core objectives of the scheme. Conservation measures are also extended to the fragile ecosystems like mangroves, wetlands, and sacred groves. Management of forests and wildlife, control of poaching, illegal trade in wildlife, education interpretation, and awareness programmes are the major activities.

10. Conservation of Bio-diversity

(Outlay: ₹597.00 lakh)

The main objective of the scheme is conservation of biological resources. Activities include habitat improvement, awareness creation, participatory natural resource management, maintenance of rescue centres and veterinary care for wild and captive animals owned by the government, fire protection, conduct of anti-poaching camps, water resource management, eco development activities, Wildlife Week celebrations, prevention of depredation of crops by animals, conducting training, conference and research, removal of obnoxious weeds and exotic invasive species, study on impact of climate change on forest, wildlife and biodiversity and awards for nature conservation activities. It also aims at conservation of biodiversity rich areas outside forests and protected areas like mangroves and sacred groves. Conservation of biological resources is the anticipatory outcome of the scheme. An outlay of ₹ 597.00 lakh is earmarked during 2026-27.

Component wise outlay is as follows:

Sl. No	Components	Amount (₹ in lakh)
1	Anti-poaching camps, awareness camps, wildlife and forestry days/weeks celebrations, awards and conservation, nature education centers, manning anti-poaching camp sheds and protection watchers,	280.00
2	Fire protection and fire lines, gully plugging, eradication of exotic weeds, veterinary care, post-mortem and burial of carcass of wild animals	100.00
3	Construction and maintenance of roads, paths, patrolling routes, buildings, vayals, check dams, water holes, animal hospice and palliative care unit.	70.00
4	Publicity, vista clearance, plastics and garbage removal	30.00
5	Studies /surveys/monitoring and documentation	20.00
6	Captive elephant management, support to wildlife cyber cell, wild animal rehabilitation, and maintenance of vehicles, POL charges, office and IT expenses, bird conservation	75.00
7	Conservation of bio diversity areas - Mangroves and sacred groves, biodiversity parks, butterfly parks, turtle conservation etc.	22.00
Total		**597.00**

11. Eco-Development Programme

(Outlay: ₹350.00 lakh)

The scheme addresses the issues of interface with people, particularly planning and implementation support to foster alternative livelihood system and resources management. Eco-development involves participatory conservation of natural resources wherein the participation of local communities are ensured in and around protected areas and forest areas utilizing their indigenous knowledge and experience and empowering the local communities. Eco-development programme addresses the issues of interface with people, particularly planning and implementation support to foster alternative livelihood system and resource management. Under this scheme eco development programmes in various sanctuaries will be undertaken. Improved living conditions of the forest dependent communities is the anticipated outcome of the scheme. The major activities include hamlet development programmes especially in flood affected areas of tribal hamlets, alternate livelihood programmes, training in skill up-gradation especially in handicrafts, propagate alternate energy sources and renewable energy devices, solid waste disposal, fire protection, organic farming, sanitation facilities, providing drinking water facilities, organizing camps, assistance to EDC, weed removal, and protection from forest related diseases. An outlay of ₹ 350.00 lakh is provided during 2026-27. It is envisaged that 30 per cent of the beneficiaries of the project would be women.

12. Eco Tourism

(Outlay: ₹ 600.00 lakh)

Main objective is to ensure sustainable tourism practices which include conservation of nature and wildlife, and allow local communities to benefit from tourism. Ecotourism focuses mainly on minimizing impact, building environmental awareness, improve the livelihood of forest dependent communities, and sustainable and responsible tourism. The objective of the scheme is to monitor the ecotourism projects of the State and to ensure that there is no negative impact on the social, cultural and natural environment. The eco-tourism sites in the State are managed based on the strategy of biodiversity conservation, environmental education and livelihood improvement of forest dependent communities. Specific objectives include creation of awareness, improving the livelihood of forest-dependent communities, sustainable tourism practices, and in minimizing carbon footprint. The funds will also be utilized to assess the carrying capacity of various sites as well as other studies/research. During 2026-27, an amount of ₹ 600.00 lakh is provided to implement the scheme.

Component wise outlays are as follows:

Sl. No.	Components	Amount (₹ in lakh)
1	Strengthening of various ecotourism tourism centres	400.00
2	Developing parking area for Athirapally	50.00
3	Development of premium eco-tourism destinations with sustainable low-impact infrastructure	150.00
Total		**600.00**

13. Elephant Rehabilitation Centre at Kappukkad near Kottoor

(Outlay: ₹ 200.00 lakh)

The scheme envisages setting up of a world class elephant rehabilitation centre at Kottoor in Thiruvananthapuram with facilities such as open area for elephants, open enclosures, museum, training centre for mahouts, veterinary hospital, dung recycling unit and so on. Neyyar-Peppara Forest Development Agency is the Special Purpose Vehicle for implementing the project. The outcome of the scheme includes ensuring healthy environment for the captive elephants and the mahouts' training centre and museum are going to be invaluable assets. The provisions are mainly for meeting costs of elephants, office expenses, staff cost and for maintenance of facilities including distribution of water and electricity, maintenance of vehicles, and establishing satellite centre of the rehabilitation centre in Northern Kerala. An amount of ₹ 200.00 lakh is earmarked during 2026-27.

14. Human Resources Development

(Outlay: ₹ 350.00 lakh)

Major objective of the scheme is to improve the organizational health of Kerala Forest Department through capacity building of human resources by adequate training. The existing facilities of training institutes at Walayar, Arippa and at the forestry complex at PTP Nagar to be strengthened. Other activities includes organisation of regular training programmes for the forest officials at various cadres, tribal watchers and drivers at the entry level, awareness and capacity building programmes for the various functionaries of Forest Department, NGOs, and other development agencies connected to forestry activities. The induction and in-service orientation training programmes to different levels of staff of the Forest Department will be undertaken under the scheme.

The outlay will also be utilised for conducting physical fitness training programmes including Forest sports meet, and organizing workshops and seminars by adhering to necessary protocols in existence. The staff expenses and other establishment charges will be met from non-plan and only the cost of additional facilities and training expenses will be met from this provision. It is also planned to renovate and construct buildings in the training centers, HRD office and trainee's hostel, training hall, administrative block, quarters, class rooms, upkeep and maintenance of Forest Central Library, vehicle shed, drinking water facilities, compound wall, maintenance works including fences, maintenance and fuel charges of vehicles, training costs including material costs, daily wages of workers, procurement of computers and IT supports, electronic equipment and accessories, weather station, drinking water connection and documentation. An outlay of ₹ 350.00 lakh is provided during 2026-27.

15. Integrated Development of Wild Life Habitats (CSS 60:40)

Major activities of these schemes include fire protection, construction and maintenance of trek paths, infrastructure facilities including construction and maintenance of offices, quarters, camping sheds, dormitories, provision of communication, equipment like wireless sets, vehicles, night vision devices, camera, binoculars, GPS devices, computers and accessories, construction of electric fences, rubble walls and elephant proof trenches to reduce human- animal conflict, compensation to victims of wildlife attack, training and research to strengthen biodiversity conservation, digging water holes, construction of check

dams, removal of obnoxious weeds, nature camps, exhibition of sign boards, printing and distribution of brochures, maintenance of information centres to provide wildlife education, providing alternate livelihood to the local people by way of supply of better yielding livestock, training, supply of solar lamps, sewing machines, provision of LPG, biogas plants, and smokeless chulas. The scheme activities also include management planning and capacity building, strengthening of wildlife research and education, wildlife veterinary care, staff development and capacity building, anti-poaching activities, strengthening of infrastructure, restoration of habitats, and eco-development and community oriented activities.

i. Management of Wild life Sanctuaries -16 Nos. (40% State Share)

(Outlay: ₹ 300.00 lakh)

Major objectives of the scheme includes wildlife habitats and population management, human wildlife conflict mitigation, eco-tourism, eco-development, education and awareness creation, and capacity building of staff. The provision is to meet 40% state share of CSS for the maintenance of the following 16 Wildlife Sanctuaries. An outlay of ₹ 300.00 lakh is earmarked under the scheme as 40% State share of the CSS.

Sl. No.	Name of Sanctuaries	Amount (₹ in lakh)
1	Neyyar WLS	23.00
2	Wayanad WLS	50.00
3	Idukki WLS	25.00
4	PeechiVazhani WLS	25.00
5	Peppara WLS	20.00
6	Shendurney WLS	25.00
7	Chimmony WLS	22.00
8	Aaralam WLS	22.00
9	Chinnar WLS	16.00
10	Thattekkad Birds Sanctuary	15.00
11	Mangalavanam Birds Sanctuary	5.00
12	KurinjimalaSanctuary	8.00
13	Choolannur Peacock Sanctuary	7.00
14	Malabar Sanctuary	11.00
15	Kottiyoor WLS	12.00
16	Karimpuzha Wildlife Sanctuary	14.00
Total		**300.00**

ii. Management of National Parks - 5 Nos. (40% State Share)

(Outlay: ₹ 120.00 lakh)

Conservation and management of 5 national parks through various activities as proposed in the Management Plan is included as part of the scheme. This includes wildlife

habitats and population management, human-wild life conflict mitigation, ecotourism, eco-development, education and awareness creation, capacity building and so on. The provision is to meet 40% state share of CSS for the maintenance of the following five national parks. An outlay of ₹ 120.00 lakh is provided under the scheme as 40% of the CSS.

Sl. No.	Name of National Parks	Amount (₹ in lakh)
1.	Eravikulam National Park	35.00
2.	Silent Valley National Park	40.00
3.	Anamudi National Park	15.00
4.	Mathikettanmala National Park	15.00
5.	Pampadumshola National Park	15.00
Total		**120.00**

iii. Management of Community Reserve - Kadalundi-Vallikkunnu Community Reserve (40% State Share)

(Outlay: ₹ 9.47 lakh)

Conservation and management of community reserve through various activities as proposed in the Management Plan is included in the scheme. Activities such as wildlife habitat and population management, human-wildlife conflict mitigation, eco-tourism, eco-development, infrastructure facilities, communication facilities and transportation, conservation of protected areas, training and research, capacity building, exposure visits, nature camps, public awareness creation, and raising mangrove nursery are part of this scheme. An amount of ₹ 9.47 lakh is earmarked for Kadalundi - Vallikkunnu Community Reserve. This is to meet the 40 % state share of CSS.

iv. Project Tiger - 2 Tiger Reserves (40% State Share)

(Outlay: ₹ 600.00 lakh)

Main objective of the scheme is the protection and scientific management of two tiger reserves in the State as per the Tiger Conservation Plan. Major activities in the scheme include management of tiger habitats, water sources development, population management, monitoring, mitigation of human-wildlife conflict, ecotourism, eco-development, public awareness creation and education, capacity building, research and field equipment, strengthening of infrastructure, and anti-poaching activities. Periyar tiger reserve and Parambikulam tiger reserve receive financial assistance under the scheme. An amount of ₹ 600.00 lakh is provided to meet 40% SS of the CSS.

Sl. No.	Name of Tiger Reserves	Amount (₹ in lakh)
1.	Periyar Tiger Reserve	370.00
2.	Parambikulam Tiger Reserve	230.00
Total		**600.00**

16. National Afforestation Programme-National Mission for Green India (40% State Share)

(Outlay: ₹ 200.00 lakh)

The main objectives of the scheme are sustainable development and management of forest resources, increase and improve forest tree cover, and supplementing livelihood improvement processes of forest dependent communities. National Mission for Green India (GIM), one of the eight missions under the National Action Plan on Climate Change (NAPCC), recognizes that climate change will seriously affect and alter the distribution, type and quality of natural biological resources of the country and the associated livelihood of the people. Anticipated outcome of the scheme included enhancing the quality of forest cover and improving ecosystem services, ecosystem restoration and increase in forest cover, enhancing tree cover in urban and semi-urban areas, agro-forestry and social forestry, restoration of wetlands, and promoting alternative energy systems.

Major activities proposed under Green India Mission are (1) Enhancing the quality of forest cover and improving ecosystem services (2) Ecosystem restoration and increase in forest cover (3) Enhancing tree cover in urban and peri-urban areas (including institutional cards) (4) Agro forestry and social forestry (increasing biomass & creating carbon sink) (5) Restoration of wet lands (6) promoting alternative fuel energy (7) Support activities. An amount of ₹200.00 lakh is earmarked during 2026-27 to meet 40% State share of CSS.

17. Integrated Development of Wildlife Habitats (Protection of Wildlife outside Protected Areas) (40% State Share)

(Outlay: ₹ 300.00 lakh)

The scheme intends to address the issue of human-wildlife conflict outside the protected areas in a deeper and comprehensive manner. Activities envisaged in the scheme include installation and maintenance of fencing, construction of elephant proof walls and trenches, modernization of RRTs, compensation and relief to victims of wildlife attack, and study and assessment to reduce human-wildlife conflict. The anticipated outcome of the scheme is mitigation of human wildlife conflicts in a reasonable way. An amount of ₹300.00 lakh is provided during 2026-27 to meet 40% State share of CSS.

Component wise outlay is as follows:

Sl. No.	Components	Amount (₹ in lakh)
1	Construction, maintenance and installation of fencing, elephant proof walls, and trenches	130.00
2	Modernization of RRTs and elephant squads, relief to victims of wildlife attack, engaging watchers, equipment for wildlife monitoring, and habitat improvement	150.00
3	Study and assessments, awards, survey and documentation of Nilgiri Tahir population in the landscape, camping equipment and operations, and implementation of Monitoring System for Tigers - Intensive Protection and Ecological Status	20.00
Total		**300.00**

18. Forest Fire Prevention and Management scheme (FPMS) (40% State Share)

(Outlay: ₹ 200.00 lakh)

Major objective of the scheme is to ensure forest areas free from fire and to enrich biodiversity in forest. It is also intended to protect both flora and fauna inside the forest and to use modern technology in forest fire fighting. Reduce the fire incidents and thereby protect both flora and fauna inside the forests is the expected outcome of the scheme. Important activities of the scheme are preparation and approval of Fire Management Plans and fire mapping, creation and maintenance of fire-lines, procurement of fire fighting equipment, activities related to forest fire like involving fire watchers, controlled burning, its control and management as well as the activities ancillary to fire control like water sources development, infrastructure support, awareness programmes, and capacity building. An amount of ₹200.00 lakh is earmarked during 2026-27 to meet 40% state share of the CSS.

19. Integrated Development of Wild Life habitats in Wayanad Wild Life Sanctuary for Voluntary re-location of settlements from protected areas (40% State Share)

(Outlay: ₹ 200.00 lakh)

The programme is for the voluntary re-location of tribal families settled in the Wayanad Wild Life Sanctuary. A pilot project was prepared by the Department with the support of KFRI for voluntary relocation of families from 14 settlements from Wayanad Wildlife Sanctuary under the Central government package of voluntary relocation from sanctuaries, national parks, and tiger reserves. Relocating settlements to the forest fringes help to reduce human animal conflicts and to improve access to the basic living facilities. During 2026-27, an amount of ₹200.00 lakh is provided as 40% SS of the CSS.

20. Development of Wildlife Habitats - Recovery Programme (40% State Share)

The programme is for the recovery of endangered species like Nilgiri Tahr in Munnar and Silent Valley region and vultures in the Wayanad Wildlife Sanctuary.

i. Recovery Programme for Nilgiri Tahr

(Outlay: ₹ 26.09 lakh)

The main objective of the scheme is recovery of endangered species like Nilgiri Tahr in Munnar/Silent valley region. The objectives envisaged include identify, map and assess the existing and potential Nilgiri Tahr habitats in the State; population estimation and monitoring; involving tribes in Tahr conservation; habitat management and protection of fragile eco system for Tahr conservation, and awareness creation and capacity building.

Major components proposed in the scheme includes assessment of Tahr habitat management and mapping, management of grasslands, infrastructure development, protection of eco-systems including fire protection, involving tribes in the conservation, restoration of habitat connectivity, research, studies and public awareness creation, intelligence gathering, control of epidemics, and printing brouchers and pamphlets.

An amount of ₹ 26.09 lakh is provided during 2026-27.

ii. Recovery Programme for Critically Endangered Species

(Outlay: ₹ 11.44 lakh)

The main objective of the scheme is recovery programme for the endangered species of vultures in Wayanad Wildlife Sanctury. The objectives envisaged include estimation of population, protection of nesting sites, awareness programmes for vulture conservation, and developing education materials for increasing awareness on vulture conservation.

Major components in the scheme includes population estimation of vultures, vulture protection including from fire, machans in sensitive areas, fire awareness prgramme, awareness camps, CWRF lab modification, veterinary care, workshops and refresher courses for veterinary surgeons, documentaries, printing expenses, field data book, engagement of research fellows, setting up of surveillance systems, procurement of camera, monitoring system for protection, provision of protection gears and living amenities. An amount of ₹ 11.44 lakh is provided during 2026-27.

V. Resources Planning & Research

21. Infrastructure Development (Rural Infrastructure Development Fund-RIDF)

(Outlay: ₹ 5030.00 lakh)

The major objective of the scheme is to strengthen forest protection by providing infrastructure facilities and to improve the ecosystem services by taking up eco-restoration works and converting areas to natural forests. The anticipated outcome of the scheme includes strengthening of forest protection, improved ecosystem services, and improved livelihood of forest-dependent communities.

Major infrastructure works such as setting up of forest station complexes, interior area camps, development of group accommodation, measures to reduce human- animal conflict, infrastructure for environmental education programmes, establishing conservation parks, up-gradation of existing forest roads, establishing drinking water projects, development of roads and bridges, construction of integrated check post, knowledge centre, training centre, eco-shop in check post complex, and eco-restoration activities will be undertaken. The scheme intends to establish an international centre for training and research in nature conservation. An amount of ₹ 5030.00 lakh is provided for projects under RIDF of NABARD for 2026-27. The allocation is to meet the execution costs of works sanctioned/ expected to be sanctioned in various NABARD Tranches. In the case of new projects, detailed project reports have to be recommended by Government to NABARD for sanction. It is envisaged that 10 percent of the beneficiaries of the project would be women.

22. Forest Management Information System and GIS

(Outlay: ₹ 150.00 lakh)

The objective of the scheme is to increase the use of digital technology in the Forest Department's service delivery and connectivity. The outcome of the scheme is to make Kerala Forest department, a paperless organization in the foreseeable future with information at fingertips. The scheme also envisages developing Geo-Spatial Information Management System as a common platform. For undertaking Forest Management Information System and GIS works, an amount of ₹ 150.00 lakh is provided during 2026-27. Components under the

scheme includes procurement of desktops, workstations, laptops, MFP devices, scanners, UPS, Routers/Wi-Fi devices/networking equipment and connected hardware and software, antivirus solutions, Windows licenses, batteries, photocopiers, printers, projectors, maintenance/AMC of computers, laptops and all other accessories including peripherals and repair of IT and electronic equipment, website and online soft-ware maintenance, internet connection maintenance and vehicles maintenance and POL charges, and expenses of contract staff. Components also include preparation of project proposals, concept notes, conducting workshops and FMIS/GIS related training, and all e-governance initiatives. Development of new online solutions and modules, and conducting security audit of online modules are also part of the scheme.

23. Measures to reduce Human - Animal Conflict

(Outlay: ₹10000.00 lakh)

Despite a lot of efforts, human-wildlife interface related issues are prevailing in the State. Crop depredation, killing of human beings, loss of property, and cattle by wild animals in forest fringes is a serious problem in many parts. A number of steps have been taken up to reduce human- animal conflicts. During 14th Five Year Plan, a long term strategy was formulated focusing on the fundamental causes of human- wildlife conflicts. During 2026-27, more focus will be given on the improvement of wildlife habitats, preventive measures including physical barriers, strengthening Rapid Response Teams (RRT), people's participation and early warning system, publically funded insurance scheme, conducting awareness campaigns on suitable cropping/land use pattern, wildlife rescue and release operations, relocation of habitations from interior forests, vayal maintenance and vista clearance, fire management, construction and maintenance of ponds/waterholes, check dams, procurement of camera traps and other instruments, installation of street light/solar street light and flickering lights in vulnerable areas and technology-assisted monitoring. The scheme will also cover other HWC management measures including compensation. The expected outcome of the scheme includes reduced number of incidence of human-wildlife interface.

An amount of ₹ 10000.00 lakh is provided during 2026-27 for implementing the activities under this programme. It is envisaged that 30 per cent of the beneficiaries of the project would be women.

24. Zoological Park, Wild life protection and Research Centre, Puthur

(Outlay: ₹ 600.00 lakh)

The objective is to develop a zoological park of international standards at Puthur in Thrissur. The existing Thrissur Zoo is shifting to another site where sufficient space is available for rehabilitating the animals. A master plan has been prepared for establishing a Zoological park in 136 hectares of forest land at Puthur, Pattikkad range, Thrissur Division. The work of establishing the Zoological Park is in final phase.

The revised outlay of the project is ₹ 360 crore to be implemented in three phases. Phase I is implemented under the State Plan. The activities envisaged under the state plan assistance include maintenance and upkeep of infrastructure facilities, maintenance of zoo animals, establishment charges including the expenses of contract animal keepers/staff, office

expenses, repair and maintenance of water treatment plant and POL of vehicles, and establishment of safari for herbivores. An amount of ₹600.00 lakh is earmarked during 2026-27.

25. Extension Forestry - Extension, Community Forestry and Agro Forestry

(Outlay: ₹600.00 lakh)

The scheme aims at enhancing the green cover outside forests, protect special habitats outside forests, to create awareness among the public on the importance of biodiversity conservation, and to promote urban forestry. It is anticipated to help in developing public awareness creation on the importance of conservation of biodiversity and improve greenery outside forest area.

Major activities under this scheme include seedling production and distribution for tree planting campaign, developing tree lots in rural and public lands under various brand names, setting up of Nakshatravanam, urban forests, educational forests, eco restoration and river bank stabilization, incentivisation of private forestry, tree banking, rejuvenation of forestry clubs, maintenance of Sanjeevanivanam and setting up of medicinal gardens, extension activities and conduct of nature camps and awareness classes, maintenance of bio-shields, functioning of Forestry Information Bureau, developing agro forestry models including supply of high quality seedlings at reasonable rates, carrying out joint programmes with local self-government institutions including Vriksha Samrudhi programme. The activities in connection with the promotion of tree growth in Non-Forest Areas Act and Rules, conservation of water bodies, celebration of World Environment Day, International Day of Forestry, Earth Day, Vanamahotsavam, Wildlife Week etc. are also included under this programme. It is also proposed to set up Vidyavanam and Nagaravanam in all districts and to take measures to improve different types of ecosystem outside forest areas like mangroves and sacred groves. Strengthening of District level extension centres is also part of the scheme.

The extension activities include publications including Aranyam, organizing forestry clubs, film shows in educational institutions, institution of awards in recognition of exemplary works in environmental conservation, arranging and participation in exhibitions, participation in state sponsored festivals, making of documentaries and audios and broadcasting the same through radios and television channels, publishing of books for environmental education, and transportation and other hiring expenses related to extension. Scheme also envisages formation of Forestry Clubs in each Panchayat and meeting the transportation activities connected to extension activities. Biodiversity conservation activities such as conducting birds/ turtle survey/ turtle conservation, biodiversity parks and citizen conservator programme, medicinal gardens, herbal gardens, Suvarnodyanam, District permanent nursery, maintenance of building and vehicles, rejuvenation of water bodies, stabilization of river banks, and wages of daily wage workers are also part of the scheme. An outlay of ₹ 600.00 lakh is provided during 2026-27 for implementing the schemes under this programme.

26. Resource Planning and Research

(Outlay: ₹ 100.00 lakh)

The major objective of the scheme is to prepare/revise the working plans and management plans of various forest divisions. The Working Plans and Management Plans are the documents prepared on scientific basis for management of the forest for a period of 10 years for each division. The required field inventory has to be made for preparing the working plans.

There are six silvi cultural research units under two Research Divisions in the State. There is a Forest Resource Survey Cell also functioning in the department. Maintenance of existing research plots and carrying out fresh research activities are envisaged under this scheme. Improved productivity of plantations, forest fire prevention and management, silvi-cultural operations, infrastructural facilities, data collection and analysis, improved knowledge base, soil analysis of various working plans, and preparation of working plans are included under the scheme. Information on productivity, maintenance of seed production areas, forest health, invasive species, participatory forest management, fire management, protection and enforcement, human-wildlife conflict, plantation management, Non-wood Forest Products (NWFP) management, hydrology improvement, addressing climate change, capacity building, scientific data collection and analyses are the other components under the scheme. An outlay of ₹ 100.00 lakh is provided during 2026-27.

27. Project Elephant (40% State Share)

(Outlay: ₹ 350.00 lakh)

The objective of the scheme is to protect the elephant and to improve its habitats. Elephant habitat of the State falling in the Western Ghats have four elephant reserves namely Periyar, Anamudi, Nilambur and Wayanad. Better protection and improvement of the habitat of elephants and protection of people and their crops from elephant attacks are the objectives of the scheme. Major activities envisaged in the scheme include protection and improvement of elephant habitats, captive elephant management and welfare, eliciting public cooperation and mitigation of human elephant conflict, improved supports services including monitoring, research and training etc. An amount of ₹ 350.00 lakh is earmarked to meet the 40% state share of CSS and thus protecting the people and their crops from elephant attacks.

Component wise outlay is as follows:

Sl. No.	Components	Amount (₹ in lakh)
1	Anti-poaching activities and intelligence gathering	44.00
2	Clearing protection paths, engaging tribal watchers and local people, immunization of cattle around ER	58.00
3	Clearing fire lines, engaging fire mazdoors	80.00
4	Soil and water conservation	20.00
5	Construction and maintenance of fences and trenches	41.00
6	Compensation to victims of wildlife attack, expenses of rapid response teams and wildlife squads, dealing rogue elephants	67.00

7	Non-conventional energy sources/medical camps/ translocation of elephants	10.00
8	Elephant day celebrations, elephant census, nature camps, research and monitoring, trainings, awareness programme, provision of infrastructure and welfare of captive elephants	15.00
9	Creation and maintenance of infrastructure, rescue center, veterinary care and allied activities	15.00
Total		**350.00**

28. Conservation of Natural Resources and Ecosystems (40% State Share)

Kerala has two Biosphere Reserves - Nilgiri Biosphere Reserve and Agasthyamala Biosphere Reserve. Biosphere reserves help to integrate conservation with sustainable use at the landscape level so that the complementarities are fully tapped and conflicts minimized.

i. Nilgiri Biosphere Reserve (NBR) – (40% State Share)

(Outlay: ₹ 180.00 lakh)

Total area of Nilgiri Biosphere Reserve is 5520.4 sq km; of which the area of Kerala part is 1455.4 sq km. The forest divisions coming under Nilgiri Biosphere Reserve are Wayanad Wildlife Sanctuary, Silent Valley National Park, Nilambur South, Mannarkkad, Palakkad, Nilambur North, Kozhikode and Wayanad South. The main activities in the scheme included value addition activities (NTFP processing units), setting up of pilot projects, habitat improvement activities, rehabilitation of landscape of threatened species and ecosystem, development of ecotourism, socio economic upliftment of local communities, maintenance of protection corridors, thrust areas of research and monitoring etc. During 2026-27, ₹ 180.00 lakh is provided as 40% SS of the CSS.

ii. Agasthyamala Biosphere Reserve (ABR) – (40% State Share)

(Outlay: ₹ 120.00 lakh)

Total area of ABR is 3500 sq. km; the area of Kerala part of ABR is 1828 sq.km extends to the Southern part of Western Ghats. The amount proposed is for the improvement of the biosphere in the Agasthyamala Hill Ranges, which includes Neyyar, Peppara, Shendurney Wildlife sanctuaries, Achencoil, Thenmala, Konni, Punalur and Thiruvananthapuram territorial divisions and Agasthyavanam Biological Park Range. The main activities proposed are value addition activities, setting up of pilot projects, habitat improvement activities, rehabilitation of landscape of threatened species and ecosystem, development of ecotourism, socio economic upliftment of local communities, maintenance of protection corridors, thrust areas of research and monitoring etc. During 2026-27, ₹ 120.00 lakh is provided as 40% SS of the CSS.

29. Eco-restoration

(Outlay: ₹ 31.00 lakh)

The state government has brought out Eco-restoration Policy in 2021 aiming at restoration of natural ecosystems and processes fundamental to the existence and wellbeing. Scheme aims to restore areas planted with species like eucalyptus, acasia, wattle, etc. in forest

areas to other natural state. It is through replanting/enrichment planting with native species, coupled with measures to safeguard against fire and soil erosion. The scheme also seeks to enrich degraded monoculture plantation areas of forest areas to eliminate invasive alien species, conserve mangroves and sacred groves, and protect coastal areas, river banks, and other relevant ecosystems. An outlay of ₹ 31.00 lakh is earmarked during 2026-27.

30. Forest Fire Prevention and Management – TSP (40% State Share)

(Outlay: ₹100.00 lakh)

The broad objective of the scheme is to ensure forest areas free from fire by using modern technology, to enrich biodiversity of forest, and to protect both flora and fauna. This scheme is only tribal sub plan for benefiting the tribal people. Anticipated outcome include protection and provision of livelihood support to tribal communities. Major activities in the scheme include incentivizing villages/communities for protection against forest fire through forest management approach, engagement of fire watchers, and awareness campaigns. During 2026-27, ₹ 100.00 lakh is provided as 40% SS of the CSS.

31. Kozhikkode Biological Park

(Outlay: ₹ 500.00 lakh)

The Kozhikode Biological Park is envisioned as a landmark conservation and education project that will strengthen wildlife management efforts in the Wayanad landscape, one of the most important tiger habitats in the country. Designed as a center for wildlife care, conservation research, education, and nature-based tourism, the park aims to promote biodiversity conservation, scientific research, ecotourism, and environmental education by providing a sanctuary for indigenous flora and fauna of the Western Ghats. Integrating conservation with regulated visitor engagement, the project aspires to create a model for sustainable wildlife management that fosters public appreciation for nature while contributing to eco-tourism development in northern Kerala. The scheme will be implemented in two phases.

Component wise outlay is as follows:

Sl. No.	Components	Amount (₹ in lakh)
1	Construction of reception centre, Bio Resource Park, picket station and wash rooms	425.00
2	Arrangements for water supply and electricity	50.00
3	Supply of furniture, computer, CCTV, Signages etc	10.00
4	Development of Website, e-ticketing software etc	10.00
5	Conducting workshops, meeting, printing charges, office expenses etc	5.00
Total		**500.00**

An outlay of ₹500.00 lakh is earmarked during 2026-27.

1.8 MARKETING, STORAGE & WAREHOUSING

The total outlay provided during 2026-27 under Marketing, Storage & Warehousing and other programmes is ₹ 16,431.00 lakh. This includes, an amount of ₹ 1000.00 lakh allocated under RIDF and ₹ 10,000.00 lakh under externally aided project for the World Bank funded KERA project.

The World Bank funded Kerala Climate Resilient Agri Value Chain Modernization Project aims to promote resilient commercialization of Kerala's food and agriculture sector for small holder farmers, agri-based MSME's, FPOs and Start-ups. The total project cost envisaged is 285 million US Dollars with estimated World Bank assistance of 200 million US dollars.

A. Agriculture Marketing and Post-Harvest Management

Assured/enhanced income to farmers, development of a robust well-designed and efficient marketing system for agricultural produce, prevention of post-harvest losses and promotion of value addition for increased price are the activities to be focused.

1. Support for marketing of agricultural produce

(Outlay: ₹ 4390.00 lakh)

The objective of the programme is to address the issues related to price fluctuation, lack of efficient marketing system and post-harvest losses. Strengthening of existing market infrastructure, coordinating the functioning of markets at various levels in collection, transportation, storage and processing, strengthening of market intelligence and adoption of innovative technologies in agricultural marketing are the major focus areas.

The component wise breakup of outlay for 2026-27 for this programme is given below.

Sl. No.	Component	Amount (₹ in lakh)
I	Market Development	
1	Strengthening of agricultural wholesale markets and district procurement centres-operational expenses and infrastructure development	110.00
2	Agmarknet & Market Intelligence	45.00
3	State Agricultural Prices Board	80.00
4	WTO Cell - Operational expenses	5.00
5	Strengthening of agriculture wholesale market-transportation subsidy	150.00
6	Project based assistance to ecoshops	100.00
7	Engaging Karshaka mitras in potential panchayats	45.00
8	Price incentive for branded organic products marketed through institutional channels	100.00
9	Development and maintenance of portals related to marketing	5.00
10	Supply Chain Management Including Cold Chain Segment	50.00

Sl. No.	Component	Amount (₹ in lakh)
	Sub Total (Market Development)	**690.00**
II	Market intervention support for price stabilization including support for base price fixed to fruits and vegetables.	2200.00
III	a. Market development support to VFPCK (New)	500.00
	b. Green coconut procurement through VFPCK	1000.00
	Grand Total	**4390.00**

I. An amount of ₹ 110.00 lakh is earmarked for infrastructure development and operational expenses of agriculture wholesale markets and district procurement centers. The functioning of these markets will be in accordance with the e-NAM guidelines so as to facilitate unified market for agricultural commodities. Infrastructure development of the wholesale markets will be undertaken on priority basis based on the action plan prepared by the market secretaries in consultation with the market executive committee. The action plan with estimate from Government accredited agency will be submitted to the Director of agriculture for approval. The work will be entrusted to accredited agencies.

The current market information will be made available to farmers for selling their produce. The up-to-date data will be collected and uploaded to website to be accessible by farmers. An amount of ₹ 45.00 lakh is earmarked for Agmarknet and market intelligence.

An amount of ₹ 80.00 lakh is set apart for Kerala State Agricultural Prices Board and ₹5.00 lakh to WTO Cell as operational expenses.

In order to motivate the farmers to bring their produce to departmental markets for auction and to avail the direct marketing facilities, transportation subsidy will be provided for which an amount of ₹ 150.00 lakh is allocated. Detailed guidelines in this regard will be issued by the Director of Agriculture.

Project based assistance will be provided for development of ecoshops for marketing of organic farm products produced locally for which an amount of ₹ 100.00 lakh is allocated.

Karshaka mitras will be engaged in potential panchayats for effective coordination of marketing of surplus farm produce from farmers field to the collection centre/market thereby facilitating sale of produce and income to farmer. Graded incentive structure to karshakamitras based on quantity procured by each Karshaka mitra will be followed. An amount of ₹ 45.00 lakh is earmarked for engaging Karshaka mitras. The service of karshakamitras shall also be utilized in farms covered under Farm Plan based development without additional financial commitments. Facility will be made available in KATHIR app to track their activities and value of goods transacted.

An amount of ₹ 100.00 lakh is earmarked for price incentive for branded organic products marketed through institutional channels. Price incentive will be provided for certified organic products at 10 per cent of their purchase price.

This scheme will also support the development and maintenance of portals related to marketing and an amount of Rs.5.00 lakh is earmarked for this purpose.

An amount of ₹ 50.00 lakh is set apart for supply chain management including cold chain segment. The integration of funds available under Central Sector schemes viz. MIDH, SMAM etc. will be explored for activities related to marketing and supply chain management including cold storage for efficient utilization of resources.

II. An amount of ₹ 2200.00 lakh is earmarked as market intervention support for price stabilization including base price support fixed for vegetables and fruits to farmers. The amount will be utilized for procurement operations through designated agencies on selected agricultural commodities to help to regulate the fluctuation in market prices and provide good quality vegetables and fruits to beneficiaries at reasonable prices especially during the festival season. Out of this, an amount of ₹ 50.00 lakh is earmarked to provide the announced base price for fruits and vegetables to farmers, in the event of decline in prices. No additional fund will be earmarked for this purpose.

III. In 2026-27, an amount of ₹ 1500.00 lakh is earmarked for market development support to VFPCK including green coconut procurement. VFPCK will be the implementing and operating agency for this.

a. Out of this, an amount of ₹ 500.00 lakh is earmarked for market development support to VFPCK. The activities such as establishment of new farmer markets, strengthening of existing markets, and support for processing, transportation and logistics will be supported under the scheme. This scheme will be strictly monitored by a State level Monitoring Committee, comprising of CEO, VFPCK, Director of Agriculture, Chief, Agriculture Division, State Planning Board on a regular basis. The CEO, VFPCK will constitute the committee in the month of April 2026.

b. It is envisaged to help the coconut farmers of the State through green coconut procurement during 2026-27 thereby facilitating remunerative price to farmers. An amount of ₹ 1000.00 lakh is earmarked exclusively for green coconut procurement through VFPCK ensuring a transparent mechanism. The facilities provided through NAFED shall be fully tapped in the procurement process. A strict surveillance mechanism for procurement and market intervention activities will be set up at State level under the Chairmanship of Agricultural Production Commissioner. CEO, VFPCK, and other members of departmental working group will be members of the committee. The committee will meet at quarterly intervals and discuss the progress and operational issues of the scheme.

2. Post-harvest management & Value addition

(Outlay: ₹ 800.00 lakh)

The objective of the scheme is to promote medium, small and micro agro processing/value addition units ensuring income increase to farmers, revamping Farmer Producer Organisations and generating employment opportunities. Promotion of innovative technologies in value addition and entrepreneurship in agriculture will also be supported. Small Farmers Agri Business Consortium (SFAC) will implement these activities performing the role of a nodal agency.

The component wise breakup of the outlay of ₹ 800.00 lakh for the scheme during 2026-27 is shown below.

Sl.No.	Component	Amount (₹ in lakh)
1	Support to value addition – micro, small and medium agro processing units through SFAC	150.00
2	Support for value addition units and marketing in Govt.sector/ PSUs/ Co-operatives/Kudumbasree units/FPOs through SFAC	100.00
3	Promotion of apiculture and production of honey and its value added products	100.00
4	Operational support to SFAC including training	100.00
5	Revamping of existing FPO through SFAC (project based)	200.00
6	Project based support to small and medium sized processing initiatives through FPOs	150.00
	Total	**800.00**

Project based support for micro, small and medium agro processing/value addition units, individual/SHG based value addition units will be provided through SFAC for which an amount of ₹ 150.00 lakh is earmarked. An amount of ₹ 100.00 lakh is set apart for providing assistance to small and medium value addition units in Government sector/PSUs/ Cooperatives/FPOs through SFAC. Wherever necessary, projects may be implemented in co-ordination with Krishi Bhavans. All the proposals / projects will be vetted by SFAC and approved for implementation as per the existing operational guidelines of MSME scheme. The vetting, monitoring and evaluation of the projects will be done by a team of experts constituted at SFAC from within the officials trained for the purpose in reputed institutions like IRMA, CFTRI, IIM etc.

The support for apiculture and honey production will be continued for the benefit of honey growers and promotion of value added honey products through HORTICORP. An amount of ₹ 100.00 lakh is set apart for this component. Convergence of apiculture supporting programmes under MIDH will be ensured.

An amount of ₹ 100.00 lakh is set apart as operational support to SFAC including training.

Considering the importance of promoting Farmer Producer Organizations in the field of agricultural production, processing and marketing, an amount of ₹ 200.00 lakh is allocated for revamping the existing Farmer Producer Organisation through SFAC. The proposals for revamping will be submitted to SFAC and assistance will be provided in project mode after proper vetting. The amount will be provided as one time assistance. Last year projects will not be considered.

An amount of ₹ 150.00 lakh is set apart for project based support to small and medium agro processing initiatives through FPOs.

During 2026-27, the scheme will be implemented in convergence with the KERA project.

3. Kerala Climate Resilient Agri Value Chain Modernization Project (KERA) (EAP)

(Outlay: ₹ 10000.00 lakh)

The objective of the World Bank funded 'Kerala Climate Resilient Agri Value Chain Modernization Project' (KERA) is to enhance resilient commercialization of Kerala's food and agriculture sector for small holder farmers, agri-based Micro, Small, Medium Enterprises (MSMEs), Famer Producer Organisations (FPOs) and Start-ups thereby invigorating local economic development. The components of the project include climate resilience and mitigation in Agriculture, enhancing small holder commercialization for local economic development through value addition, Project Management Unit and strengthening agribusiness, FPOs, FPCs, Agri-tech start-ups and Food and agriculture SMEs. During 2026-27, an amount of ₹ 10000.00 lakh including the State share is allocated for the project. The project will be implemented with the active support of Industries department for value addition component of the project. The activities under KERA project will be integrated with various schemes based on suitability and feasibility.

4. Assistance to Kerala State Ware housing Corporation

(Outlay: ₹ 11.00 lakh)

With the objective of improving the storage capacity of agricultural produce in the State more number of agri warehouses will be constructed. During 2026-27, an amount of ₹ 11.00 lakh is set apart as assistance to Kerala State Warehousing Corporation. Out of this, an amount of ₹ 10.00 lakh is for computerization of warehouses and ₹ 1.00 lakh for construction of godowns. The funds allocated under RIDF will be utilized for construction of warehouses.

5. Infrastructure Development under RIDF

(Outlay: ₹ 1000.00 lakh)

An amount of ₹ 1000.00 lakh is earmarked under RIDF for the implementation of infrastructure works in Agriculture sector. Out of this ₹ 300.00 lakh is provided to Kerala State Warehousing Corporation for construction of Smart Agri Warehouses.

B. Other Programmes

1. Farmer Welfare Fund Board

(Outlay: ₹ 200.00 lakh)

The pension schemes and welfare programmes implemented through Agriculture Development & Farmers Welfare Department will be taken up through the Farmer Welfare Fund Board. During 2026-27, an amount of ₹ 200.00 lakh is earmarked under this programme for operational expenses of the Board. However, purchase of vehicles is not allowed under the scheme.

2. International Research and Training Centre for Below Sea level Farming, Kuttanad

(Outlay: ₹ 30.00 lakh)

An outlay of ₹ 30.00 lakh is provided for popularizing innovative activities, resolving field problems of Kuttanad region and for operational expenses during 2026-27.

II. RURAL DEVELOPMENT

An outlay of ₹ 199800.00 lakh is provided for the Rural Development Sector for the year 2026-27. Of this ₹ 59810.00 lakh is for Rural Development programmes and ₹ 139981.00 lakh for Community Development & Panchayaths.

Sl. No.	Sector/Schemes	Amount 2026-27 (₹ in lakh)
II	**RURAL DEVELOPMENT**	
2.1	**Rural Development Programmes**	
1	Construction of office building for the newly formed Block Panchayats	300.00
2	Mahatma Gandhi National Rural Employment Guarantee Programme (MGNREGP)	23009.00
3	Employment Guarantee Programme (New Scheme)	1.0
4	Pradhan Mantri Gram Sadak Yojana (PMGSY) (40% State Share)	9500.00
5	State Support for PMGSY	3000.00
6	Information Centres in Block Panchayats	200.00
7	Pradhan Mantri Krishi Sinchai Yojana (PMKSY) - Watershed Component (40% State Share)	1000.00
8	Modernistion and Strengthening of E-Governance Initiatives of LSGD	650.00
9	Silk Samagra (25% State share)	40.00
10	Eradication of Extreme Poverty	200.00
11	New India Literacy Programme (40% State share)	10.00
12	Kerala State Literacy Mission Authority	2020.00
13	Construction of LSGD complex at State Level	300.00
14	Construction of building for LSGD Joint Director's office	300.00
15	**Schemes implemented through Local Governments**	
1	RIDF – NABARD assisted scheme	3630.00
2	Deendayal Antyodaya Yojana – National Rural Livelihoods Mission (DAY-NRLM) (General) (40% State Share)	8850.00
3	Pradhan Mantri Awaas Yojana - Gramin (PMAY – G) (General) (40% State Share)	6500.00
4.	Pradhan Mantri Janjati Adivasi Nyaya Maha Abhiyan (PMAY-JANMAN) (40% State Share)	300.00
	Sub Total (Rural Development Programmes)	**59810.00**

2.2	**Community Development and Panchayats**	
1	Kudumbashree	27500.00
2	KILA - Centre of Excellence on Decentralisation and Local Governance

2.1 RURAL DEVELOPMENT PROGRAMMES

1. Construction of office building for the newly formed Block Panchayats

(Outlay: ₹ 300.00 lakh)

The scheme was started in 2011-12 for the construction of office buildings for the newly formed six Block Panchayats. An amount of ₹ 300.00 lakh is provided during

2026-27 for the construction of a new building for Alangad Block Office. The construction of buildings for Kodamthuruth and Koottikkal Grama Panchayaths can also be met from the scheme.

2. Mahatma Gandhi National Rural Employment Guarantee Programme (MGNREGP)

(Outlay: ₹ 23009.00 lakh)

Mahatma Gandhi National Rural Employment Guarantee Programme is one of the 'core of the core programmes' of the Government of India, implemented on a cost-sharing basis by the Centre and State. Hundred per cent of the unskilled wage & administrative costs and 75% of the material costs are borne by the Centre, whereas 25% of the material costs are met by the State. The National Rural Employment Guarantee Act seeks to provide for the enhancement of the livelihood security of the households in rural areas by providing at least 100 days of guaranteed wage employment with minimum wages in every financial year to every household whose adult members volunteer to do unskilled manual work and register their names with the LSGIs concerned. All workers, regardless of gender, are entitled to get equal wages under the programme. MGNREGP is a demand-driven programme. The State Government has initiated several steps to utilise the full potential of MGNREGP through convergence with other departmental schemes and Mission programmes such as Kudumbashree Mission, LIFE Mission, Suchitwa Mission, Haritha Keralam, Subhiksha Keralam, and Watershed development, which focus on similar focal points and by meticulous planning and earnest implementation. In 2026-27, the scheme will continue till the new employment guarantee programme of the GOI, VB-G RAM G scheme is rolled out, and a subsequent order is issued.

The total amount provided for the scheme is as follows.

Sl. No	Components	Financial Outlay 2026-27 (₹ in lakh)		
		Central share	State share	Total
1	Unskilled wages (100% Central share)	387450.00		387450.00
2	Material cost (Central Share: State share 75:25)	68804.00	22934.00	91738.00
3	Administrative cost (100% Central Share)	24276.00		24276.00
4	Salary provision for the mission staff (only for meeting those costs which are not allowable under central share of the administrative cost-100% State share)	0.00	75.00	75.00
5	Cluster Facilitation Project (CFP)- (100% Central Share)	40.00		40.00
6	Social Audit Unit (100% Central Share)	2700.00		2700.00
7	Stipend under Project UNNATI (100%Central Share)	500.00		500.00
	Total	**483770.00**	**23009.00**	**506779.00**

As per the MGNREG Act, at least 1/3rd of the beneficiaries shall be women who have registered and requested work under the scheme. However, in Kerala, it is expected that more than 90% of person-days generation will be by women workers. The scheme comes under the broad umbrella of 'Haritha Keralam Mission'.

An amount of ₹ 23009.00 lakh is provided for the scheme as state share during 2026-27.

3. Employment Guarantee Programme (40% State Share) New Scheme

(Outlay: ₹ 1.00 lakh)

The central government has approved a new employment Guarantee Act, Viksit Bharat - Guarantee for Rozgar and Ajeevika Mission (Gramin) that replaces the Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA) with the objective of strengthening rural job creation and livelihood security. The expenditure of the Viksit Bharat - Guarantee for Rozgar and Ajeevika Mission (Gramin) will be met from this scheme. The funding pattern of the scheme between the Centre and the State is in the ratio of 60:40. As the scheme yet to be rolled out, a token provision of ₹ 1.00 lakh has been allocated for the scheme in 2026-27, in anticipation of the funds to be released from the Central Government.

4. Pradhan Mantri Gram Sadak Yojana (PMGSY) (40% State Share)

(Outlay: ₹ 9500.00 lakh)

Pradhan Mantri Gram Sadak Yojana (PMGSY) aims to establish rural connectivity by connecting unconnected habitations with high-quality, all-weather-resistant roads. The Kerala State Rural Roads Development Agency (KSRRDA) is the nodal agency that will implement the scheme. The funding pattern of the scheme between the Centre and the State is in the ratio of 60:40. An amount of ₹ 9500.00 lakh is provided as the 40% state share for the scheme during 2026-27.

5. State Support for PMGSY

(Outlay: ₹ 3000.00 lakh)

In the case of Pradhan Mantri Gram Sadak Yojana (PMGSY), in addition to the State share, the expenditure towards tender excess, SOR revision, shifting of utilities, quality monitoring, and maintenance of PMGSY roads which had completed the defect liability period, roads which are damaged due to natural calamities, completion of balance works of PMGSY I and II works and strengthening of e-office are to be met by the State. The scheme is for meeting such expenses. An amount of ₹ 3000.00 lakh is provided for the scheme during 2026-27.

6. Information Centres in Block Panchayats

(Outlay: ₹ 200.00 lakh)

The scheme's objective is to set up Block Information Centres (BIC) in Block Panchayats, which would function as a 'Kiosk of Information' to provide all information regarding service delivery and all development schemes to the rural people. The centre would provide information regarding all the development schemes implemented by local governments. BICs can act as multi-purpose information centres or resource hubs to ensure timely service delivery, to facilitate grievance redressal and strengthen citizen engagement. Apart from providing information on development schemes to the public, it can provide vital inputs for planning to the local governments and particularly steer local economic

development by functioning as a facilitation centre for fostering entrepreneurship development and employment generation. It would also provide a single window for web-enabled e-governance services in rural areas.This facility can also be used as a platform for consultation with experts, research and development agencies and higher education institutions to draw out innovative local plans. An amount of ₹ 200.00 lakh is provided for the scheme during 2026-27 to set up Block Information Centre in the remaining Block Panchayaths. RGSA fund may also be pooled in for the implementation of the scheme.

7. Pradhan Mantri Krishi Sinchai Yojana (PMKSY) - Watershed Component (40% State Share)

(Outlay: ₹ 1000.00 lakh)

The Government of India merged the erstwhile Integrated Watershed Management Programme (IWMP) with the Pradhan Mantri Krishi Sinchai Yojana (PMKSY) in 2015-16, and thereafter IWMP is being implemented as watershed component of the PMKSY. The sharing pattern of the scheme between the Central and State Governments is in the ratio of 60:40. New Generation Watershed Development Programme WDC- PMKSY 2.0 was launched in the year 2021-22 with a revised guideline The main objective of the scheme is to restore the ecological balance by harnessing, conserving and developing degraded natural resources such as soil, water, vegetative cover and natural springs. The main activities includes Natural resource management, production systems, livelihood activities and capacity building among the community to ensure the efficient execution of the project in a participatory model. The outcomes envisaged in the scheme are prevention of soil erosion, regeneration of natural vegetation, rain water harvesting, recharging of groundwater and rejuvenation of springs to enable multi-cropping and the introduction of diverse agro based activities which help to provide sustainable livelihoods to the people residing in the watershed area. The project envisages doubling farmers' income by improving productivity and value addition of products through Farmer Producers' Organisations. The major activities targeted in 2026-27 are the preparation of a Detailed Project Report, watershed development works, livelihood activities & micro enterprises, production system, consolidation activities, administration, monitoring, institution & capacity building activities and NRM Governance. The provision can also be utilised for the completion of on-going projects sanctioned by GoI in the previous years. The scheme comes under the broad umbrella of 'Haritha Keralam Mission'. A portion of Natural Resource Management (NRM) works of PMKSY can be converged with MGNREGP. An amount of ₹ 1000.00 lakh is provided for meeting the 40% State share of PMKSY - Watershed component projects during 2026-27.

Category wise details of PMKSY - Watershed Component during 2026-27

Sl. No	Name of Category	Outlay (₹ in lakh)
1	General	700.00
2	SCSP	200.00
3	TSP	100.00
	Total	**1000.00**

8. Modernization and Strengthening of e-governance initiatives of Local Self Government Department

(Outlay: ₹ 650.00 lakh)

In the context of the integration of five departments under the Local Self Government Department, it is planned to integrate all the IT related establishments. As part of the strengthening of e-Governance initiatives of LSGD, it is proposed to strengthen the infrastructure of the directorates of Rural Development, Urban Department, LSGD Engineering Wing, Panchayath Department, and LSGD Planning Department, along with their respective district offices under this scheme. The aim is to facilitate a fully equipped computer network, with sufficient hardware and software, a telephone intercom facility, and KFON and KSWAN internet connections with sufficient bandwidth, as well as e-office software to manage file processing, etc.

Component wise activities during 2026-27

Sl No	Components
1	Purchase of new Computer systems & laptops and other accessories like printer, Scanner, LCD Projector, Video cameras, Multimedia Speakers, AEBAS machines, photocopier, CCTV systems for Principal Directorate and sub offices , UPS System, tablets for Engineering staff, Upgradation of office facilities and related expenses, Generator system for Swaraj Bhavan
2	Purchase of networking and connectivity equipment, Wi-Fi Routers, Wi-Fi hotspots, Aadhaar enabled attendance management system, Internet and Broadband Charges , Purchase of survey equipment, telephone units, EPBAX, internet hardware accessories miscellaneous expenditures, etc.
3	Setting up of Video Conference room in Principal Directorate and District Joint Director's offices, live streaming, studio equipment including license fee for software applications.
4	Repair and Maintenance, Annual Maintenance Contract (AMC) for various equipment,network Switches/Routers etc
5	The expenditure for plan monitoring, developing the plans, exposure visit, conducting workshops and meetings and purchasing reference books as well as journals.
6	Formation of Solid Waste Advisory Group Cell (SWAG CELL)
7	Hiring of vehicles for monitoring of schemes.
8	Upgradation of LSGD Website and building AI capabilities including subscription of proprietary AI - as well as data management portal
9	Purchase of licensed Software- GIS software, Asset management System, including licensed applications etc
10	Internship and Fellowship through Kerala Youth Leadership Academy and Appointment of IT Professionals (on contract basis)

Sl No	Components
11	Digital Literacy Program & IEC Activities - Social Media Cell in Principal Directorate
12	Strengthening of the LSGD Statistics Division and data management process
13	Digi Kerala 2.0, Digitalisation of Every Essential Document (DEED) Promote digital literacy among the elderly, differently abled, Scheduled Castes (SC), Scheduled Tribes (ST), and fisherfolk by equipping them with essential digital skills, such as using smartphones, accessing online services, digital banking, government e-services, etc.

An amount of ₹ 650.00 lakh is provided for the scheme during 2026-27.

9. Silk Samagra (25% State Share)

(Outlay: ₹ 40.00 lakh)

Silk Samagra- 2.0 is a centrally sponsored scheme implemented by GOI on 50:25:25 basis where 50 percent by the Centre, 25 percent by the State and 25 percent beneficiary contribution. The objective of the scheme is to scale up the production of silk, improving the quality and productivity and also to empower socially and economically backward families through various activities of sericulture in the country**.** The scheme comprises of two major activities, Core activities of Central Silk Board and Beneficiary-oriented Critical Field level intervention. In Kerala, Palakkad, and Wayanad are practicing bivoltine sericulture. This project aims to harness the potential of the above districts by promoting mulberry cultivation, silkworm rearing, and silk reeling in mulberry plantations, providing assistance for marketing, and setting up processing units, thereby generating employment and income for silk farmers. The programme will be implemented with a cluster approach, with each cluster comprising 50 farmers in a Block Panchayath, supervised by the Regional Extension Centres of the Central Silk Board, and supported and coordinated by officers from the Commissionerate of Rural Development. The major activities include mulberry cultivation, rearing of silk worms, irrigation and other water conservation activities, undertaking prophylactic measures, setting up Kissan Nursery, development of skilled man power. An amount of ₹ 40.00 lakh is earmarked as 25% state share for the scheme during 2026-27.

10. Eradication of Extreme Poverty

(Outlay: ₹ 200.00 lakh)

In the year 2021, the State Government launched the Extreme Poverty Eradication Programme with the goal of eliminating extreme poverty within five years. As an initial step, 64,006 extremely poor families were identified based on four key vulnerabilities: food, health, income, and shelter. As the state was declared as an Extreme Poverty-Free State on 1st November 2025, the scheme serves as a direct continuation of the Extreme Poverty Eradication Project, as EPEP 2.O, which aims to strengthen and expand the existing activities for preventing families from slipping back into poverty while consolidating gains in food security, healthcare, and livelihoods. The scheme also envisages monitoring the instances of extreme poverty in households, to prevent their recurrence. The project seeks to empower families to achieve financial and social self-sufficiency through skill development and access to sustainable income opportunities. Ensuring holistic development promotes better access to

education, social security, and essential infrastructure, leading to an improved quality of life. Additionally, it emphasises resilience-building and preventive measures to avert the recurrence of extreme poverty in communities. During 2026-27 an amount of ₹ 200.00 lakh is provided for the Eradication of Extreme Poverty.

11. New India Literacy Programme- 40% State Share

(Outlay: ₹ 10.00 lakh)

New India Literacy Programme is a centrally sponsored project launched for 2022-27 to cover all the aspects of adult education to align with National Education Policy 2020. The scheme's objectives are to impart foundational literacy and numeracy and cover other components like critical life skills, vocational skills development, basic education and continuing education. An amount of ₹ 10.00 lakh is provided as 40% State Share for the scheme "New India Literacy Programme during 2026-27.

12. The Kerala State Literacy Mission Authority (LEAP Kerala Mission)

(Outlay: ₹ 2020.00 lakh)

Kerala State Literacy Mission Authority is the nodal agency for implementing continuing education programme launched in the state in 1988 through local self-governments and voluntary organisations. Presently, the authority has over 4000 plus centers through which the programme is being implemented in the State. The major programmes to be implemented are the continuing education programmes/equivalency programmes.

The scheme includes salary for the office and administrative staff of State Mission and District Literacy Mission, project expenses for implementing the scheme, honorarium for Preraks/Asst. Preraks, functioning of district Literacy mission, workshops, training, seminars, office expenses including cost of office automation, publication of newsletter/magazines of the mission can be met from this scheme. Complete literacy among Scheduled Castes and Scheduled Tribes has to be ensured by addressing existing literacy gaps in coordination with the SC/ST Development Department. In addition to the above programmes, the scheme includes District and state level *kalolsavam* for the literacy learners, special literacy/equivalency programme for Scheduled Castes (*Navachethana*), special package for continuing education of transgender (*Samanwaya*), literacy programme for migrant labourers (*changathi*), environment literacy programme, social literacy programme, Gender literacy, Pouradhwani, *Udayam*, Brailie Literacy programme, Cyber literacy programme, *Oppam* (special Tribal Equivalency Programme), *Jail Jyothi* (Literacy and equivalency Programme), *Koode* (Literacy and equivalency in different institutions), job training, '*munnettam*' (programme for empowering women) climate literacy, cultural literacy, historical literacy, financial literacy ,legal literacy, renaissance literacy, Media literacy, and other ongoing activities. An amount of ₹ 2020.00 lakh is provided for implementing the schemes mentioned above during 2026-27.

13. Construction of a State-Level LSGD Complex

(Outlay: ₹ 300.00 lakh)

The Integrated Local Self Government Department (LSGD) was established in 2023, integrating various sections and employees under a unified framework to enhance coordination and efficiency. The present infrastructure lacks the necessary space and modern amenities to support the integrated functioning of a dynamic department like LSGD. This

scheme aims to address the growing need for an LSGD complex to enhance the department's operational capabilities. The budget allocation for 2026-27 will equip the department to meet the infrastructure requirements of headquarters, including land purchase. An amount of ₹ 300.00 lakh is provided for the scheme during 2026-27.

14. Construction of building for LSGD District Joint Director's office

(Outlay: ₹300.00 lakh)

The integration of the Local Self-Government Department (LSGD) in 2023 unified various departments under the LSGD umbrella, including Panchayats, Urban Affairs, Rural Development, Town and Country Planning, and Engineering sections. As part of the integration, Joint Director Offices were established at the district level to oversee the operations of LSGD within each district. It coordinates with Grama Panchayats, Block Panchayats, District Panchayats, Municipalities, and Corporations to ensure efficient governance. . The scheme envisions the provision of funds for the construction of new buildings for the District Joint Directors' offices currently operating in rented buildings/ temporary offices, as well as the modernisation of the joint director's office with improved office space, modern IT infrastructure, proper storage facilities, and citizen-friendly amenities. An amount of ₹ 300.00 lakh is provided for the scheme during 2026-27.

15. Schemes implemented through Local Governments

(Outlay: ₹ 19280.00 lakh)

An outlay of ₹ 19280.00 lakh is provided for the following schemes, which will be implemented through the Local Governments.

Sl. No	Name of Scheme	Outlay (₹in Lakhs)			
		Grama Panchayats	Block Panchayats	District Panchayats	Total
1	RIDF – NABARD assisted scheme	951.00	1399.00	1280.00	3630.00
2	Deendayal Antyodaya Yojana – National Rural Livelihoods Mission (DAY-NRLM) (General) (40% State Share)	8850.00			8850.00
3	Pradhan Mantri Awaas Yojana- Gramin (PMAY – G) (General) (40% State Share)		6500.00		6500.00
4.	Pradhan Mantri Janjati Adivasi Nyaya Maha Abhiyan (PMAY-JANMAN) (40% State Share)		300.00		300.00
	Total	**9801.00**	**8199.00**	**1280.00**	**19280.00**

The schematic write-up and other details have been included in Appendix IV of Budget 2026-27.

2.2 COMMUNITY DEVELOPMENT AND PANCHAYATS

1. Kudumbashree

(Outlay: ₹ 27500.00 lakh)

The State Poverty Eradication Mission (SPEM), Kudumbashree, spearheads community based intervention of poor women with focus on self-help, demand-led convergence of available services and resources under the leadership of the local governments. Kudumbasree is mainly associated with livelihoods, microfinance, social development and gender development. The activities of Kudumbasree have to be integrated with the programmes of Local Self-Government and various development departments and Mission programmes to ensure the optimal use of resources and avoid duplication.

The activities and programmes of Kudumbashree will be integrated with the Local Economic Development Programmes of LSGD.

Sl. No.	Activities
I	**Organization Strengthening and Capacity Building**
	Providing honorarium to CDS chairpersons, providing administrative grant to all CDSs, providing travelling allowance for CDS members, administration and office expenses of kudumbashree mission, providing honorarium to urban CDS accountant, strengthening of auxiliary groups in all LSGI wards, strengthening Kudumbashree three tier system, various activities to strengthen community network including conduct of anniversary and annual arts and sports festival (*Arangu*), award for community institutions, activities related to online training module include magazine and media etc, support to special NHGs, UPRP-Urban Poverty Reduction Programme, Urban Model CDS/ ADS, knowledge management & documentation, communications and events procurement of services and goods, development of ERP system in phases, capacity building, formation of working women group, model campaigns, mentorship programme for making CDS as a centre of excellence.
II	**Local Economic Development**
	1. Micro Finance – Interest Subsidy CMHHLS, CBO Audit, Capacity Building Programmes for KAASS Audit team, Tally Training, Capacity Building for Urban CDS and Micro Finance Activities (FLC)
	2. Micro Enterprises (ME) – Interest subsidy For 'She Starts' units, Formation of MEs–(Interest subsidy to the existing and newly formed ME units), Financial Support to ME, Formation of Common Facility Centres/Premium cafe, Software Development, Review Monitoring & documentation, ME Insurance, Urban ME Initiatives Micro Enterprise Resource Centres.
	3. Agriculture - Area Incentive and Interest subsidy, Medium scale Value addition units, Agri-business ventures, Small Scale Value Addition Units Urban and Rural CEF, Agri Start Ups, Agri Therapy Precision Farming, Jasmine Cultivation, IEC, K-TAP.

Sl. No.	Activities
	4.Animal Husbandry: IEC, Monitoring and Capacity Building Programmes, Promotion of CDS based initiatives, Revolving Fund for Producer Enterprises, Cattle rearing initiatives, Goat rearing initiatives, Fish rearing , District initiatives, Scale up fund for producer groups, Star-up fund for cluster based livelihood initiatives, Medium-scale value-added products units, Nano enterprises promotion at household level. **Kerala Chicken**- Grant for the integration of farms across Kerala, thereby providing a livelihood support to Kudumbashree members. For the purchase of machineries for value addition, Establishment of Quality Control Laboratory for meat and meat products, Establishment of Breeder Farm, Establishment of Hatchery, Administration cost of Poultry Processing Plant, implementation of Meat on wheels, Purchase of Reefer van for sale of finished product, Establishment of Retail Outlets, Small Scale Value added manufacturing units and Mini Poultry Processing Unit, Establishment of frozen storage hub.
	5. Marketing – The components are Monthly markets, Saras fair, Festival fairs (Onam and Christmas Fairs) Last Mile Delivery System. Additional Support for Online delivery, Food Fests Branding, Distribution Network and B2B.
III	**Social Development**
	1. Destitute Free Kerala (DFK) – Challenge Fund II and III instalment, Social Audit and Revisit Project for DFK
	2. BUDS – Second Instalment for BUDS & First Instalment for NEW BUDS, BUDS Vehicle, Capacity Building, Model BUDS Institution, BUDS Day Celebration, BUDS Fest, BUDS Livelihood Initiatives, BUDS Impact Study, Training on Adolescent care for parents and teachers, Livelihood support for paraplegia, PWD Led Enterprises, Buds Insurance .
	3. Balasabha- Capacity Building and Bala Parliament, enterprise training for children and support for livelihood programmes (urban), RP Honorarium etc.
	4. Gender Education and Women Empowerment Activities – Snehitha Gender Help Desk activities, Gender Programmes in Urban area, review and monitoring, Forum for gender diverse individuals, nutrition and health aspects for women, transgender, sexual minorities Happy Keralam, Women power, etc.
	5. Tribal Interventions
	NHGs capacity building programme and inclusion campaign &strengthening of Weaker Tribal NHG's **Micro Finance**- JLG formation and Corpus fund ,strengthening of micro finance activities **Livelihoods Promotion**- Farm based livelihood (JLG, AGRI, AH) , Subsidy and grant for Animal Husbandry and agriculture related activities **Non-farm livelihood** Marketing and related interventions, Tribal Fest, Bridge Course Get- Together, Tribal Youth Meet etc, District Initiatives For Tribal, Youth

Sl. No.	Activities
	Interventions (YRCs), Bridge Course centre, grant and subsidy for tribal individual and group units and second level support for KTIC units, Support for high capital units and marketing support . **Monitoring Expenses** intern expense, Tribal program Monitoring/Training for tribal team **New Interventions**- Community Resource Persons (Tribal CRPs) Capacity Building, Business Support (CRP Development)& Premium Product Stall Premium Bag Unit by Tribes Post-election training, Bridge course centre, Reproductive, health related interventions-formation of Tribal Adult Learning centres

Special package for SC, ST and Fishing Community

Kudumbashree can take a focused initiative to enhance the participation of SC/ST and coastal community members in Neighbourhood Groups (NHGs). The programme will prioritise livelihood-oriented activities that promote entrepreneurship, including support for startups, value addition, product branding, and marketing. Skill development programmes will be organised with the assistance of the SC/ST and Fisheries Departments to strengthen the capacities of NHG members. In addition, a co-ordinated effort involving the Excise Department will be initiated to address drug-related issues within the community. A comprehensive action plan outlining these initiatives will be prepared and placed before the Governing Body for approval during April–May 2026. Out of the total outlay, an amount of ₹15 crore is earmarked for the Exclusive initiative for SC, ST, and Fishing Communities.

The expenditure related to the construction of new building for housing the state mission headquarters can be met from this scheme. Also, minor repairs and maintenance of district mission offices can be met from the scheme, subject to the approval of the Departments that have ownership of the building. An amount of ₹ 27500.00 lakh is provided for the scheme during 2026-27.

2. KILA – Centre of Excellence on Decentralisation and Local Governance

As part of the institution development and making KILA as Centre of Excellence, Government of Kerala merged five institutions with KILA in 2017 and now these institutions are functioning as sub centres of KILA. The scheme has three sub schemes as outlined below.

a) Kerala Institute of Local Administration (KILA)

(Outlay: ₹ 3250.00 lakh)

In the context of the 14th Five year Plan, the State shall focus on sustainable development goals, local economic development, decentralised disaster management, solid and liquid waste management and address other issues of rapid urbanisation. The capacity building efforts need to be strengthened for Rural and Urban Local Governments to enhance the institutional capacities for improved service delivery. Hence, KILA shall focus on building competence and professionalism among Local Governments for building managerial capacity for modern accounting, budgeting, expenditure management practices, outcome based monitoring, internal controls, land and ecosystem management through spatial

concerns, revenue mobilization including improvements in property tax administration, asset management and asset valuation, quality management, participatory management, use of Information Technologies, Artificial Intelligence and robust information systems through e-governance, etc.

Reliable local services, inclusive local policies and effective partnerships within local communities are crucial for achieving stability, promoting sustainable development and increasing citizens' quality of life, ensuring the protection of the environment by using scarce resources at local levels. In order to achieve this, the citizens also should have the capacity to put forward their needs and ideas to improve their community and hold the local governments accountable. This capacity building is possible only through need-based training being arranged for selected citizens from the Gramasabhas/Oorukoottams at the grassroots levels. This is quite possible by decentralising the training programmes of KILA further to the districts and lower levels, in collaboration with DPCs in each district. Orientation programmes shall be arranged in schools and colleges to sensitise the children and youth on the pertinent local development issues.

The outlay provided is for the KILA programmes and for meeting the expenses for the development of five sub-centres handed over to KILA. This scheme will also meet the expenses of the State Resource Group formed by the LSGD for providing support services to formulate and implement Local Government Plans. State Resource Group will initiate the following programmes with the Decentralised Planning Division, Kerala State Planning Board and other institutions during 2026-27.

i. A programme will be initiated to identify the model/innovative projects undertaken by the Local Governments all over the State and bring them to the public domain. As per this initiative, the model projects undertaken by the Local Governments will be selected and presented at the block level, where they will be graded and the best of which will be presented at the district level. Regional-level seminars will be conducted where the best thematic projects will be presented in each region. The event will culminate in a state-level seminar, where the most outstanding individuals will be recognised.

ii. A media programme will be initiated to disseminate local development news among Local self-Governments and other stakeholders.

iii. Conducting studies focusing on field-level issues of decentralised planning and implementation.

Component wise details of the scheme during 2026-27

Sl. No.	Component Name
I	**Capacity Development**
1	Virtual Learning System
2	Kerala Specific Capability Building Development, including PG and UG Courses
3	Support for the State Resource Group and Strengthening the Help Desk System
4	Area Development Programmes

Sl. No.	Component Name
5	National and International Programmes
II	**Research, Studies & Evaluation**
III	**Documentation, Dissemination, Knowledge management**
1	Documentation of Good Practices & Museum on Decentralisation
2	Seminars and Workshops
3	Upgradation of KILA Journal of Local Governance
IV	**Institutional Strengthening**
1	Development of Centres handed over to KILA (Programmes and operational support)
2	Upgradation of the library and e-library and information system development
3	Faculty Improvement Programme and staff training
4	Initiating various Thematic Centres/Chairs/Hubs
5	Additional expenses required for the functioning of CHRD
V	**Infrastructure development**
1	Up gradation of infrastructure and facilities at various centres of KILA
2	Complete Online KILA (Co KILA) and in sub-centres, Training Planning and Management Systems, Software & Hardware support - and IT upgradations and maintenance
3	Procurement of IT assisted Audio visual equipment, networking, surveillance and digital infrastructure enhancement to support training projects and programmes delivery
4	Purchase of a 500 KVA transformer to replace the existing 250 KVA transformer
5	Construction of IPPL College & Construction of Training Block, Taliparamba Centre
6	Construction of KILA college of Decentralisation and Local Governance at Head Quarters
7	Construction of International Hostel Block at KILA- Thaliparamba Campus.
8	Construction of nature based septage Treatment Plant
9	Making KILA a complete solar campus

The activities for Gender School may be undertaken using the allocated fund. The Gender School is designed to focus on conceptualisation orientation, training, studies and action research in gender. Exposure visits for officials and people's representatives, both within and outside the state, can also be funded under the scheme. These visits may focus on studying advanced waste management technologies, modern slaughterhouse designs and management systems, disaster management strategies, innovative project implementation practices, and other emerging technologies. The objective is to enable participants to gain valuable insights into innovative project frameworks and best practices that can be adapted

and implemented locally. An amount of ₹ 3250.00 lakh is provided for KILA during 2026-27.

b) Centre for Human Resource Development (KILA-CHRD-erstwhile SIRD) (50% State Share)

(Outlay: ₹ 75.00 lakh)

Centre for Human Resource Development (KILA – CHRD) is the erstwhile State Institute of Rural Development (SIRD), Kottarakkara. The outlay anticipated is for meeting salary, training & research, office expenses, mess/hostel expenses and other administrative expenses. Central share of this component is availed from the GoI scheme viz; 'Management Support to Rural Development Programmes and Strengthening District Planning Process etc'. An amount of ₹ 75.00 lakh is earmarked as 50% state share for the functioning of KILA – CHRD (erstwhile SIRD) during the year 2026-27.

c) Strengthening of KILA Centres at Mannuthy, Thaliparamba and Kottarakkara

(Outlay: ₹ 150.00 lakh)

The objective of the scheme is to upgrade the infrastructure facilities of the three sub-centres of KILA,under this scheme to organising training programmes for officials, PRI representatives, SHGs, NGOs, etc. Purchase of computer and electronic equipment and agricultural activities in the farm areas of the three centres also shall be undertaken. An amount of ₹ 150.00 lakh is provided during 2026-27.

3. Information Kerala Mission (IKM)

(Outlay: ₹ 1000.00 lakh)

Information Kerala Mission (IKM) is a pioneer in the e-governance project of the Government of Kerala and works in a mission mode with the objective of strengthening Local Governance through Information Communication Technology (ICT) applications. It envisages the computerising and networking of all LGs. The major activities are K-SMART (Kerala Solution for Managing Administrative Reformation and Transformation) Development and Enhancement to the External projects, Software Testing and Support , GIS based e Governance Kerala, Centralised e-governance helpdesk, Training and hand holding support, Administration expenses, Data Analytics and MIS, Product Innovation Centre in each district, Purchase of software, including CRM/ERP, Emerging technologies, Purchase of Laptops/ Desktops/Tablets and other IT Gadgets, Setting up of new IKM office, Infrastructure Development and Up gradation includes operation and maintenance of IT infrastructure and connectivity charges Establishment of security Operation Centers, Software cloud charges, and Setting up of product innovation centres. Information Education and Communication (IEC) and Public Relations, Training Certification and Career Progression, Implementation and Monitoring of centralized helpdesk Business Development, New product creation , Branding, Marketing and Sales and upgradation of institution to CMMI level 5. A sufficient number of officials and technical personnel with domain expertise in plan preparation and formulation may be appointed in IKM to integrate changes in Sulekha and K-SMART plan monitoring system software applications, and ensure plan robust consolidation of the accomplishment of the local governments in line with the objectives of the 14th Five-Year Plan and requirements of the local self-government institutions. An amount of ₹ 1000.00 lakh is provided for the scheme during 2026-27.

4. Special Development Fund for MLA – Area Development

(Outlay: ₹ 14000.00 lakh)

The scheme, which started in 2001-02, aims at the implementation of developmental works of Legislative Assembly areas in Keralam Under this scheme, each MLA gets ₹ 100.00 lakh each per year for implementing developmental activities in the respective Assembly constituency. An amount of ₹ 14000.00 lakh is provided for the scheme during 2026-27.

5. Swachh Bharat Mission (Gramin) (40% State Share)

(Outlay: ₹ 1500.00 lakh)

The Government of India restructured and renamed the erstwhile 'Nirmal Bharat Abhiyan' as Swachh Bharat Mission (Gramin) w.e.from 02.10.2014**.** The sharing pattern between Central and State Governments is in the ratio of 60:40. The main objectives of the programme are improving the general quality of life in rural areas, providing technical assistance to local self-governments in sanitation issues by identifying the existing gaps, maintaining sanitation coverage in rural areas to achieve the vision of Swachh Bharat and ensure Open Defecation Free (ODF) sustainability of all Grama Panchayats, motivate communities and Panchayati Raj institutions in promoting sustainable sanitation facilities including proper waste management and cleanliness through awareness creation and health education and set benchmarks to fill the gaps identified by the Swachch Survekshan Survey.

Components of the Swachch Bharat Mission (Gramin) include individual household latrines, community sanitary complex, solid waste management, grey water management, plastic waste management, gobardhan, fecal sludge management, information education communication, R&D and capacity building and administrative cost.

Grama Panchayats, Block Panchayats and District Panchayats are the implementing agencies of the programme. The IEC activities are co-ordinated mainly through the Suchitwa Mission at the state level and District Suchitwa Mission at the district level partnering the three tier panchayats. Though Kerala has attained ODF status, unprecedented floods and landslides have damaged many household, community and institutional solid waste management systems. The guideline stipulates the construction of new structures only. In the year 2026-27, efforts will be taken to rebuild the household, community and institutional solid waste management facilities that were lost or damaged in the flood natural calamity, with the approval of GoI.

Category wise details of SBM (G) during 2026-27

Name of Category	Outlay (₹ in lakh)
General	1230.00
SCSP	225.00
TSP	45.00
Total	**1500.00**

The scheme comes under the broad umbrella of 'Haritha Keralam Mission'. An amount of ₹ 1500.00 lakh is provided as 40% State share for the scheme during 2026-27.

6. Suchitwa Keralam

(Outlay: 3500.00 lakh)

Consequent to an institutional reform in sanitation sector during 2008, the Government of Kerala integrated the Total Sanitation and Health Mission (KTSHM) and Clean Kerala Mission (CKM) and formed Suchitwa Mission (SM). The Suchitwa Mission is mandated as the Technical Support Group in sanitation sector and extends hand-holding support to the Local Governments (LGs) to achieve total sanitation including solid and liquid waste management. The Mission is also the nodal agency for implementing the Centrally Sponsored Scheme on sanitation, currently, the Swachh Bharat Mission (SBM) both Gramin and Urban. The major activities provided under the scheme are given below.

Component wise activities during 2026-27

Sl. No.	Components
1	Construction of Sanitary Complexes in Public Places, public offices (including educational institutions) Libraries Take a break toilet complexes- and major tourist spots located in Grama Panchayath area .
2	Reconstruction of toilets and onsite treatment systems damaged due to floods in schools/Libraries affiliated to State Library Council other water logged/coastal areas in rural areas
3	Solid Waste Processing Plant and its modification, MCF, RRF Equipments for waste handling, Plastic Shredding Units, Removal of legacy waste etc–and facilitation of Green facility centres in LSGIs
4	Source level Treatment of waste – setting up of institutional STP (LSGs, govt/aided educational institutions) modification/renovation of existing plants (composting/bio-methanation) both operational and non-operational at institutional and community level owned by the Local Governments, and installation of Mini Material Collection facilities in Govt./Aided Schools.
5	Liquid Waste Management including septage/ sewage treatment plant, Mechanisation/ensuring Safety of septage management, Institutional STPs, Liquid waste treatment projects for rejuvenation of canals and rivers
6	Pre monsoon Cleaning Campaign
7	Intensive IEC activities including workshops, R&D and Capacity Building and support to setup gaps identified in swachh survekshan survey.
8	Administrative cost
9	Initial handholding support for SHGs/Start-Ups, Haritha Karma Senas for promoting green initiatives, waste management supporting services, Studies monitoring and evaluation activities . and other innovations in Sanitation and waste management, Awards/Incentives and other recognitions
10	Consultancy Services and Technical advice for rural civic amenities
11	Disaster-related Sanitation and Waste management
12	Assistance for Slaughterhouse

Sl. No.	Components
13	Community/Institutional Sanitary waste Destroyer and assistance for Crematorium
14	Conversion of leach pit to Septic tank/Bio digester for Individual Household Latrine (IHHL)
15.	To develop an incentive-driven Waste Management that encourages individuals and communities to accept waste disposal facilities in their localities.
16.	Monitoring Unit for Waste Management**:** Monitoring Unit for Waste Management shall be established to monitor projects and programmes implemented for solid and liquid waste management at the field level. The unit will comprehensively monitor waste management activities of various government agencies. The outlay provided is for the administration, including hiring of experienced technical experts to monitor the activities at the field level in waste management.

Out of the total outlay, an amount of ₹ 50.00 lakh is earmarked for the sub-component Monitoring Unit for Waste Management.

In the context of Malinya Muktham Campaign the allocation for the scheme should be utilised to address the critical gap in the project carried out by Local Governments.

The scheme comes under the broad umbrella of 'Haritha Keralam Mission'. An amount of ₹ 3500.00 lakh is provided under the scheme for meeting the expenses of the above components during 2026-27.

7. Cluster-Level Waste Management Infrastructure Support-Rural

(New Scheme)

(Outlay: ₹100.00 lakh)

The scheme aims to strengthen Kerala's waste management system by promoting the development of integrated cluster-level projects across the State. At present, Local Self Governments (LSGs) manage waste independently, often encountering challenges such as inadequate infrastructure, high operational costs, and limited technical expertise. To overcome these constraints, the implementation of cluster-based projects through the Public Private Partnership (PPP) mode is proposed, enabling resource pooling among multiple LSGs.

The outlay is provided for consultancy services, preparation of Detailed Project Reports (DPRs), Viability Gap Funding (VGF), and support for the Operation and Maintenance (O&M) of waste management facilities to fill the gaps. The provision can be used for rural local bodies

An amount of ₹100.00 lakh is provided for the scheme during 2026-27.

8. Broadening of quality control Mechanism and Capacity Building in Engineering Wing of the Local Self Government Department

(Outlay: ₹ 200.00 lakh)

Due to the integration of LSGD sectors, the components for modernisation of the Engineering wing of LSGD are merged into a common scheme of the LSG Department and

hence the name of the scheme has been changed as "Broadening of quality control Mechanism and Capacity Building in Engineering Wing of Local Self Government Department" retaining the same head of account. (Erstwhile Modernisation and capacity building initiatives in the Engineering Wing of Local Self Government Department). The major activities are:

Sl. No.	Component Name
1	Extending preparation of District -wise road connectivity map and asset mapping Phase III
2	Appointment of Intern Trainees
3	Broadening of quality control lab and investigation facility.
4	Setting up of Regional Quality Control labs
5	Implementation of Quality Control Testing mechanism for rural roads
6	Implementation of e-M.book & Geo-Tagging (Purchase of tablets and computers for Engineers)
7	Mechanism for third-party quality monitoring
8	Capacity building for Technical staff
9	Asset management for effective utilisation of idle infrastructure and its maintenance (New Component)
10	System for Road and Non-road asset mapping of Local Self-Government Institutions.

An amount of ₹ 200.00 lakh is allocated for the project during 2026-27.

To ensure proper quality of works, a third-party quality monitoring mechanism has to be established in the State for all construction and infrastructure projects like roads, bridges, culverts, housing complexes, public buildings, etc. sanctioned and implemented under rural and urban Local Governments and the LSG department. The scheme envisages engaging the technical expertise of the IITs, Engineering colleges, Polytechnics, ITIs, other technical institutions, etc., to monitor the quality of projects implemented by the Rural and Urban Local Governments/Implementing Agencies. Selected institutions with good reputation and ranking based on experience and expertise shall be accredited as Third Party Quality Monitoring agencies by the Local Self Government Department. Based on the reports of such agencies, the Local Governments can take preventive and curative measures to ensure that standard quality is assured and also can go for rating and grading of implementing/accredited agencies/contractors/engineers.

The Local Self Government Department can use the expertise of building software-based technologies to streamline and customise compliance-focused construction and work processes. The Local Self Government Department will develop the Third Party Quality Monitoring system in consultation with the State Planning Board.

9. Rashtriya Gram Swaraj Abhiyan (RGSA) (40% State Share)

(Outlay: ₹ 700.00 lakh)

Rashtriya Gram Swaraj Abhiyan (RGSA) is the revamped version of the erstwhile Rajiv Gandhi Panchayat Sashaktikaran Abhiyan (RGPSA). It is mainly aimed at developing governance capabilities of Panchayat Raj Institutions to deliver on the Sustainable Development Goals (SDGs). It aims to strengthen the capacities of institutions for rural local governance to become more responsive to local development needs, prepare participatory plans leveraging technology, and efficiently utilise available resources to realise sustainable solutions to local problems linked to the SDGs. An amount of ₹ 700.00 lakh is provided as 40% State share of the scheme during 2026-27 The major activities are capacity building and training, institutional infrastructure for Panchayath Resource Centre at State/District/Block, hiring of training infrastructure and equipment at the district level and block level, institutional structure including recurring cost for SPRC/DPRC/BPRC , distance learning facility through SATCOM or IP based technology, programme management unit at State/District/Block,–support for innovative activities, and project-based support for income development and income enhancement, Information, Education and Communication (IEC), programme management etc.

Category wise details of RGSA during 2026-27

Name of Category	Outlay (₹ in lakh)
General	625.10
SCSP	63.70
TSP	11.20
Total	**700.00**

10. Incentivizing District Plans

(Outlay: ₹ 450.00 lakh)

A District Plan is an effective tool to ensure proper convergence at the District level and to evolve big project ideas that could be jointly implemented various agencies. All District Planning Committees in Kerala prepared District Plans in 2017-18 to design an integrated and participatory vision for the development of Districts with the help of various agencies involved in the development sphere. The District Planning Committee will publish the new District Plan in 2026.

The scheme is to be executed as per the guidelines issued by the government. For the year 2026-27, an outlay of ₹ 450.00 lakh is provided in the Budget for providing incentives to integrated programmes taken up jointly by a group of Local Governments and other agencies/Departments in accordance with the District Plans being prepared by the DPCs. The amount will be utilised for funding the projects sanctioned in previous years also.

11. Total Housing Scheme - Rural (LIFE Mission)

(Outlay: ₹ 53250.00 lakh)

LIFE (Livelihood, Inclusion and Financial Empowerment) Mission is one among the four Development Missions announced by the Government of Kerala under Nava Keralam

Karma Padhathi (NKKP). It aims at providing safe housing to the homeless in the State and is implemented by the Local Governments using their Plan grant as well as Plan support from State Government and the assistance from Kerala Urban & Rural Development Finance Corporation Ltd. (KURDFC) by availing loan from Housing and Urban Development Corporation Limited (HUDCO).

The outlay provided is for giving state share for the construction of individual houses for homeless with land and for meeting the costs of construction of flats/housing complexes/housing clusters for homeless without land in rural areas. The scheme includes the repayment of the principal amount of the state's share of the HUDCO loan. The administrative expense of the LIFE Mission is also met from this scheme. 90% of beneficiaries of the scheme will be women. Priority should be given to houseless under the extreme poverty list. An amount of ₹ 53250.00 lakh is provided in 2026-27.

12. Plan assistance to KURDFC – Rural

(Outlay: ₹ 34306.00 lakh)

Kerala Urban & Rural Development Finance Corporation Ltd. (KURDFC) provides financial assistance to LIFE Mission for the implementation of total housing scheme by availing loan from the Housing and Urban Development Corporation Limited (HUDCO) on Government Guarantee. An amount of ₹ 34306.00 lakh is provided for the year 2026-27 for providing assistance for payment of interest to KURDFC for the settlement of claims by HUDCO against the Loan availed for LIFE Mission in rural areas.

2.4 SPECIAL PROGRAMME FOR AREA DEVELOPMENT

I. Regional Development Packages.

The Government of Kerala is implementing special development packages to promote overall economic development of Idukki, Wayanad and Kasaragod districts.

1. Idukki Development Package

(Outlay: ₹ 8000.00 lakh)

The Idukki Development Package (IDP) has been announced with the objective of comprehensive development of the district by integrating development projects of local governments, government departments, central government and other stake holders. The objective of the package is to enhance agricultural income through production enhancements, value-added processing industries and tourism development. This also aims to improve physical and social infrastructure, to eradicate poverty and to restore ecological balance. While focusing on the development needs of the district, the resources required for the package are proposed to be met from various sources and through the convergence of department schemes, local government schemes and other schemes proposed at district level. A major focus on plantation sector and promotion of agro-based industrial centres are also envisaged in the package. During 2026-27, an amount of ₹ 8000.00 lakh is provided as budget outlay under Idukki Development Package.

2. Wayanad Development Package

(Outlay: ₹ 8000.00 lakh)

The Wayanad Development Package (WDP) is an all-inclusive package for sustainable development of Wayanad district. The package aims for development of various sectors such as agriculture including coffee, food processing, public infrastructure works, development of scheduled castes and scheduled tribes and significant improvements in tourism, forest, education and health sectors.

Based on the decision made in the meeting chaired by the Hon'ble Chief Minister on 22.11.2021, it was to establish a structured and systematic mechanism for the effective implementation of the Idukki and Wayanad development packages, a comprehensive and clear guidelines have been issued for the execution of the package, as outlined in G.O (M.S.) No. 08/2023/P&EA, dated 23.03.2023 & GO (Ms)No.09/2023/P&EA dt.25.03.2023. Accordingly, the District Collectors in respective districts are the co-ordinators of Wayanad and Idukki development packages and the Planning & Economic Affairs Department is designated as the nodal department for implementation of the package. The District Development Commissioners of Wayanad and Idukki have been given the additional charge of Special Officer in respective districts (vide G.O (Rt)No.2446/2021/GAD dt. July 5, 2021). The schemes and projects of the package can also be funded under KIIFB, RIDF, RKI, LSG schemes and another department schemes. No salary component will be allowed from this allocation.

During 2026-27, an amount of ₹ 8000.00 lakh is provided as budget outlay under Wayanad Development Package.

3. Kasaragod Development Package

(Outlay: ₹ 8000.00 lakh)

Dr.P.Prabakaran, former Chief Secretary of Kerala was appointed by Government to study the development potential of Kasaragod district and to submit development perspective plan for the Kasaragod district. As such a package of ₹1112307.00 lakh was suggested in the report for the development of Kasaragod in a phased manner. Considering the backwardness of the district as well as the report, a package in the 12th Five Year Plan has been proposed and the project implementation started during 2013-14. The committee headed by the District Collector and Special Officer, may identify schemes/projects on priority basis to be implemented in the district under Kasaragod Development Package.

Administrative sanction for projects under the Kasaragod Development Package with an estimated outlay exceeding ₹ 5.00 crore is accorded by the State Level Empowered Committee chaired by the Chief Secretary. Projects with an estimated outlay below ₹ 5.00 crore receive administrative sanction from the District Collector. However, all projects are subject to detailed examination by the State Planning Board. Administrative sanction is issued by the State Level Empowered Committee or the District Collector only after considering the recommendations of the State Planning Board.

During 2026-27, an amount of ₹ 8000.00 lakh is provided as budget outlay under Kasaragod Development Package.

4. Sabarimala Master Plan

(Outlay: ₹ 3000.00 lakh)

The objective of the scheme is to provide sustainable basic infrastructure facilities to the pilgrims and to protect livelihood security of the people while safeguarding the environment.

The Sabarimala Master Plan aims to develop Sabarimala temple complex and the surrounding region which mostly form part of Periyar forest reserve in a complementary and eco-friendly manner so as to provide a satisfying pilgrimage experience. The master plan for Sabarimala was approved in 2007. The pilgrims comfort, sanitation and safety are the three major considerations for taking up of the projects. The critical infrastructural gaps alone will be funded from the provision, based on Master plan.

The Government of Kerala and the High Power Committee for the implementation of Sabarimala Master Plan has finalised Nilakkal as the total base camp for Sabarimala Pilgrimage and thus basic components need to come up Nilakkal. The projects in the Annual Plan 2026-27 are mainly located at Nilakkal, Pampa and Sannidhanam. An amount of ₹ 3000.00 lakh is provided for the following components of the scheme during 2026-27.

Sl. No.	Components	Amount (₹ in lakh)
1	Construction of Rescue bridge from Pampa Ganapathy Temple to Hill top-for Preliminary works	775.00
2	Development of Core Area at Nilakkal-(a) Pedestrian Walkway (b)Annadanamandapam (c)Administrative Block (d) Resting Pavilion- Project will be completed in Phased manner. Phase-I for Preliminary works	500.00
3	Construction of roads and connected bridges at Nillakkal (Outside the core Area)-for Preliminary works	200.00
4	Construction of pilgrim amenity centre, Thanthri Madom and Prasadam Complex at Sannidhanam -for Preliminary works	150.00
5	Providing fire-fighting arrangements for various buildings at Sannidhanam including Annadanamandapam-for Preliminary works	100.00
6	Exit Bridge at Sabarimala Sannidhanam(replacement of Bailey Bridge)- for DPR preparation and Preliminary cost	25.00
7	Replenishment of water bodies including installation of water delivery lines at Nilakkal - for DPR and Preliminary cost	25.00
8	Laying drinking water pipe line from Kunnar to Sabarimala	10.00
9	Implementation of an effective crowd management system	25.00
10	Establishment expenditure of High Power Committee for the implementation of Sabarimala Master Plan	50.00
11	Provision for pending bill clearance of construction activities	1000.00

Sl. No.	Components	Amount (₹ in lakh)
12	Solid Waste Management at Sannidhanam, Pamba, Trek route & Nilakkal (New)	20.00
13	Construction of Queue Complex from Pandithavalam for effective pilgrim management (New)	50.00
14	Providing permanent sewage Network System at Sabarimala (New)	50.00
15	Implementation of effective system for the disposal of sewage accumulated in various sites of Sabarimala and surroundings (New)	20.00
	Total	**3000.00**

5. Kuttanad Development Package

(Outlay: ₹ 7500.00 lakh)

The Hon'ble Chief Minister announced the Second Kuttanad Package on 17 September 2020, with a total outlay of approximately ₹ 2,447.66 crore. The package is proposed to be implemented through pooled resources, including State Plan allocations, KIIFB, and RKI. Its primary objective is to provide long-term protection and promote the comprehensive development of the Kuttanad region, addressing challenges from climate change, recurrent floods, and water-level fluctuations. The package covers Alappuzha, Kottayam, and Pathanamthitta districts, to address flood management, focusing on infrastructure development in agriculture, animal husbandry, industry, drinking water, tourism, sanitation and energy. The Kuttanad Development Coordination Council, chaired by the Hon'ble Chief Minister functioning as the State Level Empowered Committee (SLEC), oversees policy decisions and project approvals for effective implementation. The Agriculture Division under Kerala State Planning Board will handle technical appraisal and project recommendations. This mechanism ensures co-ordination among all relevant departments. Detailed structure of appraisal and sanction will be issued in due course.

An amount of ₹ 75.00 crore has been allocated for this purpose in the financial year 2026-27.

II. Coastal Area Development

An amount of ₹ 18398.00 lakh is allocated in 2026-27 for Coastal Area Development. Out of the total outlay ₹ 1500.00 lakh is the support under RIDF of NABARD.

Sl. No.	Scheme	Amount (₹ in lakh)
1	Basic Infrastructural facilities and Human development of Fisherfolk	14320.00
2	NCDC assisted Integrated Fisheries Development Project	100.00
3	Seed Capital for NBCFDC and NMDFC	30.00
4	Integrated Coastal Area Development Project -RIDF	1500.00
5	Capital repairs and maintenance dredging of fishing harbours(HED)	1230.00
6	Group Insurance scheme for fishermen	1000.00

Sl. No.	Scheme	Amount (₹ in lakh)
7	Group Insurance scheme for Allied workers	118.00
8	Preparation of master plan for fishing harbours (HED)	100.00
	Total	**18398.00**

1. Basic Infrastructural facilities and Human development of Fisherfolk

(Outlay: ₹ 14320.00 lakh)

The outlay earmarked for the scheme in 2026-27 is ₹ 14320.00 lakh.

Sl. No.	Components	Amount (₹ in lakh)
i	Basic Infrastructural facilities and Human development of Fisherfolk (Revenue head)	4900.00
ii	Basic Infrastructural facilities and Human development of Fisherfolk (Capital head)	2000.00
iii	Punargeham	6420.00
iv	Fishermen house renovation and maintenance	1000.00
	Total	**14320.00**

i. Basic Infrastructural facilities and Human development of Fisher folk (Revenue head)

It is proposed to improve and overcome the educational, economic and cultural backwardness and uplift the society from health issues, drug abuse and chronic indebtedness. It includes educational coaching programmes, skill upgradation programmes, social mobilization, alternative livelihood support activities and credit support. An amount of ₹ 4900.00 lakh is provided in the year 2026-27 for the activities which are detailed below:

Sl. No.	Sub Components	Amount (₹ in lakh)
a	Education/coaching programme	1600.00
b	Social mobilization programme	500.00
c	Alternate/supportive livelihood activities for fisherwomen	2400.00
d	Activities of Matsyafed	400.00
	Total	**4900.00**

Following components are included under the scheme.

a) Education/coaching programme includes residential education up to matriculation, educational assistance for post metric studies, coaching programme for entrance test, professional course and competitive examinations, assistance for higher studies abroad, skill upgradation and placement through KASE, ASAP and KDISC and establishment of e-libraries. The details will be decided as per the decisions of the working group.

b) Social mobilization programme includes the conduct of awareness campaigns, 'Santhwanatheeram' providing medical assistance for fishermen and family members who need continuous medication/treatment for cancer, kidney diseases (dialysis), cardiac diseases, skin diseases, ophthalmic diseases and other specific diseases affecting peeling shed workers. An affidavit (declaration) should be obtained to the effect of 'non-claim' from the beneficiaries in respect of similar schemes. Engagement of social mobilizer on contract basis, the strengthening of fisheries co-operatives by providing computer and peripheral support, development of software, integration of socio-economic census report with FIMS application, IEC activities are also included as sub components. The assistance will be provided to those co-operatives whose net worth is more than its liability. The fisheries Co-operative Societies should submit a workable business plan to avail the assistance.

c) Alternate/supportive livelihood activities for fisherwomen includes providing support to the new fisherwomen groups for alternate livelihood activity and to ensure the sustainability of already assisted fisherwomen groups. It also includes the provision for providing working capital assistance to fisherwomen by forming JLG with the support of institutional lending agencies. An officer who has been trained by NABARD/similar agencies on JLGs lending will be specifically identified for taking forward the JLG based lending programme on state wide basis. Details of implementation will be done in consultation with SLBC/NABARD/State Planning Board. Entrepreneurial activities will also be implemented following 'one family one enterprise' concept. During the year a minimum of 4000 JLGs will be formed and credit linked in the coastal regions of the State. This will be implemented with credit linkage as mentioned above. The component also include provision for providing "She Scooter" for mobile fish vending, setting up of fish vending kiosks, and establishing "Kadal cafes" in 14 districts of the State. It is envisaged that 100 percentage beneficiaries of the sub component will be women.

d) A budgetary provision of ₹ 400.00 lakh is earmarked for the activities of Matysafed of which, an amount of ₹ 200.00 lakh is for providing interest subvention against the loan provided to the fishermen registered with KFWFB for securing fishing inputs and working capital with an upper ceiling of ₹ 3.00 lakh per head. It also includes a provision of ₹ 200.00 lakh for providing interest subvention against the loan provided to the women fish vendors who are registered with KFWFB for raising capital for fish vending with an upper ceiling of ₹ 20000.00 per head.

ii. Basic Infrastructural facilities and Human development of Fisherfolk (Capital head)

An amount of ₹ 2000.00 lakh is provided in the year 2026-27 for the component which includes two activities.

Sl. No.	Sub Components	Amount (₹ in lakh)
a	Rehabilitation of fishermen by providing land and house	1000.00
b	Coastal infrastructure facilities	1000.00
	Total	**2000.00**

a. Rehabilitation of fishermen by providing land and house: This component includes the provision for the construction of the model fishing village, revamping of fishermen colony, rehabilitation of fishermen, completion and renovation of the houses and flats constructed as a part of the on-going schemes. It also includes the provision of electrification and other related amenities of the housing scheme.

b. Coastal infrastructure facilities: The component envisages the development of coastal infrastructure like common social amenities such as sanitation, drinking water, electric power, library, walkway, health facility, drainage, facilities for sports activities in coastal areas and implementation of 'Prathibhatheeram' project. The sector also includes the development activities of Fisheries Technical School and Fisheries schools having more than 50 per cent of students of fishermen in coastal areas.

iii. Punargeham

It proposes the rehabilitation of all families residing within 50m from HTL under the constant threat of sea erosion to safer locations. The evacuated land within 50 metres from the sea coast can be used for the formation of bio-shield. The scheme includes provision for the purchase of land, construction of house/flat with common amenities and formation of bio-shield. It also includes provision for conducting awareness workshops among fishermen for the need of rehabilitation, scheme monitoring and evaluation, documentation and related aspects. An amount of ₹ 6420.00 lakh is earmarked for the scheme in 2026-27.

iv. Fishermen house renovation and maintenance

The scheme is proposed to improve the infrastructure of houses which were built 10 years or more back and to provide each fishermen with better living condition and for attaining sustainable development goals. An amount of ₹1000.00 lakh is provided for the scheme during the Budget 2026-27.

2. NCDC assisted Integrated Fisheries Development Project

(Outlay: ₹ 100.00 lakh)

Matsyafed avails credit from NCDC, National Backward Classes Finance Development Corporation (NBCFDC), National Minority Development Finance Corporation (NMDFC), Nationalized banks for distributing credit to the fishermen through Fishermen Development and Welfare Co-operative Societies (FDWCS). An amount of ₹100.00 lakh is provided in the year 2026-27 for subsidy and share capital assistance of the loan availed through NCDC.

3. Seed Capital for NBCFDC and NMDFC

(Outlay: ₹ 30.00 lakh)

The scheme is proposed to distribute seed capital assistance to fishermen. An amount of ₹ 30.00 lakh is provided in the year 2026-27 for the seed capital assistance for NMDFC and NBCFDC loans.

4. Integrated Coastal Area Development Project -RIDF

(Outlay: ₹ 1500.00 lakh)

The development of coastal infrastructure and other infrastructure included in the priority list of NABARD will be taken up under RIDF for which an amount of ₹ 1500.00 lakh is provided during 2026-27.

5. Capital repairs and maintenance dredging of fishing harbours (HED)

(Outlay: ₹ 1230.00 lakh)

The scheme is proposed for the upkeep and maintenance of the harbours. The Fishing Harbours constructed with huge capital outlay are often rendered unusable due to deposition of sand and lack of timely capital repairs. Hence, fishing harbours cannot be used round the year, which renders a big blow to the income of the fishing community. An amount of ₹ 1230.00 lakh is provided in the year 2026-27 for capital repairs and maintenance dredging of fishing harbours to ensure that they are fully functional throughout the year and bring positive returns to the fishermen. The components include replenishment of breakwater, dredging and major repairs of the harbours.

6. Group Insurance scheme for fishermen

(Outlay: ₹ 1000.00 lakh)

The scheme is for providing Group accident insurance coverage to the active fishermen who are members of the Kerala Fishermen Welfare Fund Board (KFWFB) with compensation of ₹ 20.00 lakh for death/missing/total disability and ₹ 10.00 lakh for partial disability. The fishermen enrolled under Fisheries Information Management System are only eligible for insurance coverage. It is estimated that around 2.5 lakh fishermen will be covered under this component. An amount of ₹1000.00 lakh is provided for the component during the Budget 2026-27.

7. Group Insurance scheme for Allied workers

(Outlay: ₹ 118.00 lakh)

The scheme is proposed for providing Group accident insurance coverage to the allied fish workers who are members of the Kerala Fishermen Welfare Fund Board (KFWFB), with a compensation of ₹ 20.00 lakh for death/missing/total disability and ₹ 10.00 lakh for partial disability. The fishermen enrolled under Fisheries Information Management System are only eligible for insurance coverage. It is estimated that around 78659 allied fish workers will be covered. An amount of ₹ 118.00 lakh is provided for the component in 2026-27.

8. Preparation of master plan for fishing harbours (HED)

(Outlay: ₹ 100.00 lakh)

The scheme envisages the preparation of a detailed master plan of Fishing Harbours which provides a framework for how the harbours can develop and redevelop over time catering the requirements of fishermen community. The infrastructure development proposal in the master plan can be executed in phased manner. For the preparation of master plan ₹5.00 lakh for each harbour is provided. An amount of ₹ 100.00 lakh is provided for the scheme in 2026-27.

2.5 SOCIAL JUSTICE PROGRAMME

1. State Support for National Social Assistance Programme - National Old Age Pension Scheme

(Outlay: ₹ 3.00 lakh)

An amount of ₹ 3.00 lakh is provided as token provision for the scheme 'State Support for National Social Assistance Programme - National Old Age Pension Scheme' during 2026-27. The details of the scheme are given in Appendix IV of the Budget 2026-27.

2. State Support for National Social Assistance Programme-National Widow Pension Scheme

(Outlay: ₹ 3.00 lakh)

An amount of ₹ 3.00 lakh is provided as token provision for the scheme 'State Support for National Social Assistance Programme - National Widow Pension Scheme' during 2026-27 .The details of the scheme are given in Appendix IV of the Budget 2026-27.

3. State Support for National Social Assistance Programme- National Disabled Pension Scheme

(Outlay: ₹ 3.00 lakh)

An amount of ₹ 3.00 lakh is provided as token provision for the scheme 'State Support for National Social Assistance Programme - National Disabled Pension Scheme' during 2026-27. The details of the scheme are given in Appendix IV of the Budget 2026-27.

III. CO-OPERATION

Co-operative sector plays a significant role in the development of Kerala economy. Large networks of co-operatives in Kerala are spread across rural and urban areas. These co-operatives are engaged in various types of activities, such as agricultural credit, public distribution, distribution of agricultural commodities, health, education, housing, agro processing, industries, upliftment of SC/ST, women, youth and transgender people. The total outlay provided for the Co-operative sector in the Budget 2026-27 is ₹ 14252.00 lakh. The total outlay includes State plan schemes, NABARD- RIDF and State share for NCDC schemes. The scheme-wise outlay and activities during 2026-27 are as follows.

Credit Co-operatives

1. Implementation of schemes financed by NCDC (ICDP) – State share

(Outlay: ₹ 20.00 lakh)

One of the important schemes of the NCDC is the "Integrated Co-operative Development Project (ICDP) scheme" which was introduced in 1985-86, aiming at overall development of the project area via:

- Development of Primary Agricultural Credit Societies (PACS) as multipurpose self-reliant entities.
- Development of viable functional linkages among co-operatives.

This is a State support scheme for implementing ICDP. Assistance is given for covering 50% of the project implementation cost. Under the scheme, an Area Development Approach is adopted for the development of co-operatives and a macro plan is prepared for the whole of the district, keeping in view of the local resources and needs. The project is implemented by a district central co-operative bank through a project implementation agency. NCDC funds the ICD Projects, through the State Government. The project funding is under three heads, (i) Loan (ii) Share (iii) Subsidy. The loan is provided for the creation of infrastructure facilities such as godowns, banking counters, transport vehicles, small processing units, infrastructure development of hospitals, and strengthening of share capital / providing margin money for augmenting the business of the societies. The subsidy is provided for project implementation, manpower development and training, monitoring and incentives. Subsidy is limited to 30% of the total project cost and is shared between the NCDC and the State Government on 50:50 basis. Kerala State Cooperative Bank, Thrissur will provide assistance for starting the second phase of ICDP in Thrissur District in the financial year 2026-27.

An amount of ₹ 20.00 lakh is provided for the scheme in Budget 2026-27.

2. Assistance to Primary Agricultural Credit Co-operatives

(Outlay: ₹ 1595.00 lakh)

The outlay is provided to the Primary Agricultural Credit Societies for the following activities:

a) An amount of ₹ 700.00 lakh is provided for State contribution towards risk fund scheme, constituted by Kerala Co-operative Development and Welfare Fund Board, subject to the provisions under various acts.

b) Share capital assistance is provided only to PACS

c) Share assistance to PACS for the promotion of Self Help Groups.

d) An incentive in the form of a grant to PACS, providing loan assistance for paddy cultivation which is more than 20% of the total agricultural loan issued by the society in the previous year subject to a maximum of ₹ 25,000/- per society in a financial year.

e) Incentive in the form of grants for the purchase of harvesting machine, subject to the limit of 20% of the cost of the machine or ₹ 4.00 lakh whichever is less.

f) Assistance in the form of share, loan and subsidy to Primary Credit Co-operatives for computerization, core banking, installation of ATM facilities, up gradation of technology and acquisition of modern technological devices for the functioning of PACS and also for co-operatives, engaging national level IT experts and national level IT institutes for technology support. Kerala State Co-operative Bank (Kerala Bank) and PACS to be part of the technology up gradation platform. An amount of ₹ 550.00 lakh is provided for modernization of PACS for implementing a common software.

g) Public Private Co-operative Model Projects (PPC Model Consortium) – Assistance for the infrastructure development / activities of PACS through consortium.

h) Formation of Consortium Model Project-Assistance for starting up of consortium model projects.

i) Any projects taken by the PACS as an innovative initiative

An amount of ₹ 1595.00 lakh is provided in the Budget 2026-27 for the above activities.

Housing Co-operatives

3. Share Capital contribution to Primary Housing Co-operatives

(Outlay: ₹ 50.00 lakh)

Housing schemes in the co-operative sector are implemented through affiliated Primary Housing Co-operatives. The provision is for providing financial assistance in the form of share capital contribution to Primaries to make them eligible to raise loans from HUDCO, National Housing Bank, LIC, etc. through the Federation. The outlay provided is also intended for giving adequate financial support to non-affiliated Primary Housing Co-operatives for advancing loans to Economically Weaker Sections (EWS), lower income groups and middle-income groups during the interim period of non-affiliation.

An amount of ₹ 50.00 lakh is provided for the scheme in the Budget 2026-27.

Processing Co-operatives

4. Processing Co-operatives - Share capital contribution NCDC Assisted – (40% State share)

(Outlay: ₹ 60.00 lakh)

This is a State Government support scheme for installing processing units or rehabilitating sick processing units with the assistance of NCDC. NCDC provides assistance for installation of processing units/rehabilitation of sick units by extending assistance up to 50% of the block cost by way of loan. The State Government has to meet 30% of the cost by way of share capital contribution and 10% of the block cost by way of subsidy and the remaining 10% has to be shared by beneficiary societies. All types of co-operatives can submit viable projects. But the assistance will be released only after the projects being vetted by an expert group based on certain eligible criteria. The outlay provided is to meet 40% of the state share.

Following activities are covered under the scheme:-

- Establishment of new processing units/strengthening of share capital base.
- Expansion/modernization/rehabilitation/diversification of existing processing units.

An amount of ₹ 60.00 lakh is provided in the Budget 2026-27 for the scheme as State share.

Consumer Co-operatives

5. Assistance to Consumer Co-operatives and Neethi stores

(Outlay: ₹ 420.00 lakh)

Consumer Co-operatives play an important role in providing consumer goods, medicines, stationery items etc. at subsidized rates to the consumers and help them from the exploitation of the private retailers. The scheme also intended to provide essential commodities at subsidized rates to downtrodden people to protect them from soaring price levels.

a. Assistance to Kerala State Co-operative Consumer Federation Ltd. on specific projects.

Component	Amount (₹ in lakh)
Assistance to ACSTI to strengthen the infrastructure of the courses offered	200.00

19. Co-operative's Initiative in Technology-driven Agriculture (CITA)

(Outlay: ₹ 3500.00lakh)

As per the objectives of the 14th Five Year Plan, in order to enhance the competitiveness and viability of agriculture and allied sectors a new initiative, emphasizing on the technology application and collective efforts in farming, Co-operative's Initiative in

Technology-driven Agriculture (CITA) is being implemented from 2022-23 and will continue during 2026-27 also.

The scheme is intended for the production, aggregation, storage, value addition and marketing of agriculture products to enhance viability of farm sector with the support of co-operative sector. This will include the interventions in production and post-production along with forward and backward linkages. In order to facilitate ease of operation within the objectives, the erstwhile components are merged together.

The project based support system is aimed at promoting and nurturing agriculture by utilising homesteads in the area covered by the Primary Agriculture Credit Co-operative Societies/other co-operatives/ farmer collective organisations with 5 years' experience in the field and having net profit for the last 5 years. The project envisages efficient production, storage, and marketing of agricultural crops in large and small vegetable gardens, kitchen gardens, spices, terrace farms and incorporating other farming activities of animal husbandry and fisheries. The scheme will be implemented by following the Integrated Farming System (IFS) method developed by Kerala Agriculture University. Through this project, the farmers who are members of co-operatives are assisted in all aspects of farming activities from end to end, that is, from sowing to value addition. The objective of the project is to help in achieving food self-sufficiency in the State. The 25% of the ultimate beneficiaries of the scheme should be women.

It is clear that since the projects envisaged under CITA are to be established during financial year, no spill over expenditure will be allowed, unless stated specifically in the Administrative Sanction. These are one-time assistance for establishment of viable projects, unless otherwise specified in the first year. Projects which are aimed at working capital subsidy are not allowed under CITA as such projects can be covered under State schemes of other Departments.

CITA will be implemented through the best functioning Primary Agricultural Credit Co-operative Societies or Co-operatives/ farmer collective organisations with established primary sector linkages with 5 years' experience in the field and having net profit for last 5 financial years are potentially viable which can showcase implementable projects with definite periodic cash flow projections.

Further, the Society must meet the following criteria of selection to the project implementation.

1. There should be cultivation of not less than 300 acres under the service area of Primary Co-operative Societies (Farmers Service Centre/Groups).
2. Short-term agricultural crops should be grown on 200 acres and long-term agricultural crops including fruits on 100 acres.
3. Each society should ensure the participation of at least 50 SHGs/groups at a time.
4. Each Self-Help Group should have a representative to lead it.
5. The PACS/Other Co-operatives should cover all the participating farmers under Kisan Credit Card Scheme (KCC), possibly with technology backup.

The project provides support to Primary Agricultural Credit Co-operative Societies/other co-operatives for the implementation of CITA. The scheme will be

implemented throughout Kerala in 2026-27 (preference will be given to co-operative societies having agricultural background and excellence in agricultural production). The projects will be selected based on the recommendations of a State Level Project Selection Committee.

a) Pre-Production and Production

Through this scheme, the PACS will get assistance for collective efforts on the pre-production and production related activities. This includes land preparation with mechanical labour, procurement of seed, fertiliser, manures, hiring of implements, micro-irrigation facilities etc. PACS will get guidance and assistance from the technical agencies (for seed, fertilizer, and pesticide) and other agricultural related facilities under the scheme and also they are free to bring in qualified professionals for local assistance. The programme will focus on farm plan based projects with the guidance of Kerala State Planning Board. The projects should be guided throughout, by a qualified individual who possesses relevant qualification in the activity undertaken, such as a full time VHSC holder/Diploma holder. Subject to the clearance of technical committee, the outlay can be used for the contractual salary for this purpose. This scheme will ensure forward and backward linkages in agriculture, within the pre-production and production.

b) Procurement, Processing and Marketing

The agricultural goods that farmers produce in the Farmers Service Centre/Group will be directly procured, marketed or processed through specialized outlets set up by the Primary Agricultural Credit Co-operative Societies. Most of the time, the individual PACS may not generate marketable surplus or they may lack infrastructure facilities. In such cases, the PACS can join together and form federated structures for the above purpose or join the already existing cooperative institutions. However, the ultimate beneficiaries will be farmers and the profit from marketing of products will be distributed among them with the help of technology driven financial products. The products can also be processed and marketed through PACS/Marketing Co-operative Societies having storage, processing and marketing facilities. Software and mobile applications will be developed to deliver the agricultural products produced in each region to the consumers in the respective region very quickly and also provide systems to deliver the products to the doorsteps in a timely and damage free manner. Under this scheme, infrastructure will be created with refrigeration system to transport surplus agricultural produce from one region to other regions and software and mobile applications will be developed for faster transfer. Also for smooth functioning of the scheme, storage and processing centres will be set up and financial assistance will be provided to store, process and market the produce which cannot be marketed locally. The support of the existing co-operative institutions may also be sought in this case. Priority will be given to those societies, which are engaged in procurement, sorting, grading and marketing of rice, vegetables and fruits.

The Farmers Service Centre/Group will engage in direct procurement of agricultural products from the farmers during the harvest season. The products collected from the farmers will be processed and stored in the procurement/storage and processing centers.

The establishment and up-gradation of Grameen markets in each panchayat, municipalities and municipal corporations under the leadership of a reputed PACS in the area

whereby offering the farmers a marketing platform in close proximity to the farm gates facilitating the direct sale. Grameen markets will improve the market accessibility, price realization, reduce wastage and free from exploitation. The scheme will provide a subsidy assistance of ₹ 10.00 lakh each for setting up of Grameen markets.

The assistance for marketing will be limited to maximum 50 per cent of the cost, limited to ₹ 25.00 lakh per society and the project amount will be released in phases only after assessing the progress. The detailed guidelines will be issued by the RCS. This amount will be released, if and only if a matching grant is provided by the PACS and a resolution to that effect is submitted to the RCS office.

c) Co-operative Entrepreneurship and startups for Value Addition

The objective is to develop/setting up of value addition clusters of Co-operatives (Co-operative Entrepreneurship)/Startups in all districts for the value addition of agriculture and agriculture- related products including animal husbandry and fisheries in the co-operative sector. After due evaluation viable co-operatives /clusters of co-operatives or FPOs with co-operative linkages in each district will be selected for implementing the project. The clusters will be formed based on locally available agriculture and allied products. The clusters will work mainly in the segment of value addition, processing and marketing of agriculture and allied products. The co-operatives will work to carry out the activities by establishing value addition units and with industry linkage. Under this scheme subsidy and share assistance will be given to the clusters (co-operative entrepreneurship)/startups for the promotion of value addition projects in primary sector.

- Assistance for the Production of Feni: Co-operative Societies will be assisted for the production of Feni from Cashew apples and marketing of the same through Consumerfed outlets, with the project implemented through potential Primary Agricultural Credit Co-operative Societies (PACS).
- Kerala as a high value Horticulture Hub: Assistance will be provided to this scheme, which aims to make Kerala a 'High Value Horticulture Hub' by considering the state's agro-climatic diversity, with key components including the supply of planting materials, promotion of fruit exportation, and formation of value-added units, implemented through potential Primary Agricultural Credit Co-operative Societies (PACS).
- Coconut Replanting and Rejuvenation (New): The Plus One Scheme aim to revitalize Kerala's coconut industry, increase production and promote sustainable agriculture practices. The project's financial requirements will be met through combination of funding from co-operative societies and government subsidies. Specifically, the government have allocated Rs. 10.00 lakh financial assistance for this project. The technical programme for replanting coconut seedlings will be developed in consultation with the local Krishi Bhavan.

d) Formation and assistance to Farmers Service Centre (FSC)

In order to augment production in agriculture and allied sectors, it is provided to setup new FSCs and strengthen the existing FSCs.

The major functions of the Centre are the following:

1. Act as nodal agency to co-ordinate agriculture services in the co-operative societies.
2. Provide information to the farmers regarding agriculture credit, interest rate, debt waiver scheme and also the need-based information.
3. Act as a center of mechanization of Agriculture sector in each Panchayath/Block/ Corporation where the PACS/primary co-operative society is located. The center will provide manpower, seeds, manures, fertilizers, pesticides, irrigation equipment and equipment's for precision farming, conducts proper training, provides agricultural machinery like tractor, tiller etc. and make available the spare parts and repairs of agriculture machineries.

The component envisages the following activities.

Assistance will be provided to the FSCs set up by viable PACS/Co-operatives with a proven track record, as established through their balance sheets.

a) Project-based assistance for innovative activities of the established FSCs
b) Assistance for the setting up of nurseries, bio pharmacy for agriculture, organic agriculture units, service units, farm mechanization services etc.
c) Assistance for setting up of new Farmers' Service Centers and implementation of 'Haritha Sena' to provide agricultural services to farmers.

Project reports from individual PACS/other viable societies must be submitted for all the activities. Under the scheme, no activities will be supported until individual projects are submitted.

Project Formulation, Evaluation, Monitoring and Documentation

In order to ensure participation of local people and LSGs, CITA projects will be generated sensing the regional opportunities and requirements. The projects will be prepared by the PACS with the help of experts and thus following a people centric approach. The projects will be identified in consultation with the local level institutions including LSGs. In order to ensure quality of projects an amount of ₹ 50000/- per PACS can be met from the scheme for consultation and project preparation which will be reimbursed to the PACS upon production of bills. The projects will be considered for funding if and only if proven and accepted technologies are embedded in the project during its cycle.

A system will be developed by the RCS in order to enable submission of projects through a portal. The PACS will submit the project directly into the portal. As the development of portal will take time, initially the projects will be submitted as mail to the office of RCS. Once active, the portal will act both as a project submission and project monitoring platform. This portal will establish continuous data flow of projects from the

districts. An amount of ₹ 50.00 lakh is provided for development of MIS software and for the hardware requirements.

A three layer system will be established for implementation and monitoring of CITA.

- A State level Cell will be constituted at the RCS office exclusively to guide and monitor the existing projects under CITA. This Cell will also act as the State level monitoring and documentation mechanism. The existing system will be reconstituted. An officer, not below the rank of Additional Registrar will be in charge of the Cell. The Cell will handle all works related to the projects both new and continuing. Officers, with higher educational qualifications and residual service of minimum 10 years will be posted to this cell to ensure continuity. An amount of ₹ 5.00 lakh is provided for expenses related to the functioning of cell. Apart from this, an amount of ₹10.00 lakh is provided for State level monitoring visits, documentation and related expenses. The functioning of the State cell and the reports will be reviewed by the RCS and Chief, Agriculture Division, State Planning Board on a quarterly basis.
- At the district level, reviews will be conducted by the Joint Registrar at quarterly intervals to evaluate the progress of all projects including those started from 2022-23. A comprehensive monitoring District Level expert team will be formed by the RCS to act as supporting mechanism. Quarterly reports will be sent to the state cell. An amount of ₹ 1.00 lakh per district is provided as a one-time allocation to strengthen the cell.
- At the Village/PACS level, a Committee will be constituted with Secretary, PACS as the convener for local monitoring. The committee will comprise of LSG representatives and local level officials. This committee will meet once in two months and will send the MIS to the district level.

An outlay of ₹ 3500.00 lakh is provided for the scheme in the Budget 2026-27.

20. Assistance to promote the production, marketing and export of Co-operative products

(Outlay: ₹ 405.00 lakh)

This scheme is intended for providing financial assistance to co-operatives which engage in procuring, producing, processing, sorting, grading and marketing of products, especially co-operative products.

This scheme includes,

- Assistance to Primary societies, to undertake marketing of the co-operative products, establishment of new outlets and for the modernization of existing outlets.
- Assistance for the promotion of exporting activities of co-operative products.
- Financial assistance for the modernisation of marketing activities of Kerala State Co-operative Marketing Federation.
- Assistance will also be provided to the existing and new outlets of “Coopmarts”.
- Assistance for procuring paddy from farmers, branding and marketing of rice through open market/Civil Supplies.
- Assistance for the formation and promotion of Co-operative Export Promotion Council.

- Assistance for the advertising of Co-operative brand.
- Assistance to Angadi Kerala App - Assistance will be provided to develop the Angadi Kerala app, an online mobile platform for buying and selling agricultural products of the Co-operative sector, enhancing the producer's share on the consumer's rupee.

An outlay of ₹ 405.00 lakh is provided for the following components of the scheme in the Budget 2026-27.

Sl. No.	Component Name	Amount (₹ in lakh)
1	Marketing of co-operative products	405.00
2	Establishment new outlets/malls	
3	Modernisation of existing outlets	
4	Promotion of Exporting activities of co-operative products	
Total		**405.00**

21. Assistance to Kerala Co-operative Revival Fund Scheme

(Outlay: ₹ 700.00 lakh)

The scheme is intended for the effective utilization of investment in the co-operative sector on project basis, promote investment schemes on the basis of necessary proposals and plans, assist the efficient co-operative societies for taking over viable commercial operations and also for diversification functions The primary objective of the scheme is to offer financial assistance for rehabilitation and rejuvenation of the weak co-operatives on the basis of viable projects, revitalization of co-operative societies whose activities slowdown due to lack of working capital and rehabilitation of societies whose functions ceased due to unusual practices. This fund is intended to be formed by pooling a certain percentage of reserves of co-operative societies and a certain percentage of the State Government.

The scheme comprises of two components

A. Assist the projects, which effectively utilize the investment in co-operative sector and promote the investment schemes.

B. This component is exclusively for all types of co-operatives which is under loss for a long time/whose activities slowdown due to lack of working capital/functions ceased due to unusual practices etc. Through this scheme the co-operative society under loss/activities slow downed/functions ceased can overcome their loss and shall expand their activities. The societies will be selected, on the recommendations of the District selection committee of each district as per the guidelines of Registrar of co-operative societies.

An amount of ₹ 700.00 lakh is provided in Budget 2026-27 as subsidy under the scheme.

22. Assistance for Co-operatives for expansion and diversification

(Outlay: ₹ 550.00 lakh)

The scheme includes two components.

A. The component is intended to provide assistance to co-operative societies for taking up viable commercial operations. All categories of societies with a good track record and working are eligible for financial assistance under the scheme. The maximum eligible assistance should not exceed 50% of the project cost. The balance amount required will be raised through the institutional finance or own funds of the society. The assistance will be sanctioned in the following ratio - subsidy 10%, share 20%, loan 20%.

B. This component is intended for the rehabilitation of weak but potentially viable co-operatives. The working of the society and viability of the project will be the prime consideration for providing assistance. The maximum eligible assistance shall not exceed 65% of the project cost. The balance amount required shall be raised through institutional finance or the own funds of the society. The assistance will be sanctioned in the following pattern-subsidy 20%, share 20% and loan 25%. One-time assistance for the revival of defunct/dormant primary co-operatives can also be provided. The assistance will be in the form of subsidies, share capital and loan in the ratio of 1:1:2, based on the approved project report and such societies will be monitored regularly.

The eligibility of societies under the rehabilitation of weak co-operatives will be determined by the fulfillment of both criteria together: The cumulative loss should not exceed the own fund of the society and the society should be with a minimum of 10 years of effective working experience.

An amount of ₹ 550.00 lakh is provided in Budget 2026-27 under the scheme.

23. Assistance for meeting the interest of loan provided through NABARD RIDF Scheme

(Outlay:₹100.00 Lakh)

The scheme is intended to provide subsidy assistance to KAPCOS for meeting the interest of the loan provided through NABARD RIDF scheme. An amount of **₹ 100.00 Lakh** is provided for this scheme in the Budget 2026-27.

24. Assistance from Rural Infrastructure Development Fund (RIDF)-for infrastructure facilities

(Outlay: ₹ 1000.00 lakh)

The outlay is provided for taking up infrastructure projects related to marketing, agro-processing and health co-operatives. This scheme is to carry out the construction of the Rice mill project in Ettumanoor, Kottayam under Kerala Paddy Procurement Processing and Marketing Co-operative Society (KAPCOS) and PAPCOS

An amount of ₹ 1000.00 lakh is provided in Budget 2026-27 for the projects approved by NABARD and new projects provided under RIDF.

IV. IRRIGATION AND FLOOD CONTROL

In the irrigation sector, the emphasis of the Five Year Plan would be to improve the efficiency and potential of existing irrigation projects in Kerala and also to enhance agricultural productivity and water availability by expanding the irrigated area.

Water is a scarce natural resource and is fundamental to life, livelihood, food security and sustainable development. Growing population, faster industrialization and urbanization accentuated by impact of climate change with limits on utilizable quantity of water owning to uneven distribution across the State and during the year, and challenges of changing rainfall pattern leading to frequent floods and droughts across the State calls for revisiting water strategies. Lack of consciousness about scarcity of water and its life sustaining economic value resulting in its mismanagement, inefficient use, pollution and reduction in the environmental flow calls for revised planning and management of water resources. During the year 2026-27, efforts will be made to reposition the State Water Policy for augmentation, conservation and efficient management of water resources with primary heightened focus on holistic benefit to water resource and to the people.

During the year 2026-27 State Water Policy for integrated water resource management will be implemented with the holistic approach of linking social and economic development. The policy will be driven on participatory approach at all levels. All sources of water will be integrated through Government programmes for conserving and ensuring water supplies for various sectors. Efforts will be made to ensure availability of water across the State during the different seasons. Programmes under State Water Policy will be ensured to make all local bodies self-reliant in water augmentation, conservation and supply through rainwater harvesting, development and utilization of new and existing water bodies. Desiltation of dams, rivers and streams will be taken up to ensure maximum environmental flow and supply of green water. The policies of the Government will integrate the use of green water and blue water for water saving, increasing water use, efficiency and protection of vital eco-system. This will be implemented in Government programmes through integration of surface water and ground water management, integration of quantity and quality of water resource management and integration of upstream and downstream water related interests. The programmes will be integrated through River Basin Management for ensuring water for people, water for food, water for nature and water for industries and other uses.

Dam sites and Reservoirs in the department will be put to use for promoting Irrigation tourism with environment-friendly facilities on PPP Model and also the department will undertake dam safety measures for repair and rejuvenation of dams, canals networks to ensure safety and security of water supply.

The outlay provided for the development of Irrigation Flood control and Coastal Zone management sector in the Budget 2026-27 is ₹62385.00 lakh. The total outlay consists of state plan schemes, state share for CSS, EAP and NABARD RIDF. Scheme wise details and outlay provided for the sector during 2026-27 are as follows:

Sub sector wise outlay for 2026-27

Sl. No.	Sub Sector	Amount (₹ in lakh)
1.	**Major & Medium Irrigation**	**23382**
2.	**Minor Irrigation**	**20696**
	a. Ground Water Development	3618
	b. Surface Water Development	17078
3	**Command Area Development**	**150**
4.	**Flood Control & Coastal Zone Management**	**18157**
	a. Flood Control	16450
	b. Coastal Zone Management	1707
	Total	**62385**

4.1 MAJOR AND MEDIUM IRRIGATION

The focus of the plan under major and medium irrigation is execution and realization of the existing projects in the State. It is observed that there has been undue delay in implementation of major and medium irrigation projects in the State. Considering the inordinate time lag, changes in land use pattern, difficulties in land acquisition and similar other problems, steps will be taken to complete these projects in a phased and time bound manner. While the project cost will be met from the plan, the administrative and salary components which do not form part of the normal ongoing project implementation will not be part of the plan.

A larger plan for financing irrigation projects is highly essential, for the completion of the long pending Major & Medium irrigation projects. Therefore it is necessary to have large scale capital investment in irrigation schemes. The revamping of the canal systems of projects is also given importance. For the timely completion and commissioning, enhanced assistance is provided under NABARD RIDF for selected projects during 2026-27. A holistic project proposal would be prepared by the Department and submitted to NABARD for approval.

1. Idamalayar Irrigation Project (NABARD RIDF & State Plan)

(Outlay: ₹3200.00 lakh)

The Idamalayar Irrigation Project is a diversion scheme intended to irrigate an extent of 14394 ha. wet and dry lands. The source of water for irrigation is the tail race discharge of Idamalayar Hydro-Electric Project. The project was commenced in 1981 with an estimated cost of ₹1785.00 lakh. The main component of the scheme is the construction of main canal from Periyar barrage towards right. This bifurcates into two - Low Level Canal (LLC) having a length of 27.25 km and the link canal of length 7.58 km.

Works in the Low Level Canal are in progress. Completion of works in the MC road crossing portion, by adopting push through mechanism, enabled water distribution till

Ch.12540m in LLC. The railway crossing works by the Indian railways has been completed and the flush escape at Ch 14623, the low level canal made fully water through.

An outlay of ₹ 3200.00 lakh is provided for the project in the Budget 2026-27. This includes ₹ 200.00 lakh under State Plan and ₹ 3000.00 lakh under RIDF. The outlay is provided to complete the balance works of Idamalayar Irrigation Project including works of Link Canal including land acquisition and also for rectification and maintenance works associated with completion of the project. A Detailed Project Report encompassing the entire work remaining to be completed has been submitted under RIDF. The amount of ₹ 3000.00 lakh allocated under RIDF is for taking up works during 2026-27. The project would be submitted to NABARD during 2026-27 for including in the tranche for the year.

2. Muvattupuzha Valley Irrigation Project (MVIP) (NABARD RIDF & State Plan)
(Outlay: ₹1156.00 lakh)

The Muvattupuzha Valley Irrigation Project, through the utilization of tailrace water from Idukki hydro- electric project aims at providing irrigation to agriculture activities in Ernakulum, Kottayam and Idukki districts. It also provides water for industrial purposes and helps in recharging the water table in the command area. The project was started in 1974 with an original estimate cost of ₹2086.00 lakh.

Muvattupuzha Valley Irrigation project was commissioned on 10.07.2020 (excluding Edayar and Karikkode distributaries). The envisaged ayacut of MVIP was 35619 ha (Gross) and 18173 ha (Net). As on date of commissioning, the total ayacut achieved from this project is 33670 ha (Gross) and 17179 ha (Net).

An outlay of ₹ 1156.00 lakh is provided in the Budget 2026-27. This includes ₹ 156.00 lakh under State Plan and ₹ 1000.00 lakh under RIDF. The outlay provided is for the balance works of Karikode distributory, Piravam Branch canal and also for the rectification and maintenance works of the canals associated with completion of the project. A Detailed Project Report encompassing the entire work remaining to be completed has been submitted under RIDF. The amount of ₹ 1000.00 lakh allocate under RIDF is for taking up works during 2026-27. The project would be submitted to NABARD during 2026-27 for including in the tranche for the year.

3. Cauvery Basin Projects

The water allocation by the Cauvery Tribunal Award to the State was 30 TMC in 2007, out of 726 TMC of water of river Cauvery. Out of this, 21 TMC is in Kabini sub basin, 6 TMC in Bhavani sub basin and 3 TMC in Pambar basin. The Cauvery basin has a drainage area of around 81155 Km^2 spread over the States of Karnataka, Tamil Nadu, Kerala and Union Territory of Puducherry. The catchment in Kerala is 2866 km^2. A comprehensive basin development strategy covering medium irrigation and minor irrigation projects will be implemented in the basin for the utilization of water resources.

A. Kabini sub basin

The two ongoing medium irrigation projects in Kabini sub basin are Karapuzha project and Banasurasagar project.

a. Karapuzha Irrigation Project (NABARD RIDF & State Plan)

(Outlay: ₹2875.00 lakh)

Karapuzha project is the first irrigation project taken up in the Wayanad District during the Fifth Five Year Plan. The objective of the scheme is to construct an earthen dam across Karappuzha at Vazhavatta with a storage reservoir and canal system to irrigate an area of 5221 ha (net) in Wayanad district. The Administrative Sanction for the project was accorded in 1978. The aim of the project is to provide irrigation facilities for the second crop period and also during the period May-June. The project was approved by Planning Commission in 1978 with an estimate cost of ₹760.00 lakh. The head works of the project had been completed and was partially commissioned on 20-06-2010. The revised approved project cost is ₹56000.00 lakh.

An outlay of ₹2875.00 lakh is provided in the Budget 2026-27. This includes ₹175.00 lakh under State Plan and ₹2700.00 lakh under RIDF. The outlay provided is for implementing the balance works of Karapuzha Project including the works of Kottoor branch canal, construction works of all distributaries, land acquisition in the Karapuzha reservoir belt area to expand it to the full reservoir capacity and also for rectification and maintenance works associated with completion of the project. A Detailed Project Report encompassing the entire work remaining to be completed has been submitted under RIDF. The amount of ₹2700.00 lakh allocated under RIDF is for taking up works during 2026-27. The project would be submitted to NABARD during 2026-27 for including in the tranche for the year.

b. Banasurasagar Irrigation Project (NABARD RIDF & State Plan)

(Outlay: ₹2175.00 lakh)

Banasurasagar Irrigation Project consists of a dam, constructed by KSEB, across Karamanthodu, a tributary of Panamaram river. The project was originally proposed for an ayacut of 2800 ha of agricultural land for the second and third crops. Administrative Sanction was obtained for the project in 1999 for ₹37.88 crore. The allocation to Banasura Sagar project as per the Cauvery Tribunal award is 0.84 TMC. The main canal is 2.73 km long and there are two branch canals – Padinjarathara branch canal and Venniyode branch canal.

An outlay of ₹ 2175.00 lakh is provided in the Budget 2026-27. This includes ₹175.00 lakh under State Plan and ₹2000.00 lakh under RIDF. The outlay provided is for implementing the balance works of Banasurasagar Project including the remaining works of Venniyode and Padinjarathara branch canals and the works of distributaries and also for rectification and maintenance works associated with completion of the project. A Detailed Project Report encompassing the entire work remaining to be completed has been submitted under RIDF. The amount of ₹2000.00 lakh allocated under RIDF is for taking up works during 2026-27. The project would be submitted to NABARD during 2026-27 for including in the tranche for the year.

c. MI Projects in Cauvery basin

(Outlay: ₹260.00 lakh)

Rejuvenation of rivers through construction of check dams and other measures is a priority area under water management. The topography of Wayanad is suitable for implementation of minor irrigation projects which can sustain ground water recharge, provide drinking water and irrigation facilities. Minor irrigation works including restoration and

rehabilitation of ponds in Cauvery basin, construction of check dams, lift irrigation, construction of water storage structures, protection works and comprehensive development of small streams in Kabani & Pambar basins would be taken up. Focus would be given to rain shadow regions in Idukki, Wayanad and Palakkad districts.

An amount of ₹260.00 lakh is provided in the Budget 2026-27 for minor irrigation projects in Cauvery basin.

B. Bhavani Basin - Check dams in Attappady

(Outlay: ₹180.00 lakh)

The scheme envisages construction of check dams in Attappady valley, in Palakkad district. The topography of Bhavani sub basin is suitable for implementation of MI projects such as check dams and LI schemes which can sustain ground water recharge, provide drinking water supply and irrigation facilities in Attapady. During 2026-27, an outlay of ₹180.00 lakh is earmarked for implementing minor irrigation projects in Bhavani basin. The outlay provided is for construction of ponds, small water storage structures, check dams and lift irrigation schemes benefitting the tribal areas. The physical targets would be clearly spelt out at the time of Administrative Sanction. The physical and financial progress of the scheme will be reviewed at the Secretary level and an action plan will be charted for project completion.

C. Pambar Basin Projects

(i) Pattissery Project

(Outlay: ₹1700.00 lakh)

The water allocation by the Cauvery Tribunal Award to the State was 30 TMC in 2007, out of this 3 TMC is in Pambar basin. In March 2013, Administrative sanction was given for ₹2600.00 lakh for the reconstruction of Pattissery dam and canal system under Chengalar scheme in Pambar basin**.** Revised Administrative Sanction and Technical Sanction was obtained in 2019. Revised estimate was sanctioned for an amount of ₹4282.71 lakh.

An amount of ₹1700.00 lakh is provided in the Budget 2026-27 for the reconstruction works of Pattissery dam and canal system under Chengalar scheme. Activities envisaged include works on rockfill dam and counterfort retaining wall for saddle dam. The entire amount is allocated for project measures and no administrative expense including salary will be allowed from this outlay. The physical and financial progress of the scheme will be reviewed at the Secretary level.

(ii) Construction of Lower Chattamunnar dam

(Outlay: ₹50.00 lakh)

The construction of Lower Chattamunnar Dam is envisaged under Thalayar scheme. A Contour survey of the proposed location has been completed. As per the recommendation of the geologists from GSI, soil investigation has been completed at the proposed site of the dam. Additional investigation work was also done as recommended by the geologists from GSI. An amount of ₹50.00 lakh is provided in the Budget 2026-27 for the works of the canal system. The entire amount is allocated for project measures and no administrative expense will be allowed from this amount.

(iii) Construction of weir and forebay tank at Thalachoorkadavu and diversion of Chengalar scheme from Thalachoorkadavu to Patissery dam and Construction of ring road including fencing work at Patissery Dam

(Outlay: ₹832.00 lakh)

The scheme envisages construction of a check dam across Chengalar stream at Thalachoorkadavu for diverting the excess water from Chengalar to Patissery reservoir to have year round water supply. The scheme envisages expanding the ayacut area expected from the Patissery project. An amount of ₹666.00 lakh is provided in the Budget 2026-27 for the construction of weir and forebay tank at Thalachoorkadavu. For the construction and maintenance of ring road system around Patissery dam, ₹166.00 lakh is provided in the Budget 2026-27.

4. RCB at Chamravattom

(Outlay: ₹250.00 lakh)

"Regulator cum bridge at Chamravattom across Bharathapuzha" is a multipurpose medium irrigation project. It provides water required for irrigation in two taluks of Ponnani and Tirur and stabilizes 4344 hectares of gross ayacut area under 9 LI schemes. Administrative Sanction was accorded for ₹11300.00 lakh on 30.6.2008 and revised estimate was sanctioned for ₹13427.00 lakh on 31.01.2013. Water storage in Chamravattom RCB reservoir was interrupted due to the piping effect noticed at the downstream of RCB. The rectification works of Chamravattom regulator is in progress in accordance with the report of IIT Delhi.

An outlay of ₹250.00 lakh is provided in the Budget 2026-27 for RCB at Chamravattom. The budget allocation is provided for the ongoing rectification works and also for the routine maintenance for the smooth operation of the regulator including civil, electrical and mechanical maintenance. The entire amount is allocated for project measures and no administrative expense will be allowed from this amount. The physical and financial progress of the scheme will be reviewed at the Secretary level and an action plan will be charted for completion of project.

5. Modernisation of field channels and drains of CADA canals of major projects

(Outlay: ₹1410.00 lakh)

Chitturpuzha, Malampuzha, Mangalam, Pothundy, Kuttiyadi, Gayatri, Walayar projects are included in the scheme Modernisation of field channels and drains of CADA canals of major projects. By rectifying the damages and arresting the leakages of selected channels, water distribution to the entire ayacut of these channels can be made and issues of water logging can be controlled to a greater extent.

During 2026-27, it is proposed to achieve more ayacut by carrying out the modernization of field channels of the projects viz. Chitturpuzha, Mangalam, Malampuzha, Pothundy, Kuttiyadi, Gayatri, Walayar and Kallada. An outlay of ₹1410.00 lakh is provided in the Budget 2026-27 for carrying out the modernisation activities. Out of the total allocation, an amount of ₹200.00 lakh is provided for Dam and appurtenant works of Kallada irrigation project. The physical targets of ayacut would be submitted at the time of

Administrative Sanction. The physical and financial progress of the scheme will be reviewed at the Secretary level and an action plan will be charted for completion of projects.

6. Investigation of Irrigation Schemes

(Outlay: ₹234.00 lakh)

The objective of the scheme is investigation works of new major and minor irrigation projects, preparation of project reports and also revision of project reports. EIA study of Attappady Irrigation Project and DPR preparation of Kadamanthode and Thondar projects are also envisaged.

An amount of ₹234.00 lakh is provided for the scheme in the Budget 2026-27.

7. Assistance to CWRDM

(*Outlay: ₹30.00 lakh*)

CWRDM is the State level organization in Kerala carry out water resources management training for the user departments. Under the Irrigation Management Training Project (IMTP), assisted by the USAID project, CWRDM imparted National Level Training Course on 'Drip & Sprinkler Irrigation System Design & Layout', a training course transferred from the UTAH State University of the United States. The programme has been renamed as Water Resources Management & Training Project (WRMTP). WRMTP is envisaged to bridge the gap between irrigation potential created and utilized by imparting active training to all personnel involved in irrigated agriculture and through action research programmes.

Training is imparted for the officers and engineers of stakeholder departments on relevant identified topics. Every year about 25 to 30 courses is conducted under WRMTP on diverse water related topics. About 800 training programmes had already been conducted for the service departments of the State and more than 10,000 officials were trained.

Training need analyses have been conducted on the officers/engineers of related line departments, specifically on State Water Resources department. An annual training calendar has been published with the approval of the State level Training Advisory Committee (TAC).

For meeting the expenditure connected with the training programmes, an outlay of ₹30.00 lakh is provided for the scheme in the Budget 2026-27.

8. Specialized training programmes and modernization of the Department

(Outlay: ₹190.00 lakh)

The objective of the scheme is to impart training for the technical personnel of the department in planning and monitoring, preparation of designs and execution in institutions like IITs, management institutes etc. An outlay of ₹40.00 lakh is provided in the Budget 2026-27 for imparting skilled manpower training.

An outlay of ₹150.00 lakh is provided in the Budget 2026-27 for undertaking activities pertaining to modernization and e-governance initiatives in Irrigation Department. The integration of offices under Irrigation Department with structured LAN connectivity, integration with KSWAN and adoption of e-filing system in offices of the Department are intended. The outlay is also provided for tracking and keeping the assets of the department electronically, up keep of electronic assets, digitization of the Right to Services under the department and for necessary infrastructure facilities for the smooth functioning of e-office.

Post Facto Evaluation (Third party evaluation of irrigation projects)

(Outlay: ₹20.00 lakh)

It is observed that there has been undue delay in implementation of irrigation projects in the State and the outlay is provided to conduct monitoring (concurrent as well as final evaluation) of all ongoing and completed irrigation projects, major, medium and minor including micro irrigation implemented in the State through Third Party agency. Monitoring and Evaluation of irrigation projects, including concurrent monitoring, will help to improve the efficiency of irrigation projects. An independent and highly competent accredited agency, preferably in the government sector or public sector undertaking outside Government of Kerala, which has substantial experience in the field, will be selected through competitive bidding. This agency will do the concurrent evaluation of all irrigation projects, and will undertake the final evaluation of completed projects. The indicative areas to be covered in the M&E procedure include adherence to time and cost, project appraisal and quality of DPR, different processes involved in formulation and implementation, and the accrued/accruable benefits of the projects may be evaluated vis-a-vis the initial objectives of each project. Through this study, the socio-economic benefits from irrigation projects will be analysed in detail.

An amount of ₹20.00 lakh is provided in the Budget 2026-27 for this purpose.

9. Development of Kerala Engineering Research Institute (KERI), Peechi- Stage II

(Outlay: ₹110.00 lakh)

Kerala Engineering Research Institute (KERI), Peechi is the research institute under Water Resources Department for undertaking research activities on project design and irrigation systems. The outlay is provided for the development of the institute such as procurement of modern advanced equipments in a need based manner and for the up gradation of equipments. The overall objective is to improve the infrastructure of labs. It is also envisaged to increase revenue generation through testing of materials. For carrying out the activities related to the development of KERI, like, upgradation of labs, modernization works and for the routine activities, an amount of ₹110.00 lakh is provided in the Budget 2026-27.

10. Modernisation of design wing

(Outlay: ₹100.00 lakh)

The scheme envisages modernisation of quality control labs under irrigation department and infrastructure upgradation of IDRB. As part of modernisation, conduct of training programmes, software development, up gradation of technical library, provision for electronic gadgets and internet connectivity, effective automation in online monitoring of dams, online design indent submission, modernization of quality control wing, digitization of drainage systems of each basin are planned. Formation of quality control data manual, modernisation of quality control wing, physical infrastructure up gradation, setting up of labs, purchase of modern equipments for material testing labs in quality control wing, mobile quality control units, purchase of machines and software, and training for staff are envisaged.

An amount of ₹100.00 lakh is provided in the Budget 2026-27 for modernisation of design wing. Purchase of vehicle and construction are not allowed under the scheme.

11. Modernisation of hydrology information system

(Outlay: ₹110.00 lakh)

In order to have a realistic assessment of water resources in the State, IDRB is in the process of modernising existing Hydrology Information System with Real Time Data Acquisition System (RTDAS).The scheme envisages hydro meteorological data collection from gauging stations established across Kerala river basins, maintenance of existing gauging stations and establishing new stations, if necessary, procurement of equipments for data collection, maintenance of infrastructure facilities for data validation, studies for integrated river basin management and capacity building programmes. Purchase will be done through GeM portal, Government of India or through suitable competitive bidding.

Upkeep and maintenance of various hydro-meteorological stations, procurement of hydro–meteorological equipment and annual maintenance of Kerala WRIS are the activities envisaged for 2026-27.

An amount of ₹110.00 lakh is provided in the Budget 2026-27 for the modernisation of hydrology information system.

12. Establishing Flood Early Warning System (FEWS)

(Outlay: ₹100.00 lakh)

The scheme envisages establishing Real Time Data Acquisition System (RTDAS) in Kerala river basins. For the real time operation of reservoirs integrated with flood forecasting and warning system for river basins of Kerala, establishment of real time hydro-met station network of sufficient density is critical. The accuracy of the forecasts depends on the real time hydro-met data received and the quality of topographical features. During 2026-27, it is envisaged to establish 24 nos of Real Time Hydro-Met stations in various river basins and also for hiring the technical support. An outlay of ₹100.00 lakh is provided in the Budget 2026-27 for establishing Flood Early Warning System (FEWS). The physical and financial progress of the scheme will be reviewed at the Secretary level and an action plan will be charted for completion of project.

13. Formation of River Basin Organisation (River Basin Management Authority)

(Outlay: ₹500.00 lakh)

The various programmes in water resource management will be through River Basin Management for ensuring water for people, water for food, water for nature and water for industries and other uses. River Basin Management Approach will be undertaken for economic planning and area development programs. For this purpose, River Basin Management Authorities will be set up and during 2026-27, steps will be initiated to prepare long term and annual action plans for each river basin. A capacity building programme will be undertaken for all officials to prepare and implement the plans.

An outlay of ₹500.00 lakh is provided in the Budget 2026-27 for the scheme.

14. Dam Safety Organisation and Dam Safety Measures

(Outlay: ₹500.00 lakh)

Inspection of dams, technical visit, attending training programmes, maintenance works of dams/ barrages, rectification of urgent emergency works and other dam safety works of dams under Irrigation Department are envisaged under this project. The outlay is provided for meeting the expenses in connection with conducting state level

trainings/workshops, inspection of dams, preparation of inundation maps, dam break analysis, conducting repeated sedimentation study in reservoirs and for works connected with the safety of dams of the completed projects. The amount is also provided for the maintenance and repairs of specified dams as per the Dam Safety Act 2021, wherever amount is not allocated specifically.

Civil, mechanical and electrical maintenance of dams and barrages under irrigation department viz Chimoni Dam, Kuttiyadi Dam, Pazhassi Dam, Peechi Dam, Periyar Valley Barrage, Kanjirapuzha Dam, Kallada Dam, Malampuzha Dam, Neyyar Dam, Pothundy Dam, Vazhani Dam, Pamba Barrage, Meenkara Dam, Chulliyar Dam, Walayar Dam, Mangalam Dam, Karapuzha Dam, Malankara Dam, Moolathara Barrage, other emergency works for the safety of dams/ barrages, rectification of damages due to floods, routine pre and post monsoon dam inspections and the works recommended by the Dam Safety Organisation will be undertaken.

An outlay of ₹500.00 lakh is provided in the Budget 2026-27 for the activities.

15. Dam Rehabilitation and Improvement Project (DRIP) -Phase II (EAP)

(Outlay: ₹1600.00 lakh)

DRIP Phase II is a World Bank aided project with the objective to improve the safety and operational performances of selected dams and associated appurtenances of Irrigation Department. DRIP Phase II (2021-2027) is co-financed by World Bank (IBRD) and Asian Infrastructure Investment Bank (AIIB). The funding pattern is 70:30 (70% loan – (35%, IBRD loan & 35% AIIB loan) and 30% state share). Government of Kerala had accorded Administrative Sanction for ₹240.00 crore.

15 dams are selected for Phase II - (Malampuzha, Neyyar, Walayar, Kuttiyadi, Kanjirapuzha, Malankara, Kallada, Pothundy, Meenkara, Chulliyar, Pazhassi barrage, Bhoothahankettu barrage, Maniyar barrage, Karapuzha and Mangalam).

For the activities under DRIP Phase II, an outlay of ₹1600.00 lakh is provided in the Budget 2026-27.

16. Mullaperiyar Project

(Outlay: ₹50.00 lakh)

Government of Kerala has decided to construct a new dam in the place of the century old Mullaperiyar dam based on a detailed study conducted on the security of the existing dam. Ministry of Environment Forest and Climate change has approved Terms of Reference for Environment Impact Assessment study for the new Mullapperiyar Dam, conditionally. Draft EIA study report is approved. Dam construction would be started only after obtaining all statutory clearances.

An amount of ₹50.00 lakh is provided for the project in the Budget 2026-27.

17. Renovation of Kuttiyadi Irrigation Project

(Outlay: ₹500.00 lakh)

Kuttiyadi Irrigation Project in Kozhikode district, which started in 1962, became fully functional in 1993. The left bank main canal is having a length of 40.02 km and right bank main canal is 34.27 km in length. The branch canals have a length of 330 km and distributaries and sub distributaries are 254 km in length. Most of the portions of canals are

unlined leading to heavy seepage of water in many places. Due to the dilapidated condition of various structures and earthen canals, the project is not functioning in its full capacity.

During 2026-27, an outlay of ₹500.00 lakh is provided in the Budget for the renovation and modernization works of the main canal, branch canal and distributaries of Kuttiyadi Irrigation Project for the uninterrupted flow of water through the entire canal network. Canal renovation works should be prioritized and implemented in a need-based manner. The physical and financial progress of the scheme will be reviewed at the Secretary level and an action plan will be charted for completion of projects.

18. Renovation of Main Canal, Branch Canal and Distribution System in Pazhassi Irrigation Project (NABARD RIDF)

(Outlay: ₹1300.00 lakh)

Pazhassi Irrigation Project, the first irrigation project in Northern Kerala was commissioned in 1998. The project has a canal network of 400 km.

An outlay of ₹1300.00 lakh is provided under RIDF in the Budget 2026-27. The outlay provided under RIDF is for the renovation and modernization works of the Main Canal and Branch Canals of the Pazhassi project. A Detailed Project Report encompassing the entire work remaining to be completed has been submitted under RIDF.

Canal renovation works should be prioritized and implemented in a need-based manner. The physical and financial progress of the scheme will be reviewed at the Secretary level and an action plan will be charted for completion of projects.

19. Cheramangalam Project- Improvement of Anicut and allied structures

(Outlay: ₹250.00 lakh)

Cheramangalam is a diversion scheme in Palakkad district with a weir in Gayatri river, which irrigates an ayacut area of 1205 ha. The objective of the project is to minimize the loss of irrigation water through the field channels to ensure adequate water supply to the field.

An amount of ₹250.00 lakh is provided in the Budget 2026-27 for the improvement of Cheramangalam anicut and its allied structures.

20. Extension of Moolathara Right Bank Canal from Varattayar to Velanthavalam

(Outlay: ₹100.00 lakh)

The Moolathara Right Bank canal starting from the Moolathara regulator feeds water to the eastern rain shadow ares of Palakkad such as Eruthempathy, Kozhinjampara etc. The Moolathara Right Bank canal extension is carried out in two phases – Korayar to Varattayar and from Varattayar to Velanthavalam.

The works of land acquisition is in progress for the extension works from Varattayar to Velanthavalam. An outlay of ₹100.00 lakh is provided in the Budget 2026-27 for further developments of extension works of MRBC (Varattayar to Velanthavalam). The physical and financial progress of the scheme will be reviewed at the Secretary level and an action plan will be charted for completion of projects.

21. Attappady Valley Irrigation Project- Bhavani Basin Project

(Outlay: ₹50.00 lakh)

Attappady Valley Irrigation, a medium irrigation project, envisages the construction of a concrete gravity dam across Siruvani river, a tributary of Bhavani River. The allotment as per Cauvery Water Dispute Tribunal is 2.87 TMC for Attappady Valley Irrigation Project (AVIP). The project is expected to irrigate a comkanhirapuzhamand area of 4255 ha.

The Detailed Project Report is submitted to CWC for approval. An amount of ₹ 50.00 lakh is provided in the Budget 2026-27 for the initial stages of dam construction. The entire amount is allocated for project measures and no administrative expense will be allowed from this allocation.

22. Renovation of Kanjirapuzha project (NABARD RIDF)

(Outlay: ₹1000.00 lakh)

Kanjirapuzha Irrigation Project, a medium irrigation project in Palakkad district is having a canal network of left bank canal (61.71 km) and right bank canal (9.36 km). The efficiency of the canal system has declined due to seepage and leak.

For the renovation and maintenance activities of canals including canal lining, an outlay of ₹1000.00 lakh is provided under NABARD RIDF during 2026-27.

Canal renovation works should be prioritized and implemented in a need-based manner.

23.Renovation and Modernisation of canals under Chitturpuzha Project (NABARD RIDF)

(Outlay: ₹1200.00 lakh)

The Chitturpuzha project is managed on the basis of an agreement executed between Govt. of Kerala and Govt. of Tamil Nadu on the utilization of water based on Parambikulam-Aliyar project. The lack of proper maintenance and repair works affected the water distribution system and resulted in heavy conveyance loss.

For renovation and modernisation of canals, including canal lining works of Chitturpuzha project, an outlay of ₹1200.00 lakh is provided under NABARD RIDF during 2026-27.

Strengthening of canal bunds to arrest the erosion of conveyance system, rectification works, provision for additional shutters for efficient water management and lining of canals in vulnerable reaches are the activities envisaged. Canal renovation works should be prioritized and implemented in a need-based manner.

24. Thottapally project

(Outlay: ₹500.00 lakh)

During monsoon season, there will be significant increase in the water level of Achenkovil, Pamba and Manimala rivers causing flooding in low lying areas of Kuttanad. To safeguard the region from flood, excess water should be drained out to the sea through Thottapally spillway. As per GO (Rt) No.360/2021/WRD dated 09.07.2021, Administrative Sanction has been accorded for protection works on both banks of Pamba river near Thottapally for an amount of ₹7030.00 lakh. The work would be implemented as part of Second Kuttanad Package.

An outlay of ₹500.00 lakh is provided in the Budget 2026-27 for the components specified in the Government order and for the flood control works near Thottapally spillway. Non-plan components will not be allowed under the scheme.

25. Meenachil River Valley Project – Construction of Mini dam with regulator cum bridge across Meenachil river at Arunapuram in Pala Municipality

(Outlay: ₹550.00 lakh)

Meenachil River Valley project plays a pivotal role in the development of the region. At present, there are no significant interventions in Meenachil basin. The construction of a mini dam with regulator can store water up to a distance of 9 km upstream, with a storage capacity of 1.20 Mm3 and will aid the development of the farm sector. For the construction of a mini dam with regulator cum bridge, with a span of 75 m, at Arunapuram in Pala municipality, ₹550.00 lakh is provided in the Budget 2026-27. Non-plan components will not be allowed under the scheme and the entire amount will be used for construction related activities.

27. Renovation of Kanjirapuzha Project

(Outlay: ₹100.00 lakh)

Kanjirapuzha irrigation project is one of the medium irrigation system implemented in Palakkad district having a total canal network of 252.89 km. The project involving an earth cum masonry dam and irrigation canal system envisages benefits of irrigation to a gross command area of 9713 ha in Palakkad District. In addition to the irrigation purpose, the project envisages for commercial fisheries and development of tourism.

An outlay of ₹100.00 lakh is provided for the scheme in the Budget 2026-27.

Out of the total outlay, ₹50.00 lakh is provided for Kanjirapuzha and ₹50.00 lakh is provided for Bhoothahankettu barrage eco-tourism promotion activities.

28. Rejuvenation of Rivers and Streams

(Outlay: ₹200.00 lakh)

River rejuvenation aims at a new sustainable healthy river ecosystem. Flow of a river is its identity and most significant variable of a river system. A sustainable healthy river ecosystem can be achieved only by restoring the river health back to an accepted historical state.

The scheme aims to improve the water carriage capacity of the existing rivers and streams by desiltation, removal of weeds and other debris and to carryout essential protection works/training works on rivers and streams banks. It will help to prevent floods, improve ground water level, ensure safety to the life of people, prevent erosion of banks of rivers, streams and structures on the sides of the bank river.

An outlay of ₹200.00 lakh is provided for the scheme in the Budget 2026-27.

4.2 MINOR IRRIGATION

A. Groundwater Development

1. Investigation and Development of Groundwater Resources

(Outlay: ₹2300.00 lakh)

The scheme aims at the realistic evaluation of the ground water resources and also in providing infrastructural facilities for the development of groundwater resources in the State. This scheme envisages ground water resource estimation, ground water investigation by hydrogeological, geophysical and remote sensing studies and construction of water extraction structures such as bore well, tube well and filter point well. Preparation of hydro geological reports including pumping test studies, groundwater data collection, data analysis, geological and geophysical logging, developing drilled wells, monitoring the water quality and water quality studies will also be carried out. Procurement of machineries, accessories and materials for bore well/tube well construction, maintenance of machineries and vehicles, procurement of IT hardware and software, procurement of DTH rig, Rotary rig, pumping test unit, drilling accessories are also included in the scheme. The procurement of equipments and other attachments will be carried out through GeM portal, GoI.

An amount of ₹2300.00 lakh is provided in the Budget 2026-27.

2. Conservation of Ground Water and Artificial Recharge

(Outlay: ₹600.00 lakh)

The scheme envisages conservation and recharge of ground water through artificial recharge techniques. The basic purpose of artificial recharge of groundwater is to restore supplies from aquifers depleted due to excessive draft or to improve supplies from aquifers lacking adequate natural recharge. This also helps to conserve excess ground water and improves quality of ground water. Implementation of artificial recharge structures helps to enhance the ground water table. Construction of sub surface dykes, VCBs, small check dams in first and second order streams, bore well recharge, dug well recharge, recharge pits, recharge ponds, rejuvenation of small open ponds (< 25 cents) and combination of structures with recharge activity are envisaged under this scheme. Priority would be to establish recharge structures in over exploited, critical and semi critical blocks of the State. Recharge of open wells in public, aided and private buildings are also envisaged to augment the groundwater level.

During 2026-27, it is targeted to construct sub - surface dykes, small check dams on micro- watershed basis, roof top rain water harvesting through dug well recharge/ bore well recharge and recharge pits/shafts/ponds, rejuvenation of traditional open ponds (less than 25 cents) and rain water harvesting in the catchment area of drinking water schemes in private and public buildings.

An outlay of ₹600.00 lakh is provided in the Budget 2026-27.

3. Training of Personnel

(Outlay: ₹10.00 lakh)

The objective is to provide training to the technical, scientific and administrative personnel of the department in the relevant fields to upgrade/improve their knowledge, to

enhance their skills and abilities by exposing them to the latest advancements in groundwater investigation, water well construction, groundwater conservation and management practices, modern computer application etc.

An outlay of ₹10.00 lakh is provided in the Budget 2026-27 for the above activities.

4. Scheme for Control and Regulation of Ground Water Exploitation

(Outlay: ₹50.00 lakh)

The objective of the scheme is to control and regulate groundwater development through the implementation of Kerala Groundwater (control & regulation) Act 2002 to prevent adverse environmental impacts of groundwater exploitation and to ensure equitable distribution of resources. Special attention will be given to over exploited, critical and semi critical blocks in the State. Issuance of permits for new well construction in notified areas and its conversion, granting NOCs to drinking water bottling plants and other industries which use ground water as raw material, addressing complaints of over exploitation of groundwater, addressing different disputes of groundwater use, registration of drilling rigs and firms/agencies engaged in construction of groundwater abstraction structures and its renewal, conducting mass awareness programmes on groundwater conservation, management and water quality issues to aware public, students, officials of other Departments, representatives of Local Self Government are envisaged under the scheme.

An outlay of ₹50.00 lakh is provided in the Budget 2026-27.

5. Ground Water based Drinking Water Scheme

(Outlay: ₹558.00 lakh)

The objective of the scheme is to provide drinking water supply to non-covered/partially covered habitats in the State. Each WSS is benefitted by 25 to 100 families. Mini water supply schemes will be implemented where the bore wells drilled are of high yield and hand pump schemes will be implemented where the bore wells drilled are of low yield. During 2026-27, it is envisaged to install water treatment plants and bore well/tube well construction. Functionality auditing, renovation of mini water supply schemes, hand pump repair, repair and maintenance of existing groundwater conservation structures are also envisaged.

An outlay of ₹558.00 lakh is provided for the above activities in the Budget 2026-27.

6. Modernisation of three numbers of analytical labs and NABL accreditation

(Outlay: ₹100.00 lakh)

The three regional laboratories for water quality testing under the Groundwater Department are located at Thriuvananthapuram, Ernakulam and Kozhikkode. The scheme envisages modernization of the analytical labs to improve the competence of the laboratories to provide water quality assurance to the public. Necessary works for upgrading the labs to satisfy the criteria of NABL also form part of the scheme.

An outlay of ₹100.00 lakh is provided for the activities in the Budget 2026-27.

B. Surface water Development

1. Lift Irrigation

(Outlay: ₹1700.00 lakh)

The implementation of Lift Irrigation schemes helps in irrigating areas at higher altitude. Works involving lifting of water by mechanical means with a command area not less than 40 hectares come under this category. An outlay of ₹1700.00 lakh is provided in the Budget 2026-27 for Lift Irrigation schemes in the State. Out of the total outlay, ₹1500.00 lakh is provided for new Lift Irrigation schemes, of which ₹200.00 lakh is provided for the lift irrigation works in Idukki and Wayanad districts.

The changes occurred in the cropping pattern highlights the need to irrigate crops, specifically cash crops/plantation crops in highland areas. Out of the total outlay provided for new works, an amount of ₹200.00 lakh is earmarked for providing lift irrigation facilities for cash crops in highland areas. Schemes would be identified and prioritized in a need-based manner.

Rehabilitation works of defunct lift irrigation schemes in the State, such as, repair/replacement of pumps, electrical installations, repairs to pump houses, pipe system and maintenance of fixtures for the upkeep of LI scheme would be taken up. Of the total outlay, ₹200.00 lakh is provided in the Budget 2026-27 for the renovation of existing LI schemes to increase their water use and power consumption efficiency. The amount is provided for meeting the expenditure for the renovation of LI schemes implemented by the Department and also for meeting the expenditure for the rehabilitation works undertaken by the padasekhara samithies.

2. Minor Irrigation Class - I

(Outlay: ₹7110.00 lakh)

Minor irrigation works such as improvements of tanks and rivulets, construction of check dams, sluices, regulators, bunds, vented cross bars, salt water barriers, layout of channels and drainage structures etc. that serve an area more than 50 ha up to 2000 ha come under this category. Under MI Class I scheme, a total outlay of ₹7110.00 lakh is provided in the Budget 2026-27.

Out of the total allocation, an amount of ₹1200.00 lakh is provided for undertaking Minor Irrigation Class I works during 2026-27. This amount is allocated for meeting the expenditure towards completing the ongoing works and for taking up new works such as construction of check dams, sluices, bunds, vented cross bars, salt water barriers etc. Out of this, ₹100.00 lakh is allocated for undertaking Lift Irrigation schemes in Wayanad district.

For undertaking works under Minor Irrigation Class I- Haritha Keralam, an amount of ₹1710.00 lakh is provided. Out of this, ₹1000.00 lakh is provided for implementing Community Micro Irrigation schemes. The importance of Micro Irrigation is increasing considering its benefits on improved water efficiency and increased productivity of crops. It is intended to expand community based micro irrigation clusters in the State during 2026-27. At least one micro irrigation scheme in each district would be taken up with the coordination of other stakeholders. A Detailed Project Report would be prepared by the Department of Water Resources in coordination with the Department of Agriculture, Local Self

Governments and Haritha Keralam Mission and placed in working group for obtaining administrative sanction. The DPR should incorporate source development, conveyance and last mile delivery aspects for adopting community micro irrigation. The process of implementation to be adopted, the crops that would be benefitted etc. would also be included. For implementing micro irrigation schemes in Wayanad and Idukki districts, ₹100.00 lakh each is provided out of the outlay.

NABARD has been providing loan assistance for Minor Irrigation works under RIDF. Minor Irrigation works assisted by NABARD include construction of RCBs, SWECBs, ponds, VCBs, check dams, storage weirs and protection works. For Minor Irrigation Class I schemes under NABARD RIDF, an outlay of ₹4200.00 lakh is provided during 2026-27.

3. Minor Irrigation Class – II

(Outlay: ₹2250.00 lakh)

Minor Irrigation works having ayacut below 50 ha come under the scheme. The outlay provided is to meet the expenses connected with the completion of the ongoing Minor Irrigation Class-II schemes and for taking up new works under Class II. An outlay of ₹2250.00 lakh is provided for Minor Irrigation Class –II works in the Budget 2026-27.

Out of the total outlay, ₹1600.00 lakh is provided for the execution of new minor irrigation schemes and also for the completion of ongoing Class II works. The amount is also provided for construction of check dams/small storage structures, renovation of ponds in all districts and in rain shadow areas in Palakkad, Idukki and Wayanad districts.

An Integrated Watershed approach is needed to enhance water availability of both surface and ground water. For implementing Class II works included in the watershed plans prepared under Haritha Keralam, rejuvenation of water bodies/ponds and for the preparation of watershed development plans**,** an outlay of ₹650.00 lakh is provided in the Budget 2026-27**.** Out of this ₹100.00 lakh is provided for the work of developing Vembally Thodu and the construction of VCB in Kodakkad Village of Pilicode Panchayath in Trikkaripur Constituency from Ch: 00/00m to Ch: 00/400m

4. Repairs and Maintenance of Minor Irrigation Structures

(Outlay: ₹250.00 lakh)

Minor irrigation structures across rivers and streams in Kerala play an important role in irrigation and drinking water supply. Periodical maintenance of minor irrigation schemes is essential to realize the potential of the projects. This scheme is intended for the special repairs of head works and canal structures wherever necessary. The outlay is also provided to meet the expenses for completing the ongoing works and for taking up new works, after meeting the spillover commitments.

An outlay of ₹250.00 lakh is provided in the Budget 2026-27 for the repair and maintenance of minor irrigation structures.

5. Detailed Investigation of Minor irrigation works and preparation of projects for NABARD assisted MI works

(Outlay: ₹50.00 lakh)

The project preparation capability as well as the quality of projects has to be improved to tap maximum possible amount from Government of India and NABARD. The amount

allotted by NABARD has to be utilised within the assigned period. In order to propose the projects for sanction, a comprehensive project report of the scheme has to be prepared. The outlay is provided for preparing quality project reports. DPRs need to be prepared for the projects identified by the Department on a priority basis.

An amount of ₹50.00 lakh is provided in the Budget 2026-27 for detailed investigation of minor irrigation works and preparation of projects for NABARD assisted MI works.

6. Pradhan Mantri Krishi Sinchayee Yojana (40% SS)

(Outlay: ₹100.00 lakh)

PMKSY scheme was launched by the Govt. of India during 2015-16 by amalgamating different schemes related to Irrigation, Agriculture, Soil Conservation, Groundwater Development and Rural Development. The scheme was mainly aimed to achieve convergence of investments in irrigation at the field level. The funding of this "Core Scheme" will be shared in the ratio 60:40 between the Centre and the State. The scheme envisions increasing the gross irrigated area by bridging the gap between irrigation potential and utilization by means of strengthening the water distribution network and enhancing water use efficiency and management.

An amount of ₹100.00 lakh is provided in the Budget 2026-27 to meet 40% state share of CSS. Efforts will be taken to maximize the utilization under this scheme.

7. Renovation of Tanks and Ponds under Haritha Keralam

(Outlay: ₹750.00 lakh)

In order to attain self-sufficiency in food security and for augmenting food production, focus should be given for revival, conservation and up gradation of local water resources and traditional system of water management. Tanks/ponds have been the main source of irrigation in several parts of the State and the objective of the scheme is to undertake renovation and revamping of major existing public/community ponds in the State, river basin wise. The main activities envisaged through the scheme are renovation of ponds, linking of ponds with irrigation canals and so on. An outlay of ₹750.00 lakh is provided in the Budget 2026-27 for implementing the activities under Haritha Keralam. Out of the total budget outlay, ₹100.00 lakh is provided for the following renovation works in Kottukal Grama Panchayath in Thiruvananthapuram District- 1) Attaramoola to Maruthoorkonam Cheriyathodu (retaining wall and protection works), 2) Protection works to Valiyathode (Kozhode to Karichal Kayal).

8. Micro Irrigation scheme (NABARD RIDF & State Plan)

(Outlay: ₹4668.00 lakh)

Community Micro Irrigation aims at maximum yield from crops by optimum usage of irrigation water. It plays a vital role in Agriculture in saving water and increasing productivity through effective utilization of every drop of water. Micro irrigation technology would help to reduce pressure on ground water resources, increase agricultural productivity and ensures economic growth. In order to increase the area under Micro irrigation, the draft Micro irrigation Policy has been prepared and is under consideration of the Government. An outlay of ₹4668.00 lakh is provided in the Budget 2026-27. This includes ₹2668.00 lakh under State Plan and ₹2000.00 lakh under RIDF assistance for implementing Micro Irrigation schemes. A Detailed Project Report would be prepared after examining the feasibility and

viability of implementing the micro irrigation projects in co-ordination with the Department of Agriculture, Local Self Governments and Haritha Keralam Mission.

9. Restoring polluted stretches of rivers based on National Green Tribunal order

(Outlay: ₹200.00 lakh)

The Hon'ble NGT, Principal Bench, New Delhi registered application no.673/2018 in connection with polluted river stretches in the country. As per the CPCB report (2018), the number of critically polluted river stretches identified has increased to 351. The polluted river stretches have been divided into five priority categories based on their severity of pollution from Priority I (BOD>30mg/l) to Priority V (BOD between 3 to 6 mg/l). In compliance of the order of the Hon'ble NGT dated 20/09/2018 in O.A.no.673/2018, all the States have to prepare action plan within two months for making all the polluted river stretches fit, at least for bathing purposes (i.e. BOD<3mg/L and FC<500MPN/100 ml). The action plan for the execution of works in all the river stretches had been prepared and submitted to NGT via CPCB.

An outlay of ₹200.00 lakh is earmarked in the Budget 2026-27 to reinstate polluted stretches and rivers in Kerala based on NGT order.

4.3 COMMAND AREA DEVELOPMENT

1. Pradhan Mantri Krishi Sinchayee Yojana (PMKSY) - Muvattupuzha CADA project (MVIP) (50% SS)

(Outlay: ₹150.00 lakh)

An amount of ₹150.00 lakh is provided in the Budget 2026-27 as 50 % state share for CADA works of MVIP. The amount is provided for constructing field channels, field drains and for system corrections.

4.4 FLOOD CONTROL (INCLUDING ANTI-SEA EROSION)

Flood Management

1. Pradhan Mantri Krishi Sinchayee Yojana (Kuttanad Flood Management Component) (50% SS)

(Outlay: ₹400.00 lakh)

M.S. Swaminathan Research Foundation has prepared a study report for the development of Kuttanad wetland ecosystem. The Kerala State Planning Board also prepared a package during 2019 for the revival of flood affected Kuttanad region. The major intervention suggested in these reports is the strengthening of infrastructure support to paddy cultivation. The outer bund construction and strengthening around padasekharams is critical to prevent frequent distress from flood related crop loss.

An amount of ₹400.00 lakh is provided in the Budget 2026-27 as 50% State share of the Centrally Sponsored Scheme. The amount is provided for clearing the pending bills of KEL II, KEL IV schemes, and also for settling the bills of Thanneermukkom barrage. No new works are allowed under PMKSY-flood management component during 2026-27.

2. NABARD RIDF assistance for Kuttanad

(Outlay: ₹10000.00 lakh)

The amount is budgeted for undertaking NABAD RIDF assistance for carrying out infrastructure activities in Kuttanad region. An amount of ₹10000.00 lakh is provided for availing RIDF assistance during 2026-27. The scheme is intended to develop infrastructure facilities in Kuttanad which helps in reducing crop loss and increase paddy production. This scheme envisages development of outer bunds of padasekharams in most vulnerable portions of Kuttanad. The project will be placed as a single project to NABARD and a monitoring committee will be put in place under the Chairmanship of Member (Agriculture), KSPB. Secretary, Water Resources, Agriculture Production Commissioner, Chief (Agriculture) State Planning Board, Chief General Manager, NABARD, Secretary, Agriculture, Chief Engineer (I&A), and representative of Finance Department will be members of the committee. This committee will oversee the implementation of the project. The Chief Engineer (Kuttanad) will be the Member Secretary of the committee. The committee will meet twice, during October and April.

3. Flood Management Programmes in Kuttanad

(Outlay: ₹6050.00 lakh)

The scheme intends to mitigate floods in various padasekharams of Alappuzha and Kottayam districts. Various flood management activities could be undertaken in Kuttanad under the scheme during 2026-27. The activities envisaged are:-

- cleaning/desilting of canals and improving the drainage facilities
- protection of outer bunds of padasekharams
- compartmentalization of padasekharams
- construction of motor thara/ motor shed, sluices, box/pipe culvert

An amount of ₹6050.00 lakh is provided during 2026-27 for carrying out the above activities.

Coastal Zone Management

1. Coastal Zone Management

(Outlay: ₹154.00 lakh)

Kerala has a coastline of 590 km. Out of 590 km, 370 km is protected by seawall and groynes. Several unprotected stretches have been identified as vulnerable to wave attack and are subjected to continuous erosion. The unprotected coastal stretches should be protected with hard and soft solutions, after proper scientific studies. NCCR and CWPRS are engaged for investigation and design of coastal protection structures.

An amount of ₹154.00 lakh is provided in the Budget 2026-27 for Coastal Zone Management. The amount is provided for the construction of new sea wall and reformation of old sea wall. Moreover, the stabilization of the structure requires proper and timely maintenance and repair. It is proposed to utilize modern technologies like geo-textiles, polyethylene fabrics/sheets, and nourishment of foreshore with bio materials for coastal protection. The works have to be arranged on priority basis.

2. Study on coastal protection measures

(Outlay: ₹53.00 lakh)

Proper construction and maintenance of coastal protection structures require scientific study and site-specific design. Coastal protection treatments may vary depending on the wave climate, coastal topography, bathymetry, sediment transport etc. For undertaking a study on coastal protection measures, ₹53.00 lakh is provided in the Budget 2026-27. Preparation of a comprehensive shoreline management plan for the State is also envisaged through this scheme.

3. Coastal Protection works (RIDF)

(Outlay: ₹1500.00 lakh)

The repeated cyclones and severe wave attacks have adversely affected coastal areas, with frequent flooding in these zones. As the coastal areas are highly populated, especially in rural areas, every year thousands are affected by coastal flooding with hundreds shifted to relief camps each monsoon. The existing low height seawalls are found to be ineffective in restricting the wave overtopping, necessitating urgent intervention in these areas. For the flood protection in coastal areas, it is thus imperative to obtain sufficient fund through NABARD RIDF. For the coastal protection works, an amount of ₹1500.00 lakh is provided in the Budget 2026-27 for availing NABARD RIDF assistance.

V. ENERGY

Energy plays a vital role in the socio-economic development and human welfare of a State. Efficient, reliable and competitively priced energy supply is a prerequisite for accelerating economic growth and human development. Making available the required quantity of power of acceptable quality at affordable price is one among the prime responsibilities of Government. The Vision of Power Sector in Kerala is to provide quality power to all at economic prices. Power generation within the State covers Thermal, Diesel, Hydel, Solar and Wind. The various Power development activities focusing generation, transmission, distribution, quality, safety, regulation, energy efficiency etc. are mainly done through four agencies viz, KSEBL, Agency for Non-conventional Energy and Rural Technology (ANERT), Department of Electrical Inspectorate and Energy Management Centre (EMC). For taking all efforts to maintain a fair, transparent and objective regulatory system in the Power Sector of the State of Kerala, a quasi-judicial body namely, the Kerala State Electricity Regulatory Commission (KSERC) is functioning under the State.

In the Budget 2026-27, ₹123880.00 lakh is provided for Kerala State Electricity Board Ltd. (KSEBL), ₹5318.00 lakh for Agency for Non-conventional Energy and Rural Technology (ANERT), ₹936.00 lakh for Department of Electrical Inspectorate and ₹850.00 lakh for Energy Management Centre (EMC). These agencies shall work in close co-ordination with each other for energy conservation activities.

The agency wise funds provided under Energy Sector as well as scheme/project wise details are given below:

Sl. No.	Department	Amount (₹ in lakh)
1	KSEBL	123880.00
2	ANERT	5318.00
3	Department of Electrical Inspectorate	936.00
4	EMC	850.00
	Total	**130984.00**

5.1 KERALA STATE ELECTRICITY BOARD LIMITED (KSEBL)

KSEBL is one of the significant driving forces behind the economic development of the State of Kerala and is a state owned integrated power utility. It has been responsible for the generation, transmission and distribution of electricity in the State, with the specific mandate to provide electricity at affordable prices to domestic, agricultural and industrial use.

In the Budget 2026-27, an amount of ₹123880.00 lakh is provided for Kerala State Electricity Board Ltd (KSEBL). Out of this, ₹104218.00 lakh is for KSEBL's own fund schemes, ₹15000.00 lakh is for Externally Aided Projects and ₹4662.00 lakh is provided for the State Plan Schemes of KSEBL.

The scheme/project wise details are as follows:

Hydel Projects

1) Kuttiyadi HEP

(Outlay: ₹760.00 lakh)

This project is located at Chakkittappara village in Kozhikode District. This consists of four power houses. Kuttiady old power house (75 MW), Kuttiady Extension Scheme (50 MW), Kuttiady Additional Extension scheme (100 MW) and Kuttiady Tail Race Small Hydro Electric Project (3.75 MW). With an installed capacity of 75 MW, the annual generation capacity of Kuttiady Old power Station is 268 MU. To avoid spillage and loss of generation potential from the reservoir in heavy monsoon, Kuttiady Extension Scheme was formed having 50 MW installed capacity and the annual generation capacity is 75 MU. Kuttiady Additional Extension Scheme was formed by construction of a new powerhouse building adjacent to the Kuttiady Extension Scheme. The firm annual generation capacity of Kuttiady Additional Extension Scheme is 223 MU. An amount of ₹700.00 lakh is provided for the scheme in the Budget 2026-27 for carrying out maintenance works of capital nature and an amount of ₹60.00 lakh is provided for balance civil work and settling the final bill payments of Kuttiyadi Augmentation scheme and Kuttiyady Additional Extension scheme.

2) Lower Periyar (180 MW/493 MU)

(Outlay: ₹350.00 lakh)

The project is located at Karimanal in Idukki District. The reservoir for this project is formed by the Pambla dam constructed at Pambla, across the Periyar river. The main inflow to this reservoir is from the tailrace discharge of Neriyamangalam power house. Installed capacity is 180 MW and the annual generating capacity is 493 MU. The tail race discharge from this powerhouse is released to Periyar river and collected in a barrage at Bhoothathankettu, for irrigation purpose as part of Periyar Valley Irrigation Project, along with discharge from Idamalayar Power station. An amount of ₹350.00 lakh is provided for the scheme in the Budget 2026-27 for carrying out maintenance works of capital nature.

3) Neriamangalam Extension Scheme (25 MW/58.27 MU)

(Outlay: ₹200.00 lakh)

The Neriamangalam Extension Scheme was conceived as a solution to prevent spill from the Kallarkutty reservoir in intense monsoon. The powerhouse building is made adjacent to the Neriamangalam Powerhouse. The annual generation capability is 58.27 MU. An amount of ₹200.00 lakh is provided for the scheme in the Budget 2026-27 for carrying out maintenance works of capital nature for Neriamangalam and Neriamangalam Extension Scheme.

4) Peringalkuthu Left Bank Extension (16 MW/74 MU)

(Outlay: ₹600.00 lakh)

The Peringalkuthu left bank extension project was made by laying an additional penstock from the Peringalkuthu reservoir and was done to avoid the spill from the dam during intense monsoon. Power house comprises one unit of 16 MW capacity. An

amount of ₹600.00 lakh is provided for the scheme in the Budget 2026-27 for carrying out maintenance works of capital nature for Peringalkuthu and Peringalkuthu Left Bank Extension.

5) Sengulam Augmentation Project (85 MU)

(Outlay: ₹800.00 lakh)

This project envisages the diversion of water from Western Kallar River to the existing Sengulam reservoir for augmenting the power generation at Sengulam powerhouse. The project is located in Pallivasal village of Devikulam Taluk in Idukki district with an approved and installed capacity of 48 MW. An amount of ₹800.00 lakh is provided for the scheme in the Budget 2026-27.

6) Pallivasal Hydro Electric Project (37.5 MW/284 MU)

(Outlay: ₹1200.00 lakh)

This project is located at Devikulam Taluk in Idukki District. The project was completed in two stages. In the first stage, just a run-off river scheme was initially introduced with three units having capacity of 4.5 MW each. The first stage of the project was completed with three units of 5 MW capacity. The second stage development added three units of 7.5 MW each, taking the total installed capacity of the station to 37.5 MW. The water conductor system of the Pallivasal Extension Scheme is envisaged for a generation of 97.5 MW (Existing Power House-37.5 MW and Pallivasal Extension Scheme - 60 MW). In order to run the machines of Pallivasal Hydro Electric Project (PHEP) and Pallivasal Extension Scheme (PES) in full capacity for long run, a permanent solution is proposed to connect the intake arrangements of existing PHEP to intake of PES. An amount of ₹1200.00 lakh is provided for the scheme in the Budget 2026-27 for carrying out maintenance works of capital nature of PHEP and for additional works of intake at Munnar for PHEP and PES.

7) Idukki HEP (780 MW/2398 MU)

(Outlay: ₹1200.00 lakh)

This project is situated in Arakkulam village of Thodupuzha Taluk in Idukki District. The power house has six generators of 130 MW capacity each. The total installed capacity of the project is 780 MW and the annual generating capability is 2398 MU. There are three Dams associated with this project. They are Idukki Arch Dam, Cheruthoni Dam & Kulamavu Dam. Three dams constitute reservoir of this project. There have been consistent efforts to increase the inflow to the reservoir, thus making it possible the 5 diversion projects viz; Kuttiyar Diversion, Vadakkepuzha Diversion, Azhutha Diversion, Narakakkanam Diversion, Kallar/Irattayar Diversion. An amount of ₹1200.00 lakh is provided for the scheme in the Budget 2026-27 for carrying out maintenance works of capital nature.

8) Panniar HEP (32.4 MW/158 MU)

(Outlay: ₹400.00 lakh)

Panniar power house is at Vellathooval in Devikulam Taluk of Idukki District. The capacity of the project after renovation is 32.4 MW with firm annual generation capability of 158 MU. The power generated is evacuated using two feeders at 110 kV level to the switch yard of Sengulam Power station. There are two reservoirs for this

project, Anayirankal and Ponmudi. The tailrace discharge joins Muthirapuzha river and is flowing downstream to Kallarkutty reservoir. An amount of ₹400.00 lakh is provided for the scheme in the Budget 2026-27 for carrying out maintenance works of capital nature.

9) Sabarigiri HEP

(Outlay: ₹300.00 lakh)

This project is located at Seethathode village in Pathanamthitta district. Two reservoirs Pamba and Kakki contribute the water required for operation of the project. After power generation, water from the power station is released to the Moozhiyar reservoir. An amount of ₹ 300.00 lakh is provided in the Budget 2026-27 for carrying out maintenance works of capital nature.

10) Sengulam HEP (51.2 MW/182 MU)

(Outlay: ₹210.00 lakh)

The Sengulam Project was mainly intended to utilize the tailrace water from Pallivasal project. The project is located at Devikulam Taluk in Idukki District. Sengulam balancing reservoir was formed by constructing a dam at Sengulam. The water level of sengulam balancing reservoir is 10m higher than the tailrace water level of Pallivasal Powerhouse. Hence a pumping system is provided at Pallivasal powerhouse to pump the tail water to Sengulam balancing reservoir. The tailrace discharge joins Muthirapuzha river and is flowing downstream to Kallarkutty reservoir. The installed capacity of the project is 51.2 MW (12.8x4) and the annual generating capability is 182MU. An amount of ₹210.00 lakh is provided for the scheme in the Budget 2026-27 for carrying out maintenance works of capital nature.

11) Kanjikode Wind Farm

(Outlay: ₹13.00 lakh)

KSEBL's wind farm is located at Kanjikode at Palakkad District. An amount of ₹13.00 lakh is provided in the Budget 2026-27 for carrying out the works of wind farm.

12) Kakkad

(Outlay: ₹60.00 lakh)

Kakkad Hydro Electric Project is the second stage development of Pamba river basin. The installed capacity is 50 MW. Firm annual generation capability is 262 MU. This scheme utilizes the tail race water from Sabarigiri power station and flow received from Moozhiyar and Velluthode rivers. The Moozhiyar Dam creates the main reservoir of this project. The second reservoir is formed by the Veluthodu dam, constructed across Velluthode River. After power generation, water from Kakkad power station is released to the Kakkad River. This water is used for power generation at Ullumkal Power station (IPP) & Karikkayam Power station and flows into the Maniyar reservoir owned by Kerala Irrigation Department for power generation in the Maniyar power station. Location of the power house is at Seethathode in Ranni Taluk at Pathanamthitta District. An amount of ₹60.00 lakh is provided for the scheme in the Budget 2026-27 for carrying out maintenance works of capital nature.

13) Pasukkadavu Small Hydroelectric Scheme (4 MW/10.34 MU)

(Outlay: ₹50.00 lakh)

The Pasukkadavu SHE Scheme is located in Kavilumpara Panchayat of Vadakara Taluk of Kozhikode District. It is a run of the river scheme utilizing the inflow of Meenpattipuzha a tributary of Kuttiadi river. The average annual energy generation expected from the scheme with an installed capacity of 4 MW (2x 2 MW) comes to 10.34 MU. An amount of ₹50.00 lakh is provided for the scheme in the Budget 2026-27.

14) Keerithodu SHEP (12MW)

(Outlay: ₹70.00 lakh)

Keerithodu SHEP, a run off the river project with a provision for marginal pondage to generate power by installing a power plant of 12 MW capacity, which operate generally during monsoon for utilizing the water resources from a catchment area of 116.9 sq. km of Periyar River downstream of Idukki Dam. An amount of ₹70.00 lakh is provided for the scheme in the Budget 2026-27.

15) Anakkayam Project (7.5 MW/22.83 MU)

(Outlay: ₹80.00 lakh)

The scheme is located at Pariyaram Village, Mukundapuram taluk of Thrissur District. Anakkayam Small Hydro Electric Project is planned purely as a tail race development of the Sholayar Hydro Electric Project without any additional storage/submergence. The project area lies in the buffer zone of Parambikulam Tiger Reserve area and it is within the jurisdiction of Sholayar and Vazhachal forest ranges under Vazhachal Forest Division. An amount of ₹80.00 lakh is provided for the scheme in the Budget 2026-27 for the commencement of the project after forest clearance.

16) Pazhassi Sagar Project (7.5 MW/25.8 MU)

(Outlay: ₹1000.00 lakh)

The scheme is located in Padiyoor-Kalyad panchayat of Thaliparamba Taluk in Kannur District which is envisaged as a dam-toe, run-of-the river scheme at Pazhassi Irrigation Barrage of Irrigation Department. An amount of ₹1000.00 lakh is provided for the scheme in the Budget 2026-27.

17) Peechad Small HE Project (3MW/7.74 MU)

(Outlay: ₹80.00 lakh)

Peechad Small HE scheme envisages utilizing the tail race discharge from the Upper Kallar Small HE scheme which in turn receives diverted water from Pooyamkutty Basin. An amount of ₹80.00 lakh is provided for the scheme in the Budget 2026-27.

18) Western Kallar Project (5 MW/17.41MU)

(Outlay: ₹50.00 lakh)

The project is located in Devikulam Taluk in Idukki District downstream of Peechad Project. Western Kallar is one of the series of small hydro-electric schemes in the Kallar stream - 2 km d/s of the proposed Peechad SHEP (3MW) which is about 1.5 km d/s of the proposed Upper Kallar SHEP (2MW). The weir site is located about 400m upstream of Kallar bridge in Aluva-Munnar road and powerhouse is proposed downstream of Kallar falls. An amount of ₹50.00 lakh is provided for the scheme in the Budget 2026-27.

19) Chembukadavu Stage III Project (7.5 MW/16.65 MU)

(Outlay: ₹150.00 lakh)

The Chembukadavu III SHEP, with a proposed installed capacity of 7.5 MW, is a run-of-the river scheme in Kodencheri Village, Thamarasseri Taluk, Kozhikode District. The scheme is identified in the downstream of Chembukadavu Stage II scheme. It envisages power development by utilizing the inflow from 21.79 sq. Kms catchment area of Chalipuzha, which is a tributary of Iruvanjipuzha in Chaliyar basin. The project lies in Kodenchery and Nellipoyil Villages of Kozhikode Taluk. An amount of ₹150.00 lakh is provided for the scheme in the Budget 2026-27.

20) Olikkal Project (5 MW/10.26MU)

(Outlay: ₹200.00 lakh)

This project is located at Thiruvambadi Village in Kozhikode District. Olikkal SHEP is a run off the river scheme utilizing the water source of Poyilingappuzha. The installed capacity of the project is 5 MW. An amount of ₹200.00 lakh is provided for the scheme in the Budget 2026-27.

21) Poovaramthodu Project (3 MW/5.88 MU)

(Outlay: ₹300.00 lakh)

The Poovaramthode SHEP, a run off the river scheme, for utilizing the water resources of Poyilingapuzha, a tributary of Iruvanchipuzha in chaliyar basin. The project is located in Thiruvambadi village of Kozhikode District. An amount of ₹300.00 lakh is provided for the scheme in the Budget 2026-27.

22) Barapol SHEP (15 MW/36 MU)

(Outlay: ₹55.00 lakh)

Barapol Small Hydro Project envisages utilization of water from 310 sq.km of catchment area of Barapol river, a tributary of Valapattanam River for power generation. The project is located in Thalassery Taluk of Kannur district. Though the scheme is within the territory of Kerala, the catchment area is entirely in Karnataka. An amount of ₹55.00 lakh is provided for the scheme in the Budget 2026-27 for carrying out maintenance works of capital nature.

23) Poringalkuthu Small Hydroelectric Project(SHEP) Stage II (24 MW)

(Outlay: ₹54.00 lakh)

Even after the completion of the 24 MW Poringalkuthu SHEP Stage I in 2022, a significant amount of water from the Poringalkuthu reservoir is spilled into the river during the monsoon. KSEBL has proposed the 24 MW Poringalkuthu Stage -II project at the existing project site. An amount of ₹54.00 lakh is provided for the scheme in the Budget 2026-27.

24) Idamalayar HEP (75 MW/380 MU)

(Outlay: ₹250.00 lakh)

The project is located at Kuttampuzha panchayat in Kothamangalam Taluk. The reservoir for this project is constituted by Idamalayar dam. The reservoir in addition to its own catchment area, receive inflow from the spill of Poringalkuthu dam also. The tailrace discharge from this powerhouse is released to Idamalayar and reaches Periyar

and collected in a barrage at Bhoothathankettu in Periyar, for irrigation purpose as part of Periyar Valley Irrigation Project (PVIP). Installed capacity of the project is 75 MW and the annual generating capability is 380 MU. An amount of ₹250.00 lakh is provided for the scheme in the Budget 2026-27 for carrying out maintenance works of capital nature.

25) Landrum Project (3.5MW/12.13 MU)

(Outlay: ₹10.00 lakh)

The Landrum Small Hydro Electric Project is a run of the river scheme in Periyar basin. The scheme is envisaged for utilizing water from Azhutha diversion scheme (Idukki Augmentation) and also the water from the Landrum thodu, a tributary of Periyar, which has 5.56 sq.km catchment area. An amount of ₹10.00 lakh is provided for the scheme in the Budget 2026-27.

26) Upper Sengulam (24 MW/53.22 MU)

(Outlay: ₹500.00 lakh)

The Upper Sengulam HEP envisages utilization of the surplus water available at Sengulam Balancing Reservoir of Sengulam HEP, Sengulam Augmentation Scheme and Pallivasal Extension Scheme. The scheme will be implemented in 2 stages. Installed capacity at the 1st stage is 24 MW, 53.22 MU. An amount of ₹500.00 lakh is provided for the scheme in the Budget 2026-27.

27) Marmala SHEP (7MW/23.02MU)

(Outlay: ₹200.00 lakh)

Marmala small HE scheme envisages power development by using the inflow of Marmalathodu in Meenachil basin. The project is located at Thalanadu Grama panchayat, of Meenachil Taluk in Kottayam District. It is proposed to construct a weir above the Marmala waterfall and channel the water through a tunnel, surge, and penstock to the powerhouse at Vellani, for generating electricity using two 3.5 MW turbines. An amount of ₹200.00 lakh is provided for the scheme in the Budget 2026-27.

28) Pallivasal Extension Project (60 MW/153.90 MU)

(Outlay: ₹60.00 lakh)

Pallivasal Extension Project is a hydroelectric scheme on the Muthirappuzha river of Periyar basin in Idukki district. The project has been completed and is ready for commissioning. An amount of ₹60.00 lakh is provided for the scheme in the Budget 2026-27 for balance works.

29) Thottiyar Project (40 MW/99 MU)

(Outlay: ₹450.00 lakh)

This project is located in the Devikulam Taluk of Idukki district with an installed capacity of 40 MW and generation potential of 99 MU. This project envisages utilization of water from Thottiyar catchment area and involves construction of a 7.5 m high overflow weir with a pondage of gross capacity 0.39 mm^3. The project was commissioned on 28.10.2024. An amount of ₹450.00 lakh is provided for the scheme in the Budget 2026-27 for balance works.

30) Mankulam Hydroelectric Project (40 MW/82 MU)

(Outlay: ₹800.00 lakh)

Mankulam, a village in Idukki district is the first Grama Panchayat in Kerala which produces electricity on their own and sell it to the Electricity Board of Kerala. The KSEBL and Government have accorded Administrative sanction for the implementation of Mankulam Hydro Electric Project (40 MW). An amount of ₹800.00 lakh is provided for the scheme in the Budget 2026-27.

31) Chinnar HEP (24 MW/76.45 MU)

(Outlay: ₹1000.00 lakh)

Chinnar SHE Scheme is a run off river scheme proposed to utilize the water available from the catchment area of 143.64 sq.km of Perinjankutty river, a major tributary of Periyar. Phase I (construction upto low pressure pipe) was completed on 31.12.2022. Phase II includes construction of valve house, penstock, power house, hydro mechanical and electro mechanical works. An amount of ₹1000.00 lakh is provided for the scheme in the Budget 2026-27.

32) Bhoothathankettu Project (24 MW/83.50MU)

(Outlay: ₹200.00 lakh)

This is the first small hydroelectric project being constructed by KSEBL using Bulb Turbine technology. The project aims to install 3 bulb turbines of 8 MW each to generate 83.5 million units of electricity annually. This project with a capacity of 24 MW aims at utilizing the controlled release of water from Lower Periyar and Idamalayar under the Periyar valley irrigation project for power generation. The annual generation expected from the scheme is 83.50 MU. An amount of ₹200.00 lakh is provided for the scheme in the Budget 2026-27.

33) Chathankottunada –I SHP (5 MW/12.06 MU)

(Outlay: ₹50.00 lakh)

It is a run of the river scheme in Kuttiyadi Basin, utilising the inflow from the two tributaries of Kuttiyadi river namely, Poothanpara and Chappanthottam streams. The scheme is located in Vadakara taluk of Kozhikode district. An amount of ₹50.00 lakh is provided for the scheme in the Budget 2026-27.

34) Valanthode HEP (7.5 MW/17.36 MU)

(Outlay: ₹200.00 lakh)

Valanthode Small HE Scheme is a run of the river scheme utilizing the inflow of Kurumanpuzha, in Chaliyar basin, with a rated net design head of 89.44m. The scheme lies in Akampadam Village of Chaliyar Panchayath of Nilambur Taluk in Malappuram District. An amount of ₹200.00 lakh is provided for the scheme in the Budget 2026-27.

35) Maripuzha SHEP (6 MW/14.84 MU)

(Outlay: ₹200.00 lakh)

The project is located in Nellipoyil village of Kodenchery Panchayath in Thamarasseri Taluk in Kozhikode District. The project is planned as a run - of - the river scheme and envisages development of power by using the inflow of Iruvanjipuzha of Chaliyar basin. The river flow is proposed to be intercepted by a trench type weir and

diverted to a fore bay tank through power channel and a surface penstock to generate 6MW of Electricity. An amount of ₹200.00 lakh is provided for the scheme in the Budget 2026-27.

36) Sholayar (54MW)

(Outlay: ₹80.00 lakh)

The project is located in Sholayar river basin. An amount of ₹80.00 lakh is provided in the Budget 2026-27 for carrying out maintenance works of capital nature.

37) Poringalkuthu Micro Hydro Electric Project (36 KW)

(Outlay: ₹29.00 lakh)

This project generates 36 KW of electricity by utilizing the water discharged after generation from the 16 MW installed capacity Poringalkuthu Left Bank Extension Hydro Electric Project, by channelling it through a newly constructed canal to operate a screw turbine. An amount of ₹29.00 lakh is provided for the scheme in the Budget 2026-27.

38) Small Hydro Projects

(Outlay: ₹1200.00 lakh)

An amount of ₹1200.00 lakh is provided for the small hydro projects in the Budget 2026-27 for carrying out maintenance works of capital nature.

39) Support for Schemes under Investigation/DPR Stage

(Outlay: ₹904.00 lakh)

An amount of ₹904.00 lakh is provided in the Budget 2026-27 for hydroelectric projects which are under investigation/DPR stage. The projects will be taken up on priority basis.

Thermal Projects

40) Kozhikode Diesel Power Plant

(Outlay: ₹3.00 lakh)

An amount of ₹3.00 lakh is provided in the Budget 2026-27 for Kozhikode diesel power plant which has eight units of diesel generating sets of capacity 16 MW each.

Transmission

41) Transmission-Normal Works

(Outlay: ₹37000.00 lakh)

To meet the increasing demand and power evacuation requirements, KSEBL has taken up the construction of new substations and lines as well as up gradation of existing substations. Capacity enhancements through additional transformers are also included under this. An amount of ₹ 37000.00 lakh is provided for transmission normal works in the Budget 2026-27.

42) Renovation and Modernisation of Hydro Stations

(Outlay: ₹ 2000.00 lakh)

Renovation, modernisation and life extension works are to be carried out in the older generating units that exceeded their normal life span of 35-40 years, in order to improve their performance and extend useful life. An amount of ₹2000.00 lakh is

provided for the scheme in the Budget 2026-27 including works of Kuttiyadi/Kakkayam (RMU works).

43) Modernisation of Load Despatch Stations & Communication System and Relay (System Operation Works)

(Outlay: ₹1200.00 lakh)

The work includes modernisation of Load Despatch Station at Thiruvananthapuram, Kalamassery and Kannur, modernisation of protection system and communication system.

The work envisaged, under this scheme, mainly include data acquisition from major generating stations and sub stations, associated works in the Supervisory Control and Data Acquisition(SCADA) and computer networking, reservoir level monitoring from State Load Despatch Centre (SLDC), other works at SLDC and modernisation and expansion of meter testing facilities for better energy accounting.

Proper and efficient relay protection scheme is inevitable for maintaining stable and reliable power system. For this, the Relay Wing has to be equipped with modern testing equipments. The project is envisaged for the modernisation of the relay testing equipments and acquisition of modern testing equipments.

The scheme is mainly for modernisation of Power Line Carrier Communication (PLCC). On commissioning of new stations and commissioning/ rearrangement of EHT lines, additional PLCC equipments are to be provided. Protection couplers are necessary for major feeders. PLCC equipments, protection couplers, spares are to be procured for the proper maintenance of communication system. An amount of ₹1200.00 lakh is provided for the scheme in the Budget 2026-27.

44) PSDF Works

(Outlay: ₹300.00 lakh)

Providing last mile connectivity to all substations utilizing the funds under the reliable communication project comes under this scheme. Interconnecting the substations using 24/48 pair fiber optic cable and installation of terminal equipments are included in the scheme. Implementation of SAMAST project (Scheduling, Accounting, Metering and Settlement of Transactions of Electricity) is also envisaged under PSDF works. An amount of ₹300.00 lakh is provided for the scheme in the Budget 2026-27.

Distribution

45) Dyuthi

(Outlay: ₹43000.00 lakh)

The objectives of the Dyuthi project are to provide uninterrupted, quality power to all and to bring down the technical and commercial losses. It was commenced to modernise the distribution grid of KSEBL. Dyuthi 2 is a comprehensive and realistic plan for the control period from 2022-2027. It includes works for standardisation and modernisation of the existing HT and LT networks. The project has given more focus on reliability, loss reduction and safety. Special components like providing insulated/covered conductors, reconductoring, standardisation, extensive use of switches in HT network, replacement of old and worn out conductors with optimally sized ACSR conductors,

standardisation of lines and plants, emphasis to earthing of neutral conductors at regular intervals in LT network, earthing of metal parts of poles in HT network, communicating fault pass detectors (CFPD) and High Voltage Distribution System (HVDS) have prominent place in distribution. An amount of ₹43000.00 lakh is provided in the Budget 2026-27 for the works under Dyuthi.

Other Projects

46) Institutional Development Programme

(Outlay: ₹200.00 lakh)

Following programmes are included under Institutional Development Programme in the Budget 2026-27.

- Training of employees in the in-house training centres
- Training of employees in other training centres
- Setting up training centres and other facilities

An amount of ₹200.00 lakh is provided for this scheme in the Budget 2026-27.

47) Survey, Investigation and Environmental Studies

(Outlay: ₹100.00 lakh)

The Board regularly carries out survey and investigation works for identifying potential sites for setting up new hydroelectric projects, both small and large. Preliminary and detailed investigation and survey jobs are done initially, based on which Preliminary/Detailed Investigation Reports are prepared. For those projects which are found technically feasible and economically viable, detailed studies are then carried out to prepare Detailed Project Reports. An amount of ₹100.00 lakh is provided for the scheme in the Budget 2026-27.

48) Administrative Complexes and Mechanical Fabrication works

(Outlay: ₹4000.00 lakh)

This includes the works connected with construction of various office complexes, mechanical fabrication works, pole casting yard at Pallom, Kundara, construction of section office buildings, renovation of buildings and other buildings required for KSEBL.

A separate wing named SPIN (Sports, Pre-engineered Infrastructure and New construction technology Unit) is entrusted in carrying out the construction of various office buildings for KSEBL. The outlay provided is for the construction of various office complexes, mechanical fabrication works, pole casting yard at Pallom, Kundara, construction of section office buildings, renovation of buildings.

KSEB has three mechanical fabrication facilities viz. Central Mechanical Facility, Pallom and Mechanical Facilities at Angamaly and Kolathara. These units are responsible for steel fabrication works required for the Generation, Transmission and Distribution wings. The raw materials required for the units are procured mainly from public sector steel companies like SAIL and RINL, thus ensuring quality inputs for quality products. The provision is also made for the procurement of modern machinery, equipment & tools,

construction of fabrication sheds, up gradation of mechanical facilities and steel fabrication works of KSEBL.

An amount of ₹4000.00 lakh is provided for scheme in the Budget 2026-27.

49) IT Enabled Services

(Outlay: ₹2000.00 lakh)

For improving efficiency of operation and giving better services to the consumers, software packages catering to the requirement of various IT enabled services are being developed and implemented in KSEB. Other IT projects work includes IT Implementation in non R-APDRP areas, Maintenance of physical infrastructure for Disaster Recovery Centre, Procurement of Servers and accessories for various IT Projects not included in RAPDRP, Roll out of handheld devices in new Electrical sections & Maintenance of handheld devices for meter reading in non-RAPDRP Electrical Sections including spares, and also various activities under Revamped Distribution Sector Scheme (RDSS). An amount of ₹2000.00 lakh is provided for scheme in the Budget 2026-27 for the various IT enabled programmes.

50) Soura

(Outlay: ₹100.00 lakh)

The state has launched the project "Soura" to add 1000 MWp Solar Power Plants to the network of KSEB Ltd, under Urja Kerala Mission, a vision to develop the energy sector in the state to global standards and in line with the true spirit of National goal of achieving 100 GW of solar capacity.

An amount of ₹100.00 lakh is provided for the scheme in the Budget 2026-27 for maintenance works.

State Plan Schemes

51) Battery Energy Storage Systems (State Scheme- New)

(Outlay: ₹500.00 lakh)

Various global developments in technology and manufacturing has enabled large battery banks to be installed to store electricity during off-peak hours, when energy rates are cheaper, and release energy to the grid when demand peaks. Energy Storage Systems are necessary to address challenges posed by demand fluctuations. This helps in enabling grid stability, peak demand management, and effective integration of renewable energy sources. An amount of ₹500.00 lakh is provided in the Budget 2026-27 for the installation of Battery Energy Storage Systems in different locations.

52) Implementation of Smart meters (State Scheme- New)

(Outlay: ₹3122.00 lakh)

Smart meters are advanced digital electricity meters that record and transmit electricity consumption data in near real time between consumers and utilities. They enable accurate and remote meter reading, support time-based tariffs, improve demand-side management, and help reduce losses. It helps to enhance the efficiency of the electricity distribution system and improve consumer services. An amount of ₹3122.00 lakh is provided for the scheme in the Budget 2026-27.

53) Pumped Storage Projects (PSPs)-Preliminary and Preparatory works (State Scheme- New)

(Outlay: ₹500.00 lakh)

Pumped storage projects play a crucial role in ensuring grid stability and reliability. As the share of renewable energy sources such as solar and wind increases, power fluctuations occur in the generation-demand ratio on the grid. Recognising this, the Kerala State Electricity Board (KSEB) has identified pumped storage projects as priority initiatives to initiate the process in Idukki, Kakkayam, Poringalkuthu, and Mudirappuzha areas.

An amount of ₹500.00 lakh is provided in the Budget 2026-27 for preliminary and preparatory works of various Pumped Storage Projects.

54) State Support for Dam Safety Works Including Dam Rehabilitation and Improvement Project (DRIP)- (State Scheme- New)

(Outlay: ₹540.00 lakh)

Dam Rehabilitation and Improvement Project (DRIP) aims to improve the safety and sustainable performance of existing dams and associated structures.

The project components of DRIP mainly include Rehabilitation and Management Planning for dams and associated appurtenances, dam safety institutional strengthening, project management etc. Dam safety studies and desiltation works also form part of this. An amount of ₹540.00 lakh is provided in the Budget 2026-27 as state support for completing the ongoing works and settling the balance bill payments.

Externally Aided Projects

55) Energy Efficiency Indian Grid (Externally Aided Project - New)

(Outlay: ₹5000.00 lakh)

The Energy Efficiency Indian Grid (EEIG) is a strategic initiative aimed at modernizing India's power infrastructure. It's primary goal is to reduce transmission and distribution (T&D) losses while seamlessly integrating the country's massive surge in renewable energy. The project is a multi-layered effort involving the Ministry of Power, the Bureau of Energy Efficiency (BEE), and Kerala State Electricity Board (KSEB).

The North Green Corridor (NGC) project, which is one among the three corridor projects of KSEB, is undertaken under the Energy Efficiency Indian Grid (EEIG) scheme and financed through KfW concessional funding. The North Green Corridor (NGC) project is proposed as a power highway connecting Kasaragod, Kannur, Wayanad districts and then to Mysore/Areekode (Kozhikode)/ Madakkathara (HVDC Thrissur) through the existing 400 kV lines, which will provide access to South Kerala. An amount of ₹5000.00 lakh is provided for the scheme in the Budget 2026-27.

56) Green Energy Corridor 2 (Externally Aided Project-New)

(Outlay: ₹10000.00 lakh)

The Green Energy Corridor (GEC) is a national initiative aimed at strengthening transmission infrastructure for large-scale integration of renewable energy. In Kerala, GEC projects form part of GEC-II and helps in utilising the State's wind and solar potential in Idukki, Palakkad and Kasaragod districts.

KSEBL has proposed three GEC projects namely Ramakkalmedu Green Energy Corridor project, Attappady Green Energy Corridor project and North Green Energy Corridor project to develop the transmission infrastructure in the aforesaid districts to flawlessly transporting power with minimum loss. Attappady Green Corridor and Ramakkalmedu Green Corridor are approved by Ministry of New and Renewable Energy (MNRE) with 33% Central Financial Assistance as grant. The scheme is financed through KfW concessional funding. An amount of ₹10000.00 lakh is provided for the scheme in the Budget 2026-27.

5.2 NON-CONVENTIONAL AND RENEWABLE SOURCES OF ENERGY

Energy can be generally classified as non- renewable and renewable. Over 85 per cent of the energy used in the world is from non-renewable supplies. Most developed nations are dependent on non-renewable energy sources like fossil fuels (coal and oil) and nuclear power. The other renewable or potentially renewable sources are solar, geothermal, hydroelectric, biomass and wind. Most developing countries have abundant renewable energy resources. The main objective of the sub sector is to give thrust on the development of Renewable Energy as well as Energy efficiency through various programmes.

The implementing and regulating agencies associated with the non-conventional and renewable sources of energy in the State are (i) Agency for Non-conventional Energy and Rural Technology (ANERT), (ii) Department of Electrical Inspectorate and (iii) Energy Management Centre (EMC). Details of schemes/components included under each agency are given below:

5.2.1) Agency for Non-Conventional Energy and Rural Technology (ANERT)

Agency for Non-conventional Energy and Rural Technology (ANERT) established by the Govt. of Kerala is functioning as an autonomous body under Power Department. The vision of ANERT is to harness maximum possible Renewable Energy to offset consumption of conventional electricity and fossil fuels. ANERT is the nodal agency for the propagation and implementation of programmes/projects under renewable and potentially renewable energy sources, rural technologies and promoting the idea of Carbon neutral governance for government institutions with renewable energy and electric-mobility.

An amount of ₹5318.00 lakh is provided for ANERT in the Budget 2026-27 for implementing the schemes. The specific programmes/components envisaged in the schemes are to be implemented on project mode covering implementation costs. Upcoming technologies such as renewable energy with storage, wave energy, hydrogen/fuel cell, new storage technologies, rural technologies etc. would also be evaluated through demonstration projects.

1. Programmes on Renewable Energy

(Outlay: ₹3350.00 lakh)

The scheme is envisaged for increasing the use of renewable energy sources in the State and it includes various programmes on renewable energy such as solar PV plants, solar thermal applications and e-Mobility.

An amount of ₹3350.00 lakh is provided in the Budget 2026-27 for the scheme of which ₹700.00 lakh is earmarked for solar electrification of unelectrified remote tribal unnathies under the component Promotion of Renewable Energy Systems.

The components under the scheme include (i) Solar power plants in public buildings (ii) e-Mobility (iii) Promotion of renewable energy systems. Following are the specific activities covered under the scheme:

Sl. No.	Component	Amount (₹ in lakh)
i	**Solar power plants in Public buildings**	650.00
a	Solar Power plants with storage in public buildings	
b	Incentivising solarisation of Government Institutions	
c	Solar power plants with storage utilising government land	
ii	**e - Mobility**	300.00
a	EV Charging Stations and related new applications like wireless charging and Vehicle to Grid.	
iii	**Promotion of renewable energy systems**	2400.00
a	Solar electrification of unelectrified remote tribal unnathies (₹700.00 lakh)	
b	Remote area electrification using solar systems in co-ordination with LSGI's	
c	Expenses related to PM KUSUM project	
	Total	**3350.00**

2. Renewable Energy Public Engagement, Outreach, Studies & Development

(Outlay: ₹445.00 lakh)

ANERT aims to create a conducive environment or eco-system for renewable energy development in the State through various facilitation and support measures. The specific programmes under this scheme are (i) Promotion and Outreach Programmes (ii) Accreditation, electronic marketplace/e-governance, infrastructure. Details are as follows:

Sl. No.	Component	Amount (₹ in lakh)
i	**Promotion and Outreach Programmes**	300.00
a	Promotion and outreach	

Sl. No.	Component	Amount (₹ in lakh)
b	Supporting system for implementing Renewable Energy Projects in District level	
ii	**Accreditation, electronic marketplace/e-governance, infrastructure**	145.00
a	E-Governance- apps update	
b	Infrastructure Up gradation	
	Total	**445.00**

An amount of ₹445.00 lakh is provided in the Budget 2026-27 for the scheme of which 15 per cent of the outlay will be utilized for the programmes focussing women.

3. ANERT- a Knowledge Hub for Renewable Energy

(Outlay: ₹805.00 lakh)

The components under the scheme include (i) Laboratory and other facilities (ii) Capacity building (iii) New technology development, demonstration, pilots, studies. The specific activities under the scheme are as follows:

Sl. No.	Component	Amount (₹ in lakh)
i	**Laboratory and other facilities**	280.00
a	Kuzhalmannam Technology Hub, including lab training facilities and Centre of Excellence in e mobility	
ii	**Capacity building**	130.00
a	ANERT Research Fellowship Programme and Research Internship Programme	
b	Training programmes on renewable energy including internal and external capability building	
iii	**New technology development,demonstration, pilots, studies**	395.00
a	Pilot projects and studies on vehicle to grid (e- mobility)	
b	Renewable Energy park, Ramakkalmedu (Phase II)	
c	Evaluation of new technologies in renewable energy and in-house Research & Development projects	
d	Supporting R&D and Innovation in renewable energy	
	Total	**805.00**

An amount of ₹805.00 lakh is provided in the Budget 2026-27 for the scheme ANERT – a Knowledge Hub for Renewable Energy.

4. Green Energy Hub

(Outlay: ₹718.00 lakh)

The State has a unique enabling ecosystem favouring green hydrogen production when compared to other States and the State enjoys availability of high annual rainfall, high solar, tidal and wind (onshore and offshore) potential and availability of large reservoirs/water bodies for setting up of floating solar projects. The State has set target to achieve Net Carbon Neutrality by 2050 and 100 per cent Renewable Energy based State by 2040. It is one of the ten potential states that could be the key enablers in manufacturing green hydrogen in India to kickstart its National Green Hydrogen Mission as identified by Ministry of New and Renewable Energy (MNRE), Govt. of India. Green hydrogen or ammonia manufacturing zones or clusters supported by GoI would come up in these destinations. In order to take the leadership position intending to lead on project development and show the path forward on green hydrogen commercialization in the State, an amount of ₹718.00 lakh is provided for the scheme in the Budget 2026-27. The amount could be used for meeting the state share of sanctioned hydrogen mobility project by Automotive Research Association of India (ARAI) and Hydrogen Valley Innovation Cluster (HVIC) project by the Department of Science and Technology, Government of India.

Following are the activities included in 2026-27:

i. Pilot projects on Green Hydrogen (production, compression, storage, refuelling facilities for hydrogen vehicles)
ii. Establishing a centre of excellence for building expertise in Green Hydrogen technology
iii. Viability Gap Funding (VGF) for green hydrogen pilot projects
iv. Availing consultancy services for PMU, DPR etc.in the area of green hydrogen
v. Studies and outreach including workshops on green hydrogen

5.2.2) Department of Electrical Inspectorate

Safety inspections and sanction for energisation of all HT/EHT and other medium voltage installation in the State are carried out by the Department of Electrical Inspectorate. Inspection of all electrical accidents in the State and preparing the enquiry report for Government covering actions against responsible person/authority are done by this department.

An amount of ₹936.00 lakh is provided in the Budget 2026-27 for Electrical Inspectorate for implementing the following schemes:

1. Modernisation of the department and Meter Testing and Standards Laboratory

(Outlay: ₹771.00 lakh)

The Meter Testing and Standard Laboratory, Thiruvananthapuram and 13 regional meter testing laboratories are functioning under the Electrical Inspectorate Department. The scheme is envisaged for enhancing the scope of testing facilities in these laboratories for ensuring safety of electrical installations. The components included under the scheme are:

Sl. No.	Component	Amount (₹ in lakh)
i	Procurement of Testing equipment/Instruments	771.00
ii	Up gradation of IT infrastructure	
iii	Modernisation of office infrastructure & Maintaining SQMS certification (IS 15700: 2018)	
iv	Expenses required for maintaining NABL Accreditation of MTSL and Regional Meter Testing Laboratories	
v	Technical Quality Improvement Programme	
vi	Setting up of online examination centre for conducting wiremen examination (New)	
vii	Setting up of fully equipped mobile testing units at Regional testing laboratories at Kozhikode (New)	
	Total	**771.00**

An amount of ₹771.00 lakh is provided for the above activities in the Budget 2026-27.

2. Effective Implementation of Quality Control Order

(Outlay: ₹115.00 lakh)

The objectives of the scheme include reducing the number of electrical accidents, conduct safety inspections within the stipulated time limit, implementation of National and International Standards related to electricity and implementation of Quality Control Order (QCO) for removing substandard electrical goods from the market. The components of the scheme include:

- Testing facilities for the samples seized under Quality Control Order inspection and QCO awareness programmes.
- E-Mobility: - Hiring of vehicles and related expenses in District offices for conducting statutory inspections.

An amount of ₹115.00 lakh is provided for the scheme in the Budget 2026-27.

3. E-Safe Kerala

(Outlay: ₹50.00 lakh)

The scope of the scheme is to conduct awareness to the general public and workman on electrical safety practices and to insist on observing rules and standard practices to ensure Electrical Safety preventing electrical accidents in the State.

Following are the components included under the scheme:

Sl. No.	Component	Amount (₹ in lakh)
i	Electrical Safety Awareness Programmes	20.00
a	Electrical safety week celebration	

Sl. No.	Component	Amount (₹ in lakh)
b	Interactive classes for residential associations, Panchayaths and schools in all districts of the State	
c	Programmes to educate the ward level Asha workers/Kudumbasree workers in all Panchayath to propagate the message of electrical safety to all households	
d	Training programmes to electricians/wiremen/supervisors / contract staff and other stakeholders in Energy Sector	
e	Safety Audit	
f	Awareness through visual, audio media and print advertisement	
ii.	Project for the rewiring and standardisation of the houses with the installation of Residual Current Circuit Breaker (RCCB) for SC(BPL), ST (BPL) categories	30.00
	Total	**50.00**

An amount of ₹50.00 lakh is provided for the scheme in the Budget 2026-27.

5.2.3) Energy Management Centre (EMC)

EMC is the nodal agency for promoting/implementing energy conservation activities in order to enhance efficient energy management in the State. The mission of EMC is to enhance energy efficiency through energy conservation and management. Energy saving measures in various Government departments, establishments, Industry, commercial buildings, domestic sector, encouraging development of technologies related to energy management through research, training, demonstration programmes and awareness creation are the main areas of focus. The agency will also develop guidelines and rules to be followed in new building infrastructure of the State, to adopt energy conservation techniques.

In the Budget 2026-27, an amount of ₹850.00 lakh is provided for EMC for the implementation of two schemes (i) Kerala State Energy Conservation Fund (ii) Small Hydro Power Development and Kinetic Power Project.

1. Kerala State Energy Conservation Fund

(Outlay: ₹650.00 lakh)

The objective of the programme is to support the development/implementation /piloting of innovative projects in Energy conservation and Management. An amount of ₹650.00 lakh is provided for scheme in the Budget 2026-27 of which 10 per cent of the outlay will be utilized for the programmes focussing women.

The components of the scheme are:

Sl. No.	Component	Amount (₹ in lakh)
i	Angan Jyothi	100.00
ii	Energy Conservation Awards & Best practices case sharing	25.00
iii	Capacity building and awareness creation	125.00
iv	Development and demonstration of clean energy technologies	300.00
v	Upgradation and maintenance of infrastructure facilities and human resource development programmes	50.00
vi	Conduct of International Energy Fest Kerala	50.00
	Total	**650.00**

2. Small Hydro Power Development and Hydro Kinetic Power Project

(Outlay: ₹200.00 lakh)

The development of renewable energy is considered as the best source for power generation in the State, especially small, mini, micro and pico-hydel projects. It is envisaged to carry out preparation of prefeasibility reports for pumped hydro storage power plants, pico and micro hydropower projects. The amount could be used for meeting the financial assistance for preparation of Pre-Feasibility Reports (PFR) and also for the DPR preparation of these projects. Hydro Kinetic Power Project is also envisaged for exploring the possibilities of utilising innovative/untapped power resources.

An amount of ₹200.00 lakh is provided for the scheme in the Budget 2026-27.

VI. INDUSTRY, MINERALS & INFORMATION TECHNOLOGY

The Industrial Sector plays an important role in nurturing economic growth and employment opportunity in the country. It helps in the rapid growth of national and per capita income. The Kerala Government aims to transform the State into a vibrant and favourable destination for industrial investments which are eco-friendly, productive and able to create new employment opportunities and thereby ensure sustainable economic growth of the State.

Highest priority has been given to create an enabling environment for investors with suitable institutional and regulatory reforms that will enhance the ease of doing business.

Kerala State Industrial Development Corporation (KSIDC), Kerala Industrial Infrastructure Development Corporation (KINFRA), Centre for Management Development (CMD), Board of Public Sector Transformation (BPT), Kerala Rubber Limited (KRL), and Bureau of Public Enterprises (BPE) are the agencies promoting and facilitating medium and large industries in the State. This plan continues to focus on the development of industrial parks and associated infrastructure across the State along with allied industrial infrastructure related to port led industries in connection with vizhinjam port, new food parks and completion of ongoing projects.

The Directorate of Industries and Commerce acts as a facilitator for industrial promotion and sustainability of MSME and traditional industrial sectors in the State with the help of Directorate of Handloom & Textiles, Directorate of Coir, Khadi & Village Industries Board and K-BIP. In 2026-27, the focus is given on scaling up and sustainability of existing and newly formed MSMEs, through various entrepreneur support programmes. Kerala State Cashew Development Corporation Ltd (KSCDC) and Kerala State Cashew Workers Apex Co-operative Society (CAPEX) are the two State organizations involved in cashew processing in Kerala. Mining and Geology Department spearheads the state efforts in the sphere of Minerals.

Kerala's efforts in the IT sector are lead through agencies like the Kerala State IT Mission, KSUM, KSITIL, K-SPACE, Technopark, Infopark, Cyberpark, Kerala University of Digital Science Innovation and Technology, C-Dit and ICFOSS. Special thrust is given to implementation of new policies (AVGC XR, IT policy), strategy and 4 mission mode programmes (Kerala AI Mission, Emerging Technology Mission, Semicon Kerala and Future Corporation), women entrepreneurship development is encouraged through Startup Mission, Digital University and ICFOSS.

In the Budget 2026-27, an outlay of ₹ 1,97,351.00 lakh is provided for Industries,Minerals and Information Technology. It includes an outlay of ₹ 56,352.00 lakh for Village and Small Industries, ₹ 85,374.00 lakh for Medium & Large

industries, ₹820.00 lakh for Minerals and ₹ 54,805.00 lakh for Information Technology. The subsector wise details are as follows:

Sl. No.	Sector/Sub Sector	Amount (₹ in lakh)
6.1	VILLAGE & SMALL INDUSTRIES	
i	Small-scale Industries	31,084.00
ii	Commerce	600.00
iii	Handicrafts	434.00
iv	Handloom & Power loom Industries	5,900.00
v	Coir Industries	11,064.00
vi	Khadi & Village Industries	1,670.00
vii	Cashew Industries	5,600.00
	Sub Total (VSI)	**56,352.00**
6.2	MEDIUM & LARGE INDUSTRIES	85,374 .00
6.3	MINERALS	820.00
6.4	INFORMATION TECHNOLOGY	54,805.00
	Total	**1,97,351.00**

6.1.VILLAGE & SMALL INDUSTRIES

Directorate of Industries and Commerce is taking anchor role in driving various industrial promotional activities and is responsible for promoting, sponsoring, financing and advising MSME's (Micro Small or Medium Enterprises) in the State. Development of MSME sector in the State is crucial since it provides employment, GST share to public exchequer and contributes to GDP of the State. The Directorate also acts as a facilitator for industrial promotion & investments to ensure sustainability of MSMEs and traditional industries in the State.

The schemes under Village & Small Industries are generally of three categories viz. capital, loan and grant focusing on industrial promotion, attracting investments, industrial infrastructure and commercial activities. The schemes target various social groups which include Scheduled Caste (SC), Scheduled Tribe (ST), Women, Youth, and Differently Abled. In the Budget 2026-27, an amount of ₹ 32118.00 lakh is provided for MSMEs. Provision for MSME includes an amount of ₹ 31084.00 lakh for Small scale industries, ₹ 600.00 lakh for Commerce, and ₹ 434.00 lakh for Handicrafts.

In 2026-27, focus is given to strengthen the sector by facilitating emergence of new enterprises, assistance for improving the performance of enterprises, modernization, scaling up and sustainability of existing and newly formed MSMEs, creating employment opportunities, providing adequate support facility for enterprises and promoting welfare of industrial workers. The schemes taken up for the year 2026-27 are as follows

Outlay provided for 2026-27

Sl. No.	Sector/Schemes	Amount (₹ in Lakh)
I	**SMALL SCALE INDUSTRIES**	
1	Infrastructure Development Programmes	
i	Improving infrastructure in existing DA/DPs	1700.00
ii	Modernization of Existing Common Facility Service Centres	80.00
iii	Construction of Multi-storied Industrial Estates	700.00
iv	Development of industrial parks/areas/estates on PPP mode	140.00
v	Infrastructure Development & Capacity Building - Setting up of CFCs/ Small Industry cluster Development Scheme (Restructured Central Sector Scheme of MSE-CDP)	200.00
vi	Multipurpose Trade Facilitation Centres	500.00
vii	Modernization of DIC and district/sub offices	625.00
2	Entrepreneurial Development Programmes	
i	KIED as Centre of Excellence in entrepreneurship development	100.00
ii	Enterprise Development Centres (EDCs and ED Clubs)	260.00
3	Capacity Building Programme	700.00
4	Implementation of food safety system through NCHC	30.00
5	Entrepreneur Support Scheme (ESS)	11000.00
6	Revival and rehabilitation of MSME units	
i	Assistance for revival of MSMEs with stressed assets & defunct MSME units	50.00
ii	Revival of small and medium scale cashew factory units for rebuilding lost livelihood	100.00
7	Interest subvention on deferred land cost investments to entrepreneurs in industrial areas/parks	500.00
8	Margin money grant to Nano units	1706.00
9	Assistance to Skilled Entrepreneurs Development Centres	40.00
10	PM Formalization of Micro Food Processing Enterprises -	1000.00

Sl. No.	Sector/Schemes	Amount (₹ in Lakh)
	PMFME (CSS scheme 40 per cent state share)	
11	Central MSME Sector Schemes (Additional State Share)	617.00
12	Special Package Scheme for Micro, Small and Medium Enterprises	6300.00
13	Directorate of Plantation	300.00
14	Climate coffee Park Project in Wayanad	100.00
15	Local Economic Development and Sustainability of Enterprises	3500.00
16	Revival, Rejuvenation and Resurrection of the Private Cashew Industry Sector	200.00
17	Directorate of Plantation – Construction & Renovation of Layam for Labours in Plantations	500.00
18	Investment Promotion	136.00
	Sub Total (Small Scale industries)	**31084.00**
II	**COMMERCE**	
1	Development of Commerce	600.00
	Sub Total (Commerce)	**600.00**
III	**HANDICRAFTS**	
A	Development of Handicrafts Sector	
1	Assistance to Organizations in Handicrafts Sector	50.00
2	Establishment of Common facility Service Centres for Handicrafts	50.00
3	Assistance Scheme for Handicrafts Artisans (ASHA)	30.00
4	Rejuvenating Industrial Co-operative society support scheme	50.00
B	Development of Bamboo related Industries	
5	Development of Bamboo related Industries	150.00
6	Bamboo propagation and promotion (Matching State share - National Bamboo Mission)	80.00
7	Gold Appraiser Training for Traditional Goldsmiths (New Scheme)	24.00
	Sub Total (Handicrafts)	**434.00**
	Grand Total	**32118.00**

I. SMALL SCALE INDUSTRIES

1. Infrastructure Development Programmes

Quality industrial infrastructure is necessary to facilitate entrepreneurs and attract industrial investment. The State promotes development of new industrial parks with quality infrastructure like roads, power, water, waste management system etc, new common facility centres, revamping existing infrastructure facilities in Development Areas/Development Plots (DA/DPs) and Functional Industrial Estates (FIEs). The following programmes /activities are included for achieving the above objectives. An amount of ₹ 3,945.00 lakh is proposed for infrastructure development programmes in the budget 2026-27 for the following schemes.

(i). Improving infrastructure in existing DA/DPs

(Outlay: ₹ 1700.00 lakh)

(Capital Head - ₹ 1,400.00 lakh & Revenue Head - ₹ 300.00 lakh)

This is an ongoing scheme for the upgradation and modernization of existing Development Area/Development Plots/ multistoried galas. The components include creating/improving common infrastructural facilities like power upgradation, sub stations, water supply facilities, solid & liquid waste management system, CETP, common fire and safety installations, construction/renovation of internal roads and drains, compound walls and other common facilities viz. canteen, first aid Centre, single entry system, signage, street lights, common effluent treatment plant, solid waste management and allied facilities which are essential for the entrepreneurs in the DA/DPs. The provision includes spill over commitments for completion of works already taken up in the existing DA/DPs and cost of study and preparation of DPRs of DA/DPs as envisaged under the scheme. The fund can also be utilized for meeting the remaining expenditure in excess of the SIDBI loan for the infrastructure development and survey of existing DA/DPs

An amount of ₹ 1700.00 lakh is provided in the Budget 2026-27 for implementing the scheme.

(ii). Modernization of Existing Common Facility Service Centres

(Outlay: ₹ 80.00 lakh)

This is an ongoing scheme intended to upgrade the existing facilities of the Common Facility Service Centers at Changanassery and Manjeri. These Centres provide common facility to industrialists, laboratory testing facilities, projects and various training related activities. The current year budget provision can be utilized for the following components.

i) To provide common facility in rubber, plastic and tool room
ii) To conduct training/ workshops/technology clinic in potential sectors to entrepreneurs and students.

iii) To provide laboratory facilities for R&D, projects and for testing.
iv) To provide incubation facility in rubber, plastic and other identified potential sectors.
v) To provide long term/ short term internship in industrial and quality control sectors.
vi) To provide Technology Business Incubation (TBI) facilities to strengthen the Knowledge Economy.
vii) Technology transfer to right persons.
viii) To collaborate with various institutes, Government Departments and agencies for knowledge and technology sharing.

The CFSCs at Changanassery and Manjeri are to be upgraded as CFSC-CGATE (Common Facility Service Centre - Centre for excellence for Government Assistance in Technology and Entrepreneurship).

An amount of ₹ 80.00 lakh is provided in the Budget 2026-27 towards the scheme.

(iii). Construction of Multi-storied Industrial Estates

(Outlay: ₹ 700.00 lakh)

In a land scarce State, to accommodate more industrial units in existing industrial parks, multi-storied constructions with more floor area are inevitable. Multi-storied Industrial Estates/SDFs are flat type industrial buildings with material handling and other infrastructure facilities necessary for the industry including common industrial infrastructure like power, water supply, effluent treatment plants, firefighting etc. Spill over commitments of ongoing industrial estate projects at Veli, Shoranur, Puzhakkalpadam Phase I & II, Punapara, Pudusserry, Manjeri and the gala at Varavoor in the industrial development areas/plots are provisioned under the scheme. In 2024-25, it is proposed to take up new projects including projects in convergence with SIDBI based on demand analysis and availability of funds comparing commitments to ongoing projects. The expenses of upgradation /renovation of the existing multi storied industrial estates can also be met from this scheme. The fund can also be utilized for the DPR preparation for the construction of multi-storied Industrial Estates. 20 per cent of the allotments in each multi-storied gala are to be reserved for women entrepreneurs.

An amount of ₹ 700.00 lakh is provided in the Budget 2026-27 for the scheme.

(iv). Development of industrial parks/areas/estates on PPP mode.

(Outlay: ₹ 140.00 lakh)

In the emerging socio-economic environment, the demand for hassle- free industrial land is the need of the hour for creating new employment attracting enhanced capital investments.

In the Kerala Industrial & Commercial Policy, Government has aimed at ensuring sufficient land availability through land acquisition, land pooling and private industrial parks/estates. The funds provided under this scheme can be used as viability gap for establishing industrial infrastructure on PPP mode attracting private investors/LSGD's to develop industrial parks/plots/estates including CFSC's to boost MSME sector.

Land in possession of Local Self Government Departments /other agencies can be developed into industrial parks/estates , CFSC's can be established on location specific industries with matching assistance from Industries Department, LSGD, other agencies/departments and industrial stakeholders on project mode. The budget provision can be used as a viability gap for establishing industrial infrastructure in the land under LSGIs in the following ways:

i) By way of developing industrial estates in the land, by providing infrastructure facilities like power, water, internal roads with drains, common amenities, effluent treatment plant etc ;
ii) By constructing small sheds/buildings or renovating the existing sheds/buildings already constructed by LSGIs for industrial purposes.

The fund required for the above mentioned infrastructure development will be provided by the Industries Department, as per the guidelines and the existing rules regarding the Industrial policy, subject to a maximum of one crore which will be a one-time assistance for a project.

An amount of ₹ 140.00 lakh is provided in the Budget 2026-27.

(v). Infrastructure Development & Capacity Building - Setting up of CFCs / Small Industry cluster Development Scheme (Restructured Central Sector scheme of MSE-CDP)

(Outlay: ₹ 200.00 lakh)

Infrastructural support has been added under MSME Cluster Development Programme which is one of the important schemes of the Development Commissioner (MSME) with special emphasis on comprehensive development of clusters. The central scheme includes assistance for sourcing raw materials, mutual credit guarantee for sourcing loans, common brand creation, marketing, setting up of Common Facility Centres, training centres, quality testing, cost of preparation of DPR and other support activities. The ongoing schemes are Wood furniture cluster (Kozhikode), Traditional Furniture Cluster (Chevoor, Thrissur), West Malabar Plywood manufacturers cluster (Muvattupuzha, Ernakulam) and Pappad Cluster (Thiruvananthapuram).

An amount of ₹ 200.00 lakh is provided in the Budget 2026-27.

(vi). Multipurpose Trade Facilitation Centres

(Outlay: ₹ 500.00 lakh)

Trade Facilitation Centre (TFC) represents a unique and innovative initiative where the Artisans community is provided with a platform to showcase and market their products themselves. TFC intends to work as a bridge linking the informal, unorganized, rural workers with the urban market.

The scheme envisages establishing TFCs in selected District Industries Centres and to construct / renovate existing DIC buildings for setting up TFCs. Trade Facilitation Centres will provide a platform to showcase and market MSME products and traditional products like handicrafts, handloom, and coir etc. The ongoing projects under the scheme are construction of Trade facilitation centres and DIC building in District Industries Centre, Alappuzha. New projects may be taken up based on demand analysis.

An amount of ₹ 500.00 lakh is provided in the Budget 2026-27 for completing ongoing projects and establishing new centres.

(vii). Modernisation of DIC and district/sub offices

(Outlay: ₹ 625.00 lakh)

a) Modernisation of DIC and District /sub offices

Infrastructure modernization and upgradation in Directorate and 14 District offices is inevitable in strategically positioning the Directorate & District Industries Centres and enabling the officials to implement Ease of doing business, and connected industrial promotion/ facilitation activities. The activities include office infrastructure, web portal for MSMEs, e-governance activities in Directorate and sub offices including hardware and software, for which an amount of Rs 350.00 lakh is provided in Budget 2026-27:

b) IT initiatives of Directorate of Industries and Commerce

The Directorate of Industries and Commerce (DI&C)'s IT section supports all IT/e-Governance operations and offers IT infrastructure for effective execution of departmental programs to improve ease of doing business and ensure efficient service delivery. IT initiatives seek to create and maintain an IT ecosystem for the department to deliver quality and timely service to the entrepreneurs in the state. The following components are included under IT initiatives for which an amount of Rs 275.00 lakh is provided in Budget 2026-27:

Sl No	Components	Amount (₹ in lakh)
1	Procurement, upkeep/ maintenance of IT Infrastructure	275.00
2	Design, Development, Implementation, Maintenance of new and existing e-Governance projects	
3	B2B Web Portal for the MSMEs and PSUs of Kerala	
	Total	**275.00**

An amount of ₹ 625.00 lakh is provided in the Budget 2026-27 for the scheme.

2. Entrepreneurship Development Programmes

To help an individual to become an entrepreneur the State needs to refocus entrepreneurship development programmes playing the roles like (a) stimulating role (b) supportive role (c) sustaining role (d) socio economic role. The Industries Department needs to revamp established specialized institutions to boost entrepreneur development programmes in line with the new initiatives of the State in industry sector. The following two components are included in the Budget 2026-27.

(i) KIED as Centre of Excellence in entrepreneurship development

(Outlay: ₹ 100.00 lakh)

Kerala Institute for Entrepreneurship Development (KIED) is an autonomous State-level institute promoted by the Government of Kerala. The main objective of the Institute is to provide services in Human Resources Development (HRD) particularly in the field of entrepreneurship development with a view to enlarge the spirit of entrepreneurship among the people which will lead to more self-employment. KIED has associated with UNCTAD and ILO. To revamp and revitalize the institution KIED, as a centre of excellence for entrepreneurship development and facilitation, it needs state of art infrastructure, autonomy & association with R&D, industry, academics and other stakeholders; and operational and management support. An amount of ₹100.00 lakh is provided in the Budget 2026-27 for supporting the activities of KIED.

(ii) Enterprise Development Centres (EDCs)

(Outlay: ₹ 260.00 lakh)

To focus on knowledge led and technology driven entrepreneur development, DIC envisages setting up Enterprise Development Centres (EDCs) under the aegis of KIED with the following objectives:

- Create value added jobs and services
- Facilitate transfer of technology
- Foster entrepreneur spirit
- Speedy commercialisation of R&D outputs
- Training/ skill development
- Specialised services to new/existing entrepreneurs
- Linkage with host institutes and start up space
- Credit facilitation, export promotion and supplier inclusion
- Handholding support to aspiring entrepreneurs including mentoring service
- Marketing linkages, project report preparation

Enterprise Development Centres at Ernakulam, Palakkad and Kozhikode are being developed under the guidance and support of KIED. EDC can be collaborative

initiative between GoK, industrial bodies, R&D, skilling and academic institutes and financial institutions. Industries department will provide core infrastructure while operation and management of the centre can be jointly driven by DIC, KIED and other industrial stakeholders. The state government will establish a new Kerala University for Skill Development & Entrepreneurship on PPP mode. It will transform the education landscape, producing graduates who are equipped to meet the demands of the industry and contribute to the country's economic growth. An amount of ₹ 25.00 lakh is earmarked in the year 2026-27 for undertaking the preliminary expenses related to establish the university.

Sl No	Components Name	Amount (₹ in lakh)
1	EDC through KIED	235.00
2	ED Clubs and ED Conclave	
3	Setting up of Kerala university for Skill development and Entrepreneurship (New)	25.00
	Total	**260.00**

An amount of ₹ 260.00 lakh is provided in the Budget 2026-27 for the Three components in the scheme.

3. Capacity Building Programme

(Outlay: ₹ 700.00 lakh)

The Directorate of Industries & Commerce is aiming to achieve intensive industrialization in the State through a conscious, focused, concerted and planned effort to facilitate setting up enterprises in the potential sectors suitable to the State with substantial investment creating more employment opportunities. The issues and problems of the existing Micro, Small and Medium Enterprises have to be addressed to sustain their development at Block, Taluk and District level across the State. The provisions are to meet the expenses towards interactive brainstorming sessions, congregations, entrepreneur awareness camps, seminars, entrepreneurship development programmes, conduct of technology clinics, investment conclaves, sector specific training programmes, industrialization drives, mentoring, sensitization programmes to LSGD and other line departments and agencies, capacity building programmes to department officers and personnel of all ICSs, branding of Kerala MSME products, conducting potential surveys, ease of doing business activities, publicity, advertising, conducting various studies on the performance of MSMEs and also the department through CMD, EDI etc., awards to best performing enterprises and awards to best manufacturing startups and for achieving Sustainable Development Goals identified in DIC. The programmes shall be implemented through the existing

expertise and facilities of the District Industries Centres and institutions having domain expertise, like IIM, EDII, ni-msme, NIESBUD, IIE, ISB, KIED, CFSCs and MSME Institute, Thrissur. About 20 per cent of potential beneficiaries shall be women aspiring to establish enterprises in the MSME sector. Activities approved in the RAMP programme can also to be conducted in this scheme. Major components envisaged for the year 2026-27 are as follows.

Sl. No.	Components Name	Amount (₹ in lakh)
1	Entrepreneurship development programme	700.00
2	Technology clinic	
3	Technology management development programme	
4	LSGI awareness programme on ease of doing business	
5	Investors Meet	
6	Capacity building to Officers	
7	Awards to Best MSMEs and other Miscellaneous	
8	Intensive Industrialization through KBIP	
9	Media campaign & publicity of department of industries & commerce - KBIP	
	Total	**700.00**

An outlay of ₹ 700.00 lakh is provided for the scheme in the Budget 2026-27.

4. Implementation of food safety system through NCHC

(Outlay: ₹ 30.00 lakh)

To effectively implement and practice the principles of food safety standards in industry, among consumers and facilitate audit and certification, Govt. of Kerala established the National Centre for HACCP certification (NCHC), which is the nodal agency for the audit and certification of International Food Safety (HACCP) system. The centre is functioning in Kerala Bureau of Industrial Promotion (K-BIP) under Department of Industries & Commerce.

The officials from various departments are being successfully trained on HACCP system to act as auditors of NCHC. NCHC is currently facilitating auditing and certification of HACCP system and has successfully audited and certified several food processing and allied units from the State. NCHC will facilitate and promote food safety standards through its specialized information and knowledge mechanism focusing food processing entrepreneurs, traders and consumers highlighting food safety issues and right to safe food.

K-Bip through NCHC envisages effective implementation and practice of food safety system through awareness programmes, PR activities, trainings, workshops,

food events, and capacity building involving the Audit Team for HACCP Certification from various Departments and Government Agencies.

An amount of ₹ 30.00 lakh is provided for the scheme in the Budget 2026-27.

5. Entrepreneur Support Scheme (ESS)

(Outlay: ₹ 11,000.00 lakh)

Entrepreneur Support Scheme is an umbrella scheme merging all the self-employment schemes in extent so as to simplify the procedures and came into existence with effect from 1-4-2012. The principal elements of Fixed Capital Investment such as Land, land development costs, building, essential office infrastructure, plant and machinery, electrification costs, testing equipment, generator, other energy generating equipment, pollution control equipment and investment in the recycling of water, water and rain harvesting if utilized for the industrial purpose shall be admitted for assistance. The assistance under the Scheme shall be released to eligible entrepreneurs/ units in 3 stages.

1. Start-up Support,
2. Investment Support and
3. Technology Support.

Start-up support is provided for enterprises before the commencement of production, in the case where the enterprise avails term loan through a financial institution; Investment Support after the commencement of commercial production and Technology Support after commencing production on acquiring new technology. Enterprises undertaking expansion, diversification and modernization shall also be eligible for Investment Support.

The assistance of 15 per cent of the fixed capital investment limited to Rs.30 Lakhs shall be eligible for MSME units. Eligible micro, small and medium enterprises established by entrepreneurs belonging to women, Youth, SC/ST and Non-Resident Keralites (NRK) categories shall get the assistance of 25 per cent of fixed capital investment limited to Rs 40 Lakhs. Additional assistance of 10 per cent of fixed capital investment subject to a ceiling of Rs.10 Lakhs shall be eligible for priority industries. In the case of all micro, small and medium enterprises set up in the district of Idukki, Wayanad, Kasaragod and Pathanamthitta there shall be additional assistance of 10 per cent of the fixed capital investment subject to a ceiling of Rs. 10 Lakhs. In no case, the quantum of assistance shall exceed 40 Lakhs. Out of all eligible applicants, 30 per cent of the earmarked assistance shall be reserved for micro-enterprises. The amount also can be used as a matching share for the scheme with similar objectives in SC/ST department pooled fund. It is expected that about 20 per cent of beneficiaries under ESS would be women entrepreneurs.

An outlay of ₹ 11,000.00 lakh is provided for the scheme in the Budget 2026-27.

6. Revival of MSMEs with stressed assets

(Outlay: ₹ 150.00 lakh)

To facilitate promotion and development of MSMEs, the revival of units affected by various constraints during floods, covid-19 pandemic etc. along the value chain needs to be addressed. These units can be classified under two categories (1) MSMEs with Stressed assets (2) Defunct MSME units. The scheme seeks to revive and rehabilitate these MSME units based on revised guidelines including stressed/defunct cashew processing units.

(i) Assistance for revival of MSMEs with stressed assets, Defunct MSME units

(Outlay: ₹ 50.00 lakh)

Timely detection of stress is critical in any enterprises and prompt action needs to be taken for bringing back potentially viable units. Through professional interventions, the units which became stressed and defunct due to genuine issues in the value chain need to be identified. Action plans have to be developed, to bring back these units, based on a framework for revival and rehabilitation. The scheme envisages support to stressed MSME units, defunct MSME units including cashew processing units through assistance in the form of capital grants and working capital incentives. Spill over-commitment of the erstwhile scheme 'Kerala Stressed MSMEs Revival and Rehabilitation' can also be met from the provisions of the year 2026-27. An amount of ₹ 50.00 lakh is provided for the above activities. It is expected that about 10 % of beneficiaries would be women.

(ii) Revival of small and medium scale cashew factory units for rebuilding lost livelihood

(Outlay: ₹ 100.00 lakh)

An amount of ₹ 100.00 lakh is provided in the budget 2026-27 for the revival of small and medium scale cashew factory units by providing assistance in the form of capital grants and interest subvention on the loans for modernization and working capital thereby rebuilding lost livelihood.The assistance in the form of Capital Grants to small and medium cashew factory units is given for partial modernization of units by putting additional machinery, renovation of building etc, thereby improving the productivity and turn over substantially. Assistance can also be in the form of interest subvention which is given for loans taken from financial institutions for their working capital needs.

7. Interest subvention on deferred land cost investments to entrepreneurs in industrial areas/parks

(Outlay: ₹ 500.00 lakh)

The objective of the scheme is to make the Government Industrial estates /parks more investor friendly to new entrepreneur attracting more investments and

creating employment. The scheme envisages deferring a portion of the investment burden in land cost to a new entrepreneur by taking over the interest burden on the land cost for a specific period in industrial estates /parks promoted by DIC/SIDCO/KSIDC/KINFRA. When an investor comes forward to start an enterprise which meets the conditions/ parameters as stipulated by the Government, (investment, employment etc.) the investor can avail the industrial land from the above agencies by giving a portion of the land cost. The payment for the remaining portion of the land cost can be deferred up to a period of 5 years, as fixed by the Government. The interest on the deferred portion of the land cost will be reimbursed to the agencies and the investor has to repay the deferred amount within the specified period, when the total land cost is paid, the lien of the land will be shifted to the investor. Based on the proposals received from the agencies, DI&C will disburse the amount to the agencies. The assistance will be disbursed based on transparent scheme guidelines designed by the Industries department.

An amount of ₹ 500.00 lakh is provided for the scheme in the Budget 2026-27.

8. Margin money grant to nano units

(Outlay: ₹ 1706.00 lakh)

The objective of the scheme is to promote/incentivize deserving entrepreneurs in setting up nano enterprises within the State through margin money grant to loan linked project. All newly starting nano enterprises in manufacturing, job works and service sector having any type of value addition whose total project cost including fixed capital and working capital is up to ₹ 10.00 lakh are eligible for assistance under this scheme. Women, handicapped persons, ex-service men, Youth entrepreneurs up to 40 years of age, and persons belonging to SC/ST are to be given priority under this scheme. 30 per cent of beneficiaries under this scheme shall be women entrepreneurs.Capital Assistance provided under this scheme shall be limited to Rs.3.00 lakh / unit for General categories and Rs.4.00 lakh / unit for Special categories as follows.

a. Loan from financial institutions: Minimum amount shall be 40 per cent of the total project cost for both General and Special categories.
b. Promoter's contribution: Minimum 30 per cent of the total project cost for general category and 20 per cent for special categories.
c. Margin money grant by Industries department: Maximum 30 per cent of the total project cost for general category. In the case of special categories (SC/ST/Women/Ex-service men/handicapped persons/youth entrepreneurs up to 40 years of age) margin money grant shall be 40 per cent of the total project cost.

An amount of ₹ 1705.00 lakh is provided for these activities in Budget 2026-27.

i) Interest subvention for promoting Nano/household units

The scheme aids Nano Household Enterprises with interest subvention for 3 years. The scheme was in existence up to 31/3/2023, any remaining claims will be met from the current year budget. For this purpose ₹1.00 lakh is set apart as token provision.

An amount of ₹ **1706.00 lakh** is provided for the scheme in Budget 2026-27.

9. Assistance to Skilled Entrepreneurs Development Centres

(Outlay: ₹ 40.00 lakh)

The scheme is aimed to set up skilled entrepreneurs' development industrial co-operative societies in every LSGs in the State. It is proposed to register at least one society in each LSG. The demand for skilled and unskilled workers is high in various sectors, such as civil, mechanical, electrical and plumbing in construction, agriculture, industries etc. The objective of the scheme is to identify the skilled, semi-skilled and unskilled workers, equip them through short term training and providing assistance to purchase tools and equipment; support by giving proportionate working capital in the form of revolving fund and make their service available to public in an early accessible manner so as to ensure employment and wages to the workers. Initial assistance for meeting costs on fixed assets, working capital and training expenses are also included. Societies that availed initial assistance and started operations receive additional working capital assistance in the form of a revolving fund, which helps them sustain operations and meet financial obligations.

An amount of ₹ 40.00 lakh is provided for the scheme in the Budget 2026-27.

10. PM Formalization of Micro Food Processing Enterprises - PMFME (CSS scheme 60:40)

(Outlay: ₹ 1000.00 lakh)

The Ministry of Food processing Industries (MoFPI), GoI in partnership with the State Governments has launched a Centrally Sponsored Scheme PMFME for providing financial, technical and business support for upgradation of existing micro food processing enterprises as part of the Athma Nirbhar Bharath Abhiyan. The objectives of the scheme are: 1. Support for capital investment for upgradation and formalization 2.Capacity building and quality improvement 3.Handholding support for business and financial support services 4.Marketing and capital investment support to Farmer Producer Organizations (FPOs), Self Help Groups (SHGs) and cooperatives.

The scheme seeks to support micro food processing enterprises with credit linked subsidy up to 35 per cent of project cost with ceiling of ₹ 10.00 lakh for expansion and modernization. The scheme includes support on working capital, small tools and grant for strengthening backward and forward linkages, common infrastructure, packaging ,branding and marketing etc. focusing value addition of

local perishable products in identified agro clusters, clusters of fisheries, dairy, poultry and other allied segments.

The scheme was implemented from 2020-21 with expenditure to be shared at 60:40 between GoI and State. As per the PMFME Guidelines, 100 per cent expenditure in the first year 2020-21 will be borne by the Central Govt. The funds under the scheme would be provided based on the approved Project Implementation Plan (PIP) of the of the State.

An amount of ₹ 1000.00 lakh is provided in the Budget 2026-27 as state share for the scheme.

11. Central MSME sector Schemes (Additional State Share)

(Outlay: ₹ 617.00 lakh)

To leverage the advantages of central MSME sector schemes and any other GoI schemes linked with MSME sector, as per scheme guidelines, the state has to provide their share for projects sanctioned. Directorate of Industries and Commerce has been implementing the Raising and Accelerating MSME Performance (RAMP) programme since 2024-25. RAMP Programme, which supports the overall Covid Resilience and Recovery Programme of MoMSME and aims to improve market access, access to credit, strengthening institutions and governance at the Centre and State, improving Centre -State linkages and partnerships, addressing issues in delayed payments, increasing women entrepreneurship and greening of MSMEs. The Ministry of MSME has approved a grant of ₹107.71 crore as part funding, towards the approved proposals in Strategic Investment Plan (SIP) submitted by the state. The activities included in the scheme are as follows:

Sl. No.	Component Name	Amount
1	Study for Strategic Plan preparation on import substitution for potential products (22 products)	617.00
2	Engaging Technical Support Providers/ Accelerators (Marketing/Sectoral etc.) for MSMEs	
3	Integration of MIS portals including O&M, dashboard for RAMP M&E and revamping of portals	
4	Upgrading IT infra in DoI, DICs and Taluk Offices	
5	Engaging marketing agency for promotion of Kerala Brand	
6	Sector specific training of MSMEs	
7	Workshop on export procedures, export opportunities	
	Total	617.00

An amount of ₹ 617.00 lakh is provided for the scheme in the Budget 2026-27.

12. Special Package Scheme for Micro, Small and Medium Enterprises

(Outlay: ₹ 6300.00 lakh)

The package is a combination of various components required for the sustainable development of MSME sector and to address some important issues in the growth of the sector. It includes the following five components which are continuing schemes implemented by the Directorate of Industries and Commerce. An amount of ₹6300.00 lakh is provided for the scheme in the budget 2026-27. About 10 per cent of the beneficiaries are expected to be women. The components of the scheme include:

i. **Assistance for Micro to Small, Small to Medium Scaling up of existing MSMEs**

(Outlay: ₹ 3900.00 lakh)

a) **Mission 1000**: The objective of the scheme is to provide support to upgrade micro enterprises to small enterprises and small enterprises to medium Enterprises towards its scaling up. Any manufacturing / Service Enterprises which intends to scale up and which has been selected under the MSME Scale up Mission can avail this assistance. The assistance under the Scheme shall be for. 1. Preparing detailed project reports for scale up activities. 2. Fixed Capital Investment and 3. Working Capital Loan. The scale up project shall be approved by a District Level Committee. The assistance for fixed capital investment shall be 40% of the fixed capital investment incurred for scaling up of the unit as envisaged in the detailed project report and the maximum assistance eligible during the scale up period shall not exceed Rs.200 lakh. The Working capital assistance shall be limited to 50% of the interest paid towards the working capital loan on reimbursement basis and the maximum assistance eligible during the scale up period shall not exceed Rs. 50 lakh. The expected outcome by scaling up of existing Micro, Small and Medium Enterprises is to establish in Kerala, 1,000 MSMEs with an annual turnover of ₹100 crore each thus creating a combined turnover of Rs 1,00,000 crore. An amount of ₹ 3500.00 lakh is provided for the scheme in the budget 2026-27.

b) **Mission 1,00,000 (NEW)** : This initiative aims to identify, support and upgrade 1,00,000 nano and micro enterprises across Kerala so that each reaches a minimum annual turnover of Rs. 1.00 Crore. Enterprises from manufacturing, service and trade sectors can be considered for scaling up. The assistance under the Scheme shall be for Fixed Capital Investment and Working Capital Loan. The scale up project shall be approved by a District Level Committee. The assistance for fixed capital investment shall be 40% of the fixed capital investment incurred for scaling up of the unit as envisaged in the detailed project report and the maximum assistance eligible during the scale up period shall not exceed Rs.2 lakh. The Working capital assistance shall be limited to

50% (subject to maximum of 1 Lakh) of the interest paid towards the working capital thus the maximum total assistance shall not exceed Rs. 3 lakh. An amount of ₹ 400.00 lakh is provided for the scheme in the budget 2026-27.

ii. Support for setting up of Parks (Private/Co-operative/ Campus/ Pravasi/ Women/Traditional Industrial parks.

(Outlay: ₹ 2000.00 lakh)

Government has formulated guidelines for Private Industrial Estate Scheme and Campus Industrial Park enabling entities to develop industrial estate in the state. The scheme seeks to address the issue of scarcity of industrial land, and also attracting more investment and creating more employment opportunities. The scheme also includes new items such as; Pravasi Industrial Park, Women Industrial Park and Traditional industrial park. These new items will facilitate investment by Expatriates/returnees/NRKs, Women, Traditional entrepreneurs in the industrial growth of Kerala and will help in knowledge transfer, technology adoption, and job creation through diaspora engagement. An amount of ₹ 2000.00 lakh is provided for the scheme in the budget 2026-27.

iii. One Family One Enterprise Scheme (50 percent of the beneficiaries will be women)

(Outlay: ₹ 300.00 lakh)

The scheme seeks to encourage entrepreneurial activity in every household and to promote upcoming entrepreneurs in setting up enterprises by providing interest subvention for loan amount up to Rs.10 lakh (for fixed capital loan and /or working capital loan) of the project cost. All new MSMEs engaged in manufacturing, service and trading activities shall be eligible for interest subvention on the interest charged by the financial institution on approved project for a period of five years from the date of disbursement of the 1st installment of the loan by the financial institution. The subvention will be the difference in the rate of interest charged by the financial institution and 4 per cent. The rate of subvention will be up to a maximum of 6 per cent. The eligible interest subvention approved will be reimbursed to the unit through the bank account on half yearly or yearly basis, as required in the claim submitted by the applicant. The scheme is expected to make MSME sector more sustainable. An amount of ₹ 300.00 lakh is provided for the scheme in the budget 2026-27.

iv. Establishment of Local market infrastructure for MSMEs

(Outlay: ₹ 100.00 lakh)

The objective of the scheme is to support and promote marketing facilities and activities of MSMEs within local geographical limits of a district. The scheme is expected to provide support for marketing activity and empower MSMEs in the state. This scheme has been formulated to support the market for the commodities which are

sold within the local geographical limits. An amount of ₹ 100.00 lakh is provided for the scheme in the budget 2026-27.

13. Directorate of Plantation

(Outlay: ₹ 300.00 lakh)

The Directorate of Plantation was established under the Department of Industries and Commerce, Government of Kerala, to streamline and strengthen the development of the state's plantation sector, which was previously managed by multiple departments. Its focus is on promoting the commercial and industrial potential of plantations, rather than treating them as purely agricultural activities.

The provisions under the scheme are to meet the expenses of various activities to assure a sustainable and economically viable plantation industry through which the interests of planters as well as the labourers are taken care of. The activities include implementation of schemes and incentives for the plantation sector, brand building, marketing and conduct of plantation expo / participation in national & international exhibitions, skill development and capacity building, study, research & development activities related with the sector, human–animal conflict management initiatives, publicity, stakeholder meeting and awareness programmes, it infrastructure development and office modernisation, comprehensive survey and plantation database development

An amount of ₹ 300.00 lakh is provided for the scheme in the Budget 2026-27 for undertaking the activities and performing the functions of the Directorate.

14. Directorate of Plantations- Climate Smart Coffee Park Project-Wayanad

(Outlay: ₹ 100.00 lakh)

The Climate Smart Coffee Park Project in Wayand, being implemented through Kerala Coffee Ltd, seeks to strengthen the income security of smallholder coffee farmers, promote climate-resilient shade-grown Robusta cultivation, and enhance the global recognition of Wayanad Coffee. The scheme objectives include improving productivity and quality across the value chain, creating a Carbon Neutral Village Coffee Park with the processing, training and marketing facilities, supporting intercropping and sustainable farming practices and developing strong institutional mechanisms for farmer empowerment, certification and branding. The overarching aim is to build ecological resilience while ensuring fair prices and better livelihoods for farmers in the region.

An amount of ₹ 100.00 lakh is provided for the scheme in the Budget 2026-27.

15. Local Economic Development and sustainability of Enterprises.

(Outlay: ₹ 3500.00 lakh)

The scheme seeks to promote emergence of new enterprises across the state, ensure the sustainability of started enterprises and promote local economic

development. Activities for the purpose are to be undertaken in association with agencies like LSGD, Co-operative Department, Animal Husbandry, Kudumbasree, Employment Exchange, KSBCDC, Kerala Startup Mission etc., and through the convergence of the activities under various Departments of the Government under the supervision of Department of Industries. The outlay under the scheme is to meet the expenses towards the various components like MSME clinic in districts, strengthening linkage between APJ Abdul Kalam Technological University and industry/enterprises, appraisal desk for grievance redressal committees and support to One Local Body One Product. Access to broadband connectivity to MSMEs, access to cloud technologies for productivity, access to Research Institutes and Universities in Kerala as well as national institutes of repute; and award to best performing LSGIs, are also included under the scheme. Initiatives such as Insurance Scheme for MSMEs, assistance to Business Development Service Providers selected under RAMP scheme; resource persons at Taluk District and Directorate; activities under RAMP scheme can also be taken up under the scheme. About 10 per cent of beneficiaries under the scheme are expected to be women.

It is envisaged to set up Rural Apparel Park and Rural Area Based Electronic Assembling Parks/Units in collaboration with local self-government institutions for creating more employment opportunities and enhancing value addition in the rural areas of the state. This will open up opportunities for educated and skilled workers, invigorate the rural economy and foster local economic development. Out of the total outlay, an amount of ₹.1000.00 lakh each is provided for these two parks.

The components proposed under the scheme are as follows:

Sl No.	Components	Amount
1	Resource Persons at Taluk, Districts and Directorate	1150.48
2	Remuneration to BDSPs and Recruitment expenses	
3	MSME clinic in Districts	
4	General Orientation Training in LSGIs and other Miscellaneous Activities	
5	Award to Best LSGIs and District	
6	District Level Exhibition to enable sustainability and promotion of enterprises	
7	MSME Insurance	
8	One Local Body One Product Support	
9	Digital Transformation and support to MSMEs (Alternative Investment Fund) **(NEW)**	300.00

Sl No.	Components	Amount
10	Entrepreneurship Assistance for Senior Empowerment (EASE) **(NEW)**	24.76
11	Innovative Student Program for Incubation, Research & Entrepreneurship (INSPIRE) **(NEW)**	24.76
12	Rural Apparel Park **(NEW)**	1000.00
13	Rural area based Electronic Assembling Parks/ Units **(NEW)**	1000.00
	Total	**3500.00**

An amount of ₹ 3500.00 lakh is provided for the scheme in the Budget 2026-27.

16. Revival, Rejuvenation and Resurrection of the Private Cashew Industry Sector

(Outlay: ₹ 200.00 lakh)

This scheme intends to uplift and encourage the private cashew industry sector in Kerala by giving subsidies to loans and also by implementing incentive schemes to employ cashew workers. This scheme would ensure minimum working days and wages to the cashew workers and create a healthy and women-friendly working environment. Assistance to cashew industries for revival, rejuvenation and resurrection are in the form of -

i) Continued Operation Linked Stimulus Programme - The benefit is given to eligible entrepreneurs/processors in the cashew sector for a period of 2 to 3 years based on the total number of workers, number of working days and employment generated.

ii) Women-friendly physical infrastructure creation/ upgradation - Provide capital grants for the creation/ upgradation of physical infrastructure in the processing units to make it women-friendly.

iii) Modernization/ Upgradation of Shelling Unit - To support the modernization of shelling sections in the processing units. A capital grant is given on the capital cost required for the tools, plant and machinery based on revival plans for protecting employment.

An amount of ₹ 200.00 lakh is provided for the scheme in the Budget 2026-27.

17. Directorate of Plantations- Construction of new accommodation/ renovation of existing labour housing in Plantations (NEW SCHEME)

(Outlay: ₹ 500.00 lakh)

The condition of labour layams in Kerala plantations demands urgent attention. It is crucial to ensure the dignity, health, and well-being of plantation workers. This scheme will provide assistance to plantation employers who carry out the construction

or renovation of labour layams in the respective registered estate. The assistance shall be in the form of subsidy towards the actual expenses incurred by the employer for construction of new accommodation facilities or for the renovation of the existing labour housing in plantations. The activities proposed for renovation under the scheme are a) roof changing b) floor works c) re-electrification d) wall plastering e) addition of extra room f) sanitation & waste management g) potable water supply etc. For new construction of labour line, the assistance shall be extended proportionate to the actual expenses incurred by the employer for construction of each individual labour line unit, as per guidelines.

An amount of ₹ 500.00 lakh is provided for the scheme in the Budget 2026-27.

18. Investment Promotion (New Scheme)

(Outlay: ₹ 136.00 lakh)

The objective of the scheme is to facilitate setting up enterprises in the potential sectors with substantial investment and thereby creating more employment opportunities. Activities include setting up of Taluk Facilitation Center, District Facilitation Center and State Facilitation center. A state investment facilitation cell shall function at the Directorate of Industries and Commerce to coordinate the investment promotion activities. The facilitation centres are established with the view of facilitating new and existing investors, to further streamline investment processes and provide localized support to businesses.

An amount of ₹ 136.00 lakh is provided for the scheme in the Budget 2026-27.

II. COMMERCE

1. Development of Commerce

(Outlay: ₹ 600.00 lakh)

The Industries and Commerce Department aims to boost economic activity and employment by developing the commercial sector and to enhance government tax revenues. Key activities under the scheme include:

- Conducting studies on MSME development, market potential, export competitiveness, and infrastructure bottlenecks.
- Formulating long-term policy for sustainable commercial growth.
- Facilitating market access through sector-specific events, national/international trade fairs, and exhibitions.
- Supporting MSMEs in product commercialization, e-commerce, export certifications, and participation in B2B meets and delegations.
- Organizing exposure visits for officials.
- Promoting the Commerce Mission to help MSMEs, start-ups, and traditional industries with marketing, branding, and sourcing quality inputs at fair prices.

The components proposed under the scheme are as follows:

Sl No.	Components	Amount
1	Cost of conducting study on retail sector, participating in promoting registration of MSMEs in GeM portal, Onam pageantry, allotment to the Vendor's Meet and to the Expos in connection with the major local festivals, exhibition by ED Club Students etc.	600.00
2.	Machinery Exhibition	
3	Kerala Agro Food Pro	
4	Participation of national International Events	
5	Commerce Mission through K-BIP	
6	Kerala MSME Expo	
7	Kerala Crafts Mela	
	Total	**600.00**

An amount of ₹ 600.00 lakh is provided in the Budget 2026-27 for the implementation of the scheme.

III. HANDICRAFTS

The Handicrafts sector envisages preserving and sustaining the craft and skills of artisans to enable them to remain an integral part of the States cultural fabric. The industry, which is widely dispersed in the State, utilizes the traditional skills of artisans handed over from one generation to other. There are 32 different crafts in Kerala of which ivory carving, wood and horn carving, bell metal casting, hand embroidery, coconut shell carving etc are the important commercial items. The schemes included in the Budget 2026-27 intend to eliminate middlemen, improve the skill and productivity of artisans, increase market opportunities and strengthen co-operatives in this sector. An amount of ₹ 434.00 lakh is earmarked for the Handicraft sector in Budget 2026-27.

A. Development of Handicrafts Sector

1. Assistance to Apex Organizations in Handicrafts Sector

(Outlay: ₹ 50.00 lakh)

An amount of ₹ 50.00 lakh is provided for the scheme in the budget 2026-27 for extending capital assistance for technology upgradation, process improvement of CFSC's upgradation activities of SURABHI, HDCK, KELPAM and KADCO.

2. Establishment of Common Facility Service Centres for Handicrafts

(Outlay: ₹ 50.00 lakh)

The handicraft sector is under stress since they lack facilities to learn and impart new technologies in the sector. To enhance productivity and to compete in the market the sector requires common facilities. The establishment of Common Facility Service Centres for Handicraft products in selected crafts/areas is essential for giving training in handicrafts, setting up quality testing facilities, and facilities like machine-based job works, dyeing, polishing and printing works. The outlay is intended to be used for development and promotion of new designs; and the establishment and modernization of CFSCs of SURABHI, KADCO, HDCK and KELPALM

An amount of ₹ 50.00 lakh is provided in the Budget 2026-27 for the implementation of the scheme

3. Assistance Scheme for Handicrafts Artisans (ASHA)

(Outlay: ₹ 30.00 lakh)

The Scheme intends to provide extensive support to artisans in the handicrafts sector for setting up handicrafts-based micro enterprises through one time grant to such artisans with due regard to special categories including women entrepreneurs for bank linked projects. 30 per cent of the allotment is earmarked for women artisans.

An amount of ₹ 30.00 lakh is provided in the Budget 2026-27 for the implementation of the scheme.

4. Rejuvenating Industrial Co-operative Society support scheme

(Outlay: ₹ 50.00 lakh)

Industrial Co-operative societies are next to agricultural credit societies in Co-operative movement in terms of number, employment and income generation. It is imperative to give support to those societies which are struggling for revival or existence. Rejuvenation is assisted through grant-in-aid to industrial co-operative societies / District Mini Industrial Estate Co-operative Societies to improve their existing business or for expansion/ modernization/ diversification of business, maintenance / construction of work shed and other essential infrastructure, support for acquisition of industrial land, and working capital assistance based on approved project report. Women Industrial Co-operative Societies registered since 2023-24 are also included under the scheme. A detailed study for obtaining a Geographical Indication (GI) under the brand "Kerala Cashew" will be undertaken. An amount of ₹50.00 lakh is provided in the Budget 2026-27 for the implementation of the scheme.

B. Development of Bamboo related Industries

5. Development of Bamboo related Industries

(Outlay: ₹ 150.00 lakh)

The activities under the scheme are to be taken up under the guidance of State Bamboo Mission involving various Departments and agencies such as KSBC,

SURABHI, KADCO, HDCK etc. The activities proposed under the scheme are conducting skill up gradation training programmes for artisans and craftsmen in making diversified and value added products of bamboo and for increasing the sales of bamboo products through K-BIP and providing incentives to Bamboo Workers. The following activities are proposed under the scheme:

- Conducting skill upgradation training programmes for artisans and craftsmen in making diversified and value added products of bamboo and for increasing the sales of bamboo products.
- Promotional activities in Bamboo sector including participation in national/international events.
- Setting up of Treatment plants and Distribution Centres.
- Setting up CFCs involving groups of trained artisans and supplying tools and equipment.
- Organize "Kerala Bamboo Fest" with international participation.
- Handholding Bamboo Innovation Centre.
- Incentives to Bamboo workers.
- Providing revolving fund for artisans and weavers.

An amount of ₹ 150.00 lakh is provided for this scheme in the Budget 2026-27 for upliftment of the bamboo industry and its artisans.

6. Bamboo propagation and promotion (Matching State share - National Bamboo Mission)

(Outlay: ₹ 80.00 lakh)

The objective of the central scheme is to increase the area under bamboo plantation in non-forest and private lands to supplement farm income and provide quality raw materials to the industry. It also covers activities like product development, value addition focusing rejuvenation of the bamboo industry, gap assessments, training module based on the need assessment, quality enhancement and product improvement through engineering inputs, promote Bamboo based entrepreneurship, providing necessary support services to create market demand, identify and bridge the critical gaps in the sector, Bamboo propagation, and maintaining information system (database) of Bamboo sector. Such an intervention-based approach is expected to create income generation opportunities at various levels especially among women, improving the living standards of the artisans/craftsmen thereby contributing to the overall growth of sector.

An amount of ₹ 80.00 lakh is provided in the Budget 2026-27 as matching State share for the propagation and promotion of Bamboo under the central scheme, National Bamboo Mission.

7. Gold Appraiser Training for Traditional Goldsmiths (New Scheme)

(Outlay: ₹ 24.00 lakh)

The scheme aims at the livelihood upgradation of traditional goldsmiths through upskilling and certification. Thousands of traditional goldsmiths are currently unemployed and struggling to make ends meet. To eliminate such difficulties, KADCO provides certified training in gold appraisal specifically for traditional goldsmiths. The certificate is useful in getting jobs in Banks, Financial Institutions and Jewelries etc.

An amount of ₹ 24.00 lakh is provided for this scheme in the Budget 2026-27

IV.HANDLOOM AND POWERLOOM INDUSTRIES

Handloom is one of the important traditional industries of Kerala. The Directorate of Handloom and Textiles has the responsibility to protect and promote the handloom and textile industry in the State. The Directorate supports the sector in areas like infrastructure, modernisation, technology up-gradation, marketing, human resource development, conservation and preservation of traditional skills, products, finance, welfare programmes, and price support to equip the industry to compete in global market.

The State Government has been making interventions like infrastructure support, input support, marketing assistance, welfare/training initiatives, re-capitalization of the primary/apex societies, revival of the mills & co-operative societies, and capacity development measures to develop a strong handloom sector in the State. The State Government is also rejuvenating the industry through "School Uniform Project" which promises the weavers, decent wages and consistent employment.

In the budget 2026-27, an amount of ₹ 5,900.00 lakh is provided under handloom and power loom sector with due focus on Gender Budgeting.

1. Capital support schemes

An amount of ₹ 530.00 lakh is provided in the budget 2026-27, for Government share participation to handloom co-operative societies, HANTEX and HANVEEV with the objective of strengthening their capital base in the form of margin money and making them eligible for more cash credit facilities from financial institutions.

a) Government Share Participation in PHWCS

(Outlay: ₹ 80.00 lakh)

The scheme is meant for enhancing the Net Disposable Resources position of the Primary Handloom Weavers Co-operative Societies (PHWCS) for creating assets. At present the share participation by Government is provided in cottage type/factory type/SC/ST societies @ 2, 3 & 5 times of the share taken by members respectively.

The maximum amount of share participation is ₹ 10.00 lakh per society based on specific expansion/ modernisation/ revival project proposals. It is proposed to assist at least 20 PHWCS in the financial year 2026-27 and 10 per cent of the fund will be utilised for handloom societies formed by women weavers. An amount of ₹ 80.00 lakh is provided in the budget 2026-27.

b) Share participation to HANTEX and HANVEEV

(Outlay: ₹ 450.00 lakh)

The scheme aims at Government share participation in Hantex and Hanveev for strengthening their capital base and making them eligible for more cash credit facilities from financial institutions. The outlay provided shall be utilized for activities like e-governance, modernization, computerization, design development, diversification of products and renovation of showrooms based on feasible/viable project proposals.

An amount of ₹ 250.00 lakh is provided in the budget 2026-27 for share Participation to Kerala State Handloom Weavers Co-operative Society Ltd (HANTEX.

An amount of ₹ 200.00 lakh is provided in the budget 2026-27 for share Participation to Kerala State Handloom Development Corporation Limited (HANVEEV).

2. Promotion and Development Schemes

A total amount of ₹ 795.00 lakh is allocated for promotion and development activities like subsidies on quality raw materials, margin money loan for quality raw materials, self-employment programmes, weavers/allied workers motivation programme, and establishment of handloom village and integrated handloom village.

a) Providing subsidy on Quality Raw Material for Weavers

(Outlay: ₹ 75.00 lakh)

This scheme seeks to ensure timely supply of quality raw materials at reasonable cost to weavers through Hantex, Hanveev and other cooperative yarn bank. It includes –

i. Hank Yarn Subsidy

The subsidy will be available to the yarn actually purchased and distributed at subsidized rate to co-operative societies/weavers. Yarn bank can purchase yarn from spinning mills/National Handloom Development Corporation. All counts of yarn sold by yarn banks will be eligible for subsidy. Hank yarn subsidy (through DBTS) will be provided to weavers through Directorate of Handloom & Textiles. The Hank yarn subsidy shall be given at a rate notified by Government from time to time comparing the Mill Gate Price

Scheme. It also includes One-time assistance for yarn banks to procure yarn including during off season.

ii. Dyes and Chemicals Subsidy

Subsidy is allowed for dyes and chemicals procured by yarn banks and distributed to handloom cooperative societies/weavers. Price subsidy (through DBTS) will be provided to weavers through Directorate of Handloom & Textiles on the price fixed by Government for purchase of dyes and chemicals.

An amount of ₹ 75.00 lakh is provided for these components in the budget 2026-27.

b) Providing Margin Money Loan for Quality Raw Materials for weavers

(Outlay: ₹ 100.00 lakh)

This component intends to provide margin money loan through yarn bank to weavers for procuring quality raw materials, in order to ensure timely availability of quality raw materials at reasonable price. As per the scheme, margin money loan shall be given to yarn banks to procure and distribute yarn to weavers in the form of a revolving fund. The Margin money loan will be provided to NHDC approved 8 cooperative yarn banks including Hantex, and Hanveev, by assessing their performance. An amount of ₹ 100.00 lakh is provided in the budget 2026-27.

All the above activities under section a) & b), shall be undertaken comparing input-output linked value process chain, ensuring and comparing i) value addition of products, ii) employment generation and iii) total sales turnover of respective institutions & sector as a whole. Administrative Department shall ensure that there is no duplication of assistance in the value chain while disbursing incentives/subsidies.

c) Self-Employment Scheme under Handloom Sector

(Outlay: ₹ 60.00 lakh)

Self-employment Generation scheme is to promote entrepreneurship and employment in handloom sector especially among the youth, by creating an environment to young potential weavers to ensure successful sustainability in the handloom sector as full time weavers. The main channel is the 'Yuva Weave Scheme'. The Yuva Weave Scheme aims to make 100 youth from the age of 18-40 to become weavers. The scheme also seeks to ensure the retention of young weavers in the textile sector at least for 5 years. The scheme is to be implemented based on the approved guidelines through Kudumbasree Mission in co-ordination with the respective District Industries Centres. An amount of ₹ 60.00 lakh is provided in the budget 2026-27 for the scheme. About 50 per cent of the beneficiaries are expected to be women.

d) Weavers/Allied Workers Motivation Programme

(Outlay: ₹ 450.00 lakh)

The objective of the programme is to motivate weavers/allied workers to improve productivity by providing attractive incentives for additional work based on

scientific work assessment, annual sales turnover and approved guidelines. All incentives shall be disbursed considering and comparing input–output linked value process chain, ensuring i) value addition of the products ii) employment generated and iii) comparing total sales turnover of the institution & sector as a whole.

In 2026-27, the scheme aims to motivate weavers/allied workers to improve productivity through attractive incentives for additional work based on scientific work assessment, annual sales turnover and approved guidelines. The target is to provide assistance to those eligible from the 17,000 weavers/allied workers. Out of which approximately 70 per cent (11900) shall be women. Benefits shall also be extended to individual allied workers/handloom consortiums engaged in street warping process. Administrative Department shall ensure that there is no duplication of assistance in the value chain while disbursing incentives/subsidies. An amount of ₹ 450.00 lakh is provided for the above activities in the budget 2026-27.

e) Establishment of Handloom Village and Integrated Handloom Village

(Outlay: ₹ 110.00 lakh)

The programme intends to showcase the rich craftsmanship, evolution of the industry in the region where weavers are concentrated and the total overview of the processing activities. The project involves to setup a common facility centre/centralized centre in handloom village at Chendamangalam, Ernakulam district comprising facilities like dyeing and other common activities. The Government of India and other funds may be explored. Funds will be disbursed based on a detailed project proposal. An amount of ₹ 110.00 lakh is provided in the budget 2026-27 for the scheme.

3. Incentive and welfare schemes

An amount of ₹ 130.00 lakh is provided in the budget 2026-27, for implementing the following incentive and welfare schemes.

a) Contributory Thrift Fund

(Outlay: ₹ 100.00 lakh)

The scheme is intended to provide assistance to the weavers and their family members for meeting the expenses on marriage and children's education. The scheme will cover those eligible from 17,000 weaver beneficiaries coming under the Welfare Board of which about 70 per cent (11,900) are women. As per the scheme, minimum 8 per cent of wages is recovered from weaver and equal contribution is provided by Government. The Administrative Department shall ensure that there is no duplication of assistance to the beneficiaries under other similar schemes of Government of India/State Government. The scheme is implemented through the Directorate of Handloom & Textiles. An amount of ₹ 100.00 lakh is provided for the scheme in the budget 2026-27.

b) Insurance Schemes for Handloom Weavers

(Outlay: ₹ 10.00 lakh)

Weavers can ideally be provided insurance cover for i) Life (natural death and accidental death) and ii) Disability (total and partial). Mahatma Gandhi Bunkar Bima Yojana was the conventional scheme for the purpose.

Government of India now has multiple schemes to address the issue. As per the new guidelines, insurance coverage is provided under three schemes namely the Converged Mahatma Gandhi Bunkar Bima Yojana (MGBBY), Pradhan Mantri Jeevan Jyothi Bima Yojna (PMJJBY) and the Pradhan Mantri Suraksha Bima Yojana (PMSBY).

Depending on the scheme, there are mainly two components of the premium to be paid i) GoI share and ii) beneficiary share/weavers contribution. Under the Pradhan Mantri Suraksha Bima Yojana (PMSBY), the entire premium amount is currently borne by GoI. For the Converged Mahatma Gandhi Bunkar Bima Yojana (MGBBY) and Pradhan Mantri Jeevan Jyothi Bima Yojna (PMJJBY), the weaver's contribution (of about ₹ 180 per head and ₹ 238 per head, respectively) is to be met as a matching fund by the State Government. The annual premium amount for both schemes is as given below.

Agency	Converged MGBBY	PMJJBY
GoI Share	Rs 290/-	Rs 198/-
State Government / Beneficiary's share	Rs 180/-	Rs 238/-
Total	Rs 470/-	Rs 436/-

The Administrative Department shall ensure that there is no duplication of assistance to the beneficiaries of other similar schemes of the Government of India/State Government. The scheme is implemented through the Directorate of Handloom & Textiles. The scheme will cover around 10,000 weavers in 2026-27. An amount of ₹ 10.00 lakh is provided in the budget 2026-27 for the above insurance programmes. The directorate may ensure that all the active weavers are brought under the scheme by following transparent procedures. In this scheme 70 per cent of the beneficiaries will be women.

c) Health programme for handloom weavers and allied workers

(Outlay: ₹ 20.00 lakh)

The weavers/allied workers engaged in the handloom industry are prone to many occupational hazards. Many of them are aged above 45 years and are faced with acute vision and pulmonary ailments. Hence, in order to ensure their physical well-being, medical camps shall have to be convened twice a year in circles of districts to address their ailments, including ophthalmic requirements. Spectacle allowance at ₹ 2000 /- will be considered for beneficiaries, subject to eligibility. The scheme will be

implemented based on an approved guideline. An amount of ₹ 20.00 lakh is provided for the purpose in Budget 2026-27.

4. Production, Marketing & Training Schemes

An amount of ₹ 1140.00 lakh is provided in the budget 2026-27, for implementing the following production, marketing and training schemes.

a) Marketing and Export Promotion Scheme

(Outlay: ₹ 340.00 lakh)

This component aims to promote and develop market for the handloom products by providing following assistance to the handloom co-operative societies, Hantex and Hanveev. Incentives/assistance shall be based on input-output linked process chain, ensuring value addition, employment generation and total sales turnover of the institution and the sector as a whole.

Activities include; export incentive based @20 per cent of the export turnover of respective institutions, assistance to participate in handloom exhibitions/fairs, business to business meets, district level and regional handloom expos during festival periods, organizing design conclave, conducting buyers-sellers meets and to meet matching funds (if any) for the expos organized by Government of India, assistance for standardization of handloom products, branding of showrooms and products identified by reputed agencies like NIFT, IIM etc., awards at State/district level to the best weaver and best performing PHWCS through benchmarking and acknowledging the performance, propagation of the use of handloom clothes inside and outside the nation through print, social media, visual and broadcasting media and other promotional programmes. It also includes assistance to Hantex, Hanveev, and PHWCS to participate in national and international festivals/exhibitions and promotion/upliftment of the design studio and Kerala Tourism packages at Balaramapuram, Chendamangalam, Kuthampully, Kannur, and Kasargode. Assistance to online and digital marketing and grant assistance to PHWCS and individual weavers under Hanveev to get them registered under 'Handloom Mark Scheme' and Kerala Brand are also included in the scheme. KBIP and IIHT may also be involved for implementing the scheme.

Registration of the Handloom Mark as an official trademark is being implemented in collaboration with IIHT to ensure quality standards in the manufacture of handloom products and improve the marketability of the products. Establishment and implementation of the 'Kerala Handloom Mark' "K" brand shall be met from this scheme.

As part of design-centric initiatives, the National Institute of Fashion Technology (NIFT), Kannur, will establish a design studio in Kochi to bridge the gap between design concepts and market realities to ensure the handloom products are

aligned with contemporary fashion trends. This aims to create a synergy between traditional craftsmanship and modern aesthetics. The specialized training programs to upgrade the skills of artisans in association with NID and NIFT shall be met from this scheme. Imparting knowledge of new techniques, technologies, and market trends, the IIHT will empower the master weavers to produce high-quality products. 50 master weavers come under the master trainers and will be liaisons with weaver clusters. Expenses towards the training and other processes will be met under this scheme.

An amount of ₹ 340.00 lakh is provided in Budget 2026-27 for the scheme. Budget outlay for the scheme can also be used to meet state share under the National Handloom Development Programme (Central Sector Scheme) to have larger coverage and ensure maximum returns on expenditure.

b) Modernisation of Handloom Societies and Promotion of value added products (Outlay: ₹ 400.00 lakh)

The objective of the programme is to provide quality products at competitive costs to improve the business in the sector ensuring sustainability and minimum wages to the handloom workers. The main aim of the scheme is modernization of the handloom sector, which includes loom repair, technology upgrades, revitalization, and revamping of work sheds. This can be achieved through modernisation activities in handloom sector focusing (1) pre-loom processing (2) Spinning (3) Weaving (4) Dyeing and printing (5) Value added products (6) basic infrastructure (7) Revamping of work sheds and common facility centres. The activities planned to be implemented are technology upgrades in pre-loom activities, spinning, and weaving and value addition, including basic infrastructure facilities covering women-friendly workplaces. The ultimate intension is to change the industry completely without affecting the traditional culture and basic principle. The activities provided through this scheme shall be based on detailed and comprehensive project proposals with clear objectives and monitorable targets. An amount of ₹ 400.00 lakh is provided for the scheme in the budget 2026-27. Details are as provided below –

Sl. No.	Component Name	Amount (₹ in lakh)
1	Assistance for pre-loom facilities,ie; replacement of loom accessories like steel, reeds, shuttles etc. to societies, which aims to help around 1000 weavers and 50 per cent of the beneficiaries will be women	400.00
2	Technology up gradation and transfer of new technologies for increasing productivity of looms, quality of weaving and allied processes through approved research institutions	

Sl. No.	Component Name	Amount (₹ in lakh)
3	Revitalization and standardisation of factory type societies	
4	Construction or revamping of work sheds of PHWCS/HANTEX/HANVEEV/Industrial cooperative societies and common facilities like dye houses	
5	Revamping of work sheds of handloom weavers under HANVEEV/HANTEX/Welfare Board members with audited accounts, minimum scale of production and sales turnover during previous years	
6	Renovation/Repair of Dye house	
7	'Loom a House' is a scheme that intends to promote weaving in houses where at least one family member has a 5-year experience certificate from a competent agency but is unable to procure a loom will be provided 75 per cent of the cost of the loom, up to a maximum of ₹ 40,000, as a grant by the government.	
8	Construction of restrooms, toilets and other common facilities for women weavers	
	Total	**400.00**

Budget outlay for the scheme can also be used to meet state share under the National Handloom Development Programme (Central Sector Scheme) to have larger coverage and ensure maximum returns on expenditure.

c) Training and Skill Development Programme

(Outlay: ₹ 320.00 lakh)

The scheme seeks to provide training and skill development to stakeholders across the value chain in handloom and power loom sectors. It includes developing skills in pre-processing/spinning/weaving, improving productivity and achieving capacity to use advance technology covering all activities in the value chain. Initiatives like e-governance, R&D support, studies are also covered under the scheme.

i. Conducting evaluation/impact studies, orientation training to departmental personnel, training for the staff and workers in PHWCS, Hantex, Hanveev and power loom societies for developing their weaving skills, improving productivity and enhancing their capacity to use advance technology covering all activities in the value chain, preparation of project proposals, conducting

seminars and workshops in association with textile committee. An amount of ₹ 40.00 lakh is provided for this purpose.

ii. Total e-governance solutions ERP: Business management software to facilitate error free transactions and production to improve the overall efficiency of the sector which allows a system of integrated applications to manage the business and automate management functions in technology, services, human resources etc. The ERP solutions shall align with the Digital Kerala architecture of IT Department. It also includes development of related web/mobile/system applications and activities related to 'Handloom Jalakam' for collecting/updating data on societies, weavers and product mapping. Modification and updation of mobile application (HANDLOOM JALAKAM) is also part of the scheme. The project is aimed to develop a mobile application for Handloom and Textile Directorate, Kerala to create an effective platform to collect and update information regarding handloom and power loom societies and individual production units, MIS reporting and GIS mapping and other relevant activities throughout the state. It includes installation, up gradation and maintenance of necessary hardware and software infrastructure including the maintenance, replacement, up gradation and AMC of the IT equipment's of Directorate. KBIP may also be involved for implementing the scheme. An amount of ₹ 40.00 lakh is provided for this purpose.

iii. Engaging professional designers through IIHT, NIFT etc. to develop new designs and familiarize weavers. It intends to provide the service of at least one designer in each potential location to assist the weavers. An amount of ₹ 45.00 lakh is provided for this purpose.

iv. Grant to Indian Institute of Handloom Technology, Kannur. It includes assistance for conducting intensive training to weavers and allied workers in the sector covering the value chain with focused training modules. An amount of ₹ 145.00 lakh is provided for this purpose. In this component 75 per cent of the beneficiaries will be women.

v. Stipend will be provided to 3-year textile technology students from Kerala studying at IIHT Venkatagiri (Andhra Pradesh), Gadgag (Karnataka), Salem (Tamil Nadu), and Kannur (Kerala). It is expected to benefit about 135 students. An amount of ₹ 20.00 lakh is provided for this purpose.

vi. Research and development: In this component, provide assistance for making improvements in technology, processes, and products throughout the value chain involving pre-loom processing, spinning, weaving, dyeing and printing, garment making, production of value-added products etc; and also for the market research. It may be undertaken in collaboration with reputed national and international institutions. Research and development on loom modification

by IIT Madras and research and development to ensure the quality of handloom products by Digital University will come under the component. An amount of ₹ 30.00 lakh is provided for the purpose.

A total amount of ₹ 320.00 lakh is provided in the budget 2026-27 in this scheme for the above activities.

d) National Handloom Development Programme (NHDP)

(Outlay: ₹ 80.00 lakh)

National Handloom Development Programme (NHDP) is a central sector plan scheme for the integrated and holistic development of handlooms and welfare of handloom weavers in the country. It includes key components like –

i. Cluster Development Programme (CDP) (earlier known as Block Level cluster)
ii. Handloom Marketing Assistance with special emphasis on uncovered & talented weavers.
iii. Infrastructure & Special Projects including Indian Institutes of Handloom Technology (IIHT) - related projects including setting up of Marketing Complex/Souvenir Shop.
iv. Mega Handloom Cluster [earlier known as Comprehensive Handloom Cluster Development Scheme (CHCDS)]
v. Concessional Credit/Weavers' MUDRA Loan
vi. Handloom Weavers' Welfare {earlier known as Handloom Weavers Comprehensive Welfare Scheme (HWCWS)}
vii. Miscellaneous Components (including Research & Development projects, Handloom Census, Publicity, Advertisement, Monitoring, Training & Evaluation of Scheme, Education of weavers/their wards through National Institutes of Open Schooling (NIOS)/IGNOU, Project Monitoring Cell, Handloom Helpline Centre, Earlier committed liabilities of NHDP, HWCWS, CHCDS, NERTPS etc.

Depending on the component and activity, funding is shared between Government of India/agencies, State Departments/Implementing agencies and beneficiaries. An amount of ₹ 80.00 lakh is provided as matching state share, in 2026-27 to implement projects/activities under NHDP as per guidelines. Allocation for other standalone schemes under Handloom can also be pooled for implementation, to expand coverage and ensure maximum benefits from expenditure.

5. Setting up of Textile processing centre at Nadukani

(Outlay: ₹ 10.00 lakh)

In Kerala, the demand for dye/digital printing is always high, which is mainly required by the PHWCS's, integrated power loom societies, spinning mills, handloom

apex organizations. Currently, the handloom and textiles sector in Kerala has to depend on other states to meet its requirement for dyeing and digital printing. Hence it is envisaged to set up a dyeing and ecofriendly printing unit at KINFRA Textile Centre, Nadukani, Kannur. An amount of ₹ 10.00 lakh is provided in the budget 2026-27 for undertaking capital investment activities.

6. Kaithari Gramam/Handloom Village at Kanjirode

(Outlay: ₹ 10.00 lakh)

The scheme proposes to establish a comprehensive handloom village at the area provided by Kanjirode Weaver's Society in Kannur. This village will have provision for production, display and sale of Handloom products from different states of India, thus turning it into a prominent tourist destination. The scheme seeks to benefit from the synergy of various handloom products and weavers who will interact with the tourists visiting at the destination. It will also benefit the existing weavers in the state who can learn and be trained in developing new handloom products. An amount of ₹ 10.00 lakh is provided in Budget 2026-27 for the scheme.

7. Product Development assistance for Premium products

(Outlay: ₹ 400.00 lakh)

The expert committee of Handloom Sector recommended supporting the well performing societies, for the production of premium products. Presently the exorbitant hike in yarn prices has resulted in low purchase and low production in PHWCS. Moreover the value of products cannot be stabilized due to fluctuating prices of yarn. Hence, it is necessary to ensure continuous production of premium products. The Government is also supporting the branding of handloom products, which require good quality yarn and dye for production. In addition four design studios are being established in the state. As part of it, design studios will be implemented at Kochi and Thiruvananthapuram; further in the future, it will be replicated in other cities also. The project implementation cost of design studios will be met from this scheme. The State is also establishing clusters with support from NHDP. These projects require good quality yarn.

The scheme seeks to ensure good quality yarn to 380 PHWCS and NHDP clusters by assuring the availability of quality yarn to weavers through the 8 yarn bank societies including Hantex and Hanveev to ensure continuous production of premium products. This is a subsidy scheme in which societies get cost free one time assistance; subsequently they will get yarn in subsidized rate from the 8 Yarn Banks. Ultimately in this scheme, assistance will be provided for the direct purchase of yarn.

An amount of ₹ 400.00 lakh is provided in Budget 2026-27 for the scheme.

8. HANTEX revitalisation package

(Outlay: ₹ 2000.00 lakh)

The handloom industry had been facing difficulties as a result of unexpected floods, and the COVID-19 pandemic, and the industry has not been able to fully recover its business. Due to the various issues such as the huge increase in the price of cotton yarn, lack of availability of yarn, and huge arrears (to primary handloom societies and to the employees/retired employees), the business of HANTEX is adversely affected. Since HANTEX plays a key role in the value chain in Handloom industry, it is essential to reinvigorate the agency to ensure uninterrupted functioning of handloom industry. The HANTEX revitalization package is a comprehensive package designed to support the growth of the handloom industry by reinvigorating HANTEX. There are two main components in the package: a) Settlement of urgent liabilities, and b) support for continued operations of HANTEX.

Settlement of urgent liabilities will provide financial space to the agency and support for continued operations will ensure revenue flow. HANTEX will also restructure the present production and procurement method with the target of becoming a self-sufficient institution in the next two years.

Items	Amount (in lakh)
(A) Liability Settlement	
1. Settlement of dues to the Primary Societies	1000.00
2. Settlement of dues to Retired employees	500.00
3. Employee provident fund dues	300.00
TOTAL(A)	**1800.00**
(B) Support for continuing operations	
1. Assistance for renovation of Showrooms	60.00
2. Assistance for Computarisation & Digital Transformation	40.00
3. Assistance for Handloom Design Studio	50.00
4. Assistance for Office Upgradation and Training	50.00
TOTAL(B)	**200.00**
Total Project Cost	**2000.00**

An amount of ₹ 2000.00 lakh is provided in the Budget 2026-27 for the revitalization package of HANTEX.

9. Development of Power looms

An amount of ₹ 55.00 lakh is provided in the budget 2026-27, towards revitalization of powerloom sector.

a) Share Participation to Power loom Co-operative Societies

(Outlay: ₹ 15.00 lakh)

This programme is meant for providing Government share capital for modernization/technical up gradation/diversification/renovation of the Power loom co-operative societies and production of value added products based on comprehensive revival plan on financial tie up with financial institutions. The Government pays twice as much as the share capital raised from the members.

An amount of ₹ 15.00 lakh is provided in the budget 2026-27 to assist 4 powerloom co-operative societies excluding societies under TEXFED.

b) Revitalisation of Power loom Co-operatives Societies

(Outlay: ₹ 40.00 lakh)

This scheme intends to support comprehensive one time revival of power loom co-operative societies covering infrastructure, technology up gradation and product diversification including value added products and working capital assistance. An amount of ₹ 40.00 lakh is provided in the budget 2026-27.

10. Modernisation of Powerlooms & Spinning mills under TEXFED

An amount of ₹ 730.00 lakh is provided under this scheme for modernization of integrated power loom societies under TEXFED; and comprehensive revival of co-operative spinning mills under TEXFED in 2026-27

a) Modernisation of integrated power loom Co-op societies under TEXFED

(Outlay: ₹ 30.00 lakh)

The scheme is intended for the assistance to Integrated Powerloom Societies (Kottayam, Wayanad, Calicut and Neyattinkkara) in the state under TEXFED for modernisation, maintenance, purchase of raw material, procuring loom accessories for production of value added products based on concrete viable project proposals. An amount of ₹ 30.00 lakh is provided for the above activities in Budget 2026-27.

Sl no	Name of Power loom	Amount (in Lakh)
1	Neyyattinkarra Taluk Integrated Power loom Village Industrial Cooperative Soviety	7.00
2	Kottayam Integrated Powerloom Co-operative Society	6.00
3	Calicut Integrated Power loom Co-operative Society	7.00
4	Wayanad Hand loom Power loom Cooperative Society	10.00
TOTAL		**30.00**

b) Revitalisation of co-operative spinning mills under TEXFED

(Outlay: ₹ 700.00 lakh)

The scheme intends to make the mills break even through the modernisation projects taken up with state Fixed Capital assistance. It also includes provision for one time assistance to meet working capital requirements (including the one-time assistance for purchase of raw materials) and maintenance of spinning mills under TEXFED. The 8 spinning mills include Alappuzha co-operative spinning mill, Thrissur co-operative spinning mill, Kollam co-operative spinning mill, Malabar co-operative textiles, Malappuram co-operative spinning mill, Kannur co-operative spinning mill, Priyadarshini co-operative spinning mill and K.Karunakaran memorial co-operative spinning mill. The detailed comprehensive project reports with specific outcomes have to be prepared to provide assistance under this scheme. A total amount of ₹ 700.00 lakh is provided for the scheme in budget 2026-27 for the activities mentioned in the scheme.

11. Textile Industry Modernisation (NEW)

(Outlay: ₹ 100.00 lakh)

Due to multiple reasons like the high cost of raw materials and low income from yarn sales, textile mills are facing a severe crisis. The leasing of the unused/surplus land and buildings of these textile mills will create income, which will be used for the diversification of products, creation of value-added products, computerization, and adoption of new marketing strategies. Implementation of projects will be done by the Handloom & Textile Directorate in collaboration with IIHT, KBIP, and TEXFED. An amount of Rs.100.00 lakh is provided for the new scheme in budget 2026-27.

V. COIR INDUSTRY

Coir industry is one of the traditional industries giving employment to thousands of people in the State. Directorate of Coir Development is the organizational mechanism of Government which implements Government decisions, redresses issues in the Coir sector, acts as facilitator for the promotion of the coir industry and ensures sustainable employment opportunities in the industry through planning and implementation of the new policies. The 2nd Re-organisation of Coir sector guarantees social protection of coir workers while focussing on modernisation and innovative value added products.

Strengthening the value chain in Coir through strategic interventions with benefits to all stakeholders remains one of the guiding principles in the sector. Strengthening husk procurement, upscaling de-fibering, uninterrupted supply of raw materials to units for value addition, modernization of the existing units, enhanced production of diversified value added products, and institutional support for R & D are some of the thrust areas in the Budget 2026-27. Emphasis would also be provided for

implementing activities to address requirements identified by the Expert Committee which was appointed by Government of Kerala.

In the Budget 2026-27, an amount of ₹ 11064.00 lakh is provided under coir sector for a total of fourteen schemes, giving due importance to gender budgeting.

1. Cluster development and husk procurement programme in Coir sector

(Outlay: ₹ 268.00 lakh)

The objective of the scheme is to enhance productivity, competitiveness, collectiveness and capacity building of co-operatives and entrepreneurs through forming a consortium for the collection of the husk, establishing a yarn bank, establishing common facility centre, and common showroom and sales outlets. Establishing one consortium under the scheme is the targeted output. The expected outcome is ensuring availability of raw material, use of modern technology, more value added products, and enhanced volume of sales and exports.

a) Cluster Development Programme: Cluster Development Programme in Coir sector is being implemented by Coir Board under the Scheme of Fund for Regeneration of Traditional Industries (SFURTI). Coir Clusters can be developed as per GoI guidelines and avail the central assistance based on viable projects. The amount provided can be utilized as State's matching share in the projects.

b) Coir consortium: Husk procurement and making available coir fibre is the key to successful implementation of the '2nd restructuring of coir sector' as it ensures the raw materials required for mechanised defibering units. Therefore a formal institutional mechanism is essential for catalysing mechanisation and technology development in the State in achieving self-reliance, diversification and quality in the coir sector. Collection of husk from households would be done through coir consortium, KSCC and COIRFED.

An amount of ₹ 268.00 lakh is provided for the scheme in the Budget 2026-27 towards matching State share of Cluster Development Programme and for the Coir consortium.

2. Mechanisation and Infrastructure Development of Coir Industry/ Regulated Mechanisation of Coir Industry

(Outlay: ₹ 2000.00 lakh)

The scheme intended to meet the global demand of diversified coir products of superior quality and to withstand the price competition from other fibre products, it is essential to modernize and enhance the productivity in coir industry.

a. Public Sector Undertaking: Rejuvenation, modernization and technology upgradation of PSUs like KSCC, FOMIL, KSCMMC, Coirfed and other Government institutions in the coir sector based on viable revival proposals linking business plans. An amount of ₹ 1000.00 lakh is provided for the above activities in the Budget 2026-27.

b. Co-operative Sector: Assistance for basic infrastructure, Effluent Treatment Plants (ETPs), Common Facility Centres, plant, purchase, modernisation/maintenance of machinery and equipment required for technology upgradation of the spinning, weaving, non-woven and defibering sector of co-operatives, revival projects of co-operatives covering margin money. An amount of ₹ 900.00 lakh is provided for these activities.

c. Entrepreneurs: Assistance for rejuvenation, adoption of modern technology in husk procurement, increased deployment of DF units, the establishment of automatic spinning machines, PVC tufted units and allied activities on the process chain on entrepreneurial mode could be considered. Assistance for production of non-woven coir geotextiles, Coir composites/injection moulded coir for automobiles, coir composite boards, binder less boards, coir ply and coir wood products and needle punch units on entrepreneurial mode with viability gap funding in coir non-woven sector are also included. An amount of ₹ 100.00 lakh is provided in the Budget 2026-27 for these activities.

A total amount of ₹ 2000.00 lakh is provided for the scheme in the Budget 2026-27 for the above activities. 50 per cent of the beneficiaries will be women.

3. Training and Management Improvement

(Outlay: ₹ 250.00 lakh)

The objective of this scheme is to impart training to the officials/employees and workers of the department, public sector undertakings (PSUs), coir co-operatives societies and matts & mattings societies through better institutional management. Activities under this scheme include -

a) Training to the employees of the Coir Development Department, COIRFED, Kerala Coir Workers Welfare Fund Board, KSCC, FOMIL, Kerala State Coir Machine Manufacturing Company, PSUs and coir workers in latest development/research, innovations in the coir sector.

b) Imparting training to society functionaries and workers of coir co-operatives for the better management of the societies including skill up-gradation, training for quality assurance in products, development activities.

c) Activities related to running entrepreneurship of project management units to monitor second restructuring of coir sector.

d) E-governance activities such as modernization of the department by completing computerization based on IT Master Plan, AMC, procurement of hardware, software, maintenance of the website, and infrastructure development

An amount of ₹ 250.00 lakh is provided for the scheme in the Budget 2026-27. 50 per cent of the beneficiaries will be women.

4. Grant for Centres for Research and Development in Coir Technology

(Outlay: ₹ 700.00 lakh)

The objective of the scheme is to support research and development activities which can bring innovations, new products and new services in the Coir sector. The scheme intends to undertake in house R&D activities as well as outsource R&D required to improve the coir sector as a whole to enhance productivity in the sector. Activities include bringing innovation in mechanization/technologies, creation of diversified coir products with high value addition, development of product designs, hiring professionals/technical experts/consultants/designers, providing grants to educational institutions/universities for carrying out research activities, improving infrastructural facilities and meeting project based and operational expenses of NCRMI. Impact study, market research, innovation support, demonstration units, knowledge dissemination, support for technology transfer, trade practice, IPR quality certificates and industry collaborations are also part of the scheme. Market based research, marketing strategies, National & International marketing ventures/brain storming/workshops/buyer-seller meet, consulting and managerial activities are also would be taken. Emphasis is on need based R&D, focusing on process improvement in the extraction of fibre, pollution free retting, modernization of production infrastructure, new product/process development (especially on non-woven sector), product diversification etc.

An amount of ₹ 700.00 lakh is provided for the scheme in the Budget 2026-27 for the above activities.

5. Marketing, publicity, propaganda, trade exhibitions and assistance for setting up of showrooms

(Outlay: ₹ 350.00 lakh)

The objective of the scheme is to promote the business in Coir sector by popularising the activities in the coir sector and strengthening market interventions for overall development of the sector. The outlay provided in the budget is for participating in domestic fairs including seminars, workshops and propaganda, participating in International Trade Fairs, conducting studies, enumeration, documentation of activities, preparation of project report, assistance for regional franchisees and brand building and market awareness in India and International Market. An amount of ₹ 350.00 lakh is provided for the scheme in Budget 2026-27.

6. Market Development Assistance for the sale of Coir and Coir Products (50 per cent State Share as matching fund)

(Outlay: ₹ 1000.00 lakh)

The objective of the scheme is to promote the sale of coir and coir products of co-operatives and PSUs thereby encouraging sustained production and better employment to workers. Assistance is provided for publicity, renovation of godowns,

market study and innovative marketing strategies including payment of discounts, introduction of e-commerce facilities, upgradation of design facilities as per Govt. of India norms along with central share. The incentives shall be input output linked for the products of Coirfed, Fomil, Kerala State Coir Corporation and mats & mattings co-operatives as applicable based on total turnover of respective institution and that of the sector as a whole, taking into account employment generated and value addition in the value chain. Care should be taken to avoid duplication of assistance under other schemes like Price Stabilization Fund, Income Support Scheme etc. The provision can be utilized as matching State share for assistance received from Government of India. An amount of ₹ 1000.00 lakh is provided fund in the Budget 2026-27 for the above activities.

7. Production and Marketing Incentive (PMI)

(Outlay: ₹ 1100.00 lakh)

Production and Marketing Incentive (PMI) scheme is for providing assistance to promote production, marketing and export of coir and coir products including PVC and rubberized coir products and coir geo-textiles by the Primary Co-operative Societies, mats and mattings societies. The objective is to encourage sustained production so as to facilitate sale in coir sector and thereby generate more employment opportunities in the sector. A portion of the amount can be utilized for promotion and marketing of heritage products. Assistance shall be based on actual sales turnover of the institutions and input output linked, taking into account employment generated/value addition on products. Care should be taken to avoid duplication of assistance in the form of incentives proposed under Market Development Assistance scheme as well as other assistance under income support scheme and alike at various stages in the value chain.

As per G.O (Rt) No. 887/2025/ID dated: 20.07.2025, Government have revised minimum daily wage of workers employed in the traditional coir sector and electronic ratt sector from ₹ 350/- to ₹ 400/-. The enhanced rate of ₹ 50/- will be shared by the societies and Government on 50:50 basis. The Government share of ₹ 25/- will be sourced from the PMI scheme. The increased wage would be an incentive for enhanced productivity.

An amount of ₹ 1100.00 lakh is provided for the scheme in the Budget 2026-27.

8. Price Fluctuation Fund

(Outlay: ₹ 3600.00 lakh)

The scheme intends to stabilize the price of coir fibre, yarn and coir products. This scheme aims to make the COIRFED, KSCC and FOMIL capable to procure the products from co-operatives by giving price at par with the production cost and compensates the loss, if any, incurred while selling at market prices. The co-operative

societies, small scale producers and apex organizations will be directly benefited and it will indirectly benefit the entire coir workers by ensuring statutory wages. The incentives shall only be for the materials purchased through COIRFED, KSCC and FOMIL. It shall be based on total sales turnover of the respective institutions comparing input output linkages and employment generated/value addition on products. Due care should be taken to avoid duplication of assistance at various stages in the value chain under other incentive schemes. An amount of ₹ 3600.00 lakh is provided in the Budget 2026-27 for the above activities.

9. Coir Geo Textiles Development Programme

(Outlay: ₹ 80.00 lakh)

Coir Geo textiles are natural, eco-friendly erosion control blankets in woven and non-woven forms. The comprehensive Coir Geo Textiles Development Programme includes developing new products and applications of geo textiles, piloting model projects using Geo Textiles as a standard engineering material, awareness programmes on Geo-Textiles, strengthening of R&D and orientation on Geo-Textiles. The assistance can be given to Coir PSUs and National Coir Research & Management Institute (NCRMI). The assistance can also be used to pilot model Geo-textiles projects with specific outcomes by joining with Public Works Department, Irrigation Department, Local Self Government Institutions and similar agencies. An amount of ₹ 80.00 lakh is provided for the scheme in the Budget 2026-27.

10. Government Share Participation for Coir Co-Operatives

(Outlay: ₹ 15.00 lakh)

The scheme intends to strengthen the share capital base of the co-operatives in the coir sector. Existing societies which have not availed the eligible amount in full can also avail the assistance based on clear cut viable proposals for modernization/diversification with specific outcomes. An amount of ₹ 15.00 lakh is provided in the Budget 2026-27 for this scheme.

11. Re-organization of coir industry - 2nd phase (NCDC Assistance)

(Outlay: ₹ 1.00 lakh)

As part of the second re-organization of Coir industry, Government has set up a clearly defined agenda for modernization based on a comprehensive scheme. A distinctive feature of the modernization strategy/scheme is social protection guaranteed to the traditional coir industry workers. Apart from the allocation of funds under State Budget, as matching fund, assistance from NCDC is included for the project. The thrust areas included in the scheme are technology enabled procurement and decentralized fibre extraction, distinct strategy for the traditional spinning and weaving sector, modernisation of industrial spinning and weaving sector, product diversification of industrial coir with focus on non-woven sector, institutional support for the coir sector (product development/R&D), and; marketing of public and private

enterprises. A token provision of ₹ 1.00 lakh is provided in the Budget 2026-27 towards NCDC approved project. Activities shall be taken up based on the priorities laid out in the proposal submitted to NCDC.

12. Modernisation of Coir Project Offices

(Outlay: ₹ 50.00 lakh)

The scheme envisages modernisation of the administration and governance infrastructure of Coir Project Offices enabling a good working environment which in turn will improve the efficiency of the Coir Project Offices and Directorate of Coir Development. The activities cover upgradation/renovation of civil, IT and allied infrastructure works in Coir Project Offices in various Districts and Directorate of Coir Development. An amount of ₹ 50.00 lakh is provided for this scheme in the Budget 2026-27.

13. Restructuring of Coir Production Societies and Managerial Subsidies

(Outlay: ₹ 1350.00 lakh)

The main objective of the scheme is the revival and rejuvenation of coir co-operative societies with working capital and managerial support. This would enable the coir co-operatives to lighten its losses. The selection of co-operatives and quantum of assistance will be based on concrete project proposal submitted by the units. The expected outcome is increased overall production of spinning and product sector thereby generating more employment opportunities. Working capital assistance, managerial assistance, assistance to clear statutory dues such as EPF, ESI and gratuity, support for insurance scheme for coir workers, assistance to clear KSEB dues & subsidy, working capital support to co-operative societies and revival of co-operative societies are envisaged under the scheme.

50 per cent of the beneficiaries will be women. An amount of ₹ 1350.00 lakh is provided for this scheme in the Budget 2026-27 for the following components:

Sl. No.	Components	Amount (₹ in lakh)
1	Managerial subsidy	200.00
2	Working capital support and; assistance for revival of co-operative societies (yarn, mat, mattings), fund for creating a material bank for coir fibre	750.00
3	KSEB tariff subsidy & dues; and maintenance assistance to looms that registered in the small scale producers co-operative societies & mats & mattings societies	170.00

Sl. No.	Components	Amount (₹ in lakh)
4	Support to clear the pending dues of the employer part of PF, ESI, gratuity and worker welfare contribution in coir societies	200.00
5	Insurance scheme for coir workers in co-operative sector & PSU's	30.00
	Total	**1350.00**

14. Industrial-scale processing and marketing of coir pith (New scheme)

(Outlay: ₹ 300.00 lakh)

The scheme aims to promote industrial-scale processing of coir pith into value added products like coco pith blocks, thereby enhancing profitability of the coir industry, improving market potential, generating employment and promoting sustainable utilization of coir by-products. The scheme will increase value addition in the coir sector through large scale production of value added products like coco pith blocks. An amount of ₹300.00 lakh is provided for this scheme in the Budget 2026-27.

VI. KHADI & VILLAGE INDUSTRIES

Khadi industry in Kerala is a traditional industry providing direct employment to 8400 spinners and 5200 weavers through various production units run by Kerala Khadi and Village Industries Board (KKVIB) and recognized Khadi institutions. Khadi and Village Industries Board's activities include cotton processing, yarn processing, value addition in the sector and promotion of village industries sector.

Creating more employment, decent wages and sustainable employment through various activities in the value chain are the objectives of various schemes under Khadi and Village Industries. In Khadi and Village Industries sector about 95 per cent of workers are women and the schemes gives thrust on women entrepreneurship development.

Khadi and Village Industries sector is facing stiff competition with liberalization and globalization of economy. The focus of the sector is to create more employment opportunities and decent wages across the State utilizing local resources and skills ensuring sustainability.

In the Budget 2026-27, an amount of **₹1,670.00** lakh is provided under Khadi and Village Industries sector for implementing schemes by giving thrust to revival, value addition and modernization of khadi sector as follows.

Outlay provided for 2026-27

Sl. No.	Name of schemes	Amount (₹ in lakh)
A	**Infrastructure Development Schemes**	
1	Computerization of Khadi Board offices	50.00
2	Modernization of existing sales outlets and godowns of Khadi Board	130.00
3	Strengthening and modernization of Departmental Khadi Production Centres	170.00
4	Development and strengthening of Departmental Village Industries units	50.00
B	**Training and Capacity building Scheme**	
5	Information, Publicity and Training	90.00
C	**Financial Incentives /Support Programmes**	
6	Production/Festival incentive to Khadi spinners and weavers	660.00
7	Financial assistance to Khadi co-operatives/ institutions	85.00
8	Khadi Silk weaving project	40.00
9	Special Employment Generation Programme	295.00
10	Revitalization Grant for sick/ defunct Co-operative Societies / Charitable Institutions (New)	100.00
	Total	**1,670.00**

A. Infrastructure Development Schemes

1. Computerization of Khadi Board Offices

(Outlay: ₹ 50.00 lakh)

The board office and district offices are under the process of office automation including e-filing and e-tracking and digitalization of its data for improving its functioning. As part of the total computerization agenda of the Khadi Board, several measures are being taken to make its daily affairs online and digital. The board has its own softwares such as marketing-inventory management system, a web based ERP system consisting of HR & accounting modules, online portal for credit management of state schemes, and online portal for the monitoring of artisans affairs. The major components envisaged during the year 2026-27 are as follows:

Sl. No.	Components Name	Amount (₹ in lakh)
1	Purchase of Desktop Computers for E-Office and (Board Office & District Offices)	50.00

Sl. No.	Components Name	Amount (₹ in lakh)
2	Networking & Maintenance -Board Office & all District Offices (Electrical & Network Cabling & IO Box, Switch, Rack, Patch Pannel, Patch Cable Replacement)	
3	Software ,Hardware maintenance & AMC , Security Audit	
4	Implementation of Online UPS of District Offices	
5	Maintenance of e- commerce website & Mobile App for khadi	
6	Revamping of ERP- CDAC Software (New)	
7	Purchase Of Multifunction Printer / Photo Copy machine For board office & District Office (New)	
	Total	**50.00**

An amount of ₹ 50.00 lakh is provided in the Budget 2026-27 for all activities covering IT software, hardware and allied activities.

2. Modernization of existing sales outlets and godowns of Khadi Board

(Outlay: ₹ 130.00 lakh)

The main objective of the scheme is to scale up sales and strengthen the marketing of khadi and village industries products. The renovation and modernization of the existing sales outlets including Khadi Gramma Soubhagyas (KGS), Khadi Soubhagyas (KS) and Gramma Soubhagyas (GS) and establishment of new sales outlets are intended under the scheme.

The major components envisaged during the year 2026-27 are as follows

Sl. No.	Components Name	Amount (₹ in lakh)
1	Establishment of new sales outlets	130.00
2	Renovation of Existing sales outlets(KGS, KS, GS)	
3	Renovation of Project Godowns	
	Total	**130.00**

An amount of ₹ 130.00 lakh is provided for the scheme in the Budget 2026-27.

3. Strengthening and Modernisation of Departmental Khadi Production Centres

(Outlay: ₹ 170.00 lakh)

Kerala Khadi and Village Industries Board has 251 Khadi Spinning units and 186 Weaving units and 14 pre- processing units across the state. The main objective of this scheme is to strengthening and modernization of these departmental

production centres. The major components envisaged during the year 2026-27 are as follows

Sl. No.	Components Name	Amount (₹ in lakh)
1	Repair, Maintenance and up gradation of Departmental Units	170.00
2	Spare parts for routine repair work of Charkas & Looms	
3	Weaving Training	
	Total	**170.00**

An amount of ₹ 170.00 lakh is provided for the scheme in the Budget 2026-27, of which an amount of ₹ 20.00 lakh is set apart for providing basic amenities for women workers in production centers.

4. Development and Strengthening of Departmental Village Industries units

(Outlay: ₹ 50.00 lakh)

The scheme is intended to strengthen the activities under departmental Village Industries units all over the State. It includes modernisation, up gradation and maintenance of units. The major components envisaged during the year 2026-27 are as follows

Sl. No.	Components Name	Amount (₹ in lakh)
1	Installation of Stitching Machinery in Readymade Garments unit, Pappanamcode, Thiruvananthapuram.	50.00
2	Construction of new building for Oil godown, Pathanamthitta	
3	Renovation of Soap unit, Pathanamthitta	
4	Purchase of Machinery and expansion of RMG Unit, Kunnukara, Ernakulam	
5	Purchasing racks for Bed Unit, Palakkad	
6	Purchasing of Embroidery Machine, RMG Unit Palakkad	
7	Renovation of Hand Made Paper Unit at Departmental Production Centre, Pappinisseri, Kannur	
8	Renovation of Village Oil Unit, Balussery	
9	Up gradation and Renewal of Bed Manufacturing Unit, Elambachi, Kasaragod	
	Total	**50.00**

An amount of ₹ 50.00 lakh is provided for the scheme in the Budget 2026-27.

B. Training and Capacity building Scheme

5. Information, Publicity and Training

(Outlay: ₹ 90.00 lakh)

To popularize, brand and market Khadi and Village Industries products, extensive market promotion activities are necessary. The Khadi Board is engaged in the production and marketing of modern and variety products all over the State. Propagation and popularization of these products is very important in the present context of highly competitive modern marketing. The major marketing components envisage during the year 2026-27 are as follows.

Sl. No.	Components Name	Amount (₹ in lakh)
1	Publicity through audio / video / print media, slides, cinema theater etc.	90.00
2	Cost of producing visuals for the Documentary of Khadi	
3	Celebrity brand ambassador for the promotion of Khadi products	
4	Gandhi Jayanthi quiz competition for high school and college students - District and State level	
5	To participate in Trade Fair 2026 at Delhi	
6	Training to staff	
7	To publish 'Grama deepam'	
8	Web Application /Portal Development	
	Total	**90.00**

An amount of ₹ 90.00 lakh is provided for the scheme in the Budget 2026-27, of which an amount of ₹ 5.00 lakh is exclusively for training and capacity building benefiting women weavers /workers.

C. Financial Incentives/Support programmes

6. Production /Festival Incentive to Khadi Spinners and Weavers

(Outlay: ₹ 660.00 lakh)

The objective of the scheme is to provide production incentive to Khadi spinners & weavers; and festival incentive to Khadi artisans. This is based on annual production and sales turnover in the sector/ institutions, linking value addition in products, corresponding employment generation comparing inputs and outputs in the value chain. Government announces festival incentive to Khadi artisans and Khadi spinners every year, especially during Onam season and also gives production incentives.

An amount of ₹ 660.00 lakh is provided for the scheme in the Budget 2026-27. 100 percent beneficiaries are women.

7. Financial Assistance to Khadi Co-operatives/ Institutions

(Outlay: ₹ 85.00.lakh)

The main objective of the scheme is revitalization of Khadi Co-operative societies and institutions which are engaged in Khadi sector in the State. This can be achieved through modernization activities in khadi co-operative societies and institutions focusing on (i) Pre loom processing (ii) spinning (iii) weaving (iv) value added products (v) Industrial infrastructure (vi) muslin production (vii) silk production (viii) Common Facility Service Centres (CFSC). An amount of ₹ 85.00 lakh is provided in the Budget 2026-27 to revitalize the Khadi Co-operative societies and institutions, based on comprehensive revival packages of units. Support is provided for projects which are viable and generate more employment. Support will be available for infrastructure development, technology upgradation/modernization in pre loom and processing activities, spinning and weaving, training program for new artisans, working capital assistance, women friendly work places, CFSC's and enhanced production in muslin and silk weaving units. Care should be taken to avoid duplication in assistance through other schemes of GoI & LSGIs. It is proposed to create 215 new employment opportunities under the scheme. The Khadi co-operative Society or Khadi Institutions shall utilize the amount for meeting the expenses to renovate their units, infrastructure develop, introduce new looms, repair and maintenance and training purpose. The major components envisaged during the year 2026-27 are as follows.

Sl. No.	Components Name	Amount (₹ in lakh)
1	Work shed Renovation & Maintenance	85.00
2	Purchasing of Spinning& Weaving machinery & accessories	
3	New artisans' training program	
4	Pre-processing & processing units	
5	Working Capital assistance	
6	Computerisation (New)	
	Total	**85.00**

An amount of ₹ 85.00 lakh is provided for the scheme in the Budget 2026-27.

8. Khadi Silk Weaving Project

(Outlay: ₹ 40.00 lakh)

The Khadi silk has good market all over Kerala. Around 30 per cent of total sales of Khadi products in Kerala come from Khadi silk sector. But Khadi silk production in the State is considerably low. The objective of the scheme is to strengthen khadi silk weaving sector. Four silk weaving units are currently operating under the Board- Thiruvananthapuram, Payyannur and two units in Palakkad. In 2026-27 financial year, the Board aims to set up a new silk weaving unit in Thiruvananthapuram district and enhance production of Khadi silk by procuring looms, accessories, technology upgradation and allied activities. The major components envisaged during the year 2026-27 are as follows.

Sl. No.	Components Name	Amount (₹ in lakh))
1	Purchase of Raw materials	40.00
2	Printing and dyeing	
3	Establishment of one new unit	
	Total	**40.00**

The total number of new employment opportunities proposed in 2026-27 is 15. An amount of ₹ 40.00 lakh is provided for the scheme in the Budget 2026-27.

9. Special Employment Generation Programme

(Outlay: ₹ 295.00 lakh)

The scheme focuses on generating new employment opportunities in the village industry sector both in rural and urban areas. Under the scheme, margin money subsidy is proposed to be provided to small entrepreneurs and traditional artisans for bank linked projects, based on appraisal of the project and approved guidelines by Industries & Commerce Department. A portion of fund can be reserved as a matching share for the scheme with similar objectives in SC/ST department pooled fund. A performance appraisal of the previous year's programme is to be done by Khadi and Village Industries Board. Special Employment Generation Programme focuses only on small entrepreneurs and traditional artisans of both urban and rural areas. Prospective entrepreneurs, who intend to set up industrial units under the scheme, shall submit viable project proposals. On obtaining approval and financial assistance from bank, the Board will provide eligible margin money (subsidy) to the bank for the loan availed by the entrepreneur for setting up the unit. The margin money received as subsidy will kept in the Bank as fixed deposit for two years and adjusted against the loan account of the entrepreneur. The maximum assistance under margin money will be limited to 40 per cent of the project cost. The general category will get subsidy of 25 per cent of the project cost, women and OBC category will get 30 per cent and SC/ST/job lost NRIs due to COVID 19 pandemic will be eligible for 40 per cent based

on approved guidelines. During the year 2026-27, the Board will earmark 50 per cent of the plan amount to the women category entrepreneurs.

In 2026-27, it is targeted to create 1000 new village industries units and 3000 new employment opportunities. An amount of ₹ 295.00 lakh is provided for the scheme in the Budget 2026-27. Out of this an amount of Rs.145.00 lakh is provided under the Gender Budget.

10. Revitalization Grant for sick/ defunct Co-operative Societies / Charitable Institutions (New Scheme)

(Outlay: ₹ 100.00 lakh)

Many co-operatives/ Charitable institutions engaged in Khadi Village Industries (KVI) are defunct or sick due to the reason beyond their control, such as non-availability of raw material, changes in the technology of production, changes in the customers taste shortage of working fund, etc. However most of them have buildings and landed properties. This scheme seeks to revive such defunct/ sick units to protect the traditional industries and thereby provide employment to rural people. It is proposed to provide grants for such units based on the approval of viable project report. The grants can be used for expense like purchase of raw material, maintenance of facilities/equipment and urgent working capital requirements. The scheme shall be implemented based on approved guidelines. An amount of ₹ 100.00 lakh is provided for the scheme in the Budget 2026-27.

VII. CASHEW SECTOR

Cashew industry in Kerala plays an important role in generating employment and foreign exchange. Kerala is one of the major cashew producing and processing states in India. Kollam district is the hub of cashew processing and exporting in Kerala. More than 90 per cent of the workers in the industry are women. Cashew industry in Kerala is facing a crisis and a number of factories have shut down, resulting in thousands of people being rendered unemployed.

The major problems faced by cashew industry in Kerala are lack of raw materials at competitive price, high processing cost, lack of modernisation and problems in marketing. The schemes in cashew sector are directed towards addressing these problems.

Thrust areas in the sector are mechanization of the factories to increase the productivity without losing employment, modernization of units, planting high yielding varieties of cashew grafts to become self-sufficient in cashew production, new marketing strategies, R&D and procuring raw materials from other countries through Kerala Cashew Board.

An amount of ₹ 5600.00 lakh is provided in the budget 2026-27 for cashew sector as shown below.

Sl. No.	Department	Amount (₹ in lakh)
1.	Kerala State Cashew Development Corporation (KSCDC)	450.00
2.	CAPEX	350.00
3.	Kerala State Agency for the expansion of cashew cultivation (KSACC)	700.00
4.	Kerala Cashew Board Ltd (KCB)	4100.00
	Total	**5600.00**

Kerala State Cashew Development Corporation Limited (KSCDC)

KSCDC is a company fully owned by Government and a model employer in cashew industry, seeking to protect the interest of workers by providing maximum days of employment with statutory wages and other benefits.

1. Modernisation and Partial Mechanisation of Cashew Factories of KSCDC

(Outlay: ₹ 300.00 lakh)

The scheme intends to enhance the production and productivity of the factories of Kerala State Cashew Development Corporation Ltd. by modernizing and upgrading the facilities covering processing plants, equipment and basic infrastructure. Setting up model filling stations and modern warehouses, mechanisation in shelling, peeling and grading activities, R& D, modernisation/renovation of existing building & allied infrastructure are envisaged under the scheme. In order to increase productivity, partial/full mechanisation is inevitable. However introduction/purchase of new cutting machines and modernisation of operations need to be done without laying off current employees. An amount of ₹ 300.00 lakh is provided for the scheme in the budget 2026-27. About 90 per cent of the outlay will benefit women workers.

2. 'Kerala Cashew' brand promotion (KSCDC)

(Outlay: ₹ 150.00 lakh)

The objective of the scheme is to increase brand image of KSCDC products thereby increase operating margin. The scheme envisages advertisement in selected media for creating and reinforcing awareness of the brand name 'Kerala Cashews', various sales promotion activities to create brand loyalty, participation in major food exhibitions and major trade fairs, focused marketing efforts in selected international market, initial distribution and listing fee in modern trade outlets, ensuring ready availability of stocks, product development and brand promotion through Start-up's. The scheme also intends to introduce and promote various value added products like Chilly Coated Cashew, Chilly Garlic Coated Cashew, Pepper Coated Cashew, Cashew Vanila Milk Shake, Cashew Vita Cardamom, Cashew Vita Chocolate, Cashew Vita Pistha, Cashew Vita Vanila, Cashew Soup, Cashew Powder, Cashew Vita and Cashew

apple soda to attain more acceptability in market. Assistance will be provided to introduce more new products, developing new value added products and marketing the value added products. An amount of ₹ 150.00 lakh is provided in the budget 2026-27 for these activities.

Kerala State Cashew Workers Apex Industrial Co-operative Society Ltd (CAPEX)

CAPEX is the apex body of cashew processing units under co-operative sector with the Industries Department. It supports operations of the primary co-operative societies. CAPEX procures of raw nuts, distributes the same to primary societies, gets them processed and markets the kernels to provide continuous employment, job security and wage protection to the workers.

3. **Modernization and Partial Mechanization of Cashew Factories of CAPEX**

(Outlay: ₹ 300.00 lakh)

The scheme intends to enhance the production and productivity of the 10 factories of CAPEX and the packaging facility at head office by modernizing and upgrading the facilities covering processing plants, equipment and basic infrastructure. Setting up model filling stations and modern warehouses, mechanisation in shelling, peeling and grading activities, modern packing machine, sales outlets, R&D in modernisation, renovation of existing buildings & allied infrastructure involving creation of dedicated women friendly facilities are envisaged under the scheme. For a better working environment, cashew factories would be uplifted by providing state-of-the art infrastructure, mechanisation and modernisation. The main components include various civil works, purchase of cutting machines and pilot project for a mechanised factory. An amount of ₹ 300.00 lakh is provided for the scheme in the budget 2026-27. About 90 per cent of the outlay will benefit women workers.

4. **Brand Building and Market Awareness in India and International Market (CAPEX)**

(Outlay: ₹ 50.00 lakh)

The object of the scheme is to enhance the total sales turnover in 2026-27 and coming years. The amount will be utilised for advertising, publicity and sales promotion in India and foreign markets. The main objective is to explore avenues of retail outlets, franchise outlets and sales in local market through direct marketing. It also includes advertisements through selected media to build awareness of 'Capex Cashew Brand' in the market. The activities envisaged also include participation in major food exhibitions, trade fair, cashew kernel sales in the local market through direct marketing and franchise sales; and the introduction of new value added products. An amount of ₹50.00 lakh is provided for the scheme in the budget 2026-27.

Kerala State Agency for the expansion of cashew cultivation (KSACC)

The cashew industry is facing crisis due to shortage of indigenous production of raw nuts. In order to overcome the crisis, KSACC has been constituted to promote expansion of the area under cashew cultivation in the State and ensuring better raw nut production through cultivation of high yielding varieties of cashew.

5. Cultivation of Organic Cashew and Establishment of Raw Nut Bank

(Outlay: ₹ 700.00 lakh)

The objective of the scheme is to promote cashew cultivation to meet in-house raw material demand through the implementation of the components Normal Density Planting, High Density Planting, Ultra High Density Planting, Muttathoru Kasumavu Padhathi, training and publicity. These activities are to be implemented by KSACC in association with LSGDs/Agriculture Department to ensure increase in indigenous production in raw nuts.

i) Support for cashew farming (cashew farms and gardens)

The programme aims to enhance cashew cultivation and domestic availability of raw cashew in the state by providing support for cashew farming. KSACC proposes to adopt new techniques and high yielding varieties of grafts along with financial assistance through the scheme. Assistance is provided at the rate of ₹ 100/plant is provided over a 3 year period for undertaking cultivation and ensuring survival / maintenance. Such assistance includes cost of planting material, land preparation & nurturing costs extending over a 3 years period. Assistance will be provided in three installments in the ratio 60:20:20 subject to monitoring and survival of grafts during the three year period. First year support involves part of planting cost and other costs. Second and third year costs are maintenance charges based on survival of grafts. The assistance is on the lines of MIDH norms. The scheme includes the following components –

a) An amount of ₹ 175.00 lakh is provided as the first year support for planting under normal density (200 plants/ha – 7m x 7m spacing).
b) An amount of ₹ 175.00 lakh is provided as the first year support for planting under high density (400 plants/ha 5m x 5m spacing).
c) An amount of ₹ 5.00 lakh is provided as first year support for undertaking planting under ultra-high density (1100 plants/ha 3m x 3m spacing). Under Ultra High Density Planting, 1100 plants per Ha will be provided to plant grafts at a spacing of 3m x 3m to selective group of farmers, holding a minimum of 1 acre of land with drip irrigation and fertigation facilities for getting steady yield of 1 ton per hectare from the 3rd year. Assistance at the rate of ₹ 1 lakh per hectare will be provide to farmers for the cost of cashew grafts, installation of drip unit and overhead tank including logistics.

d) Maintenance charges for the Crop - Nurturing costs are distributed to farmers/institutions/PSUs/Agencies in the 2nd and 3rd years of planting for maintaining the grafts based on monitoring & survival of plants. Assistance is provided in the ratio 20:20 for the 2nd and 3rd years excluding initial years 60 per cent cost. Financial assistance of ₹ 20 per graft is provided to farmers in the second and third year each as nurturing cost for grafts surviving. An amount of ₹ 100.00 lakh is provided in the Budget 2026-27 for meeting the 2nd and 3rd year maintenance charges for the grafts planted during 2025-26 and 2024-25 respectively.

ii) Muttathoru Kasumavu Padhathi

In order to propagate the cashew cultivation among the public, it is envisaged to distribute cashew grafts to Kudumbasree, MGNREGS, schools/college students/residence association and public free of cost. An amount of ₹ 30.00 lakh is provided in the Budget 2026-27 for distribution of 60,000 numbers of cashew grafts covering cost of grafts and transportation charges.

iii) Pollination support through Bee Keeping

Cashew is a cross pollinated crop and the main pollination agents are bees & insects. Bee keeping in cashew plantation will promote fertilization of flowers thereby enhance the yield and generate additional income to the farmers from honey. In 2026-27, an amount of ₹ 24.00 lakh is provided for establishing 2500 honey colonies in 100 hectares of established cashew gardens. The activity shall be implemented based on approved guidelines.

iv) GPS/GIS in Cashew Plantations

The main aim of this component is to introduce Map Information System with GPS & GIS for cashew farms and gardens. GPS Mapping aids field monitoring and management of cashew farms for the successful crop production and location identification. The activity will be undertaken in association with the M/s Keltron. An amount of Rs 15.00 lakh is provided in budget 2026-27 for implementing the 3rd phase of the scheme.

v) Training, Publicity, Extension and Mission Management

The component proposes activities to familiarize people to the latest know how on cashew cultivation, train farmers on the farming techniques, provide extension services; and strengthen the implementation/mission management and allied activates of the project. Expenses relating to training/seminars, awareness progammes through visual media/ books/ brochures and running expenses/project implementation charges are also included. In budget 2026-27 an amount of ₹ 155.00 lakh is provided for these activities, of which, an amount of ₹ 25.00 lakh is earmarked for training, publicity and extension activities of KSACC.

vi) Training and awareness for cashew workers (NEW)

Cashew workers face multiple occupational safety and health (OSH) risks. This component envisions multilingual training programs across major cashew clusters, correct use and maintenance of PPE, safe handling of techniques, posture correction, ergonomic practices, fire safety, first aid, gender-sensitive modules on health, sanitation, welfare rights, awareness on safe handling/disposal of CNSL, digital literacy, peer educator development for supervisors, etc. An amount of ₹ 3.00 lakh is provided to the training and awareness program of cashew workers, and it will be implemented by the Special Officer Cashew.

vii) Integrated Website and Mobile Application (NEW)

It is proposed to develop a digital platform which will serve as the central interface between workers, factory management, unions, enforcement officials, and the public, providing a comprehensive and future-ready solution. It will be used for effective enforcement, transparent grievance redressal, proactive occupational health surveillance and training and awareness. It includes the creation/design of a website and mobile app, hosting, security protection, training, and maintenance. An amount of ₹ 18.00 lakh is provided for the activities of the component and will be implemented by the Special Office Cashew.

6. Kerala Cashew Board Ltd

(Outlay: ₹ 4100.00 lakh)

Cashew processing industry is heavily dependent on import of raw cashew nut from other cashew producing countries. Shortage in the availability of raw cashew nut has adversely affected the processing units. KCB procures raw cashew nut either from within India or imports it. KCB is committed to pay 80 per cent of the cost of imported raw nut on its arrival and the prospective buyers of raw cashew nut from KCB are not in a position to make advance payments. The resultant gap in resources of KCB is to be bridged through a revolving fund for ensuring the uninterrupted availability of funds for completing the procurement cycle.

The physical target proposed for 2026-27 is procurement of 20,000 metric tons of Raw Cashew Nuts for the use of cashew processing units in the public sector. On implementation of the scheme, the cashew processing units under KSCDC Ltd. and Kerala State Cashew Workers Apex Industrial Co-Operative Society Ltd will be able to operate for at least 200 days, in a year thereby providing continuity in jobs and regular wages to its workers (majority of them being women workers).

An amount of ₹ 4100.00 lakh is provided to KCB, in budget 2026-27, as revolving fund for ensuring seamless supply of raw materials to the public sector cashew processing units in the State.

6.2 MEDIUM AND LARGE INDUSTRIES

The vision of the State is to transform Kerala into an investor friendly destination through inclusive, eco-friendly and sustainable economic growth, focusing creation of employment opportunities. In order to achieve this goal, the agencies coming under Industries Department take initiatives to create an investor friendly atmosphere within the State. Kerala State Industrial Development Corporation Ltd. (KSIDC), Kerala Rubber Limited (KRL), Kerala Industrial Infrastructure Development Corporation (KINFRA), Centre for Management Development (CMD), Board of Public Sector Transformation (BPT, formerly Public Sector Restructuring and Internal Audit Board - RIAB) and Bureau of Public Enterprises (BPE) are the Agencies/ Departments coming under Medium and Large Industries. In 2026-27, an amount of **₹ 85374.00** lakh is provided in the Budget for Medium and Large Industries. State Government gives priority focus to allied industrial infrastructure related to port led industries in connection with Vizhinjam port, new food parks and completion of ongoing projects. Agency wise details are shown below.

1. Kerala State Industrial Development Corporation Ltd (KSIDC)

(Outlay: ₹ 14,618.00 Lakh)

KSIDC is the premier industrial and investment promotion agency established in 1961 with an objective of catalysing infrastructure development required for medium and large scale industries in Kerala and offers comprehensive set of services that include developing business ideas, identifying viable projects, attracting and promoting private investments, providing financial assistance, industrial infrastructural facility, guidance and assistance for implementation. As the single point contact for investments in the State, KSIDC has initiated various major industrial and infrastructure projects which are strategically important to Kerala's industrial and economic development. An amount of **₹ 14,618 Lakh** is provided in the Budget 2026-27 for the following schemes.

1.1 Investment Facilitation and Ease of Doing Business Initiatives

(Outlay: ₹ 600 .00 Lakh)

In order to mobilize more investments to the State, simplify the clearance procedures, and promote State as an investor friendly destination, an amount of **₹ 600.00 Lakh** is provided in the Budget 2026-27 for implementing the following activities. KSIDC shall attract multi-sectorial national and international investments in manufacturing and other emerging sectors focusing specific programs during 2026-27.

a. State Business Reform Action Plan (SBRAP), compliance reduction and deregulation cost of doing business and implementation of regulatory reforms
b. Updation of K-SWIFT and K-CIS
c. Strengthening of Investment Facilitation Cell and Project Management Unit
d. Media campaign for KSWIFT
e. Strengthening of the dedicated Toll-Free Call Centre helpdesk
f. Activities in connection with implementation of PM Gati Shakti National Master Plan in the State.

1.2 Investment promotion initiatives

(Outlay: ₹ 2200.00 Lakh)

Investment promotion is a key area of intervention, identified by Government of Kerala for attracting investment to the State. The main objective is to reach out to potential investors and attract investment, both domestic and international. Lead generation and investment conversion, investor services, feedback mechanism, and collaborations are some of the activities envisaged to establish Kerala's global status as an investment hub with investment friendly environment. It also involves –

a) Participation in major national and international investment summits, trade fairs, road shows and conferences including World Economic Forum 2026-27.
b) Investor pitch meetings, site visits, personal interactions, and strategic partnerships
c) Equipping investment promotion team with necessary skills and resources to provide various types of support.
d) Activities to build, expand and maintain a database including the profile and other details of potential investors, existing businesses, manufacturers and NRIs.
e) Creating investment promotion materials including brochures, videos, flyers, posters, standees, pamphlets and innovative marketing materials.
f) Investor workshops and webinars.
g) Outstanding investors, local Govt. bodies, agencies and other entities that contribute to a positive investment climate will be recognized and awarded.

An amount of **₹ 2,200.00 Lakh** is provided in Budget 2026-27 for the Investment promotion initiatives and activities.

1.3 Innovation Acceleration Scheme

(Outlay: ₹ 300.00 Lakh)

The scheme seeks to streamline the startup support initiatives of KSIDC from the concept stage of a business/ project to the expansion/ scale-up stage. KSIDC proposes to focus more in providing scale up assistance / share capital investments to Start-Ups. The assistance will be given by way of Soft loan for 4 years.

The assistance is to be given based on standard guidelines designed and approved by the Administrative department comparing similar Government of India /Government of Kerala programs. An amount of **₹300.00 Lakh** is provided in the Budget 2026-27 for implementing the scale up assistance and for meeting the expenses of annual event of Scale up conclave. Out of which **₹100.00 Lakh** is exclusively earmarked for the programmes focusing women.

1.4 Women Entrepreneurship Mission

(Outlay: ₹ 100.00 Lakh)

This is a scheme for scaling up the business ventures of women entrepreneurs in Kerala. It provides support for expansion/modernization of the factory/purchase of equipment/ raw material procurement to meet bulk orders, certification / accreditation such as ISO, FSSAI, AGMARK, Patents & Trademark; and related diversification of their operations. Assistance shall be given to business ventures in manufacturing or service

sectors using industrial machinery / equipment for value additions but excluding pure trade. In 2026-27, an amount of **₹ 100.00 Lakh** is provided in the Budget for the scheme.

1.5 Chief Minister's Special Assistance Scheme

(Outlay: ₹ 900.00 Lakh)

The scheme seeks to create an enabling environment to MSMEs and startups in the State, and was started in the backdrop of Covid – 19 pandemic. KSIDC introduced this new funding initiative titled Chief Ministers Special Assistance Scheme for MSMEs, Startups & NRKS vide government order G.O. (MS) No 51/2021/ID dtd. 18.02.2021. It provides financial assistance under concessional rate of interest (after interest subvention and interest rebate). The minimum and maximum financial assistance under the scheme are Rs 1 crore and Rs 5 crore respectively. The present effective interest rate is 5.05 per cent (after interest subvention of 3 per cent and interest rebate of 0.50 per cent). An amount of **₹ 900.00 Lakh** is provided in the Budget 2026-27 for the scheme.

1.6 Covid-19 Samashwasa Padhathi.

(Outlay: ₹ 500.00 Lakh)

The COVID -19 pandemic and the consequent lock down had seriously affected the functioning of the Micro Small Medium Enterprises (MSMEs) sector in Kerala. Many of the MSMEs had sustained loss of raw material and loss of market sales leading to financial woes. To overcome the hurdles faced due to wave of Covid 19 and the subsequent lockdown, the Government introduced Covid-19 Samashwasa Padhathi, as per GO(Rt) No.666/2021/ID dtd. 30.06.2021. As per the provisions, KSIDC had provided various concessions and reliefs for the industrial sector in Kerala, including allotment of land at 20 per cent upfront fee and the remaining 80 per cent in 5 equal annual installments without interest. Vide G.O (Rt) No.135/2022/ID dated 16/02/2022, the scheme was further extended up to 31st March 2022. An amount **of ₹ 500.00 Lakh** is provided in the Budget 2026-27 for the component towards the interest waiver on the lease premium payments for the land allotments done at IGCs and parks till 31.3.2022.

1.7 Potentially Viable Stressed /Sick Industries Support Scheme

(Outlay: ₹ 400 .00 Lakh)

This scheme was initially started as part of the Covid Samashwasa Padhathi. This is a package to ensure the revival of potentially viable stressed and sick units. The funds under the scheme can be utilized only - to procure raw material to restart production, to repair machinery/ renovation of fixed assets, clearance of statutory dues limited to 20 % of the revival cost, purchase of essential plant and machinery for smooth operation. The activities are to be implemented based on approved guidelines for the scheme. An amount of ₹ **400.00** Lakh is provided in the Budget 2026-27 for these activities.

1.8 Sustainable Industry Incentive Scheme

(Outlay: ₹ 1050.00 Lakh)

Government of Kerala has introduced a number of schemes to attract investments in the state such as private industrial parks, promotion of industries and responsible investments. The Kerala Industrial and Commercial Policy 2023 have also been positioned in such a way as to nurture and support industries by offering them certain support systems to be

competitive in the global market. The scheme includes incentives such as fixed capital investment subsidy, reimbursement of SGST, electricity duty exemption, apprenticeship incentive, incentive to encourage access to finance through IPO route, waiver of stamp duty & registration charges, interest subvention on term loans taken for fixed capital creation, reduction in land conversion charges, market development incentive for exporters, incentive for IPR creation, Quality certification incentive, incentives for sustainability and responsible industrialization, and incentive for introducing Industry 4.0 initiatives in manufacturing process. Among others, it includes soft loan / equity for Private Industrial Parks (upto Rs 100.00 lakh by way of soft loan or by taking maximum of 11 per cent equity stake in the case of entities establishing private industrial parks). It is also proposed to provide 1% Special Interest Incentive for units assisted by KSIDC in 22 priority sectors as mentioned in Industrial Policy during 2026-27, limited to Rs. 10 lakhs per entity per year.

The scheme also aims to promote green enterprise development in waste management sector in line with the ESG policy. An amount of **₹ 1050.00 Lakh** is provided in the Budget 2026-27 for the scheme.

1.9 Life Science Park, Thiruvananthapuram

(Outlay: ₹ 6500.00 Lakh)

a) **Life Science Park** is conceived as a geographical cluster of industries and R&D institutions in key life science sector. This park would address the needs of the rapidly emerging life science/biotechnology/nanotechnology sectors and attract huge investment and employment. It is being developed by the Kerala Life sciences Industries Parks (P) Ltd (KLIP); a subsidiary of KSIDC. The Life Science Park is being established at Thonnakkal, Thiruvananthapuram with a total area of 260 acres to be developed in stages. An extent of 75 acres of land is envisaged for the first phase of the project and an extent of 123 acres for the second phase. Infrastructure development in the Ist phase has been completed and development of road infrastructure in Phase-2 has also been completed. Means of finance are grant from Government of India, Government of Kerala, and KSIDC and term loan. An amount of **₹ 3500.00 Lakh** is provided in the Budget for the following activities -

- Business development activities.
- Central laboratory animal facility
- Construction of biotech incubation building
- Construction of common facilities like common effluent treatment plant, sewage treatment plant and installation of surveillance camera.
- Water supply inside phase 2 of Life Science Park .
- Unitized substation (USS) 11 KV with control room-Phase II
- Rejuvenation of existing dilapidated rain water harvesting pond
- Expenses for meeting LAR Compensation

b) **Medical Devices Park** – One of the key components of the Life Science Park is the Medical Devices Park being developed by the Kerala Lifesciences Industries Parks (P) Ltd (KLIP); a subsidiary of KSIDC. It will involve the active participation of Sree Chithira Thirunal Institute for Medical Sciences & Technology (SCTIMST), Government of India agencies / departments and the Government of Kerala. The objective is to develop knowledge and capacity in medical technology, technology incubation, business incubation, medical device evaluation and manufacturing; and development of related activities. The estimated project cost is ₹ 28,600.00 Lakh which is funded by Government of India and Government of Kerala. The components include – Large animal breeding centre, Prototyping / pilot manufacturing and incubation centre, Medical devices testing and evaluation centre; and R&D and Knowledge resource Centre. An amount of **₹ 3000.00 Lakh** is provided in the Budget for the following activities

- Completion of Prototype Incubation Centre and Large Animal House
- Completion of Knowledge Resource Centre
- External developments, external electrical works including HVAC, lifts, fire protection and other allied works in buildings.

1.10 KSIDC Industrial Parks

(Outlay: ₹1000.00 Lakh)

KSIDC has initiated various industrial and infrastructure projects which are important for Kerala's industrial and economic development. An amount of **₹ 1000.00 Lakh** is provided in the Budget 2026-27 for the following activities

Sl No	Scheme	Amount (₹ in Lakh)
1	**Coconut Industrial Park, Kuttiyadi** KSIDC has acquired 115.13 acres of land at Kuttiyadi in Calicut district for development of Coconut Industrial Park. Works proposed to be undertaken include the development of 20 acres of land (Phase II), of which development of 2.5 acres is progressing. Work envisaged for 2026-27 include land development with infrastructure facilities in additional 5 acres from the remaining land.	**1000.00**
2	**KSIDC Investment Zone, Palakkad** KSIDC has developed a Light Engineering Industrial park in 34.05 acres of land at Pudussery east village in Palakkad. The first phase of the park is already completed with SDF having 56000 sq.ft. KSIDC have also completed the construction of 61000 Sq.ft SDF-2 building for the entrepreneurs for setting up their units. The works proposed for 2026-27 include a) construction of additional water reservoir and b) Changing of roofing sheet of SDF I building and renovation of admin building.	

Sl No	Scheme	Amount (₹ in Lakh)
3	**Mega Food Park** KSIDC is developing a Mega Food Park with thrust on processing and export of seafood items in 68 acres of land owned by KSIDC at Pallippuram (IGC), Cherthala in Alappuzha District, with Grant in Aid of Rs.50 crore from Ministry of Food Processing Industries (MOFPI), Govt of India and Financial support from Govt. of Kerala. Government, vide G.O(Rt) No.118/2016/ID dated 29.01.2016, accorded Comprehensive Administrative Sanction for Rs.125 crore for set up the Mega Food Park (MFP) at Cherthala. The Comprehensive Administrative Sanction was later modified vide GO dtd 19.07.2018, for Rs. 129.15 crores; and currently after subsequent revision, the total cost is Rs 128.49 crore. The activities envisaged for 2026-27 are completion of existing infrastructure works and carrying out the balance infrastructure work facilities such as internal road maintenance, CCTV camera installation, water and electrical distribution system, effluent collection network, ETP related works and maintenance of built up space.	
4	**General Industrial Park, Cherthala (New)** KSIDC envisages the construction of a general industrial park in the land of Kerala Construction Components Limited in Cherthala. Engaging a consultant to prepare the master plan, conduct of feasibility study and preliminary land development works in 16 acres of land would be undertaken during 2026-27.	
	Total	**1000.00**

1.11 KSIDC Industrial Growth Centres

(Outlay: ₹1068.00 Lakh)

KSIDC has initiated the development of various industrial growth centres which are important for Kerala's industrial development. An amount of **₹ 1068.00 Lakh** is provided in the Budget 2026-27 for the following activities.

Sl. No	Scheme	Amount (₹ in Lakh)
1	**Industrial Growth Centre, Cherthala** KSIDC industrial growth centre Pallipuram, Cherthala is established in 279 acres of land. An area of 205 acres of land is developed and allotted to 62 industrial units. Phase II development involving 25 acres of land was subsequently taken up for development and 40 per cent of work is completed.	

Sl. No	Scheme	Amount (₹ in Lakh)
	Renovation of office space, Maintenance of Internal road and water distribution system in 25 acres of land, installation of CCTV, gates and security cabin , developing of infrastructure facilities are the works envisaged for 2026-27.	
2	**Industrial Growth Centre, Kannur** Industrial Growth Centre at Valiyavelicham, Kannur has a total extent of 250 acres of land. About 177.50 acres of land is already developed as phase I and allotted to industrial units. Out of the remaining 72.5 acres of under developed land, 37.5 acres of land is proposed to be developed in phase II, part I by providing with basic infrastructure facilities like internal road, power supply, rain water harvesting pond, compound wall etc. drainage, water supply lines, plot division etc. The balance 35 acres of under developed land is proposed to be developed in Phase II, Part II development works, which includes construction of new internal roads, augmenting the capacity of existing rain water harvesting tank, additional rain water storage tanks, drainage system, streetlights and surveillance system etc. The major works envisaged in the FY 2026-27 are given below: - a. Phase II (Part II) development works b. SDF Building fire safety and maintenance / Repair works.	**1068.00**
3.	**Industrial Growth Centre, Calicut** KSIDC Industrial Growth Centre at Kinalur, Kozhikode has a total extent of 310.71 acres of land. About 160 acres of land is already developed as phase one and allotted to industrial units. Fire and safety arrangements and renovation works of existing buildings and the installation of CCTV surveillance system along main internal roads are the major activities envisaged for 2026-27.	
	Total	**1068.00**

2. Kerala Rubber Limited (CIAL Model Rubber Company)

(Outlay: ₹ 900. 00 Lakh)

KRL is a CIAL model company with 26% government equity and balance by strategic private investors, which facilitates creation of "Hub of Latex based products" & Amul model co-operative for procurement of natural rubber. Government intends to promote value added industries in rubber sector. Initial focus is on promoting NR based and allied manufacturing in Micro, Small and medium Enterprises (MSME) sector including primary processing of specialty rubbers. The following activities are included in the Budget 2026-27.

i. Development of land for the construction of Industrial Complex

ii. (a) Completion of construction of R&D centre, training hall, canteen, administration buildings, internal roads, (b). Construction of sterilising centre, tyre powdering unit, exhibition centre, staff dormitory, tyre testing centre, construction of security posts (Room), guest house, clinic etc.

iii. Common Facilities (a) Construction of 110/11kv Substation and 11kv UG cable distribution network, (b) Construction of ETP, Water Treatment Plant & Water Distribution Network, landscaping and other miscellaneous work

An amount of **₹ 900.00** Lakh is provided in the Budget 2026-27 for the scheme.

3. Centre for Management Development (CMD)

(Outlay: ₹ 250.00 lakh)

The Centre for Management Development (CMD) was established in 1979 as an autonomous institution sponsored by the Government of Kerala. Its main objectives are to enrich management policies and practices through programmes of study, training, research and publications.

An amount of **₹ 250.00** Lakh is provided in the Budget 2026-27 for the following activities. At least 20 per cent women participation has to be ensured in training programmes.

Sl. No.	Name of Scheme	Amount (₹ in Lakh)
1	Addition /up-keep of infrastructure facilities including training infrastructure	100.00
2	Technical support services	80.00
3	Capacity Development programs	15.00
4	Training program for Board of Directors,CEOs, Middle and Top level Managers of PSU's and conducting training need assessment for state level Public entreprises	50.00
5	Upkeep and upgradation of Knowledge Management Centre (New)	5.00
	Total	**250.00**

4. Kerala Industrial Infrastructure Development Corporation (KINFRA)

(Outlay: ₹ 36381.00 lakh)

Kerala Industrial Infrastructure Development Corporation (KINFRA) was setup in 1993 aiming at acceleration of industrial development in the State by providing basic infrastructure for setting up Industries in the State, promoting private investment, and there by generating employment. KINFRA specifically aims the economic development of the industrially backward regions of the State by setting up industrial parks/townships/zones etc., which provide state of the art facilities required for the entrepreneurs to start an industry. An amount of **₹ 36381.00** Lakh is provided in the Budget 2026-27 for implementing the following projects.

4.1. Water Supply Works of Info Park, Smart City and KEPIP

(Outlay: ₹700.00 Lakh)

The project intends to improve industrial water supply to Kakkanad Industrial area to cater to the requirement of various industrial units within the Parks and Smart City. KINFRA has identified 0.48 acres of land for intake well in Aluva. KITCO is engaged as the Engineering Consultant and they have submitted the final reports to KINFRA. KINFRA proposes to develop 45 MLD capacity water supply system at Kakkanad for the units inside the parks for industrial purpose, laying of 14 km pipeline and construction of intake well. An amount of **₹ 700.00 Lakh** is provided in the Budget 2026-27 for the scheme.

4.2 Phase II-Standard Design Factory at KINFRA Film and Video Park, Kazhakuttam.

(Outlay: ₹ 1200.00 Lakh)

KINFRA Film and Video Park is located in 75 acre campus in Kazhakuttam, Thiruvananthapuram in which 20 acres of land is earmarked as SEZ for IT/ITES. KINFRA's development master plan includes construction of 4.55 lakh sq ft in two phases. As phase 1, KINFRA has constructed a SDF building 'Pragathi' which is fully occupied. Phase II development work is now proposed to be taken up. The activities envisaged include civil construction, electrical works, HVAC, firefighting and water supply system. An amount of **₹ 1200.00 Lakh** is provided in the Budget 2026-27 for the Phase II SDF building.

4.3 Petro Chemical Park, Kochi

(Outlay: ₹ 1700.00 Lakh)

An extent of 600 acres of land has been identified adjoining the BPCL, Kochi, for setting up petro chemical industries. 481 acres of land has been transferred to KINFRA and registration process is completed. Of which, 170 acres of land is already allotted to BPCL. The infrastructure facilities envisaged are water, power, natural gas, communication and shared facilities of Effluent Treatment, seamless logistics arrangement and warehousing & trading hub. An amount of **₹ 1700.00 Lakh** is provided in the Budget 2026-27 for the works.

4.4 Business Facilitation & Industrial Promotion Activities

(Outlay: ₹ 400.00 Lakh)

KINFRA has promoted economic development of industrially backward regions of the State by setting up industrial parks/townships/zones, which provide most of the facilities required for entrepreneurs to start an industry. In order to establish the brand of KINFRA in India and amongst NRIs, extensive marketing and business promotion activities including brand building is the need of the day. This is essential to bring in more entrepreneurs to the KINFRA parks for setting up their units, which creates direct and indirect employment and value generation.

To fulfill this objective, KINFRA proposes to organize activities like road shows, printing brochures, organizing seminars and conferences, B2B Meetings (Delhi, Mumbai, Pune, Chennai, Bangalore & Hyderabad), One on One Meeting (between GoK / KINFRA and GOI, key decision makers of national/international organizations), conduct of Events/Exhibitions at National/International levels, Participate/organize in events organized by trade bodies (FICCI/CII/PHD chamber/exhibition organization/ASSOCHAM, IESA etc.)

showcasing the KINFRA parks, conclaves preferably with the participation of senior level personnel from each sector, organize entrepreneurs meet/industrial meet to attract investors in India/abroad, Conduct marketing efforts for new parks. For the above activities an amount of **₹ 400.00** Lakh is provided in the Budget 2026-27.

4.5. Hi-Tech Park - Road Connectivity to Seaport Airport Road

(Outlay: ₹ 311.00 Lakh)

KINFRA has developed a Hi-Tech Park in 240 acres of land which encompasses SEZ for Electronics, SEZ for IT/ITES, Gem & Jewellery Zone, Education Zone, Innovation Zone, Biotech Zone and General Industries. Construction of 4 lane approach road from Seaport Airport road to boundary of Hi-tech Park (400m) and development/widening of road from Hi-tech park boundary to substation junction (1,000 m) is proposed under this scheme. An amount of **₹ 311.00 Lakh** is provided in the Budget 2026-27 for completing the ongoing project.

4.6. Water treatment plant at Integrated Industrial Textiles Park, Palakkad.

(Outlay: ₹ 800.00 Lakh)

KINFRA proposes to construct a Water Treatment Plant with 12.5 MLD capacity and water supply line to the KINFRA Integrated Industrial Textile Park Palakkad. The components of the scheme are Pipe line to Mega food park from WTP, land development works (including compound wall, gate, drain roads etc.) of plot of WTP, water treatment plant including Casacade arerator, distribution chamber, flash mixer, flocculator, plate settler, sand filter, clear water reservoir, chlorinator, chlorination building, all interconnection pipings, lab, plc room, chemical house, SCADA arrangement, sludge handling system, material handling system, fire fighting and electrical system. An amount of **₹ 800.00 Lakh** is provided in the Budget 2026-27 for the ongoing project.

4.7. Kochi-Palakkad Hi-Tech Industrial Corridor (Part of Kochi-Bengaluru Industrial corridor)

(Outlay: ₹ 16500.00 Lakh)

National Industrial Corridor Development and Implementation Trust (NICDIT) have approved the State's project-"Kochi- Palakkad Hi-Tech Industrial Corridor" as a part of Kochi -Bengaluru Industrial Corridor project. The Kochi Bengaluru Industrial Corridor seeks to optimize the economic and employment potential by stimulating investments in manufacturing agro processing, services and export oriented units. Integrated manufacturing clusters will come along the corridor that will boost the manufacturing activities including IT, Biotechnology, Life Science etc. It is expected that first phase of the project identified in Palakkad would attract total investment of ₹10,00,000.00 lakh and direct employment of 22,000 along with indirect employment of 80,000. The tax revenue to the State is anticipated to the tune of INR 585 crore per annum. There would be an investment by MSME's of ₹ 3,00,000 lakh and revenue from MSME will be ₹ 1,40,000.00 lakh per annum. There are two nodes, viz. Node-1 Industrial Manufacturing Cluster, Node-2 Gift City.

It will be implemented through a Special Purpose Vehicle (Kerala Industrial Corridor Development Corporation Ltd) involving National Industrial Corridor Development and Implementation Trust (NICDIT) & KINFRA with 50:50 equity participation. To implement

the project, around 2,000 acres of land has been identified by KINFRA in Palakkad. Land acquisition work is in progress (89 % completed) and is expected to be completed in 2026-27. An amount of **₹ 16500.00 Lakh** is provided in the Budget 2026-27, for the scheme.

4.8. KINFRA Exhibition Centre at Kakkanad, Ernakulum

(Outlay: ₹ 1300.00 Lakh)

The MSME sector in the state is looking for a permanent facility to showcase their products. KINFRA proposes to set up an Exhibition Centre at Kakkanad, Kochi targeting MSMEs, offering facilities of international standards and quality. The exhibition centre will have the state of the art facilities like Covered Exhibition Halls (4804.531 Sq.m), Convention Centre with a seating capacity of 662 persons, Dining Hall/Ball to accommodate Approx. 300 persons, Cafeteria with a seating capacity of 28 persons and Utilities (194.11 Sq.m). The construction works of Convention centre completed and 95 % works of Exhibition centre completed. An amount of **₹ 1300.00 Lakh** is provided in the Budget 2026-27 for the completion of remaining works of exhibition centre.

4.9.Upgradation of Infrastructure in Industrial Parks

(Outlay: ₹ 10470.00 Lakh)

Upgradation, modernisation and maintenance of facilities at Industrial Parks is essential to keep them functioning at an optimum. An amount of **₹ 10470.00 Lakh** is provided in the Budget 2026-27 for the upgradation of infrastructure in the following existing and for setting up new industrial parks

Sl. No	Scheme	Amount (₹ in Lakh)
1	**Development works at KINFRA Industrial Park, Kuttippuram** KINFRA is in the possession of 18 acres of land at Kuttippuram. KINFRA propose to take up the development activities of the park during the financial year 2026-27. The major component includes road work, overhead tank, internal power distribution etc.	220.00
2	**Dedicated water supply and installation of WTP at KINFRA Industrial Park, Mattannur** KINFRA has 128.59 acres of industrial land at Mattannur. In order to meet the water demand for KINFRA land efficiently and economically, it is proposed to utilize the water from the Pazhassi reservoir. The work is intended for drawing raw water from the Pazhassi reservoir which is 10 KM distance from the park. The irrigation department has already informed the availability of 3 MLD water for KINFRA.	500.00
3	**Upgradation of existing infrastructure at KINFRA Film & Video Park, Kazhakuttam** It is intended to upgrade the existing infrastructure at KINFRA Film & Video Park (Kazhakuttam). Works mainly include resurfacing of all internal roads of the park, provide a new entrance and entry including a security cabin in the rear end, landscaping works in SEZ	200.00

Sl. No	Scheme	Amount (₹ in Lakh)
	area in line with new entrance area, providing high mast lights, construction of common car parking area and other allied works.	
4	**Upgradation of existing infrastructure at KINFRA High Tech Park, Kalamassery** KINFRA intends to upgrade the existing infrastructure at High Tech Park, Kalamassery. Upgradation of road, construction of compound wall, entrance gate and general repairs are the works proposed.	250.00
5	**Upgradation of existing infrastructure at KINFRA Integrated Textile Park, Palakkad** KINFRA intends to upgrade the existing infrastructure at KINFRA integrated Textile Park Palakkad. Reconstruction of compound wall, painting, UG sump and augmentation of water supply are the activities included.	250.00
6	**Upgradation of existing infrastructure KINFRA Techno Industrial Park, Kakkanchery** KINFRA intends Upgradation of existing infrastructure KINFRA techno Industrial Park Kakkanchery. The work includes shifting of existing pipelines due to NH widening and bye-pass works.	250.00
7	**Upgradation of Infrastructure at KINFRA Small Industries Park, Kasargod** KINFRA intends to make Water Supply arrangement from KWA and underground water tank at KINFRA Small industries park Kasargod. The work includes construction of a 7 Lakh liter capacity underground water tank.	500.00
8	**Development works KIITP (Phase II), Palakkad** KINFRA established an Integrated Industrial & Textile Park in Phase I in an area of about 168 acres and intends to develop Phase II in an area of about 213 acres of land in Pudusseri Central Village in Kanjikkode, Palakkad. The work includes development of infrastructure facilities like road, compound wall, extension of power distribution system, water supply system, and STP	1200.00
9	**Infrastructure Development works, Perumbavoor** The objective of the project is to effectively utilize the 30 acres of land reclaimed by the Government of Kerala and transferred to KINFRA, from the land previously leased to M/S Travancore Rayons Ltd. The work includes development of infrastructure facilities like road, compound wall, extension of power distribution system, water supply system, ETP, and fire fighting system.	800.00

Sl. No	Scheme	Amount (₹ in Lakh)
10	**Infrastructure Development works, Ramanattukara** The project intends to improve the industrial facility of Advance Technology Park which includes land development works including creating of new BMBC internal Roads, providing drains, providing water supply facility and provision of power distribution network, creating rainwater harvesting ponds, landscaping etc.	400.00
11	**Water Treatment Plant at KEPIP** The project will create a 12.5 MLD water treatment plant which will form the first phase of the 25 MLD Water Treatment Plant. It will essentially be having the state of art modern system which basically contains chemical mixers, aerators, clarifiers, flocculators, conveyance systems, filtration and chlorination and the storage system. It is essential to cater the needs of KEPIP, Kakkanad, Electronic Manufacturing Cluster, Kakkanad, International Exhibition and Convention Centre, Kakkanad, Infopark Phase-1 & phase-2 and KINFRA Petrochemical park.	500.00
12	**Industrial Infrastructure Development Work, Kannur (New)** The project intends to develop basic infrastructure facilities in the acquired land of 475 acres to support industrial growth. The project would be completed in three phases; Phase -I -Initial land development works, compound wall construction, development of road networks, power and water supply works. Phase –II- Installation of ETP and STP facilities, expansion of internal roads, and strengthening of power distribution and water systems. Phase-III -completion of common amenities and support infrastructure required for future industrial units.	500.00
13	**Industrial Infrastructure Development Work of Small Industries Park at Kasargod Phase-II (New)** Land development works in the acquired 21.07 acres of land including construction of internal roads, compound wall, and other allied infrastructure	250.00
14	**Upgradation of existing infrastructure in Small Industries Park at Nellad (New)** The scheme intends to upgrade the existing infrastructure facilities at small industries park at Mazhuvannoor, Nellad in Ernakulam District. The activities envisaged are development of road networks, repairing works of existing SDF, commercial building and health centre, rain water harvesting pond, drainage facilities, sanitary repairing works, roof plastering at park building and water proofing at SDF building.	200.00

Sl. No	Scheme	Amount (₹ in Lakh)
15	**Construction of Unity Mall (New)** The Unity Mall will have provisions for the exhibitions and sale of unique and GI products of all the 28 states and 8 union territories. It also provides space for exhibiting unique products (ODOP & GI products) of all the districts of Kerala. The completion of balance work of Unity Mall is envisaged in 2026-27.	600.00
16	**Mini Food Park at Cheruthoni, Idukki (New)** The scheme aims at developing a Mini Food Park, in 10 acres of land at Cheruthoni, Idukki. Activities include common infrastructure facilities like internal roads, power distribution network, water supply, drainage and pollution control facilities, sewage treatment and common effluent disposal facilities.	400.00
17	**Mini Food Park, Kunnukara, Ernakulam (New)** The scheme aims at developing a Mini Food Park, in 37 acres of land at Kunnukara, Ernakulam. Activities included are common infrastructure facilities like internal roads, power distribution network, water supply, drainage and pollution control facilities and common effluent disposal facilities.	800.00
18	**KINFRA Industrial Park, Kuttichal, Trivandrum (New)** The scheme intends to develop an industrial park in Kuttichal, Trivandrum. Activities included are common infrastructure facilities like internal roads, compound wall, power distribution network, water supply, drainage and pollution control facilities, sewage treatment and common effluent disposal facilities.	400.00
19	**Integrated IT cum industrial Park, Kottarakkara (New)-**The scheme envisages to set up a new IT cum industrial park at Kottarakara **.**	1000.00
20	**Expansion of Industrial Park, Kollam (New)-** The scheme intends to expand the existing industrial park at Kollam. Amount could be used for the development activities including setting up of necessary infrastructure facilities.	1000.00
21	**Multi Sectoral Logistic Facility in Kannur (New) –** The scheme intends to set up a multi sectoral logistic facility in Kannur. It will include facilities like freight terminals, ware houses and cold chain. It will explore multiple sources of funding. Activities proposed are conducting feasibility study including demand assessment and preparation of DPR.	250.00
	Total	**10470.00**

4.10. Infrastructure Upgradation in Industrial Parks (CDP)

(Outlay: ₹ 1300.00 Lakh)

Infrastructure support has been added under Cluster Development Programme. An amount of **₹ 1300.00 Lakh** is provided in the Budget 2026-27 as matching state share for the following activities.

Sl. No	Scheme	Amount provided in 2026-27 (in Lakh)
1	**Upgradation of infrastructure at KINFRA Apparel Park, Thiruvananthapuram** Infrastructure upgradation works include implementation of fire-fighting system, revamping of water treatment plant and allied works, rectification of walkways- Phase-3 etc.	350.00
2.	**Upgradation of infrastructure KINFRA Food Processing Industrial Park, Adoor** The infrastructure upgradation works includes maintenance of fencing work, upgradation of 1700 m internal road in BM/BC standard, maintenance work of water distribution system, painting work, drainage maintenance work, street light maintenance, ABC cable work of KINFRA feeder from Pathanapuram to Puthuvel, new solar street lights 60 Nos, new High Mast lights- 9 Nos, purchase of DG set & installation of lightening protection arrangement for ETP system, park surveillance system (7 Nos), common fire system in the land, fire pump room etc	350.00
3.	**Upgradation of infrastructure KINFRA Industrial Park, Kunnamthanam** The infrastructure upgradation works include construction of compound wall for rainwater harvesting pond, angle iron fencing on existing compound wall, painting works of existing compound wall, concrete road, quarry pond cleaning & concrete lining work, maintenance of water distribution system, tile laying in the OHT building drainage maintenance, maintenance of street lights, new solar street lights, solar power plant, new mini mast light, park surveillance system, centralized fire system common fire system for building, fire pump room etc.	350.00

4	**Upgradation of infrastructure KINFRA Textile Centre, Kannur** The infrastructure upgradation works includes augmentation of internal roads, firefighting and fire alarm system in SDF building, pipeline work, maintenance and installation of barbed wire fencing system, installation of CCTV in various plots, electrical work, painting of various building, revamping of PVC pipes, supply and installation of high mast lights.	250.00
	TOTAL	**1300.00**

4.11 Industrial Land Bank –Vizhinjam,Thiruvannathapuram(New Scheme)

(Outlay: 1700.00 Lakh)

The scheme aims to create a strategic land bank in the Vizhinjam region of Thiruvananthapuram to support the growing industrial and logistics infrastructure requirements arising from the development of Vizhinjam International Deepwater Multipurpose Port. The objective is to acquire and develop suitable land parcels for establishing export-oriented industries, port-based units, warehousing, cold storage, and allied logistics facilities. This would ensure the availability of ready-to-use industrial land that can catalyze economic growth, generate employment, and enhance the State's position as a leading industrial and logistics hub. Activities include preliminary survey, identification and acquisition of potential land parcels, assessment of land value and preparation of acquisition proposals as per statutory requirements, development of basic infrastructure in the acquired land such as approach roads, boundary walls, basic utilities and preparation of a master plan for future industrial and logistics-based projects . An amount of **₹ 1700** Lakh is provided in the budget 2026-27.

5. Board of Public Sector Transformation (BPT)

(Outlay: ₹ 1650.00 lakh)

Board of Public Sector Transformation (BPT – erstwhile RIAB) functioning under the Department of Industries and Commerce, executes State owned enterprise reform initiatives. Strengthening performance monitoring of PSU's, timely audit completion in PSU's, capacity building among all levels in PSU's and implementation of relevant IT initiatives in PSU's are the major roles played by BPT. An amount of **₹ 1650 .00 Lakh** is provided in the Budget 2026-27 for the following activities.

Sl. No	Project Details	Amount (₹ in Lakh)
1	Conducting performance reviews meetings at various levels and recognition of best performers	1400.00
2	Commercial, Technical and Financial appraisal of detailed project reports and fund flow, Technology Assessment in PSUs	

Sl. No	Project Details	Amount (₹ in Lakh)
3	Conduct Training Need Assessment and training to Company Directors/Officers/Workmen	
4	Empanelment of CA/CMA/CS /Independent Directors for PSUs on need basis, Development of Cost sheets for each PSUs for optimizing profits by engaging Chartered Accountants and CMAs	
5	Review of observation in the inspection reports by C&AG, supplementary audit by C&AG, Observations of the audit committees and Statutory auditors.	
6	Establishment of E-Commerce portal for PSUs, ERP implementation, E-office, implementation of HR Policy and digitization of records.	
7	Purchase of computer, office equipments, software and expenses in connection with winding up of PSUs.	
8	Technology upgradation in PSUs- upgradation of computer infrastructure, online monitoring systems and online learning management system for capacity building in PSUs.	
9	Preparation of Turnaround Strategies (Technical/Financial/Marketing) of Selected PSUs (Appointment of Consultants for feasibility study for improving the operational/financial performance of PSUs .	150.00
10	Selection of Managing Directors in Various PSUs through Kerala Public Enterprises Selection &Recruitment Board	100.00
	Total	**1650.00**

6. Rejuvenation and Revival of Viable Public Sector Units

(Outlay: ₹ 29460.00 lakh)

The Industries Department through BPT envisages revival of PSUs under the Industries Department (including Textile sector) through capital assistance. This involves two pronged revival action plan with short term & long term targets and minor course corrections in sick units.

To implement the revival package, a comprehensive financial restructuring plan should be drawn comprising various options of financing with minimum and unavoidable viable gap funding.

The two pronged revival action plan shall have due focus on:

1. Providing equipments/ essential upgradation
2. Technology Upgradation/ appropriate technology in the operational restructuring plan
3. Higher value addition, product diversification, new product identification
4. Adopting strategies covering human resource for bringing in operational efficiency

5. Mitigation of legal, environmental and man power issues.
6. Merger, amalgamation and symbiotic functioning of PSUs
7. Market analysis covering supply of goods/services in the respective sectors and identifying strategic interests of State in the segment.
8. Business environment and other relevant facts in categorizing the PSUs and Textile units

In 2026-27, an amount of **₹ 29460.00** Lakh is provided in the Budget for completing the ongoing projects and for taking up new projects.

Sl. No.	Name of PSU	Details of projects	Amount (₹ in lakh)
		CHEMICAL SECTOR	
1	The Travancore Cements Ltd	• Modernisation and capacity expansion of Wall Putty Plant and Data logger for Production Line with new packing machine • Manufacturing and repackaging of construction chemicals (Unit for chalk powder , Plaster of Paris, tile adhesives and Grouts) • Repurposing cement kilns for multi mineral Calcination • Dry Dock &Slipway Revival	488.00
2	Malabar Cements Ltd	• Installation of Multi channel multi fuel burner and additional bag filter system • Crushing and grading plant – for processing the overburden (rocks generated)	600.00
3	Travancore Titanium Products Ltd	• Drying and packing unit for Copperas Recovery Plant • Manufacturing of value added products from TiO2 • Water treatment plant • Air Pollution control plant • Material Handling in Neutralisation Plant • Semi-automatic packing system in Titanium Hydroxide Plant • Installation of Micronizer for grinding of Titanium Dioxide	1969.00

Sl. No.	Name of PSU	Details of projects	Amount (₹ in lakh)
		• New Digester (1 No) • Manufacturing of SL1 &SL2 • Fire Hydrant System –Phase I • Automation in Precipitation and Difester units	
4	Kerala State Drugs and pharmaceuticals Limited	• Commissioning of LVP/SVP,New development activities at KSDP	500.00
5	Oncology Pharma Park	• Setting up of Oncology Pharma Park (Initiative of GoK and KIIFB)	1000.00
ELECTRONIC SECTOR			
6	Kerala State Electronics Development Corporation Ltd (KELTRON).	• Modernization and strengthening of infrastructure of production units - KEC, KCC, KCA, ITBG and KLD • Expansion of lithium –ion battery production and test facility at KEC • Setting up of production facility for EV chargers and development of DC fast chargers • Setting up of production and test facility for Solar Pump Controller • Setting up of facility for manufacture/testing of Cochlear implant project • Enhancement of Towed Array Facility (KCA) • Effluent treatment plant (KEC)	2015.00
7	Keltron Component Complex Limited	• Completion of super capacitor production • Manufacturing facility for KVAR capacitors, MPP motor start capacitors and resistors. • Production facility for products using super capacitor • Modernization of etching and forming plant	600.00

Sl. No.	Name of PSU	Details of projects	Amount (₹ in lakh)
ENGINEERING SECTOR			
8	Steel and Industrial Forgings Ltd.	• Infrastructure Development Project (Ist Phase -3 Ton Forging Manipulator)	400.00
9	Steel Industrials Kerala Ltd	• Construction of Drydock slipway - 2 nd Phase • Rooftop Solar Power plant at Ottapalam unit • Setting up of Prefab Steel Structure Fabrication facility at SFU, Cherthala	428.00
10	Autokast Ltd.	• Modernisation of Phase I • Modernisation Phase II (Including renewal of RDSO Class A foundry Accreditation)	700.00
11	Metal Industries Ltd.	• Installation of 3 Ton Hammer	200.00
12	Kerala Automobiles Ltd.	• Design and development of Electric Pick up van and electric tipper • Plant upgradation for manufacturing the Electric Pick up van ,electric tipper and their CMVR certification and retrofitment of EV Kits	250.00
CERAMIC SECTOR			
13	Kerala Clays and Ceramic Products Ltd.	• Eco restoration & creation of bio-diversity park and Soil Museum at Payangadi	300.00
14	The Kerala Ceramics Limited	• Completion of Capacity expansion project /Purchase of mining land (Phase I) and Modernisation of existing Testing Lab and office building • Purchase of New mining land –Phase II and installation of 100 MT Weight bridge	660.00

Sl. No.	Name of PSU	Details of projects	Amount (₹ in lakh)
ELECTRICAL SECTOR			
15	Kerala Electrical & Allied Engineering Company Ltd.	• Manufacturing of Traction Transformer.	625.00
16	Traco Cable Company Ltd.	• New Product Development	300.00
17	United Electrical Industries Ltd.	• Lithium Ion battery Manufacturing • BLDC Fan manufacturing	200.00
18	KEL-EML (Erstwhile BHEL-EML)	• New Products Development	400.00
TEXTILE SECTOR			
19	Kerala State Textiles Corporation Ltd.	• Partial Modernization of Kottayam Textiles • Partial modernization of Malabar Spinning and Weaving mills (Upgradation of blow room line and installation of Autoconer) • Partial modernization of Prabhuram Mills. • Implementation of fire fighting and protection system at Uduma, Komalapuram, Malabar and High tech Mills. • Open end project at Edarikkode Textiles • Urgent requirement for Centre for applied research and development in Textiles.	1886.00
20	Sitaram Textiles	• Modernisation of plant	114.00
21	Trivandrum Spinning Mill	• Expansion project	100.00
HANDICRAFTS SECTOR			
22	Handicraft Development Corporation(Kerala) Ltd.	• Installation of design centre and new product development.	200.00

Sl. No.	Name of PSU	Details of projects	Amount (₹ in lakh)
23	Kerala State Bamboo Corporation	• Modernisation of existing plant and machinery	300.00
24	KELPAM	• Modernization and new product development	50.00
		WOOD BASED SECTOR	
25	Forest Industries Travancore Limited	• Showroom modernisation & Design Studio • Modernisation of Plant and facility for steel furniture manufacturing	125.00
		DEVELOPMENT SECTOR	
26	Kerala Small Industries Development Corporation (SIDCO) Ltd	• Modernisation of Production Units and industrial estates. • Infrastructure Development of Industrial Estates • Construction of co-working space including incubation facility to MSMEs.	800.00
27	Kerala State Industrial Enterprises Ltd.	• Setting up of plant and machinery for manufacturing liquid hand wash soaps at Kerala Soap Factory, Vellayil. • Modernization of Cochin International Container Freight Station • Setting up of Container Freight Station at Vizhinjam • Warehouse cum business centre at KSO land at Vellayil, Kozhikode	600.00
28	Kerala Paper Products Ltd	• Modernisation and Technology Upgradation, Effluent Treatment plant, IT Infrastructure, Power boilers, Chemicals pulping plant. • Capacity expansion cum diversification projects with support of Bank /FIs	1500.00
29	Kerala Rice Limited **(New Scheme)**	Kerala Rice Limited intends to complete the construction and commissioning of Integrated Rice Technology Parks in Palakkad and Alappuzha. Amount is provided for the completion of construction works and installation of plant and machinery.	2750.00
30	Working capital support for PSU's		4800.00

Sl. No.	Name of PSU	Details of projects	Amount (₹ in lakh)
31	Working capital support for bulk purchase of cotton during season through Cotton Board (To ensure continuous supply of good quality raw materials throughout the year to spinning mills under Industries Department.		600.00
32	Settlement of urgent statutory commitments of PSUs to make them bankable (Due to huge outstanding statutory liabilities, PSUs are not able to approach banks for financial assistance)		4000.00
	GRAND TOTAL		**29460.00**

The revival packages are to be appraised, recommended, and implemented under the oversight of an expert committee coordinated by BPT with the guidance/control of Industries Department.

7. Bureau of Public Enterprises (BPE)

(Outlay: ₹ 115.00 Lakh)

The Bureau of Public Enterprises functions as the secretariat of the Public Enterprises Board, helping Government in policy formulation, investment decisions and personnel & labour management of public enterprises. An amount of **₹ 115.00 Lakh** is provided during 2026-27 for the following activities.

7.1 Development of Human Resources: -

(Outlay: ₹ 20.00 Lakh)

The aim is to have a periodical refresher training programme for the supervisory/ managerial personnel of PSUs linking their career development. It is also targeted to develop a pool of managerial professionals catering the needs of Public Sector Units and thereby strengthen PSUs. The training will be on best practices in the areas of corporate governance, corporate finance, emotional intelligence, modern operations, management and technologies. The programmes are to focus on PSUs except those under Industries Department, based on training need analysis and targeted programmes. An amount of **₹ 20.00 Lakh** is provided in the Budget 2026-27 for the above activities.

7.2 Performance Monitoring:-

(Outlay: ₹ 75.00 Lakh)

BPE is mandated to prepare the Annual Review of Public Enterprises which covers an overall review of performance of State level Public Enterprises, with an aim to help the enterprises to identify problems early and effect appropriate correction. An amount of **₹75.00 Lakh** is provided in the Budget 2026-27, for the performance monitoring and preparation of Revival Plans/Future business Plans of PSUs based on learnings from previous annual review reports of PSUs.

7.3 Website Development and Databank creation (New)

(Outlay: ₹ 20 .00 Lakh)

Creation of Website for BPE which will facilitate the real-time publication of activities, notifications, Government orders and circulars, ensuring timely access to information for all stakeholders . Also, an integrated databank will be created to serve as a

comprehensive, searchable archive, fulfilling the critical need for a centralized repository of historical orders and circulars. An amount of **₹ 20.00 Lakh** is provided in the budget for the scheme.

8. Flagship Projects

Electronic Package testing facility as part of establishing Electronic Hub under the ambit of KELTRON

(Outlay: ₹ 2000.00 Lakh)

Creation of an Electronic Hub for manufacturing and testing of Electronic Hardware/ Software/Technical services are under a comprehensive eco-system. The proposed Eco System for Electronics Industry in Kerala shall be in sync with the EMC 2.0 and PLI schemes of Government of India. The major focus will be on the core areas like Power, Space & Defence Electronics, Setting up of Electronic Manufacturing Cluster EMC 2.0, Medical electronics, Security and Surveillance System, Manufacturing of Capacitors, Resistors, Inductors, IGBTs , MOSFETs, etc. An amount of **₹ 2000.00 lakh** is provided in the Budget 2026-27 for the scheme.

6.3 MINERALS

In 2026-27, an amount of **₹ 820** Lakh is provided in the budget for implementing the following activities.

1. Mineral Investigation

(Outlay: ₹ 300.00 lakh)

An amount of **₹ 300.00** Lakh is provided in the budget 2026-27 for the following activities

Sl. No	Activities	Amount (in Lakh)
1	Reconnaissance survey for Mineral Investigation	300.00
2	Detailed Investigation for Bauxite/Aluminous Laterite and China Clay	
3	Auctioning expenses and payment to transaction advisor	
4	Chemical laboratory	
5	Purchase of equipments for Mineralogy and Gem testing Laboratory (New)	
6	Survey for identification of tile/brick clay bearing areas in the State	
7	Purchase of field equipment, books and journals	
8	State Geological Programming Board meeting / Central Geological Programming Board Meeting, participating/conducting meetings/ seminars	
9	Collaborative studies with other organizations	
	Total	**300.00**

2. Human Resources Development & Training of Personnel

(Outlay: ₹ 5.00 lakh)

The Department proposes to impart training to both technical and ministerial staff to enhance the technical capabilities in the respective fields of geology, mining, environmental aspects, GIS, e-governance etc. The expenses for conducting/attending meetings, workshops, seminars, and training; and documentation can also be met under this scheme. An amount of **₹ 5.00 Lakh is** provided for this scheme in the budget 2026-27.

3. Implementation of e-Governance Project

(Outlay: ₹ 200.00 lakh)

An IT based Mineral Surveillance System for mapping mineral resources, regulation, and monitoring, evaluation and post closure activities in the sector integrating various current e-governance initiatives is essential. Therefore, an amount of **₹200.00 Lakh** is provided in the budget 2026-27 for development of KOMPAS, its technical support and maintenance; and maintenance of existing digital infrastructure. The following activities are included in this

- Revamping of KOMPAS portal
- Hiring of manpower for software development and maintenance
- Security auditing of software
- Annual maintenance contract for hardware and networking
- Annual maintenance contract for servers in the SDC
- AMC for Laptop /Desktop
- Upgradation of hardware (desktop/printers/scanners) and procurement of necessary licenses for software
- Training and documentation
- e-office
- License renewal for server OS
- Website maintenance cost

4. Modernization of Mining & Geology Department

(Outlay: ₹ 202.00 lakh)

An amount of **₹ 202.00 lakh** is provided in the budget 2026-27 for Modernization of governance infrastructure covering IT based governance solutions for administering and controlling scientific mining initiatives. The following activities are included under this.

- Modernization of District Offices and Directorate
- Modernization of Library and digitization of mineral investigation reports.
- Modernization of Chemical lab

5. Strengthening of district organizations/sub offices

(Outlay: ₹ 113.00 lakh)

The mining and geology department has one sub office each in all the 14 districts. The mineral administration is implemented through the sub offices. For the disposal of application, site inspection is essential for many times and only one department vehicle is allotted for each district. This has led to huge pending in clearing the application. In order to overcome the present situation the department has decided to hire vehicles for the field staff in sub offices and directorate. To meet the expenses connected with the above-mentioned activities, an amount of **₹ 113.00 Lakh** is provided in the Budget 2026-27.

6.4 INFORMATION TECHNOLOGY

The Government seeks to develop Kerala as a leading IT destination, generate direct and indirect employment opportunities, build necessary technological infrastructure for creation of an environment favorable to ICT development, enhance demand oriented human capital required to both produce and use innovative technologies through education and skill building. The programmes/schemes under the sector aim to support knowledge based economy of international level, core infrastructure for e-governance and focus on innovations.

Kerala State Information Technology Mission (KSITM), Kerala University of Digital Sciences, Innovation and Technology, Indian Institute of Information Technology and Management – Kerala (IIITM-K), International Centre for Free and Open Source Software (ICFOSS), Technopark, Infopark, Cyberpark, Kerala State Information Technology Infrastructure Limited (KSITIL), K-SPACE, Kerala Fibre Optic Network Limited (KFON), Kerala Start up Mission (KSUM) and Centre for Development of Imaging Technology (C-DIT) are the agencies coming under Information Technology.

Special thrust is given to implementation of new policies(AVGC XR, IT policy), strategy and 4 missions mode programs (Kerala AI Mission, Emerging Technology Misssion Semicon Kerala and Future Corporation), women entrepreneurship development is encouraged through Startup Mission, Digital University and ICFOSS. In 2026-27, an amount of **₹ 54805.00 Lakh** is provided for Information Technology and it includes **₹1500.00 Lakh** as NABARD assistance for K-SPACE.

The agency wise funds provided under IT Sector are given below:

Sl No	Department/Agency	Outlay (₹ in Lakh)
1	KSITM, Akshaya, IT Cell	14,328.00
2	Kerala University of Digital Sciences, Innovation and Technology	2,781.00
3	IIITM-K	1,695.00
4	ICFOSS	845.00
5	Technopark	2,500.00
6	Infopark	2,160.00
7	Cyberpark	1,210.00
8	KSITIL	1,527.00
9	K-SPACE	5,750.00
10	KFON	11,244.00
11	Kerala Startup Mission	9,952.00
12	C-DIT	8,13.00
	TOTAL	**54,805.00**

1. Kerala State Information Technology Mission (KSITM)

(Outlay: ₹ 14,328.00 Lakh)

KSITM is an autonomous nodal IT implementing agency of the Information Technology Department, Government of Kerala which provides basic IT infrastructure, managerial and facilitation support to various initiatives of the IT Department. KSITM performs diverse roles including e-governance, development of human resources, disseminating information across citizens and Government, interfacing between Government and Industry, bridging digital divide, investor interactions and achieving speed and transparency in governance. An amount of **₹ 14,328.00 Lakh** is provided in the Budget 2026-27 for the following projects.

Infrastructure Projects

1.1 Construction of Centre for e-Governance

Construction of a 55,000 sq. feet state -of the- art building for accommodating all e-Governance initiatives under KSITM which includes- Akshaya / SeMT/ Citizen Call Centre / KSDI / PMUs for various projects (UID, e-Procurement) is completed and the office of KSITM is shifted to the new building from March 2021. An amount of **₹ 200.00 Lakh** is provided in the Budget 2026-27 for the below mentioned activities.

Sl. No.	Item	Amount (₹ in Lakh)
1	Meeting AMC, Maintenance and Repair Expenses	200.00
2	Procurement of software licenses (OS, Antivirus, testing software etc.)	
3	Procurement/Upgradation of IT infrastructure Hardware items (Laptops, Computers, Storage, Printers, Local Server, UPS, Network and Security devices and other accessories)	
4	Procurement of Laptops/Tablets to ACUTS	
5	WAN / Internet Charges	
6	Other Administrative Charges	
7	Infrastructure development works of Sankethika building	
8	Settlement of dues to contractors - pending from previous FY (New)	
9	Waste Management System (New)	
	TOTAL	**200.00**

1.2. State Data Centres

State is having two Data Centers namely SDC1 (Co-bank) & SDC2 (Techno park) located in Thiruvananthapuram. These Data Centres provide common secure IT infrastructure to host State level e- governance applications for the seamless delivery of G2G, G2C and G2B services. At present, KSITM is planning to shift SDC-1 from Co Bank towers to Technopark adjacent to SDC2, since the building housing SDC1 needs to be transferred to the newly formed Kerala Bank. In the view of this, IT Mission is planning to add more space in Techno Park including the expansion of SDC2, through building up new IT & Non IT infrastructure.

Objectives of State Data Centres are to provide co-hosting, co-location, container platform services and IaaS (Infrastructure as a Service) for hosting the various e-Governance application and data from the Government departments. An amount of **₹ 4,700.00 Lakh** is provided in the Budget 2026-27 for the below mentioned activities.

Sl. No.	Item	Amount (₹ in Lakh)
1	Payment towards Data Centre Operator (DCO)	4700.00
2	Purchase of Software licence, subscriptions etc	
3	Backup & Storage Infrastructure costs	
4	Purchase of IT infrastructure (Servers/ Hyper Converged Infrastructure Cloud infrastructure cost)	
5	Network and Security Infrastructure costs	
6	Purchase and Maintenance of Civil, Electrical, Non IT components etc	
7	Payment towards Third Party Auditor, Standardisation Testing and Quality Certification Audit	
8	Consultancy Charges	
9	Bandwidth Expenses	
10	Electricity, Diesel, Telephone, Rent, Co-location charges etc.	
11	Annual Maintenance Charges for IT / Non IT Infrastructure	
12	SIEM Licenses & SOC Charges	
13	Manpower & Administrative Expenses, Training Costs, Miscellaneous Expenses	
	TOTAL	**4700.00**

1.3. Kerala State Wide Area Network (KSWAN)

KSWAN seamlessly integrated with two State Data centers enables to provide large number of G2G, G2C services hosted in SDCs to the Government institution through a secure intranet. KSWAN is presently connected to more than 4,800 Government institutions under various Government Departments. The scheme envisages operation and maintenance of this system. As directed by the Government, integration of KSWAN and KFON is also currently underway. An amount of **₹ 1,450.00 Lakh** is provided in the Budget 2026-27 for following activities.

Sl. No.	Item	Amount (₹ in Lakh)
1	Payment towards KSWAN Operator – OPEX	1050.00
2	Bandwidth Expenses	
3	AMC for the existing Network devices, UPS etc at DHQ and MPOPs	

Sl. No.	Item	Amount (₹ in Lakh)
4	Payment towards Third Party Auditor	
5	Maintenance of Civil Station LAN, existing electrical Items, AC, Diesel Generators, LAN/OFC Cabling works, tower dismantling and minor civil works	
6	Administrative & Miscellaneous Expenses	
7	Diesel, Electricity, Telephone charges, Spare Network devices and other contingency charges	
8	**KSWAN - KFON integration** - Upgradation of switches, Routers, Other network equipment and procurement of diesel generators, UTMs, civil works etc including Project Management Cost, operation and maintenance cost	400.00
	TOTAL	**1450.00**

1.4. Secretariat Wide Area Network (SECWAN)

SECWAN is the State of the art OFC (Optic Fibre Cable) based network architecture in the Government Secretariat to improve the quality and availability of IT enabled services at the Government's administrative headquarters. An amount of **₹ 700.00 Lakh** is provided in the Budget 2026-27 for the below mentioned activities –

Sl. No.	Item	Amount (₹ in Lakh)
1	Administration Expenses including Salary of Software Engineers and Network Engineers and Skill Upgradation in latest technologies for project staff	700.00
2	Network Infrastructure Upgradation Expenses (Replacing old network components)	
3	Purchase of IT Related Hardware's, Software's and Services (Centralised End Point Security and management /Storage etc.)	
4	AMC of IT Related Hardware's, Software's and Services	
5	Upgradation of ITAMs, Helpdesk ticketing tool and web portal	
6	Internet leased Line, Point to Point Leased Line Charges and Secretariat Wi-Fi AMC and Revamping	
7	DSC, AI tools for Secretariat officials	
8	NOC Renovation including the civil, electrical and network infrastructure works	
9	SecWAN Network/Security / Performance Audit	
	TOTAL	**700.00**

1.5. Public Wi-Fi (K-Fi) Project

This is a project to establish 2,000 Wi-Fi hotspots across the State with a commitment for increasing the reach of Government services to citizens. At present, 2023 Wi-Fi hotspots were established across the State, 20000 maximum unique visitors per day and 2GB data free per user per day with a speed of 20 Mbps consumption. Bringing more services through the K-Fi network, increasing the Wi-Fi coverage at the prominent locations and establishing Wi-Fi hotspots in coastal fishing villages and backward tribal unnathies across the State are the major activities proposed during 2026-27. An amount of **₹ 1500.00 Lakh** is provided in the Budget 2026-27 for the below mentioned activities

Sl. No.	Item	Amount (₹ in Lakh)
1	Payment for the Operations and Maintenance charges of existing 2023 hotspots , Upgradation of Public Wi-Fi Hotspots, Shifting of Public Wi-Fi Hotspots	**1500.00**
2	Payment towards Third Party Auditor (TPA)	
3	Payment dues towards Operator – OPEX	
4	Payment towards Consultancy charges for Site survey for additional 2000 hotspots, Floating RFP for finding operator and finding agency for Monetization etc.	
5	CAPEX and OPEX charges for additional 2000 hotspots including payment towards operator, bandwidth and electricity charges etc.	
6	KFi Branding & Advertisements, Purchase of Adserver and associated software/hardware for Monetization	
7	Setting up of Project Management Unit for KFi project to monitor Operations, Marketing and Monetization activities	
8	Administrative Expenses including Travel, Training, Skill Upgradation of project staff & Miscellaneous expenses	
	TOTAL	**1500.00**

1.6. Video Conferencing (VC)

Video conferencing is a technology which integrates and transmits video and audio to connect distant locations providing a location independent platform while conducting a meeting/ discussion. KSITM conducts around 10000 video (Expected) conferencing every year. Now VC network is expanding to different Government departments across Kerala. VC infrastructure is very useful for senior Government officials to conduct meeting with remote stakeholders/ office locations. An amount of **₹ 140.00 Lakh** is provided in the Budget 2026-27 for following activities

Sl. No.	Item	Amount (₹ in Lakh)
1	Procurement/Upgradation/ Replacement IT Hardware items for different locations including district collectorates and secretariat(VC cameras, endpoints, Computer/Laptops, Display, Network Switches, Storage, Network Accessories etc.)	140.00
2	Procurement/Upgradation/ Replacement of UPSs, Air Conditioners, VC Room Infrastructures and other accessories at different locations including district Collectorates.	
3	Operational Support for Video Conferencing System	
4	Rental charges to Infopark for Techgentia	
5	Infrastructure development cost on Cloud for VC application	
6	Expenses related to development and operationalization of KMEET (New)	
	TOTAL	**140.00**

1.7. Cyber Security (CERT – KERALA)

CERT Kerala is responsible for implementation of the IT related emergency plan as well as handling various cyber security matters of the GoK in line with CERT India. CERT-Kerala is the center where responsible information security expert's work for protection against, detection of & response to various departments/ agencies cyber security threat incidents. It is also proposed to establish a state level security operations centre. An amount of **₹ 800.00 Lakh** is provided in the Budget 2026-27 for below mentioned activities

Sl. No.	Item	Amount (₹ in Lakh)
1	Procurement of Additional SOC Solution Licenses and Operational cost (New)	600.00
2	Administrative Expenses (manpower, capacity building of the employee)	200.00
3	Procurement of new DAST/SAST/Forensic tools (New)	
4	Awareness creation/ training, Technical training, Conference etc to Government officials/Citizen/Students, News Letter

In order to improve the visibility and reach to public, citizens call center is presently in a revamp phase. The centre will function round-the-clock (24×7), offering multilingual support in both Malayalam and English to ensure accessibility for all sections of society. GCC now serves

more than 66 Government departments, organizations, projects etc. An amount of **₹ 88.00 Lakh** is provided in the Budget 2026-27 for below mentioned activities

Sl No	Item	Amount (₹ in Lakh)
1	Manpower charges, Telephone bill expenses, AMC payments, any related contingencies etc.	**88.00**
2	Integration of new services, GCC-K application based expenses, ISO 27001 certification, promotional campaigns, related contingencies etc.	
3	Enhancing GCC-K with cutting edge AI and New Modules	
4	Upgradation of servers, procurement of new Laptops and head sets for Contact Centre Executives	
	TOTAL	**88.00**

1.9. Digital Kerala Architecture

The vision for Digital Kerala Architecture is: "To establish best in class architectural governance, processes and practices with optimal utilization of ICT infrastructure and applications to offer ONE GOVERNMENT experience to all". It will provide world class connectivity to households to establish a connected society and provide all virtual services to citizens at their homes through appropriate platforms. This platform will serve as a service to enable digital life for all.

The Digital Kerala Initiative envisions transforming Kerala into a digitally empowered society and a knowledge economy by enabling seamless, citizen-centric digital governance. The strategy aims to modernize public service delivery, leverage emerging technologies, strengthen digital infrastructure, and enhance overall government efficiency, accountability and transparency.

An amount of **₹ 500.00 Lakh** is provided in the Budget 2026-27 for below mentioned activities

Sl. No	Item	Amount (₹ in Lakh)
1	Enhancement & Upgradation of USDP core Platform and Mobile App (New)	300.00
2	Integration of Unified Registry and more services, API Development (New)	
3	Software Licenses and Subscriptions (email, SMS, WhatsApp, Cloud, etc.) Enhancement of Citizen Helpdesk, System Infrastructure	
4	Capacity Building (Training, workshops) (New)	
5	Miscellaneous and Administrative expenses	
6	Nammude Keralam – Digital Kerala Programme (Including components like Sevana Keralam, Sadbharana Keralam, Jana Keralam and Bhavi Keralam) (New)	**200.00**

Sl. No	Item	Amount (₹ in Lakh)
a)	Right to Application Service	
b)	Kerala Citizen Experience (CX) Index	
c)	Unified Officer Workspace	
d)	Kerala Human Resource Portal	
e)	Unified Payment Gateway	
f)	Disaster Management Solution	
g)	Notification Hub	
h)	DevOps & Application Performance Team	
i)	File Adalath Portal	
j)	LMS Portal	
k)	ERP Portal for Comprehensive Work Management	
	TOTAL	**500.00**

Digital Services

1.10. E-District

E-District, a State mission mode project under 'Digital India' was conceptualized to provide integrated, seamless and online delivery of citizen services at the district level. The project targets delivery of high volume citizen services provided by the administration at district, taluk and village level through back end computerization to enable online availability of these services through common service centers and State portal. About 23 Revenue Certificate Services across the State are currently available in e-District application. An amount of **₹ 320.00 Lakh** is provided in the Budget 2026-27 for below mentioned activities.

SI. No.	Item	Amount (₹ in Lakh)
1	Connectivity – BSNL Broadband for all Village Offices/ remote areas and others	100.00
2	AMC /New Hardware/SMS	220.00
3	Expenses for issuance of Digital Signature Certificates	
4	Introduction of New services, and O&M, Training/Workshop etc	
5	Manpower Charges	
6	Software Support Charges	
7	Complete Revamp of e-District Application (First year cost) (New)	
	TOTAL	**320.00**

1.11. E-Office

E-office is an integrated digital workflow management system designed exclusively to handle the e-governance activities of government departments. It aims to enhance governance through more effective and transparent governance procedures, enabled through a mobile and a virtual digital office. Latest version of e-Office allows online transfer of files / receipts from one office to another which makes transactions paper-less and more transparent. The Government is rolling out e-Office up to grass root level in Taluks and Village levels. An amount of **₹ 800.00 Lakh** is provided for the scheme in the Budget 2026-27 for the following activities.

Sl No	Item	Amount (₹ in Lakh)
1	NIC & KSITM Manpower Cost	700.00
2	VPN client purchase	
3	IT infrastructure cost (Storage, Back-up, OS software license), Hardware purchase	
4	Training & Miscellaneous	
5	Email Management System - Official email migration to Zoho mail platform – Licensing and subscription (New)	100.00
	TOTAL	**800.00**

1.12. Kerala e-Governance Awards

To recognize, motivate and promote the departments to deliver more citizens centric e-governance services, the State Government has instituted the State e-governance awards. An amount of **₹ 5.00 Lakh** is provided in the Budget 2026-27 for the scheme for the following activities.

Sl. No.	Item	Amount (₹ in Lakh)
1	Financial Support to IMG for State e-Governance Awards; Inviting Nominations, Jury formation, Selection and evaluation of nomination process, Jury Meetings, Periodical Meetings, travel and stay and other miscellaneous expenditures of jury members, Publication of compendium on e-Governance, Brochures, Certificates and trophies, Publicity and for organizing the award function etc.	5.00
	TOTAL	**5.00**

1.13. Mobile Governance

Kerala State IT Mission (KSITM) has designed and developed a unified mobile application – m-Sevanam with the intention to avail all Government services at the fingertips of end-users. An amount of **₹ 33.00 Lakh** is provided in the Budget 2026-27 below mentioned activities

Sl. No.	Item	Amount (₹ in Lakh)
1	Operation and Maintenance of Integrated AI Chatbot & Whatsapp solution, Whatsapp Business API costs, AI Charges and integrating more service. (New)	33.00
2	SMS gateway (Operation and Maintenance)	
	TOTAL	**33.00**

1.14. Digital Identity and Aadhaar Enabled Services

Aadhaar has become the digital identity for all the residents of India and is currently used by many government departments/institutions and schemes. It is widely used for identification, ease of access and makes life simpler for availing different benefits and services. Kerala State IT Mission is an approved Authentication User Agency and eKYC User Agency for offering authentication and e-KYC services offered by UIDAI.

The funds for Aadhaar project were received from UIDAI as ICT and IEC assistance. UIDAI has recently stopped providing this assistance to KSITM and other similar stakeholders. Since Aadhaar has been an identity for government schemes, this needs to be maintained as per UIDAI circulars. Hence, an amount of **₹ 150.00 Lakh** is provided in the Budget 2026-27 for below mentioned activities

Sl. No	Item	Amount (₹ in Lakh)
1	Aadhaar Project and Technical team manpower cost for one year (Operational Cost)	150.00
2	Transaction charges to be paid for authentication and e-KYC services for a year (Operational Cost)	
3	Revamping of existing AUA/KUA software for platform and version upgrades (New)	
4	Outreach program for Digi Locker and Aadhaar	
	TOTAL	**150 .00**

Digital Outreach Projects

1.15. FRIENDS

FRIENDS is an ongoing project of KSITM which is a single window, no-queue integrated remittance center, where the citizens have the opportunity to pay all taxes and other dues to Government under one roof at no extra costs. The FREES application used exclusively in the FRIENDS centres is integrated with the e-District application, thereby enabling the citizens to avail various fee payment services through Akshaya CSCs and e- District public portal. An amount of **₹ 10.00 Lakh** is provided in the Budget 2026-27 for below mentioned activities

Sl. No.	Item	Amount (₹ in Lakh)
1	To meet Kudumbasree expenses including scroll delivery, cleaning , refreshment and daily working charges etc., Electricity charges, Water charges, Phone charges, Maintenance charges, office expenses, risk allowances, AMC of hardware and system administration charges to CDIT, KEXCON Security charges, Manpower charges of contract staff, Miscellaneous etc.	10.00

The activities for 2026-27 include administration, faculty charge, accommodation, facility charge, food, travel and logistics for conducting VITC training for Government employees. (New)	10.00
TOTAL		**50.00**

1.19. PG Diploma in e governance

State Government has decided capacity building in the individual level there by starting Diploma/Degree programme on e-Governance. In this regard, IMG and IIITM-K decided to jointly conduct a PG Diploma in e-Governance. The objective of the course is to help the participants to understand how to manage e-governance projects implemented in the State. An amount of **₹ 12.00 Lakh** is provided in the Budget 2026-27 for below mentioned activities

Sl. No.	Item	Amount (₹ in Lakh)
1	Operational expenses and contingency	12.00
2	Course fee for Government employees for PG diploma Course @ 67,500 (90 % of 75,000/-)	
TOTAL		**12.00**

1.20 Digital Cabinet System (E-Cabinet) (New)

The Digital Cabinet initiative aims to transform the decision-making and governance process of the Government of Kerala by digitizing the Cabinet Secretariat's workflow. The system will enable paperless meetings, real-time access to agenda items, secure documentation, and efficient tracking of decisions, thereby improving transparency, accountability, and efficiency in governance. An amount of **₹ 100.00 Lakh** is provided in the Budget 2026-27 for below mentioned activities

Sl. No.	Item	Amount (Rs in Lakh)
1	Development & customization of e-Cabinet Portal	100.00
2	Procurement of Tablets, Accessories and supporting Software	
3	Engineering support for software	
4	Training & Capacity Building (workshops, materials, logistics)	
5	Contingency/overheads	
TOTAL		**100.00**

1.21 Unified Registry & Aadhaar Vault (New)

The project is intended to improve the effectiveness & efficiency of Social Welfare Schemes of Kerala through establishment of a centralized common platform for beneficiary identification and selection, enhance transparency and effectiveness in beneficiary selection, consolidation and de-duplication of data, and the establishment of a safety net for disaster prevention, mitigation, and response to the impacts of natural disasters. An amount of **₹ 100.00 Lakh** is provided in the Budget 2026-27 for below mentioned activities

Sl. No.	Item	Amount (₹ in Lakh)
1	Aadhaar Vault Project and Technical team manpower cost for one year (Operational Cost)	100.00
2	Unified Registry Project and Technical team manpower cost for one year (Operational Cost)	
3	Setting up of DR infrastructure for Aadhaar Vault	
4	Training and Outreach program for Unified Registry	
5	Miscellaneous Expenses	
TOTAL		**100.00**

1.22 AKSHAYA PROJECT

(Outlay: ₹ 395.00 Lakh)

Akshaya Centers have been setup throughout the State by the Kerala State IT Mission. Its main objective is to bridge the digital divide and to bring the benefits of ICT to the entire

population of the State. Presently, more than 2,991 Akshaya Centres are spread in 14 districts. These Akshaya Centers provide a variety of citizen services. An amount of **₹ 395.00 Lakh** is provided in the Budget 2026-27 for the following activities of Akshaya project.

Sl. No.	Item	Amount (₹ in Lakh)
1	Establishment expenses of Akshaya State Project Office - Institutional Expenses	395.00
2	Akshaya District Project Office - Establishment expenses & Administrative fund for 14 ADPOs, ESI coverage to Employees & TA for ADPO staffs	
3	State and District level campaign and promotional activities - (workshop, seminars, print & other media).	
4	Training programme for ASPO & ADPO staff & ACEs for the implementation of G2C/B2C services & capacity building of entrepreneurs of Akshaya/Staff	
5	ABCD campaigns at districts	
6	Printing and issuing ID cards and certificate of Entreprenuership to new ACEs	
7	Development of Akshaya Website	
8	Purchase, Maintenance/Upgradation of hardware items in ADPOs	
9	Purchase & Maintenance of IT equipment for ASPO(Laptop, Printer, Scanner, Photocopy)	
TOTAL		**395.00**

1.23 IT CELL - Capacity Building Project

(Outlay: ₹ 30.00Lakh)

The IT Cell in Government Secretariat is the nodal agency for computerization and implementation of e-governance in Government Secretariat. This cell provides training in Malayalam Unicode and e-governance to all levels of officers of Secretariat. An amount of **₹30.00 Lakh** is provided in the Budget 2026-27 for below mentioned activities

Sl. No.	Item	Amount (₹ in Lakh)
1	Capacity Building Programme for Secretariat staff	30.00
2	Workshops / seminars / trainings on e-Governance	
TOTAL		**30.00**

2. Kerala University of Digital Sciences, Innovation and Technology

(Outlay: ₹ 2781.00 Lakh)

The Kerala University of Digital Sciences, Innovation and Technology was established by Government of Kerala and started functioning from the new campus of IIITM-

K in Technocity. The new university will strive to be an international benchmark in conducting cutting edge research and nurturing budding minds in center for promoting and implementing modern technological interventions. The university is aiming at capacity building in postgraduate and doctoral level in the areas of Artificial Intelligence and Natural Language Processing, Internet of things, Electronic systems and Automation, Imaging Technologies, Data Analytics and Big Data, Cyber Security Block Chain, Ecological Informatics and Geospatial Analytics. The University is set up with the objective of fostering innovative research entrepreneurship and strengthening industry-educational cooperation in the broader domains of Digital Technology. An amount of **₹ 2781.00 Lakh** is provided in the Budget 2026-27 for the following components.

2.1 Centres of Excellence

Sl. No	Item	Amount (₹ in Lakh)
1	DUK Knowledge Centre Library and information service	100.00
2	School of Computer Sciences and Engineering	200.00
3	School of Digital Sciences	200.00
4	School of Digital Humanities and Liberal arts	100.00
5	School of Informatics	80.00
6	School of Electronic System and Automation	130.00
7	Kerala Blockchain Academy	80.00
8	Centre for Digital Transformation and Innovation	60.00
9	Centre for Digital Transformation in culture	70.00
10	Centre for Intelligent Government	60.00
11	Kerala security Audit and Assurance Centre	70.00
12	Centre for Electronics design and testing	50.00
13	Centre for Digital Innovation and Product Development	50.00
14	Centre for excellence in social engagement	50.00
	Total	**1300.00**

The amount of **₹ 1300.00 Lakh** is provided in the Budget 2026-27 for Centres for excellence

2.2 Women Incubation, Startups and Entrepreneurship scheme (Wise) & Augmentation of Schools

It seeks to support the Woman Incubation and Entrepreneurship programme for the purpose of empowering woman through entrepreneurship, in which, woman can initiate a business, nurture their skills, provide employment for others and manage the business independently. An amount of **₹ 50.00 Lakh** is provided in the Budget 2026-27 for the scheme.

2.3 India Innovation Centre for Graphene (IICG)

The scheme seeks to set up an IICG as a collaborative project by MeitY and Government of Kerala with C-MET and Digital University as implementing agencies and M/s TATA Steel Ltd, Mumbai as an industrial partner. The center will focus on R&D, Innovation and capacity building activities to act as acknowledge center in the area of Graphene with the following primary objectives -

1. Undertake R&D, Product innovation and Capacity building.
2. Establish State of the art Research and Capacity building facilities for micro electronics and semiconductor devices, sensors, thin film devices, Nano electrodes, OPVs, LCD's, OFETs, Energy Conservation Devices etc.
3. To provide business and membership support to Startups.
4. To create skilled HR and jobs in Graphene area.
5. To promote innovation and entrepreneurship.

The project will be implemented jointly by Digital University Kerala, Thiruvananthapuram and C-MET, Thrissur in association with M/s Tata Steel Ltd Mumbai, as an industrial partner, at a total estimated cost of Rs 8641.56 lakhs. MeitY Contribution is Rs 4918.56 lakhs, Government of Kerala (State Share) is Rs 2575 lakhs, Tata Steel Ltd will contribute Rs 700 lakhs and other Industry Contributions are Rs 448.00 lakhs.

An amount of **₹ 650.00 Lakh** is provided in Budget 2026-27 as Government of Kerala share of project.

2.4 Digital Science park

The Science Park is proposed keeping in mind the advancements in the Digital Sciences and Technology Sector which would open a plethora of new industrial opportunities. It envisages research and development in various domains of Digital Sciences viz., imaging science and technologies, agri-tech, systems control and robotics, flexible and printed electronics, sensor technologies, medical device and technologies, AR&VR, 5G, electrical vehicles, block chain, cognitive science etc. Digital University has taken initiative to set up the Digital Science Park with the assistance of KIIFB. University intends to set up office space and meet initial establishment expenses for Digital Science Park. An amount of **₹ 200.00 Lakh** provided in the Budget 2026-27.

2.5 DUK Phase II Expansion - Construction of Technocity campus

As part of the expansion of the Digital University, it is proposed to acquire 28 acres of additional land adjacent to the University Technocity campus. Additional land is for the construction of Phase II of the campus. An amount of **₹ 1.00 Lakh** provided in the Budget 2026-27 as a token provision.

2.6 International Academic Co-operation with university of Oxford Scholarship Fund

Digital University had signed a MoU for academic collaboration with Oxford University. This MoU has a provision for PhD scholarship/Doctoral Studentship within the framework of the Oxford University internal funding mechanism known as GEMS (Grants for Education, Merit, and strategic initiatives) for doing Ph.D programme at the Oxford University. The scheme is meant for Indian nationals from Kerala, or of Kerala origin, who are committed to

working in Kerala following the programme .The Digital University of Kerala will assume the cost of scholarships of students who meet the eligibility criterion of Oxford University. An amount of **₹ 200.00 Lakh** is provided in the Budget 2026-27 for providing PhD Scholarship /Doctoral Studentship

2.7 Graphene Aurora

The project Graphene Aurora is implemented jointly by Digital University of Kerala, and India Graphene Engineering and Innovation Centre (IGEIC), (a Section 8 Company) at a total estimated cost of Rs 9,485 lakhs. Ministry of Electronics and Information Technology (MeitY) contribution is Rs 3,763 lakhs, state share is Rs 4,722 lakhs and industry contribution is Rs 1,000 lakhs. Meity has approved the scheme and as per G.O(Ms) No.1/2025/ITD dated 09.01.2025 Government of Kerala has accorded administrative sanction for the scheme. The primary objective of Graphene Aurora is to set up a self-sustaining Section 8 Company to nurture the deep/emerging Graphene technology and innovation ecosystem that can guide, develop, implement and support SMEs and Start Ups to commercialise developed graphene technologies for scale adoption by consumers. It is also proposed to establish a world class Graphene material lab centre at DUK during the five year programme; launch targeted translation graphene research program in collaboration with industry and academia; build global and local collaboration with the industry players, academia, SMEs, Start Ups for targeted research projects; and build commercialization routes etc. An amount of **₹ 380.00 Lakh** is provided in the Budget 2026-27 as the state share for approved components of the scheme.

3. Indian Institute of Information Technology and Management – Kerala (IIITM-K)

(Outlay: ₹ 1695.00 Lakh)

IIITM-K was set up in the year 2000 as a premier institute of excellence, focusing in the areas of science, technology and management related to IT and emerging as an engine for promoting growth. The agency is now part of the Digital University of Kerala. An amount of **₹ 1695 .00 Lakh** is provided in the budget 2026-27 for the following components.

Sl. No.	Item	Amount (₹ in Lakh)
1	Creation of New campus for IIITM-K in Techno city (ongoing project) IIITM-K Campus at Technocity has been incorporated into 'Kerala University of Digital science Innovation and Technology'. A full-fledged and independent residential campus to obtain approval from AICTE/UGC. The works include construction of Library and Administrative Block and other development works like G+4 storied building having a plinth area of 7425 sq.m housing including Library Block, Administrative Block, Conference Hall and other development works such as setting up of labs, open auditorium having 1500 sq.m etc.	1595.00
2	Maker Village Projects – a) Electronic Incubator Project & b) Centre for Excellence in Intelligent Internet of Things	100 .00
TOTAL		**1695.00**

4. International Centre for Free and Open Source Software (ICFOSS)

(Outlay: ₹ 845.00 Lakh)

The ICFOSS was registered in 2009 with a vision to effectively leverage innovations and advances in Free/Open Source Software and related domains around the world, for use of the Government, academia, institutions and people of Kerala as well as the rest of India, and to contribute to the global FOSS movement through FOSS community members, startups and enterprises. An amount of **₹ 845.00 Lakh i**s provided in the Budget 2026-27 for the following activities-

Sl. No.	Item	Amount (₹ in Lakh)
1	Outreach programmes • Evangelization/ Community building • Startup Ecosystem • General Programs	80.00
2	ICFOSS Infrastructure - Office/ lab furnishing, IT Systems and Library	85.00
3	• Social Computing/ Language computing • Assistive Technology • Local language Computing • Gender Technology - Women Hackathon Workshops/ Residential Camps, Study Report on Women representation in FOSS in Kerala, Winter and Summer School, Back to Work, Virtual Training/install Campaigns/ Training in e-Governance Tools, Cyber Security Awareness for women (CSAW), Entrepreneurship Support - Women in FOSS (An amount of ₹50.00 Lakh is exclusively earmarked for Gender Technology initiatives) • Open hardware solutions	410.00
4	Open Hardware - Open Drones etc.	95.00
5	FOSS Solution Centre (FOSS solutions - e-governance, drone technology, Open IoT, SDI, Open ERP, Cyber Security, Open Edu Tech)	160.00
6	Open Source Digital Innovations for Sustainable Growth - Edge Open AI	15.00
	TOTAL	**845.00**

5. Technopark

(Outlay: ₹2500.00 Lakh)

Electronics Technology Park – Kerala (Technopark) promoted by Government of Kerala for the development of IT infrastructure in the State of Kerala. Now Technopark is home to around 500 companies employing 80,000 young IT and ITeS professionals. An amount of **₹ 2,500 .00 Lakh** is provided for Technopark in the Budget 2026-27 for the following activities

Sl. No.	Item	Amount (₹ in Lakh)
1	IGNITE - Internship Training Programme for educated candidates in IT and other industrial institutions	100.00
2	Settling the LAR cases and land acquisition cost of phases 1, 2, 3 & Technocity	1800.00
3	Marketing of Technopark and IT units in SME sector within Technopark-Digital and social media marketing activities, PR and media related activities, branding and other marketing related activities	200.00
4	Modernisation and Upgradation works in Technopark - Phase I, Phase II, Phase III, Technocity and Kollam campus including dredging, cleaning & embankment protection of Thettiyar Thodu, rain water harvesting system, improvement works on road infrastructure, solar power plant & EV station, replacement of overhead line with 110KV underground cables, second approach road formation and bridge construction etc (New)	400.00
	TOTAL	**2500.00**

6. Infopark

(Outlay: ₹2160.00 Lakh)

Infopark envisages the creation of state of the art infrastructure facilities to accommodate IT/ITeS companies. An amount of **₹ 2,160.00 Lakh** is provided for Infopark in the Budget 2026-27 for the following activities.

Sl. No.	Name of Programme/Component	Amount (₹ in Lakh)
1	Marketing	200.00
2	Infopark phase II LAR Settlement	300.00
3	Co-Working Space -50,000 Sq.ft (New)	1460.00
4	Infopark Phase 3 Project launch-land pooling scheme with GCDA (New)	100.00
5	Acquisition of Tracco land for Infopark Phase 4 (New)	100.00
	TOTAL	**2160.00**

7. Cyberpark

(Outlay: ₹ 1210.00 Lakh)

Cyberpark provides cost effective and top of the line infrastructure to the IT/ITeS investors, thereby encouraging, promoting and boosting the export of software/software

services and create employment opportunities in Malabar Region. An amount of **₹1210.00 Lakh** is provided in the Budget 2026-27 for the following activities.

Sl No	Item	Amount (₹ in Lakh)
1	Infrastructure works • Long term land lease from KSITIL for constructing 4 lakhs sq.ft.IT building • Capsule model smart office spaces for 15,000 sq. ft. at Cyberpark. • Construction of 2nd IT building of 4 lakh sq.ft – initial expenses. (New)	1110.00
2	Marketing, Brand building and related expenditure activities	100.00
	TOTAL	**1210.00**

8. Kerala State Information Technology Infrastructure Limited (KSITIL)

(Outlay: 1527.00 Lakh)

Kerala State Information Technology Infrastructure Ltd. (KSITIL) is a Public Limited Company formed for the creation of core infrastructure facilities in IT/ITeS in the State. The business model for the company is to acquire land, create value addition by providing basic infrastructure like electricity, water and road, obtain SEZ status and such other Government approvals that may be required and allot developed land to private investors for starting business units either in IT SEZs or IT Parks. An amount of **₹ 1527.00** Lakh is provided in the Budget 2026-27 for the following activities

Sl. No.	Item	Amount (₹ in Lakh)
1	Skill Delivery Platform Kerala - completion of on-going approved activities.	1000.00
2	Marketing activities relating to land allotment	200.00
3	Work near Home (Earlier FOSTeRA) – Work near Home aims to create co-working and remote work centres across small and semi-urban towns in Kerala. These centres will provide professional plug-and-play workspaces with modern amenities, enabling access for professionals, women returning to work, freelancers, startups, and MSMEs.	99.00
4	IT Corridor Implementation (New)	200.00
5	Compensation for land allotment to KUFOS at KSITIL, Kollam Technopark (New)	28.00
	TOTAL	**1527.00**

9. Kerala Space park (KSPACE)

(Outlay: ₹ 5750.00 Lakh)

Kerala Space Park is one of the ambitious initiatives of the Government of Kerala to make Kerala a production hub for Space, Aerospace and Defence related products and services, utilizing the human resources (both experienced and fresh graduates) of the State. The agency proposes to undertake the following activities.

a. Provide built up space on lease or rent to clients.
b. Collaborative development through joint ventures/SPVs.
c. Provide land as per requirement to build and operate units within Kerala.
d. Network all the industrial units operating in the Aerospace domain within Kerala to synergize their capabilities to take up multidisciplinary products and service.

It is planned to create basic infrastructure and built up spaces needed for industries within facilities being developed. The activities envisaged in 2026-27 include the following -

1. Construction of Common Facility Centre (CFC) and RDC building - Pallipuram
2. Undertaking activities relating to development of 11.39 acres of land and development rain water harvesting system (4.78acres) at Technocity, Pallipuram
3. Development of Liquid propulsion systems complex, Valiyamala
4. Drone Research and Develpment Park, Kottarakkara **(New)** - This will be undertaken in cooperation with Kerala Academy for Skill Excellence (KASE). This will provide an ecosystem for research, development and production in drone technologies. It will enable the use of drone technologies in defence, agriculture, survey, disaster management, commercial applications and play a significant role in skill development and creation of professionals.

Including **₹ 1500.00 Lakh** NABARD RIDF assistance, an allocation for the scheme in 2026-27 Budget is **Rs 5750.00 Lakh**. Out of this, an amount of Rs **500.00 Lakh** is earmarked for the new activity Drone Research and Development Park, Kottarakkara.

10. Kerala Fibre Optic Network Limited (KFON)

(Outlay: ₹ 11,244.00 Lakh)

The state has been a pioneer in the country in making investments towards building core digital infrastructure to deliver e-Governance services. KFON's main objectives are providing a core network infrastructure that is accessible to all service providers, connecting Government offices, educational institutions and hospitals with reliable intranet, provide free internet to economically backward households, and commercialisation of KFON infrastructure with value added services. An amount of **₹ 11,244.00 Lakh** is provided in the Budget 2026-27 for the following activities.

Sl No.	Item	Amount (₹ in Lakh)
1	Free Internet Connectivity to Economically Weaker Households	6000.00
2	Branding and promotional activities (New)	500.00
3	Technical upgradation of KFON network (New)	2200.00

Sl No.	Item	Amount (₹ in Lakh)
4	Ensuring connectivity to tribal communities by expansion of existing infrastructure (New)	1000.00
5	Establishment and implementation of training and support programmes for LNPs and trainees (New)	44.00
6	Operations including upstream bandwidth, peering charges & procurement of IPv4 (New)	1000.00
7	Solar installation in KFON points of presence (POPs) (New)	500.00
	TOTAL	**11244.00**

11. Kerala Startup Mission (Techno park Technology Business Incubator T-TBI)

(Outlay: ₹ 9952.00 Lakh)

Kerala Startup Mission is the nodal agency of Government of Kerala for implementing the entrepreneurship development and incubation activities in the State. The objective of the Mission is to identify and develop entrepreneurial talents among youth and students in Kerala, address the technology based entrepreneurship development requirements in various sectors of Kerala, build appropriate training programmes suitable for Kerala's socio-economic culture, identify market for technology products and services, interface and network among academic, R&D institutions, industries and financial institutions; and establish a platform for speedy commercialization of the technologies developed in the institutes to reach the end-users. In 2026-27, an amount of **₹9952.00 Lakh** is provided for Kerala Start-up Mission, which includes an amount of **₹2000.00 Lakh** for Technology Innovation Zone at Kochi (TIZ), **₹7052.00 Lakh** for Youth Entrepreneurship Development Programme, **₹300.00 Lakh** for Fund of Fund, **₹400.00 Lakh** for New Innings and **₹200.00 Lakh** for Culture and Creativity Incubator.

a. Technology Innovation Zone at Kochi

(Outlay: ₹ 2000.00 Lakh)

The objective of the scheme is to create world class / state of art infrastructure facilities for startups in Kerala. The starting point was the setting up of Kerala Technology Innovation Zone (KTIZ) in the KINFRA Hi-tech Park at Kalamassery, Ernakulam. In 2021, KSUM set a target of creating 10 Lakh sqft incubation space by 2026. It is to be achieved by expanding the facilities at KTIZ, and creating new facilities in other parts of Kerala. In the Budget 2026-27, an amount of **₹ 2000.00 Lakh** is provided for the following activities.

i. Annex building (Sandwich Building) - Kerala Startup Mission proposes to build an extension of the existing Integrated Startup Complex in Technology Innovation Zone, Kochi with 15000 sq.ft built up area in the deep gorge in the eastern side of the building. It also includes an additional floor to the Annex building to house a food court.

ii. TIZ Development – Refurbishing of existing integrated start up complex including waterproofing work and structural stability study

iii. Start Up POD- KSUM aims to establish "Start Up Pods" innovative co working spaces located in the scenic tourist destinations of Kerala

iv. Freedom Square- Freedom square is a vibrant and inclusive hub where individuals can freely explore, create and innovate. This dynamic space fosters a culture of learning, entrepreneurship and idea generation. Freedom Square aims to cultivate world class products and socially committed talent from the State

v. KSUM LEAP centres (New): Expand and operationalize co-working spaces operated by KSUM to every district across the state.

vi. Sector specific incubator (New): Complete renovation of biotech facility and establish new facility to support design and creative industries and other key sector.

vii. Rural Incubation Centre (New): Establish RICs for identifying and nurturing grassroot social innovation.

viii. Translational Research & Entrepreneurship centres (TREC) (New): To establish 5 TRECs in R&D institutions across the state to serve as hubs for research drive startup incubation and research to commercialization.

b. Youth Entrepreneurship Development Programme

(Outlay: ₹ 7052.00 Lakh)

The key objective of the programme is to harness the latent entrepreneurial spirit among youth through strengthening the startup ecosystem by promoting technology based entrepreneurial activities, entrepreneurial infrastructure & environment, industry institute linkages, R&D and addressing the ecosystem development challenges in enterprise market, product knowledge, idea & culture. An amount of **₹7052.00 Lakh** is provided in the Budget 2026-27 for the following 8 activities.

i. **Startup Pipeline Development –** Involving activities like Student Startup Pipeline, Research Startup Pipeline, Capacity building for Women innovators and prospective entreprenuers (**₹ 50.00 Lakh**), Rural and social Startup Programs, Tech Enablement of NGOs and communities, fellowship programmes, PR, Social media, marketing and promotion

ii. **Early Stage Funding -** Every startup, irrespective of the nature and size of operations, requires funds to convert its innovative ideas into reality. Idea Grant, Innovation Grant, R&D Grant, Seed Loan, Sector Specified Grants, Funding Schemes for Women Startups **(75 lakhs)**, and Deep Tech Catalyst Fund are the activities included for financial support.

iii. **Coworking Spaces -** Access to high quality plug-and-play infrastructure at affordable prices is vital for young ventures to have a longer runway. Since the enactment of the 2017 policy, the available space in the state under KSUM has grown to 6 Lakh square feet. KSUM shall work towards increasing this to 10 Lakh square feet by 2030. Capital Grant for Incubators and CoEs, Operational Grant for Incubators and CoEs, Operational Grant for Own LEAP centres, IT systems & High Speed internet, and Founder Facilitation Programs & Startup Commons are the activities envisaged.

iv. **Fab Labs -** KSUM will further enhance the present digital fabrication infrastructure and shall create a distributed prototyping network in the State. To enable this, special focus will be put on Machine Making projects in Super Fablab to create affordable open source fabrication machines that can be made and deployed across the state. The various subcomponents envisaged under Fab Labs are: Fablab Operations, MIT Collaboration, Tech Collaterals for Experience Centres, Infra, Machine upgrades and procurement, Training, Events, MTM Design and creator incubation programs, Lab Extension

v. **Incubation –** It envisages creating a structured incubation programs for promising startups. It involves activities like idea Incubation Program, Product Incubation Program, Scale-up Accelerator Program, Partnered Incubation Program and Mentorship Programmes & Platform.

vi. **Corporate Acceleration & Scale up Support -** KSUM shall help Kerala-based start-ups with business development through various national and international market access programs, presence in trade shows/expos, delegations and immersion programs of national and international repute. The activities include National Market Access, Corporate innovation programme, Big emo days, CSR summit, Startup infinity, Professional startup engagement and Reimbursement to startups.

vii. **Government Acceleration -** Government as a marketplace program will be strengthened further to help adoption of start-up products by various government departments. The various subcomponents envisaged under Govt. Acceleration are Defence Innovation Zone, sensitisation of GAAM among departments and Demo days and GovXcelerator.

viii. **Investment Portfolio -** Apart from infrastructure and value adding programs, startups also need access to growth capital to expand their digital and geographic presence and ramp up their sales. KSUM will further strengthen the funding schemes and will also encourage the local ecosystem to invest in Startups and be part of their growth, thereby creating more wealth in the State. The various subcomponents envisaged under Investment Portfolio are Round 3 Drawdowns, Investible startup pipeline development and HNI & Angel events.

c. Fund of Fund (New)

(Outlay: ₹ 300.00 Lakh)

The Kerala Startup Mission's Fund-of-Funds (FoF) program, is a pioneering initiative of the Government of Kerala to make Venture Capital (VC) more accessible for startups from the state. The objective of the program is to catalyse greater capital inflow into Kerala's startup ecosystem by committing funds to SEBI-registered Alternative Investment Funds (AIF). Through this program, KSUM invests as a Limited Partner (LP) in SEBI-accredited AIFs, channelling private capital and strengthening the venture funding ecosystem for Kerala startups. KSUM is completing the on boarding of new AIF Funds into the program as part of its Round 4 selection process, taking the count of State partnered VC's in Kerala to 17, the

highest number of VC partnerships by any state agency in India. An amount of **₹ 300.00 Lakh** is provided in the Budget 2026-27 for these activities.

d. New Innings (New)

(Outlay: ₹ 400.00 Lakh)

The New Innings project is an innovative initiative aimed at enabling senior citizens to become active contributors in Kerala's startup ecosystem through entrepreneurship, mentorship, and consulting roles. The scheme aims to unlock the vast professional expertise of retired individuals to support innovation, create sustainable income for seniors, and foster intergenerational knowledge transfer. An amount of **₹400.00 Lakh** is provided for New Innings in the Budget 2026-27 for the following activities.

Sl. No	Item	Amount (Rs in Lakh)
1	New Innings Startup Grant	400.00
2	Wisdom Bank – Mentorship Initiative	
3	New Innings Fellowship	
	TOTAL	**400.00**

e. Culture and Creativity Incubator (New)

(Outlay: ₹ 200.00 Lakh)

Kerala Startup Mission (KSUM), envisages the establishment of a Culture and Creativity Incubator at its Kochi campus. This incubator will support startups and entrepreneurs in cultural and creative sectors including museums, festivals, visual arts, crafts, design, AR/VR/XR and creative technologies. It will provide labs, co-working spaces, mentorship, and programs to convert cultural and creative ideas into scalable products and ventures. The initiative aligns with Kerala's vision to strengthen the creative economy and create opportunities for youth, artists and innovators. An amount of **₹ 200.00 Lakh** is provided for Culture and Creativity Incubator in the Budget 2026-27 for the following activities.

Sl. No.	Item	Amount (Rs in Lakh)
1	Infrastructure & Labs	200.00
2	Programs & Training	
3	Exhibitions & Festivals	
4	Staffing & Operations	
5	Partnerships & Outreach	
	TOTAL	**200.00**

12. Centre for Development of Imaging Technology (C-DIT)

(Outlay: ₹ 813.00 Lakh)

Centre for Development of Imaging Technology (C-DIT) is an autonomous research and training institute under Government of Kerala. Apart from its initial role as an R&D organization in imaging technology and development of communication, C-DIT has done pioneering work in the State in bringing IT for governance in the State, like the formation of Information Kerala Mission and flagship programme, 'FRIENDS' citizen service centres. In 2026-27, an amount of **₹ 813.00 Lakh** is provided to C-DIT under Information Technology Sector for the following components covering hard and soft IT infrastructure costs.

Sl. No.	Item	Amount (₹ in Lakh)
1	Strengthening of Software Development and Security Audit Facility • Infrastructure upgradation for Software/Website Development & Security Testing (Servers, laptops, backup system) • Certification (ISO and security compliance) • Capacity Building • Adoption of quality standards & tools • Development of Internal Systems & Process Automation	45.00
2	Strengthening Managed Security Services Framework • Network Infrastructure • Server Infrastructure	87.00
3	Development of knowledge based applications in Malayalam • Bilingual Optical Character Recognition(OCR) system • AI based bilingual chatbot for integrating with web portals • Spelling –Grammar checker for Malayalam • Development and maintenance of Malayalam fonts	50.00
4	Augmentation of Animation, Video production facility and streaming through web channel	40.00
5	Security Document Forensic Laboratory.	80.00
6	Development of Data Analysis solutions using Government data for Artificial Intelligence based decision making	30.00
7	Completion of construction of ICT building complex for C-Dit	100.00
8	Maintenance of Chief Minister's Online Public Grievance Redressal System	150.00
9	Augmentation of Digital Archiving Centre at C-DIT (New)	16.00
10	Fabrication of A2 CMOS camera based scanners for archival digitalization (New)	15.00
11	Setting up a Centre of Excellence in AR,VR, and MR	200.00
	TOTAL	**813.00**

VII. TRANSPORT AND COMMUNICATION

A well-developed system of transport and communication is essential for economic development of a country. Good physical connectivity in the urban and rural areas is essential for economic growth. The development schemes under Transport sector are carried out under 5 major heads viz; Ports Light Houses and Shipping, Roads and bridges, Road Transport, Inland water Transport and Other Transport Services.

The objective of the Transport Sector is to "build resilient transport infrastructure and associated systems that support movement of passengers and cargo while ensuring economic efficiency, social equity and environmental sustainability".

The focus of the transport sector is on creating a safer, more inclusive and modern network by integrating various modes of transport. Emphasis is also placed on boosting maritime trade through the development of non-major ports. With a view to enhance commuter protection significantly, importance is given to road and rail safety. Inclusivity is prioritized by constructing bridges in tribal villages to ensure remote areas are connected to essential services, while the public transport experience is being revitalized through the modernization of KSRTC depots and the purchase of new and efficient buses. The amount provided in the budget 2026-27 for the sub sectors are detailed below:

Sl. No.	Sub Sectors	Amount (₹ in lakh)
7.1	Port, Light Houses & Shipping	9808.00
7.2	Roads & Bridges	118243.00
7.3	Road Transport	22810.00
7.4	Inland Water Transport	13814.00
7.5	Other Transport Services	22478.00
	Total	**187153.00**

7.1 PORTS, LIGHT HOUSES AND SHIPPING

Ports, light houses and shipping sector deals with subject of coastal navigation and logistics. In Kerala, there are four operational ports out of 17 notified ports. They are Azhikkal, Beypore, Kollam and Vizhinjam Ports. Department of Ports, Harbour Engineering Department, Hydrographic Survey Wing, Vizhinjam International Seaport Ltd. and Malabar International Port & SEZ Ltd. are the agencies involved in the activities related to Ports in the State. With the advent of Kerala Maritime Board (KMB), all activities related to ports and shipping is entrusted with KMB. An amount of ₹ 9808.00 lakh is provided in the Budget 2026-27 for Ports, light houses and shipping sector.

The sub sector wise allocation for Port sector in the Budget 2026-27 is as detailed below.

Sl. No.	Name of Department	Amount (₹ in lakh)
1	Port Department	8699.00
2	Harbour Engineering Department (HED)	750.00
3	Hydrographic Survey Wing (HSW)	359.00
	Total	**9808.00**

7.1.1 Port Department & Kerala Maritime Board (KMB)

The Department of Ports administered 17 non major ports along the 590 km long Kerala coast until January 2018. As per KMB Act 2017, the KMB is vested with powers to administer, develop & manage all non-major ports in the State.

1. E-governance and capacity building in KMB

(Outlay: ₹ 100.00 lakh)

KMB is the body for the management of non-major ports in Kerala. Its business has to be undertaken in accordance with government's e-governance policy. This scheme includes replacement & procuring of hardware & software infrastructure, developing MIS, web portals-filing systems and revising systems, processes & manuals, for ensuring smooth functioning of the entire department. This includes replacement, procurement and maintenance of computers and other allied peripheral devices, establishment of CCTV surveillance biometric systems etc. An amount of ₹ 100.00 lakh is provided in the Budget 2026-27 for undertaking the following activities in which ₹ 10.00 lakh is earmarked for implementing women centered activities under the scheme.

a. E-governance in KMB

An amount of ₹ 50.00 lakh is provided for the financial year 2026-27 for undertaking the following activities.

Sl. No.	Components	Amount (₹ in lakh)
1	Procurement/implementation of infrastructure for E – office and network & its security facilities	**50.00**
2	Purchase of lab equipments, books, chart, exhibiting equipments and conducting various training programme	

b. Maritime Training and capacity Building:

An amount of ₹ 50.00 lakh is provided in the Budget 2026-27 for the conduct of trainings in professional management, technical and administration, skill and capacity enhancement of department officers in planning, implementation, monitoring, operation and maintenance of projects/assets handled by Kerala Maritime Board. Modules like training to engineers and workforce in infrastructure, green technologies and innovative practices also needs to be taken

up. Amount is provided for conducting, attending training programmes, seminars, workshops and courses in India and abroad.

2. Implementation of KIV Rules

(Outlay: ₹ 550.00 lakh)

Inland Vessel Act – 2021 regulates the registration and survey of all mechanized inland vessels. It lays down specific standards for safety, security and pollution control to be followed by vessels plying in inland waterways. The Kerala Maritime Board is bound to ensure strict compliance and adherence to the provisions of the law to achieve responsible and sustainable utilization/development of the natural resource. By smooth implementation of IV Act, Kerala's wide network of interconnected inland waterways will become safe, secure, pollution free, attractive and significant revenue earner for the tourism sector. The state Government and Inland Water Authority of India is working to utilize the waterways for safe, secure, economic and environment friendly movement of cargo and passenger. An amount of ₹ 550.00 lakh is provided in the Budget 2026-27 for the following activities.

a. Regulatory Functions under KIV Rules

The scheme envisages provisions for human resource and allied expenditures in strengthening the institutional arrangement for the implementation of rules, establishing a joint implementation/enforcement team to conduct inspections for law enforcement, maintenance of survey equipment, fuel expenses, survey and inspections, associated travel expenditure, investigations and studies connected with IV Act. An amount of ₹ 50.00 lakh is provided in the Budget 2026-27 for undertaking the following activities.

Sl. No.	Components	Amount (₹ in lakh)
1	To implement and enforce IV Act, conduct inspections, maintain survey equipments etc. in all ports	**50.00**
2	Rent of the detention yard & wages for securities and purchase of survey equipments and boats	

b. Infrastructure Development for KIV Rules Implementation

The scheme has provision for undertaking necessary development & maintenance of inland waterways by dredging, establishing of navigational aids including marking buoys, construction of dry docks etc, and land acquisition for the construction of the dry dock. An amount of ₹ 500.00 lakh is provided in the Budget 2026-27 for undertaking the following activity.

Sl. No	Components	Amount (₹ in lakh)
1	Construction of dry-dock, detention yard, floating dry dock and land acquisition for dry dock	**500.00**

3. Augmentation of workshop and stores organization

(Outlay: ₹ 300.00 lakh)

The Mechanical Engineering Wing (MEW) is the technical arm of the Department

entrusted with the procurement, operation, maintenance and fixation of hire charges/rates of floating crafts, cranes and all other equipment in the non-major ports under KMB. There are two Mechanical Engineering Workshops under this Board, one at Kollam Port and the other at Beypore Port, managed by the Mechanical Engineering Wing (MEW).

This scheme envisages up keep and modernization of offices & workshops under Mechanical Engineering Wing of KMB. It includes procurement of stores and spares, consumables including fuel for operation, maintenance and repair of tools, plants and equipments, floating crafts including tugs, dredger, port equipments, ITVs, renewable energy sources like solar systems, standby emergency power supply units/generators, necessary support systems and annual insurance coverage of equipments. An amount of ₹ 300.00 lakh is provided in the budget 2026-27 for undertaking the following activities.

Sl. No.	Components	Amount (₹ in lakh)
1	Annual repair and maintenance of tugs, cranes, dredger, forklift and all other operational equipments of Kozhikode and Kollam MEW	**300.00**
2	Modernisation of Mechanical engineering workshops	
3	Purchase of tools, store items, fuel, statutory inspection fees, insurance charges etc.	

4. Kerala Maritime Institute - As Centre of Excellence

(Outlay: ₹ 550.00 lakh)

Kerala Maritime institute is intended to create professionally qualified and skilled human resource in maritime sector through education, research and training with long term perspective of making Kerala a maritime educational hub in India. The Institute has two campuses Neendakara and Kodungallur. Construction of auditorium, library & reading room at two campuses, workshops, development of websites/portals, labs, library and mock ships required for the training of sea farers as required.

An amount of ₹ 550.00 lakh is provided in the Budget 2026-27 for undertaking the following infrastructure development activities.

Sl. No.	Components	Amount (₹ in lakh)
1	Construction of swimming pool for KMI at Kodungalloor	**550.00**
2	Construction of administrative building for KMI at Kodungalloor	

5. Development of Non-Major Ports

(Outlay: ₹ 6500.00 lakh)

The objective of the scheme is to develop full-fledged ports by providing infrastructure including connectivity, storage facilities, procurement and maintenance of necessary vehicles, ITVs (Internal Transfer Vehicles), navigation aids, floating crafts tools and equipment for the sustainable movement of cargo and passenger transportation in the identified ports namely Azhikkal, Beypore (Kozhikode), Kollam, Vizhinjam and development of other non-major ports

including Ponnani, Alappuzha, Kodungallor, Thalassery, Valiyathura, Vadakara, Kannur, Kasargode. The primary goal of Kerala Maritime Board is to ensure optimum utilization of the existing facilities in the ports and identifying future development plans.

Activities included in the scheme are for implementing ISPS codes to enhance the security level of ports, capital dredging, implementation of Manual Dredging Policy 2017 and establishment of dredged material processing unit, conservation and development of land and other assets in the port limits, dredging and reclamation of port land, enhance connectivity to ports, construction/maintenance/renovation of necessary infrastructure facilities, establishment of renewable energy units, purchase of self-operated electrical equipment and generators, greening of port land and areas under port department in these ports, purchase of necessary equipment for coastal security and communication. The scheme also include maintenance dredging, construction of wharfs, administrative building, compound walls, renovation of piers, of all non-major ports.

Overall, the scheme aims to modernize Kerala's ports, improve their efficiency, and ensure their long-term sustainability. It focuses on infrastructure development, operational efficiency, environmental protection, and security enhancement. An amount of ₹ 6500.00 lakh is provided in the budget 2026-27 for undertaking these activities and spill over commitments.

The amount can also be used as state share of the approved projects under Sagarmala (Central Sector Scheme) if required. The necessary amount can be re appropriated to Sagarmala head if any specific projects gets approval from Sagarmala.

6. Development of Vizhinjam Deep Water International Transhipment Terminal

(Outlay: ₹ 1.00 lakh)

Vizhinjam International Sea Port is the first deep water transshipment port of the country. The key attractions of the Vizhinjam international seaport project are its natural depth of 18 m, the nearness of 10 nautical miles to the international shipping route and the minimal maintenance dredging requirements. The first phase of the port was commissioned on 3rd December 2024 with a container handling capacity of 1 Million TEU (Twenty Foot Equivalent Units) with 800 m berth length and future expansion to 3 Million TEU/2000 m berth length in successive phases. The total estimated cost of the first phase of the project is ₹ 866700 lakh with (i) ₹ 408900.00 lakh as PPP component (ii) ₹ 142700.00 lakh as funded work of breakwater and fishing harbour (iii) ₹ 315100.00 lakh for other project costs like external infrastructure and land acquisition, R&R for project affected people and for general administration expenses.

This is the first port project in the country being executed in Public Private Partnership (PPP) model with Viability Gap Funding (VGF) from Government of India (GoI). Out of the PPP component of ₹ 408900.00 lakh, investment of ₹ 163500.00 lakh is the VGF part (with ₹ 81780.00 lakh from GoI and ₹ 81720.00 lakh by Government of Kerala) and the investment of ₹ 245400.00 lakh is by the Concessionaire, AVPPL.

Amount is provided for meeting the following

- Social Welfare activities/Rehabilitation and Resettlements for Project affected peoples
- Guarantee commission
- Revenue expenditure- Staff expenses, establishment expenses and consultancy/ legal charges.
- Capital expenditure- including construction of office building

A token provision of ₹ 1.00 lakh is provided in the Budget 2026-27. The scheme is included in the list of MIDP. Funds for meeting the State share of the project cost can be obtained from the outlay provided under the head "Major Infrastructural Development Projects", depending on actual requirement.

7. Malabar International Port – (Old Green Field Feeder Port) Azhikkal Port

(Outlay: ₹ 696.00 lakh)

The objective of the scheme is the development of a Green Field International Port (Outer Harbour) to serve northern part of Kerala and southern part of Karnataka. The port will offer efficient facilities for maritime industry with an impact to hinterland industrial development.

The development of the seaport at Azhikkal in Kannur District and Industrial parks in Malabar region will be undertaken by Malabar International Ports and SEZ Ltd, a Special Purpose Vehicle under the KMB in Government of Kerala. The Company will oversee the planning, designing, necessary statutory clearance, resource mobilization, development and subsequent operations of the port under an appropriate operational model and adopting internationally accepted practices in the sector. To handle ships up to 12.6m draught (depth) in Phases1 and 2 and 14.5m in Phase 3. Present estimated project cost: ₹ 5047.00 crore (₹ 3742.00 crore + ₹ 375.00 crore + ₹ 930.00 crore) in 3 phases. A dedicated road to the National Highway bypass is to be developed for the port in Phase 1 for use during the construction and the subsequent port operations. Rail connectivity is proposed only in the 3rd Phase.

Environment Impact Assessment (EIA) report was submitted to KSPCB on 30.01.2025 and application for the Environment Clearance was submitted in the Parivesh Portal on 10.04.2025. As per G.O.(Ms)No.29/2025/F&P dated: 23.12.2025 the Government approved the DPR along with Financial Model submitted by CMD.

An amount of ₹ 696.00 lakh is provided for the activities of Malabar International Ports and SEZ Ltd in the Budget 2026-27. Amount is provided for establishment and project management including financial, technical and business consultancy fees for the purpose of exploring private sector interest in the port development.

8. a. Sagarmala project (State share) (Outlay: ₹ 1.00 lakh)

b. Sagarmala project (Central share) (Outlay: ₹ 1.00 lakh)

SAGARMALA project is the Central Sector scheme envisioning port led development by optimally utilizing the 7500 km long coastline of the country. Sagarmala provides assistance in two forms, one is in the form of financial assistance for component wise development in ports including dredging, breakwater construction, berth construction, modernization etc. and other in the form of equity support to SPVs undertaking development of ports and allied infrastructure. KMB is exploring possibilities for availing financial assistance for construction of berths and dredging of channel and basin for various ports. As the central assistance under Sagarmala is on project mode based on approval from Government, a token provision ₹ 1.00 lakh each is provided under respective heads of account as State share and Central share in the Budget 2026-27 for sourcing central assistance.

The amount required as state share of the approved projects under Sagarmala (Central Sector Scheme) can be taken from the scheme 'Development of non-major ports'. The

necessary amount can be re appropriated from the scheme to Sagarmala head if any specific projects gets approval from Sagarmala.

7.1.2. Harbour Engineering Department

Harbour Engineering Department (HED) is functioning under the Department of Fisheries, Government of Kerala. The Harbour Engineering Department acts as a service agency for the fisheries, Port and Tourism Departments. In addition, it manages and upkeep all fishing harbours. The major task of the department is to investigate, explore, develop and execute new methods and technology for creating infrastructure development in marine sector. It provides technical support to Fisheries Department, KMB and Tourism Department in coastal sector in upgrading the performance of these departments. The following schemes are included to be implemented by HED in port sector in the Budget 2026-27.

1. Modernisation, Research and Development of Harbour Engineering Department

(Outlay: ₹ 750.00 lakh)

Harbour Engineering Department has 36 offices (24 sub divisional offices, 8 divisional offices, 3 circle offices and office of CE) in the state.

The objective of the scheme is to equip HED in upscaling its administration, governance and project management capacities. The scheme include upgradation and up keep of administrative and allied infrastructure of HED, training and capacity building,e-governance and R&D activities of HED. This is an on-going scheme. The scheme is operated under 3 heads. The components of the scheme are detailed below.

a) Capital works of HED

Infrastructure Development works

Sl. No.	Components	Amount (₹ in lakh)
I	**Ongoing Projects/Works**	**350.00**
1	Lifting and renovation of Type II HED staff quarters at Kamaleswaram	
2	Modification to internal seating arrangements at Kamaleswaram office	
3	Renovation works in front of circle and division office complex at Kamaleswaram	
4	Expansion of Kollam IB and Vizhinjam IB	
5	Guest room and open stage at IB Thangassery	
6	Construction of HED office at Alleppy -Phase I	
7	Repair and maintenance of Sub division offices at Thottapally, Mopilabay and Puthiyappa	
8	Car shed and parking area of sub division at Valiazheekal	
9	Vertical expansion of Puthiyappa Sub division	
10	Repairs of various quarters and offices of HED	

Sl. No.	Components	Amount (₹ in lakh)
II	**New works**	
11	Expansion of Vizhinjam IB	
12	Repair and maintenance of HED quarters and offices at Thangassery	
13	Car shed and parking area of sub division at Valiazheekal	
14	Construction of office complex at Ernakulam	
15	Lifting staff quarters at Kamaleswaram	
16	Repairs of various offices of HED	
17	For upkeeping of office vehicles including insurance charges	

The scheme also intends to meet the spill over commitment of the programmes/projects initiated in the previous years. An amount of ₹ 350.00 lakh is provided in the Budget 2026-27 for implementing the above components.

b) Training and Capacity building (HED)

This component is intended for the capacity building of officers and staffs of Harbour Engineering Department by imparting training through accredited institutions and ensuring basic digital background for office administration. This include training, workshops, seminars, study visits, activities related to e-governance, IT infrastructure, bio-metric punching in HED offices, internet charges & renewal of software licenses.

Sl. No.	Components	Amount (₹ in lakh)
1	E-office implementation at Sub Division Offices of HED	**200.00**
2	Internet charges for all online applications such as Spark, Price, ipromise, Bims, Bams, CMO portal, e-office etc.	
3	Procurement of laptop, desktops, printers and scanners to various offices in HED	
4	Training for departmental personnel of HED through recognized institutions, conducting workshops, technical seminars and technical discussions	
5	Field visit to ports, harbours and other off shore structures within or outside India.	
6	IT hard & soft infrastructure procurements	
7	Capacity building training programme for HED officers	
8	Special training programme (3rd batch) on coastal engineering aspects for engineers of HED	
9	Upkeeping of computer and allied equipments of various HED offices	

An amount of ₹ 200.00 lakh is provided in the Budget 2026-27 for implementing the

above components.

c) Research and Development (HED)

The following components included for the Budget 2026-27

Sl. No.	Components	Amount (₹ in lakh)
1	Construction of quality control lab and purchase of equipments in field offices	**200.00**
2	Purchase and upgradation of design software including license renewal	
3	Engaging Engineering graduates for assisting in design, investigation, and quality control and implementation of field level projects	
4	R&D expenses connected with innovative projects and documentation of projects, adopting new technologies and piloting them.	
5	Consultancy charges for Architects and technical experts in design and modeling	
6	Digital library, purchase of books pertaining to the surveys and studies	

An amount of ₹ 200.00 lakh is provided in the Budget 2026-27 for implementing the above components.

7.1.3 Hydrographic Survey Wing

The Hydrographic Survey Wing was constituted in 1967 as a component of the Kerala Port Department to meet the requirements of hydrographic investigation. The Wing conducts Pre & Post-dredging Surveys and Pre & Post Monsoon surveys in order to ascertain nature of coastal belts ensuring seamless navigation. The wing also undertakes hydrographic Survey requirement of Harbour Engineering Department, Fisheries Department and other Government Organizations as well as furnishes hydrographic data demanded by the National Hydrographic Office, Dehradun (Indian Navy) for updating the navigational chart.

1. Hydrographic Surveys – Pre - Monsoon and Post-Monsoon Dredging and Purchase of Electronic Equipments and SurveyInstruments

Pre monsoon and post monsoon dredging and Purchase of Electronic Equipments and Survey Instruments are coming under the scheme.

A. Pre-Monsoon and Post-Monsoon Dredging

(Outlay: ₹ 100.00 lakh)

The scheme is for collecting hydro graphic data. Dredging is to be done in several occasions in ports, canals and waterways etc. In order to plan and conduct dredging, accurate hydro graphic data is needed. This scheme aims to collect accurate hydrographic data and preparation of hydrographic charts of intermediate and minor ports in Kerala. With the help of accurate data, speedy and systematic dredging can be done ensuring seamless and smooth movement of vessels.

This scheme includes project surveys, maintenance and insurance of survey vessels, digitization of Kerala coast, Inland Navigation surveys, investigations and feasibility study of

water bodies, hydrographic chart preparation, tidal data collection, dredged volume calculation, purchase and upgradation of software, hardware and infrastructure development and purchase of petrol, diesel, lubricants etc for survey vessels & vehicles.

Sl. No.	Components	Amount (₹ in lakh)
1.	Pre and post monsoon surveys (60 nos)	100.00
2.	Pre and post dredging survey (75 nos)	
3.	Investigation survey (20 nos)	
4.	Project Survey (50 nos)	
5.	Minor maintenance, fuel for survey vessels and vehicles and insurance of survey vessels and vehicles (10 nos)	
6.	Training/workshop/seminars for staff (10 nos)	
7.	Data processing and chart preparation (205 nos)	
8.	Purchase of survey software, hardware, AMC and infrastructure development (10 nos)	

An amount of ₹ 100.00 lakh is provided in the Budget 2026-27 for undertaking the above activities.

B. Purchase of Electronic Equipments and SurveyInstruments

(Outlay: ₹ 84.00 lakh)

Hydrographic Survey Wing has been conducting regular hydrographic surveys and providing data and charts for the navigational research and development purposes. To conduct such surveys for collecting accurate data, modern survey instruments and software are necessary. Hydrographic data are essential for the development of ports, fishing harbours and Waterways. The scheme aims to provide modern survey equipment for hydrographic survey. Purchase of modern survey instruments and software such as Echo sounder, DGPS and other survey instruments are included in this scheme. An amount of ₹ 84.00 lakh is provided for undertaking the following activities in the Budget 2026-27.

Sl. No.	Component	Amount (₹ in lakh)
1	Procurement of Echo sounder, DGPS, GNS based rover system and survey controller	**84.00**

2. Hydrographic Survey Institute in Kerala

(Outlay: ₹ 20.00 lakh)

Kerala Institute of Hydrography and Advanced Studies (KIHAS) was constituted as a society as per the G.O (Rt.) No. 97/2014/F&PD dated 03.02.2014 and functioning as an independent society in the campus of Kerala University of Fisheries and Ocean Studies (KUFOS). Hydrographic Survey Institute has been conducting Basic Hydrographic Survey Course, Basic Marine Electronic Course (BMEC), total station survey course and training to technical staff of this wing. The institute also intends to impart training to staff of other

departments who works in the hydrography related sector on demand/need basis.

This scheme aims to re-structure the courses and seek affiliation from reputed organisations as part of institutional strengthening activities. In the Budget 2026-27, the institute also intends to implement the following activities.

Sl. No.	Components	Amount (₹ in lakh)
1	Infrastructure development, AMC, purchase of modern survey equipment/instruments for institute	**20.00**
2	Purchase of software and hardware for institute	
3	Survey courses	

An amount of ₹ 20.00 lakh is provided in the Budget 2026-27.

3. Replacement and Renovation of Survey Vessels

(Outlay: ₹ 55.00 lakh)

The Hydrographic Survey Wing is equipped with a fleet of 8 Survey vessels and Dinghies. As the activities of hydrographic surveys are increasing, frequent repairs and renovation of the existing vessels are needed. The scheme is intended to facilitate renovation and replacement of survey vessels and equip the wing with modern vessels.

Major repair works of survey vessels and dinghy are included in the scheme. An amount of ₹ 55.00 lakh is provided in the Budget 2026-27 for undertaking the following activities.

Sl. No.	Components	Amount (₹ in lakh)
1	Renovation of survey vessels	**55.00**
2	Renovation of Dingy	

4. Construction and renovation of office buildings, boat shelters and quarters

(Outlay: ₹ 50.00 lakh)

Hydrographic Survey Wing has 7 offices and it maintains several boat shelters. Three of the offices (Thiruvananthapuram, Kozhikode and Kodungallur) have own buildings and theother 4 offices are working in the buildings owned by other government departments/agencies. For keeping the assets in good condition, renovation and civil works are needed. The scheme is intended for renovation of the offices and boat shelters.

Sl. No.	Components	Amount (₹ in lakh)
1	Electrification and other works of new office building at Alappuzha	**50.00**
2	Construction of boat shelter, floating jetty, boatyard	
3	Maintenance of office building and quarters	

An amount of ₹ 50.00 lakh is provided in the Budget 2026-27 for undertaking the above activities coming under the scheme.

5. Digital Governance in HSW

(Outlay: ₹ 50.00 lakh)

To conduct survey and prepare survey charts and to transfer them to the head office through virtual means (online), development of e-charting, e-surveying, e-office, mobile application etc. are the objectives of the scheme. This demands processing of data/preparation of charts and transfer of data in hydrography sector to digital platform. A web based system will improve the speed of survey, preparation of charts and transfer of data which involves development and implementation of e-charting, e-filing system under the guidance of the IT mission.

Sl. No.	Components	Amount (₹ in lakh)
1	Purchase of software and hardware licence, AMC fee etc	**50.00**
2	Integrated command and control centre	

An amount of ₹ 50.00 lakh is provided in the Budget 2026-27 for undertaking the above activities.

7.2 ROADS AND BRIDGES

The Fourteenth Five Year Plan gives thrust on up gradation of the Road and Road Transport infrastructure, thereby improving the mobility and accessibility, ultimately reducing travel time, vehicle maintenance cost and reduction in accidents. The activities in roads sector are development and improvement of State Highways, Major District Roads, rehabilitation/ reconstruction of bridges in State Highways (SHs) and major districts roads and emphasis on road safety, R&D, training and capacity building and use of innovative technologies.

The major activities in the sector comprises of:

(1) Development of National, Hill and Coastal Highways.

(2) Construction and Improvement of Roads & Bridges in State Highways and Major District Roads.

(3) Kerala Highway Research Institute as a Centre of Excellence.

(4) Construction of Bypasses, Urban links, Sea port - Airport Roads, Sabarimala Roads and Road & Railway safety works.

(5) Railway development works through Kerala Rail Development Corporation (KRDCL).

(6) Training, Capacity Building and R&D activities.

The various wings of PWD departments under this sector are PWD (NH) and PWD (R&B).

The source wise outlay provided in the Budget 2026-27 for Roads and Bridges sector are:

Sl. No.	Department	State	NABARD	Total Outlay (₹ in lakh)
1	PWD (Roads)	64969.00	16500.00	81469.00
2	PWD(Bridges)	18146.00	9500.00	27646.00
3	PWD (NH)	9128.00	----	9128.00
	Total	**92243.00**	**26000.00**	**118243.00**

The schemes in Roads & Bridges sector broadly cover State Highways, Major District Roads and National Highways.

I. Public Works Department (Roads)

1. Development and Improvement (SH)

(Outlay: ₹ 8700.00 lakh)

State Highways are roads that link important cities, towns and district headquarters within the State and connect them to NHs and SHs of other states. The scheme aims to carry out relaying and designing of SH including heavy maintenance (BM & BC) works at the State Highway for long term durability and other development and improvement works in State Highways. The full depth reconstruction and milling technologies may be followed as the case may be in order to:

i. Reduce consumption of scarce construction materials
ii. To avoid raising of footpaths, drains and manholes
iii. To prevent entering rain water into houses/establishments alongside the road
iv. Upgrading State Highways into IRC Standards depending on Traffic volumes and improving Geometrics depending on availability of land.

The amount provided envisages spill over commitments and up gradation by overlaying/ designing of roads to State Highway standards.

An amount of ₹ 8700.00 lakh is provided for the scheme in the Budget 2026-27.

2. Development and Improvement (MDR)

(Outlay: ₹ 30050.00 lakh)

The Major District Roads (MDR's) are the important roads within a district that serves areas of economic activities and interconnects each other with highways.

The scheme aims to carry out heavy maintenance (BM & BC) in Major District Roads to minimize over straining the existing infrastructure due to the increased transport demand. It is planned to take up plastic/rubberized bitumen technology in road construction and promote natural rubber consumption. The full depth reconstruction and milling technologies may be followed as the case may be in order to:

i. Reduce consumption of scarce construction materials
ii. To avoid raising of footpaths, drains and manholes
iii. To prevent entering rain water into houses/establishments alongside the road

The amount provided for upgrading Major District Roads into IRC Standards depending on traffic volumes and improving geometrics. The activities cover overlaying/designing BM &

BC works in existing Major District Roads to meet the increased transport demand. The scheme also envisages the construction/reconstruction of roads for improving connectivity to tribal unnathies and tourism destinations. As part of this, the following road works would also be taken up for improving tribal connectivity roads.ie, Kaloor- Nambikolli road and Pallikkunnu Vennilod Pathikkal Bridge road in Wayanad District.

An amount of ₹ 30050.00 lakh is provided for the scheme in the Budget 2026-27.

3. NABARD works – Construction and Improvement of Roads

(Outlay: ₹ 16500.00lakh)

The provision is intended for completing the on-going RIDF road works under RIDF schemes XXII to XXVIII. The scheme envisages to complete 400 km of road with NABARD assistance.

An amount of ₹ 16500.00 lakh is provided for the scheme in the Budget 2026-27.

4. Construction of Airport – Seaport Road

(Outlay: ₹ 1.00 lakh)

Government of Kerala entrusted the construction of a modern highway between Cochin Seaport and Cochin International Airport to RBDCK with NH standards. RBDCK completed the construction of first phase of Airport Seaport road from Karingachira to Kalamassery (13.5 km) as a two lane road. The second phase of road from HMT to airport is divided into 3 sections:

- Section A – HMT to Mahilalayam
- Section B – Mahilalayam to Chowara (completed)
- Section C – Chowara to Airport

Section B including two bridges across Periyar (Mahilalayam to Chowara) has already been completed. The work of the road portion from HMT to Naval Armament Depot (NAD) in the section A is progressing. Balance work in the Section A from NAD to Mahilalayam is included in the KIIFB scheme. Section C can be taken up after the completion of section A and B.

An amount of ₹ 1.00 lakh is provided for the scheme in the Budget 2026-27 for completing the stretches of Airport Seaport road (HMT to NAD) under state assistance.

5. Sabarimala Road Project

(Outlay: ₹ 1500.00 lakh)

This project intends to undertake the balance heavy maintenance and development works of Sabarimala Roads (225 km) in a phased manner as per IRC standards specifically focusing pilgrim roads in Pathanamthitta and Kottayam districts. To carry out the works, full depth reconstruction and milling technologies may be followed as the case may be based on field conditions.

An amount of ₹ 1500.00 lakh is provided for the scheme in the Budget 2026-27.

6. Development of Roads in Thiruvananthapuram, Kochi, Kollam, Kozhikode and Thrissur Cities

(Outlay: ₹ 700.00 lakh)

The objective of the scheme is to resolve traffic congestion in major cities by developing urban links to PWD roads and enhance transportation capacity of PWD roads in the five major cities viz. Thiruvananthapuram, Kollam, Kochi, Thrissur and Kozhikode. The scheme envisages

BM & BC road improvement works on identified urban link roads including existing roads, formation and widening and land acquisition cost based on Comprehensive City Mobility Plans/District Road Network development plans. The full depth reconstruction and milling technologies may be followed as the case may be based on field conditions. Amount is provided for BM and BC road improvement works in Thiruvananthapuram, Kollam, Kochi, Thrissur and Kozhikode.

An amount of ₹ 700.00 lakh is provided for the scheme in the Budget 2026-27.

7. State Road Improvement Project (SRIP)

(Outlay: ₹ 1.00 lakh)

The Project envisages scientific development of selected State Highways and Major District Roads with designed pavements, shoulders, footpaths, culverts, bridges, drains, ducts for utilities and road safety works.

The project proposes to improve the roads under two packages, "Rehabilitation" Package and "Up gradation" Package. The Rehabilitation Package involves development of the existing roads without land acquisition whereas marginal land acquisition required under upgradation package for geometrical corrections and junction improvements. The Rehabilitation Package will be implemented as a Public Private Partnership Project on BOT – Annuity mode and Upgradation Package will be implemented availing financial assistance from appropriate financial institutions.

The details of roads under Rehabilitation Package are:

Package –A (Modified) (25 km)

- Vidyanagar - Seethangoli Road, Kasargod (9.40 km)
- Uppala – Kaniyana Road, Kasargod (15.60 km)

Package – B (58 Km)

- Kanjirapally - Kanhiramkavala Road (Sabarimala - Kodaikkanal Road), Kottayam (36.10 km)
- Vellanadu- Chettachal Road, Thiruvananthapuram (21.90 km)

The package A&B are completed and switched over to annuity payment mode. The upgradation packages are to be taken up exploring other sources of funding.

An amount of ₹ 1.00 lakh is provided for spill over payments under package A&B in the Budget 2026-27.

8. Implementation of PPP (Annuity) Road Maintenance Projects

(Outlay: ₹ 5880.00 lakh)

The Public Works Department intends to extend the P.P.P. (Annuity) model project concept followed in the State Capital Road Improvement Project to other cities to ensure that maximum road length is upgraded as quality roads with suitable warranty provisions.

In general, as per Concession Agreement, the first annuity payment date will fall due after 180 days from date of Commercial Operation Date (COD). The financial commitment towards payment of Annuity during 2026-27 is given below:

Year	Concessionaire
2026-27	**Package –A (Modified)** • Vidyanagar - Seethangoli Road, Kasargod (9.40 km) • Uppala – Kaniyana Road, Kasargod (15.60 km)
	Package – B • Kanjirapally - Kanhiramkavala Road (Sabarimala - Kodaikkanal Road), Kottayam (36.10 km) • Vellanadu- Chettachal Road, Thiruvananthapuram (21.90 km)

An amount of ₹ 5880.00 lakh is provided for the scheme in the Budget 2026-27 for meeting annuity payments.

9. Feasibility Studies for New Schemes/ Projects

(Outlay: ₹ 250.00 lakh)

Public Works Department is taking up major projects routinely which require feasibility studies, DPR preparation and detailed design and implemental plans. The provisions is for meeting expenditure on conducting feasibility studies, investigation studies, preparing DPR for new schemes, projects/programmes for roads works undertaken by the department as well as through institutions like KHRI, NATPAC and other agencies.

Preparations of Comprehensive Mobility Plan and Road Network Development Plan for all Districts with particular emphasis/priority to Corporations are to be taken up for the planned development of sustainable and safe transport in cities/towns. Amount provided is also for the expenses related to conducting investigation and designing new project/schemes, implementation of Road Maintenance Management System (RMMS) in Core Road Network (CRN) and non-CRN roads.

An amount of ₹ 250.00 lakh is provided for the above activities under the scheme in the Budget 2026-27.

10. Kerala State Transport Project (KSTP) Phase II

(Outlay: ₹ 10000.00 lakh)

The scheme is for implementing the phase II programme of KSTP. The activities under KSTP phase II covers up gradation of 363 Km of roads and Road Safety Management and Institutional strengthening. Amount is provided for the following activities

Ongoing:

1) Kottiyam - Kundara Road
2) Vypin - Munambam Road
3) Ponkunnam - Thodupuzha, Vattavada- Top Station - Munnar Road
4) Kollam - Ayoor, Kayamkulam - Thiruvalla, K.P.Road - Adoor, Thrikkunnappuzha - Thattarambalam, Panthalam - Kaippattoor Road

Under DLP/Maintenance Period:-

1) Punalur- Konni Road
2) Konni- Plachery Road

3) Plachery- Ponkunnam Road
4) Safe Corridor Demonstration Project (SCDP)- Kazhakuttom - Adoor Road
5) Chemmennar Gap Road
6) Painavu - Thannikkandom -Asokakavala Road
7) Adoor - Chengannur Road

An amount of ₹ 10000.00 lakh is provided for the implementation of the scheme in the Budget 2026-27.

11. Railway Safety Works

(Outlay: ₹ 2500.00 lakh)

The Government of Kerala entrusted the construction of 27 ROBs to KRDCL (Kerala Rail Development Corporation Ltd.) on cost sharing basis between Railways and Govt. of Kerala. The scheme proposes construction of Railway over bridges/Railway under bridges with the objective of Road and Rail Safety. The amount provided is to meet the cost of completion of on-going ROB works as well as cost of taking up new ROB works, covering land acquisition costs and investigation expenses during 2026-27.

An amount of ₹ 2500.00 lakh is provided for the scheme in the Budget 2026-27 including spill over commitments. Out of this, an amount of ₹ 5.00 crore is provided for construction of Dharmadam railway station underpass at Kannur District.

12. Roads Safety Works

(Outlay: ₹ 2337.00 lakh)

An analysis of accident prone stretches in the State, revealed 374 black spots identified by NATPAC in the road network of the State. Most of the black spots are in National Highways and State Highways and rest on other roads.

The scheme includes black spot rectification works and related land acquisition ,road safety measures for disabled persons, other road safety works such as installation of crash barrier, junction improvement, installation and maintenance of road safety furniture, improvement of roads in school zones, construction of bus bay, traffic message signs on major cities, road safety works in Sabarimala roads, direction boards to airports, railway stations, bus stations, Govt. schools/offices/ hospitals, road safety audit of State Highway and road safety instruments etc

The outlay provided is for the above activities based on measures/corrective steps identified by department through qualified institutional agencies like KHRI, NATPAC etc.

An amount of ₹ 2337.00 lakh is provided for the scheme in the Budget 2026-27.

13. Manning of Unmanned Level Crossings

(Outlay: ₹ 250.00 lakh)

This scheme is to meet the cost towards manning of unmanned level crossing. The payment shall be made to railways for manning of unmanned level crossings spreads across the state.

An amount of ₹ 250.00 lakh is provided for the scheme in the Budget 2026-27.

14. Up-gradation of KHRI as Centre of Excellence (CoE)

(Outlay: ₹ 2150.00 lakh)

The scheme envisages upgradation of KHRI as a Centre of Excellence (CoE) in infrastructure Sector including Highways. The objective of CoE is to collaborate closely with experts from academia, industry and other road sector stakeholders towards creating an enabling environment to support the growth of research and innovation and to act as a knowledge-sharing platform leading to capacity building of the sector.

A total outlay of ₹ 2150.00 lakh is provided for the scheme for the following components in the Budget 2026-27:

(a) Training and Capacity building (₹ 300.00lakh) - An amount of ₹ 300.00 lakh is provided for conduct of Training, Seminars, conferences, exhibitions, workshops and field visit are conducted for the staff of Design Wing and other wings inside and outside the state. The training programme for departmental staff including Electrical, Electronics and Architectural wing of PWD, Management Training for top level officers of PWD in association with National Institutes, training for contractors, staffs of Quality Control Labs and workers regarding Quality Control. Compulsory induction training programmes for various sectors and commencement of trainings to be conducted at Neriyamangalam training Centre. Specialized trainings to be conducted at KHRI and Design Wing and common trainings through HRD wing.

b) R&D activities and Project implementation expenses (₹ 1100.00 lakh) - Assistance to R&D studies in Transport sector covering expenses for upkeep and maintenance expenditure provided for KHRI, Quality Control labs, Neriyamangalam Training Centre, Investigation Units and Design wing covering cost of AMC of plant and equipment, manpower charges, consumables, hire charges for vehicles, fuel cost for generator, equipments, mobile quality control labs, routine expenses and for various R&D activities. Of this ₹300.00 lakh is for hiring of vehicles in field level Sub Divisional Offices of Roads, Bridges, National Highways, Buildings and Architect's Offices on exigencies in the absence of department vehicles as a stop gap arrangement for project governance and quality control and an amount of ₹ 400.00 lakh is earmarked for piloting innovative technologies/projects/ programmes in Roads, Buildings and Transport sector in association with major Research Institutions, Industry and Academia.

An amount of 1100.00 lakh is earmarked for R&D activities and operational expenses during 2026-27.

c) Infrastructure strengthening of KHRI, Quality Control Wing (₹ 750.00 lakh) –To upgrade the existing laboratory facilities in KHRI, regional and district labs including construction/revamping of buildings of KHRI and Quality Control Wing, special focus on maintaining NABL accreditation of KHRI labs, establishment of mobile testing labs in regional labs, procurement of new plant and equipment's and other basic infrastructure facilities. An amount of ₹ 750.00 lakh is provided for the implementation of the scheme.

15. E –Governance for the Department

(Outlay: ₹ 650.00lakh)

Public Works Department (PWD) is giving more emphasis to e-Governance initiatives and bring more services of the department to the online platform. The department has implemented E-office in all the 720 Offices (8 Chief Engineers Offices, 12 Circle Offices, 66 Division Offices, 204 Sub Divisions and 430 section offices) in a phased manner, in which work estimates, e-tendering, issue of work orders etc. are already rolled out and functional.

The scaled up activities planned are tendering, estimate preparation, issuance of sanctions, contractor registration, work agreement, measurement book and bill preparation works as part of the PRICE software project. Apart from this, implementation of RMMS on Core Road Network, digitalization and updation of road register of MDR, Asset mapping of the core roads and preparation of Annual Road Maintenance Operation Plan (ARMOP) for Core roads and Non-Core roads, Development of Project Monitoring and Management System(Thottariyam PWD), strengthening IT infrastructure facilities and its annual maintenance , software development and implementation, e-Governance and IT training to staff is also included in the scheme.

All IT initiatives are to be planned and implemented in consultation with IT Department based on an IT Master Plan.

An amount of ₹ 650.00 lakh is provided for the scheme in the Budget 2026-27.

II. Public Works Department (Bridges)

16. Bridges and Culverts (SH)

(Outlay: ₹ 4100.00 lakh)

The Scheme is intended for construction/reconstruction of bridges and culverts along State Highways. The provision covers reconstruction/ maintenance works of bridges/ culverts, installation of traffic safety boards, and new bridges along State Highways and to take up special protection works of existing bridges/culverts. The amount provided is for undertaking the new works, completion of on-going bridges/culverts and also for meeting spill over commitments.

An amount of ₹ 4100.00 lakh is provided for the scheme in the Budget 2026-27.

17. NABARD works – Construction and Improvement of Bridges

(Outlay: ₹ 9500.00 lakh)

The provisions are to be used for completing the existing projects of bridges under RIDF schemes XXVII to XXVIII including new works to be taken up under RIDF XXIX.

An amount of ₹ 9500.00 lakh is provided for the scheme in the Budget 2026-27.

18. Bridges and Culverts (MDR)

(Outlay: ₹ 6200.00 lakh)

The scheme focuses construction of new bridges/reconstruction of the existing bridges and culverts on Major District Roads. The provision includes reconstruction/ maintenance works of bridges/culverts, installation of traffic safety boards along Major District Roads and to take up special protection works of existing bridges/culverts. The amount provided is for undertaking the

new works, completion of on-going bridges/culverts and also for meeting spill over commitments.

An amount of ₹ 6200.00 lakh is provided for the scheme in the Budget 2026-27.

19. Investigation and Planning Works (Bridges)

(Outlay: ₹ 300.00 lakh)

The PWD bridges wing maintains 2849 bridges, out of which 550 bridges are in State Highways, 2145 are in Major District Roads/Other District Roads and 154 bridges in Village Roads/ROBs etc.

To meet the expenditure on conducting feasibility studies, investigation studies and preparing DPR for new schemes, projects/ programmes under taken by the department/ agencies, an amount of ₹ 300.00 lakh is provided for the scheme in the Budget 2026-27.

20. Rehabilitation/Reconstruction of existing bridges

(Outlay ₹ 4646.00 lakh)

The scheme envisages the reconstruction / rehabilitation of existing bridges. Of the 2849 bridges under Bridges wing of PWD, there are many very old and narrow bridges. Also the flood in 2018 and 2019 had damaged some bridges. These bridges are to be reconstructed or rehabilitated in phased manner. An amount of ₹ 4646.00 lakh is provided for the scheme in the Budget 2026-27.

21. Construction/Reconstruction of bridges to Tribal Unnathies

(Outlay ₹ 2500.00 lakh)

The tribal unnathies faces difficulties in the rainy season due to flooded river. The rescue operations are delayed due to lack of connectivity. People have to cross the river for livelihood, medical help and for education. The scheme envisages the construction/reconstruction of bridges connecting tribal unnathies. Forest department clearance should be obtained for constructing bridges to the tribal unnathies. An amount of ₹ 2500.00 lakh is provided for the scheme in the Budget 2026-27.

22. Bridge safety Works

Outlay ₹ 400.00 lakh)

Bridges wing was formed in 2018 from Roads & Bridges wing of PWD. The majority of the existing bridges are old and for its maintenance detailed inspection are to be carried out. For inspection of underside of the bridge, Mobile Bridge Inspection Unit (MBIU) is necessary. Inspection of the bridge foundation also has to be done with the help of underwater divers and suitable equipments. Works are to be arranged immediately for rectifying the identified damages. An amount of ₹.400.00 is provided for MBIU and other activities for ensuring bridge safety in the Budget 2026-27.

III. Public Works Department (National Highways)

23. Central Road Fund Works - Roads

(Outlay: ₹ 6200.00 lakh)

Central Road Fund is earmarked for development/improvement of State roads under CRF Act 2000. This scheme is intended for the development of state roads i.e., State Highways and Major District Roads. Presently, Improvements of 30 road works having length of 403 km for an

amount of ₹ 50983.00 lakh are in progress. An amount of ₹ 6200.00 lakh is provided for the scheme in the Budget 2026-27 with the option of reimbursement from GoI based on completion of works as per MoRTH guidelines.

24. NH By Passes - Kollam and Alappuzha (MIDP)

(Outlay: ₹ 1.00 lakh)

The scheme was for the construction of by passes viz, Kollam and Alappuzha. These works are already completed. The total length of Alappuzha By pass is 6.8 KM, of which 3.2 KM is elevated highway, starting from Kommady Junction to Kalarkode.

The Kollam By pass starts from Kavanad and ends at Mevaram in 13 km stretch with aggregate cost of ₹ 35205.00 lakh which includes 3 major bridges, 7 km new road and widening of 4 km existing road.

A token provision of ₹ 1.00 lakh is provided in the Budget for meeting the expenditure of pending payments. The additional funds required for the scheme will be re-appropriated from the outlay provided under the head "Major Infrastructural Development Projects," depending on actual requirement for 2026-27.

25. Development of Urban Links of National Highways

(Outlay: ₹ 250.00 lakh)

This scheme is intended to provide link roads to National Highways in the urban areas. It includes roads in major Corporations/Municipal and other developed urban areas, covering construction of flyovers, elevated highways, deviation roads etc.

Urban links of National Highways passing through the Municipalities and Corporations where the works are warranted will be developed during the year. The scheme also envisages the development of entire available Right of Way with provision for hard shoulders, facilities to accommodate utility services, pedestrian facilities like bus bays, footpath etc. An amount of ₹250.00 lakh is provided for the implementation of the scheme in the Budget 2026-27.

26. Traffic Safety Measures and Traffic bottleneck solutions in National Highway

(Outlay: ₹ 2600.00 lakh)

The problem of traffic bottlenecks at major junctions, bus stops etc. are to be resolved for ensuring road safety. This can be achieved by widening the carriage way, providing bus bays, off street parking provisions, pavements, subways, foot over bridges, kerb fencing, pedestrian underpasses, skywalks, utility corridors and junction improvement works.

The State plan fund provided in this head is to be utilized for curing identified accident blackspots in NH's in consultation with NHAI where development works are taken up by GoI based on Scientific Studies by NATPAC, KHRI etc. in order to avoid overlaps in the works of NHAI and GoK.

The road safety curing works in these black spots have to be taken up in 1st, 2nd, 3rd, 4th, and 5th order black spots. The measures to be rolled out should be on short term and long term basis and shall be continuous with post implementation reviews.

An amount of ₹ 2600.00 lakh is provided for the implementation of the scheme in the Budget 2026-27.

27. Construction of Bypass in National Highways

(Outlay: ₹ 1.00 lakh)

In order to avoid traffic bottlenecks in major cities where National Highway passes through, construction of by pass roads will be expedited. The scheme is intended for construction of bypass roads in major Cities where NH passes through. The works needs to be taken up based on traffic mobility studies and considering development works taken up by NHAI in the stretches. An amount of ₹ 1.00 lakh is provided for the scheme in the Budget 2026-27.

28. Construction of Bylane along NH

(Outlay: ₹ 25.00 lakh)

The Scheme intends for construction of bylane along the NH, by widening the carriage way in National Highways. It envisages constructing by lanes either by development of existing road or formation of new roads. An amount of ₹ 25.00 lakh is provided for the scheme in the Budget 2026-27.

29. Elevated Highway in Wayanad - Bandipur stretch of NH 212

(Outlay: ₹ 1.00 lakh)

As per interim order in SLP (C) No.13838/2010 dated 10.1.2018 of the Hon'ble Supreme Court, the Ministry of Road Transport and Highways (MoRTH) has come up with recommendations to resolve the difficulties created to the people of Kerala due to the restriction on night traffic in NH 212 in the Wayanad-Bandipur stretch.

The recommendations involve the construction of an elevated highway along Wayanad-Bandipur stretch. This would cost about ₹ 450 crore to ₹ 500 crore and needs to be taken up on cost sharing mode (50:50) between National Highway Authority of India (NHAI) and Government of Kerala.

A token provision of ₹ 1.00 lakh is provided for the scheme in the Budget 2026-27.

30. Investigation and Planning Works

(Outlay: ₹ 50.00 lakh)

The National Highways wing of State PWD is manning the 548 Km of National Highways. To meet the expenditure on conducting feasibility studies, investigation studies and preparing DPR for new schemes, projects/programmes under taken by the department/agencies, an amount of ₹ 50.00 lakh is provided for the scheme in the Budget 2026-27.

7.3 ROAD TRANSPORT

Road transport activities in road sector are carried out by KSRTC and Motor Vehicles Department (MVD) in the State. KSRTC is rendering essential and economical transport service to the general public. The Motor Vehicles Department envisions ensuring road safety and transparency in all the services rendered, effective enforcement of Motor Vehicles Act and Rules to reduce accidents as well as to enhance motor vehicle tax collection.

The outlay provided in the Budget 2026-27 for Road Transport sector are given in the following table.

Sl. No.	Department	Amount (₹ in lakh)
1	Kerala State Road Transport Corporation (KSRTC)	18572.00
2	Motor Vehicles Department(MVD)	3838.00
3	Sree Chitra Thirunal College of Engineering (SCTCE), Thiruvananthapuram	400.00
	Total	**22810.00**

7.3.1 Kerala State Road Transport Corporation

In Kerala, KSRTC is the major public transport utility and the department intends to make it people as well as eco-friendly through digital governance and scientific fleet management. The programmes listed below needs are aimed to achieve the above objectives.

1. Development of Infrastructure and Modernization of Depots & Workshops

(Outlay: ₹ 4572.00 lakh)

To improve the basic infrastructure facilities to passengers as well as workforce in the KSRTC bus stations/terminals/depots renovate bus station yards, bus station buildings/depots/terminals and to upgrade existing garages to facilitate maintenance of new generation buses. The scheme is intended to undertake the following activities:

Sl. No.	Activities	Amount (₹ in lakh)
1	Yard development works	**4572.00**
2	Roof development works of workshops in various depots	
3	Construction of new garages at Pathanamthitta and Alappuzha	
4	Construction of retaining wall at Nilambur depot	
5	Construction of 4 Bay garage, Platform inspection pit and ETP at Kottayam	
6	Completion of on-going works and modernization works of regional workshops	
7	E-Mobility- Setting up of charging stations	
8	Cost of tools and equipment required in central/ regional/ depot workshops	
9	Setting up of solar power plant at depots and workshops	

An amount of ₹ 4572.00 lakh is provided for the above activities under the scheme in the Budget 2026-27.

2. Total Computerization and E-Governance in KSRTC

(Outlay: ₹ 1200.00 lakh)

In order to achieve more operational efficiency, e-governance in KSRTC needs much improvement. The amount provided for the scheme during 2026-27 is for updation of hardware and software based on an integrated IT Master Plan to bring all governance function under e-governance platform. The amount is provided for the following components:

Sl. No	Components	Amount (₹ in lakh)
1	AI – based schedule Management System	1200.00
2	E- Office implementation(State –wide rollout)	
3	Passenger Information System (PIS) in depots	
4	Central Command and Control Centre(C-CCC)	
5	Dedicated Cloud Server for KSRTC	
6	Accounting ERP & fuel ERP	
7	Inventory, Fleet and Accident Management System	
8	Digitalization of Budget Tourism Cell (BTC)	
9	Hardware cost and Data Charge for VLTD & Wi-Fi Devices in Buses	

An amount of ₹ 1200.00 lakh is provided for the scheme in the Budget 2026-27.

3. Providing Training to Drivers, Technical Personnel and Officers

(Outlay: ₹ 100.00 lakh)

The scheme envisages training and capacity building within the organization to improve employee's skills and knowledge level to perform better; thereby enhance the productivity in KSRTC. This will ensure better fuel efficiency, optimum utilization of spares, better maintenance of vehicles, efficient fleet utilization and improved office administration. The new generation vehicles introduced in KSRTC demands focused training to staff for maintaining these vehicles covering safe and fuel efficient driving training schedules. Staff Training Centre is conducting various management training programmes, both in-house and external for all its officers. A training calendar with training modules covering all areas involving all levels of officers needs to be developed and implemented with monitorable targets/deliverables.

An amount of ₹ 100.00 lakh is provided for the scheme in the Budget 2026-27.

4. Modernization and Quality Improvement of Fleet

(Outlay: ₹ 12700.00 lakh)

As part of its efforts to attract more passengers and to minimise monthly operational loss, KSRTC is trying to replace old buses from the existing fleet. The present fleet strength is not enough to meet the public demand and the conversion of diesel engine buses to CNG and LNG is not economic. Hence, KSRTC intends to replace old buses and purchase fully built modern diesel BS VI buses.

An amount of ₹ 12700.00 lakh is provided for the scheme in the Budget 2026-27.

5. Academic Infrastructure Development (Sree Chitra Thirunal College of Engineering)

(Outlay: ₹ 400.00 lakh)

Sree Chitra Thirunal College of Engineering (SCTCE), Thiruvananthapuram started functioning as a full-fledged engineering college from 1995 onwards. The college offers high quality engineering education in all the three levels viz. Graduate level, Post Graduate level and Doctoral level.

An amount of ₹ 400.00 lakh is provided in the Budget 2026-27 for the completion of ongoing activities and also for meeting spill over commitment. 10 per cent of the outlay would be utilized for the component focusing women (Construction of Ladies Hostel).

7.3.2 Motor Vehicles Department

The Motor Vehicles Department is regulated by the Government of Kerala in terms of policy formulation and its implementation in motor transport sector. The Department is administered by the Transport Commissioner (Head of Department). The main functions of the Department are enforcement of the Motor Vehicles Act and Rules, registration of vehicles, collection of taxes and fees, rendering services like grant of driving licenses, issue of certificate of fitness, grant of permits to vehicles, etc. Apart from this more importance is also given to Road Safety measures and to control of automobile pollution. Motor Vehicles Department is one of the significant revenue earning departments of the Government. Government has taken several measures to make the functioning of Regional Transport Offices more people friendly and efficient. The schemes of the department during 2026-27 are as follows.

1. Road Transport Safety Measures

(Outlay: ₹ 1862.00 lakh)

The main objectives of road safety are awareness, enforcement, engineering and enforcement and emergency care during road accidents.

As part of road safety activities the department has initiated technology solutions for smooth and hassle-free traffic through improved enforcement activities. The enforcement activities envisage digital enforcement, GPS tracking device and panic button in passenger transport vehicles including ambulances and three wheelers.

The component wise activities of the scheme during 2026-27 are as follows:

Sl. No.	Components	Amount (₹ in lakh)
1	Purchase of enforcement devices	**1812.00**
2	Road Safety Awareness Programme	
3	Vehicles for enforcement(two wheeler/Four wheeler)	
4	Traffic synchronization and related measures	
5	AI-based Traffic Offence Monitoring System	
6	Establish an Integrated Command & Control Centre	
7	Coordination of Road Safety measures	**50.00**
	Total	**1862.00**

An amount of ₹ 1862.00 lakh is provided for the scheme in the Budget 2026-27.

Out of the fund earmarked for the scheme, an amount of ₹ 50.00 lakh is provided for coordination of road safety activities. Such co-ordination will be ensured through a coordination committee involving stakeholders like Transport Department, PWD, Health, LSGD, NATPAC and other related departments. The initial objective is to develop a framework for an action plan to reduce fatal road accidents. The nodal department of the scheme would be Transport Department.

2. Implementation of E-Governance

(Outlay: ₹ 500.00 lakh)

Motor Vehicle Department uses various ICT measures in e-governance for providing and facilitating service and integration of various services/systems.

i. **Digital initiatives:** For implementing various digital initiative such as, Divyangjan ID/Pass Issuance System (Divya Sahay Yatra), Smart Move Data Verification Portal, Whats App e-Challan Delivery (Digital Notice Delivery), Implementation of IVRS (Interactive Voice Response System), IVRS Citizen Service (Interactive Transport Helpline), AI-Enhanced Digital Platform (or Smart Portal 2.0), and State Vehicle Tax Module (e-Tax Collection System), ₹ 150.00 lakh is provided in the Budget 2026-27.

ii. **Training and capacity building:** To deliver prompt services, enforcement, surveillance and facilitation needs human resources to be equipped, familiarized with state of the art governance solutions. This requires development of a full-fledged professional team in MVD. An amount of ₹ 150.00 lakh is earmarked for conducting training and capacity building programmes based on training need analysis and scientifically planned training modules.

iii. **Purchase of ICT Equipments:** To provide and facilitate service and integration of various services/system to purchase new equipment with latest technology to equip the employees of Motor Vehicle Department for providing faster delivery of services, an amount of ₹ 200.00 lakh is earmarked for the purchase of ICT equipments.

An amount of ₹ 500.00 lakh is provided for the above components of the scheme in the Budget 2026-27 of which 10 per cent of the outlay may be utilized for the programmes focusing women.

3. Modernization of MV Check posts

(Outlay: ₹ 125.00 lakh)

The objective of the scheme is to prevent the loss of revenue at the State borders through modern governance solutions. Overloading of goods vehicles is causing a lot of accidents and damage to road infrastructure. The outlay is provided for modernization and infrastructure development works of MV check posts covering land costs for setting up weigh-in-motion systems in association with other departments and establishing contactless check post at Walayar.

An amount of ₹ 125.00 lakh is provided for infrastructure development and modernization of the check posts of Motor Vehicles Department in the Budget 2026-27.

4. Setting up of Model Inspection and Certification Centre

(Outlay: ₹ 100.00 lakh)

An amount of ₹ 100.00 lakh is provided for the scheme in the Budget 2026-27 as a State share for the setting up of Model Inspection and Certification Centre at Mattanchery. The project can be taken up on PPP mode also, in which matching funds of State can be met from this head and utilizing central share.

5. Motor Vehicles Department - Establishment of sub offices

(Outlay: ₹ 50.00 lakh)

In Budget 2026-27, an amount of ₹ 50.00 lakh is provided for the setting up of infrastructure facilities of sub offices.

6. E- Mobility Promotion Fund

(Outlay: ₹ 861.00 lakh)

The vehicular transport of the State predominantly depends on fossil fuels. The extensive use of fossil fuels leads to environmental pollution and health hazards, which necessitates the exploration of alternative energy. The transition to electric vehicles is a natural choice for the State in line with its development ethos. Govt. of Kerala, which is a forefront runner in many reforms and innovations, initiated early steps in the development of forming a road map to an Electric Vehicle (EV) policy for the State. Electric Vehicles (EV) or e-mobility is the next step forward.

The scheme intends to push electric mobility in commercial use by providing attractive incentives, subsidy for purchase of e-autos, subsidy for conversion of petrol/Diesel vehicle to e-vehicle, subsidy for establishing charging and swapping stations, supporting R&D in alternative fuel technologies, E-mobility awareness programme, Research & Development in E-mobility, promotional programmes like shared electric and connected mobility and other innovative programmes. The administrative department shall ensure that 10% of the beneficiaries are women.

The scheme also envisages piloting hydrogen fuel vehicles in the State. An amount of ₹ 861.00 lakh is provided for the scheme in the Budget 2026-27 for fulfilling the targets and advancing activities related for popularizing/creating awareness about the electric vehicles and other green mobility initiatives among the public.

7. Vehicle location tracking platform in public passenger transport vehicles under Nirbhaya framework (VLTPS Nirbhaya Scheme)

(Outlay: ₹ 250.00lakh)

Govt. of India has framed up the guidelines for the implementation of "Development of Customisation Deployment and Management of State wise Vehicle Tracking Platform for Safety and Enforcement as per AIS 140 specification under Nirbhaya Framework". The scheme envisages enhancing the safety of women and girl children by equipping all the public passenger transport vehicles with Vehicle Location Tracking (VLT) device and emergency buttons for real-time 24x7 monitoring and tracking of vehicles in case of emergency. The State Govt. had introduced GPS vehicle tracking system through CDAC during 2015.

As a continuation of the existing project, the Motor Vehicles Department aims to scale up the server/hardware infrastructure at State Data Centre, up gradation of Software and help desk

support, upgrade server capacity and purchase of more servers in view of the increase in the number of vehicles fitted with VLTD. Amount is also provided for the development of an integrated ambulance network system comprising a web application with API integration of Government mobile applications and integrated control centres.

An amount of ₹ 250.00 lakh is provided as State share for the scheme in the Budget 2026-27.

8. Integrated Intelligent Public Transport System (IIPTS)

(Outlay: ₹ 90.00 lakh)

Lack of a reliable and efficient Public Transport System has shifted people to use their own private vehicles to meet the travel demands. Commuters belonging to various levels of travel must be attracted to use the public transport with its efficiency, cleanliness, safety and affordability. A properly coordinated and integrated public transport system can definitely attract more commuters and there by private vehicle use can be reduced.

An intelligent and Integrated Transport System (ITS) together can enhance the efficiency and reliability of the entire public transport system. The ITS constitute a travel demand management system with a comprehensive online application, capturing vehicle timing, seat reservation/seat availability, cash less journey, variable pay approach, season tickets, multi journey facility; connect mass transport systems like train, flight, ship etc.

The scheme envisages the development of ultra-modern intelligent bus bays (IT initiatives), last mile connectivity linking electric buggy services, e-rickshaws, NMT services and developing an app and allied facilities for fulfilling the above objectives.

The scheme envisages the route rationalisation through route management system web application. To implement the project, an amount of ₹ 90.00 lakh is provided in the Budget 2026-27.

7.4 INLAND WATER TRANSPORT

State Water Transport Department, Kerala Shipping & Inland Navigation Corporation Ltd and Coastal Shipping & Inland Navigation Department are the agencies involved in the transportation and development activities of the back water sector of the State. The outlay provided in the Budget 2026-27 for Inland Water Transport are as below:

Sl. No.	Department	Amount (₹ in lakh)
1	State Water Transport Department (SWTD)	3311.00
2	Kerala Shipping and Inland Navigation Corporation Ltd(KSINC)	976.00
3	Coastal Shipping & Inland Navigation Department(CSIND)	9527.00
	Total	**13814.00**

7.4.1. State Water Transport Department

An amount of ₹ 3311.00 lakh is earmarked for State Water Transport Department in the Budget 2026-27 for following schemes.

1. Land, Building and Terminal Facilities

(Outlay: ₹ 200.00 lakh)

The objective of the scheme is to enhance the administration, governance and operational capacity of SWTD. It envisages the construction of new building and enhancement of Terminal facilities under various categories to provide better facilities. The amount provided is for the following projects in addition to spill over payments.

- Construction of training hall at Kollam
- Installation of solar power plant at Payyanur and Alappuzha Dock Yard
- Modernization of station offices
- Construction of store room near yard at Payyanur
- Construction of compound wall at Alappuzha and Payyanur yard
- Execution of roof work and electrical work at Mattanchery station, Ernakulam
- Construction of rest room for staff and passengers in Kollam, Ernakulam and Payyanur

An amount of ₹ 200.00 lakh is provided for the scheme in the Budget 2026-27.

2. Acquisition of fleet & Augmentation of Ferry Services

(Outlay: ₹ 2811.00 lakh)

The scheme envisages for procurement of new vessels to match updated safety standards and fuel efficiency in water transport. The provision is made for following components including meeting spill over payments:

Sl. No.	Components	Amount (₹ in lakh)
1	Procurement of solar vessels with various passenger capacity for passenger and tourism purposes	**2561.00**
2	Construction of Workshop boats	**250.00**
	Total	**2811.00**

An amount of ₹ 2811.00 lakh is provided for the scheme in the Budget 2026-27.

3. Workshop Facilities

(Outlay: ₹ 150.00 lakh)

The objective of the scheme is for the revamping and renovation of workshops and yards and connected infrastructure. Major components of the scheme are:

Sl. No.	Components	Amount (₹ in lakh)
1	Renovation of facilities in workshop, slipways and yard at Thevara, Alappuzha and Ayitti	**150.00**
2	Procurement of Inventory Management and Diesel Monitoring Software	
3	Procurement of equipment and machinery required in workshop and yards	

An amount of ₹150.00 lakh is provided for the scheme in the Budget 2026-27 including meeting spill over payments.

4. Purchase of new Engine and Reconstruction of Old Boats

(Outlay: ₹ 150.00 lakh)

The scheme intends purchase of marine engines, gear boxes, hydraulic steering, timber, machinery and technically advanced components for department vessels and such other advanced equipments essential for repairing Wooden/Steel/Catamaran/Solar Vessels. During the 14th Plan, it is planned to convert all the existing diesel fuel powered vessels into CNG/LNG/Electrical mode in a phased manner.

The schemes provisions are to meet following components:

Sl. No.	Components	Amount (₹ in lakh)
1	Procurement of engine ,gear box and steering system	**150.00**
2	Construction and repair work of vessels	

An amount of ₹ 150.00 lakh is provided for the scheme in the Budget 2026-27 including meeting spillover payments.

7.4.2 Kerala Shipping and Inland Navigation Corporation (KSINC)

Kerala Shipping and Inland Navigation Corporation Limited (KSINC) is one the pioneers in Inland Navigation, Coastal shipping and water based tourism and leisure activities in Kerala. KSINC operates mechanized cargo transport in the inland waterways. An amount of ₹ 976.00 lakh is provided in the Budget 2026-27 for the activities of Kerala Shipping and Inland Navigation Corporation Limited.

1. Construction of Barges

(Outlay: ₹ 550.00 lakh)

This scheme is for the construction of barges.

i. Construction of a bulk barge for carriage through inland water ways of Kerala. The carrying capacity of the bulk barge is 500 MT. Works involve the construction of the hull of the vessel; and engine and machinery erection. The barge is expected to address the growing demand for transport of bulk materials such as rock phosphate and Sulphur. An amount of ₹ 306.00 lakh is provided for of the construction of bulk cargo barge in the Budget 2026-27.

ii. Construction of 300MT POL barge (New component) - This barge will facilitate the transportation of POL products. Works involve the barge designs and approval of drawings, construction of twin screw barge with double hull, engine and machinery installation and interior works. An amount of ₹ 244.00 lakh is provided for of the construction of new barge in the Budget 2026-27.

An amount of ₹ 550.00 lakh is provided in the Budget 2026-27 for undertaking the above two works.

2. Construction of cruise vessel

(Outlay: ₹ 326.00 lakh)

Due to inadequacy of the existing vessels, the department aims to build a new vessel. Vessel will be registered under KIV Rules Vessel with modern facilities. The boat has three decks for passengers constructed under the IRS class and registered under the KIV rules, with better and modern facilities. The main deck has a restaurant and a mini conference room, both of which are air-conditioned. The vessel have a passenger lift facility to enable disabled/wheel chair assisted/elderly tourists to go to the upper deck of the vessel and enjoy the view. The design aims to accommodate 100 tourists without overcrowding on the upper deck. An amount of ₹ 326.00 lakh has been provided for the project in the Budget 2026-27.

3. Construction and installation of Floating jetty

(Outlay: ₹ 100.00 lakh)

KSINC is playing a key role in marine tourism and water transportation. During conditions of low water level, it is difficult for the vessels to reach the 3 jetties available at Marine Drive. The project is to install floating boat jetties in front of the existing jetty portion so that the vessels can be operated during low and high tide period. It is also proposed to construct a 30m walkway with roofing in addition to the floating jetty structure. An amount of ₹ 100.00 lakh has been provided for the project in the Budget 2026-27.

7.4.3 Coastal Shipping and Inland Navigation Department (CSIND)

Inland Water Transport is an efficient and effective medium of transport, considering its energy efficiency, environment friendliness and safety. Kerala is giving top priority to the development of the West Coast Canal connecting the National Waterway-III. Waterways in the State include the main arterial Waterway (West Coast Canal) and feeder canals. The total length of the potential Inland Waterways in the State is 1687 km. The West Coast Canal (WCC) connects the Neeleswaram in the north to Kovalam in the south and is about 616 km excluding the 26 km uncut portions between Mahe and Valapattanam & rest of the reaches are feeder canals. The Inland Waterways Authority of India (IWAI) holds the reach from Kollam to Kozhikode and the remaining stretches under State waterways. A road map in three phases is planned for the development of waterway system in the State.

Phase I: - All projects under this phase have been completed by 2021. Out of 616 km, about 520 km of WCC have been renovated by deepening the stretch with existing width.

Phase II: -It includes construction of cross structures, jetties and cargo terminals, providing navigation aids in canals, development of feeder canals/ link canals and land acquisition. The stretch from Akkulam at Thiruvananthapuram to Chettuva Thrissur for a length of 270 km is proposed to complete/commission on 2026.

Phase III: - It includes commissioning of Mahe- Valapattanam stretch, Kozhikode canal city projects, Kovalam Bakel stretch, construction of various boat terminals along WCC by the end of the year 2031.

An amount of ₹ 9527.00 lakh is provided in the budget 2026-27 for the activities of Coastal Shipping and Inland Navigation Department.

1. Inland Canal Scheme (State Sector)

(Outlay: ₹ 7080.00 lakh)

The development of Inland Waterways and allied infrastructures in Kerala are entrusted with CSIN Department using State Plan Fund and NABARD assistance (except designated National Water Ways). High value works with KIIFB assistance are entrusted with the SPV, as Kerala Waterways and Infrastructures Limited (KWIL). The development activities basically involve the development of State Waterway portions of West Coast Canal from Kovalam to Kollam and Kozhikkode to Neeleswaram. In addition to that, reconstruction of structures like bridges, navigation locks and foot bridges, construction of boat jetties and terminals, development of feeder and link canals, providing navigation aids etc. and their maintenance are undertaken by CSIND and these works are implemented through the Inland navigation wing of Irrigation Department.

The objectives of the scheme are;

1. To facilitate hindrance free movement of larger vessels through replacement of cross structures like road bridges, foot bridges, railway bridges and canal crossings in various stretches with sufficient horizontal and vertical clearance.
2. To facilitate the transit of passengers and goods through the construction of terminals and jetties where development works are completed and up gradation/modernisation of functional jetties/terminals
3. To attract more goods traffic through developing feeder canals connecting West Coast Canal exploring commercial and tourist potentials.

The provision earmarked in the Budget 2026-27 is for the following activities.

a. Making spill over payment of development/renovation works undertaken in previous years and for new maintenance/development works in

(i) Kovalam–Kollam Stretch (Ch. 0.00 km to 74.14 km)

(ii) Kozhikkode-Vadakara reach (Ch: 402.18 km to 450.08 km)

(iii) Vadakara-Mahe reach (Ch. 450.08 km to 467.69 km) (uncut portion)

The activities include canal strengthening and deepening works

b. Construction of Cross-structures

Replacement/Reconstruction of cross structures like road bridges, foot bridges, railway bridges and canal crossings with sufficient horizontal and vertical clearances in 240 identified locations. New projects will be taken up in a phased manner comparing the progress of the ongoing projects. The provision is earmarked in the Budget 2026-27 is for the following activities.

Sl. No.	Components
1	Construction of bridge at Thekke Arayathuruth in Chirayinkeezhu Grama Panchayath in Thiruvananthapuram District
2	Construction of approach road and additional land span of Karingalimukku lock cum bridge in Kannur District

Sl. No.	Components
3	Construction of retaining wall at left bank of Maniyamkulam Thodu near Kuttoor bridge in Chathannoor LAC
4	Construction of retaining wall at right bank of Maniyamkulam Thodu near Kuttoor bridge in Chathannoor LAC

c. Construction and modernization of Jetties and Cargo Terminals

The construction of Terminals and Jetties are envisaged at locations where development works are completed as well as up gradation/modernization of functional jetties/terminals, on a priority basis. The proposals are to be identified in potential locations on request from SWTD, KSINC and Tourism Department. It is envisaged to construct boat jetties and to renovate the existing jetties on priority basis in 2026-27.

Sl. No.	Components
1	Construction of boat terminal at Pullooppi kadavil in Kannur district
2	Construction of boat terminal at Pallathuruthy in Kainakary Panchayath in Alappuzha district
3	Construction of boat terminal at Munderi kadavil in Kannur district
4	Construction of boat terminal at Kambil kadavil in Kannur district
5	Construction of boat jetty at Moolakkel kadavil in Madayi Panchayath of Kalliasseri LAC
6	Construction of boat terminal at Ezhom in Kannur district
7	Construction of boat jetty at Andalloor kadavu in Dharmadom LAC
8	Construction of boat jetty at Puthiyapuzhakkara in Perumba river at Madayi Panchayath of Kalliasseri LAC
9	Construction of boat terminal at Vaaram kadavil in Kannur district
10	Construction of boat terminal at Kakkad in Kannur district
11	Construction of boat jetty at Nedumudi in ward no.1 and reconstruction of associated office building in Champakulam Panchayath
12	Construction of boat jetty at Meloor kadavu in Dharmadom LAC
13	Construction of Mundrapam boat jetty at Mattool Panchayath of Kalliasseri LAC

d. Providing Navigation aids in canals: Navigational aids needs to be installed in the developed portion of WCC. During 2026-27 it is envisaged to construct fish landing centre at Thevara in Ernakulam LAC.

e. **Development of Feeder canals/Link canals:** For making spill over payment of works undertaken in previous year in various places of the feeder canals and for capital maintenance works in canal.

Sl. No.	Components
1	Protection work at Kurunkadavil south side of Punnakadavu bridge in Perumba river in Payyannur LAC
2	Desiltaion work from Kanayangode to Akalappuzha in Koyilandy taluk of Kozhikode district of the waterway from 429.32 km to 443.22 km
3	Development of waterways and canals- deepening of the waterway from Parassinikkadavu boat terminal to Munambakkadavu boat jetty on the Valapattanam river in Thaliparamba LAC
4	Dredging work of the waterway to the Valluvan Kadavu jetty in the Valapattananm river in Azheekod LAC
5	Dredging work to make Kattamballi river navigable from Munderi kadavu to Pullooppi kadavu Azheekod LAC
6	Dredging and removing silt from Vaduthala- Chittoor- Marine drive backwaters to improve backwater traffic and resolve water logging in the city in Ernakulam LAC
7	Protection of the left bank of the PC canal near Sherthara school in Nattika Grama Panchayath in Nattika LAC
8	Chettuva lake conservation work in Engandiyur Panchayath in Guruvayoor LAC

An amount of ₹ 7080.00 lakh is provided in the Budget 2026-27 for implementing the above components.

2. Inland Shipping Promotion Fund

(Outlay: ₹ 1.00 lakh)

The scheme intends to provide incentives to attract shippers using inland waterways for the transportation of bulk cargo. Increased use of waterways for cargo movement will help to shift some pressure from roads to water. The components of the scheme are 1. Capital subsidy/incentives to build inland vessels/river vessels, 2. Constitution of corpus fund for new inland shipping promotion initiatives, 3. chartering of inland vessels, high speed vessels/inspection boats and activities as per KIV rules 4. Other identified activities necessary for the promotion of inland shipping in the state. An amount of ₹ 1.00 lakh is provided in the Budget 2026-27 for this scheme.

3. Investigation of IWT Schemes

(Outlay: ₹ 146.00 lakh)

The major objective of the scheme is to develop a comprehensive development master plan for State Waterways taking into consideration of the activities of IWAI, SWTD, KSINC, Tourism and other potential stakeholders. For creating an integrated business model for the inland water transport sector hydrographic surveys and other investigations are needed. Development of feeder/link canals connecting West coast canal and important destinations like commercial centres, ports and tourism spots are to be identified. Activities like investigation, feasibility study, planning and design, preparation of DPR making waterways an effective and

efficient transport system are covered under the scheme. An amount of ₹ 146.00 lakh is provided in the Budget 2026-27 for undertaking activities under the scheme.

4. Construction of Cross Structures in National Waterway (NABARD-RIDF)

(Outlay: ₹ 2300.00 lakh)

The major objectives of the scheme are the development of feeder canals and allied structures and it intends to develop the feeder canals connecting to the national waterways. An amount of ₹ 2300.00 lakh is earmarked during the budget 2026-27 for undertaking activities under the scheme

7.5 OTHER TRANSPORT SERVICES

An amount ₹ 22478.00 lakh is provided for Other Transport Services in the budget 2026 - 27 for undertaking the following projects:

1. Development of Infrastructure facilities - Kannur Airport (MIDP)

(Outlay: ₹ 1.00 lakh)

The scheme is for the development of Infrastructure facilities to Kannur Airport. This includes mitigation of negative cash flows during the initial period of operation, spill over commitments in the original projects, and route development fund.

Amount provided under MIDP could be used if there is shortfall in servicing the loan repayment (Interest and principal) to the lender. A token provision of ₹ 1.00 lakh is provided in the Budget 2026-27 and the additional funds required for the implementation of the scheme will be re appropriated from the outlay provided under the head "Major Infrastructural Development Projects" (MIDP) depending on actual requirement for 2026-27

2. Metro Rail System in Kochi (MIDP) (EAP)

(Outlay: ₹ 1.00 lakh)
(EAP: ₹ 7903.00 lakh)

Kochi Metro Rail Project (KMRP) is the flagship project of the Government of Kerala designed to address the transportation woes of Kochi City. The Project is being implemented by the Kochi Metro Rail Ltd (KMRL), a Special Purpose Vehicle jointly owned by the Government of Kerala and Government of India. The amount is provided for the following activities during 2026-27:

- Debt servicing to Canara Bank, UBI,AFD, HUDCO, Kerala Bank, AIIB(Phase II)
- Taxes for Phase IA,IB and Phase II(Subordinate Debt towards taxes)
- DPR for Light Metro-Thiruvananthapuram and Kozhikode
- Government of Kerala Equity Contribution towards Phase II

A token provision of ₹ 1.00 lakh is provided in the Budget and the additional funds required for the project will be re appropriated from the outlay provided under the head "Major Infrastructural Development Projects" (MIDP) depending on actual requirement for 2026-27. An amount of ₹ 7903.00 lakh is provided as EAP component for Kochi Metro Rail Project–Phase II.

3. Integrated Water Transport – Kochi (MIDP) (EAP)

(Outlay: ₹ 1.00 lakh)
(EAP: ₹ 13660.00 lakh)

Kochi Metro Rail Corporation Limited (KMRL) is implementing the Kochi Water Metro Project at a revised estimated cost of ₹ 106483.00 lakh with the financial assistance of German Financial Institution, KfW and matching State share. The project envisages the development of 76 km waterways in 16 routes covering 36 jetties in Kochi through revitalization of the existing transport system in Kochi and integrates the same with the Kochi Metro and bus based public transport system, including land costs.

The project scope includes development of water ways, access roads to the terminals, boat yards, emergency rescue boats, operation control centre as well as necessary communication infrastructure for the water metro project. The project is divided into phase I with 19 terminals and balance in Phase II.

A token provision of ₹ 1.00 lakh is provided in the Budget and the additional funds required for the implementation of the scheme will be re appropriated from the outlay provided under the head "Major Infrastructural Development Projects" (MIDP) depending on actual requirement for 2026-27. An amount of ₹ 13660.00 lakh is provided as EAP component for Integrated Water Transport – Kochi.

4. Establishment of Heliports

(Outlay: ₹ 27.00 lakh)

Development of Helipad/Heliports for emergency evacuation and Tourism activities is the need of the day. An amount of ₹ 27.00 lakh is provided in the budget 2026-27 for conducting feasibility studies in developing Helipads/Heliports in identified/potential destinations across the State.

5. Kerala Rail Development Corporation (KRDCL) (Joint Venture between GoI and GoK)

The objective of the scheme is to take up major railway development projects in Kerala on a cost sharing mode between GoI & GoK through a Joint Venture company called "Kerala Rail Development Corporation (KRDCL) The JV is registered with an equity share of 51% and 49% between Government of Kerala and GoI and proposes to take up the following upcoming Railway Projects in Kerala through project specific SPVs.

a. Semi High Speed Rail Project (Silver line) (MIDP)

(Outlay: ₹ 1.00 lakh)

Amount is provided for the construction of 529.4 Km "Silver Line" Semi High Speed Rail line from Thiruvananthapuram. A token provision of ₹ 1.00 lakh is provided in the Budget and the additional funds required for the implementation of the scheme will be re appropriated from the outlay provided under the head "Major Infrastructural Development Projects," (MIDP) depending on actual requirement for 2026-27. This amount could be also used for exploring the possibility of Regional Rapid Transit System (RRTS), including investigation, preparatory works and DPR preparation.

b. Angamali-Erumeli-Sabaril Railway Line (MIDP)

(Outlay: ₹ 1.00 lakh)

Angamaly - Erumeli - Sabari Railway line was sanctioned in the 1997-98 Railway Budget. This Project, connecting Angamali to Erumeli (Gate- way of Sabarimala Temple), will benefit the Sabarimala temple pilgrims and high-range district of Idukki, suburbs of Kottayam and Ernakulam and boost economic development. The Original cost of the project was estimated to ₹ 2815 Crore of which Government of Kerala had conveyed willingness to bear 50% of cost through KIIFB during 2021. The estimate of the Project has been revised during 2023 and cost escalated to ₹3800.93 Cr.

A token provision of ₹ 1.00 lakh is provided in the Budget and the additional funds required for the implementation of the scheme will be re appropriated from the outlay provided under the head "Major Infrastructural Development Projects" (MIDP) depending on actual requirement for 2026-27.

6. Kochi Metropolitan Transport Authority (KMTA)

(Outlay: ₹ 305.00 lakh)

In the Union Government's Metro Rail policy, the formation of a Unified Metropolitan Transport Authority (UMTA) is a pre-requisite for Metro Rail projects. The Kerala State Legislative Assembly has passed the Kochi Metropolitan Transport Authority (KMTA) Act 2018 in November, 2019. The authority will be an umbrella body responsible for the development, operation, maintenance, monitoring and supervision of urban transport in urban mobility areas. As per the KMTA Act, Metropolitan Transport Authorities will be formed in three major cities - Thiruvananthapuram, Kochi and Kozhikode with high population and vehicle density and will be declared urban mobility areas. The activities of KMTA' are Integration of Transport, fare revision, renovation of the bus transport system, location for new parking lots and implements the single ticketing system, where people can use the same ticket for various modes of travel through the Intelligent Transport System.

Amount is provided for operationalization of KMTA including administrative expenses, infrastructure works and associated miscellaneous expenses. An amount of ₹ 305.00 lakh is provided for the scheme in the Budget 2026-27.

7. Airstrips in Idukki, Wayanad and Kasaragod

(Outlay: ₹ 81.00 lakh)

To work as feeder ports of the International Airports of the State, promote tourism, increase employment and lead a balanced regional growth, the State government is planning to set up airstrips at Idukki, Wayanad and Kasaragod districts. The components include runway (non instrument type), Air craft parking bays, Passenger Terminal Building, Car park and city side facilities and land acquisition costs. The provisions made for the three airstrips are as follows:

1. Idukki District - ₹ 27.00 lakh
2. Wayanad District - ₹ 27.00 lakh
3. Kasaragod District - ₹ 27.00 lakh

The project is only in conceptual stage and needs to be firmed up based on techno economic study and expected to obtain matching assistance from GoI under UDAN scheme. To

initiate the works, DPR preparations, land acquisitions and development, an amount of ₹ 81.00 lakh is provided in the Budget 2026-27.

8. Greenfield Airport Sabarimala

(Outlay: ₹ 496.00 lakh)

The scheme is only in conceptual stage and needs to be firmed up based on techno economic and environmental impact studies. Hence, an amount of ₹ 496.00 lakh is provided in the Budget 2026-27 to met expenses towards land acquisition, payment to PMC Consultant, SPV Formation (Seed Capital), expenses in connection with office of Special Officer and payment of EPC contractor.

9. Non-Motorized Transport (NMT)

(Outlay: ₹ 1.00 lakh)

The Government of Kerala has accorded approval for the NMT and soft mobility initiatives of KMRL. NMT programmes envisages to provide easy access to the commuters, by providing safe pedestrian walkways leading to the Metro stations, cycle tracks and docking facility, such that the ridership of Metro is improved and consequently Fare box revenues will improve. Further the NMT works will also facilitate additional revenues through advertisements and parking fees.

Junction, drain and footpath improvement, median landscape, elastomeric painting, Road Signage, Metro & Rail connectivity, Urban place making, Arterial Roads, Utility Shifting/Supply, Erection of street light poles are the major components of the project. The project components needs to be relooked to avoid duplications/overlaps with components/projects identified under urban infrastructure projects of Kochi Smart City Ltd. and other similar programmes.

An amount of ₹ 1.00 lakh as State share in Budget 2026-27 for Non-Motorized Transport project being executed by KMRL.

7.6 TOURISM

State Tourism has been acknowledged as a priority sector as it creates employment, generates income and opens culture to the rest of the country and the world. The state has adopted sustainable tourism practices focusing on the need for community benefits and participation in tourism through its ecotourism and responsible tourism approaches. 19. Central Sector Schemes in Tourism

(Outlay: ₹ 100.00 lakh)

The Ministry of Tourism, Government of India has been sanctioning projects under the central sector schemes, Swadesh Darshan 2.0, Mega Projects Scheme, Special Assistance to States for Capital Investment- Development of Iconic-Tourist Centers to Global Scale(SASCI),

Challenge Based Destination Development(CBDD) scheme and Pilgrimage Rejuvenation and Spiritual Augmentation Drive (PRASAD). This scheme is meant for identification of suitable destinations to these central sector schemes, preparation of concept notes and DPR, documentation, organising meetings, conferences and other allied expenses.

An amount of ₹ 100.00 lakh is provided in the Budget 2026-27 to meet the start-up costs of undertaking such projects.

20. Kerala Tourism Entrepreneurship Fund (KTEF)

(Outlay: ₹ 1.00 lakh)

To produce and manage innovative tourism products through tourism entrepreneurship, tourism department provides advice, support through guidelines and management and matching capital assistance in the form of venture fund as Kerala Tourism Entrepreneurship Fund (KTEF). This can attract new generation entrepreneurs who are capable to invest and create more job opportunities through innovative tourism products/services.

The venture fund corpus will be sourced from investors like SIDBI and Angel Funds. The capital assistance is envisaged for new as well as existing small and medium scale entrepreneurs. The viability of the projects will be evaluated by technical committee and funding gap will be identified. The potential entrepreneurs with innovative ideas/projects/solutions addressing issues in tourism sector with preference to persons qualified through technical university/tourism educational institutions are eligible for assistance under the scheme.

An amount of ₹ 1.00 lakh is provided in the Budget 2026-27 for the scheme.

21. Champions Boat League (league-based boating competition)

(Outlay: ₹ 1046.00 lakh)

Tourism Department has launched the "Champions Boat League" (CBL) similar to Indian Premier League (IPL) to transform the State's legendary and historically-significant "Vallamkali" (chundan boat races) into a world-class sporting event to attract domestic and foreign tourists. The main objectives of the event are conservation and promotion of Kerala's traditional festivals, to create an annual event to be marketed as a tourism product and to showcase Kerala Backwaters to the world.

The activities envisaged under the scheme are:

- To conduct Champions Boat League in 14 destinations
- Campaign, infrastructure development at competition venues
- IT and technical support activities
- Cultural events, prize distribution expenses, and organisation expenses
- Hospitality expenses and other expenses related to the event
- Spillover cost and administrative expenses

An amount of ₹1046.00 lakh is provided in the Budget 2026-27 for the scheme.

22. Tourism Complex/Vinoda Sanchara Bhavan

(Outlay: ₹ 1.00 lakh)

The project is envisioned to bring all the tourism establishments under one roof, form a unique structure, and to establish a centralised office complex called Vinoda Sanchara Bhavan. Building comprises of six floors and is planned to be implemented in three phases.

An amount of ₹ 1.00 lakh is provided in the Budget 2026-27 to meet the expenses of the first phase of the scheme.

23. Work from Holiday Home Scheme

(Outlay: ₹ 1.00 lakh)

The scheme is envisaged to implement in the tourism sector similar to the 'Work from Home' scheme. Many people are looking for facilities to perform their official duties online while visiting tourist destinations. The work from holiday project that is aimed to start in tourist destinations will be an asset to the tourism sector.

An amount of ₹ 1.00 lakh is provided in the Budget 2026-27 for the scheme**.**

24. Sports Tourism

(Outlay: ₹ 1.00 lakh)

This scheme aims to improve the physical and mental fitness of the tourists through sports in every tourism destinations. As a first step, facilities are being sought to perform sports and planned to implement the project of sports tourism in the tourist destinations. This includes the purchase of sports equipments, sports kits, sponsorships and advertisements.

An amount of ₹ 1.00 lakh is provided in the Budget 2026-27 for the scheme.

25. Development of Marina for Tourism at Kollam

(Outlay: ₹ 600.00 lakh)

Marina is a dock or basin with moorings and supplies for yachts and small boats. To develop the tourism potential of Kollam, it is proposed to construct a Marina in Kollam. This will link the destination to the global tourism network along the Arabian Sea. The project is expected to act as a catalyst for the comprehensive development of coastal tourism in the region and contribute significantly to Kerala's sustainable tourism goals. An amount of ₹ 600.00 lakh is earmarked for the scheme in the Budget 2026-27.

26. Development of Tourism Circuit (New)

(Outlay: ₹ 200.00 lakh)

The scheme seeks to develop an integrated 'Blue Green Integrated Tourism circuit' around Dharmadam, Kannur. It includes the Anjarakandi – Dharmadam river cruise circuit; and the Dharmadam Island Bio reserve and walking museum project. Apart from floating boat jetties and boat service connection to nearby tourist destinations, it seeks to transform Dharmadam Island into a plastic-free eco zone and includes elevated wooden boardwalks through mangroves and a Mangrove Information Centre. An amount of ₹ 200.00 Lakh is allocated in Budget 2026-27 for implementation of the scheme.

VIII. SCIENCE, TECHNOLOGY AND ENVIRONMENT

8.1 SCIENTIFIC SERVICES AND RESEARCH

Kerala aims at strengthening activities in science, technology and innovation sector to make them as driving force for the developmental transformation of the State and focusing on technological advancement, promoting scientific knowledge and thereby generating income, employment opportunities and benefit of the people in the State. Science and technology institutions in every society works for the promotion of excellence in science and technology through learning, research and development with the participation of academia, industry and research organisations and to benefit society through interventions for the improvement of infrastructure, livelihood, amenities and environment, thereby realising sustainable development and constantly enhancing the quality of life. Department of Science and Technology, Government of Kerala plays the key role in promotion of science and technology in the State with a vision to promote and inculcate Science and Technology temperament and associated activities for the State.

The Kerala State Council for Science, Technology and Environment (KSCSTE), Institute of Advanced Virology (IAV), Regional Cancer Centre (RCC) and Kerala School of Mathematics (KSoM) are the major institutions coming under the Science & Technology sector in taking forward the vision of the State in science and technology development through various focused research, development and allied activities which are beneficial to the society as a whole.

An amount of ₹ 26078.00 lakh is provided as outlay in the Budget 2026-27 for these institutions as detailed below:

Sl. No.	Name of Institution	Amount (₹ in lakh)
I	Kerala State Council for Science, Technology and Environment (KSCSTE)	10278.00
II	Institute of Advanced Virology (IAV)	6000.00
III	Regional Cancer Centre (RCC)	9000.00
IV	Kerala School of Mathematics (KSoM)	800.00
	Total	**26078.00**

I. Kerala State Council for Science, Technology & Environment (KSCSTE)

Kerala State Council for Science, Technology & Environment (KSCSTE) is functioning as an agency responsible for leading developmental activities related to scientific research and for financing research and development projects in the scientific domain in the State. KSCSTE is dedicated to advancing scientific knowledge, shaping vital policies, and fostering sustained human development. The functional units of KSCSTE are Research & Development centers and Grant-in-aid institutions. The other activities of the Council include science popularisation, environment related programmes, awards and recognition for science promotion, technology development and transfer, support for women and biotechnology

development. The Council focuses on strengthening education and research in basic sciences and also addresses issues/ challenges on science and technology pertaining to key sectors.

An amount of ₹10278.00 lakh is provided to KSCSTE in 2026-27 for the following schemes.

1. Research and Development Institutions under Kerala State Council for Science, Technology and Environment.

(Outlay: ₹ 5840.00 lakh)

KSCSTE promotes and activates programmes for increasing the stock of knowledge in science by supporting R&D centers. Under the umbrella of the Kerala State Council for Science, Technology, and Environment (KSCSTE), there are six Research and Development (R&D) centres that focus on specific identified domains. These centres undertake research work, promote innovation, and contribute to advancements in their respective areas. The ongoing scheme provides funding for these institutions to conduct research and development activities in Science & Technology sector. The overall objective of the scheme is to encourage high quality research and development to take the State, to much higher levels of original research and cutting-edge technologies and to provide S&T based skills and solutions for issues in the State.

An amount of ₹ 5840.00 lakh is provided for 2026-27 as budgeted outlay for these institutions and funds allotted are to be utilised for specific research and development projects, upgradation of physical infrastructure, purchase of physical and scientific equipment, upgradation of library and laboratory facilities, human resource development, extension, training and publications. The R&D proposals are to be approved based on evaluation by KSCSTE.

Institution wise outlay provided for schemes/programmes are as follows:

Sl. No.	Institution	Outlay (₹ in lakh)
A	Centre for Water Resource Development & Management (CWRDM)	1300.00
B	Kerala Forest Research Institute (KFRI)	1320.00
C	National Transportation Planning & Research Centre (NATPAC)	720.00
D	Jawaharlal Nehru Tropical Botanical Garden & Research Institute (JNTBGRI)	1400.00
E	Srinivasa Ramanujan Institute for Basic Sciences (SRIBS)	700.00
F	Malabar Botanical Garden & Institute for Plant Sciences (MBGIPS)	400.00
	Total	**5840.00**

A. Centre for Water Resource Development & Management (CWRDM)

(Outlay: ₹ 1300.00 lakh)

CWRDM is a premier R&D institution in the water resources sector under KSCSTE which provides research inputs/outputs for water resource development and management. It is envisioned as a Centre of Excellence catering to the R&D demands in all spheres of Water

Management. An amount of ₹1300.00 lakh is provided in the budget 2026-27 for the following activities of the institute.

Sl. No.	Items/Activities	Amount (₹ in lakh)
1	R&D projects - Implementation of ongoing/new R&D projects	360.00
2	Establishment of project/conservatories- development and maintenance of water museum complex, maintain Local Area Network (LAN), mobile Water Testing Laboratory.	62.00
3	Scientific and physical infrastructure - purchase of new scientific equipment, purchase of accessories/maintenance and AMC for existing equipments, physical infrastructure for different CWRDM facilities	430.00
4	IT & Office Automation	30.00
5	Library and Incubation Centre (Library Development for headquarters and sub centres; Technology Incubation Centre)	40.00
6	HRD, Training & Social Responsibility Fund	18.00
7	Special Assistance (WRMTP), Mapping of Surface water resources in the State (as part of the State Committee of River water utilisation)	60.00
8	Civil Works	300.00
	Total	**1300.00**

B. Kerala Forest Research Institute (KFRI)

(Outlay: 1320.00 lakh)

KFRI envisioned as a Centre of Excellence in Tropical Forestry, conduct research to provide scientific support for decision making on matters related to forestry, with particular emphasis on conservation, sustainable utilisation and scientific management of natural resources. An amount of ₹ 1320.00 lakh is provided in the budget 2026-27 for the following activities.

Sl. No.	Items/Activities	Amount (₹ in lakh)
1	Research, training, extension and ESTM projects –Ongoing and new projects	280.00
2	Establishment Projects / conservatories	200.00
3	Scientific Infrastructure/ IT & Office Automation	120.00
4	Equipment	130.00
5	Library	30.00
6	Civil Works	560.00
	Total	**1320.00**

C. National Transportation Planning & Research Centre (NATPAC)

(Outlay: ₹ 720.00 lakh)

NATPAC, a premier research and development institute in the country, works on multi - model system of transportation covering road, rail, waterways and allied sectors by undertaking research and consultancy works in the fields of traffic engineering, transportation planning, highway engineering, public transport system, alternate options for transport system, transport energy, inland water transport, tourism planning and rural roads. An amount of ₹ 720.00 lakh is provided for the following activities in 2026-27.

Sl. No.	Items/activities	Amount (₹ in lakh)
1	R& D activities – ongoing and new projects	230.00
2	Establishment Projects/Conservatories	30.00
3	Scientific Infrastructure Facilities Development	50.00
4	IT & Office Automation - Computer cell and System Administration	30.00
5	Equipment	40.00
6	Library & Information System	10.00
7	Research, Training & Extension programmes - workshops, seminars, Traffic Safety Cell	30.00
8	Civil Works	200.00
9	Golden Jubilee Programs	100.00
	Total	**720.00**

D. Jawaharlal Nehru Tropical Botanical Garden & Research Institute (JNTBGRI)

(Outlay: ₹1400.00 lakh)

JNTBGRI undertakes research programmes for the sustainable utilisation of plant resources of Kerala. The institute functions as an inventory for conservation and sustainable utilisation of plant wealth through appropriate R&D efforts. An amount of ₹1400.00 lakh is provided for 2026-27 for the following activities.

Sl. No.	Items/Activities	Amount (₹ in lakh)
1	R& D activities- ongoing projects	700.00
2	Establishment projects/conservatories -Development and upkeep of Germplasm conservatories, multiplication of plants for conservation, distribution and eco restoration, development of aesthetic landscapes, dissemination of botanical knowledge in public	80.00
3	IT & office automation- Development of a comprehensive database on achievements of JNTBGRI	9.00
4	Equipment-Scientific infrastructure, Central Instrumentation Facility	172.00
5	Library - Acquisition of Books, Journals, Electronic publications, Digitisation of documents, Computers, UPS & Scanner, Binding, Contingency, Stationery	23.00

Sl. No.	Items/Activities	Amount (₹ in lakh)
6	Research, Training & Extension	16. 00
7	Civil works- General maintenance of existing infrastructure facilities and augmentation, maintenance of animal facility, sustenance and management of resources for garden management, completion of garden boundary wall, building for Centre of Excellence in Phytochemical Nanotechnology	400.00
	Total	**1400.00**

E. Srinivasa Ramanujan Institute for Basic Sciences (SRIBS)

(Outlay: ₹ 700.00 lakh)

SRIBS is a capacity building institute envisaged for research, teaching and learning in Basic Sciences. The prime objectives of the institution are to undertake research studies which will make significant contributions in any of the broad areas in basic sciences, cater intellectual interactions among scientists all across the globe, build a network of scientists who could conduct research in theoretical areas and facilitate training of young scientists in basic sciences. An amount of ₹700.00 lakh is provided in the Budget 2026-27 for the following activities of the institute.

Sl. No.	Items/Activities	Amount (₹ in lakh)
1	Ongoing and new research projects	50.00
2	Scientific Infrastructure- Establishing of Supercomputing Centre for advanced computational modelling and simulation- Phase II, which could be used as a common facility for all institutions engaged in academic and research in the State	480.00
3	IT & office automation	10.00
4	Equipment	10.00
5	Library	5.00
6	Research, Training & Extention	20.00
7	Civil works – maintenance and new works, Academic Block –Phase I	125.00
	Total	**700.00**

F. Malabar Botanical Garden & Institute of Plant Sciences (MBGIPS)

(Outlay: ₹ 400.00 lakh)

MBGIPS is an institution of KSCSTE dedicated to the conservation and research on aquatic plant diversity, lower group plants and endangered plants of the erstwhile Malabar Region as well as disseminating knowledge on various facets of plant sciences. An amount of ₹ 400.00 lakh is provided in the Budget 2026-27 for the following activities.

Sl. No.	Items/activities	Amount (₹ in lakh)
1	Ongoing and new Research projects	130.00
2	Establishment projects - Maintain and upgrade the existing facilities of the garden.	100.00
3	IT & Office Automation, Equipment	7.00
4	Library	30.00
5	Research Training and Extension	30.00
6	Civil works	103.00
	Total	**400.00**

2. Infrastructure Strengthening of Kerala State Council for Science, Technology and Environment

(Outlay: ₹130.00 lakh)

Kerala State Council for Science, Technology and Environment is responsible for the development of scientific research in Kerala through assisting research and development projects in the scientific domain within the State. Development of basic and advanced infrastructure facilities for Information and Communication Technology (ICT) and promotion of high quality R&D activities are envisaged under the scheme. The objectives of the scheme includes development of new modules and features in the Digital Project Submission Platform (DPPSS), technology upgradation and managing of existing websites, maintenance charges, server space charges and security auditing, deployment of latest ICT components, development and strengthening of the Digital Library and its Repository, installation of a new server exclusively for Library Management Software, public OPAC (Online Public Access Catalog) and Digital Library Software, procurement of new books and journals for KSCSTE Library, detailed SRS preparation and approval, identification of a service provider to develop application to meet the objectives and Portal Development Report. An amount of ₹130.00 lakh is provided in the Budget 2026-27 for infrastructure development of KSCSTE for the following activities

Sl. No.	Items/Activities	Amount (₹ in lakh)
1	AMC of equipment	20.00
2	Maintenance of Building	30.00
3	Purchase of furniture & equipment	10.00
4	E-Office & Management Information System	10.00
5	Strengthening of existing council library & activities related to electronic referral library (Digital Library)	20.00
6	DRIPS- Digital Research and Information Platform for Science	40.00
	Total	**130.00**

3. Schemes and Programmes of Kerala State Council for Science, Technology and Environment

(Outlay: ₹ 3055.00 lakh)

KSCSTE through various programmes/schemes leads research and developmental activities in science and technology sectors. The council promotes science and technology activities by providing financial assistance for scientific research, human resource and infrastructure development, technology and innovation, environment conservation, science popularisation and communication. An amount of ₹ 3055.00 lakh is provided in the Budget 2026-27 for implementing the following programmes of KSCSTE.

A. Human Resource Development in Science &Technology
B. Ecology & Environment Programmes
C. Science Popularisation Programmes
D. Infrastructure Development in S&T
E. Technology Development &Transfer
F. Programme for women in S&T
G. Innovation and Entrepreneurship

A. Human Resource Development in Science &Technology

(Outlay: ₹1300.00 lakh)

The activities under these programmes are envisaged for enhancement of scientific research, upgradation of technical capabilities of scientific sectors and encouraging innovation and to utilise the research expertise of eminent academicians/scientist for the benefit of younger generation thereby attracting them to take up their career in science research. An amount of ₹ 1300.00 lakh is provided for the following activities in the Budget 2026-27

i. Science Research Scheme (SRS)-SRS aims towards promotion of R&D activities in the State both in fundamental and applied research. It provides grant for promoting research to scientists and technologists to carry out research work.

ii. Emeritus Scientist Scheme (ESS) –The objective of the scheme is to tap knowledge and experiences of superannuated outstanding scientists to pursue research in their respective field of specialisation in addressing important issues pertaining to the State. The duration of Emeritus Scientists scheme shall be for a period of 3 years.

iii. Scheme for Promoting Young Talents in Science (SPYTiS)/Student Project/ CRYSTAL

   a) SPYTiS – SPYTiS is a programme attracting young talents for doing science projects in schools (SPYTiS I) and for providing financial assistance for conducting projects to students enrolled in polytechnic colleges and undergraduate courses in colleges who have innovative ideas in science & technology (SPYTiS II).

   b) Student Projects - The objective of Student Project is to provide financial support to students in science stream of university departments and colleges in the state, studying for post-graduate and professional courses to conduct scientific projects.

c) CRYSTAL (Crafting Young Scientists of Tomorrow) is a programme with the objective of creating a platform for students to identify their talents at an early age and nurture them.

iv. Science Education Centre – Programme for providing facilities for students and teachers of Government and aided schools to perform scientific experiments, organising training programmes to motivate them in basic science research.

v. Fellowship Programmes

a) KSCSTE Research Fellowship targets to encourage and support highly motivated post-graduate students to attract them to science arena and to promote them to take up their career in basic science.

b) KSCSTE Post-Doctoral Fellowship to motivate PhD holders to pursue research and to develop technical and leadership skills for developing their career as scientists.

c) Partnering Academic Industrial Research (PAIR) programme meant for establishing partnership between R&D institutions, academia and industry for high quality collaborative research. KSCSTE will help the industry to identify the R&D institution and academia to partner with the industry for conducting the joint research.

vi. Engineering Support & Co-ordinated Research for Specially Talented children (ESCORT) is proposed to provide engineering and technological interventions to nurture and provide necessary support for the differently abled children in Kerala.

vii. Visiting Faculty Programme is envisaged to encourage top notch research in the areas with a multi-disciplinary and inter- institutional perspective through exchange of human resources by bridging the R&D institution under KSCSTE with foreign institutions.

B. Ecology and Environment Programme

(Outlay: ₹ 200.00 lakh)

The schemes and programmes under this group ensure the Sustainable Development Goal by guaranteeing conservation, restoration and sustainable use of terrestrial and aquatic ecosystems and their services. The programmes included are:

i. Ecology & Environment scheme - Programme for providing grants to scientists and technologists for scientific/research work on the environment and ecology problems and issues like waste management, pollution, conservation of biodiversity & natural resources and environment management issues.

ii. Green Kerala Initiative Programme - It is a bid to restore biodiversity and help fight climate change which is in line with one trillion tree initiative launched in 2020 by world economic forum. This is a 5-year programme in collaboration with 3 R&D centres of KSCSTE-JNTBGRI, KFRI and MBGIPS.

iii. Climate Resilient & Ecologically Adapted Model Villages (CREAM Villages) -villages in different agro climatic zone of Kerala state will be developed to mitigate the vulnerabilities and consequences of climate changes as well as associated/triggered disasters. The model villages will be covered through the width and breadth of the state in order to understand the location-based disasters and climate resilient in respect of physiography, geology, climate, water and vegetation.

iv. Environmental Education & Eco Clubs – The programme is for encouraging awareness and actions for environmental protection through World Environment Day and Ozone Day

celebrations. The scheme aims to establish Eco Clubs in schools to extend the National Green Corps Programme of Govt. of India and also to create environmental awareness among the students. It also provides environmental training for teachers and encourages various environmental activities.

C. Science Popularisation Programmes

(Outlay: ₹400.00 lakh)

Science Popularisation Programmes are envisaged for providing technical and financial support for implementing projects/activities focusing popularisation of fundamental principles and practical applications of science and technology.

i) Science Awards
   a. Kerala Sasthrapuraskaram – International Oration Award for the lifetime contribution of a scientist of Kerala origin working anywhere in the world.
   b. Kerala State Young Scientist Award – Award for honouring talented young scientists in recognition of their outstanding contributions in any branch of science and technology coming within the purview of the council.
   c. Science Literature Award - Award for significant contributions for the promotion of science literature in Malayalam.

ii) Day observations - Programmes related to observation of National Science Day & National Technology Day.

iii) Kerala Science Congress (KSC) - Kerala Science Congress is an annual science event of state, targeting young researchers, academicians, technologists, students and others and acts as a forum to exchange knowledge, share research findings and development of technologies relevant to the State.

iv) National Children's Science Congress (NCSC)-It is the programme conducted to spread the concept of the method of science among the children through their project activities by adopting the principle of 'learning through doing'.

v) Science Media Support, Documentation & Publication - It is the programme to promote science writing and fellowships are awarded to eminent persons in the field of science writing.

vi) Technology Festival (TECHFEST) – TECHFEST is a programme conducted for all the talented engineering students to present and exhibit their inventions and innovations and also will be a platform to discuss with senior technocrats in the country on various issues related to development of innovative ideas and concepts.

vii) Rural Innovators Meet (RIM) – RIM is an annual event conducted for unorganised rural innovators and grass root innovators for exhibiting their products/ research outputs.

viii) Scheme for promoting S&T seminars/symposia/workshops (SSW) – This programme encourages the academia and researchers to organize seminars/symposia on relevant scientific areas and to create a platform for the scientific interactions.

ix) Action for Science to Society through Education and Training (ASSET) - The scheme aims to disseminate scientific knowledge, nurture a scientific mindset, and enhance public understanding of science through education and training.

D. Infrastructure Development in Science & Technology

(Outlay: ₹95.00 lakh)

This programme is envisaged for upgradation of education and effective learning environments by providing infrastructure facility.

i. Selective Augmentation of Research & Development (SARD) - It is the programme for upgrading facilities in colleges and universities for augmenting research in specified R&D areas by providing support to strengthen laboratory infrastructure by procuring scientific infrastructure.

ii. Sasthraposhini and Nurturing Excellence in Science Teaching (NEST) – Sasthraposhini programme aims towards strengthening science education in schools by setting up model laboratories in selected Government and aided schools of the state for conducting science experiments and to promote science education. NEST is a programme aimed to improve science teaching and learning, starting from the school level and to encourage school students to perceive the concepts of science.

E. Technology Development and Transfer

(Outlay: ₹ 495.00 lakh)

This programme is envisaged for supporting technology development, research and innovation.

i) Intellectual Property Rights Information Centre – Kerala (IPRIC-K) - It is the Nodal Agency of the Kerala State for all Intellectual Property Rights (IPR) related services and matters.

ii) Engineering and Technology Programme (ETP) – ETP is a programme for providing support to engineering colleges/R&D institutions for promoting high quality research projects in the emerging areas of engineering and technology.

iii) Technology Development & Adaptation Programme (TDAP) – TDAP is a programme which provides catalytic support for the development and demonstration of innovative need-based technologies.

iv) Rural Technology Programme (RTP) – RTP is a programme which provides assistance to promote the traditional rural technology and upgrade them for wider applications and employment generations.

v) State Centre Resource Institute for Partnering Technology (SCRIPT) - The SCRIPT program is conceived as a means to facilitate the transfer of technology and innovations from the science sector to end - users through public partnerships.

vi) Projects for Research Oriented Solutions for Problems on Environmental & Regional issues (PROSPER) - The scheme envisages to take up action-oriented and location-specific projects aiming at socio-economic development of the society through appropriate interventions of Science, Technology and Innovation (STI).

F. Programmes for Women in Science &Technology

(Outlay: ₹ 265.00 lakh)

Programmes for Women in Science initiative encompass educational opportunities, research grants, workshops, support for innovation and entrepreneurship and outreach activities designed to inspire and empower women and students, encouraging their active participation and leadership in the scientific community.

i. Back to lab research program – Back to lab is a programme envisaged for providing research fellowship leading to PhD and post-doctoral fellowships in science to qualified women of Kerala who had went career break and wish to return to the main stream research.

ii. Students with Talent and Aptitude for Research in Science (STARS) - The objective of STARS programme is to encourage talented girl students to pursue higher education in Basic or Applied Sciences through Prathibha Scholarship scheme and Student Programme for Excellence in Experimental Design (SPEED) programme.

iii. SC & ST Unemployed Women in Science, Technology, Engineering and Mathematics (SC&ST-UWISTEM) – The programme aims at identifying unemployed SC and ST women scientists in the state and support them for science and technology intervention for social benefits in the specific areas of Science, Technology, Engineering and Mathematics.

G. Innovation and Entrepreneurship

(Outlay: ₹ 300.00 lakh)

i. Science and Technology Intervention, Incubation and Research for Raising Startups in Kerala (STIRRUP- Kerala) - an innovation centre under KSCSTE, cultivates innovation, research, and entrepreneurship within Kerala. It serves as a launch pad for aspiring entrepreneurs and innovators, aiding them in transforming their inventive concepts into profitable products.

ii. Academia Industry Meet (AIM) - KSCSTE proposes to conduct an Industry-Academia Conclave as an annual event to bring together Industries and the Academia/Research Centres on the same platform.

4. Grant in aid Support to Science & Technology Institutions

(Outlay: ₹ 200.00 lakh)

The council provides support as grants against project proposals to the following autonomous institutions to implement the programmes and projects after evaluation and approval by KSCSTE.

Sl. No.	Items/Activities	Amount (₹ in lakh)
1	Integrated Rural Technology Centre (IRTC) – IRTC is a research and development organisation and it takes up problems of social relevance like energy conservation and management, green energy promotion, natural resources conservation programmes, local level interventions and technology transfer. The activities of IRTC envisaged for 2026-27 are socially relevant research projects, establishment projects, scientific infrastructure, IT & office automation, and equipment.	85.00
2	Sophisticated Test and Instrumentation Centre (STIC) – STIC is an institution jointly sponsored by the KSCSTE and CUSAT. STIC is committed to assist the industries, R&D organisations and Higher Education centres by providing highly sophisticated testing and calibration facilities, material analysis facility, R&D support, consultancy services and training programmes covering project. The activities of STIC envisaged for 2026-27 are IT & office automation, equipment, other civil works, establishing Food Technology Development and Testing Facility.	65.00

Sl. No.	Items/Activities	Amount (₹ in lakh)
3	Community Agrobiodiversity Centre - M.S Swaminathan Research Foundation (CAbC-MSSRF) - A centre functioning to strengthen community efforts in conservation and sustainable use of biodiversity through a set of interlinked activities. The project intends to build scientific knowledge base on Agro-biodiversity and wild biodiversity; explore and implement measures and strategies for mitigation and adaptation to climate change through local action; village development by linking environmental conservation and livelihoods of people and building capacity of stakeholders to sustain the conservation efforts The CAbC-MSSRF envisages to implement various projects for biodiversity conservation and food security for 2026-27.	50.00
	Total	**200.00**

An amount of ₹200.00 lakh is provided in the Budget 2026-27 for the above mentioned institutions.

5. Biotechnology Development

(Outlay: ₹181.00 lakh)

The programme included in 2026-27 under this scheme is to promote biotechnology research, education, skill development and research based on the available resources and demands of the State through the existing biotechnology development schemes. It also aims to promote entrepreneurship specially focusing on startups in biotechnology and to support research in specific thematic areas based on the requirements of the State. The support for biotechnology development in the state shall be extended through various programmes of Kerala Biotechnology Commission.

Sl. No.	Items/Activities	Amount (₹ in lakh)
1	Biotechnology Research • Young Investigator's Programme in Biotechnology (YIPB) • Kerala Biotechnology Re-entry Fellowship (K-BiREF)	50.00
2	Industrial Collaboration & Entrepreneurship Development in Biotechnology • Industry linked Biotechnology Research Scheme (IBRS) • Biotechnology Young Entrepreneur (BYE) Grant • Bio entrepreneurship Certification Programme (BCP) • Biotechnology Innovation and Entrepreneurship Facilitation Centre Kerala (BIEFC-K) at KSCSTE HQs	45.00
3	Rural Innovations in Biotechnology - • Biotechnology Innovations for Rural Development (BIRD)	20.00
4	Capacity building and Awareness Programmes in Biotechnology • Biotechnology Post-Doctoral Fellowship (B-PDF) • Biotechnology Training and Workshop (BTW)	66.00

Sl. No.	Items/Activities	Amount (₹ in lakh)
	• Biotechnology Education Programme (BEP) • Chief Ministers Career Advancement in Biotechnology (CM-CAB) • Biotech Industry Conclave • DBT Skill Vigyan State Partnership programme in Biotechnology and Life Sciences (DBT funded)	
	Total	**181.00**

An amount of ₹ 181.00 lakh is provided in the Budget 2026-27 for the implementation of the scheme.

6. Special Programmes of KSCSTE

(Outlay: ₹391.00 lakh)

An amount of ₹ 391.00 lakh is provided in the Budget 2026-27 for the following programmes under the scheme.

Sl. No.	Items/Activities	Amount (₹ in lakh)
1	Centre for Analytical and Instrumentation Facility (CAI-K)- KSCSTE establishes an Instrumentation Centre in the premises of Kerala Forest Research Institute, Peechi to create an assemblage of high-end sophisticated instruments for the use of researchers, academicians and other interest groups, to conduct training programmes on analytical instrumentation. Purchase, installation and commissioning of Universal Testing Machine (UTM) and CHNS Analyser are envisaged for 2026-27.	60.00
2	APJ Abdul Kalam Youth Challenge Programme – This programme targets youth in the state for taking up challenges in specialised sectors and to encourage entrepreneurship from the youth for establishing more industrial enterprises. It is targeted towards supporting prototype development of innovative technologies and commercialisation of successful projects for 2026-27.	50.00
3	Food Technology Development & Testing Facility – The facility focuses on value addition of food, food preservation as well as testing in the wake of pesticide loads in the vegetables and food products. The facility is established in STIC, Kochi. The equipment facilities proposed are instruments for nutritional labelling and calorie estimation, chemicals and consumables, Abbe's refractometer, atomic absorption spectrometer, tintometer, PCR machine, gel Electrophoresis apparatus, gel doc, anaerobic jar.	70.00
4	State Higher Research Centres of Excellence in Science and Technology Applications (SHRESTA) – is a programme for establishing centres of excellence in various institutions and to enhance the innovative and research capability of the institutions with well-developed research programmes in the specific areas of research.	100.00

Sl. No.	Items/Activities	Amount (₹ in lakh)
5	Scheme for Promotion of Inter Institutional Research Collaboration-SPIIRC – is a programme that aims to promote inter institutional research collaboration with a multi-disciplinary approach by supporting the research proposals from State R&D centres/R&D institutions/University Departments/Government or aided institutions, having social relevance pertaining to the State.	50.00
6	The Research Centre for STEM Higher Education Kerala (RCSHEK) - The Programme aims to upgrade the quality of science education in Kerala, to adapt to the rapid changes in science and engineering practices, such as machine learning in science, AI and robotics, and systems biology.	20.00
7	Visiting Scientist Programme - The objective of the programme is to encourage reputed scientists/ academicians working at national/international S&T institutions to visit and work in an S&T institution under Government of Kerala for a short duration of 3-12 months	41.00
	Total	**391 .00**

7. Institute of Diabetic Research

(Outlay: ₹ 1.00 lakh)

The vision of institute of Diabetic Research is to prevent, manage and cure diabetes through alternate systems of medicine. The institute aims to discover the cause of high prevalence of diabetes and its complications in India, especially in Kerala and translate them to the prevention and cure of diabetes and its complications. The institute will facilitate training for the clinicians and health workers through defined academic and training programmes. The institute will develop the most cost- effective treatment strategies for managing diabetic patients, implement measures to prevent diabetes and detect it at an early stage. It aims to take investigative approaches to determine whether indigenous systems are effective in preventing and treating diabetes and integration of those systems with modern systems of medicine will be implemented. The institute will be launched at Pulayanarkotta, Thiruvananthapuram after getting formal approval from the Government.

An amount of ₹ 1.00 lakh is provided in the Budget 2026-27 for the scheme.

8. Institute of Climate Change Studies (ICCS)

(Outlay: ₹130.00 lakh)

Institute of Climate Change Studies (ICCS), Kottayam, also a research and development (R&D) centre, has been brought under the KSCSTE in 2020-21. The institute focuses on State specific impacts of climate change on various sectors and zones of the State, conduct research, develop strategies and propose appropriate action for climate change management in collaboration with other Institutes, Universities and line departments.

An amount of ₹ 130.00 lakh is provided for the institute in 2026-27 for carrying out the following programmes.

Sl. No.	Items/Activities	Amount (₹ in lakh)
1	Ongoing research projects	25.00
2	Scientific infrastrucure	45.00
3	IT & Office Automation	10.00
4	Equipment	10.00
5	Library	10.00
6	Research Training and Extension	10.00
7	Civil works	20.00
	Total	**130.00**

9. Institute of Advanced Crop Breeding (IACB)

(Outlay: ₹ 100.00 lakh)

The scheme aims to establish a specialised autonomous institute under KSCSTE to address issues related to climate change and crop productivity emphasizing technology integration, holistic genomic approaches, and molecular mapping for precise crop identification. This initiative reflects recognition of the importance of agriculture and the need for innovative solutions to enhance crop resilience and yields. Ground breaking research is vital for developing new insights, technologies, and methodologies to address complex agricultural issues in the state. The institute can serve as a centralised hub for expertise, collaboration, and knowledge dissemination in the field of crop improvement.

An amount of ₹ 100.00 lakh is provided in the Budget 2026-27 for the scheme.

10. Institute for Sustainable Development (New Scheme)

(Outlay: ₹ 250.00 lakh)

The government aims to establish an Institute for Sustainable Development, leveraging Kerala's strong educational base, diverse biodiversity and commitment to environmental protection. It will help transform the state into an international research hub for sustainable development through Kerala's strides in the field of science and technology. The institute will work in the sustainability aspects in areas like climate resilience, water management and sustainable agriculture aligning with global goals.

The institute will also focus on – (1) innovative research integrating environmental, social and economic aspects, (2) develop new technologies and policies for renewable energy, climate change and sustainable urban and rural development, (3) undertake training programmes and workshops on capacity building and awareness, (4) engage in policy dimensions of sustainability and foster global corporation and so on.

The institute for sustainable development will be set up in Kannur district. An amount of Rs.250.00 lakh is provided in budget 2026-27 for initiating the necessary activities, including infrastructure facilities, to set up the institute.

II. Institute of Advanced Virology (IAV)

(Outlay: ₹ 6000.00 lakh)

The Virology Institute is envisioned as an institute of global standards networking Global Virology Institutes with most modern laboratories focusing research, diagnose and management of emerging and re-emerging infectious viral diseases, focusing Kerala scenario. It will be a centre of excellence to work in collaboration with international institutions for training and education in the context of research covering basic science and translational research, providing sufficient scientific inputs to enable the prevention and control of viral infections.

The objectives of the institute includes developing vaccines, cost effective multiplex diagnostic platforms for accurate and easy detection, monoclonal antibodies/other therapeutical measures, cost effective diagnostic facility against all known viruses, carrying out sero surveillance study to understand about the prevalence of the infection in a society and determining the existence/presence of novel/genetically diversified viruses through regular sequencing of samples.

The activities/programmes for the Budget 2026-27 are the following

Sl. No.	Activities/programmes	Amount (₹ in lakh)
1	Operationalisation of the BSL 2 labs in the phase IB	600.00
2	Payment of the cost of phase IB building to KSIDC	1600.00
3	Procurement of minor equipment for research laboratories	400.00
4	Augmentation of basic infrastructure for research	365.00
5	Establishment and maintenance of a BSL 3 facility & Transgenic Animal Facility complex	800.00
6	Augmentation of the Common Instrumentation Facility with procurement of unique high-end scientific equipment to support ongoing research	635.00
7	Project mode assistance for flagship programme - monoclonal antibodies, nucleic acid based vaccine, development of multiplex diagnostic platforms	750.00
8	Expansion of diagnostic services	300.00
9	Establishment of academic training complex	550.00
	Total	**6000.00**

An amount of ₹ 6000.00 lakh is provided for the institute in the Budget 2026-27.

III. Regional Cancer Centre (RCC), Thiruvananthapuram

(Outlay: ₹ 9000.00 lakh)

Regional Cancer Centre is an internationally recognised centre providing facilities for cancer diagnosis, treatment, palliative care, rehabilitation and undertakes major research and development activities in cancer care. A total amount of ₹ 9000.00 lakh is provided in the budget 2026-27 for RCC, Thiruvananthapuram for implementing the following schemes.

1. **Expansion of Physical Infrastructure**

(Outlay: ₹3900.00 lakh)

The Government has sanctioned RCC to construct a 14 storey building to meet the space constraints for providing quality treatment to patients. The new block covering 2.75 lakh square feet, will have space for accommodation of radiotherapy block with 2 Linear Accelerators, a CT Simulator and MRI Simulator, 10-bed Bone Marrow Transplant Unit, 6 Modular Operation Theatres, 8-bed Nuclear Medicine Ward, Robotic Surgery Unit, New Blood Bank and Advanced Microbiology Laboratory, ICUs, Surgical and Medical Wards, Pay wards and Hostels. The scheme includes upgradation of existing dietary kitchen at RCC and revamping of the fire safety system.

The Government has allotted 11.6 acres of land at Pulayanarkotta for the development of 2nd campus of RCC. A detailed project report must be prepared to initiate the development works.

An amount of ₹ 3900.00 lakh is provided to RCC in the Budget 2026-27 for the completion of the construction of 14 storied building and operationalizing it in a phased manner, out of this ₹ 50.00 lakh is earmarked for the preparation of DPR for the development works of new campus at Pulayanarkotta.

2. **Augmentation of facilities for early detection and treatment of general cancer**

(Outlay: ₹ 2330.00 lakh)

The ever increasing patient number has been a testimonial to the quality of services offered by RCC. In order to enhance infrastructure for early cancer diagnosis and treatment and operationalising the new building, the scheme aims to purchase of equipment for various divisions including Agarose Gel Electrophoresis Machine, Ventilators, Controlled Rate Freezer Paediatric Bronchoscope, Radiofrequency Generator for nerve ablation, Ultrasound Machine, Video Bronchoscope/Laryngoscope, Upgradation of Hyper Converged Infrastructure (HCI) With Artificial Intelligence and other equipment various divisions. An amount of ₹2330.00 lakh is provided in the Budget 2026-27 to improve the patient care facilities and purchase of equipment for various divisions.

3. **Augmentation of facilities for early detection and treatment of women oriented and pediatric cancer**

(Outlay: ₹ 2600.00 lakh)

The incidences of female and paediatric cancers in the state of Kerala have been on a raise for the past several years. The goal is to provide improved and specialized care for women and pediatric cancer patients, addressing the growing challenges in cancer care within the state. In order to improve patient care services, the scheme aims for the purchase of equipment for various divisions including new Linear Accelerator, CT simulator, FISH microscope, Portable DR X-ray machines and Co2 Laser system. An amount of ₹2600.00 lakh is provided in the Budget 2026-27 to enhance the facilities for early detection and improving preventive oncology services for Gynaecological & Paediatric cancers and for the purchase of necessary equipment.

4. Upgradation of facilities for training and research

(Outlay: ₹ 170.00 lakh)

RCC is a major Centre for cancer research with activities in the arena of basic research, epidemiological studies and clinical research collaborating with national and international centres of repute. RCC has transformed into a nationally recognized institution for teaching and training in various oncology-related specialties. The Centre offers comprehensive educational programs, including undergraduate, postgraduate, and postdoctoral courses. Purchase of books, journals, periodicals, softwares and databases for library and purchase of equipment for cancer research and cancer epidemiology divisions is also included in the scheme. An amount of ₹ 170.00 lakh is provided for the upgradation of research and training facilities in 2026-27.

IV. Kerala School of Mathematics (KSoM)

(Outlay: ₹ 800.00 lakh)

KSoM is an institute established as a joint venture between KSCSTE and Department of Atomic Energy (DAE), GoI for carrying out advanced learning and research in Mathematics. It envisages the promotion of advanced mathematical research in the country and Kerala. An amount of ₹ 800.00 lakh is provided in the Budget 2026-27 for the following activities.

Sl. No.	Items/Activities	Amount (₹ in lakh)
1	R&D activities - KSoM Doctoral and Postdoctoral Fellowships, KSoM Research Associateship, Nilakantha Postdoctoral Fellowship, Madhava Chair, Visiting professorship, Adjunct faculty, Travel grant, International and National visitor's programmes, National workshops & seminars, Lecture series in Mathematics, student fellowship & visiting associateship, International conferences, Discussions and Meetings, Integrated MSc-PhD program (Scholarships and meetings), Student Fellowship & Visiting Associateship	250.00
2	Outreach programmes - Summer workshop in Mathematics, Glimpses and Expositions in Mathematics, refresher courses for college teachers in Kerala	50.00
3	Library, scientific, digital and physical infrastructure.	100.00
4	Civil Works - Construction of hostel building Phase II	400.00
	Total	**800.00**

8.2 ECOLOGY AND ENVIRONMENT

The Department of Environment and Climate Change co-ordinates implementation of policies and programmes relating to conservation of the State's natural resources, biodiversity and the prevention and abatement of pollution. While considering the climate change events and the recurring floods in recent times, the strategy on ecology and environment under the Fourteenth Five Year Plan will be more on the conservation and sustainable use of the natural and environmental resources. During the year 2026-27 an amount of ₹ 2782.00 lakh is earmarked for various schemes under the sub sector Ecology and Environment.

Sub sector wise outlay for 2026-27

Sl. No.	Sub Sector	Amount (₹ in lakh)
1.	Department of Environment and Climate Change (DoECC)	1082.00
2.	Kerala State Bio diversity Board (KSBB)	1300.00
3.	Kerala State Pollution Control Board (KSPCB)	300.00
4.	Kerala State Climate Change Adaptation Mission (KSCCAM)	100.00
Total		**2782.00**

The scheme wise outlay is detailed below:-

1. Strengthening of the Department of Environment and Climate Change

(Outlay: ₹ 50.00 lakh)

The Directorate of Environment and Climate Change (DoECC) co-ordinates various environment related programmes implemented by various departments, agencies, and LSGs. The Directorate serves as the nodal agency in formulating climate change related schemes, plans, programmes and their execution. The Department is also working as the Secretariat of State Level Environment Impact Assessment Authority (SEIAA) and State Level Expert Appraisal Committee (SEAC).

The outlay proposed will be utilized for infrastructure development of DoECC, including furnishing of new administrative building for the Directorate, Paristhithi Bhavan, capacity building programme, meeting administrative expenses and procurement of IT and related infrastructure.

An outlay of ₹ 50.00 lakh is earmarked in 2026-27 for the above activities.

2. Environmental Awareness and Education

(Outlay: ₹ 120.00 lakh)

Major objective of the scheme is creation of public awareness on the importance of environmental conservation, impact of environmental degradation and climate change mitigation/adaptation. The components of the scheme include conducting environmental sensitization programmes, creating awareness on climate change mitigation and adaptation, incentives for sustainable environmental practices etc. The anticipated outcome of the scheme includes sensitization of public about various environmental issues at State and regional level and development of strategies to address those issues in participatory manner. The BhooMitra

Sena Clubs will be extended to more colleges and higher secondary schools in the State including private institutions especially in the ecologically sensitive areas and strengthening of the existing clubs. The Paaristhithikam programme will be implemented with more focus on ecosystem restoration and for addressing other local specific environmental issues. World Environment Day and other internationally declared environmentally significant days will be observed in collaboration with other government agencies, educational institutions, Bhoo Mitra Sena Clubs, and NGOs. Under Paristhithi Mithram awards, awards will be given to recognize achievements in environmental conservation initiatives of individuals and institutions in six different categories such as environmentalists, environmental researcher, print media reporter, visual media reporter, environmental organizations, and LSGs. In addition to Paristhithi Mithram awards, incentives will be given to persons/institutions for sustainable practices/innovations that can be replicated. Other environmental sensitization/capacity building programmes relate to climate change mitigation and adaptation, environmental acts, rules and notifications through publications, short films, scientific documentaries, webinars, advertisements, and participatory activities.

An outlay of ₹ 120.00 lakh is provided in 2026-27 and the component wise details are as follows.

Sl. No.	Components	Amount (₹ in lakh)
1	Bhoo Mithra Sena Clubs (BMCs)(Recurring and new)	45.00
2	Paaristhithikam	30.00
3	Observance of environmentally significant days	10.00
4	Paristhithimithram Awards and other environmental incentives programmes	13.00
5	Other environmental sensitization programmes	22.00
Total		**120.00**

3. Environment Research and Development

(Outlay: ₹ 200.00 lakh)

The scheme envisages planning and coordination of environmental research for enhancing the understanding of environment and ecology and devising strategies and solutions for effective environmental protection and management. Under this programme, financial assistance for major and minor research project proposals are considered. Depending upon specific needs of the State or to focus specific research efforts on important areas of ecology and environment, the Directorate will directly commission research studies to one or a network of research institutions, identified on the basis of recognized capabilities in the concerned area. The research will be assigned depending upon specific needs of State's policy making, including formulation of programmes, dissemination of information and sensitizing LSGs. Expected outcome of the scheme includes providing valuable research findings on various environmental issues and in-depth knowledge and insights into specific topics such as pollution, climate change, and biodiversity conservation.

Projects on thematic areas such as ecosystem conservation and management, evaluation of ecosystem services, socio-economic issues related to environment, conservation and management of landscapes and ecologically sensitive areas, sustainable management of natural resources, vulnerability and risk assessment process, and environmental health shall be prioritized during 2026-27. In addition to these, disbursement of recurring grants for ongoing research and development projects will be met from this programme. The Directorate of Environment and Climate Change (DoECC) envisages continuing the research fellowship programme 'Paristhithiposhini' and student fellowship programme 'Vidhyaposhini' during 2026-27. The Geospatial laboratory in the DoECC will be strengthened to identify solutions to problems in natural resources and environment management through remote sensing data and GIS technology.

The outlay will be utilized for the following programmes also.

1. Land use planning for the climate vulnerable districts in the wake of extreme climate phenomenon.
2. To promote research on rivers, river basins and the flood prone areas.
3. Analysis of land use changes and natural resource mapping of major river basins/ catchments.
4. To study the impact of invasive species on the ecology of the state.
5. Detailed bathymetric study and analysis of wetlands of Kerala.
6. To address the impacts of climate change in costal environment, agriculture, fisheries and other important sectors.
7. Studies on climate change induced impacts like desertification, drought, land degradation, spatial and temporal changes in the distribution and composition of species, flood, heat stress etc.
8. To strengthen and update the traditional practices in the conservation of natural resources utilizing scientific insights and to map and conserve the special habitats.
9. Development of technologies for low cost building construction using locally available eco- friendly resources.
10. Flood prevention and storm water management in the midland region of the state.

An amount of ₹ 200.00 lakh is provided in 2026-27 and the component-wise outlay is as follows.

Sl. No.	Components	Amount (₹ in lakh)
1	Paristhithiposhini Fellowship	35.00
2	Vidhyaposhini Fellowship	5.00
3	Recurring Projects	50.00
4	Geo-spatial Laboratory	10.00
5	R & D projects (new)	100.00
Total		**200.00**

4. Biodiversity Conservation

(Outlay: ₹ 1300.00 lakh)

The aim of the scheme is firmly rooted in recognizing the importance of biodiversity and ecosystem services in supporting life and achieving sustainable development goals. The objective of the scheme is to ensure conservation and sustainable utilization of Kerala's biodiversity in a decentralized manner with increased public participation and local decision making.

The scheme has mainly four components, viz. biodiversity conservation, sustainable use of bio-resources and access and benefit sharing, biodiversity research and knowledge hub, and strengthening of Biodiversity Board and public awareness.

Biodiversity conservation composed of components such as preparation of local biodiversity strategy and action plan, strengthening of BMCs through awareness and training programmes, ex-situ conservation of threatened plant species, promotion of wild edible leafy garden in schools, restoration of degraded ecosystems through BMCs, documentation and conservation of local agro-biodiversity heritage systems of Kerala, establishment of high density forest with threatened tree species in government institutions, marine biodiversity and associated knowledge register for coastal biodiversity management with community participation, empowering custodian farmers for agro-biodiversity conservation, ecosystem restoration of sacred groves through BMCs, biodiversity and ecosystem literature and capacity building for climate risk managers with special reference to Wayanad District, conservation of heritage breeds and traditional livestock breeds of Kerala, identification and documentation of other effective area based conservation measures (OECMs) in Kerala through BMCs, Mobile App Development & Digitalization of 100 selected PBRs, a correlative study on the concentration of plastics (including micro plastics) pollution and its impact on biodiversity richness in the coastal areas of Thiruvananthapuram District, Kerala Biodiversity Information Repository (KBIR), Strengthening custodian farmers for Agro biodiversity Conservation and spill over works of agro-diversity conservation in College of Agriculture.

Components under sustainable use of bio-resources and access and benefit sharing composed of ecological impact and value addition assessment for sustainable management of invasive species in the wetlands of Kerala, Kerala traditional knowledge digital library, capacity building for implementation of the Biological Diversity Act (Amendment) 2023, developing access and the fair and equitable benefit-sharing models through bio-prospecting of ethno biological knowledge of Kerala, One BMC One Product: an initiative for Sustainable Economic Development and Biodiversity Conservation and conservation of inland aquatic biodiversity and establishment of breeding centres for prospective fish at selected centres of upper reaches of Kerala as a hybrid mechanism for generating income for native people and fish conservation.

The components of biodiversity research and knowledge hub includes doctoral fellowships, comprehensive study on changes in ecosystems and microbes, flora and fauna due to environmental pollution at Sabarimala, development of propagation methods on selected riparian plants, survey and documentation of microbial biodiversity outside protected

areas, survey, documentation and ex-situ conservation of lesser known wild endemic plants with ornamental potential, studies on the biota of selected sacred-groves, monitoring of marine ecosystems through identification and removal of ghost fishing nets in the potential fishing zones, a comprehensive frame work for the propagation and multiplication of endangered notified plant species as per Section 38 of the Biological Diversity Act and updating the notified species list, red list assessment of ecosystems in Kerala, Taxonomy and current status of macro-brachium prawns in the rivers of Kerala, Biodiversity assessment of artificial reefs compared to natural reefs, accidental reefs, and barren seabed, Comprehensive mapping and impact assessment of invasive species along the coastline of Kerala and development of City Biodiversity Index and urban biodiversity corridors program for Thiruvananthapuram, Kerala Biodiversity Finance Framework and green auditing at LSGS.

Strengthening of the Biodiversity Board consists of the components such as biodiversity training, education and awareness programmes, biodiversity conservation awards, biodiversity seminars/workshops/symposia, observance of UN international days on environmental conservation, biodiversity congress, biodiversity information system and user-friendly dashboard, upgradation of biodiversity museum, agro-diversity centre at Pinarayi, State Biodiversity Fund, Local biodiversity and traditional knowledge exhibitions at selected biodiversity clubs, establishment of river museum within Vallakadav Biodiversity Museum, local biodiversity and traditional knowledge exhibitions at selected Schools and colleges, Every Child A Scientist and Artist(ECASA) program, preparation of Campus Biodiversity Registers: A Piolet level project for selected schools and colleges, gender and biodiversity She harnesses ecosystems for biodiversity-inspired outcomes (She Bio), Kerala Biodiversity Information Centre (KBIC) and infrastructure facilities and operational costs of KSBB, including office building and other expenses.

An outlay of ₹ 1300.00 lakh is earmarked in 2026-27.

5. Environment Impact Assessment (EIA)

(Outlay: ₹ 160.00.00 lakh)

State Environment Impact Assessment Authority is a statutory authority enacted under the guidance of MoEF, Govt. of India. EIA is a prerequisite for most of the projects in water resources, industries, and infrastructure. State Environment Impact Assessment Authority is the ultimate Authority to issue environmental clearances to projects falling under category-B of schedule in EIA notifications 2006. During 2026-27 the outlay will be utilized for capacity building programmes, training and fee of standing counsels in High Court and NGT, AMC, and for the statutory functioning and operational cost of the SEIAA and SEAC, which started functioning from 2011. The provision is also proposed to meet the functioning of District Environment Impact Assessment Authorities/District Level Appraisal Committees constituted by MoEF, Government of India. The outlay will also be used for conducting studies and EIA on ecologically sensitive areas.

An amount of ₹160.00 lakh is provided in 2026-27 for the above components.

6. Climate Change

(Outlay: ₹ 192.00 lakh)

Climate change poses a grave challenge to the sustainability of social and economic development, livelihoods of communities and environmental management in Kerala. The Department of Environment and Climate Change has been nominated as the nodal agency for coordinating activities related to climate change in the State. The main objective of the scheme is to take appropriate action to address climate change related issues on human rights, health, the indigenous people, local communities, migrants, children, persons with disabilities and people in vulnerable situations, gender equality, right to development, empowerment of women and inter-generational equity.

An outlay of ₹ 192.00 lakh is provided for 2026-27. The scheme will give more focus on scientific approach for climate resilient Kerala that ensures sustainable livelihood and environment rejuvenation. Strengthening of State Climate Change Cell and the development of State Climate Change Knowledge Management Portal is part of the scheme. Climate-Resilient Livestock Solutions for Carbon Neutral Kerala 2050 initiative is also part of the program. Technical assistance for taping the Climate Change funds like GCF and NAFCC is also included under the scheme.

Component-wise outlay is as follows:

Sl. No.	Components	Amount (₹ in lakh)
1	Recurring projects	50.00
2	New projects	45.00
3	State Climate Change Cell	62.00
4	Ujjwal Post-Doctoral fellowship	35.00
	Total	**192.00**

7. Kerala State Pollution Control Board

(Outlay: ₹ 300.00 lakh)

The Kerala State Pollution Control Board is the statutory authority to implement the Acts and Rules of water and air (prevention and control of pollution), environment (Protection), hazardous and other wastes (management & trans-boundary movement), manufacture, storage and import of hazardous chemicals, bio-medical waste, plastic waste, solid waste, e-waste, batteries (management and handling) and noise pollution (regulation and control).

The focus areas during 2026-27 include the following.

1. Infrastructure development and procurement of instruments for upgrading the Board's laboratories attached to district/regional offices of the Board.
2. Up gradation of IT Cell of the Board into State Level Data Center.
3. Maintenance/ Modification of E-tracks website, AMC charges and support charges.

4. Public awareness programmes through media, animation programmes, short films, brochures, seminars, workshops, etc. and training of stakholders.
5. Ambient air and water quality monitoring surveillance programme.
6. Surveillance of Sabarimala.
7. Capacity Building.

An outlay of ₹ 300.00 lakh is provided in 2026-27.

8. State Wetland Authority, Kerala (SWAK)

(Outlay: ₹ 150.00 lakh)

SWAK functions as nodal authority for all wetland specific activities within the State. It is constituted for the purpose of protection and rejuvenation of all wetlands in the State including the protection of genetic diversity of the ecosystem, formulation of policies and coordination of local self-Governments, NGO's and other agencies to implement and regulate the activities. The outlay proposed will be utilized for the administrative functioning of SWAK. Other activities include implementation of eco-restoration activities of wetlands on the basis of approved management action plans, implementation of Wetlands (Conservation and management) Rules, 2017, wetland education, data augmentation and dissemination campaigns, and revision of Management Action Plans/preparation of integrated management plans of wetlands as per the Wetlands (Conservation and Management) Rules. The outlay will also be utilised for infrastructure development and operational costs, awareness activities and wetland conclave, activities for designating new Ramsar sites, LSG workshops in 5 wetlands, preparation of IMP of Vellayani and other wetlands getting notified, biodiversity inventory, documentation, mobile wetland monitoring and surveillance unit, IT infrastructures, computer, stationary, field survey, functioning of Project Management Units, integrated management action plan and wetland mapping.

An amount of ₹ 150.00 lakh is earmarked in 2026-27 and the component wise outlay is as follows.

Sl. No.	Components	Amount (₹ in lakh)
1	Administrative functioning of SWAK	48.00
2	Implementation of Wetland rules (Conservation and Management Rules), 2017 – Notification of wetlands and allied activities, and wetland boundary demarcation.	30.00
3	Wetland education, data augmentation and dissemination campaigns	42.00
4	Preparation of integrated management action plans of wetlands as per the Wetland (Conservation and Management) rules	30.00
Total		**150.00**

9. Kerala Coastal Zone Management Authority (KCZMA)

(Outlay: ₹ 120.00 lakh)

Kerala Coastal Zone Management Authority is an independent authority constituted by Ministry of Environment, Forest and Climate Change (MoEF & CC) as per Environment (Protection) Act, 1986 to protect and conserve the coastal environment. The Kerala Coastal Zone Management Authority (KCZMA) ensures proper implementation of CRZ notification in the entire coastal stretches of Kerala. Examination of proposals and recommendation, inquiry into cases of alleged violation and complaints, enforce and monitor the provisions of CRZ notifications, identification of ecologically fragile area in the CRZ are some of the functions of the authority. Directorate of Environment and Climate Change is the boarding office of KCZMA.

An amount of ₹ 120.00 lakh is earmarked during 2026-27 to meet the regular functioning of KCZMA which include purchase of office equipment and computers/laptops/printers, stationery and furniture, meeting expenses, like sitting fee and honorarium, field inspection charges, functioning of District Level Committees of KCZMA, professional fee for court cases, conducting supreme court cases, IEC activities, transportation charges including hiring vehicles, postage stamp, website updating, wages and remunerations, purchase of books and journals and conducting awareness programmes.

10. State Wetland Authority, Kerala (SWAK) (40% SS)

(Outlay: ₹ 60.00 lakh)

SWAK functions as nodal authority for all wetland specific activities within the State. It is constituted for the purpose of protection and rejuvenation of all wetlands in the State including the protection of genetic diversity of the ecosystem, formulation of policies and coordination of local self-Governments, NGO's and other agencies to implement and regulate the activities. Major objective is implementation of eco-restoration activities of wetlands on the basis of approved integrated management action plans of Vembanad-Kol, Ashtamudi, Sasthamkotta, and other wetlands. Management planning for the Ramsar wetlands are structured around institutions and governance, catchment conservation, water management, biodiversity conservation and sustainable livelihoods.

The outlay will also be utilized for the preparation and implementation of projects based on management action plans for Vembanad, Ashtamudi, Sasthamkotta, and other wetlands. An amount of ₹ 60.00 lakh is earmarked in budget 2026-27 as 40% state share.

11. Climate resilient farming

(Outlay: ₹ 30.00 lakh)

The scheme aims to enhance resilience of agriculture sector to climate change through strategic research, technology development and demonstration. Well framed adaptation policies and programmes are essential to increase the resilience of farming to climate change. Practices that help adapt to climate change in farming includes soil organic carbon build up, in-situ moisture conservation, residue incorporation instead of burning, water harvesting and recycling for supplemental irrigation, growing drought and flood tolerant varieties, water saving technologies, location specific farming, nutrient management etc. The package of practices and recommendations will be decided in coordination with the Directorate of

Extension, Kerala Agriculture University. Enhanced climate resilience of agriculture sector in the State is the anticipated outcome of the scheme.

In 2026-27, in addition to the ongoing programmes, new projects will be implemented under the scheme with more focus to enhance climate resilience in climate change vulnerable districts/agro-climatic zones with major objectives such as:

- Development of climate resilient protocol for important agriculture crops.
- Promotion of energy –efficient agriculture practices.
- Climate change vulnerability and risk assessment of agro-ecological zones of Kerala and adoption of agro-ecological principles in the State.
- Promotion of traditional and climate resilient varieties or landraces and its value addition.
- Sensitization programmes for adaptive cropping practices in vulnerable agro- climatic zones.

An outlay of ₹ 30.00 lakh is provided in the scheme during 2026-27.

12. Kerala State Climate Change Adaptation Mission (KSCCAM)

(Outlay: ₹ 100.00 lakh)

The Government has constituted the Kerala Climate Change Adaptation Mission (KSCCAM) under the chairmanship of Hon'ble Chief Minister through the GO (Rt) No. 61/2023/Envt dated 4-8-2023 and GO (Ms) No. 1/2023/Envt dated 6- 12-2023 and illustrated the responsibilities of the Mission under the Department of Environment. Major focus of the Mission at the policy level is on identifying the optimal emission achievements to be met and prioritizing the adaptation and resilience goals.

In 2026-27, the important components under this scheme includes office establishment costs, Kerala climate change dialogue series, adopt carbon capture usages & storage technologies. An outlay of ₹ 100.00 lakh is earmarked for the scheme during 2026-27.

IX. SOCIAL AND COMMUNITY SERVICES

9. 1 GENERAL EDUCATION

Education has been identified as a key area for state intervention and the public education of the State has been drastically revamped through 'Pothu Vidyabhyasa Samrakshana Yajnam', one of the four components of Nava Kerala Mission initiated by the Government of Kerala in 2016. This initiative is continued through 'Vidya Kiranam' project which is a component of Nava Keralam Mission and 'Pothu Vidyabhyasa Samrakshana Yajnam'. In order to ensure quality education at school and higher education levels, plan funds have been earmarked for various schemes. The State plan outlay set apart for the education sector during 2026-27 is ₹ 1,98,017.00 lakh. Out of this, ₹ 1, 12,871.00 lakh is for School Education, ₹ 55,646.00 lakh to Higher Education (Universities and Collegiate Education) and ₹ 29,500.00 lakh for Technical Education. Details are given in the following table.

Allocation (₹ in lakh)

Sector	State Plan	Aggregate Plan (including Central Share)
1. School Education	1,12,871.00	1,86,373.00
2. Higher Education (Universities & Collegiate Education)	55,646.00	60,900.00
General Education (Total)	**1,68,517.00**	**2,47,273.00**
3. Technical Education	29,500.00	29501.00
Total	**1,98,017.00**	**2,75,974.00**

Substantial amount has been earmarked for improving the facilities of educational institutions to enhance academic excellence and research ambience. Focus has been given to create a disabled friendly environment in educational institutions. Focus has also been given to enhance the quality of higher education by earmarking substantial amount to higher education institutions.

A. School Education

Proposals for the implementation of the various plan schemes are grouped under five major sub-headings to enable the department to achieve its goals and objectives. These five areas are the core areas where the investments in time, effort and money need to be focused to achieve the objectives of the plan.

1. Providing Infrastructure
2. Ensuring Academic Excellence
3. Students Centric Activities
4. Governance and Academic Monitoring
5. Other Activities

1. School Infrastructure

(Outlay: ₹ 9400.00 lakh)

There are about 10.94 lakh students studying in Government schools in Kerala. This constitutes about 30.95% of the total students studying in the state. As a result of "Pothu Vidyabhyasa Samrakshana Yajnam", enrolment in Government Schools has increased. An amount of ₹ 9400.00 lakh is provided for the implementation of the following components in 2026-27.

a) Infrastructural Facilities to Schools

Increase in enrolment is more prominent in primary classes and this necessitates the improvement and extension of infrastructural facilities for providing quality education in government schools. Hence the amount is earmarked for the construction of new blocks/rooms with modern facilities and barrier free accessibility including smart class rooms, infrastructural development of educational offices, girl friendly toilets, urinal blocks etc. in schools. A part of the amount should be used for the construction, maintenance and repair etc. for upgrading special schools.

An amount of ₹ 7000.00 lakh is provided for the activities during 2026-27. The amount can also use for additional expenses arise due to school integration and structural reforms.

b) Barrier free School - Disabled friendly infrastructure

This Component is mainly intended for providing necessary arrangement for developing a barrier free environment in schools for students with disabilities. Students who use wheelchair, having limited walking abilities, sightless and the partially sighted, deaf and hard of hearing, people with difficulties in learning, those persons who are temporarily disabled due to accidents or illness must have a barrier free school atmosphere. The amount kept aside for this component will be used for making necessary arrangements/special learning aids/equipment for the students with disabilities making a barrier free atmosphere in the school premises. Infrastructure upgradation, introduction of disable friendly technologies, capacity building and awareness programmes for parents and local bodies, monitoring and certification etc. are also envisaged under this component. Priority should be given to special schools. Amount can also be used for enhancing the facilities in block level resource schools.

An amount of ₹1100.00 lakh is provided for the activities during 2026-27.

c) Land purchase for government schools functioning in rental building and completion of works other than PWD

This component is intended for making government schools to function on their own land as several schools are functioning in private properties on rental basis lacking necessary infrastructure.

An amount of ₹800.00 lakh is provided for the activities during 2026-27

d) Preservation of heritage building

The department owns a number of buildings crossed a century and they are notable for its Kerala style architecture. This component intends to the renovation and preservation of these traditional constructions.

An amount of ₹200.00 lakh is provided for the activities during 2026-27.

e) Hostel facility for students from remote areas and plantations

The objective of this component is for constructing hostels for students from remote areas and limited residential facilities especially for those who reside in plantation areas and thereby to reduce the dropout rate, to provide health and nutritional care and quality education. As a first step it is intended for constructing two hostels in Idukki and Wayanad districts (within the campus of already functioning schools).

An amount of ₹300.00 lakh is provided for the activities during 2026-27

2. Contingency Assistance for sustenance of school infrastructure

(Outlay: ₹ 1200.00 lakh)

Under this scheme, fund is earmarked for sustaining the school buildings and other infrastructure on contingency basis. The objective of the scheme is to provide financial assistance to schools for urgent maintenance and repair works that arise unexpectedly. This contingency fund is designed to address infrastructure needs that result from unforeseen circumstances such as natural calamities, disasters or sudden structural failures etc.

An amount of ₹ 1200.00 lakh is provided for the activities during 2026-27.

3. Academic Excellence

(Outlay: ₹ 5625.00 lakh)

In order to cope up with the changing requirements of scientific and technological world, it is essential that school leaving students acquire a higher level of knowledge and skills. Activities are also formulated to ensure academic excellence in schools and training of instructors in general and special school teachers - teachers who are interacting with students with disabilities - in particular. Special focus has also been made for ensuring quality and academic enhancement of students from marginalized and deprived sections. Special fund and schemes have been earmarked for ensuring inclusive education.

An amount of ₹ 5625.00 lakh is provided for the implementation of the following components in 2026-27. Out of this amount, 50% is expected to be benefitted exclusively for girls. The outlay can also be used for meeting department share for implementing pooled fund for special projects under Scheduled Caste Sub Plan/Tribal Sub Plan by SC/ST departments.

a) Attainment of Quality Education

The activities proposed under this scheme are categorised into two: 1) monitoring of the quality of education and 2) quality enhancement programmes of teaching and learning. The activities under monitoring of the quality of education include activities of QIP monitoring committee. For conducting the activities under monitoring of the quality of education, an amount of ₹ 30.00 lakh has been earmarked.

The activities under the Quality Enhancement Programmes of teaching and learning for 2026-27 are a) Comprehensive teacher transformation programme (State Mission for Active Resourceful Teachers-SMART) b) Development of Arabic and Urdu education c) Special learning programme for children of migrant labourers and d) Optimising school education system in collaboration with foreign universities e) Conducting certificate course in

counselling for teachers/teacher educators. For the Quality Enhancement Programme of teaching and learning, an amount of ₹ 70.00 lakh has been provided.

A total amount of ₹100.00 lakh is provided for the activities during 2026-27.

b) State Institute of Educational Technology (SIET)

The area of operation of this institute covers the preparation of video/audio programmes for the children of 5 to 17 years of age and the teachers in the regional language to support the classroom learning. The major activities proposed are digital content development, publications, talent lab activities, development of educational tools, all Kerala children's educational film festival, research, educational technology club, capacity building programme for teachers, office furnishing and automation etc.

An amount of ₹ 75.00 lakh is provided for the activities during 2026-27.

c) Development of Sanskrit Education

Sanskrit is a classical and cultural language. 3000 Schools in the State have facilities to learn Sanskrit as optional language. About 2 lakh students are studying Sanskrit all over the state. Financial assistance to Sanskrit councils, Sanskrit scholarship, conducting Sanskrit scholarship examination, preparation, printing and distribution of question papers and certificates for exam, one day orientation to council secretaries, district and state level Sanskrit day celebration, Sanskrit seminar, support for educational district level activities etc. are the major activities proposed under this scheme.

An amount of ₹ 60.00 lakh is provided for the activities during 2026-27

d) Improvement of Science, Maths and Social Science Education in Schools

The major objective of the scheme is to create scientific temper among students and to supplement the learning of Science, Mathematics and Social Science, strengthen environmental awareness and to promote innovative talents. For achieving this objective, Science, Mathematics and Social Science Clubs are working in schools and various activities are being conducted. Programmes are being organised at school level, sub district level, revenue district level, State level, Southern India level and national level. The amount earmarked for this component can also be used for the programmes of Manchadi and Mazhavillu. Manchadi and Mazhavillu are the programmes developed by K-DISC and have demonstrated significant success in enhancing Mathematics and Science education respectively in classrooms.

An amount of ₹ 250.00 lakh is provided for the activities during 2026-27.

e) Establishment of District Centres of English

The major objective of this programme is to facilitate better learning experiences in the english classrooms and nourish the resourcefulness of the teachers of English in the district. Certificate courses in English language teaching, english language proficiency enhancement programme for newly appointed primary school teachers, professional development programme for high school teachers, orientation programme for D.EL.ED students, documentation, visioning workshop, module revision, course curriculum

familiarisation, evaluation tool preparation workshop, etc for certificate course in English language teaching, state level monitoring and review meetings, faculty improvement programme etc. are the major activities proposed under the programme during 2026-27.

An amount of ₹94.00 lakh is provided for the activities during 2026-27.

f) Special Teachers Training Institute

Under General Education Department 2 government special teachers training institutes are working, one at Parappanangadi (Malappuram) and other at Vidhyanagar (Kasargod). These institutions offer courses which provides diploma certificate for teaching children with intellectual disability or developmental disability in special schools and general schools. The amount is provided for the functioning and infrastructural development of the Government educational institutions for the training of special teachers.

An amount of ₹125.00 lakh is provided for the activities during 2026-27.

g) International School of Dravidian Linguistics (ISDL)

The International School of Dravidian Linguistics is an autonomous body and a subsidiary of the Dravidian Linguistics Association of India. The main objectives of the school is to undertake, organize and guide original works in Dravidian studies and advanced research in that area including all aspects of Dravidian languages, art, architecture, history, philosophy, culture, religion and tribal culture. The amount is provided for the library development including purchase of library books, journals and furniture, printing and stationery, computer up-gradation and other equipment, research projects, research fellowship, seminars/workshops/teaching courses, repairs, maintenance and rejuvenation of buildings, orientation programmes and contact classes etc.

An amount of ₹ 70.00 lakh is provided for the activities during 2026-27.

h) Systematization of Government Institute for Teacher Education

At present there are 23 Institutes for Teacher Education, 14 DIETS and 2 Hindi Teacher Training Institutes under government sector. As per the norms and standards prescribed by the NCTE, the infrastructure in these ITEs has to be improved. Restructure of the classrooms to high tech classroom, women friendly washrooms and toilets, rest rooms for girl students, automation of library, purchasing equipment for art education and work education, strengthening of labs, support to community living camps, study tours, preparing software by NIC/CDIT, programme for enhancing scientific temper and teaching, learning skills, English language enhancement programme for student teachers, etc. and other ongoing activities are proposed. Amount is also provided for the additional facilities as insisted by NCTE.

An amount of ₹ 66.00 lakh is provided for the activities during 2026-27.

i) Upgradation of Government Special Schools and capacitization of teachers in Government Special Schools

This scheme is for the improvement of facilities in government special schools. There are 3 schools for deaf pupils and 4 for blind pupils under government sector. Extension and

modification of existing school buildings and other improvement works have to be done. For achieving a standardized education of children, class room teaching is to be made effective by supplying teaching-learning materials. Teacher training is also to be made a component of scheme so as to familiarize the teachers in Special Schools with modern trends and techniques of teaching the children having different types of disabilities. The major activities proposed are improvement of hostel facilities, library, lab, sports utilities, study tour, special school work experience, science fair, enabling teachers in handling the classes in digital mode and establishment of hi-tech audiological and language lab etc. and other on-going works. This scheme also intends to develop centres of excellence in government special schools. The objectives of this project are i) to develop a specially designed school (Jagathy) for the Visually disabled and Hearing disabled as a centre of excellence ii) to equip these schools with modern technology and innovation iii) to support stakeholders through training and counseling programmes iv) to provide skill training to enhance their employability prospects and v) to disseminate the findings and best practices to other districts.

A total amount of ₹ 170.00 lakh is provided for the component during 2026-27.

j) Special Enrichment Programme for Students from deprived/marginalised areas like Tribal, Coastal and Plantation areas

This programme intended to provide support to students from marginalized communities with enriched inputs for uplifting them at the desired level of learning by ensuring the retention at school. The programme also aims at mainstreaming the students from marginalized communities by considering their cultural backgrounds. Access to the quality education has also to be ensured for the vulnerable sections. This project is being implemented in schools in tribal areas, coastal areas and plantation areas. The programme will be implemented with the support of staff of education department, tribal department, fisheries department and local bodies. State level conceptualization workshop, district level familiarization workshop, cumulative record preparation with video coverage of the entire programme, improving infrastructure facilities, parental awareness programme, learning enhancement activities, state and district level monitoring, state and district level seminars, state and district level documentation, state level review, State level zonal camps, co-curricular activities, recreation activities, digital attendance monitoring system and student support system, research study etc, special package for Edamalakudy tribal settlement, academic support through DIET and other ongoing activities are proposed for 2026-27 under the scheme. In essential circumstances the services of educational volunteers can be taken for the monitoring of the education of tribal students. The outlay can also be used for meeting department share for implementing pooled fund for special projects under Tribal Sub Plan by ST departments.

An amount of ₹1150.00 lakh is provided for the activities during 2026-27.

k) Sastrayanam and Sasthrarangam

The main objective of this programme is to encourage scientific talents of the students who have aptitude in Science. Sasthrarangam is established through the convergence of four major clubs in the schools like science, social science, mathematics and work experience.

Sasthrarangam is the main agency in the schools to organise scientific activities. The major activities proposed under the programme for the year 2026-27 are, printing of Sasthrarangam magazine, Sasthrarangam editorial board meeting, Sasthrarangam district/sub district co-ordinators meeting, Sasthrayanam, State Sasthra Sangamam, collaboration of extension centres of various science/research centres, state level science study camp for inspire award winners, science technology and innovation clubs in schools, funding to districts and sub-districts activities, sasthrarangam, module updation etc.

During 2026-27, a total amount of ₹150.00 lakh is provided for science enrichment activities.

l) Focus School

Rejuvenation of government schools has been a flagship programme of the Government since the previous five year plan. This project is targeted to such government schools having less than 25 students all together and one school will be selected in each educational district. The major objective of this project is to improve the low performing schools at par with the benchmarks. Preparation of activity package suitable for schools and implementing special activity package are the major activities proposed under the project. Providing infrastructure/equipment, State/district level review meeting, school level camp, training for students, conducting mikavulsavam, monitoring activities etc. are the programmes proposed in 2026-27.

An amount of ₹45.00 lakh is provided for the activities during 2026-27.

This programme envisages strengthening of selected general schools to function as model centres of inclusive education in specific disabilities. These model inclusive schools will provide appropriate and qualitative education, co-curricular activities, vocational training to pupil who needs special care along with their peers, awareness programme for society and monitoring. This programme includes vocationalisation and assistance for selected schools and support for the existing 168 model inclusive schools. The amount is also envisaged sports, recreations, preparation of adapted teaching learning material, individual care plan, life skill training, awareness programme and infrastructure development etc.

An amount of ₹ 250.00 lakh is provided for the activities during 2026-27

n) Vayanyude Vasantham

This project aims to inculcate the habit of reading among school students. Upgrading of school libraries, computerization, furniture, purchase of books and bookshelves, training to teachers/librarians, monitoring etc. are the activities proposed during 2026-27 under the scheme.

An amount of ₹ 30.00 lakh is provided for the activities during 2026-27.

o) English Language enrichment programme (ELEP)

The English Language enrichment programme focuses on building a strong foundation in the learners of English language at primary level. This programme incorporates

language elements across all English language components, enabling children to become successful communicators, proficient readers and creative writers. The programme aims at improving english language competence among the learners of class V and VI in the government schools. This programme will be implemented in 2 schools from each sub-district.

An amount of ₹500.00 lakh is provided for the activities during 2026-27.

p) Model school

The model school project is proposed to improve the learning environment by improving the school infrastructure including playground, teaching learning strategies, creation of support systems and transforming the school as green and clean. This is implemented on an experimental basis in one school in each district in 2026-27 to function as model centres of school education. If needed, the residential facilities can also be assured.

An amount of ₹ 210.00 lakh is provided for the activities during 2026-27.

q) Samagra Gunamenma Vidyabhyasa Padhathi and school grading (Comprehensive Quality Education plan)

The major objective of this programme is to improve the quality of the public education in the State and to be developed each school into a centre of excellence. As part of enhancing the quality of education the department is planning to evaluate the outcome of all the programmes and activities undertaken and grade the progress made by the schools. It is envisioned to assess the progress made by schools in academic and non-academic areas and grade the schools according to it. It is intended to implement special plan for the year 2026-27 to provide encouragements to schools that have achieved excellent standard and to identify schools that are not performing well and implement necessary support activities to improve the standards. This scheme is also envisaged for activities transform schools for centres of excellence, teacher capacity building, innovative classroom processes, inclusivity and holistic development, technology integration skill development and adolescent education for tribal learners and other focused groups, community based learning labs for tribal learners, technology friendly educational activities, little masters programme, work education, one school one game and administrative activities etc. The amount is also envisaged for SRADDHA, an academic support for low achievers.

An amount ₹ 1280.00 lakh is provided for the activities during 2026-27.

r) Professional development of school teachers

Improving the quality of school education necessitates professional development for school teachers. A dedicated training programme is being launched for this purpose which includes, orientation training programme for new school teachers and in-service professional training programme for all school teachers from primary to higher secondary level. This is to be focused on introducing new developments in the knowledge area, new methods of teaching, learning and pedagogy, technology and improving research aptitude and problem-solving skills. The objective of this programme is to emphasize new methods and technologies in teaching and learning, while incorporating scientific temper, democratic

values and equality. This scheme is intended to be implemented through SCERT in collaboration with leading universities.

An amount of ₹500.00 lakh is provided for the activities during 2026-27.

s) Empowering Stake holders on Emotional wellbeing (NEW)

Teacher's role is important to face challenges of students such as behavioral issues, substance abuse, mental health concerns and difficulties in interpersonal relationships, social conduct and digital addiction. This programme for all teachers from secondary to higher secondary levels. The activities include empowering teachers as primary level counsellors and guides, empowering teachers in adolescent education, substance abuse prevention, stress management and social consciousness (refresher and induction training for upper primary teachers), state level workshop, state level& district level master training, field training, module revision, material preparation and state monitoring cell.

An amount of ₹ 500.00 lakh is provided for the activities during 2026-27.

4. Student Centric Activities

(Outlay: ₹ 4275.00 lakh)

All the children in the age group from 6 to 18 years have to be provided educational facilities which help in unfolding the full potential of the child. Different child centric activities help in linking the development of the child with the society, in concept formation and its application in daily life and attributes to critical thought and creativity.

An amount of ₹ 4275.00 lakh is provided for the implementation of the following schemes in 2026-27. Nearly 50% of the beneficiaries of the scheme constitute exclusively for girls.

a) Work Oriented Education in Secondary Schools

Work Experience Programme is introduced as a part of General curriculum in all schools in the State. The scheme 'Socially Useful Productive Works (SUPW)'is introduced under Work Experience Programme, which aims to impart training in production of articles useful to the society using locally available raw materials and traditional methods. Amount is provided for orientation training in production activities, engineering scheme in schools and production centre inspection, work experience fairs of the school at sub district, district and state level, exhibition cum sales fairs, financial assistance to clubs, implementation of school production cum sales centres, Camp for work Related Activities in Fun Time (CRAFT) for students, work experience cum engineering training for IED students, essential skill development programme for students, Navaadhyapaka Parisheelana Shilpasala etc, during 2026-27.

An amount of ₹ 120.00 lakh is provided for the activities during 2026-27.

b) Promotion of Excellence among Gifted Children

The programme intends to give exposure in different areas of knowledge to the aspiring students to develop their full potential. Gifted children are selected on the basis of USS examination scores and 40 students are selected from each educational district.

Assistance to District Educational Offices, district and State Level Prathibha Sangamam, co-ordinator empowerment programme, State level documentation, purchase of books, research, co-curricular activities etc. are the major activities proposed under this scheme.

An amount of ₹ 250.00 lakh is provided for the activities during 2026-27.

c) Financial Assistance to Poor Children who excel in arts

The scheme financial assistance to school children who excel in arts has been implemented since 1997-98. The main aim of the scheme is to help poor children to participate in Kalolsavam. Under the scheme talented children in arts who are financially weak are assisted to participate actively in kalolsavam conducted by the department at district levels. An amount of ₹ 10,000/-is given to children who excel in arts, whose parental income below or equal to₹ 75,000 /-per annum.

An amount of ₹ 75.00 lakh is provided for the activities during 2026-27.

d) Financial Assistance to Children with Special Needs

The department of General Education provides education to children with special needs to bring them into mainstream. Various trainings are being imparted for such children and their parents, with the help of resource teachers under Samagra Shiksha Kerala. Financial assistance is essential for children with special needs. The amount is provided for financial assistance to the students with visual disability, hearing disability, autism, intellectual disabilities, orthopedical disabilities, cerebral palsy and locomotor disability, providing books and stationery, allowance for medical care and health support, special allowance to bedridden children, purchase of learning materials, teacher empowerment on inclusion and monitoring, continuous assessment programmes, online processing of applications for financial assistance, assessment at early stage and intervention etc. The amount of allowance and enhancement of allowance under this scheme should be as per the corresponding Government Orders.

An amount of ₹1480.00 lakh is provided for the activities during 2026-27.

e) Multi-grade Learning Centres (Alternative schools) (MGLC)

The scheme was launched in 1997 in Kerala as a part of District Primary Education Programme (DPEP). The main objective of this scheme is to better the living condition of younger generation who live in forest and other isolated areas through proper education. As a pilot project the scheme was introduced in Kasaragod, Wayanad and Malappuram districts. The government policy is to maximize the enrolment of students from these areas in government and aided schools. The activities of this programme include providing playing materials, library books, etc.

Hence, an amount of ₹ 30.00 lakh is provided for the functioning of MGLCs during 2026-27.

f) Systematization of Pre-Primary Education

The Right to Education Act has given due importance to the pre-primary section. For this the department is planning to bring comprehensive and systematic changes in pre-

primary sector attached along with government schools. Major activities proposed for the programme in 2026-27 are training for teachers, ayahs and school heads, provide child friendly infrastructure, provide age appropriate learning materials, provide sanitary items for hygienic environment, physical activities, parental awareness, state level review monitoring etc.

An amount of ₹ 150.00 lakh is provided for the activities during 2026-27.

g) Vidyarangam Kala Sahithya Vedi (Arts and Cultural Activities of Students)

Vidyarangam is the cultural wing of General Education Department and is mainly meant for the cultural and literary empowerment of the students. Vidyarangam Kalasahitya Vedi plays a key role in fostering the artistic and creative instinct of students. Vidyarangam activities have an innate and systematic development structure to achieve its declared goals. Vidyarangam editorial board meeting, district/sub district co-ordinators meeting, teachers literary competition, sahithya seminar for students, Vidyarangam- State sargolsavam,Vidhyasahithi -teachers literary silpasala, language seminar, Vangmayam (language and literary camp), vangmayam- question paper preparation workshop, vangmayam (sub districts fund), funding for district-subdistrict level activities, venalkoodu, teachers drama camp, Prof.Joseph Mundasseri memorial literary award, printing and digitilization for vidyarangam magazine, painting workshop, state level film workshop and vidyarangam manual workshop etc. are main activities proposed under the scheme during 2026-27.

An amount of ₹ 115.00 lakh is provided for the activities during 2026-27.

h) Kerala School Kalolsavam

The aim of conducting School Kalolsavam is for promoting the talented children in the field of art and cultural activities. School Kalolsavam is conducted at four levels, namely, school level, sub district level, revenue district level and State level. A total number of 239 items are included in the Kalolsavam. The amount is provided for conducting Kalolsavam at various levels.

An amount of ₹ 750.00 lakh is provided for the activities during 2026-27.

i) Awareness Programme for Adolescent Children

Adolescent education for school children is an on-going programme implemented in the year 2018-19 by General Education department. This programme aims to inculcate proper mental health in adolescent children and to develop them as responsible citizens, equipped with necessary life skills to cope up with stress and strain. The programme visualizes envisaging a system for mentoring and continuous support for adolescent children through diversified and effective activities in schools, monitoring and documentation.

An amount of ₹150.00 lakh is provided for conducting various activities under the programme during 2026-27.

j) Encouragement for Excellence in Sports

Children's participation in sports is extremely important and should be encouraged as part of school curriculum. The major activities proposed under this programme in 2026-27 are distribution of prize money to winners of state level sports meet, distribution of cash award to winners of national school games and athletics, advanced sports coaching camp to talented students, advanced sports coaching camp to talented sports students participating in national and international levels, construction of sports complex, sports Infrastructure facilities including turf, gym, swimming pool, fitness park, playground etc.

An amount of ₹500.00 lakh is provided for the activities during 2026-27.

k) Special School Kalamela (CWSN)

State Special School Kalamela is conducted for promoting the talented special school students in the field of art and cultural activities. Special School Kalolsavam is conducted for three categories of students – intellectually disabled, visually disabled, deaf and hard of hearing. The competitions are conducted at school, district and State level. A total number of 105 items are included in the special school Kalamela. The amount is provided for conducting Kalamela at various levels and one time Samskarika Scholarship for students who get A grade for state level.

An amount of ₹80.00 lakh is provided for the activities during 2026-27.

l) School Social Service Scheme

The Social Service Scheme in schools is an attempt to connect the children to the society in a special way so that they learn to respect others and to contribute to the well-being of the society. State level review and planning workshop, orientation for core group, empowerment of district/school co-ordinators, one day review workshop for school coordinators, school level activities, uniform and badge for members, monitoring and review meetings, state/district level recognition for best performing school social service unit, printing of certificates etc. are the major activities proposed during 2026-27.

An amount of ₹258.00 lakh is provided for the activities during 2026-27.

m) Anti - drug campaign

The objective of the scheme is to keep our children and youth away from the influence of drugs. The amount is set apart for conducting various district and school level activities against the use of drugs among children. Strengthening of Janajagratha Samithies, co-curricular activities, empowerment of parents, community based programmes, district/ State level of review and monitoring etc are other activities proposed under the scheme.

An amount of ₹ 150.00 lakh is provided for the activities during 2026-27.

n) Menstrual hygiene initiative for empowering girls

The primary aim of the project is to promote and ensure menstrual hygiene and awareness among girl students. The other objectives of the scheme are to guarantee access to sanitary napkins to all girl children, to provide facility for safe and eco-friendly disposal of

sanitary napkins, to keep the school toilets clean and hygienic and to build a girl friendly campus, creating awareness, workshop, State/district level monitoring etc.

An amount of ₹ 150.00 lakh is provided for the activities during 2026-27.

o) Support for children from houses of extreme poverty

This scheme is to provide mid-day meal, school uniform and text book to children from houses of extreme poverty in the age group of 14-16 years. Mentoring, providing uniform, breakfast and learning materials to these children, parental awareness, orientation programme, special assistance to CWSN children, learning enhancement programme, skill development camp etc. are also included under this scheme.

An amount of ₹17.00 lakh is provided for the activities during 2026-27.

5. Modernisation

(Outlay: ₹ 4200.00 lakh)

The following schemes are envisaged for implementation under modernization programme.

An amount of ₹4200.00 lakh is provided for the implementation of the schemes in 2026-27.

a) Modernization/Renovation/infrastructure development of offices of the Education Department and Educational complexes

It is proposed to modernise/renovate the directorate and other offices under General Education Department at various levels with modern electronic equipment and furniture. Modernisation of existing educational offices or renovation works, reconstruction of the offices, infrastructure development, educational complexes, and accommodation facilities for teachers and staff working in hill areas etc. also come under this component.

An amount of ₹1200.00 lakh is provided for the activities during 2026-27.

b) School Performance Award

The objective of this component is to promote the unique contributions and innovations of the school for its comprehensive development. The education innovation on teaching and learning theory and practice as well as on the learner, parents, community, society and its culture will be in focus and it will consider the areas like strategic reforms, pedagogies, marginalised interventions, involvement of PTA/SMC, innovative evaluation strategies, arts and sports integrated learning, overall environment and inclusive education. Reflections from classrooms will be assessed at school, block, district and state level by the monitoring committee at various levels and will be awarded at various levels.

An amount of ₹70.00 lakh is provided for the activities during 2026-27.

c) Green Office Smart Office

The objective of this scheme is to create a healthy environment, conserve energy and reduce pollution. The scheme will be implemented in collaboration with Haritha Keralam Mission. As part of making the offices ‘green’, waste management, setting up of mini

vegetable farms, indoor and outdoor gardens, setting up of mini conference hall, drinking water facility for employees and public, installation of solar panels, front office facility, setting up of clean and user friendly toilets, paperless office, office beautification with environmental friendly materials etc. are envisaged under the programme.

An amount of ₹80.00 lakh is provided for the activities during 2026-27.

d) Education @ e-governance

The component aims to implement e-governance in directorate and other offices under Education Department including DEO, AEO, Pareeksha Bhavan, Text Book Office etc. Furnishing and networking for e-file management are proposed under the scheme.

An amount of ₹1000.00 lakh is provided for the activities during 2026-27.

e) Assistance for the sustenance of school facilities

This scheme is for sustaining facilities in schools. This scheme will be implemented in co-ordination with PTAs and local bodies. This component proposes to equip the government schools with equipment and furniture for labs, libraries and schools, playgrounds, superior quality equipment for games and athletics, art and cultural instruments like music instruments, band items, materials for work education, tools for cleanliness/Plantation etc.

An amount of ₹1000.00 lakh is provided for the activities during 2026-27

f) Efficient waste management in schools

This component intends to the proper disposal of waste generated in schools. The major objectives are, to understand the importance of clean school concept for fostering learning ambience, to give awareness to all students on the importance of waste management system, to provide green achievement award, to promote school kitchen garden and to identify various scientific waste management strategies and to implement them in schools. The activities include workshop, campaign, zero carbon emission programme, school level activities, monitoring and documentation.

An amount of ₹100.00 lakh is provided for the activities during 2026-27.

g) Modernisation and renovation of the DGE office

The objective of this component is to enhance the infrastructure in the headquarters to meet modern standards to host meetings, training programmes, other official functions etc. Upgrading the meeting rooms, installing modern technology, DPR preparation for new buildings, expanding office spaces, modernisation of rest rooms, auditorium etc come under this. This will help to improve operational efficiency, foster a better work environment and uphold the professional standards, furniture and other facilities.

An amount of ₹750.00 lakh is provided for the activities during 2026-27.

6. Governance and Monitoring

(Outlay: ₹ 180.00 lakh)

Monitoring in school governance and academic activities is very essential for ensuring the quality of school education. For this purpose, three components have been

proposed under this scheme.

An amount of ₹ 180.00 lakh is provided for the activities during 2026-27.

a) Academic Monitoring

Academic Monitoring and visits by the educational officers to the schools are required for ensuring quality education. Monitoring and evaluation should be an integral component of school activities which helps in improving the overall performance of the institution and helps to utilize the school resources effectively. Amount is provided for conducting the school visits and academic monitoring effectively by various activities. Planning and monitoring, seminar, workshop and documentation are also included under this component.

The amount provided for 2026-27 for the scheme is ₹140.00 lakh. Out of this 10.00 lakh is earmarked for planning and monitoring.

b) Capacity Building Programme

The scheme aims to improve the professional capacity of all the staff of the education department and to enhance the operational effectiveness through recurrent training and monitoring. Various trainings to different levels of officers are envisaged under this programme. This programme envisages making awareness of the Service Rules and Procedures, Right to Information Act, Right to Service Act, Financial Rules etc. The amount under this scheme is provided for preparation of training module, imparting training and general awareness programmes to staff of the department.

An amount of ₹25.00 lakh is provided for the activities during 2026-27.

c) Transforming Educational Officers as Effective Leaders

The programme aims at transforming educational officers into capable academic leaders well versed in basic administrative principles. The programme also envisages orienting educational officers about innovative practices carried out in other parts of the country.

An amount of ₹15.00 lakh is provided for the activities during 2026-27.

Other Activities

7. Free Supply of School Uniform Scheme

(Outlay: ₹ 15034.00 lakh)

There are two components under the scheme free supply of school uniform. They are i) providing free uniform under Directorate of General Education and ii) Handloom Uniform scheme. In 2026-27, an amount of ₹ 15034.00 lakh is provided under the scheme for both the following components. Out of this amount, 50% is expected to be benefitted exclusively for girls.

i) Free supply of uniform under Directorate of General Education

In addition to the free school uniform provided by SSA to girls, SC/ST students and BPL boys in government schools, Government of Kerala provides the same to all students in aided schools and APL boys in government schools from Std.1-8. Government of Kerala has

enhanced the amount of uniform from ₹ 400/- to ₹ 600/- This scheme is exclusively for providing free uniform under Directorate of General Education other than handloom uniform.

An amount of ₹ 8034.00 lakh is provided for the free school uniform to the students in schools during 2026-27.

ii) Handloom Uniform scheme of Handloom Directorate

Students in standalone aided LP, Government LP, Government UP schools are the beneficiaries of handloom uniform scheme. The main objectives of the scheme are to ensure that all students have access to two pair of free school uniform and handloom uniform.

An amount of ₹ 7000.00 lakh is provided for the activities during 2026-27.

8. Bio- Diversity Campus in Schools

(Outlay: ₹50.00 lakh)

The aim of the scheme is to develop an understanding of biodiversity around the school and the relevance of biodiversity conservation among the children. Apart from creation of bio-diversity parks in schools, the amount is also provided for the activities such as module preparation, preparation of students for biodiversity projects, bio diversity conservation activities, maintenance and strengthening, recognition and certification etc.

The amount provided for 2026-27 for the scheme is ₹50.00 lakh.

9. Autism Park

(Outlay: ₹59.00 lakh)

The main objective of establishing Autism Park is to mainstream Autism children by helping them to overcome behavioral abnormality, by encouraging social participation and enhancing the communication levels. The project also aims to provide support services to parents to cope up with the myriads of demands of these children and to support teachers to involve the children in the learning process. Special education, speech and language therapy, occupational therapy, sensory integration therapy, behaviour modification, discrete trail training, physiotherapy, cognitive behavioural management, remedial teaching, counseling to children and parents, training programmes etc. are the major activities envisaged under Autism park. The amount provided is to conduct the activities of centre, infrastructure facilities including building, furniture and other equipment for the smooth functioning etc.

An amount of ₹ 59.00 lakh is provided for the activities during 2026-27.

10. Financial Assistance to Institutions providing Care for Intellectually Disabled Children

(Outlay: ₹ 6200.00 lakh)

The programme Financial Assistance to Institutions providing Care for Intellectually Disabled Children was a component under the scheme Student Centric Activities till 2023-24.

There are 330 special schools functioning under various NGOs and LSGDs and Deendayal Disabled Rehabilitation scheme in the State. The scheme is for giving financial assistance to these institutions providing care for intellectually disabled children. The other objectives of this scheme are to promote individual care and age appropriate support and to

provide adequate resources to equip and empower special educators. Amount is provided for honorarium for teaching and non-teaching staff, purchase of vocational training equipment, toys, uniform, contingency expenses, empowerment of teaching, non-teaching therapist, state/district level monitoring, software updation, medical care and check-up, study materials, vocational training, sports kit, arts education, parental awareness programme, training for ayas, learning kit for students, special school state work experience fest, special school state kalolsavam etc.

An amount of ₹6200.00 lakh is provided for the activities during 2026-27. Out of this amount 50% is expected to be benefitted exclusively for girls.

11. Education Mission - Vidyakiranam

(Outlay: ₹135.00 lakh)

As part of the "Nava Kerala Mission" launched by Government of Kerala (GoK) in November, 2016, the General Education Department has initiated an ambitious programme for the implementation of "Public Education Rejuvenation Campaign" and it is continuing as Vidyakiranam project. This programme aims at the up-gradation and modernization of public schools across the State as "Centres of Excellence" and increase the quality of education. Several activities have been envisaged under the Mission for the quality enhancement of public schools in the State. Focus areas are development of infrastructure, technology friendly classrooms etc. The scheme includes programmes for academic excellence and ensuring peoples participation in school related activities.

For co-ordinating and monitoring the activities under Education Mission, an amount of ₹ 135.00 lakh is provided during 2026-27.

12. Kerala Infrastructure and Technology for Education - KITE (IT@ School Project)

(Outlay: ₹ 3850.00 lakh)

IT@ School Project is being implemented in Government and Aided Primary to Higher Secondary level schools of the State. The project commenced its operation during 2002-03. Now IT @ School project has been transformed as a Company viz. Kerala Infrastructure and Technology for Education (KITE) exclusively for the implementation of hi-tech school programme. It is also envisaged for scaling ICT enabled education to higher education sector. Out of this amount, 50% is expected to be benefitted exclusively for girls. The activities of KITE for 2026-27 are proposed under 5 categories:

1) ICT hardware deployment and maintenance

   ICT hardware deployment to schools, ICT infrastructure to district offices, upgradation of broadband connectivity, AMC and ICT up-gradation in higher education sector are the major components.

2) Content development

   ICT content development, up gradation of Samagra resource portal, Upgradation of School wiki portal, sourcing and development of education contents for VICTERS, innovative programmes, development of FOSS operating system, content development for 2nd channel of VICTERS viz. VICTERS +, 5PM eVidya channels are the main activities under this category.

3) Infrastructure up-gradation

Up-gradation of State office and 14 district offices of KITE, development of VICTERS studio and equipment, maintenance of high end studio, maintenance of HUB equipment and infrastructure upgradation of KITE.

4) Monitoring and capacity building

Capacity building for teachers, students and public, training under Little KITEs programme, online training for teachers through KOOL platform, and monitoring & communication charges to field level officers are the major components proposed under this category.

5) Best ICT practices, project management & e - Governance include:

a) Best practices of conducting IT Fest and IT awards, annual awards for best Lab and best school in the State

b) e-Governance – enhancement of existing e-Governance applications as per requirements like online transfer and posting of teachers, computerization, centralized text book intent system, school kalolsavam software, Samagra, Samanwaya, Sampoorna, Sametham school data bank etc, and

c) project management fund for effective implementation of ICT enabled education

An amount of ₹ 3850.00 lakh is provided for the activities during 2026-27. Out of this amount 50% is expected to be benefited exclusively for girls.

13. Vocational Higher Secondary Education (VHSE)

(Outlay: ₹1400.00 lakh)

Vocational education at the secondary stage provides for diversification of educational opportunities so as to enhance individual employability. The process of revamping of the scheme of vocational education at higher secondary stage has already been initiated. This is now aligned with NSQF to create clear educational pathway from school to higher education level. Presently, there are 389 Vocational Higher Secondary Schools having 1101 batches. Presently provides 48 NSQF courses through these schools. The proposals are developed under the following broad heads for implementation.

An amount of ₹ 1400.00 lakh is provided for implementing the following schemes during the year 2026-27 under Vocational Higher Secondary Education. Out of this amount, about 42% is expected to be benefitted exclusively for girls. The outlay can also be used for meeting department share for implementing pooled fund for special projects under Scheduled Caste Sub Plan/Tribal Sub Plan by SC/ST departments.

a) ASPIRE

ASPIRE is a unique initiative that brings together industry and academia to provide effective skilling for VHSE students in Kerala. This scheme aims to bridge the gap between the skills required by the industry and the skills that students are currently learning in the schools. ASPIRE will provide students with the opportunity to learn from industry experts and gain hand on experience through on the job training, internships and apprenticeships. The

major components of the scheme are on the job training, industry visit, Meet 'n' talk, industry expert interaction, monitoring and evaluation etc.

b) Professional Development programmes - Upskilling and thriving

Professional development programmes provides a golden opportunity for the employees to up-skill their knowledge base and improve their competence in the workplace. Major activities of this project in 2026-27are training need analysis, module development, master training, training tools, workshops for curriculum material development, YIP workshop etc.

c) Student Centric Programmes-Unleashing next gen

The unleashing next gen is an initiative that aims to provide students with the skill and knowledge. The scheme will focus on promoting student centric learning, training, developing critical thinking skills and fostering innovation and creativity. Campus competition film festival, land acquisition, hostels and for various other development and ongoing activities of the Institute, an amount of ₹ 1150 .00 lakh is provided for the year 2026-27.

18. Sree Narayana Guru Open University, Kerala

(Outlay: ₹ 2000.00 lakh)

Sree Narayana Guru Open University, the only Open University in Kerala is established in 2020 with headquarters at Kollam city. The University will have regional centres and study centres across the State. Now the Open University conducts distance education courses offered by the other four universities in Kerala viz. Kerala University, MG University, Calicut University and Kannur University. Learners support centres including academic counselling, printing & other related expenses of self-learning materials, development of cyber centre and total software solution(DIGI-GURU), development initiative of Centre for Internal Quality Assurance (CIQA), skill development and start-up programme, renovation of academic block and administrative block including furniture, orientation and training programme for teaching and non-teaching staff, implementation of official language, virtual education expenses, purchase of equipment for examination, regional centres, establishment of e-file system, construction of university headquarters building-phase-ii, learner's hostel, infrastructure facilities including academic blocks, library ,waste management, establishment of the solar plant, working women day care centre, NAAC accreditation activities, scholarship programs for tribal, vulnerable and another backward communities, university programmes and certificate courses & other academic activities etc. are the major activities proposed during 2026-27.

An amount of ₹ 2000.00 lakh is earmarked for the functioning and other academic activities of the University for the year 2026-27. Out of this amount, 20% is expected to be benefited exclusively for girls.

19. Public University Campus Construction and Development (New Campus and Infrastructural facilities for Sree Narayana Guru Open University)

(Outlay: ₹ 1.00 lakh)

The amount provided under this scheme is for land acquisition and construction works related to the establishment of University and its regional centres. The amount can be utilised for the infrastructural needs for starting the functioning of the University. An amount of ₹ 1.00 lakh is provided as a token provision for the scheme and the additional funds required for the implementation of the scheme will be released from the outlay provided under the head "Major Infrastructural Development Projects," depending on actual requirement for 2026-27 under the scheme Public University Campus Construction and Development.

20. State NSS Cell – State Assistance

(Outlay: ₹ 50.00 lakh)

The National Service Scheme (NSS) State Office in Kerala is committed to the welfare and development of the State through its approximately 3,50,000 student volunteers. The fund is provided to start a new project for the state. The project aims to revitalize and rejuvenate government buildings, including hospitals, schools, colleges and guest houses by restoring discarded and unusable instruments and furniture while ensuring the efficient

maintenance of electrical and plumbing systems.The amount is also envisaged for training and capacity building, food and logistics, camp expenses, transportation and mobility, raw materials and repair supplies, safety kits, documentation and publicity, administrative and monitoring.

Carbon neutral Programme:

The Carbon Neutral programme, a new programme will be implemented across 500 government institutions and selected NSS adopted villages in Kerala. The objective of the scheme is to establish model campuses and communities that demonstrate pathways to achieving Net-Zero carbon emissions. The activities include energy audits, emission estimation, carbon sequestration, carbon footprint reporting, promotion of energy-efficient devices, water neutrality measures and awareness programmes.

An amount of ₹ 50.00 lakh is provided for State NSS Cell in 2026-27.

Directorate of Collegiate Education

In order to impart quality education at higher levels, various under graduate and post graduate programmes are conducted through the Arts and Science Colleges by Directorate of Collegiate Education. There are 66 Government Arts and Sciences Colleges, 1 Institute of Advanced Study in Education, 3 Govt. Teacher Education colleges, 4 Govt. Music Colleges, 1 Govt. Physical Education College, 27 Government Hostels, 191 Aided Colleges and 5 Zonal Deputy Directorates under the Directorate of Collegiate Education. The schemes and programmes are implemented by the department with the objectives of achievement of academic excellence, enhancement of infrastructure development, promotion of quality and productive inter-disciplinary research, need based industrial collaboration, improvement of employability, imitation of societal outreach programmes and moulding responsible citizens. The immediate target of the directorate for the implementation of the schemes during 2026-27 can be summed up as:

a. NAAC Accreditation of all colleges in a phased manner.
b. Infrastructure Development for newly started colleges.
c. Interdisciplinary research, library development, student support and academic Outreach.
d. Quality assurance in academics

To ensure competent and competitive higher education and flexibility of implementation, the schemes under Directorate of Collegiate Education have been categorized into 5 as detailed below. Provision has also been made for waste disposal and greening campus programmes.

21. Physical, Human and IT infrastructure up gradation, development and maintenance (Outlay: ₹ 10400.00 lakh)

An amount of ₹ 10400.00 lakh is provided under this scheme for the below mentioned components during 2026-27. The outlay can also be used for meeting department share for implementing pooled fund for special projects under Scheduled Caste Sub Plan/Tribal Sub Plan by SC/ST departments.

i. Infrastructure upgradation, development and maintenance of Govt. colleges and hostels

a. Construction of buildings, compound wall etc. for colleges, hostels and other Govt. offices under DCE.
b. Construction of play grounds, purchase of sports items in colleges and hostels and improvement of sports facilities.
c. Purchase of land and other infrastructure development.
d. Expenses in relation to the preparation of DPR, soil testing and other studies
e. Purchase and maintenance of ICT devices for colleges, hostels and other Govt. offices under DCE.
f. Purchase of furniture for various needs in government colleges and hostels.
g. Purchase, maintenance or construction of other necessary items for colleges, hostels and other Govt. offices under DCE.
h. Financial assistance for advertising, publicity, promotion and awareness of higher education

ii. Development of Laboratories, Libraries and Furniture for Govt. Colleges

The Government colleges require well equipped laboratories and libraries to suit the need of the hour. The laboratories are to be updated every year with most modern equipment and the libraries are to be digitalized with internet access to the students. Procurement of international journals with advance payment is also needed. The conventional courses conducted in colleges give way to new job-oriented courses which require procurement of most modern equipment, digitalized library system, language lab, library automation, furniture for the lab/library, purchase of library books etc. This fund can be utilized for:

a. Purchase or repair of modern laboratory equipment and other accessories
b. Subscription of journals, purchase of library books and other accessories
c. Augmentation of central library system and digitalization of libraries
d. Purchase of specimens, ICT facilities, consumables, furniture for lab and libraries
e. Modernisation of lab and libraries

iii. Matching Grant

Government have constituted College Development Committees (CDC) in colleges with the District Collector as Chairperson to look after the development activities of colleges by collecting funds from students as a portion of their academic fees, alumni associations, general public, old students association etc. An equal share of the amount collected by the CDC will be sanctioned to the colleges as 'Matching Grant' under this scheme. The entire amount i.e., CDC collection plus matching grant can be utilized for the overall development of a college as per the decision of the committee.

iv. Autonomous Colleges and Establishing Constituent/Lead Colleges as Integrated Education Hubs

Academic autonomy envisages and addresses the activities connected with curriculum designing and revamping the examination system, and innovations are to be included in pedagogy using ICT tools. The amount earmarked for the scheme can be utilised for the activities of Government autonomous colleges. Also a part of the amount will be used to establish and develop certain senior colleges as Constituent/Lead Colleges to which nearby affiliated colleges can be interlinked to establish as "Integrated Education Hubs". All the nearby secondary, higher secondary schools can be interlinked to each of these affiliated colleges. The scheme envisages academic knowledge exchange interactions among the interlinked institutions. Lead Colleges shall be entrusted to take initiatives for academic exchange among the connected colleges and schools. The amount allocated to this scheme will be used for components such as;

a. Conduction of Examination and other related expenditures in Autonomous Colleges
b. Establishment of Lead Colleges and other activities associated with it
c. Establishment of identified departments/inter disciplinary departments in colleges as Centres of Excellence.

v. Green Campus

In the green campus initiative, it is aimed to adopt energy efficient techniques and construct conservation structures in all colleges. The scheme includes establishment and maintenance of solar roof top panels in all the colleges and other institutions to meet the energy needs, water conservation practices,waste management and promotion of horticulture/floriculture in vacant spaces to promote greenery, college landscaping works and other innovative scientific techniques which will help in the promotion of a sustainable future.

vi. Sustenance and up gradation of Infrastructure

Maintenance and renovation of government colleges, hostels and other government offices under collegiate education department is the major works under the scheme. The activities include maintenance of buildings, compound walls, hostels, playgrounds, furniture, CCTV cameras, other ICT equipment, improvement of sports facilities, conservation of heritage value of colleges etc.

vii. Information and Communication Technology and modernisation

Information and Communication Technology is the unavoidable sector in making the easiness formation of the quality higher education and for the administrative smoothness. The amount will be used for the below mentioned purposes for the overall development in the respective sector.

a. Modernisation of the directorate of Collegiate Education and Zonal offices

The Scheme is mainly intended for construction, renovation works and improvement of infrastructure facilities in the directorate and zonal offices of collegiate education

department. Funds can be utilized for the purchase of necessary IT equipment, annual maintenance of equipment, cooling system, furniture, repair work, etc.

b. E-Governance activities and IT Infrastructure Development

The scheme is used for providing necessary internet facilities in head office, zonal-offices, colleges and hostels as part of IT administration. Purchase of IT equipments like computers, laptops, printers, scanners, photocopiers etc, removal of obsolete ones, IT maintenance, annual maintenance contracts, etc, license renewal of software, security certificate charges, aadhar based biometric attendance system, issue of ID cards and purchase of software to various labs, and maintenance of electronic file flow management system, development of student support software for conducting online education, purchase of electronic tools for the online curriculum, networking of colleges and hostels, maintenance of web site and firewall etc. come under this scheme. As part of project implementation, the amount shall be spent for design and development of web portal, hardware, software purchase/development, execution of related works, AMC, storage, backup, security audit, recovery charges, consultancy fee, and technical expertise services etc.

c. Online Resource Initiatives of Collegiate Education (ORICE) Centres for Government Colleges

As part of setting up of country wide class rooms, ORICE sub centers with one way and two - way communications were installed in government colleges. Eminent scholars from various research institutions and universities at national and international levels will be invited as visiting faculty as part of the visiting scholars programme. The lectures and classes of these scholars are recorded and transmitted through ORICE telecasting studio. The amount provided is for setting up and strengthening of virtual class equipment in ORICE telecasting studio, functioning ORICE studios, outsourcing technically qualified personnel, conducting classes and programmes and other ongoing and new works etc.

d. Wi-Fi Campus

Online resources complement textbooks and Wi-Fi campus enables easy access to wide array of learning materials available online to all the students and faculties of the institution. Wi-Fi provides opportunities for students to learn from anywhere within the campus and facilitates easy interaction. A part of the outlay can be utilized for providing this programme.

e. Smart classrooms in Government Colleges

It envisages transforming classrooms in government colleges into smart classrooms with the help of advanced technology and necessary IT equipment. Equipment like interactive panel, laptops, tablets, cameras, microphones, wi-fi routers, whiteboards, projectors etc. required for smart classrooms can be purchased through this scheme and repairs can be done in the existing ones.

f. IT Cells

IT cells have to be formed in each and every Government institutions under the Collegiate Education Department which will be the sole head of the data bank in the

department or the offices. This programme intends to solve the day to day problems in the colleges related to IT, website maintenance or development, learning management module assistance and other IT related works etc.

g. K-learn Studio

K-Learn Studio is an innovative learning platform designed to enhance the educational experience through creativity and technology. It provides students and teachers with a space to explore new ideas, develop digital skills, and engage in interactive learning activities. The studio focuses on hands-on learning, encouraging collaboration, problem-solving and critical thinking.

viii. Capacity building of teaching and non-teaching staff

This scheme intends to improve the professional competency of government and aided teaching and non-teaching staff and to increase their operational effectiveness. Induction programmes for the newly appointed teachers, administrative training for principals and teachers who are going to become principals, training to IQAC coordinators and professional development training for middle-level teachers are the main training programmes. This programme also intended for training to newly recruited, freshly promoted non-teaching staff and other permanent employees under the collegiate education department. A part of the amount can also be used for various module generation in connection with training, training costs, travel costs, costs of monitoring quality assurance of various training programmes, honorarium, audio and video recording, advertisement costs etc.

ix. Common hostel facility for students (new)

This Scheme aims to provide common hostel facility for students of government colleges to provide affordable and accessible accommodation. This facility can be utilized by students who do not have adequate accommodation facilities, ensuring that no student is deprived of education due to lack of lodging. As a first phase hostel facilities can be established at Ernakulam, Thrissur and Kozhikkode districts. For initiating the programme an amount of ₹ 300.00 lakh is earmarked during 2026-27.

22. Student Support, Welfare and Outreach

(Outlay: ₹1670.00 lakh)

Supporting Students, their Welfare and Outreach programmes are the major objective of this scheme. The respected amount allotted to this scheme will be used to the below mentioned components separately. A total amount of ₹ 1670.00 lakh is provided during 2026-27 for the below mentioned components of the scheme. Out of this amount, 70% is expected to be benefitted exclusively for girls.

a. Study Tour

Study Tour and field visits are very essential for many subjects at the final year Degree and Post Graduate level. If the students are to meet the expenditure towards their journey, boarding and lodging expenses in connection with study tour/field visits, it would be a burden to them. This scheme intends to give financial support to the students in government colleges to undertake study tour/field visits which form part of their syllabus.

b. Skill Training and Employability Enhancement Programme (STEEP)

This programme empowers students to take up job opportunities by providing comprehensive support and training through targeted intervention. Skill training based on their individual interests will be given for UG and PG students respectively. It can also be meant for conducting career guidance programmes, campus placements and job fairs to orient students to new avenues of jobs in the market.

c. "Jeevani" - College Mental Awareness Programme

A part of the amount will be used to set up a mental health initiative across government and aided colleges in Kerala to address the mental health needs of college students. Through this programme all the students of colleges will get psychological support thereby promoting positive environment in the institutions by making use of Jeevani counsellors.

d. Barrier Free Campus for Specially Aided Students

A part of the amount is set apart for Barrier Free Campus for Specially Aided Students. Barrier Free Campus is mainly intended for providing necessary arrangements for developing a barrier free environment in colleges for specially abled students. Students who use wheelchair, having limited walking abilities are sightless and partially sighted are hearing impaired, people with difficulties in learning, persons temporarily disabled due to accidents or illness etc. come under the purview of the scheme.

e. Life Skill Enhancement

This programme aims at imparting training to students and faculties to acquire certain skill sets through online and offline modes such as Disaster Management, Self Defence, training for developing scientific temper, humanism and spirit of inquiry and reform, media literacy, preservation of environment, road manners and safety etc.

f. Student for Society

This programme envisages a society which provides everyone with equal opportunities by providing continuous handholding support through student force. It is intended to formulate student volunteers and promote the communities which are relatively disadvantaged.

g. Earn While You Learn (EWYL)

Earn While You Learn is a student mentoring programme designed to offer students of all ages a place to gain experience while building portfolio. EWYL aims to empower students financially by instituting a sense of responsibility. Students would be trained, facilitated to take up job opportunities within and outside the campus. Financial aid will also be provided to various programmes which will have the potential to evolve into mini-industrial units on campus. Also, sanctioned amounts can be used for advertising, publicity, promotion and awareness.

h. College Clubs

The proper operations of clubs are recommended and essential for the accreditation of colleges with NAAC. Clubs like tourism club, environment club, social science club, entrepreneurship development club, natural science club, mathematics club, film club etc. are

there in colleges. The amount set apart for this programme can be utilised for the efficacy and development of college clubs.

i. Hunger free campus

This component is intended to provide quality and nutritious food at minimum rate with the help of college canteens or Kudumbasree Canteens etc., in Government Colleges.

j. Support for students for getting accommodation or hostel facilities

Financial support will be provided to those BPL students who did not get government college hostels because of unavailability of bed space, for with a maximum upto ₹ 3000/- per month subject to submission of bills and vouchers through proper channels.

The outlay can also be used for meeting department share for implementing pooled fund for special projects under Scheduled Caste Sub Plan/Tribal Sub Plan by SC/ST departments

k. Inter University Cultural and Academic Festival of Kerala

This programmes intends for conducting annual Inter University Cultural, Co-Curricular and Academic Fest for the students across the state of Kerala. The amount provided under this scheme will be utilised for various activities in connection with the organisation of Inter University Cultural and Academic Fest in the state of Kerala. The winners of the individual event will be provided with individual medals and certificates and the overall champion University will be provided with awards and certificates. This amount can also be used for advertising, publicity, promotion and awareness.

l. Learn, Engage, Accomplish and Develop (LEAD)

The scheme is envisaged as a leadership mentoring programme that supports the acquisition of leadership skills for student leaders in colleges of the State. Training will be provided to elected student leader from colleges and universities of the State, in a university abroad for a week. The participants will be exposed to different leadership ideas and help to inculcate values associated with leadership.

m. Embrace

Under this component support will be provided to students in extreme poverty in the state. Support will be provided for the overall empowerment of impoverished students like remission of fees, providing academic amenities, food, laptops etc. Free lunch will be provided to these students in collaboration with college canteens.

23. Awards and Scholarships

(Outlay: ₹3876.00 lakh)

Providing financial assistance to students through various scholarships is the main objective of the scheme. A total amount of ₹ 3876.00 lakh is provided for the entire scheme during 2026-27 for the following components. Out of this amount, nearly 70% is expected to be benefitted exclusively for girls/women. The amount sanctioned in this scheme can be utilised for the below mentioned components.

a. State Means cum Merit Scholarship

Scholarships to BPL students (Suvarna Jubilee Scholarship) and other means cum merit scholarships will be unified together to form a single scholarship called State means cum merit Scholarship. The scholarship will be awarded on the following criteria,

i. Scholarship will be started on the basis of the their higher secondary score while they enter into higher education in colleges in Kerala and the assistance will be provided till they complete their post-graduation subject to renewal of the scholarship each year meeting the conditions specified.
ii. Students who secure 95% or above marks will be awarded a total amount of ₹ 10000 per year as financial assistance.
iii. Students who secure 90% or above marks and with annual income below ₹ 2.5 lakh will be awarded a total amount of ₹ 10000 per year.
iv. A BPL student who secures 85% or more marks will be given as financial assistance of ₹ 10000 per year.
v. Vulnerable students and students with disabilities will be provided ₹ 10000 per year irrespective of their academic merit.

The existing State merit scholarship (availing from non-plan fund) will be continued as such.

b. Research Assistance (Aspire)

The plan scheme Aspire Scholarship is revamped to form a more accessible need of the hour plan scheme called Research Award. The Financial assistance will be provided to final year PG/M.Phil/PhD students for their research work in colleges affiliated to the Universities in Kerala.

c. Encourage talent Award

The students who have proved their capabilities in the various arts and sports form (Literature, Music, Fine Arts, Performing arts etc.) will be given scholarship to nurture their talents and they will be acquainted with various higher studies options in literature, music, fine arts, performing arts, sports etc. The students will be supported to participate in various festivals/tournaments within India and abroad. They will also have the opportunity to interact with eminent personalities, opportunity to visit major Universities and Institutions related to their field, to attend International festivals etc.

d. Student Merit Award

Award will be provided to those students who secured full A+ in the Kerala State Secondary School Level examinations, Full A+ in Higher Secondary Examinations of Kerala and University Rank Holders (1st, 2nd and 3rd rank holders) for a total amount of ₹ 2000 as a token of appreciation

e. Scholarships for students with disabilities

Financial assistance will be provided for students with disabilities, categorized by National Mental Health Policy. A maximum amount of ₹ 6000 per month will be reimbursed to those students as hostel fees or paying guest fees.

f. Chief Minister's Scholarship Award - Vidyarthi Pradhibha Puraskaram

CM Scholarship Programme (Vidyarthi Pradhibha Puraskaram) will be awarded to 1000 academically outstanding students based on merit cum means

g. Fellowships to the regular/fulltime Ph.D scholars (Kerala State Research Fellowships)

The major objective of the project is to ensure that all regular research students receive a monthly fellowship for three years, in addition to existing schemes to encourage research students. A fellowship @Rs.15,000/month will be provided to Regular/Full time Ph.D scholars registered with Universities/ Higher Education Institutions (HEIs) in the State who are not receiving fellowships/ assistance of JRF, MANF, RGNF, PMRF or other fellowships of Central Government or State universities. During 2026-27, an amount of ₹ 2000.00 lakh has been earmarked for providing fellowships to regular/fulltime Ph.D scholars who are not currently receiving any fellowship. This Programme will be implemented in collaboration with Kerala State Higher Education Council.

h. Kairali Research Awards

The Government of Kerala has instituted the Kairali Research Awards with the objective of recognizing and encouraging distinguished research scholars and educators in the state. Under this scheme, research awards will be granted to students, teachers, and scientists of Keralite origin (within India and abroad) who have excelled in their respective fields of work. The financial support is aimed at facilitating the continuation of research and providing opportunities to participate in international conferences.

24. Academic Excellence in Teaching and Learning

(Outlay: ₹ 1000.00 lakh)

The overall Academic Excellence in the field of Teaching, Learning and research is the main objective of the scheme. An amount of ₹ 1000.00 lakh is provided for the below mentioned components. Out of this amount, more than 70% is expected to be benefitted exclusively for girls.

a. Academic Development in colleges

This component is intended to organise seminars, workshops, exhibitions etc. for the faculty and the students. This programme provides an opportunity for the teachers as well as the students to get awareness about the most modern developments, trends and teaching methods prevailing in other parts of the country and for the students in extracurricular activities as prescribed in curriculum. Eminent faculty from different universities and research institutions of India have to be invited as resource persons. The other activities are advertising, publicity, promotion and awareness of various academic development programmes. Under this component it is also envisages providing financial assistance to colleges for meeting the fees and other expenses related to patents of teachers and students.

b. Scholar Mentorship Programmes (SMP)

The proposed programme envisions providing continuous support to all the students of Government Arts and Science colleges of Kerala including aided colleges. There are two

components of SMP. The first component is an individual mentorship programme, in which an internal mentoring team with students from different levels forming a group headed by a faculty. This internal group will act as a support mechanism for every student through peer mentoring. The second component is to create a universally accessible online resource base for the attainment of the objectives such as language learning, subject learning, study skills, competitive exams training etc.

c. Eureka Lab

This programme envisages creation of a lab in every college which would be used as an incubator of ideas amongst students and local community. A students club headed by a professor would be made in charge of Eureka Lab on a weekly rotation basis. Any student/local community person access the lab to showcase his/her innovations which can be put into use for larger public. Interventions will be provided by college and support will be provided for innovation for mass benefit. Exceptionally good innovations would be selected, fine-tuned and sent for patent proposals through proper channels. The other activities are advertising, publicity, promotion and awareness of various academic development programmes.

d. Discover Your Potential (DYP)

This programme envisages helping students to discover their potential in different domains. The programme envisages in arranging specialised mentoring programmes for students with opportunities to achieve the academic excellence, personal growth, social orientation etc.

e. Assistance for colleges for Accreditation from National and International Agencies

Accreditation process sets standards for different parameters like curriculum, infrastructure, teaching-learning process, student support, research, innovation etc. This acts as a measure to define quality and enables students to make informed decisions while selecting the college. Additionally, the colleges accredited with NAAC or other agencies will get considerable financial assistance from UGC for the total quality improvement. Financial assistance for government colleges like various fees, peer team visit expenses, NAAC or other ranking documentation, upgradation of infrastructure etc. will be provided to meet all the criteria required for the going for accreditation, ranking etc.

f. Higher Education Teacher Training Programme

A comprehensive training programme for teachers will be implemented to introduce innovative teaching methods, integrate curricula with contemporary research and develop new assessment methods as part of the Four-Year Undergraduate Programme (FYUGP) in higher education. This programme will be implemented through the Directorate of Collegiate Education in collaboration with Universities. An amount of ₹ 200.00 lakh has been earmarked for extensive training of teachers in higher education institutions.

25. Research, development and outreach

(Outlay: ₹ 480.00 lakh)

An amount of ₹ 480.00 lakh is provided for the below mentioned components under this scheme during 2026-27. Out of this amount 50% is expected to be benefitted exclusively for girls.

i. Performance Linked Encouragement for Academic Studies and Endeavour (PLEASE)

Any department faculty or students who performs against a criteria (like publication of papers in peer reviewed journals, external funding etc) will be eligible for project funding that includes purchase of equipment and construction of the lab subject to running internship programmes linking MoU with at least one university. The amount provided is for promotion of new and sophisticated research projects and ideas among teachers and students in Government Arts and Science Colleges, Engineering Colleges and Universities.

ii. Grant for Promotion of Inter Disciplinary Research among Faculty (GPIRF)

Under this programme, faculty members and research scholars who are registered with a topic having interdisciplinary potential for the award of research degree will be asked to submit a detailed synopsis about their proposed research work. An inter disciplinary panel of experts selected from different domains to be constituted at DCE level shall scrutinise the proposals and release grants ranging from ₹ 1.00 lakh to ₹ 1.50 lakh considering the extent of inter-disciplinary potential involved and parameters like research value, innovation content, social relevance etc.

iii. Support for Students in International Collaborative Degree Programme

This scheme is for providing financial support and other academic as well as technical support to the students for having international collaboration with various foreign universities/colleges. The scheme will be implemented based on the criteria and guidelines formulated by the government

iv. Fostering Linkages for Academic Innovation and Research (FLAIR)

The major objective of this programme is to increase the potential, talent and capabilities of teachers in colleges in teaching and research. This would enable to develop a talent pool in the colleges of the State which can be tapped and fully utilized for the betterment of the institution in particular and society at large. Fostering linkages in academia and research between institutes of repute and colleges in the state is envisioned. The following sub components are there under this programme.

a. Faculty and student exchange programme: - Through this programme, students and teachers will be provided support to undertake faculty or student exchange programme with minimum duration of one month. Their learning from these institutions should be imparted through peer learning process to fellow faculty members and students.

b. Promotional Schemes: - This will provide assistance to faculty members and students for attending conferences, participation in workshops, seminars and training in India and abroad.

c. To promote inquisitive mode of learning among the students so as to ensure that, every bit of knowledge is added after verifying its relevance and truthfulness.

d. To breed research inclination in the minds of students at the earliest instance possible, in order to ensure that the domain knowledge, gaining does not go in vain during the productive year to come

e. To enable the student to organise, express and present the output of thinking process.

State Level Quality Assurance Cell Kerala (SLQAC)

(Outlay:₹ 150.00 lakh)

State Level Quality Assurance Cell (SLQAC) is established under the Directorate of Collegiate Education to ensure quality standards in higher education institutions in the state, including NAAC accreditation. An amount of ₹ 150.00 lakh is provided for implementing the scheme including the establishment and operational expenditure.

State Share for CSS

26. Rashtriya Uchchatar Shiksha Abhiyan (RUSA) (40% SS)

(Outlay: ₹ 3000.00 lakh)

Rashtriya Uchchatar Shiksha Abhiyan (RUSA) is a centrally sponsored programme of Government of India, where the states have an opportunity to tap central resource. A Project Directorate has been created under the State Government for the preparation of projects for the scheme. As per the RUSA guidelines the central and state share of fund is in the ratio of 60:40. The objectives of the RUSA are to improve access, equity and quality in higher education through planned development of higher education at the state level as per GoI guidelines. The major components envisaged under this scheme are infrastructure grants to colleges and universities, research, innovation and quality improvement gender inclusion, equity initiatives, preparatory grants, new model degree college and upgradation of existing model degree colleges and enhancing quality & excellence in selected autonomous colleges, faculty Improvements in Multi-Disciplinary Education and Research Universities (MERU) and MMER (Management, Monitoring, Evaluation and Research).

An amount of ₹ 3000.00 is provided for the year 2026-27 for the implementation of the scheme. Additional amount will be made available to meet the state share in proportion to the central release.

9.2 ART AND CULTURE

The Fourteenth Five Year Plan of our state envisages enhancement of the activities of the cultural institutions, with focus on propagating progressive and secular values and ensuring livelihood security of the multitude of people working in this sector. The plan also envisages modernisation of infrastructure of the cultural institutions. It also aims at appreciating and supporting eminent personalities and young talents. The outlay provided for the development of Art and Culture sector in the Budget 2026-27 is ₹25919.00 lakh. The department/scheme wise outlay provided during 2026-27 is given below:

Sl. No.	Name of Department/Schemes	Amount (₹ in lakh)
1	Music Colleges	90.00
2	Directorate of Archaeology	2445.00
3	Directorate of Archives	1625.00
4	Directorate of Museum and Zoo	3620.00
5	Cultural Affairs Department	12611.00
6	Directorate of Culture	5048.00
7	State Central Library, Thiruvananthapuram	330.00
8	Kerala State Library Council	150.00
	Total	25919.00

1. Music Colleges

(Outlay: ₹90.00 lakh)

The scheme aims to provide quality education to music and fine arts students by providing infrastructure facilities, contemporary musical instruments for arts and equipment for fine arts and maintenance of the musical instruments, conducting various programs, visit to places of fine arts, music and Natya, conduct of events, exhibitions, concerts and Advertising, publicity, promotion and awareness of various programs. An amount of ₹90.00 lakh is provided in the Budget 2026-27 for this purpose.

Directorate of Archaeology

Directorate of Archaeology having a long history and tradition is working for the scientific conservation of our cultural heritage. There are 192 protected monuments including the Padmanabhapuram palace in Tamil Nadu, having historic and architectural importance and 12 archaeological museums under the control of the Department. The amount provided in the Budget 2026-27 is ₹ 2445.00 lakh for undertaking the following activities.

2. Archaeological Buildings

(Outlay: ₹700.00 lakh)

Department is having 192 protected monuments in our state and Padmanabhapuram palace complex at Thuckalay in Tamil Nadu. Structural conservation of the protected

monuments using similar materials mimicking the original, by carrying out scientific studies and analysis, utilising the expertise and infrastructure of reputed institutes engaged in the research on materials and methods adopted in heritage structures are also included in the programme.

Acquisition of archaeologically, historically or architecturally relevant new monuments or structures will be carried out in accordance with the provisions of the Kerala Archaeological Monuments, sites and ruins Act, 1968 with the consent of the Government.

An amount of ₹700.00 lakh is provided for the following activities during 2026-27.

- Structural conservation of protected monuments
- Structural conservation of monuments that house archaeological museums
- Acquisition of heritage buildings/sites.
- Encroachment prevention and boundary fencing works at various Archaeological sites

3. Regional Conservation Laboratory

(Outlay: ₹60.00 lakh)

Regional conservation laboratory was established in 1979 with the responsibility to safeguard and ensure the availability of the invaluable art object collection and monuments for the present and future generation. Updating the conservation of archaeological sites and materials with international standards in the tropical humid climate of the region is a challenging process. An amount of ₹60.00 lakh is provided in the 2026-27. Budget for the following activities.

- Care, conservation and education on art objects, monuments, sites and remains
- Upgradation of regional conservation laboratory; procurement of sophisticated analytical instruments
- Mobile unit to support conservation
- Purchase of Chemicals, tools, equipment, reference books and journal subscription

4. Archaeological Museum, Ernakulam

(Outlay: ₹150.00 lakh)

This scheme is intended for the overall development of the Hill Palace Museum, Thripunithura, which spreads over an area of about 51 acres of land and also for the developmental works for the protected monuments in Ernakulam district. There are 22 other monuments in Ernakulam district which are archaeologically significant and come under the jurisdiction of Hill palace museum. The centuries old structures need constant monitoring, conservation works, repairs and facilities to accommodate the increasing visitor footfall, along with security and surveillance measures. Department is looking forward to identify unique spaces, where community can play their role in the upkeep and maintenance of the site, which can aid in the development, cleanliness and in reducing the factors like vandalism. For the following activities, an amount of ₹150.00 lakh is provided in the 2026-27 Budget.

- Structural strengthening of all monuments, premises development of protected monuments, strengthening and maintenance of security surveillance in all monuments at Ernakulam District and re-inventing Hill Palace Museum
- Providing adequate visitors amenities in monuments at Ernakulam District
- Utility vehicle for Inspections

5. Museum Development and Display Techniques

(Outlay: ₹800.00 lakh)

This scheme includes comprehensive plan for the resetting and rearrangement of museums all over Kerala. The scheme includes components for the modernisation of galleries and display techniques, providing adequate guide service, adequate security measures, premise development and providing visitors amenities so that museums become more public friendly, without hampering its archaeological value. An amount of ₹800.00 lakh is provided in the Budget 2026-27 for the following activities.

- Development works to the museum buildings and infrastructural development
- Structural documentation of Archaeological monuments and museums
- Preparation of inventory and digitisation of artefacts/antiquities displayed in museums
- Setting up of regional and local museums
- Enlistment of Padmanabhapuram palace and other monuments and sites in the world heritage list
- Infrastructure up gradation in connection with e-governance and e-office
- Establishing reference libraries in various museums
- Resetting of existing galleries and setting up of new galleries
- Museum guide service project
- Museum security and visitors care as well as upkeep and maintenance of museums
- Disaster management measures in museums and monuments
- Purchase of X-Ray fluorescent analyser
- Museum out-reach programme
- Museum marketing through online platform
- Implementing centralised ticketing System
- Creating scientific storage spaces
- Conducting Heritage fests
- AI based initiatives for enhancing museum outreach
- Scientific conservation of Padhmanabhapuram Palace respecting international standards.

6. Field Archaeology

(Outlay: ₹100.00 lakh)

The main objective of the Archaeology department is to identify archaeologically important sites and evidences. Explorations and excavations are the technical methodology adopted for this purpose. Department is trying to make the public aware of archaeological activities and its importance. The department focuses towards this objective and the locations will be identified according to necessity. An amount of ₹100.00 lakh is provided during 2026-27 for the following activities.

- Scientific excavations/explorations and clearance of salvage sites
- Village to village survey and acquisition of discarded artefacts
- Museums outreach and education programme
- Documentation of excavated objects
- Mobile unit for field Archaeology programmes

7. Archaeology/Heritage Museums at District Level

(Outlay: ₹500.00 lakh)

The concept of District Heritage Museum is an idea conceived by the Government and Department, to house tangible and intangible aspects and artifacts connected to the heritage finger prints of each district. District Heritage Museums at Idukki, Palakkad, Ernakulam, Thrissur and Malappuram have been opened to public. Museum setting works at Wayanad is progressing. In other districts, the works are at the initial stage. An amount of ₹ 500.00 lakh is provided in the Budget 2026-27 for setting up of heritage museums at district level.

8. Archaeological publications

(Outlay: ₹25.00 lakh)

Departmental publications are the sources through which the technical activities carried out, studies conducted, reports prepared, catalogues prepared, acquisitions made, other developments & information on Museums and protected monuments etc., happening within the department can be conveyed with the public. The publications normally include technical reports, revised editions of museum guide books, brochures and catalogues, reprinting of rare books published by department which are out of stock, publication of catalogues of coins, documented under the department. There is a growing demand for the availability of the materials in digital format. The department has to provide facilities to create public awareness of the technical activities carried out, studies conducted, report prepared, catalogues prepared, acquisition made, developments and information of museums and protected monuments etc. An amount of ₹25.00 lakh is provided in the Budget 2026-27 for the following activities.

- Reprinting of rare books
- Publication of catalogues of coins documented under the department
- Publication of Kerala Archaeological Series, field study reports, academic journals and technical reports.
- Publication of Museum guide books, brochures, pamphlet, books and catalogues
- Engaging expertise hands in handling and preparing content suitable for new generation media.

9. Capacity building and conservation awareness

(Outlay: ₹20.00 lakh)

This scheme is intended for building efficiency and technical skill among the technical staff of the department. It is proposed to conduct capacity building training programmes for the technical officers using the expertise of national and international agencies established in this field. In-service training program for technical and ministerial staff specified in service rules and regulations are also to be conducted. An amount of ₹20.00 lakh is provided in the Budget 2026-27 for the following programmes. Out of the total amount ₹10.00 lakh is earmarked for women centred activities.

- Capacity building training programme in association with national and international level accredited agencies
- Conducting in service training programmes

10. Development plan for Archaeology

(Outlay: ₹30.00 lakh)

The scheme is proposed for the up-gradation of the technical wings of the department. A stage wise development of the department towards the international bench mark, utilizing the service of experts in the field of Archaeology, Museology and Conservation, is expected. It needs to be conceived that infrastructure development ie., procurement of sophisticated instruments and machinery of international standards that can support in the respective technical activities, is a key area where we lag behind and so is going to be an inevitable component in any up-gradation process planned. The department carries out post excavation studies and interpretations of various excavation / exploration activities, metallurgical studies, building material analysis, structural studies on monuments etc., using possible collaborations with academic institutions, incorporating external experts and scholars. An amount of ₹30.00 lakh is provided for Archaeology department in the Budget 2026-27. The following are the major components of the programmes.

- Procurement of sophisticated instruments and machinery.
- Utilising the infrastructure and expertise of institutions with proven track record in the field.
- Implementation of research projects through academic collaboration

11. Comprehensive upgradation of Numismatics Wing

(Outlay: ₹20.00 lakh)

Numismatics is an important branch of Archaeology. The spread of ancient coinage gives the detailed picture of the fiscal development, nature, growth and mode of economic operations of a society. Department possesses the largest and diverse collection of ancient, medieval, modern, indigenous and foreign coins. All these coins under the Department's custody are to be documented, analysed, catalogued and conserved. The projects on comprehensive documentation of the coins enable the department to have a complete stock and history of the coins under it. An amount of ₹20.00 lakh is provided in the Budget 2026-27 for this activity. The following are the major components of the programme.

- Documentation of coins
- Procurement of documentation equipment and conducting analytical studies

12. Interactive Museum of Cultural History of Kerala

(Outlay: ₹40.00 lakh)

Keralam Museum was designated by the Kerala Government as the nodal agency for constituting new museums and refurbishing the existing ones. Keralam Museum plans outreach programs and seminars involving experts in the field of museology, so as to keep the agencies and museum staff in Kerala in touch with what is happening in the field, globally. It also plans to continue to run training sessions and workshops for museum staff to up-to-date item in the field of museology.

An amount of ₹40.00 lakh is provided in the Budget 2026-27 for the implementation of the following activities.

- Integrated training in Museology

- Internship in museum practice
- Museum maintenance and up keeping
- Seminars, workshops and training sessions, publications, research and development and museum outreach programmes

Directorate of Archives

Directorate of Archives is the custodian of all non-current records of permanent value of the State government and various departments, institutions and individuals. As the custodian of valuable records of historical value such as Government records, palm leaves, manuscripts etc. the directorate conserves such documents and protects them scientifically for reference purpose. The outlay provided in the Budget 2026-27 is ₹1625.00 lakh for carrying out the following activities.

13. Kerala State Archives department

(Outlay: ₹1000.00 lakh)

The main function of the department includes custody, care and management of records received in Archives, acquiring documents of historical value, rendering technical advice and assistance on management and preservation of records to various departments and institutions. It also includes publishing of archival materials, creating awareness of archival materials among the public by organizing exhibitions, seminars and historical research. An amount of ₹1000.00 lakh is provided in the Budget 2026-27. The following are the major components of the programme.

- Structural conservation of central archives building
- Digitisation of records kept in archival repositories
- Scientific conservation of records and modernisation of conservation unit
- Accession and reference media creation of archival records in 14 districts (including Record Management)
- Infrastructural development of archives and development of archival museums (including management of Vaikkom satyagraha smaraka, Gandhi museum and palm leaf museum)
- Renovation of Archives directorate building including a conference hall.
- Publication of archival records
- Archival awareness programmes
- Disaster management
- Capacity building programmes for employees in Archives department and from other departments
- e- office management
- Setting up of conference hall with all modern facilities in archives directorate
- Cultural fest (outside Kerala)
- Development of transcription software
- Enactment of public records act
- Transfer of records from other State Archives
- e-office file management system in all sub offices
- Record management

- Renovation of directorate repository and setting up of Private Archives.
- Setting up of a new Conservation Unit at Directorate
- Hiring of vehicles for departmental uses

An amount of ₹100.00 lakh is expected to flow for the benefit of female staff, including capacity building

14. Participatory digitalization and development of Archives in Kerala

(Outlay: ₹25.00 lakh)

Digitization and awareness building on valuable records in the archives will take many years if conventional methods are used. The services of research community may be used to digitize and transliterate the available materials. The scheme envisages strengthening and enriching the record holdings of Archives department. Through this programme department hopes to reach out to the society, create awareness about records, locate records through surveys, preserve or conserve them at their site and acquire records from those who are willing to transfer their custody and digitization of Palm leaf and other records. The scheme focuses on the aspects such as democratization of archives through public participation and online access to archival records. An amount of ₹25.00 lakh is provided for Archives Department in the Budget 2026-27 .

15. Archival Study and Research Centre, Kariavattom Campus, Thiruvananthapuram.

(Outlay: ₹500.00 lakh)

The Kerala State Archival department in association with the University of Kerala has decided to set up an International Archives and Heritage Centre and International Research Institute, at the Kariavattom university campus, Thiruvananthapuram. It is a modern archival institution with international facilities for research purpose. It is intended to promote archival research culture, facilitate exchange of new views and ideas on archival studies and administration. The scheme also includes programmes, seminars and workshops on innovative advancement in the field of Archival Science. The Kerala Museum, the government nodal agency has been entrusted with the work for the establishment of Archival Study and Research Centre. It includes transfer of palm leaf records from regional offices to International Archives and Heritage Centre after scientific conservation. An amount of ₹500.00 lakh is provided for archives department in the Budget 2026-27 for the establishment of International Archives and Heritage Centre, Kariavattom campus, Thiruvananthapuram.

16. Palm Leaf Museum

(Outlay: ₹100.00 lakh)

The Palm Leaf Museum is designed with the intention of showcasing the cultural and rich manuscript heritage of Kerala and for creating awareness about the value of our cultural heritage to the public. An amount of ₹100.00 lakh is provided in the Budget 2026-27 for showcasing the Palm leaf museum and providing other amenities for the visitors.

- Visitor friendly display mechanism
- Infrastructure development
- Enhancement of museum climate condition with help of AC, de-humidifier, fire detectors, extinguishers etc.
- Procurement and AMC of devices and gadgets
- Museum management with trained human resources.

Museums and Zoos

The Department of Museum and Zoo has its head office, Museums and Galleries, as well as Zoological Park in Thiruvananthapuram city and art gallery and Krishna Menon museum at Kozhikode. These institutions are functioning as major centres of attraction for the tourists. An amount of ₹3620.00 lakh is provided in the Budget 2026-27 for the following activities.

17. Modernisation of museums, galleries and development of museum campus

(Outlay: ₹1400.00 lakh)

The Department of Museum and Zoo has its headquarters in Thiruvananthapuram city and regional offices at Thrissur and Kozhikode. Thiruvananthapuram Museum, botanical garden and zoological garden are one of the oldest of its kind in India. Napier museum, Sree Chitra art gallery, KCS Paniker gallery, Sree Chitra enclave, Zoological garden, Thiruvananthapuram, State museum and zoo at Thrissur, art gallery and Krishna Menon museum, Kozhikode and heritage museum at Kunkichira, Wayanad along with AKG museum, Handloom museum, Theyyam museum at Kannur are under the control of the Department of museums and zoos. These institutions are functioning as major centres of attraction for the tourists. An amount of ₹1400.00 lakh is provided in the Budget 2026-27for the following activities.

- Maintenance and upkeep of museums.
- Repair, maintenance and expansion of museums, galleries and departmental building, administrative block including refurbishment of Napier museum (Art) museum
- Infrastructure development and its repair comprising of botanical gardens, museum campus, 3D theatres, children park, band stand, augmentation of power, water supply, enhancement of irrigation facility, security surveillance system, improving public amenities, AMC for various facilities and systems, conduct of inauguration of various new projects involving museums and public garden, landscaping around existing and upcoming museums, participation in flower shows.
- Conservation and restoration of paintings and art objects
- Development of regional museum, collection of display and setting up of new museums
- Education, research activities, capacity building of staff, women empowerment and implementation of e-governance online facilities and development and maintenance of departmental websites, cultural activities etc.

18. Modernization of Zoos in Thiruvananthapuram and Thrissur

(Outlay: ₹800.00 lakh)

The zoological garden at Thiruvananthapuram has long and profound history in animal conservation ever since its establishment in 1859 as the second zoo in India. The institution has been fortunate to receive continued and adequate attention and patronage even after the princely state gave way to a democratic state. An amount of ₹800.00 lakh is provided in the Budget 2026-27 for the following activities.

- Construction, repair, upkeep, maintenance and enrichment of animal enclosures, aquariums, zoo hospital, improvement of all infrastructure facilities including water

and electricity, waste management, crisis management and security management and quarantine facilities in zoos, AMC for various facilities and systems and conduct inauguration of various new projects in zoological garden and landscaping in and around existing and upcoming enclosures

- Addition of new animals to the zoological garden including transportation
- Education, research activities and capacity building of staff and Wildlife week celebrations, development and maintenance of web sites of the department
- Visitor amenities in zoological gardens
- Virtual pet adoption and social media campaign

19. Renaissance museum

(Outlay: ₹10.00 lakh)

Kerala is well known for its heritage of art and culture. The foundation of social changes in Kerala may be traced back to 16th century. The formation of Malayalam language in its modern form started during this period. The change in political order of Kerala with the establishment of centralised monarchies in Travancore and Cochin and decline of old feudal order was also crucial factor which set the stage for reformation. In contrast with north India, enlightenment in Kerala was driven by lower castes. The renaissance leaders such as Sree Narayana Guru and Ayyankali belonged to caste groups considered lower in the social settings of 19th century Kerala. Now through this renaissance the state has evolved into a modern, secular and democratic society. This evolvement of Kerala into a modern society has to be showcased through Renaissance Museum. An amount of ₹10.00 lakh is provided in the Budget 2026-27 for preparation of DPR and collection of materials.

20. A.K.G Memorial museum

(Outlay: ₹450.00 lakh)

Ayillyath Kuttiari Gopalan (1st October 1904 – 22nd March 1977), popularly known as A.K. Gopalan or AKG, was a great revolutionary for whom struggle was a part of his existence. His unflinching commitment to the foiling classes earned him the name "The leader of the poor". He served as the leader of the opposition in the first Lok Sabha in 1952. An amount of ₹450.00 lakh is provided in the Budget 2026-27 for setting up of display in AKG memorial museum for landscaping works and annual maintenance along with spill-over works.

21. Sree Chithra Art Gallery

(Outlay: ₹100.00 lakh)

Sree Chitra Art Gallery, formerly known as Sree Chitralayam, the centre of attraction for hundreds of thousands of tourists today, was opened to the public by His Highness Sri Chitra Tirunal Maharaja of erstwhile Travancore Princely State. The gallery has its display, a wide range of historic antique and art works representing glorious cultures of the past from different geographic regions in Asian continent. Paintings of great master of Indian art Raja Ravi Varma form nucleus of the gallery.The gallery at present is functioning in an old low roofed, tiled structure is prone to fire hazards and raises security issues to the priceless and precious paintings displayed as well as stored in the gallery. In fact, the paintings are displayed in number of small rooms, limiting the space for proper display and the display has

become overcrowded and unscientific. The total collection of paintings as on today is 1142 and only 420 of them could be displayed and the rest 722 is kept in the store for want of space, which again is unscientifically stored. Very essential basic facilities such as museum library, conservation laboratory, proper store, security control and monitoring facilities, ticket counters, cloakrooms, public comforts and relief areas are now totally lacking in the present gallery. It is absolutely essential to have scientifically designed spacious galleries with proper lighting and modern display patterns not only for better education and enjoyment of art lovers who visit the gallery but to protect and preserve the rich heritage to posterity as well. An amount of ₹100.00 lakh is provided in the Budget 2026-27 for the maintenance and up keeping purpose and construction of building.

22. Kerala State Museum

(Outlay: ₹60.00 lakh)

There are many museums under various departments, however, there is no single museum in existence that is unique to state under the title 'Kerala - Now and Then' which shows the profile of the state from the formation to the present day. A wide range of views have come from all angles and levels by conceiving the concept of "Kerala State Museum" with special emphasis on education, research and entertainment in the cultural capital of Kerala- Thrissur. Presently the Department has a Zoo in Thrissur which will be shifted to Puthoor. Once the Zoo is shifted the new museum can be set up in a vacant lot, presenting a visual treat as well as disseminating information to the natives as well as to the foreigners about the State - Kerala. The proposed museum will be of a living museum set as an eco-cultural centre recreating historical and cultural events and providing the visitors a chance to be a part of the display. An amount of ₹60.00 lakh is provided in the Budget 2026-27 for meeting the initial expenses for establishment of Kerala State Museum.

23. Establishment of a Zoo-cum-Safari Park in Taliparamba, Kannur

(Outlay: ₹400.00lakh)

Government has decided to establish Kerala's first Zoo Safari Park in Taliparamba, Kannur. The park will be designed in such a way that the animals can roam in a natural forest environment and not in cages. The design of the park is to maintain the existing nature as it is and carry out natural afforestation. The park will also have a botanical garden, a rainwater tank and a natural history museum. An amount of ₹400.00 lakh is provided in the Budget 2026-27 for the preparation of DPR and other required related works in the field.

24. Photography Museum

(Outlay: ₹100.00 lakh)

Photographs are a treasure trove of visual history, offering a unique window into the past. The mandate of the museum will be to acquire, conserve and restore, archive and display photographic images of State of Kerala and of its peoples. The photographs will be acquired from Public Relations Department, voluntary contributions from newspaper archives and private collections and contribution from institutional collections etc. An amount of ₹100.00 lakh is provided in the Budget 2026-27 for the preparation of DPR, setting up of display, procurement and preservation of photographs and other required related works of this museum.

25. History and Maritime Museum at Kollam

(Outlay: ₹300.00 lakh)

Kollam District in Kerala is a captivating blend of natural beauty and historical significance, including its maritime heritage. The district has been a major trading centre since ancient times. The district's economy thrives on cashew processing, coir production, and a growing tourism sector. Visitors are drawn to its scenic beauty, backwater cruises, and historical sites. The Government has decided to establish a museum at Kollam that showcases the history and maritime traditions of Kollam District. An amount of ₹300.00 lakh is provided in the Budget 2026-27 for civil works, display along with the preparation of DPR and initial activities of the project.

From 2017-18 budget onwards the scheme, revitalizing and rejuvenation of institutions of eminent literary writers and cultural personalities is also merged into this scheme. The scheme will provide assistance to selected cultural institutions for revitalizing and rejuvenating their cultural and educational activities.

Documentation of biography and performance of eminent personalities in the field of various art forms, literature, cinema etc. with the help of various academies is also included in the scheme. An amount of ₹500.00 lakh is provided in the Budget 2026-27 for the scheme.

51. Diffusion of Kerala Culture

(Outlay: ₹100.00 lakh)

The scheme envisages promotion of awareness on the rich cultural heritage of Kerala in and outside of the state. The outlay proposed is for the promotion and propagation of the unique Kerala culture through various measures including digital updation of already created website touching upon the various aspects of Kerala culture, development of a cultural map for the tangible and intangible heritage of Kerala, spreading awareness on Kerala culture, creating conservation awareness programme among the public, conducting national and international cultural exchange programmes, workshops, seminars, various art performances and conducting a Kerala Cultural Congress. An amount of ₹100.00 lakh is provided in the Budget 2026-27 for these activities.

52. Diamond Jubilee Fellowship for Young Artists

(Outlay: ₹1300.00 lakh)

This scheme has twin objectives of encouraging young artists on one hand and promoting local cultural development on the other. Thousand diamond jubilee fellowships will be issued to young artists graduating from recognized institutions in the State and 14 co-coordinators will ensure the working of fellowship machinery in 14 districts. The State Government will ensure a monthly fellowship of ₹10,000/- to the awardees. An additional amount of ₹7500/- is being given to them by Local Self Government Institutions. The

fellowship will be operational when a local host is identified who undertakes to provide local hospitality to the fellowship holder. Schools and local governments will be encouraged to host the fellowship and provide local hospitality. This scheme would in turn convert the community centres in the local bodies to active centres of art. Similar efforts will be made in schools hosting the fellowship holders. The artists under the scheme will organise monthly cultural programmes with the help of LSGD and the Department of Tourism. An amount of ₹ 1300.00 lakh is provided in the Budget 2026-27 and of which ₹455.00 lakh is for women.

53. Livelihood for artists/Rural Art Hubs

(Outlay: ₹500.00 lakh)

Kerala has a rich cultural heritage of folk arts and craftsmen. In order to improve the living condition of these artists and craftsmen, a project in collaboration with organizations such as UNESCO will be implemented to create rural art hubs to help the folk artists and craftsmen to enhance their skill and enable them to reach out to the global market and to strengthen their livelihood. Capacity building and direct market linkage would be given priority. Exchange collaboration opportunities with other states and countries will help to create new avenues. The execution of the third phase of the scheme is underway. Setting up of clusters, skill development and empowerment of the beneficiaries, establishment of national and overseas market awareness, conduct of fairs and exhibitions, Training to craftsmen and administrative expenses such as expense for site visit, are being undertaken. Folklore Academy and Vasthuvidya Gurukulam, under Department of Cultural Affairs have been designated as implementing agency. The service of a project co-ordinator is essential for the effective implementation of the project. An amount of ₹500.00 lakh is provided for Culture Directorate in the Budget 2026-27 for these activities, of which ₹175.00 lakh is for women.

54. Nattarangu

(Outlay: ₹50.00 lakh)

The scheme envisages developing a cultural space in public pathways for cultural activities in villages and small towns/cities where there is no such facility. According to the availability of space, a small stage, make- up room, garden, benches, solar lights, mural paintings and sculptures etc. will be set up. The cost of one Nattarangu unit is ₹25.00 lakh. An amount of ₹ 50.00 lakh is provided in the Budget 2026-27 to Culture Directorate for this scheme.

55. Animation - Visual effects Gaming Comics – Gaming Animation Habitat

(Outlay: ₹25.00 lakh)

Gaming, Animation and VFX are some of the technology driven sectors in cultural and entertainment industry segment. This sector is one of the fastest growing sectors globally. Though the growth is primarily driven by international outsourcing, domestic demand is also increasing in India. Local animation film production including full length movies is expanding. Increased adoption of technology in education will also boost demand for local content. With its long history in media and software industry, Kerala is in an advantageous position with respect to gaming and animation sector. This project envisages a series of high level exchanges to understand this abstruse domain of interactive design intelligence. This

involves conducting several online symposiums attended by eminent thinkers from different domains of human knowledge such as artificial intelligence, cinema, literature, cultural studies, art history, physics, mathematics, psychology and also establishing Gaming- Skills/ Talent developing centres with Government of India assistance. KSFDC has its own technical support to implement the programme. Hence the project will be implemented through KSFDC. An amount of ₹25.00 lakh is provided in the Budget 2026-27 for this scheme.

56. e-filing system in Directorate of Culture

(Outlay: ₹40.00 lakh)

Nowadays the conventional offices need to be transformed into more efficient and transparent e-office for elimination of huge amount of paper works. Electronic filing is an e-governance initiative which allows the easy retrieval of documents where a file in an electronic form or in hard copy form is processed and disposed of electronically. An amount of ₹40.00 lakh is provided in the Budget 2026-27.

57. Construction of Directorate of Culture Complex

(Outlay: ₹100.00 lakh)

This plan envisages accommodating the office of the Directorate of Culture and other cultural institutions currently functioning in rented buildings in Thiruvananthapuram. A permanent venue for cultural activities, well equipped stage for performing various cultural programmes, an administrative block including video conferencing room and conference hall, lounges and seating facility for general public can also be set up in this five storey building proposed for the Directorate of Culture and other cultural institutions. An amount of ₹100.00 lakh is provided in the Budget 2026-27 for construction of Directorate of Culture complex.

58. Abhaya Kendra (Homestay) for Artists/Art Village

(Outlay: ₹50.00 lakh)

This project proposes to develop a sustainable livelihood for various artists and artisans who were isolated in their life. The outlay provided for construction of an 'Abhayakendra' which has been well equipped with facilities for food, accommodation, art performances etc. An amount of ₹50.00 lakh is provided as token provision in the Budget 2026-27 for setting up of Abhaya Kendra (Homestay) for Artists/Art Village.

59. 'Mazhamizhi' New Media Art Programme

(Outlay: ₹200.00 lakh)

This scheme was started to offer a support to the art community and has been implemented through Bharath Bhavan. The project intents to provide online and offline platforms for performances of folk arts, performing arts, sculptures, handicrafts etc. As an extension of Mazhamizhi scheme, two programmes, viz; Vasanthamizhi and Mazhavilmizhi are envisaged in the year 2026-27. Vasanthamizhi is to encourage the most eminent individuals working behind the scenes of all artistic creations by documenting their lives and focuses on empowering college students as the future of Kerala's culture by promoting and documenting their innovative, university-level award-winning performances . Mazhavilmizhi envisages encouraging and organizing artistic and cultural programmes for the transgender community under a dedicated platform. An amount of ₹200.00 lakh is provided in the Budget 2026-27 for setting up of 'Mazhamizhi' New Media Art Programmes.

60. Freedom Memorial Park

(Outlay: ₹10.00lakh)

Government of India is organizing a year-long celebration named 'Azadi ka Amrut Mahotsav' in commemoration of 75th anniversary of India's Independence. As part of 'Azadi ka Amrut Mahotsav' it is proposed to construct memorial parks in commemoration of freedom fighters at Thiruvananthapuram and Kozhikode Districts. The outlay proposed is for the propagation of memorable events happened during freedom struggles to generations. An amount of ₹10.00 lakh is provided in the Budget 2026-27 for this scheme.

61. 'Samam' Cultural Initiative for Gender Equality

(Outlay: ₹50.00 lakh)

The novel idea of Samam initiative has been intended to protest the atrocities against women and children. This scheme is implemented on behalf of Culture department by allied cultural institutions such as Bharath Bhavan, Malayalam Mission, Kerala State Chalachithra Academy, K.S.F.D.C, State Institute of Languages etc., through various campaign programmes. Various other institutions such as Youth Commission, NSS, Scout and Guides are also actively taking part in this scheme implementation. It also initiates to implement cultural upliftment of the general public through a cultural education programme. An amount of ₹50.00 lakh is provided in the Budget 2026-27 for this scheme.

62. Fellowships to Various Art Forms

(Outlay: ₹50.00lakh)

The scheme envisages awarding fellowships to artists in various categories of folk arts, classical arts, performing arts and fine arts through Directorate of Culture. Granting fellowships to honour artists who have made remarkable achievements in the field of work will also ensure the preeminence of the art forms they represent. In addition, the fellowships will honour the artists and the funding provided will benefit their continued research in the field of representational arts. Fellowship artists can be selected from the list of eminent artists recommended by the institutions such as Sahitya Academy, Sangeetha Nataka Academy, Lalithakala Academy, Kerala Kalamandalam, Kerala State Chalachithra Academy, Mapilakala Academy and Folklore Academy etc. An amount of ₹50.00 lakh is provided in the Budget 2026-27 for this scheme. Out of the total amount ₹25.00lakh is earmarked for the benefit of women

63. Encouragement and protection of tribal art and culture

(Outlay: ₹10.00 lakh)

The project aims at the protection of tribal arts, which are spread over various districts of the state and are completely unknown to the outside world and to be passed from generation to generation. The project for the conservation of art of tribal groups and will be formulated and implemented through the Folklore Academy. An amount of ₹10.00 lakh is provided in the Budget 2026-27 for the following activities.

- Art training of rare tribal art forms stage shows.
- Research and documentation.
- Cultural exchange
- Kalashilpagramam - Organization of seminars, workshops, exhibitions and craft fairs

64. Modernisation, Infrastructure development and Maintenance of Directorate of Culture and Cultural complexes

(Outlay: ₹525.00 lakh)

Directorate of culture plays a vital role in promoting cultural activities and preserving heritage. To ensure that these services are accessible to everyone, it is essential to develop infrastructure that accommodates the needs of people including persons with disabilities. A well modernized front office system that caters the unique requirements of all including the persons with disabilities will improve their experience and participation in cultural activities.

Construction works of cultural complexes in many districts are being done by KSFDC with the assistance of KIIFB funds. When the cultural complexes are handed over to the department, funds are required for the maintenance and day to day expenses of the cultural complexes.

Hence an amount of ₹525.00 lakh is provided in the Budget 2026-27 for these activities.

65. Establishment of District cultural promotion councils in all districts of Kerala and Cultural promotion programmes

(Outlay: ₹48.00 lakh)

The primary objective of this proposal is to establish Districts Cultural Promotion Councils (DCPC) in all 14 districts of Kerala with the aim of promoting and preserving the rich cultural heritage of the state. The DCPCs will serve as hubs for promoting and disseminating information on Kerala cultural assets, traditions, art forms and artists. This project aims to cultural awareness, visitor assistance, preservation of culture, local talent recognition etc. An amount of ₹48.00 lakh is provided in the Budget 2026-27 for this scheme. Out of the total an amount of ₹28.00 lakh is exclusively for DCPCs in every District (₹2.00 lakh for each District).

66. Centenary Celebrations

(Outlay: ₹40.00 lakh)

The objective of the scheme is to honour the historical significance of the Vaikom Sathyagraham and Aluva sarva Matha Sammelanam. These centenary celebrations will serve as a reminder to today's generation of the darker era in Kerala history, highlighting how the renaissance movements helped to eradicate oppressive rituals.

An amount of ₹40.00 lakh is provided in the Budget 2026-27 for these two programmes.

67. South Indian cultural centre at Pinarayi, Kannur

(Outlay: ₹100.00 lakh)

The scheme envisages to setting up a multi oriented cultural centre at Pinarayi including Shilpagramam, administrative block, parking area, walkway, mangrove theatre, open air practice podium, accommodation facilities etc. The centre aims at cultural exchange and promotes local performing arts and crafts. An amount of ₹100.00 lakh is provided in the Budget 2026-27 for this scheme.

68. 'E arts'- E learning arts and digitalization of museums(*New Scheme)*

(Outlay: ₹100.00 lakh)

The project envisages to create interactive portals to bring the unique arts of Kerala under one umbrella and attract world attention, establishment of digital Arts School

Kerala and Digital Museum Kerala in collaboration with the Department of Cultural Affairs and the Digital University The scheme will provide online learning programs in the fields of art and culture to learners in the simplest way possible, without compromising authenticity and based on innovative technology. The scheme also envisages at integrating the museum archives located in various districts of the state into a single center and turning them into a digital museum, it will be possible to directly experience the visual experiences of various museum centers scattered around the state. An amount of ₹100.00 lakh is provided in the Budget 2026-27 for the first phase of implementation of the scheme

69. Construction of M.T.Memorial Cultural Centre, Tirur *(New Scheme)*

(Outlay: ₹150.00 lakh)

A memorial will be constructed near Thunjan Parambu, Tirur to retain the memories of M.T Vasudevan Nair who was an icon of Malayalam language and literature. The centre will focus on the history and culture of Malayalam language and throw light on literature and contributions of M.T Vasudevan Nair. An amount of ₹150.00 lakh is provided in the Budget 2026-27 for the implementation of first phase of the scheme.

70. Saamskaarika Keralam Smruthi Mandiram *(New Scheme)*

(Outlay: ₹500.00 lakh)

The scheme envisages to establish a state of the art memorial museum to honour Kerala's most celebrated deceased artists from various cultural disciplines such as painting, literature, theatre, music, cinema, sculpture and folk arts. The museum includes Multi-gallery exhibition spaces, artist-specific collections and memorability, digital archives and interactive installations, research centre and library, sculpture garden and remembrance space etc. An amount of ₹500.00 lakh is provided in the Budget 2026-27 for this scheme.

71. Natakagriham (New Scheme)

(Outlay: ₹250.00 lakh)

The scheme aims at the construction of permanent drama theatres honouring theatre legends named Thoppil Bhasi at Kayamkulam, P.J. Antony at Thrissur and K.T. Muhammed at Kannur. The construction will include theatre infrastructure with professional-grade sound, lighting and seating, rehearsal and backstage facilities, memorial displays for each honouree, online booking and e-ticketing system An amount of ₹250.00 lakh is provided in the Budget 2026-27 for this scheme.

72. Peralassery Cultural Corridor(*New Scheme)*

(Outlay: ₹250.00 lakh)

A new project Peralassery Cultural Corridor is envisaged to setup a Manaveeyam Model permanent Nightlife and Cultural Zone. This project includes a permanent open-air stage for Theyyam and folk-art performances, weekend markets for Kudumbashree units and other local products and a literary corner for the region's political and literary history. To meet initial expenses of the project and prepare the DPR, an amount of ₹ 250 lakh has been provided in the Budget 2026-27.

73. State Central Library (Public Library), Thiruvananthapuram

(Outlay: ₹330.00 lakh)

The State Central Library is an institution under the Higher Education Department. The library has launched many programmes for improving the efficiency of service delivery. An amount of ₹330.00 lakh is provided in the Budget 2026-27 for the following activities and for the matching share of central scheme National Mission on Libraries.

- Book purchase including newspapers, magazines, audio books and braille language books for visually challenged people
- Library furniture purchase
- Computerisation including RFID System
- Digitisation, book binding, extension activities
- Training for librarians and library officials
- Renovation of Library buildings including heritage building (Renovating library buildings as Child/senior citizen/differently abled friendly)
- Construction of multi storied building

74. Kerala State Library Council

(Outlay: ₹150.00 lakh)

Kerala State Library Council, which is a statutory body, is affiliated to over 8821 libraries in the state. Library movement is a humanitarian collective that has formed a solid foundation for the social progress of Kerala. On the back of the law and the popular base the library service has been made universal and improved. Through the project activities, the quality of these services has been enhanced and the service has been able to reach more and more beneficiaries. Through the work of the Library Council, residents of orphanages, juvenile homes, elderly homes, and hospitals have access to public library services. Council plans are afoot to implement with the objective of universalizing the information dissemination and reading with the help of information technology. An amount of ₹150.00 lakh is provided during 2026-27 for the following activities. Out of this ₹50.00 lakh is earmarked for gender programmes.

- Model village libraries, academic study centres
- Jail library services, children's home library service, orphanage library services, library computerisation, braille-library, hospital library services
- Library modernization
- Library computerization

9.3 TECHNICAL EDUCATION

The total outlay of ₹ 29500.00 lakh is provided for Technical Education for the year 2026-27. Importance has been given for the research initiatives and academic excellence.

1. Cochin University of Science and Technology (CUSAT)

(Outlay: ₹ 3325.00 lakh)

Cochin University of Science and Technology was established in 1971 for the development of higher education with particular emphasis on post graduate studies and research in applied science, technology, industry and commerce. Though plan fund can be utilized for the augmentation of infrastructural facilities, major projects for plan fund is provided with emphasis on academic restructuring and curriculum development. The major activities proposed during the year 2026-27 are:

1. Ecofriendly and Safety Measures
   - Fire and Safety for Building/Labs
   - Sewage treatment Plant
   - Water distribution/recycling/rain harvesting system
   - Waste disposal and treatment of effluents
   - Green Protocol/Green campus
   - Safety audit
   - General Campus Development
2. Civil works
   - Extension to the existing building of School of Legal Studies
   - Indoor Stadium
   - Extension of Instrumentation building
   - Construction of compound walls and roads
   - Vertical extension to environmental science building
   - Vertical extension of IUCND building
   - Construction, renovation and extension of boys hostels
   - Construction, renovation and extension of ladies hostels
   - Vertical extension to department of Polymer Science and Rubber Technology
   - Vertical extension of students amenity centre
   - Vertical Extension of Integrated PG Building
   - Vertical Extension of New Generation Programmes Building
   - Ladies Hostel for SC/ST & Backward Communities
   - Building at Marine Science Campus
   - Canteen Building
   - Swimming cum Diving Pool
   - Implementation of Single Point Tariff in CUSAT Campus
   - Enhancement of Substation to Accommodate Future Load
   - Construction and maintenance of roads in campus
   - Completion of other ongoing works

3. Other Academic Activities
    - Purchase and repair of computers and equipment
    - Purchase of furniture
    - Purchase of books and journals
    - Automation and Software Development
    - Seminars/Conferences/Science popularization
    - Content Development
    - Seed money for new research initiatives
    - Assistance for existing centres including Inter University Centres
    - Incentive to Research Scholars
    - Data Centre
    - Lab facility for new integrated programme
    - Repair and renovation of the academic and non-academic buildings
    - University MOOC development
    - Faculty and student mobility scheme
    - Digitalization of journals and reports
    - Travel assistance to students to present research papers in conferences
    - Establishing Centre of Excellence and its Infrastructure for Aquatic Vaccine Development
    - Courses under project mode
    - PFMS/DEAS/Accounting training & other staff training
    - Digitising admissions and campus management system
    - Security auditing & network auditing
    - Institutional accreditation and ranking
    - Gender sensitivity
    - Skill development
    - Fostering International Outreach
    - Smart Campus
    - Setting up of a Science Museum in Cochin University
    - Herbal Garden

The already started civil works should be completed before starting new constructions. The utilization of funds should serve the overall objective of enhancing academic excellence. This may involve the creation of infrastructure (including academic infrastructure) as well as other investments. An amount of ₹ 3325.00 lakh is provided for these activities during the year 2026-27. Out of this amount ₹ 500.00 lakh is earmarked for strengthening of the existing centres and ₹ 150.00 lakh is earmarked for establishing the centre of excellence. Out of this amount 20% is expected to be benefitted exclusively for girls.

2. Kerala Technological University (A.P.J Abdul Kalam Technological University)

(Outlay: ₹ 2610.00 lakh)

The Govt. of Kerala has established the Kerala Technological University in July 2014. The major activities proposed for the year 2026-27 are setting up of schools, design and innovation centre, Internal Quality Assurance Cell, Centre for International Collaborations and linkages, strengthening academics in affiliated colleges, skill based programmes and industry linked courses, university-industry linkage cell, examination reforms, social outreach/extension activities, university library/books and journals, e-resources, centres of excellence for innovative research and collaborative research, digital library and library assistance schools, startups and innovation centre with special focus on women start-ups & IPR/Patents, cloud computing facility for research, special programmes to enhance employment projects of the students with economic hardships, maintenance and up gradation of temporary campus, research and research promotion schemes, collaborative research, strengthening IT infrastructure & operational services to improve university functioning, student/staff amenities, faculty development programme, PG Scholarship for M.Tech students in university colleges etc.

The already started civil works should be completed before starting new constructions. The utilization of funds should serve the overall objective of enhancing academic excellence. This may involve the creation of infrastructure (including academic infrastructure) as well as other investments. The outlay can also be used for meeting department share for implementing pooled fund for special projects under Scheduled Caste Sub Plan/Tribal Sub Plan by SC/ST departments.

An amount of ₹ 2610.00 lakh is provided for these activities during the year 2026-27. Out of the total amount ₹ 150.00 lakh is earmarked for establishing the centre of excellence. Out of this amount 20% is expected to be benefitted exclusively for girls.

3. Centre for Engineering Research and Development (CERD)

(Outlay: ₹ 300.00 lakh)

The Centre for Engineering Research and Development functioning at College of Engineering, Thiruvananthapuram creates an intellectually live atmosphere of research among the faculty of engineering colleges in the state. The centre acts as an agency for the promotion and strengthening of several new areas of research and will coordinate the research and development activities in the engineering colleges. The centre will focus on basic research as well as high end research in the field of engineering. Major activities proposed during 2026-27 are incentive for research publication, innovative student project, facilitating research paper presentation within India and abroad, research seed money, research fellowship, best researcher award/grant, best research award, research promotion activities, screening committees and other meetings, satellite centre, conduct of workshops/seminars in the college, students travel grants scheme, Kerala Technological congress (KETCON & KTU Tech Fest TEKCON) etc.

An amount of ₹ 300.00 lakh is provided for the scheme in 2026-27.

4. Public University Campus Construction and Development (Setting up of infrastructural facilities and new campus for Technological University)

(Outlay: ₹ 1.00 lakh)

This scheme aims to construct a residential campus for the University which can create an academic ambience for grooming the students and to carry out research. The major activities under this scheme during 2026-27 are construction of academic block, internal roads, compound wall, digital recording studio and staff quarters in the KTU campus at Vilappilsala, Thiruvananthapuram, establishment of Centre of Excellence in AI and Robotics at Model engineering College campus, Thrikkakkara. An amount of ₹ 1.00 lakh is provided as a token provision for the scheme and the additional funds required for the implementation of the scheme will be released from the outlay provided under the head "Major Infrastructural Development Projects," depending on actual requirement for 2026-27 under the scheme Public University Campus Construction and Development.

5. LBS Centre for Science and Technology

(Outlay: ₹ 958.00 lakh)

LBS Centre for Science and Technology started an engineering college at Kasargod during 1992-93. Another engineering college for women was started at Thiruvananthapuram during the period 2001-02. Major activities during 2026-27 are up gradation of lab infrastructural facilities at LBS headquarters, regional units and sub centres, up gradation of various departments, civil/electrical work/maintenance, common facility, civil construction works at LBS centres, purchase of library books, fire and safety, student projects etc. Outlay can also be utilized for up gradation of various engineering departments and maintenance works at LBS Poojappura and Kasargod and other developmental and ongoing activities.

An amount of ₹ 958.00 lakh is provided to the centre during 2026-27. Out of this amount 50% is expected to be benefitted exclusively for girls.

6. Centre of Excellence in Disability Studies

(Outlay: ₹ 65.00 lakh)

The Centre of Excellence in Disability Studies is intended to act as the nodal agency for the purpose of teaching, research, training and outreach programme for students with different abilities. LBS would be continuing as the nodal agency for the working of the centre. An amount of ₹ 65.00 lakh is provided for the developmental activities such as research assistance to students and faculties, skill development training programmes, setting up of virtual reality class room, counseling services, publications and other ongoing activities during 2026-27.

7. Centre for Advanced Printing & Training (C-APT)

(Outlay: ₹ 649.00 lakh)

Centre for Advanced Printing & Training (C-APT) formerly known as Kerala State Audio Visual and Reprographic Centre formed in the year 1992 is functioning as a resource centre for all technical and non-technical institutions in Kerala. It conducts job oriented courses in printing and modern reprographic equipment. The amount is provided for infrastructure development including e-infrastructure, purchase and maintenance of machines, equipment, transportation facilities and other ongoing works.

An amount of ₹ 649.00 lakh is provided for implementing the schemes during 2026-27.

8. Kerala State Science and Technology Museum (KSSTM)

(Outlay: ₹ 3070.00 lakh)

Science and Technology Museum was started in 1984 with a view to popularize the different aspects of science and technology. The major activities during the year 2026-27 are:

1. Developmental activities of KSSTM Thiruvananthapuram Campus - development of new galleries, e-office implementation, maintenance of existing galleries, assistance for outreach activities and dissemination of science & technology, revamping of existing planetarium etc.
2. Developmental activities of Regional Science Centre, Chalakkudy – development of new galleries, maintenance of existing galleries, pending infrastructure development for the planetarium etc.
3. Science City Kottayam – installation of motion simulator, musical fountain, waste management, landscaping, campus networking, monitoring mechanism, sewerage system, completion of works etc.
4. Regional Science Centre, Parappanangadi – development of new galleries, maintenance and landscaping of campus, pending infrastructure development of the existing building etc.
5. Establishing Science museum at Kottarakkara
6. Other ongoing works

An amount of ₹ 3070.00 lakh is provided for the scheme during 2026-27. Out of this an amount of ₹ 300.00 lakh is set apart for establishing the Science museum at Kottarakkara.

9. Institute of Human Resources Development (IHRD)

(Outlay: ₹ 4000.00 lakh)

IHRD was established in 1987 as an autonomous body fully owned and controlled by State Government. There are nine engineering colleges, seven model polytechnics, 46 colleges of applied sciences, 15 technical higher secondary schools, two regional centres, six extension centres and two model finishing schools under IHRD. The major developmental activities during the year 2026-27 are:

- Construction and infrastructure activities
- Purchase of machinery furniture for existing institutions
- IT based infrastructure and Technology Business Incubators
- Setting up of new institutions/Centre of Excellence in Assistive Technology
- Skill Development centres
- Industry at campus
- Infrastructure for Campus Industrial Park Project at 5 IHRD Institutions

An amount of ₹ 4000.00 lakh is provided for the year 2026-27. Out of this, 25% is expected to be benefited exclusively for girls. A part of the outlay can also be utilized for the functioning of centre of excellence and IHRD college of Applied Science at Pinarayi Educational Hub. The outlay can also be used for meeting department share for implementing

pooled fund for special projects under Scheduled Caste Sub Plan/Tribal Sub Plan by SC/ST departments.

10. Trivandrum Engineering Science and Technology (TrEST) Research Park

(Outlay: ₹ 400.00 lakh)

Trivandrum Engineering Science and Technology (TrEST) Research Park is established to enhance Industry - Institute interaction and to promote fundamental and applied research. The Research Park incorporates and encourages interactions between companies, mentors, investors, service providers, government entities and large corporations, as well as CET's talent pool to inspire and create innovation. Fund provided in 2026-27 are for operational cost of EV drive train lab, centre for materials research and development related to Electric Vehicles, computing resources upgradation and AMC support, equipment and software purchase for ERC-lab upgradation, Annual Maintenance Cost, purchase of new server and AMC, setting up of nano wet lab and instrumentation lab and space cost to accommodate research units, Nurture and Align (F-DNA) programme, innovation in sustainable material etc.

An amount of ₹ 400.00 lakh is provided for the year 2026-27 for the functioning of the Centre.

11. Performance Based Infrastructural Development (Infrastructure Development of Trivandrum Engineering Science and Technology (TrEST) Research Park)

(Outlay: ₹ 1.00 lakh)

An amount of ₹ 1.00 lakh is provided during 2026-27 as a token provision for the implementation of the scheme under the head, 'Major Infrastructure Development Projects' and under the scheme of Performance Based Infrastructural Development. Additional amount required for the implementation of the scheme during 2026-27 can be utilized from the scheme under the head, 'Major Infrastructure Development Projects'. The amount is earmarked for setting up of infrastructure facilities in TrEST Park.

Directorate of Technical Education

There are nine Government Engineering Colleges, three Govt. aided Engineering Colleges, 46 Government Polytechnic Colleges (including seven Women's Polytechnic Colleges), six Govt. aided Polytechnic Colleges and 39 Technical High Schools functioning under the Directorate of Technical Education (DTE). DTE co-ordinates various activities of engineering colleges (government and aided), polytechnics and technical high schools with the aim of maintaining the standards of curricular and co-curricular activities. In order to enhance the quality of technical education, various schemes and programmes are being taken up. Opportunities are being offered to teachers and students to interact with the experienced and expert academicians and also to visit the various leading educational institutions all over the world. Provision has also been made for waste disposal and greening the campus.

12. Strengthening of the Department

(Outlay: ₹270.00 lakh)

The Scheme is formulated as a combination of the continuing plan schemes of previous years related to strengthening of the department. An amount of ₹ 270.00 lakh is provided for the following components during 2026-27.

a) Directorate of Technical Education, RDTE Offices & Examination Wing (JCTE Office)
b) Human Resources Development (SITTTR, Kalamassery)

a) Directorate of Technical Education, RDTE Offices & Examination Wing (JCTE Office)

This component is for the development of the Directorate of Technical Education, Thiruvananthapuram, and the offices of the Regional Joint Director of Technical Education at Kozhikode, Kothamangalam and Office of the Joint Controller of Technical Examinations at Kaimanam, Thiruvananthapuram.

The scheme is for the overall development of the department and for the effective implementation of the Digital Document Filing System (DDFS) and other e-Governance and e-training activities, viz, (1) Office modernization including restructuring, furnishing, office equipment etc. (2) Upgrading of network & procurement of computer for the implementation of e-governance and e - training in the DTE's office in the Directorate (3) Digitization of old paper records (4) Software modification, examination modernization and accounting (5) online question paper delivery system and (6) capacity building of staff. Bio-metric punching system need to be set up at all government institutions and provision for the same is also provided. Fund has also been provided for continuance of Green protocol, amenities for differently abled and non - conventional energy initiatives along with proper utilization of water resources, waste water management, solid waste management and energy conservation. The State Board of Technical Education (SBTE) had come into existence in 2012 and got revamped in 2018. The functioning of the unit need to be accelerated and for this provision for infrastructure development is also made under the scheme.

b) Human Resources Development (SITTTR, Kalamassery)

The State Institute of Technical Teachers Training and Research (SITTTR) is functioning at Kalamassery as the academic wing of the Directorate of Technical Education. SITTTR plays a pivotal role in ensuring the academic standards of Polytechnic education in the state through curriculum development, faculty development, academic monitoring, admission to three year diploma course and providing support to all other project implementation in the Polytechnics. The centre also revises the curriculum of all other technical programmes under the Directorate of Technical Education other than engineering colleges periodically, on a scientific basis as per the technological advancements and latest market requirements.

The State Institute of Technical Teachers Training and Research is envisaged to undertake the following activities under the human resource development component during 2026-27

- Conduct of curriculum evaluations of revision 2023 of polytechnic colleges, revision of curriculum of Govt. Commercial Institutes and Govt. Institutes of Fashion Designing, Implementation of revised curriculum of Technical High Schools, curriculum revision in other Kerala Government Certificate Examination (KGCE) and Kerala Government Technical Examination (KGTE) in the state.
- Academic Inspection of Polytechnic Colleges, Govt. Commercial Institutes, Govt. Institutes of Fashion Designing and Technical High Schools in the state.
- Development of learning resource materials, printing and publication of materials for effective teaching learning process.
- Conduct admission for the Polytechnic Colleges, Technical High Schools, Government Institutes of Fashion Design and Government Commercial Institutes in an online web-based manner including diploma programme (evening).
- Conduct of national/state level seminars/conference in the areas of Technical Education/Emerging areas of Science and Technology.
- Conduct Open house, student project/seminar competitions and awarding certificates and prizes
- Infrastructure development including procurement and minor works.

13. Teaching- Learning Enhancement & Skill Gap Reduction

(Outlay: ₹ 1350.00 lakh)

The Scheme is formulated as a combination of the continuing plan schemes related to teaching learning enhancement and aimed to reduce the skill gap, a major concern in the technical education scenario. An amount of ₹ 1350.00 lakh is provided for the following components during 2026-27. Out of this amount, nearly 50% is expected to be benefitted exclusively for girls/women.

a. Faculty Development in Engineering and Polytechnic Colleges
b. Industry Institute Interaction Cell (IIIC)
c. Academic Staff College & State QA Centre
d. Placement and Training
e. Additional Skill Development Programme (ASDP)
f. Scholar Support Programme
g. Punarjjani
h. Technology Business Incubation Centres in Polytechnics and Engineering Colleges
i. Student Affairs and Counseling Centre (SAAC)
j. Scheme for Her Empowerment in Engineering Education (SHE)
k. Kerala Transforming Engineering Education for Knowledge Economy (K-TEEN)

a. Faculty Development in Engineering and Polytechnic Colleges

The outlay provided is mainly to take care of the faculty development in engineering colleges and polytechnic colleges through full time and part time M.Tech and Ph.D programmes. Expenditure in connection with the sponsoring of teaching staff of Engineering colleges and Polytechnic Colleges for higher studies, supporting staff to attend conferences, conducting seminars and short term courses in the Engineering colleges and Polytechnic colleges, etc. are envisaged in the scheme.

b. Industry Institute Interaction Cell (IIIC)

The Industry Institute Interaction Cell is intended to facilitate the professional development of the students of Govt. Engineering colleges, Polytechnic colleges, Fine Arts Colleges and other Institutions under the Directorate of Technical Education tuned to the specific requirements of the institutions.

The specific requirements of the institutions are enlisted as below.

- Training to students and faculty members on the latest technology and industrial know-how by utilizing the services of eminent faculty from nationally reputed institutions and professionals from industries.
- Mentoring of research and academic activities in institutions utilizing the services of professionals/senior academicians through the adjunct faculty scheme
- Extending support to the institutions for organizing programmes and certified training programmes in newly emerging areas
- Encouraging the Engineering Colleges, Polytechnic Colleges and Fine Arts Colleges to sign Memorandum of Understanding (MoU) with well - established Government and private sector undertakings for availing exposure on the latest industry practices and standards.
- Pre-employment training for students of engineering colleges and polytechnic colleges as well as activities of the Career Guidance and Placement Cells in the institutions
- Conduct of induction programmes for the first year students of all institutions. Under IIIC, it is also envisaged the establishment of Human Resource Development (HRD) Cell in institutions to groom the students into confident professionals who can understand and provide solutions to the needs of society by developing their creative talents and giving specific care to their mental/emotional well-being. Providing financial assistance to needy students, especially from GCIs and GIFDs under the directorate, going for internships, is also part of the scheme

c. Academic Staff College & State Quality Assurance Cell

Academic Staff College (ASC) is expected to keep pace with the constant flow of information and knowledge, to update the knowledge base and outlook of the teachers at regular intervals and to stimulate the academic environment for promotion of teaching and research in higher education institutions. Mainly two types of activities are envisaged through ASCs-orientation programmes and refresher courses. It shall have full-fledged facilities to conduct two residential training programmes simultaneously and for national/international seminars and workshops. The facilities provided include an e-library and reference centre. Also, the capacity building of the administrative staff is brought under ASC. In tune with the Government policy on training, this scheme envisages transforming employees in the Directorate and other institutions under its jurisdiction into fully developed, duty conscious, competent and motivated persons. The twin dimensions of the capacity building scheme are (i) overall personality development by including trainings on stress resilience, time management, emotional intelligence, understanding the public concerns and developing the attitude of service mindedness and (ii) enhancing the domain knowledge including sessions on service rules and regulations, e-tender, e-governance and series of case study workshops

to get deep understanding and clarity on exercising the rules and regulations. The trainings are organized at the training institutes in the state as well as at the prominent national institutes.

It is also proposed to construct an academic staff college. The academic staff college is required to organize trainings in synchronization with the State Quality Assurance Cell, with the objective of quality enhancement of the institutions.

State Quality Assurance Cell (SQAC)

The Primary aim of the State Quality Assurance Cell (SQAC) is to develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of institutions The SQAC has to ensure that whatever is done in the institutions for "education" is done efficiently and effectively with high standards. In order to do this, the SQAC will have to first establish procedures and modalities to collect data and information on various aspects of institutional functioning.

d. Placement and Training

The scheme is meant for imparting apprenticeship training to graduates and diploma holders every year through various industries and organizations and giving stipends for diploma holders and graduates working as apprentice trainees in the department. The main objectives of this scheme are to organise centralised interviews at various centres in Kerala to select apprenticeship trainees and to conduct awareness and training programmes for the staff and students of polytechnic colleges for improving the effective placement activities.

e. Additional Skill Development Programme (ASDP)

The main objective of this scheme is to conduct various skill training programmes for unemployed and financially backward youth of all segments with focus on marginalised segments of the society at Government Engineering colleges. It was proposed to establish Skill Development Training Centres in all Government Engineering Colleges by starting at least one skill training programme in each institution suitable for the society. The trainees are paid with monthly stipend, tool kit and awarded with certificate of competency after successful completion. The expenditure included honorarium to faculty, cost of materials, stipend to the participants etc. for each programme

f. Scholar Support Programme

The main objective of this programme is to conduct remedial classes for needy students belonging to all categories at institutions under Directorate of Technical Education to improve academic level. To cater the requirement of the large number of students who are academically weak in engineering colleges and polytechnics, remedial classes are being conducted for various subjects. This would ensure better pass percentage. The scheme is to be implemented through all government engineering colleges, polytechnics and technical high schools. Amount is also provided for remuneration to faculty in engaging coaching, expenses for light refreshment to the students, expenses for providing learning materials to the students etc.

g. Punarjjani

Punarjjani, as the term denotes, a unique programme designed by National Service Scheme- Technical cell, Kerala to rejuvenate the discarded and unusable instruments, tools and other materials. The project aims at restoring and reinstating the assets of institutions such as government hospitals, engineering colleges, polytechnics and similar government institutions. The plumbing, sanitation and waste management, electrical repairing etc. are also targeted under the scheme.

h. Technology Business Incubation Centres in Polytechnics and Engineering Colleges

This scheme is to promote entrepreneurial attempts by the students in campuses by establishing Technology Business Incubator in all Engineering colleges and Polytechnic colleges in the State. The main objectives proposed are promoting innovation among budding engineers, commercialise the on-going research, spot and nurture entrepreneurial talents from among the students, conduct entrepreneurship development programmes for students and faculty, professionals employed in the industry and individuals through TBIs. Amount is provided for expanding TBICs in all potential institutes, creation of infrastructural facilities, creation of additional cubicles, training and awareness programmes, biometric access control and security cameras, additional furniture and computers etc.

i. Student Affairs and Counseling Centre (SACC)

In the present world which is increasingly volatile, uncertain, complex and ambiguous, student support systems are essential for taking care of mental/emotional wellbeing of students. Mechanisms are also required to develop the creative talents of students and mentor them to become confident, well balanced individuals able to contribute to the needs of the society. Establishing SACC in all engineering colleges, polytechnic colleges, colleges of fine arts and technical high schools is aimed to address these issues.

j. Scheme for Her Empowerment in Engineering Education (SHE)

Scheme for Her Empowerment in Engineering Education (SHE) has been initiated at GEC Kannur. The SHE programme proposes to enable girl students to realize how much potential they have and provide support they require to become great leaders in technical fields. All the activities of SHE are in alignment with the vision 'To create professionally successful and personally fulfilled Women Engineers', catering to girls aspiring to be engineers, girl students undergoing engineering courses and women engineers. In 2026-27, the department extended the scheme to all higher education institutions under DTE. Accordingly, funds are allocated for various programmes under SHE initiative.

k. Kerala Transforming Engineering Education for Knowledge Economy (K-TEEN)

The broad objective of this programme is for filling the gaps in the existing schemes to accelerate the development of knowledge economy through technical education in the State. The other objectives are innovation, patent, technology transfer and research translation support, engineering technology for society, institutional strengthening by introduction of constituent colleges, enhancement of gross enrolment ratio through inclusion addressing extreme poverty and mobility of industrial professional to academic institutions and faculty to industry.

14. Development of all Government Engineering Colleges

(Outlay: ₹ 4250.00 lakh)

The Scheme is formulated as a combination of the continuing plan schemes related to development of all Government Engineering Colleges in the State, including infrastructure development and overall quality improvement. An amount of ₹ 4250.00 lakh is provided for the following components during 2026-27:

a. Development of Engineering Colleges
b. Centralized Resource Management System (Education Resource Centre)
c. Research Scholarship in all Engineering Colleges
d. Quality Improvement Centres in Engineering Colleges
e. Accreditation of Engineering Colleges
f. Technical Education Quality Improvement Programme (TEQIP phase II)

35% is expected to be benefited exclusively for girls. The outlay can also be used for meeting department share for implementing pooled fund for special projects under Scheduled Caste Sub Plan/Tribal Sub Plan by SC/ST departments.

a. Development of Engineering Colleges

The major components of the scheme include various civil construction works and other activities such as construction of new buildings, development of class rooms, workshops and community auditorium, providing library facilities, laboratories, hostel facilities, augmentation of drinking water system, sewage treatment plant, student amenity centres in all engineering college campuses, converting engineering colleges into Centre of Excellence, mini industrial units/IoC, setting up of bio-metric punching system, continuance of green protocol and non-conventional energy initiatives, proper utilisation of water resources, waste water management, solid waste management and energy conservation, amenities for persons with different abilities, offering postdoctoral fellowships, funding for attending international/national conferences for faculty, signing MoU with leading institutes/industrial houses and for meeting additional manpower requirements etc.

b. Education Resource Centre (Centralized Resource Management System)

The knowledge/learning management system supports the creation, organization, storage, dissemination and preservation of the digital information assets of Engineering Colleges and Polytechnic Colleges. It is proposed to set up a Centralized Resource Management System for coordinating curricular, co-curricular and research activities of all institutions under the Directorate. The centre will act as a common digital platform for sharing learning resources, library, software, and coordinating different research initiatives/activities taking place in all institutions. Also, the scheme aims to develop content in all subjects and create a repository of all research work, expert lectures and video conferencing done in institutions, addressing the present day need of virtual class rooms and online teaching. The items proposed in 2026-27 under this programme include fully featured digital media studio, public addressing system, e-journal, networking, providing server and LAN to host e-resources related to career guidance and soft skill training and procurement of engineering content learning software etc.

c. Research Scholarship in all Engineering Colleges

It is proposed to continue to award research scholarships to selected students in engineering colleges for their excellence in research work to improve in-house research activities. The research scholarship is awarded to PhD students and to M.Tech students to enhance the research ambiance. Selection of the students for the award of scholarship will be decided by a committee decided by the Directorate of Technical Education. It is also proposed to award scholarship to M. Tech students who do not have GATE scholarship, from among the eligible M.Tech students and the selection of the candidates will be by the committee for the purpose.

d. Quality Improvement Centres in Engineering Colleges

Quality Improvement Centres are functioning in College of Engineering Thiruvananthapuram, Govt. Engineering College, Thrissur and in RIT Kottayam, in which faculty in Engineering Colleges have the opportunity to undergo PhD programmes. The other six engineering colleges are identified as research centres by KTU and it is proposed to extend the scheme to all Govt. Engineering Colleges in the State. The existing laboratories, workshops, library facilities etc. are to be enhanced. Residential facilities for the QIP research scholars are also to be constructed.

e. Accreditation of Engineering Colleges

Accreditation of Colleges increases employability and Higher Education chances. International visibility and national level recognition also are linked to accreditation. Industries conducting campus interviews are always emphasising the quality of engineering students. Accreditation makes more confidence and self-esteem in faculty and students. It will also make more employability. Moreover the Technical Education provided from these institutions will be of value, competent to National and International standards. In addition to the above AICTE has mandated that new programmes will be sanctioned only to the institutions having accreditation. The amount is provided for improving facilities in colleges and other preparatory works for getting accreditation of NBA.

f. Technical Education Quality Improvement Programme (TEQIP phase II)

Technical Education Quality Improvement Programme (TEQIP) is a project of Govt. of India to improve academic standard and infrastructure facilities. In the first phase of TEQIP five engineering colleges were selected and project had been implemented in the period 2003-2009. In TEQIP phase- II, 19 engineering colleges are selected. Under TEQIP - III, 250 institutes will be competitively selected based on the pre notified criteria (based on the quality of the proposal submitted by the institutes). The scheme is envisaged as a 100% Centrally Sponsored Scheme. State Project Facilitation Unit (SPFU) is the designated agency to monitor and control the utilisation of the funds. The amount provided in 2026-27 is for maintaining SPFU for managing the scheme.

15. Development of All Government Polytechnic Colleges

(Outlay: ₹ 4900.00 lakh)

The Scheme is formulated as a combination of the continuing plan schemes related to overall development of diploma level education in the state, including infrastructural development. The major components of the scheme are a) Development of all Government

Polytechnic Colleges b) Establishment of Production And Training (PAT) Centre in Polytechnic Colleges and to provide financial assistance to new centres under IoC (Industry on Campus) program c) Accreditation of Govt. Polytechnic Colleges and d) Material Testing and Certification centre in Polytechnic Colleges and e)other on going works

An amount of ₹ 4900.00 lakh is provided for these components during 2026-27. 12% is expected to be benefitted exclusively for girls. A part of the outlay can also be utilized for the functioning of new polytechnic college at Pinarayi Educational Hub. The outlay can also be used for meeting department share for implementing pooled fund for special projects under Scheduled Caste Sub Plan/Tribal Sub Plan by SC/ST departments.

a. Development of all Government Polytechnic Colleges

There are 46 government polytechnics in the State, 39 General Polytechnics and seven Women's Polytechnics. The department proposes to implement NSQF system in all polytechnic colleges, at least in one specialization in each polytechnic. The polytechnic education is poised for a drastic change in academic and infrastructural development by modernizing the laboratories, libraries and class rooms. Community polytechnic scheme is being implemented in 31 polytechnics through which the polytechnics reach the needs of the community around them. The community college scheme approved by MHRD as per NSQF norms are also functioning in five polytechnic colleges in the state. But still some of the polytechnics established years back need strengthening, rewiring, special repair and maintenance. Most of the existing institutions require construction of additional buildings for administrative blocks, auditorium, academic blocks, workshops, libraries, new classrooms, sports complexes and laboratories, compound walls, procurement of machinery and equipment and furniture, electrification and so on. Workshops and labs of all polytechnic colleges are in need of modern machinery and equipment, especially for conventional branches like Civil Engineering, Mechanical Engineering etc. in which heavy machinery and equipment are required.

More polytechnic colleges are in the process of establishing the infrastructure needs for AICTE approval. New generation courses are mandatory for the new institutions and this requires setting up of advanced lab facilities. Provision is also made for mandatory requirements by AICTE, such as MOOCS facility, counselling facility, website modification, conversion of at least one polytechnic college into Centre of Excellence, mini industrial units/IoC, setting up of bio-metric punching system at all government institutions, set up community skill development centers in selected polytechnics for Women, unemployed individuals, school dropouts etc., continuance of Green protocol and non-conventional energy initiatives, along with proper utilization of water resources, waste water management, solid waste management, energy conservation and amenities for persons with disabilities are envisaged under the scheme.

b. Establishment of Production and Training (PAT) Centre and to provide financial assistance to new centres under IoC (Industry on Campus) program in Polytechnic Colleges

Practical training and industrial exposure are two essential components of technical education. Due to limited laboratory facilities and absence of major manufacturing industries

in the vicinity of colleges, students fail to acquire sufficient exposure. To overcome this challenge the establishment of a Production and Training Centre associated with the institution is envisaged. Necessary training in the allied areas like advanced technology, quality control, management, earn while you learn concept, sales & marketing etc. are also to be incorporated during the course. It is aimed to extend PAT centres to more polytechnics and financial assistance to Industry on Campus (IoC) scheme, is also envisaged under the programme.

c. Accreditation of Govt. Polytechnic Colleges

Accreditation makes more confidence and self-esteem in faculty and students. It will also make more employability. Moreover the technical education provided from these institutions will be valuable, competent to national and international standards. In addition to the above AICTE has mandated that new programmes will be sanctioned only to the institutions having accreditation and the amount provided is for augmentation of infrastructure, laboratory facilities, student amenities, hostel and library facilities, development of class rooms, hostels, fully featured digital media studio, networking, providing server and LAN to host e-resources as part of online training and virtual class rooms etc.

d. Material Testing and Certification Centre in Polytechnic Colleges

This scheme is for establishing Material Testing and Certification Centres in Government Polytechnic colleges where the civil engineering branch exists. The materials used for building construction are to be tested and certified by authorized certification centres before they are used in construction. The curriculum of civil engineering branch in polytechnic involves practical classes for testing of materials like bricks, steel bars, cement, concrete tube etc. In the State, testing centres have been established in 5 nodal polytechnics in Kozhikkode, Palakkad, Thrissur, Kalamassery and Thiruvananthapuram. The centres help the students to study the actual process of testing during their course of study and revenue will be generated in the institution by the way of testing fees. The outlay provided is for registration, administrative and maintenance expenses along with procurement of additional machinery for the five centres.

16. Development of Government Technical High Schools

(Outlay: ₹ 1150.00 lakh)

The scheme is formulated as a combination of the continuing plan schemes related to overall development of technical high school education in the state, including infrastructural development. An amount of ₹ 1150.00 lakh is provided for implementing two components in the scheme viz., a) Infrastructural Development of Technical High Schools and b) National Skill Qualification Frame work in Technical High Schools and Polytechnics (NSQF). 15% is expected to be benefitted exclusively for girls.

a) Infrastructural Development of Technical High Schools

There are 39 technical high schools functioning under the Directorate of Technical Education. Some of the Technical High Schools are not having own land and are functioning in rented building. Amount is provided for civil works such as construction of class rooms, workshops, laboratories, libraries, toilets and student amenities, purchase of tools, equipment,

machinery, computers, other laboratory equipment, implementation of robotics clubs, solid waste management, biometric punching system and provision is also made for continuance of Green protocol and non-conventional energy initiatives, along with proper utilization of water resources, waste water management, energy conservation and amenities for persons with disabilities under the scheme and land acquisition for the five Technical high schools which are functioning at rented buildings.

b) National Skill Qualification Frame work in Technical High Schools and Polytechnics (NSQF)

The All India Council for Technical Education (AICTE), Ministry of Human Resource Development (MHRD) has launched the National Vocational Education Qualification Framework (NVEQF) to be implemented in Polytechnics, Engineering Colleges and other colleges in the University systems from 2012-13. The scheme is implemented, in Technical High Schools from 2014-15 and in some selected Polytechnics. Sectors and specialization under NVEQF identified for the Technical High Schools and Polytechnics include automobile, manufacturing, construction, power etc.

The amount provided is for resource preparation, arranging faculty development programmes, purchase of machinery and equipment, books, workshops, academic monitoring, seminars/industrial visits in Technical High Schools, Government Institute of Fashion designing (GIFD) and Polytechnic colleges.

17. Development of Fine Arts Colleges

(Outlay: ₹ 440.00 lakh)

The scheme is for the development of three Fine Arts Colleges at Thiruvananthapuram, Mavelikkara and Thrissur. The provision is for the state of the art facilities such as class rooms, art galleries, improvement of studio, student amenity centre, digitization of library and audio visual facilities, student amenities, hostel facilities to students, purchase of equipment required for the three fine arts colleges, renovation works etc. The provision is also given for conducting national level art camps/art exhibitions/workshops and national/international seminars for students and faculty of CFA's, both campus-centered and outside Kerala. Provision to meet the expenses related to life models (life study) is also given. Study tour grants for BFA/MFA students of ₹ 5000 per head subject to the effective utilization, guaranteed by the principal are proposed. As a part of motivating budding artists, a 'promising art student' award is proposed for two UG level students per department per institution on merit cum means mode, with annual financial assistance of ₹ 10,000/-.

To strengthen the Teaching - Learning process at these institutions, a mentoring programme for students by professional artists, through interactive sessions, art camps and workshops, group discussions, seminars, illustrated talks, etc. is proposed. Also, a Culture Mapping of Local History, Ecology, Heritage and Art project is proposed to be undertaken by the Fine Arts Colleges under DTE. The aim is to build a virtual/digital archive of visuals of contemporary life, heritage, culture and the changes happening in relation to the economic, social and political scenario of Kerala.

Bio-metric punching system need to be set up at all government institutions and

provision for the same is proposed. Provision is also made for continuance of Green protocol and non-conventional energy initiatives, along with proper utilization of water resources, solid waste management, waste water management and energy conservation. Special amenities for differentially abled students are also envisaged during 2026-27.

An amount of ₹ 440.00 lakh is provided for implementing the scheme for 2026-27. 13% is expected to be benefitted exclusively for girls.

18. Enhancement of Academic Ambience

(Outlay: ₹ 1000.00 lakh)

The scheme is formulated as a combination of the continuing plan schemes related to overall enhancement of academic ambience for technical education in the state, including infrastructural development. The major components of the scheme are: a) Evolving Libraries as Knowledge Centres (Strengthening the Libraries in Engineering Colleges and Polytechnics) b) Strengthening and Development of Physical Education c) ICT in Engineering Colleges and Polytechnics and d) Connectivity for National Mission on Education through Information Communication Technologies (NMEICT/KFON).

An amount of ₹ 1000.00 lakh is provided for implementing the following components during 2026-27.

a) Evolving Libraries as Knowledge Centres

The scheme aims at automation and digitization of the libraries in all engineering colleges, polytechnics, fine arts colleges and technical high schools. The scheme will make a drastic change in the library management system and will revolutionize the library system to an international standard. The programme includes digitalization of library books in all the institutions, making available online journals in all areas, Library Information Management System (LIMS) software, online referencing of international journals like IEEE, ACM etc. online lending and updating of records, digital enquiry of books, purchase of books in new titles, hard copy journals, e-journals, furniture for library, purchase of duplicating machines/scanners/printers/computers/photocopier which are required for the automation and digitization, to make reading room facilities available to students and faculty in libraries during extended hours and holidays etc. Extension of the scheme to Fine Arts College and Technical High School is also included.

b) Strengthening and Development of Physical Education

This component is for encouraging and strengthening of physical education in engineering colleges, polytechnics, technical high schools and fine arts colleges. Most of these institutions are located in remote areas and as such do not offer easy access to facilities for sports and games or physical fitness centres. The scheme envisaged the phase wise development of common facility for producing international standard sports personnel from student community. The amount earmarked is for construction works such as stadia complexes, indoor stadia, courts, swimming pools, modern fitness centres, financial assistance for participating state/national level sports events, scholarships, purchase of equipment and consumables for sports and games etc.

c) ICT in the educational institutions under DTE

ICT has the potential to contribute greatly to the practice of engineering and fine arts education. Most of the class rooms in Government Engineering Colleges and Polytechnics have been already converted into smart class rooms. Amount earmarked is for providing computers and accessories, digital class rooms, digital faculty rooms, e-learning resources, digital library, campus wide networking and online course management system for the development of all the technical institutions in the State including technical high schools and fine arts colleges.

d) Providing Connectivity for National Mission on Education through Information Communication Technologies NMEICT

The Scheme was launched as a Centrally Sponsored Scheme for providing connectivity to institutions named as National Mission on Education through Information Communication Technologies (NMEICT). It is intended to establish a strong communication network between institutions of higher learning which is imperative for the spread of the best practices and the best knowledge modules, encouraging shared learning from the experts in the country. Presently the connectivity to Polytechnics and Engineering Colleges provided are changed to OFC backbone. This necessitates additional allocation for the connectivity charges. KFON network also need data charges and hardware costs applicable.

19. Research Initiatives

(Outlay: ₹ 720.00 lakh)

The Scheme is formulated as a combination of the continuing plan schemes related to overall development of research activities under technical education in the state, including infrastructural development. The various components grouped together are a) Transportation Engineering and Research Centre b) Product Design & Development Centre in CET c) Re-Usable building system in RIT, Kottayam d) Rural Technology Development Centre e) Student Satellite Launch Programme at CET f) Centre for Bamboo Technology, at GEC TVM g) Interdisciplinary Research Centres at Govt. Engineering Colleges h) Robotics & AI nodal Centre i) Centre of Excellence in Systems, Energy & Environment j) Centre for high performance computing at CET k) Collaborative Research and Learning (CORaL) l) Centre for Disaster Management and Mitigation under the Directorate m) Centre for Nano electronics n) CET- Centre for Advanced Research in Engineering (CET- CARE) o) Centre for Sustainable Development (CSD) at College of Engineering, Trivandrum p) Centre of Excellence in e-mobility q)IGNITE- Innovation Grant for Nurturing Ideas, Technology & Entrepreneurship r)INSPIRE - Innovation Support Program for Initial Research Endeavours s) IPDRS -Immediate Post-Doctoral Research Support t) Setting up Research parks in government engineering colleges and support for presenting research papers in reputed conferences.

An amount of ₹ 720.00 lakh is provided for implementing these components for 2026-27.

a) Transportation Engineering and Research Centre (TRC)

The Transportation Engineering Research Centre was set up in College of Engineering, Thiruvananthapuram. The TRC research programme emphasizes applied research and technology transfer to enhance knowledge in the field of transportation and to solve transportation problems encountered by transportation community and also provides an extensive array of labs, equipment and reference materials. The specific objectives are (1) conduct research relating to highway materials (2) develop good maintenance and construction practices, (3) evaluate the performance of pavements (4) develop accident prediction models (5) develop a data base to support the development of codes, guidelines, standards and manual for sustainable infrastructure development (6) suggest traffic management measures and practices (7) promotion of regional level consultancies (8) to equip the faculty by giving training in India and abroad to keep abreast with the latest developments in the relevant fields (9) conduct training programme and short term courses for the practicing engineers and academicians to transfer the research outputs for implementation (10) to offer research fellowship.

b) Product Design & Development Centre in CET

Product design and Development Centre at College of Engineering Trivandrum was setup as a pilot project which could be replicated in other engineering colleges. The proposed centre would develop and test new designs for products and shall transfer the technology to prospective entrepreneurs. The centre shall also impart training on product design to students and unemployed youth through specialized programmes. The amount provided is for implementing the above activities.

c) Re-Usable building system in RIT, Kottayam

The re-usable building system is to ensure sustainability of expanding urban infrastructure. This is aimed to incorporate innovative materials/structural components to accelerate the turn over time of mass housing schemes. Such interventions would culminate in the evolution of a material use policy for the construction activities in the State to ensure sustainable resource use and environmental protection. This programme is actively participating in the Life Mission programme of the State Government. Amount provided is for research activities in this field.

d) Rural Technology Development Centre at Govt. Engg College, Kannur

The Rural Technology Development Centre (RDTC) is envisaged to act as a link between academia and local communities, for the transfer of appropriate technology specifically developed for the betterment of the rural technologies. The Rural Technology Development Centre is aimed to develop innovative solutions to develop efficient and effective mechanisms to uplift traditional technologies. The centre acts as a nodal centre for the transfer of technological knowhow connecting the other technical institutions in the state including engineering colleges and polytechnic colleges with the community. The centre can work in three dimensional framework, i) improvisation of machinery involved in rural technologies ii) development of new products using traditional technologies and iii) solution to technical and maintenance problems. The amount is provided for purchase of equipment and other expenses for the functioning of the centre.

e) Student Satellite Launch Programme at CET

It is proposed to launch a student satellite by College of Engineering Trivandrum in collaboration with Indian Space Research Organization (ISRO). This is a long term project which can be materialized in 3-4 years. The project team will include all the Departments of CET which will include undergraduate students, post graduate students and faculty members with an approximate team size of 100. The project will be coordinated by the newly established CET Centre for Interdisciplinary Research (CCIDR) of the college. The major objectives of this project is to gain experience in design, fabricate, test, operate satellite, system engineering, design multispectral camera, observation of forest, prediction of lightning pattern etc

f) Centre for Bamboo Technology

Centre for Bamboo Technology has been established at Government Engineering College, Barton Hill. The objectives of the scheme are to conduct R & D on bamboo as a construction material, R & D on value addition to bamboo as a commercial product, use bamboo as biofuel, network with institutions doing research in bamboo technology, to propagate the use of bamboo as a sustainable source and to conduct annual conference on bamboo technology.

g) Interdisciplinary Research Centres at Govt. Engineering Colleges

The Directorate of Technical Education proposes to establish interdisciplinary research centres in the Govt. Engineering Colleges. The centres are envisaged to act as platforms to facilitate and promote interdisciplinary research among the faculty members, so as to emerge with quality research outputs useful for the society. The centre will encourage the faculty members to undertake multidisciplinary projects at the UG/PG level and create an environment where doctoral studies are carried out under the supervision of faculty members from different disciplines. It is proposed to establish interdisciplinary research centres in nine government engineering colleges, in specified are identified by the host institution.

h) Robotics & AI nodal Centre

As part of setting up of Inter-disciplinary research centres at various engineering colleges in the state, the Robotics and Artificial Intelligence Centre was set up at GEC, Thrissur. The idea was to establish a facility to be shared by various engineering colleges, polytechnics and technical high schools under Department of Technical Education, Kerala and function as a centre of excellence in Robotics & AI. The centre aims to conduct advance research pertaining to the fields of Robotics, Automation and Human-Computer Interaction through concerted efforts across various disciplines of Engineering & Science, through proactive research and development activities, viable consultancy projects and realizable student projects at UG and PG level.

i) Centre of Excellence in Systems, Energy & Environment (CESEE) at GEC, Kannur

The centre of excellence, set up at GEC, Kannur, aims at providing technical, techno-economic and environmentally compatible solutions to the following societal problems which requires urgent attention of the engineering fraternity in Kerala, i.e., 1) waste management, 2) energy shortage and 3) other related environmental issues. This will be achieved by organizing, research, demonstration, training, public interaction, consultancy and other

academic activities in an interdisciplinary domain of systems, energy and environment. Research in renewable energy, waste management systems, environmental science and system analysis as well as conducting energy audit are the major thrust areas of the proposed CESEE.

j) Centre for high performance computing at CET

Artificial Intelligence is an emerging area in which lot of research potential and job opportunities exist. High Performing Computing is an essential tool for computational schemes such as Machine Learning, Deep Learning, Data Analytics and so on. PhD/UG/PG students get exposure to state-of-the-art technology and can take up quality projects/thesis which require high computational requirement. The centre is proposed to be set up at CET and envisages students to bring up innovative solutions in the field of health care, Agriculture, Robotics and Artificial Intelligence, Automation, self-driving cars, surveillance monitoring, always listening IoT devices etc. by developing their own algorithms and train their model on huge data sets, with the help of the proposed computing facility.

k) Collaborative Research and Learning (CORaL)

Collaborative Research and Learning (CoRaL) centre acts as a link, facilitating a mutual give and take between research institutes, LSGDs and Government missions on the one side and academic institutions particularly in the nine Government Engineering colleges in the State, on the other. The major objectives of CORaL are linking research for society outreach and formulating guidelines for facilitating investigators from multiple institutes to take part in a research activity in any of the state funded research centre.

l) Centre for Disaster Management & Mitigation

Centre for Disaster Management & Mitigation is aimed to address application of technology in preventive measures for disasters and consequences of the natural calamities affecting the state and related mitigation activities. The programme envisaged to strengthen the activities of the Centre for Disaster Management and Mitigation.

m) Centre For Nano Electronics

Centre for Nano Electronics aims to focus on design, modeling and simulation of electronic circuits (analog and digital) with nanometric devices for VLSI fabrication, on-chip interconnect modeling culminating with emerging non-silicon/nano devices. The proposed research facility presents a unique opportunity to boost the quality of engineering education, deepen understanding, and provide the state of the art skills and exposure to young minds, and will substantially improve their employability. The centre helps to transfer technologies to students, encourage and promote collaboration among researchers, enhance laboratory facilities, improve employability, translate academic research into useful products to the society etc.

n) CET- Centre for Advanced Research in Engineering (CET- CARE)

The objective of this project is to augment the infrastructure facilities with special emphasis for interdisciplinary research focusing on the areas such as i) create collaboration with all branches of engineering and science, national and international research project and institutes to promote interdisciplinary research ii) creation of research based teaching and

learning environment by starting interdisciplinary graduate/post graduate programmes iii) promote translational research and iv) dissemination of research to the public and other stake holders. College of Engineering Trivandrum is proposed as the nodal centre for the state facilitating translational research, community extension services and industry institute linkage.

o) Centre for Sustainable Development (CSD) at College of Engineering, Trivandrum

The objectives of this programme are to develop high pressure bio-gas plant for sustainable transportation, tribo-electric nano generator from wind energy, fuels and lubricants from used plastic wastes using pyrolysis, industrial lubricants/products from waste oil, suitable technology for hydrogen generation using catalysts, technology for sustainable buildings, pavements etc. and to generate entrepreneurship based on sustainable industries.

p) Centre of Excellence in e-mobility

The scheme is for developing indigenous technologies for electric vehicles. The focus of the research centre is oriented to industrial needs and existing industrial practices. The centre will be established by making use of the facilities existing in different engineering colleges. The main objective of the scheme is to develop the state of the art technologies for electric vehicles.

q) IGNITE- Innovation Grant for Nurturing Ideas, Technology & Entrepreneurship

The scheme is for nurture creative thinking and problem-solving skills among engineering students. This scheme will enable young innovators to transform their ideas into impactful solutions, strengthening the innovation culture and contributing to the nation's technological advancement.

r) INSPIRE - Innovation Support Program for Initial Research Endeavours

The scheme is to provide financial assistance to newly joined faculty in engineering colleges. This initiative will enable them to initiate innovative research projects, generate preliminary results, and lay the foundation for external grant applications and long- term research careers.

s) IPDRS -Immediate Post-Doctoral Research Support

The Immediate Post-Doctoral Research Support (IPDRS) scheme aims to strengthen research culture in Kerala technical institutions by supporting faculty members within one year of completing their Ph.D. The scheme provides seed grants up to ₹5 lakhs to carry the research work of Ph.D. forward. The funding is available for a faculty completed Ph.D. within 1 year for enhancing research facilities and collaborative research work.

t) Setting up Research parks in government engineering colleges and support for presenting research papers in reputed conferences.

The scheme is for setting up research parks in government engineering colleges to support students to develop their innovative ideas and for presenting research papers in reputed conferences.

Additionally, as an initiative to strengthen the academia, it is proposed to conduct formal education programmes related to the research centre activities, support for presenting research papers in reputed conferences and setting up research parks in government engineering colleges.These project mode courses shall cover a curriculum related to the research centre activities. But the additional financial commitment for faculty if any shall be met from the non-plan fund available with the department

20. Schemes under PPP Mode

(Outlay: ₹ 40.00 lakh)

The following four schemes will be implemented in PPP mode. They are joint programmes with special emphasis given for the national and international players. For these four programmes amount will be provided in a single head from which the same can be utilized.

An amount of ₹ 40.00 lakh is provided for these schemes in 2026-27.

a) Advanced Diploma in Automotive Mechatronics (ADAM) and Centre of Excellence in Mechatronics at GEC, Barton Hill

Government of India has accorded sanction for starting one year Advanced Diploma in Automotive Mechatronics (ADAM) in Govt. Engineering college, Barton Hill in collaboration with Mercedezs Benz Pvt. Limited, Pune. MoU has been signed between Government Engineering College Barton Hill and M/s Mercedes Benz India Private Limited, Pune. Wheel alignment module and auto electrical module are added to the existing facility in collaboration with M/S Bosch Auto Electricals.

The aim is to convert Centre for ADAM into a Centre of Excellence in Mechatronics. Presently the centre is focused on Automotive Mechatronics. A comprehensive automotive testing facility is planned to be set up in collaboration with M/S. Bosch India. Also plans to provide expert training in the field of Industrial Robotics. The trained manpower will help the industry to adopt latest technologies to improve quality and work condition with high productivity.

b) Centre of Excellence in Automation Technologies in College of Engineering Trivandrum

It has been decided to establish a Centre of Excellence in the field of Automation Technologies, in association with M/s Bosch Rexroth, in College of Engineering Trivandrum. The concept is to establish master centre at state level-centre of excellence and regional centres in the regional district-centres of competency, in association with M/s Bosch Rexroth a German company for which an MoU has already exists. It is also proposed to start a PG programme in automation technology and conduct research programme. Training will be given to the faculty and students of nearby engineering and polytechnic colleges in the region. Joint certification will be provided and thus the employability of students will be ensured. Fund is earmarked for the training, up gradation of laboratories of the centre, infrastructural development and other on-going works.

c) Centre of Competence in Automation Technologies in Govt. Polytechnic College, Kalamassery

The Govt. Polytechnic College, Kalamassery is situated at the industrial centre of Ernakulam district. In the year 2013-14 it has been decided to establish a Centre of Competence in the field of Automative Mechatronics, in association with M/s Bosch Rexroth, in Govt. Polytechnic College, Kalamassery. The Centre of Competence in Govt. Polytechnic College, Kalamassey will be one of the third centre of its kind in India, supported by M/s Bosch Rexroth, which will arrange machinery and equipments for the setting up of the state of the art laboratory on Hydraulics, Pneumatics, Sesorics, PLCs and Mechatronics. The joint efforts of Government Polytechnic College Kalamassery and Bosch Rexroth in establishing the training centre will foster an excellent industry-academic partnership and make a notable contribution to enable India to gear up for the global challenges in manufacturing sector. Fund is provided for stationary, preparation of learning materials, providing food and refreshment, maintenance and installation of lab kits, infrastructural development, course materials for participants etc.

d) Two year M.Tech programme in Translational Engineering under Translational Research & Professional Leadership Centre (TPLC) Barton Hill, Thiruvananthapuram

The Department of Higher Education had given sanction to start a one year diploma course in Translational Science and Engineering and later sanction was granted to change it to an M.Tech programme in Translational Engineering. This programme is being conducted in collaboration with the Columbia University and the University of Montreal, Canada and Institutes of Excellence like IITM Chennai. Under this scheme, fund is provided for the following components - (1) M.Tech in Translational Engineering (2) TPLC-Student/professional focus (3) Distinguished Visiting Scholar Programme (4) Incote (International conference on Translational Engineering) (5) TPLC-manpower and (6) International internship programmes. Amount is provided for developing the centre into a Centre of Excellence in Translational & Professional leadership, there by paving the way to moulding socially-committed and ethical professionals for future.

21. Education Hub at Pinarayi

(Outlay: ₹ 1.00 lakh)

As per the order No. G.O (Rt.) No.828/2020/ID dated 01.10.2020, Government sanctioned the establishment of an Education hub at Pinarayi Village in Kannur district. Polytechnic college, ITI, Kerala Institute of Hospital Management, IHRD College of Applied Science, Civil Service Academy and a Bio-diversity park are the institutions proposed in this Education Hub. An amount of ₹ 1.00 lakh is earmarked as token provision for the functioning of the education hub for the year 2026-27. Amount earmarked under Industrial Training Department (ITI), Tourism Department (Kerala Institute of Hospitality management), Environment and Climate change Department (Bio Diversity Park) and Higher Education Department (Polytechnic College, IHRD College of applied Science and Civil Service Academy) can also be utilized for this scheme.

9.4 SPORTS AND YOUTH AFFAIRS

The outlay provided for the sector "Sports and Youth Affairs" in the Budget 2026-27 is ₹ 22086 lakh. Department wise outlay provided during 2026-27 is given in the following table.

Sl. No.	Name of scheme	Amount provided (₹ in lakh)
1.	Annuity Scheme on 35th National Games	1.00
2.	Directorate of Sports and Youth Affairs	13800.00
3.	Kerala State Sports Council	4560.00
4.	Kerala State Youth Welfare Board	2165.00
5.	Physical Education College	100.00
6.	Assistance to Directorate of General Education	1200.00
7.	Assistance to Directorate of Collegiate Education	160.00
8.	Kerala State Youth Commission	100.00
	TOTAL	**22086.00**

The Department wise details of schemes during the year 2026-27 are summarized below.

1. Annuity Scheme on 35th National Games

(Outlay: ₹ 1.00 lakh)

As per the G.O.(M.S)No.20/2011/S&YA dated 26/09/2011, sanction has been accorded for the development of three Green Field Stadia and up-gradation of four stadia for the conduct of the 35th National Games by adopting Annuity Model. The department had provided amount for the construction of Greenfield stadium at Karyavattom under annuity scheme in connection with the conduct of the 35th National Games in the State.

An amount of ₹ 1.00 lakh is provided as token provision for the implementation of the scheme in 2026-27.

Directorate of Sports and Youth Affairs

The activities of Directorate of Sports and Youth Affairs cover all areas pertaining to the promotion and development of sports and games by assisting infrastructural development, imparting awareness among public regarding the importance of sports, facilities for providing proper training and grooming of sports persons to achieve international standards and programmes related to youth welfare. Besides this, Directorate of Sports and Youth Affairs takes up activities to bring in latest technologies and innovations in sports in order to provide the winning edge to sports persons of Kerala. In

view of the above, Government have formulated the Sports Policy-2023, considering the changing arena of society & sports at the national and international level.

The main objective of the policy is to develop a new sports culture by emphasizing the policy, 'Sports for All' and 'Sports for Health' by making people aware about the need for fitness and exercise in life. 'Healthy kids- Play for Health' scheme is being implemented in schools for developing sports from the Primary School level.

An amount of ₹ 13800.00 lakh is provided for the following activities of the department on priority basis in the budget 2026-27.

2. Leveraging Sports Science and Technology for High Performance

(Outlay: ₹ 690.00 lakh)

An amount of ₹ 690.00 lakh is provided for the following activities during the financial year, 2026-27 in line with the Sports Policy-2023.

a) High Performance Facility with Research and Development in Sports.
   - High performance facilities will be established in partnership with renowned international and national academies and organizations. The activities can be done jointly with Sports Kerala Foundation (SKF) and Kerala State Sports Council(KSSC).
   - The project also aims to enhance the performance of the elite athletes of the state with scientific backup. This initiative envisages scientific research in sports, career oriented sports training, coaching and sports extension activities.
   - Research studies shall be undertaken.
   - Creation of High performance circuits at district level by identifying the presently available infrastructure facilities.

b) Capacity Building and Cadre Development in sports in association with International Universities.

c) The Sports lab will be set up in universities in collaboration with Higher Education Department.

d) Formulation and standardisation of Kerala Sports Science Protocol-
   Sports Science cells would be provided at major sports training centres under control of Government of Kerala.

e) The Sports Digital Documentation and Analytics.
   The data collection, documentation and analysis process is a great opportunity in sports to enhance professionalism of players and defining an unbeatable strategy to meet the expectations. This includes the provision towards data collection, documentation and project co-ordination expenses of Sports Data and Analytical Centre and various state sports associations through Government approved total Solutions Providers. The activities can be done jointly with KSSC.

f) Up-gradation of Regional Sports Science Centres in Kannur and Thrissur and establishment of similar Sports Science Centres in five districts of Kerala through Sports Kerala Foundation.

g) Formulation of Kerala Sports Code for establishing strong governance standards and code of ethics for governance of sports associations in Kerala based on Sports Act 2000 and National Sports Code along with a Sports Science Policy.

h) Kerala Institute of sports in collaboration with higher education dept and sports department would impart education in the field of sports science, sports technology, sports management and sports coaching at a selected venue in the state.
i) G. V. Raja Centre for Excellence at Menamkulam in collaboration with Higher Education Department and Sports Department can impart training and courses in the field of Sports Science, Sports Technology, Sports Management and Sports coaching at selected venue in the state.
j) Capacity building of Coaches:- This programme aims at the development of coaches under G. V. Raja Sports School, Kannur Sports School and Thrissur Sports Division through international visits.
k) Development of standard protocol would be adopted in sports medicine
l) Rajiv Gandhi Sports Medicine Centre

Rajiv Gandhi Sports Medicine Centre was established in 1992 to promote excellence in sports by lending scientific and prompt medical assistance and rehabilitation therapy to sports persons. As this is a scheme for lending advanced medical assistance to the sports persons it requires sharing of expertise, access and technical support from better equipped agencies/organizations in this field. The government envisages promotion of "Clean Sports in Kerala" by way of educating sports persons on ill effect of doping, prevent drug abuse and suggest natural method for performance enhancement. The major activities under this scheme are:

- Modernization of Rajiv Gandhi Sports Medicine Centre including procurement of the modern equipment for the sports medicine, clinical accessories, purchase of medicines, surgical equipment and other requirements in the clinic by Sports Kerala Foundation through PSUs under medical corporation. In case of non-availability, such items can be purchased from open market as per the financial code GoK
- Conducting awareness workshops, seminars and symposiums on anti-doping, sports nutrition, sports psychology, sports counseling and other related topics in sports medicine. The activities can be done jointly with KSSC.
- Medical guidance and camps for the sports personalities
- Develop and implement the projects related to sports science in the field of sports nutrition, sports psychology, sports counseling, sports management, sports physiology, sports performance analysis, rehabilitation, recuperation etc. in association with leading hospitals of India/International specialized in sports medicine/ science.
- Anti – doping campaign in line with National Anti-Doping Agency (NADA) and World Anti-Doping Agency (WADA) protocol.

An amount of ₹ 690.00 lakh is provided in budget in 2026-27 for above activities.

3. Sports Development Fund

(Outlay: ₹ 1500.00 lakh)

The Kerala State Sports Commission recommended the setting up of a Sports Development Fund (SDF) through which resources can be mobilized by various means

from private sector in addition to Government funding. The fund provided is for taking PPP projects and sports development programmes in a project mode.

Following are the objectives of the scheme:

A) Formulation of Kerala Olympians Support Programme for providing assistance to Olympians and probable Olympians from Kerala and would be done in a similar manner to TOP Scheme of Government of India and will be implemented jointly with KSSC.

B) Formulation of Sports Kerala Start-up Policy for promotion of sports related economic activities in the state and promote sports as an important economic sector in Kerala. In line with the vision of Sports Policy, sports will enrich the economic sector of the state.

C) Establishment of Sports Business incubator in reputed colleges and institutes

D) Conduct of Sports Conclave and Sports Investors Meet to encourage investment opportunities in the sports related economic activities.

E) Trainings and competitions will be planned to enhance the experience of talented athletes and teams.

F) High priority will be given to sports product industries in collaboration with industry department.

G) Major national and international sports competitions will be organized every year in different parts of the state.

H) Championship for Chief Minister's Trophy will be conducted in popular sports like cricket, kabadi, volleyball, hockey, football, etc. to encourage public participation in sports.

I) Kerala Shooting Academy

Kerala Shooting Academy has been established to mould world class shooting champions from Kerala in collaboration with National Rifle Association of India. The Kerala Shooting Academy will help to nurture the emergence of high-quality shooters from Kerala, who will make their mark at national and international level.

J) Legacy Fund of 35th National Games

As part of 35thNational Games various infrastructure facilities were created in the state. Legacy plan fund is proposed for the operations and maintenance of these assets to increase the utilization of various sports infrastructure facilities created under 35th National Games.

K) Promotion of differently abled sports persons - establishment of model differently abled centres by Sports Kerala Foundation and scheme for financial assistance to differently abled sports persons.

L) Organisation and conduct of Kerala Leagues- Basketball League at the university and senior level, League for Tug-of-war; Baby League and Youth League for top 3 priority team sports disciplines -Football, Basketball and Volleyball, recognition of Sevens football and organization of Seven's football Premier League in Malappuram, Jimmy George Volleyball Championship in Peravur, organization of international matches and Boat League through Sports Kerala Foundation.

M) Establishment of Kerala Water Sports Academy and beach games village at coastal areas in the state jointly with SKF and KSSC

N) Establishment of centre of Combat Sports like Kalaripayattu and Olympic compact sports in all districts.

O) Rehabilitation of retired sports persons:- To empower all the former sports persons to be fit for life after enduring the demanding lifestyle of a person, a scheme is proposed for the rehabilitation of retired sports persons. This programme is implemented through KSSC.

P) Promotion and strengthening of College and University level games in association with Directorate of Collegiate Education.

Q) Other Projects under Sports Development Fund.

i. Promotion of sports in general and specific sports disciplines and individual sports persons in particular for achieving excellence at the National and International levels

ii. Impart special training and coaching in relevant sports disciplines to the sports persons, coaches and coach specialists

iii. Special ToT (Trainer of Trainers) programme to the coaches and development programme shall be undertaken to increase the number of quality coaches in the State.

iv. Supply sports equipment to government and accredited non-government organizations including state sports associations, clubs, educational institutions and individuals with a view for promoting excellence in sports

v. An amount of ₹ 100.00 lakh is earmarked for a specially designed scheme for providing financial assistance to various sports clubs and government schools on merit/need basis

vi. Assistance to outstanding sports persons who get injured during the time of training/competitions. Suitable insurance schemes covering the events and players during training/competitions.

vii. Promote international co-operation and exchanges to promote the development of sports and human resources including inviting international teams and conduct of matches

viii. Innovative Sports Mentorship Programme for top athletes of Kerala for the training/equipment, financial support etc. through Sports Kerala Foundation.

ix. Participation in Khelo India Youth Games/School games including conduct of camps/sports kits/ services of video and game and other experts through Sports Kerala Foundation and KSSC.

x. Allocate sports persons recruited into government service in specific areas of expertise and impart sound training in sports management with the help of leading management institutions.

An amount of ₹ 1500.00 lakh is provided in the Budget 2026-27 for sports development fund.

4. Sports Infrastructure Facilities

(Outlay: ₹ 3050.00 lakh)

An amount of ₹3050.00 lakh is provided in the Budget 2026-27 for Sports Infrastructure Facilities programme in two heads.

- Sports Infrastructure Facilities

Modernization and up-gradation of sports infrastructure including stadia, play grounds, swimming pools and other sporting places, sports hostels, etc., are aimed under the programme. Necessary steps may also be taken to make all infrastructure facilities disabled friendly. The programme will be implemented jointly with KSSC.

a) Sports infrastructure upto 50% matching share for development.

Directorate of Sports and Youth Affairs will meet up to 50% of project cost of any sports infrastructure which is taken up either as part of asset development fund of MLAs/MPs/any other sources or on a PPP mode on a case to case basis. While preparing Detailed Project Report, an inbuilt provision of operation and maintenance of the infrastructure for 3 years from the date of commissioning is to be ensured and financial allocation must be identified for the same. Also, expenditure for the procurement of land up to ₹ 1.00 Crore including the same for Rural Play Grounds can be met under this scheme.

b) Development of sports infrastructure-Development, Up-gradation and Renovation.

Following are the activities to be developed as part of sports infrastructure

i. Swimming pool using modern technology
ii. Long jump and triple jump pit with synthetic run up
iii. Synthetic Athletic Tracks
iv. Kabaddi floor, synthetic/natural football turf, shuttle badminton court
v. Volleyball court, basketball court, synthetic/natural hockey turf, futsal turf, maple wood flooring, etc.
vi. Priority may be given to develop semi indoor stadiums (central stadium model) for all weather game facility.
vii. Monitoring by the technical committee.

c) Development of sports infrastructure-Completion/clearance of on-going sports infrastructure activities.

d) Up-gradation and improvement of infrastructure under the Kerala State Sports Council including pending works.

e) Open Gyms and Multi-sport Play Space Cluster

This is a scheme to develop available grounds as play spaces ideal for multi-sport usage including volleyball, basketball and tennis and other minor games using modern synthetic surfaces with provision of roofing, if required. At present the multi-sport play spaces are distributed far and wide which makes it disadvantageous for putting into effective use. As a remedy, cluster model is proposed.

f) Establishment of Sports Life Fitness Centres

It is proposed that additional Sports Life Fitness Centres will be built in 2026-27 which assures gender equality.

g) Establishment of High Altitude Training Centre, Munnar- Training in high altitude can result in maximum output from a sports person. For achieving the objective fully, the facilities of the High-Altitude Training Centre at Munnar have to be upgraded with modern infrastructure and equipment and promote sports

tourism facility. The development part shall be implemented in association with SKF and training part with KSSC

h) Promotion of sports tourisms and establishment of Sports museum
i) Promotion of women sports- Establishment of pink zones in stadiums and pink sports facilities for increasing the utilization of sports facilities by women. Regarding the usage of stadium, women can avail it for half the time allowed in total.
j) Walk ways and cycling tracks will be established.
k) At least one stadium will be constructed in each Municipal Town with facilities for at least 5 outdoor games.
l) School/College playgrounds and sports facilities will be developed.
m) Play grounds will be developed in all schools and colleges in the state.
n) Multipurpose halls in the college will possibly be converted into indoor stadiums.
o) Necessary sports facilities will be created in educational institutions providing high quality infrastructure like Astroturf synthetic track etc.
p) Sports hubs will be established for selected sports to promote the excellence of sports persons who have performed well at national and international level to international standards.
q) Brennan Sports Science Academy- To initiate the work and prepare DPR, an amount of ₹ 200.00 lakh is earmarked. The project intends to upgrade the sports facilities in Govt. Brennan College into a Residental Sports Academy with a focus on sports medicine and rehabilitation. This would serve athletes from across North Kerala, providing physiotherapy, injury rehabilitation and nutritional guidance.

A total amount of ₹ 1650.00 lakh is provided for the above activities during 2026-27.

- Sports Infrastructure Facilities (operations and maintenance)
  a) Scheme for establishment of sports infrastructure facilities-Routine and general maintenance of the Sports infrastructure including procurement of sports consumables are the components of this scheme. Also, operation and management of sports infrastructure facilities by engaging sports facility management agencies with revenue sharing model/cross-subsidized model or fully funded model through the Special Purpose Vehicle Sports Kerala Foundation shall be met from this head of account. Apart from these, the expenses for the implementation of physical fitness programmes for all category people in the society, supply and installation of various sports surfaces, equipment and procurement of sports kits for increasing the utilization of various facilities built during 35th National Games and for making operational the sports infrastructure facilities built under KIIFB are also included under this head.

     It is also proposed to allocate amount as initial operational capital for the completed /Renovated stadiums.
  b) Up-gradation and renovation of DSYA Head Office and Regional Offices- Two Regional Offices were started at Ernakulam and Kozhikode under Directorate of Sports & Youth Affairs. Setting up of office and establishment requirements for

Regional Offices shall be met along with purchase of equipments shall be made through Sports Kerala Foundation.

c) Capacity building and provision of transportation, mobility and logistics facilities for sports promotion- The scheme envisions the provision of the effective monitoring like transportation, mobility and logistic arrangements of the 100 grass root training centres started for different projects like Goal, Hoops, Sprint, Punch and Judoka.

d) Construction of Sports Headquarters –Kayika Bhavan
In order to achieve a long-term effective administration, co-ordination and development of sports in the state, it is envisaged to construct a sports complex, Kayika Bhavan at Thiruvananthapuram to accommodate Directorate of Sports & Youth Affairs, Sports Kerala Foundation and Kerala State Sports Council. In the building it is also envisaged a multipurpose sporting facility with gymnasium which can be access to public too.

An amount of ₹ 1400.00 lakh is provided for these activities during 2026-27.

5. Special Projects

(Outlay: ₹ 750.00 lakh)

a) Implementation of 'healthy kids'– Play for Health
This scheme aims at improving physical education at the primary school level and to catalyse a sports culture among the youth. The primary focus is to help the children develop aptitude in a variety of games which could later be harnessed through systematic and scientific training. It also aims to convert schools as sporting hubs and ensure regular physical activity among school children. The final goal is the inclusion of sports as a part of the education curriculum in Kerala**.**

b) Facilitating e-Sports: Currently e-sports are becoming very popular and were included as a demonstration event in Asian Games, 2018. Considering the scope, it is intended to launch e-Sports in the state during 2022-23 with a pilot project and to extend it to Phase II(creating training centres to equip youth to pursue e-sports). The programme will be implemented in collaboration with SKF and KSSC.

c) Grass Root Programme in Combat Sports
The programme aims at developing combat sports like Taekwondo, Boxing and Judo skills to equip our children for self-defence and enable them to excel in national and international tournaments. The proposed projects are Judoka for Judo and Punch for Boxing. It is proposed to expand this programme to all 14 districts.
The scheme Judoka has been launched in 10 schools. Children in the age group from 8 to 11 years are provided training under this scheme.

d) Goal -Grass Root Football Programme
Football is one of the prioritized disciplines in Kerala based on the performance at National and International levels. The kick off scheme is a grass root training programme which aims to bring up talented children from sub urban, rural, tribal and other less tapped areas by catching them young. Of the total 33 centres across the State 15 centres are exclusively for training girls. Now the kick off programme for boys and girls has been combined and renamed as GOAL. It is proposed to

expand this programme to more institutions for both girls and boys. The programme will be implemented in collaboration with SKF and KSSC. It is proposed to expand this programme in the coming year by starting 140 centres across the state.

e) Hoops - Grass Root Basketball Programme

This programme intends to propagate and promote the concept of 'Play for Health' and the mission is to build a healthy, vibrant and responsible society. The target area will be the entire schools in the state of Kerala and target group will be young students in Kerala. This scheme has been launched in 10 schools in 5 districts. It is proposed to expand this programme to more institutions and districts.

f) Sprint - Grass Root Training Programme for Athletics

Athletics has to be selected as a top priority sports discipline to provide continuous training for school going children in the State, between the age group of 5-12 years which aims to bring up talented children from sub urban, rural, tribal and other less tapped areas by catching these young. Presently, the project is being implemented in 6 centres, one each in 6 districts, viz., Kannur, Kasaragod, Idukki, Pathanamthitta, Kottayam and Palakkad. It is proposed to start 8 more centres in the remaining 8 districts, apart from continuing the existing 6 centres.

g) PUNCH: Scheme aims at development of boxing in the state by imparting training of international standards and providing necessary amenities to talented children from the state thereby providing opportunities for these children to excel in the main stream sporting arena. The scheme has been launched in 5 schools in 5 districts. Children in the age group from 8 to 11 years are provided training under this scheme. It is proposed to expand this programme to more institutions and districts.

The local body sports councils will function for extending and expanding the above programmes to the Grass Roots Level.

h) IEC Activities and IT Projects

Following activities are coming under integrating technology and publicity.

i. Development of GIS based sports information system for better administration, management and planning.
ii. Publishing sports and health awareness collaterals, publicity materials, brochures, pamphlets for distribution among students and public.
iii. Sports documentation including video documentation of existing sports infrastructure, image documentation, digital library and sports archiving, sports inventory and documenting outstanding performance of the sports persons and events etc.
iv. Seminars, public function, workshops, sports and related day celebrations and campaigns for sports promotion.
v. Conduct/participation of International /National workshops, seminars, meetings sporting events, sporting tournament, championships, etc.
vi. Various other initiatives under sports technology and IT related sports applications including updating sports inventory and asset management system, maintenance and updating of departmental websites etc.

vii. Procurement of IT equipments and electronic devices.
viii. Information dissemination through print and electronic media.
ix. Mechanism for accreditation, evolution and rating of academies.
x. A media cell will be formed in Directorate of Sports and Youth Affairs.

i) Conduct Annual Sports Hackathon for innovative design of applications, IT solutions, algorithms and platforms for effective delivery of services.
j) Conduct of Anti-drug campaign in collaboration with other departments
k) A system called career bridge will be developed to help sports persons to effectively use in opportunity for recruitment and employment in public sector institution, government department and abroad.
l) Sports activities for tribal students- For conducting sports events and imparting this to tribal students, an amount of ₹ 100.00 lakh is earmarked.

An amount of ₹ 750.00 lakh is provided for Directorate of Sports and Youth Affairs Department in the Budget 2026-27 for the above activities under special projects. The activities will be implemented jointly with KSSC.

6. Sports Engineering (Sports Kerala Foundation)

(Outlay: ₹ 60.00 lakh)

The construction, operations and routine maintenance of stadia and associated infrastructures in the state will be done by the newly formed Public-Sector Enterprises (PSE)- Sports Kerala Foundation. The Sports Kerala Foundation functions as a Special Purpose Vehicle with the twin objectives of being an asset construction and management company that would focus on developing self-sustaining revenue generating sports assets. Profit generated could be utilized to invest further in development activities for sports in Kerala in order to make Kerala a globally renowned sporting power. Sports Kerala Foundation functions as the nodal agency of the Government of Kerala for the construction and maintenance of sports infrastructure in the State of Kerala.

A. Sports Asset Operations and Management Platform- This would involve the formulation of Sports Facilities Performance Indicators to increase utilization rates of sports stadiums, creation of a digital platform for the operations, management and maintenance of sports facilities and ensure that they are self-sustainable.

An amount of ₹ 750.00 lakh is provided in the budget 2026-27.

10. Rural Play Grounds

(Outlay: ₹ 2800.00 lakh)

"One panchayath one playground" is an ambitious program to develop amateur sports by developing at least one play ground in each rural village. In the first phase, it is planned to construct 124 play spaces under this scheme. Each project is proposed to be executed by pooling funds from different sources, like State budget provision, asset development funds of MLAs and MPs, CSR funds of Co-operatives, funds of local bodies etc. The scheme is formulated keeping in view of the social standard and women friendly environment with extensive facilities like fitness pavilion and gym to improve mental physical capacity.

An amount of ₹ 2800.00 lakh is provided in the budget 2026-27.

11. Establishment of Elite Sports Kerala Academies

(Outlay: ₹ 300.00 lakh)

In recent years, the private sector in Kerala has played a pivotal role in promoting sports and has established and developed numerous sports centres. Correspondingly, the Kerala Government has also continued to invest substantially in sports, particularly the development of sports infrastructure through the building of 14 District Stadiums and 43 Panchayath Stadiums across the state .

An opportunity for the convergence of the strength of the Government and the private sector has now emerged towards the formulation of the Sports Kerala Academy Scheme on a Public Private Partnership (PPP) Model with the following two tracks.

i. Track I (Utilization of existing Government operated infrastructure) - Sports stadiums and arenas under the control of the Government could be deployed for the establishment of academies with the management and expertise of the private sector. Sports facilities that come under the ambit of this track will be first identified and through an expression of interest, proposals from reputed sports organisations will be called for the development of such academies.
ii. Track II (Supporting existing private academies) - The Government may support partially the operations and management of an already existing private sector academy and raise its stature further. Sports academies under the private sector will be first identified based on their existing achievement, need for financial assistance, provision of human resources, assistance for training procurement of equipments etc.

Sports Kerala Academy Scheme is proposed in a Public Private Partnership (PPP) Model with the following objectives:

a) Establish a unique model wherein sports stadiums and arenas under the control of the Government could be deployed for the establishment of academies with the management and expertise of the private sector.
b) To ensure support for the operations and management of an already existing private sector academy and raise its stature further.
c) To achieve excellence in the disciplines selected under this scheme with well-defined outcomes and performance indicators.
d) To ensure that the scheme is socially inclusive with at least 15% of the trainees coming from socially or financially and educationally disadvantaged groups
e) To ensure that the academy is professionally managed and operated by personnel with necessary expertise in the field/discipline
f) Conduct of Sports investors meet to encourage investment opportunities in Track 1 and Track II schemes.

The above projects will be implemented jointly with KSSC

An amount of ₹ 300.00 lakh is provided in the budget 2026-27.

12. Sports Knowledge Repository

(Outlay: ₹ 50.00 lakh)

i. It is proposed to constitute a research reference cell for collecting and maintaining statistics of sports activities, teaching and training.

ii. Initiatives will be taken for better archive project of Kerala sports which will be a solid foundation for further development of sports sector.

iii. A sports museum and a virtual gallery will be established as a continuation of the sports history project.

iv. A state of the art library, exclusively for sports will be established in the state.

v. Sports film festivals will be organized where classic sports films from various countries will be screened in open stadiums.

An amount of ₹ 50.00 lakh is provided for the above activities during 2026-27.

13. Capital Repairs and Annual Maintenance of Sports Infrastructure in the State

(Outlay: ₹200.00 lakh)

The capital repairs and maintenance of sports infrastructure in the state are crucial to ensure the functionality, safety and long-term sustainability of sports facilities. This scheme focuses on maintaining and upgrading existing sports infrastructure to meet current standards, serve future needs and promote sports participation. This is essential to ensure safety of athletes and spectators and compliance of venues with national/international standards. As part of capital repairs, out-dated facilities can be modernized with new technologies, such as energy-efficient lighting, advanced turf systems and electronic scoring boards. These upgrades enhance the functionality of sports venues. The key activities under this Head would include Capital repair works for all sports infrastructure facilities, Annual Maintenance Contracts (AMC) for natural turf, synthetic turf, synthetic track, swimming pools and other facilities.

An amount of ₹200.00 lakh is provided for the above activities during 2026-27.

14. College Sports League (New scheme)

(Outlay: ₹ 200.00 lakh)

This initiative is designed to identify and nurture young sporting talent at the college level, with a long-term vision of preparing athletes for participation in the 2036 Olympic Games, which India is expected to host. The scheme includes logistics, officiating, venue arrangements, talent scouting, performance tracking, training camps for selected athletes and provision of sports kits, nutrition support and basic coaching infrastructure. The main objectives are to uncover hidden talent among college students, provide structured pathways for athletic development and groom top performers particularly gold medal winners for future international competitions.

An amount of ₹ 200.00 Lakh is provided for the implementation of the scheme in the Budget 2026-27.

15. Community Sports (New Scheme)

(Outlay: ₹ 100.00 lakh)

   The Commission aims to identify 7 young talents who have made a decisive impact among the people of the state or who have attained high achievements in various fields such as arts/ culture, literature, sports, industry/technology, cinema, agriculture/ animal husbandry, Media and Bravery. The Youth Icons will be selected by an expert panel. The commission also intends to identify young talents who have overcome physical challenges and have achieved remarkable success, to give them honor as encouragement and to hold a meeting of such young talents.

5. Youth Legal Support Centre

   As per Section 9(g) of Kerala State Youth Commission Act, 2014 Kerala State Youth Commission is established for the purpose of protecting the right of the youth and to empower them. The Commission has been effectively involving in the issues related to the youth like denial of justice, violation of human rights etc. Through this Commission proposes to install a free legal guidance system to the youth through a toll free number with a panel of legal experts.

6. National Youth Day Programmes (E M S Memorial Inter University Elocution Competition, Chess competition and develop reading habits in youths)

   As per Section 9(d), 9(g) and 9(j) of Kerala State Youth Commission Act, 2014, the commission is responsible for developing social awareness and democratic awareness to the youth. Accordingly, the Commission also observes January 12 as National Youth Day. Kerala State Youth Commission plans to conduct EMS commemoration inter-university elocution campaign and chess competition among the youth as part of the celebration of the day in the state.

7. Modernization of office and implementation of e-office-

   The scheme includes modernization of office such as purchase of furniture, painting, renovation of the building and toilet and purchase of computers and other equipments for the implementation of e-office etc.

8. Facilitation programmes for Youth (Green Youth Initiatives, Waste Management & Virtual Employment Exchange)

   As per Section 9 (c) of the Kerala State Youth Commission Act, 2014, the commission is mandated to coordinate government departments for better education and employment opportunities for the youth. In the 2026-27 financial year job portal, social media updation, technical support etc. are required in this project. The commission also intends to conduct a job fest in any selected district in the state in the financial year 2026-27 with the aim of finding employment opportunities for the youth.

9. Awareness campaigns against dowry- Legal support and counselling

   It is the responsibility of the commission to formulate and implement programs to prevent cyber crimes and to develop social consciousness and democratic consciousness among the youth and to make necessary recommendations to the government in such matters. The Commission aims to organize Kalajatha on awareness against murders due to love failure, dowry, suicide of youth and drug abuse through the members of the Commission for the financial year 2026-27. Also aims to organize anti-drug awareness short film competition and campaign.

10. Social, mental and health problems faced by youth in Kerala

    It is also intended to provide counseling to the youth by appointing counselors at the district level to suggest solutions on unemployment and related financial problems, mental stress, depression, drug addiction, excessive Internet use, increasing suicides among the youth and post covid mental health problems. This project also intends to conduct theatre exercises to reduce mental stress. The program also envisages to conduct counseling for students in colleges and other higher education institutions.

9.5 MEDICAL AND PUBLIC HEALTH

The State Plan outlay provided in the Medical and Public Health sector during the budget 2026-27 is ₹ 250031.00 lakh. Out of this an amount of ₹ 51020.00 lakh is earmarked as state share to Centrally Sponsored Schemes viz. National Health Mission (₹ 46520.00 lakh), PM Ayushman Bharat Health Infrastructure Mission (₹ 2500.00 lakh) and National Ayush Mission (₹2000.00 lakh) for health sector during 2026-27. An amount of ₹ 76530.00 lakh is earmarked as anticipated Central Share to Centrally Sponsored Schemes. The subsector wise total outlay for 2026-27 is given in the following table.

Sl. No.	Name of Subsector / Department	Amount Provided for 2026-27 (₹in lakh)				
		State Plan	State Share to CSS	Total State Plan	Central Assistance	Aggregate Plan

HEALTH SERVICES DEPARTMENT

Under the Health Services Department, there are 1288 health institutions consisting of Primary Health Centres, Family Health Centres, Community Health Centres and hospitals. In addition to this, there are 5415 sub centres. In the budget 2026-27, an amount of ₹ 29482.00 lakh is provided as state plan for Health Services Department for the implementation of various schemes as given below.

1. Strengthening of medical institutions under DHS

(Outlay: ₹ 510.00 lakh)

An amount of ₹ 510.00 lakh is provided for the strengthening of medical institutions under DHS during 2026-27. Following are the activities proposed: medical equipment, surgical instruments, diagnostic equipment, surgical facilities, strengthening of diagnostic services and standardization/modernization of hospitals.

2. Medical Care for Victims of Violence/Social Abuses (Bhoomika)

(Outlay: ₹ 40.00 lakh)

The scheme Medical Care for Victims of Violence/Social Abuses named 'Bhoomika' was started in 2009. A centre for Gender Based Violence Management Programme was started in all District/General Hospitals and seven selected THQHs. Besides being treated for any physical injuries, the counselors in these centres provide immense mental support to the women. The major activities under these centres are identification of gender based violence, counselingto the victims, referral services, legal assistance etc. During 2026-27, an amount of ₹ 40.00 lakh is provided for conducting training/review meetings, conducting State and District level IEC activities, procurement of safe kit, mobility support & contingency expenses for the existing 21 centers.

3. Setting up of Maternity units in Taluk Head Quarter Hospitals

(Outlay: ₹ 200.00 lakh)

At present there are 88 Taluk Hospitals functioning all over the State. But maternity units are not functioning in all THQHs. Maternity units will be set up in the remaining taluk headquarters hospitals on a priority basis. An amount of ₹ 200.00 lakh is provided during 2026-27 for setting up of maternity units and for strengthening the maternity units started earlier.

4. Development of Mental Health Centres

(Outlay: ₹ 660.00 lakh)

Mental Health Centres are functioning in 3 districts viz. Thiruvananthapuram, Thrissur and Kozhikode. During 2026-27, an amount of ₹ 660.00 lakh is provided for the improvement of mental health centres. Details of funding are given below.

Sl. No.	Mental Health Centre (MHC)	Amount (in lakh)
1	MHC Thiruvananthapuram	300
2	MHC Thrissur	180
3	MHC Kozhikode	180
Total		**660**

The proposed activities are the following.

- Conducting in-service training
- Annual Maintenance Contract, Upgradation, Maintenance and Repair
- Construction works, renovation & maintenance of various wards of mental health centres including electrical and plumbing works.
- Purchase of equipment, dress for patients, sheets, mattresses and furniture for Wards and OP block.
- Medicine & medical equipment and books
- Waste disposal, kitchen articles, electrical items
- Refreshment and entertainment of inmates
- Feast for inmates on special occasions
- Welfare of mentally ill patients from prison

5. District Mental Health Programmes

(Outlay: ₹600.00 lakh)

District Mental Health Programme is functioning in all the 14 districts in the State. For the improvement of the infrastructural facilities in these centres and implementation of the programme, an amount of ₹ 600.00 lakh is provided during 2026-27. The activities proposed are Information, Education and Communication (IEC) activities, training for staff, conducting of outreach clinics in selected PHCs, CHCs &taluk hospitals, medicines, purchase of various types of psychotropic medicines including de-addiction medicines, stationery, books, annual maintenance contract, repairs and maintenance of equipment, hiring of vehicles, Aswasamprogramme, Sampoorna Manasikarogyam programme, Jeevaraksha and Amma Manasu. The outlay can also be used for the management of Covid and Post Covid psychological issues. It is expected that about 50% of the fund will be utilized for the benefit of Women.

6. Comprehensive Mental HealthProgramme

(Outlay: ₹ 700.00 lakh)

The rehabilitation of mentally ill persons who have been cured is a major problem faced by the government and society. This scheme includes ongoing programmes like daycare centres (31) for cured mentally ill patients where they get day care, free food, medicines, counseling, transportation, occupational training, rehabilitation therapy & recreational activity. School mental health education programme is also a component of this scheme. An amount of ₹ 700.00 lakh is provided for the continuance of the scheme during 2026-27. It is expected that about 50% of the fund will be utilized for the benefit of women.

7. De-addiction Centres

(Outlay: ₹ 100.00 lakh)

Alcohol abuse and substance abuse are the most important social problems causing domestic violence and increase in road traffic accidents. At present, 29 de- addiction centres are functioning under Directorate of Health Services. An amount of ₹ 100.00 lakh is provided for purchase of medicines, equipment, AMC, minor works, mobility services for patients etc. for the continuation of the scheme.

8. Dental units under DHS

(Outlay: ₹ 100.00 lakh)

Dental health plays a significant role in maintaining the general health. Dental diseases affect all sections of the population. The scheme is aimed to strengthen the dental care services under the Directorate of Health Services. There are 160 dental units in the Health Services Department. For ensuring satisfactory dental care to all the patients, all dental clinics in the hospitals should be strengthened and supplied with new and sophisticated equipment and materials. An amount of ₹100.00 lakh is provided during 2026-27 for the purchase of major dental equipment, instruments and materials, specialty instruments and materials, training to dental staff, repair of equipment, conducting dental camps, IEC activities, oral cancer screening, oral health day celebration on March 20, mobile units etc.

9. Cancer Care Programmes

(Outlay: ₹ 300.00 lakh)

The Cancer Care Programme emphasizes the importance of increasing awareness and making the diagnostic and therapeutic services more accessible to people. The objective of this scheme is to convert all district hospitals in the State as model centres for cancer treatment. Apart from Medical colleges, Regional Cancer Centre, Malabar Cancer Centre, Cochin Cancer Research Centre and General hospital Ernakulam provide treatment for cancer patients. It is proposed to establish centres for cancer treatment in all district hospitals in the State. An amount of ₹ 300.00 lakh is provided for the scheme during 2026-27. Training for staff in cancer management, IEC & state level activities, medicine, equipment, state level cancer registry, maintenance of palliative chemotherapy units in district hospitals and maintenance of district cancer care units are proposed. It is expected that about 52% of the fund will be utilized for the benefit of women.

10. Pain, Palliative & Elderly health Care Centres

(Outlay: ₹500.00 lakh)

Under health Services, Palliative care services are provided at three levels viz, (1) Primary level - home based care supported by LSGI and PHC (2) Secondary level - speciality palliative care - hospital based, supported by civil society initiatives and Taluk level hospital and (3) Tertiary level-advanced care supported by civil society initiatives and medical colleges. These Palliative care centres give care to patients living with chronic illness by offering physical, social and psychological needs of patients and their families. The activities of the Centre include providing relief from pain and distressing symptoms and offering a support system to help patients to live actively as far as possible until death. Since the number of beneficiaries is increasing, strengthening of these centres is given due importance. An amount of ₹ 300.00 lakh is provided for supporting primary, secondary & state level palliative care institutions, strengthening of secondary level palliative care, Palliative Care Grid and for providing other incentives for palliative care during 2026-27.

Very often, the elderly do not get adequate attention along with patients in general OP division. Hence special Geriatric clinics need to be set up. In Kerala, around 20 percent of population comprises of elderly population. Hence geriatric care deserves special attention. During 2026-27, an amount of ₹ 200.00 lakh is provided for the geriatric care centres. The activities proposed are; elderly friendly hospital initiative, training on elderly care, elderly

care day celebrations and IEC. It is expected that about 50 percent of the fund will be utilized for the benefit of women.

11. Blood Banks

(Outlay: ₹ 30.00 lakh)

There are 31 blood banks, 57 blood storage centres and 19 blood component separation units under the Directorate of Health Services. During 2026-27, an amount of ₹30.00 lakh is provided for automation and modernisation of blood banks, training of blood storage centre staff, consumables, kits, reagents, blood bags, maintenance and repair of walk-in-coolers and generators, equipment, AMC, promotion of voluntary blood donation and IEC activities.

12. Health Transport wing

(Outlay:₹800.00 lakh)

Health Transport wing is established for the maintenance and upkeep of over 1273 different types of vehicles under the control & supervision of State Health Transport Officer, used for the implementation of the various national programmes, state programmes and ambulance services. For the repair and maintenance of vehicles there is a central workshop at Thiruvananthapuram, 2 regional workshops at Thrissur & Kozhikode and 11 workshops in other districts. During 2026-27, an amount of ₹ 800.00 lakh is provided for major & minor maintenance of these workshops, replacement of condemned vehicles, minor works, machineries, spares and other charges.

13. Strengthening of Medical Record libraries

(Outlay: ₹ 60.00 lakh)

Medical record is a systematic documentation of a person's medical history, clinical care and outcome. Medical records provide a link between health care providers and serve as easy reference for providing continuity in patient care, contributing prompt service and regulating patient flow. An amount of ₹ 60.00 lakh is provided for the scheme for the purchase of furniture and photocopier, digitalization of medical records, in-service training to medical record personnel, computers and peripherals, review meeting, minor works, renovation of medical records department and library in office of DHS and offices under DHS during 2026-27.

14. Physical Medicine and Rehabilitation Units

(Outlay: ₹ 410.00 lakh)

The physical medicine and rehabilitation units are functioning with the main objective of providing maximum care to the persons with disabilities for the treatment of disability producing diseases and rehabilitation of the persons with disabilities. There are 27 Physical medicine and rehabilitation units across the State. The limb fitting centres supply artificial limbs to the needy patients. There are 11 limb fitting centres under Directorate of Health Services. An amount of ₹410.00 lakh is provided for the purchase of major equipment and providing infrastructure facilities for the strengthening of the existing physical medicine and rehabilitation units in all the districts, purchase of equipment and materials for the manufacture of artificial limbs, calipers, braces and MCR chappals in the existing limb fitting

centres during 2026-27. It is expected that about 50 percent of the fund will be utilized for the benefit of women.

15. Nursing Education - Nursing Schools

(Outlay: ₹200.00 lakh)

There are 15 nursing schools under the Directorate of Health Services. Every year 385 students are admitted for GNM course. Nursing schools are functioning in all 14 districts and also one nursing school for SC & ST is there at Asramam (Kollam). An amount of ₹ 200.00 lakh is provided during 2026-27 for strengthening of labs, procurement of materials and supplies, maintenance and renovation of schools and hostel buildings, purchase of books, journals and audio visual aids, improving training facility, capacity building training for faculty, continuing education programme, furniture, CCTV, materials & equipment, minor works and other charges.

16. Diplomate of the National Board (Dip NB) Courses

(Outlay: ₹ 600.00 lakh)

At present National Board have accredited courses in 7 institutions (88 students) under the Health Services Department for DNB course. They are General Hospital Thiruvananthapuram (General Medicine, general surgery, anesthesiology), Mental Health Centre Thiruvananthapuram & Kozhikode (Psychiatry), DH Palakkad (General Medicine, general surgery, ophthalmology and orthopedics), General Hospital Ernakulam (Cardiology, general medicine and general surgery), General Hospital Kozhikode (Ophthalmology and General medicine) and DH Kannur (gynecology). An amount of ₹ 600.00 lakh is provided during 2026-27 for distributing stipend and improving infrastructure facilities as per DNB norms. It is expected that about 50 percent of the fund will be utilized for the benefit of women.

17. Control of Communicable Diseases

(Outlay: ₹1200.00 lakh)

The scheme Control of Communicable diseases aims to achieve rapid control of outbreaks of communicable diseases and thereby reduce morbidity and mortality. Early initiation of treatment and control measures are required for this. An amount of ₹ 1200.00 lakh is provided during 2026-27 for the following activities.

- Pre epidemic preparedness, improvement of disease surveillance, epidemic control activities
- Prevention & control of communicable disease
- Purchase of test kits, laboratory items, insecticides, bleaching powder, ORS, etc.
- Conducting training programmes, medical camp, IEC/BCC activities.
- Control of waterborne diseases and observation of CDD-ORT Week
- Leprosy eradication programmes like reconstructive surgeries, provision of MCR chappals, screening camp for early detection of cases and prevention of deformities due to leprosy.
- Vector/ water / food borne disease control

- Zoonotic diseases
- Respiratory illness
- Arogya Jagratha Campaign
- The outlay can also be used for meeting the state share of externally aided projects (EAP).

18. Prevention of Non Communicable Diseases

(Outlay: ₹ 1300.00 lakh)

Non communicable diseases especially cardiovascular diseases, cancer, lung diseases and Type2 diabetes mellitus have emerged as a great threat to society in the age group of 30-60 years. Alcohol related diseases are also growing. Similarly, overweight and obesity leads to heart attack, hypertension, breast cancer, diabetes and joint problems. Hence prevention of these types of diseases is necessary. An amount of ₹ 1300.00 lakh is provided for the prevention of non-communicable diseases during 2026-27 through the following activities.

- Procurement of drugs, equipment, instruments, consumables, etc.
- Mobile NCD clinics, strengthening secondary care NCD clinics, monthly community action programme
- Training Programme, IEC/Behavioral Change Communication activities
- Observing No Tobacco day and implementation of Cigarettes and Other Tobacco Products Act (COTPA)
- Healthy workplace initiatives
- School/college health education programmes
- State and District level activities
- Alcohol prevention activities
- NCD Campaign (population based Screening)
- Anemia free Kerala – ViVa
- Continuous Ambulatory Peritoneal Dialysis (CAPD) satellite centre
- Segment Elevation Myocardial Infarction (STEMI) programme
- Stroke Intensive care units
- Fatty liver disease clinics
- Breast cancer and cervical cancer are the most common forms of cancer among women accounting for more deaths than any other cancer. Cancer screening tests are an important tool to combat this cancer-related morbidity and mortality. Continuation of screening campaign to address the issue as part of NCD control programme and in association with Cancer Centres.
- Primary health facilities in climate vulnerable districts
- Modification / updating of mobile applications / modules
- The outlay can also be used for meeting the state share of externally aided projects (EAP).
- It is expected that about 38 percent of the fund will be utilized for the benefit of women.

19. Women &Children Hospitals

(Outlay: ₹900.00 lakh)

The W&C hospital provides special care of maternity and child health services. The hospital also gives immunization for children. At present W&C hospitals are functioning in Thiruvananthapuram, Kollam, Alappuzha, Ernakulam, Palakkad, Kozhikode, Malappuram and Kannur districts. Amount is provided for the completion of ongoing civil works of W&C hospitals, strengthening of the existing W&C hospitals, strengthening of infertility clinics and other infrastructure facilities. It is also proposed to start infertility clinics with modern laboratory facilities in all W & C hospitals in a phased manner. An amount of ₹ 900.00 lakh is provided for the above during 2026-27.

20. Major Construction Works under DHS

(Outlay: ₹1000.00 lakh)

An amount of ₹ 1000.00 lakh is provided for 2026-27 for the construction activities of district hospitals, taluk hospitals, general hospitals, speciality hospitals, training institutions, Directorate and DMO offices under Health Services Department based on a Master Plan. Priority may be given to the completion of the works already started. The details are given below.

Sl. No.	Name of Component
1	New block for DHS office
2	Apartment in flat model for higher officers under DHS
3	Completion of construction works already started

21. Modernisation of Drug Stores under DHS

(Outlay: ₹ 100.00 lakh)

Drug storage is a major component of the drug management cycle. An efficient drug storage system helps to avoid contamination or deterioration, disfiguration of labels, prevent infestation of pests and vermin, prevent or reduce pilferage, theft or loss, and maintain integrity packing and thus guarantee, quality and potency of drugs during shelf life. Drugs are effective for use only under prescribed storage conditions. If not stored properly they may not have desired therapeutic effect. To ensure optimal conditions for drug storage, institutions should be modernized and strengthened. An amount of ₹ 100.00 lakh is provided during 2026-27 for the following components.

Sl. No.	Name of Component
1	Strengthen and modernize the drug storesin all institutions in a phased manner
2	Training of Pharmacist, Store Keeper, Store Superintendent and Store Verification Officers
3	Development and maintenance of Store software's

22. Strengthening of Nursing Service

(Outlay: ₹ 100.00 lakh)

Nursing is the largest group of professionals in the healthcare delivery system. There are nursing officer, nursing assistants, hospital attendants, senior nursing officer, deputy nursing superintendents/nursing superintendents, chief nursing officers and district nursing officers working under the Health Services. They occupy such positions by vertical promotions and require administrative or management training before being promoted. Strengthening the nursing sector with appropriate new knowledge and skill sets, continuing education programme, in-service training, technical and managerial training, updating the knowledge and skills in the speciality area like obstetrics & gynaecology, newborn care, Cardiac Catheterisation and management of patients in critical care unit, nephrology etc. are proposed through a human resource development plan to strengthen their confidence and improve the quality of services. As per the Nursing Council regulations nurses have to renew their registration every 5 years, and it is mandatory to acquire 150 hours of in-service training during the period of 5 years for the renewal of registration. An amount of ₹ 100.00 lakh is provided for the following activities during 2026-27.

- Induction training for Staff nurses
- Management Training for senior Nursing officers/Nursing Superintendent and Principals of Nursing Schools
- In - service training for nurses, nursing assistants and hospital attenders
- Best Nurse Award

23. Solid and liquid waste management in all Government Hospitals

(Outlay: ₹310.00 lakh)

Systematic and scientific solid & liquid waste management is very essential for the environmental management of government hospitals. It is proposed to develop regular and systematic arrangement for solid and liquid waste management in all hospitals in consultation with Suchitwa Mission and Pollution Control Board. The scheme includes setting up of sewage treatment plants, incinerators, biogas plants and segregation of waste as per colour code. During 2026-27, it is proposed to implement the scheme in the major hospitals and AMC of these plants for ensuring regular functioning. The scheme will be expanded to all the hospitals in a phased manner. An amount of ₹ 310.00 lakh is provided for the scheme during 2026-27.

24. Developing the facilities of hospitals and health care institutions in tribal, coastal and remote areas

(Outlay: ₹ 1300.00 lakh)

Though Kerala has made significant achievements in the health sector, these achievements are not uniform across the State. Health indices of the tribal and other vulnerable population are at much lower levels than the general population. Also the available health care facilities are comparatively less in these areas. Hence there is a need to develop the infrastructure, equipment and other facilities in these institutions. It also includes provision for development of tribal health dashboard within e-Health, medical camps, setting up of de-addiction centers in tribal and coastal areas and medicine, consumables &

infrastructure development of cancer Care Hospital Nalloornadu. An amount of ₹1300.00 lakh is provided for the scheme during 2026-27. The outlay can also be used for meeting department share for implementing pooled fund for special projects under Scheduled Caste Sub Plan/Tribal Sub Plan by SC/ST Departments.

25. Modernization of Health Services Department

(Outlay: ₹ 1000.00 lakh)

An amount of ₹ 1000.00 lakh is provided during 2026-27 under modernization of Health Services Department. The activities proposed are purchase of furniture, computers & peripherals, photocopy machine, scanner, biometric punching system, Annual Maintenance Contract, modernization & infrastructure modification of the office of DHS and offices under DHS, minor works/repairs/maintenance, administrative/management training, strengthening of planning machinery, workshop, preparation of project reports, preparation of master plans, plan monitoring, review, evaluation and documentation.

26. Kerala Emergency Medical services Project (108 Ambulance)

(Outlay: ₹3800.00 lakh)

The Kerala Emergency Medical services Project (KEMP) provides timely medical care services to road accident victims and other trauma victims. Timely ambulance service reduces the morbidity rate and mortality rate due to road accidents. The scheme (Kanivu) is implemented by KMSCL through a tender process. Now an amount of ₹ 3800.00 lakh is provided for 2026-27 for the operational cost of 335 advanced life support ambulances and the balance amount will be met from NHM fund. The outlay can also be used for meeting the state share of externally aided projects (EAP).

27. School Health and Wellness Programme

(Outlay: ₹320.00 lakh)

Ayushman Bharath School Health and Wellness Programme (SHWP) is a National Programme to be implemented in all States across the country with mandatory key deliverables. It is to be initiated in all Government and Aided schools of the State. The Programme includes components of Health awareness sessions every week by Health and Wellness Ambassadors (Nodal Teachers), universal health screening of all students, electronic database creation, Provision of services, and improving first aid competence of teachers and students. Students will be screened by the RBSK nurses, assisted by the Class Teachers and the issues detected will be referred to PHC or higher level hospital in the area for expert treatment. Health Team of PHC visits to schools which includes MO PHC. The total target of students to be covered under the programme is approximately 60 Lakhs, and schools to be covered in the State is 16240 including LP, UP, HS and HSS. Of this, coverage of 50 % of the LP schools is proposed under NHM PIP for the financial year 2026-27. The remaining sections including UP, HS and HSS up to class 12 is proposed to be covered using state plan fund. An amount of ₹320.00 lakh is provided for the scheme during 2026-27 for Smooth conduct of School Health and wellness programme.

28. Research in Health Services

(Outlay: ₹50.00 lakh)

Research is the foundation of good public health practice. It provides the knowledge and evidence required to make informed decisions, create effective therapies and ultimately improve community and population health and well-being. Research in the health department is essential for evidence based decision-making, which helps the health department to determine what interventions and strategies are effective in prevention and control of disease, improving services, and promoting good health. The health department can use research findings to address the disparities and develop interventions to ensure equity. Health research fuels healthcare innovation, resulting in the development of new therapies, medications, vaccines, and medical technologies that can enhance patient care and outcomes. An amount of ₹50.00 lakh is provided for the scheme during 2026-27 for the research initiatives within DHS and collaborative research with other institutions, Universities and Arts &Science Colleges.

29. Implementing code grey protocol in health care institutions under DHS

(Outlay: ₹200.00 lakh)

Healthcare facilities must have a calm and peaceful environment where healthcare professionals can work peacefully without fear, focusing on the safety and well-being of patients. Violence in healthcare settings not only compromises patient safety but also affects the morale and well-being of healthcare professionals. No person can work confidently if they constantly face the threat of violence. The rising number of violence cases in healthcare settings has necessitated the implementation of a comprehensive protocol to safeguard healthcare workers. Implementing a 'Code Grey' protocol in healthcare institutions under the Kerala health services system is crucial for effectively managing security and safety situations. The components will be purchase of equipment like public addressing systems, CCTV cameras, alarms, purchase of walky talkies etc., conducting Mock Drills, Training and implementing Lone worker policy and monitoring and evaluation. This will be done in major hospitals based on gap analysis on a phased manner. An amount of ₹200.00 lakh is provided for the scheme during 2026-27 for implementing code grey protocol in health care institutions under DHS.

Aardram Mission

30. Developing Super Speciality facilities in selected District /General Hospitals

(Outlay: ₹ 600.00 lakh)

Considering the changing epidemiological pattern and morbidity of Kerala there is a need to develop super speciality services in selected district/general hospitals in a phased manner. It is intended to develop super speciality services in cardiology, urology, nephrology, neurology, pulmonology, gastroenterology etc. Major repair, remodeling of existing buildings, purchase of equipment and consumables are proposed. The scheme also includes provision for MRI Scan, CT scan, ultrasound machineries, Digital X Ray facilities, ventilators, surgical facilities and other diagnostic services in the District/General and selected Taluk hospitals. It also includes provision for strengthening the mission activities viz. Aardram. An amount of ₹ 600.00 lakh is provided for the scheme during 2026-27.

31. Developing the Primary Health Centre as Family Health Centre

(Outlay: ₹ 1822.00 lakh)

Transformation of Primary Health Centre into Family Health Centre is expected to provide basic health care of all basic speciality at the level of a family physician. Department will provide courses/special training for imparting the knowledge and skill sets requirement of doctors in primary health care. Also additional facilities of infrastructure modification and equipment are required. The scheme will be extended to all PHCs in a phased manner. It also includes provision for strengthening the mission activities viz. Aardram. This amount can be utilized for converting CHCs into Block Family Health Centres and strengthening of Janakeeya Arogya Kendram. An amount of ₹1822.00 lakh is provided for the scheme during 2026-27. It is expected that about 50% of the fund will be utilized for the benefit of women.

32. Setting up of Laboratories in Primary Health Centre

(Outlay: ₹250.00 lakh)

In the present context of emerging/re-emerging communicable diseases and higher prevalence of non-communicable diseases basic laboratory services are required for primary health care. Some of the Health Centres are having rooms/infrastructure facilities for accommodating the laboratories and remodeling of the existing rooms/new construction for the laboratories are required at some places. The scheme will be extended to all PHCs in a phased manner. The scheme includes provision for the activities to start or strengthen laboratories in CHCs / PH labs under DHS. It also includes provision for strengthening the mission activities viz. Aardram. An amount of ₹ 250.00 lakh is provided for the scheme for construction/renovation and purchase of equipment during 2026-27.

33. Creation of Patient Friendly Hospital Initiative

(Outlay: ₹ 1800.00 lakh)

Patient friendly hospital initiative is one of the mission mode interventions to standardize the facilities of various categories of health care institutions in a phased manner. The scheme is proposed to improve the outpatient wing, in patient wing, labour room facility, pharmacy services, laboratory services etc. Department has already developed standards for each category of institutions and the changes to be brought in at critical service delivery areas of the hospitals. It is proposed to develop the infrastructure facilities of the hospitals with a master plan. It also includes provision for strengthening the mission activities viz. Aardram. An amount of ₹ 1800.00 lakh is provided for the scheme during 2026-27.

34. Establishment of Cath Lab and ICU in hospitals under DHS

(Outlay: ₹ 700.00 lakh)

The epidemiological and demographic transition has brought about the emergence of non - communicable diseases especially the coronary heart diseases, stroke, hypertension, diabetes, chronic kidney diseases, mental diseases etc. The non - communicable disease control programme is being implemented in the State through which early diagnosis and treatment of hypertension and diabetes is done at the sub centers, PHCs and CHCs. At the same time tertiary care management of the needy patients who are referred also becomes a matter of important priority. Proposal for establishment of cath lab in major hospitals is

implemented in a phased manner. During 2026-27, an amount of ₹700.00 lakh is provided for procurement & installation of cath lab, enhancing facilities of existing cath lab units, setting up of intensive care units and strengthening of existing intensive care units. It also includes provision for strengthening the mission activities viz. Aardram.

35. Setting up of Dialysis units in Major hospitals under DHS

(Outlay: ₹ 1420.00 lakh)

The number of chronic renal failure cases requiring dialysis has gone up. With the burden of patients who need dialysis, all hospitals upto the level of taluk hospital in the State are being provided with dialysis facilities. Currently 110 dialysis units are functioning under DHS. During 2026-27 an amount of ₹ 1420.00 lakh is provided for emergency medicines, consumables, additional facilities in dialysis units such as procedure room, mini operation theatre, extra dialysis units and CAPD (Continuous Ambulatory Peritoneal Dialysis) units. During 2026-27 dialysis units will be established in all the taluk hospitals which have no dialysis facility yet. It also includes provision for strengthening the mission activities viz. Aardram.

36. Strengthening of Emergency Medical Care

(Outlay: ₹ 500.00 lakh)

Management of health emergencies is of serious concern to the State of Kerala especially in the light of increasing road accidents, health related problems like acute coronary attacks, stroke, asthma, snakebites, outbreak of epidemics and unexpected natural disasters. Emergency medicine encompasses a large amount of general medicine and surgery including the surgical sub specialties. As Emergency Medicine encompasses a number of specialties and sub specialties it requires the support of state of art facilities and skilled manpower in the form of an emergency medical team to provide comprehensive and emergency care to the needy. The current project proposes to set up state of art emergency medical care facilities in selected hospitals and build the capacity of medical personnel in the department to deal with the emergency medical conditions. An amount of ₹ 500.00 lakhs is provided for the above activities in major hospitals situated near highways and for training of staff in trauma and emergency departments. It also includes provision for strengthening the mission activities viz. Aardram. The outlay can also be used for meeting the state share of externally aided projects (EAP).

37. Pneumococcal Vaccination Programmme among Elderly in Kerala (New Scheme)

(Outlay: ₹ 5000.00 lakh)

Pneumonia is among the top four causes of death worldwide. Elderly people, especially those with certain chronic conditions, are at higher risk of pneumococcal disease. The primary objective of the comprehensive pneumococcal vaccination programme targeting elderly individuals in Kerala is to reduce the burden of pneumococcal diseases and enhance public health outcomes. The programme will primarily focus on elderly individuals aged 60 years and above from BPL families, especially those with one or more comorbidities conditions such as diabetes, chronic respiratory diseases, cardiovascular diseases, Cancers and other immune compromised conditions. An amount of ₹ 5000 lakhs is provided for the scheme during 2026-27.

State Institute of Health and Family Welfare (SIHFW)

38. State Institute of Health and Family Welfare

(Outlay: ₹ 200.00 lakh)

Kerala State Institute of Health and Family Welfare is the apex training institute for providing training to the employees of Kerala Health services. The Institute monitors the training activities across the State and has a mandate for carrying out research and consultancy services. The Institute offers various trainings such as in-service training, skill development, and training of trainers. An amount of ₹ 200.00 lakh is provided during 2026-27 for infrastructure strengthening and conducting training in Thiruvananthapuram and Kozhikode centres.

Public Health Laboratories

39. Public Health Laboratories

(Outlay: ₹ 600.00 lakh)

The Public Health Laboratories cater to the diagnostic needs of patients from both Government and the private sectors. State Public Health and Clinical Laboratory, Thiruvananthapuram is the pioneer institution in the field of bio medical investigation. Regional Public Health laboratories are functioning at Ernakulam, Kozhikode, Pathanamthitta and Kannur. Besides these, district public health laboratories are functioning at Kollam, Malappuram, Wayanad, Kasargod and Alappuzha. PH labs will be established in all the districts in a phased manner. The district public health labs help in the testing and reporting of communicable diseases. During 2026-27, an amount of ₹ 600.00 lakh is provided for these public health laboratories for the procurement of routine reagents and consumables, various equipment, test kits, Radio Immuno Assay Test kits, books, AMC, NABH accreditation, minor works and other charges.

40. Newborn Screening Programme

(Outlay: ₹ 260.00 lakh)

The newborn screening programme was introduced in the Public Health Laboratories in Kerala for early detection of disorders. The newborn screening test enables us to find common inborn disorders such as congenital hypothyroidism, congenital adrenal hyperplasia, G6PD deficiency, galactosemia etc. An amount of ₹ 260.00 lakh is provided for the continuance of the programme in all the delivery conducting hospitals during 2026-27.

Institute for Cognitive and Communicative Neurosciences (ICCONS)

41. Institute for Cognitive and Communicative Neurosciences (ICCONS) / Society for Rehabilitation of Cognitive and Communicative Disorders (SRCCD)

(Outlay: 1000.00 lakh)

The Society for Rehabilitation of Cognitive and Communicative Disorders (SRCCD) is a charitable society registered under the Travancore-Cochin Literary, Scientific and Charitable Societies Act 1955. The institutions under this society are named as Institute for Cognitive and Communicative Neurosciences (ICCONS). The Institute is working in the field of cognitive and communicative disorders of developmental and acquired nature affecting

persons of all ages from infancy to old age. ICCONS has two centres, one at Thiruvananthapuram and the other at Shornur. An outlay of ₹ 1000.00 lakh is provided as state plan for 2026-27 as grant in aid to the institution to implement the following activities.

Sl. No.	Component
1	Campus Development at Iccons, Trivandrum and Shornur
2	Maintenance/purchase of equipment and consumables, AMC
3	Purchase of furniture, library books, teaching aids
4	Minor works, repairs and maintenance
5	Neuro Metabolic and Genetic lab
6	Digital infrastructure
7	CCTV surveillance
8	Overhead Charges

Kerala Centre for Disease Control and Prevention (K-CDC)

42. Kerala Centre for Disease Control and Prevention (K-CDC)

(Outlay: ₹50.00 lakh)

The K-CDC is expected to address the gaps in the evidence based policy synthesis in all spheres of health in the state. The evidence will be generated from health tracking and surveillance, through technologies like artificial intelligence, machine learning, block chain, big data analytics, Health Technology Assessment etc. K-CDC will act as the think tank, connecting novel discoveries and best practices around the world to innovation and development in all spheres of health care including public health in the State. K-CDC would eventually become a centre of national importance in epidemic control, disease prevention and health care, serving the needs of other states as well. The K-CDC would act as a coordinator, facilitator and mentor institution which will network with other organizations institutions and Universities. K-CDC would work on Hub and Spoke model. An amount of ₹50.00 lakh is provided for the scheme during 2026-27 for setting up of infrastructure, training, workshopand setting up of epidemic forecasting facility and research projects.

National Health Mission

43. National Health Mission (40% State Share)

(Outlay: ₹46520.00 lakh)

Framework for Implementation of National Health Mission of Ministry of Health and Family Welfare, GoI having five financing components to states shall be based on the approved Programme Implementation Plans, namely (i) NRHM/RCH Flexi-pool (ii) NUHM Flexi-pool (iii) Flexible pool for Communicable Disease, (iv) Flexible pool for Non Communicable Disease including injury and trauma and (v) Infrastructure Maintenance. The

components of the Family Welfare Programme are included under Infrastructure Maintenance. The National Rural Health Mission (NRHM) and National Urban Health Mission (NUHM) were made the sub systems of NHM. The funding pattern will be 60:40 between GoI and GoK. The outlay will be expended in line with the guideline of the GoI for the scheme and allocation by GoI for the year 2026-27. Additional amount will be made available to meet the State share in proportion to the central release. Support under Infrastructure Maintenance (v) is provided to meet the expenses of Direction & Administration (Family Welfare Bureaus at State & District level), Sub Centres, Urban Family Welfare Centres, Urban Revamping Scheme, ANM/LHV Training Schools, Health & Family Welfare Training Centres, and Training of Multi-Purpose Workers (Male). An amount of ₹ 46520.00 lakh is provided for the scheme during 2026-27 as State Share which includes ₹ 10000.00 lakh as state share of Infrastructure Maintenance (Family Welfare Programme). It is expected that about 40 percent of the fund will be utilized for the benefit of Women. The outlay can also be used for meeting the state share of externally aided projects (EAP).

44. PM Ayushman Bharat Health Infrastructure Mission (PM-ABHIM) (40% State Share)

(Outlay: ₹ 2500.00 lakh)

PM Ayushman Bharat Health Infrastructure Mission is a Centrally Sponsored Scheme (CSS) with few Central Sector Components. The CSS components of the PM- ABHIM will be implemented by following the existing framework, institutions and mechanisms of the National Health Mission. The implementation of the programme/activities will be as per the PM-ABHIM guidelines provided by Ministry of Health & Family welfare and other guidance as updated from time to time. Components of the schemes are District Integrated Public Health Labs, Critical Care Hospital Blocks: A) 100 Bedded Blocks in District Hospitals, B) 50 Bedded Blocks in District Hospitals and C) 50 Bedded Blocks in Govt. Medical Colleges and Rural and urban health and wellness centres. The funding pattern will be 60:40 between GoI and GoK. An amount of ₹ 2500.00 lakh is provided for the scheme during 2026-27 as State Share. Additional amount will be made available to meet the State share in proportion to the central release.

Kerala Digital Health Mission

45. E-health Programme

(Outlay: ₹ 2760.00 lakh)

E-Health is the use of information and communication technologies for health viz treating patients, conducting research, educating the health workforce, tracking diseases and monitoring public health. It includes unique patient identification across states, exchange of data between different healthcare delivery units at primary, secondary and tertiary levels & across public and private sectors, electronic referral enabling the seamless transfer of patient information from a primary to a secondary treating practitioner's hospital information system, digitalization of medical records etc. E-Health is informational, transactional and transformational. An amount of ₹ 2760.00 lakh is provided for e-health programme to match with the GOI fund release and also for the districts not covered under GOI scheme during

2026-27. The e-governance activities not covered under GoI fund release can also be met from this amount. The scheme will be implemented by e-Health Project Management Unit (Kerala Digital Health Mission) under H&FWD. The components are;

Sl. No.	Component
1	Implementation of e-health in 170 primary care institutions under the DHS and 4 tertiary level institutions under DME
2	SMS Service for e-health Solutions
3	Cyber Security & Network Solutions for e-health Applications
4	Hardware Procurement and Maintenance
5	Training Programme & IEC Activities
6	Software Development Cost
7	Connectivity charges of HUBs & Public Health Labs
8	Cloud Infrastructure & Security Costs
9	Retention and yearly support
10	Overhead Charges

State Health Agency

46. Ayushman Bharat –Pradhan Mantri Jan Arogya Yojana (PM-JAY)/ Karunya Arogya Suraksha Padhathi (KASP

(Outlay: ₹90000.00 lakh)

The Centrally Sponsored Scheme Ayushman Bharat – National Health Protection Scheme – Pradhan Mantri Jan Arogya Yojana (PM-JAY) has the benefit cover of ₹ 5.00 lakh per family per year. The target beneficiary of the PM-JAY scheme is 23.98 lakh families who were poor and vulnerable population based on Socio Economic Caste Census (SECC) database of GoI. The funding pattern will be 60:40 between GoI and GoK. The Central government has the fixed premium ceiling to ₹ 1500/- for each family and 60% of that will be given to the state as Central share which amounts to ₹ 900/- or each enrolled AB-PMJAY family. An amount of ₹ 198.00 crore is expected as central share during 2026-27.

State has converged all the government sponsored health insurance schemes viz. Rashtriya Swasthya Bima Yojana (RSBY), Comprehensive Health Insurance Scheme (CHIS), CHIS Plus, Senior Citizen Health Insurance Scheme (SCHIS) etc. and formulated a new assurance scheme called Karunya Arogya Suraksha Padhathi (KASP). In addition to RSBY families (PM-JAY families), State has its own CHIS families whose entire assurance claim is paid by the State. Thus total number of families to be covered will be around 42.09

lakhs. An amount of ₹ 90000.00 lakh is provided for the scheme as 40% state share to match with the GoI fund release and also for the families not covered under GoI scheme but included in the state scheme during 2026-27. It is expected that about 50 percent of the fund will be utilized for the benefit of women. The following programmes are also being implemented through SHA as part of KASP.

Arogya Kiranam: Rashtriya Bal Swasthya Karyakram (RBSK), Child Health Screening and Early Intervention Services Programme under National Health Mission initiated by the Ministry of Health and Family Welfare, aims at early detection and management of the 4Ds prevalent in children. These are defects at birth, diseases in children, deficiency conditions and developmental delays including disabilities. The Government of Kerala has launched the Arogya Kiranam Scheme in which the State would bear the treatment expenses of all children below the age of eighteenyears forall other illness including accidents which do not come under Rashtriya Bal Swasthya Karyakram (RBSK). This scheme will provide free treatment to the child patients below the age of 18. This benefit is applicable, irrespective of whether they fall under BPL or APL categories.

Thalolam: This is to provide free treatment to children below 18 years in low income families who are suffering from life threatening diseases such as cardio – vascular disorders, kidney disorders, hemophilia, gillianbarrie and also for prolonged treatment in the case of cerebral palsy, thalassemia, sickle cell anaemia etc. as well as for surgeries in accident cases.

Cancer Suraksha for Child Patients: This is to provide free treatment to poor children below the age of eighteen years, who are suffering from cancer.

Cochlear Implantation in Children (Sruthi Tharangam): Cochlear implantation surgery has been recognized as the best way for the rehabilitation of hearing impaired, if it is identified in early childhood. The objective of the project is to provide cochlear implantation to children through empanelled hospitals.

Apart from the above beneficiaries, all the persons with 40 percentage or more disability and transgender persons in Kerala will be provided with health assurance under KASP and individual KASP ID cards will be issued irrespective of the fact that they are coming under APL or BPL. Kerala is the first state in India with universal health assurance coverage for person with disabilities and transgender persons. If a person with disability/transgender is a member of a BPL family, the entire family will be included in KASP. SRS surgery is not included in the scheme.

SHA is also running Karunya Benevolent Fund (KBF) scheme separately in the state by utilising the assistance from Lottery Department from the sale of Karunya lottery.

Commissionorate of Food Safety

47. Government Analyst Laboratory

(Outlay: ₹700.00 lakh)

Government Analyst's laboratory at Thiruvananthapuram, Regional Analytical laboratories at Ernakulam, Kozhikode & Kannur and District Food testing laboratory at Pathanamthitta are under Commissionerate of Food Safety. Testing of water, milk, common

adulterants like colour, artificial sweetener, extraneous matter, fungal growth etc. is carried out in these laboratories. The perishable items can be analyzed through these laboratories. An amount of ₹ 700.00 lakh is provided for the strengthening of Analyst laboratories during 2026-27 for the following activities.

- Renovation and modernization of food laboratories at Thiruvananthapuram, Ernakulam, Kannur, Pathanamthitta and Kozhikode
- Purchase of analytical equipment and instruments
- Purchase of chemicals, glassware, consumables, spares, reference materials and books
- Annual Maintenance Contract, calibration of laboratory equipment, repairs & maintenance and minor works
- NABL accreditation of Analytical laboratories
- Computers & peripherals and other IT infrastructure

48. Prevention of Food Adulteration and Food Administration

(Outlay: ₹ 804.00 lakh)

Food Safety and Standards Authority of India has been established under the provisions of Food Safety and Standards Act, 2006 as a statutory body for laying down scientific based standards for articles of food and to regulate manufacture, storage, distribution, sale and import of food so as to ensure availability of safe and wholesome food for human consumption. The aim of the department is to ensure safety for all edible items used by people. An amount of ₹ 804.00 lakh is provided for the scheme during 2026-27. The activities proposed include;

- Purchase of furniture, books, journals, computer & peripherals and equipment for offices
- Quick response team for inspection in all districts, Mobile Food Testing Laboratories, research & development, survey and study about adulterant in food items
- Conducting IEC activities, continuous advertisement through visual media, print media, and FM channel, school food safety awareness, health education programme for different stakeholders, training material etc.
- Conducting training for technical staff under enforcement wing and laboratory wing of the department
- Purchase of food samples for sampling purpose used in connection with inspection in food business organization, fee for food sample analysis which cannot be done in the state run laboratories
- Repairs & maintenance, hiring of vehicles, non-recurring office expenses and AMC
- Modernization of Food Safety offices
- Safe and Nutritious Food at School and workplace, safe kitchen initiative, complaint redressal system, implementation of food hygiene rating & branding
- Quick detection kits, e-governance initiatives

- Sampoorna Bhakshya Suraksha Grama Panchayat programme and Bhakshya Suraksha Nagaram programme
- Biometric Punching system
- Construction of Building for Regional Deputy Commissioner office & District Assistant Commissioner Office at Ernakulam

Drugs Control Department

49. Strengthening of Drugs Control Department

(Outlay: ₹700.00 lakh)

The Drugs Control Department ensures the quality of the drugs available in the State. The regulatory work performed by the Drugs Control Department includes licensing for the manufacturing, sale and distribution of drugs in the State, inspection of sales premises/hospitals/institutions, sampling of drugs and analysis of samples and prosecution against offenders of law. Department regulates the supply of narcotic drugs like morphine, pethidine etc. by allotting them to institutions and hospitals having permits under the Narcotic Drugs and Psychotropic Substances Act. A separate Ayurvedic wing is also functioning in the department. An amount of ₹ 700.00 lakh is provided during 2026-27 for the Drugs Control Department including ASU wing for the following activities.

- Purchase of machineries, equipment, chemicals, glass wares, etc. for the drug testing laboratories at Pathanamthitta, Ernakulam, Thrissur and Thiruvananthapuram
- Repairs & maintenance and minor works
- E-governance initiatives - Purchase of computer & accessories, photocopier
- Website development
- Annual Maintenance Contract for machinery and equipment
- Purchase of furniture and reference books
- Purchase of drug samples and hiring of vehicles for the Department
- Strengthening of ASU wing and training programmes
- Expenses related to NABL accreditation to laboratories
- Biometric Punching system
- Implementation of PROUD Project (Programme for Removal Unused Drugs)
- Regulatory Activities to contain Antimicrobial Resistance

Insurance Medical Services Department

50. Employees State Insurance

(Outlay: ₹225.00 lakh)

There are 147 ESI Dispensaries and 9 ESI State hospitals to provide total medical care to about 16 lakh ESI beneficiaries registered under ESI Scheme. The activities proposed during 2026-27 are modernization of hospitals & dispensaries, biometric punching system, CCTV, e-governance and training to medical & paramedical staff. An amount of ₹ 225.00 lakh is provided for the activities mentioned above during 2026-27.

Chemical Examiner's Laboratory Department

51. Strengthening of Chemical Examiner's Laboratory

(Outlay: ₹1007.00 lakh)

Chemical examiners laboratory is functioning under the administrative control of the Home Department. It caters to the needs of Judiciary, Excise, Police and medico-legal experts directly and indirectly and thus assists in the prosecution of criminal cases. It renders independent scientific service to the criminal justice administrative system. The department helps in checking the adulteration of liquor samples during festival season, issuing certificates after examining material objects involved in criminal cases etc. and also provides expert opinion. An amount of ₹1007.00 lakh is provided for the year 2026-27 for NABL accreditation and ISO certification, purchase of analytical instruments, procurement of chemicals, glassware and other laboratory items, spares & consumables, AMC, CCTV, civil & electrical works, computers and accessories, other IT facilities, books, furniture, air conditioner, chemical examination using artificial intelligence, video conferencing facility, training for technical officers and construction of new administrative block at Chemical Examiners Laboratory Thiruvananthapuram Phase I.

MEDICAL EDUCATION

The State Plan outlay provided for Medical Education during the budget 2026-27 is ₹ 60113.00 lakh. The subsector wise total outlay for 2026-27 is given in the following table.

Sl. No.	Name of Subsector / Department	Amount Provided for 2026-27 (₹in lakh)				
		State Plan	State Share to CSS	Total State Plan	Central Assistance	Aggregate Plan
	Modern Medicine					
1	Directorate of Medical Education	49913		49913		49913
2	Indian Institute of Diabetics	100		100		100

12	Nursing College, Wayanad	67	0	67
13	Nursing College, Palakkad	80	0	80
14	Nursing College, Pathanamthitta	36	0	36
	Total	**1037**	**1565**	**2602**

The activities proposed are purchase of equipment, construction works, maintenance/renovation works, purchase of laboratory reagents, chemicals, materials, teaching aids, library books, AMC/CAMC Charges, furniture, etc.

56. State Board of Medical Research

(Outlay: ₹ 300.00 lakh)

The State Board of Medical Research has been established to promote, sustain and co-ordinate medical research. An amount of ₹ 300.00 lakh is provided for 2026-27 to promote research activities. The activities proposed include subscription of journals, e-journals and activities for research and development.

57. Hospital waste management in Medical College Hospitals

(Outlay: ₹ 2200.00 lakh)

Proper hospital waste management ensures prevention and control of contagious diseases such as typhoid, cholera and hepatitis. Healthy atmosphere in hospitals helps in the prevention of communicable diseases. An amount of ₹ 2200.00 lakh is provided during 2026-27 for hospital waste management in all Medical Colleges and other hospitals under the Directorate of Medical Education in compliance with Biomedical Waste management Rules 2016, E-waste Management Rules 2016 and Pollution Control Board Guidelines. The components are purchase of equipment for cleaning hospitals, waste segregation materials, consumables, AMC,material collection facilities in medical colleges, sewage treatment plant in medical colleges and maintenance of sewage treatment plants.

58. Maternal and Child health units in Medical College hospitals

(Outlay:₹ 800.00 lakh)

The scheme is proposedwith a vision to overcome the disabilities and deficiencies for providing better patient care in Maternal and Child health hospitals functioning in Medical Colleges. The major deficiencies noted are shortages of facilities in the IC Unit including post-operative unit, surgical newborn unit, acute ward, trauma ward, laundry service unit, space for accommodation, furniture, equipment etc. For the upgradation & standardization of facilities in the Maternal & Child health units in Medical college hospitals, an amount of ₹ 800.00 lakh is provided during the year 2026-27.

59. The State PEID (Prevention of Epidemics and Infectious Disease) Cell

(Outlay: ₹ 162.00 lakh)

The State PEID Cell is functioning in nine Medical colleges. The State PEID Cell is vested with the responsibility of surveillance of communicable diseases including vector borne disease throughout the State. Since, emerging diseases are a problem in the State, the surveillance activities are to be strengthened. The Cell is the administrative body of housekeeping and sanitation. An amount of ₹ 162.00 lakh is provided in the budget 2026-27 as running cost for the functioning of the Regional and State PEID cell to ensure the prevention of epidemic and infectious diseases.

60. Deceased Donor Multi Organ Transplantation (Mrithasanjeevani)

(Outlay: ₹250.00 lakh)

Deceased donor multi organ transplantation programme is an ongoing scheme. Major feature of the scheme is deceased donor organ retrievals and organ transplantation which includes kidney, liver, eye and heart. Many needy patients including the poor who cannot afford the cost of treatment elsewhere are benefitted through this scheme. The components are awareness programme, transportation of organ, treatment expenses of patients, drugs, medical equpments, consumables and maintaining Kerala Network for Organ Sharing (KNOS). For the continuation of the scheme during 2026-27, an amount of ₹ 250.00 lakh is provided. The budget provision is also for the functioning (non-salary) of the Cadaver and Liver Transplantation Centre in MC, Thiruvananthapuram.

61. Oncology & tertiary care centres in Medical colleges

(Outlay: ₹ 3000.00 lakh)

The Oncology wing at Medical College gives treatment free of cost. In the light of the increasing number of cancer patients in Kerala, it is necessary to strengthen the oncology wing in medical college hospitals. During 2026-27, an amount of ₹ 3000.00 lakh is provided for purchase of equipment in Medical College, Kannur, Kottayam and Thrissur. Breast cancer and cervical cancer are the most common forms of cancer among women accounting for more deaths than any other cancer. Cancer screening tests are an important tool to combat this cancer-related morbidity and mortality. Continuation of state-wide screening campaign conducted by DHS to address the issue as part of NCD control programme in association with DME and Cancer Centre's. It is expected that about 50 percent of the fund will be utilized for the benefit of women.

62. Faculty Improvement Programme

(Outlay: ₹ 100.00 lakh)

This scheme is to update medical teachers with an intention of imparting new skills in their own field of practice as well as multidisciplinary inputs as required in certain fields such as Transplant Medicine, Oncology etc. In accordance with the prevailing rules and regulations prescribing the qualification and method of appointment of faculty in Medical Education Service, the faculties who opt for the Administrative Cadre in Medical Education Service possess only the required teaching service and they are not trained or qualified in administrative management. The Director of Medical Education, Joint Directors of Medical Education and Principals of respective institutions are included in the medical / hospital administrative cadre. Those who occupy the above positions and also positions of Superintendent/Deputy Superintendent in medical colleges and the post of heads of various departments are to be equipped with appropriate hospital administration and hospital management training including in-depth case studies to enable them to carry out their function in a more efficient manner. The senior faculty members need to be equipped with basic managerial and administrative skills such as preparation of project proposals, procurement procedures, inventory control and other rules related to staff establishment procedure. This scheme also includes the training programme of nursing staff under DME. An amount of ₹100.00 lakh is provided for faculty improvement programme and training programme of nursing staff during 2026-27. Out of the provided amount, 50 % is earmarked for training on strengthening of administrative cadre of the faculty in Medical Education Service. It is expected that about 25% of the fund will be utilized for the benefit of Women.

63. Strengthening of Para Medical Education

(Outlay: ₹ 100.00 lakh)

There are 14 Paramedical Courses conducted by DME which include Post Graduate Diploma courses, Post Graduate Courses, Degree Courses, Diploma Courses and Certificate Courses. The facilities of medical colleges are quite insufficient for the smooth conduct of such courses. They need separate classrooms, hostels and other infrastructure facilities. In order to provide these facilities in all medical colleges in a phased manner, an amount of ₹ 100.00 lakhs is provided during the financial year 2026-27. The activities proposed include

infrastructure creation, maintenance of equipment, teaching facilities, books, furniture etc. It is expected that about 60% of the fund will be utilized for the benefit of Women.

64. Maintenance of high end equipment in Medical Colleges

(Outlay: ₹ 2000.00 lakh)

Majority of High End Equipment in the medical colleges are imported and any repair or maintenance can be done only by the authorised suppliers or manufacturer. Hence CAMC /AMC are mandatory for ensuring uninterrupted functioning of these costly and sophisticated equipments. An amount of ₹ 2000.00 lakh is provided during 2026-27 for the scheme.

65. Providing modern imaging facilities including interventional radiology in Medical Colleges

(Outlay: ₹1790.00 lakh)

Interventional Radiology is a fast growing super specialty branch of medical radiology. It utilizes radiological equipment for image guided procedures and does minimally invasive interventions to treat various ailments. In many instances such procedures are very cost effective and an apt alternative to conventional surgery or medical management. The major equipment used for image guidance is angiographic machines having Digital Subtraction Angiography (DSA) facility, 4 D USG with Colour Doppler facility, MRI and CT scanners. An amount of ₹ 1790.00 lakh is provided for procurement & installation of these facilities in Medical College Kannur, Kollam, Manjeri, Thrissur, Kozhikode and Alappuzha during 2026-27.

66. Comprehensive Stroke Centre in Government Medical Colleges

(Outlay: ₹550.00 lakh)

Kerala state has a high prevalence of Non-communicable diseases (NCD) like hypertension and type 2 diabetes. These lifestyle diseases have led to increase in coronary heart disease and stroke. Stroke is a devastating disease with not only high mortality but also leaves the patients with disability. There is an urgent need to tackle stroke in a war footing as it is a real neurological emergency. Stroke is the third most common cause of death and disability in Kerala. Disability and death in stroke can be reduced by golden hour management of stroke. Eligible patients are given medicine to lyse the clot. Stroke ICU is an essential part of the care of stroke patients. Hence, in order to meet this demand an amount of ₹ 550.00 lakh is provided during the financial year 2026-27 for setting up a comprehensive stroke centres in Thiruvananthapuram, Kottayam, Kozhikode Thrissur & Kannur Medical Colleges and for the strengthening of the units started earlier in other Medical colleges. The outlay can also be used for meeting the state share of externally aided projects (EAP).

67. Matching Grant to Centrally Assisted Schemes

(Outlay: ₹274.00 lakh)

GoI has revised the funding pattern of Centrally Sponsored Schemes w.e.f. 2015-16 financial year. All other schemes except which are specifically mentioned by GOI will be optional for the state. In view of the above, DME has to provide the required state contribution as per revised sharing formula. The outlay is provided to enable DME to contribute the required matching state share during 2026-27 for claiming full GoI funding. The amount will be expended on priority basis. An amount of ₹ 274.00 lakh is provided

during 2026-27 for the scheme as a matching grant to GOI fund release. Additional amount will be made available to meet the State share in proportion to the central release. The components are;

Sl. No.	Name of Component
1	Setting up of paramedical education in the state and college of paramedical education at Government College, Kozhikode

68. Ensuring Blood Safety in Medical Colleges

(Outlay: ₹ 250.00 lakh)

Kerala State AIDS Control Society has initiated automation of blood banks in Kerala as part of modernization and quality management system. The outlay is earmarked for automation of Blood Banks in Medical Colleges as part of modernization and quality management system through Kerala State AIDS Control Society. Hence an amount of ₹ 250.00 lakh is provided during the financial year 2026-27 for ensuring blood safety in Medical Colleges.

69. Ensuring Fire & Safety Guidelines in Medical Colleges

(Outlay: ₹ 400.00 lakh)

The Department of Fire & Safety in its safety audit in Medical Colleges had pointed out several deficiencies in the safety standards. Mainly the old Medical Colleges lack safety standards. In order to meet the prescribed Fire & Safety standards adequate modification in the existing buildings has to be made. In order to meet this demand an amount of ₹ 400 lakh is provided during the financial year 2026-27 for Medical College Kottayam, Thrissur and Kozhikode.

70. Apex Trauma & Emergency Learning Centre

(Outlay: ₹ 488.00 lakh)

The Apex Trauma and Emergency Learning Centre is a project for improving trauma and emergency care across Kerala. The trauma centre is a simulation based study centre where the candidate is given hands on experience and simulation based enhancement of skills and knowledge in the care of an emergency situation including disaster. Trauma is the leading cause of death worldwide and hence health care workers and the public need to be prepared for the challenges. The aim of the institution is for training various categories of health care workers and to provide refresher training programmes to maintain reasonable skill. An amount of ₹ 488.00 lakh is provided for the scheme during 2026-27. The outlay can also be used for meeting the state share of externally aided projects (EAP).

71. Setting up of Smart Class Rooms

(Outlay: ₹ 150.00 lakh)

In smart classroom all hospital systems integrate in a smart technological environment to support and augment traditional education by providing instructors with easy to use tools to enable them to concentrate on delivering high quality education and at the same time providing students with a complete picture of every case they study, increasing the quality of education and allowing students to be fully interactive with the diagnosis and examination procedures. Smart classroom should be established in all medical colleges. It enables real-

time blended teaching and learning. An amount of ₹ 150.00 lakh is provided for the scheme during 2026-27.

72. Setting up of molecular diagnostic facility in Medical Colleges

(Outlay: ₹110.00 lakh)

Molecular diagnostic techniques have greatly improved the detection of many viral and bacterial infections as well as genetic disorders. Clinical applications can be found in areas of diagnosis of genetic disorders, infectious diseases, oncology, pharmacogenomics, and human leukocyte antigen typing. The molecular lab diagnoses disease conditions and medical disorders quickly and offers a reliable tool for swift therapy decisions. An amount of ₹110.00 lakh is provided for setting up of laboratories & equipment with state of the art facilities in Medical College, Thiruvananthapuram during 2026-27.

73. Starting bio-medical wing in all medical colleges

(Outlay: ₹100.00 lakh)

The purpose of Bio-medical Engineering Department is to maintain a proper inventory, undertake repair and maintenance, supervise and monitor maintenance contract with firms, ensure calibration of sensitive equipment and develop software for addressing trouble shooting and prescribing its timely remedy. An amount of `100.00 lakh is provided for the scheme during 2026-27 for enhancement of existing infrastructure, purchase of essential tools, spares and accessories.

74. State Institute of Medical Education and Technology (SIMET)

(Outlay: ₹ 100.00 lakh)

State Institute of Medical Education and Technology is functioning under the Health & Family Welfare Department with a vision to generate, transfer and propagate knowledge in Medical and Paramedical fields in the three systems of Modern Medicine, Ayurveda and Homoeopathy. SIMET has established 11 Nursing Colleges including 7 new nursing colleges with an annual intake of 60 students each. An amount of ₹ 100.00 lakh is provided during 2026-27 as Grant-in-Aid to the State Institute of Medical Education and Technology for supporting the existing nursing colleges and Directorate.

75. Pain and Palliative Care Centres in Government Medical Colleges

(Outlay: ₹ 150.00 lakh)

Palliative care is specialized medical care for people living with a serious illness. This type of care is focused on providing relief from the symptoms and stress of the illness. The goal is to improve quality of life for both the patient and the family. Palliative care is provided by a specially-trained team of doctors, nurses and other specialists who work together. Primary objective is to enhance palliative care services, including outpatient consultation, home care, in patient consultation, and the establishment of a 10-bed inpatient care facility. This initiative aims to improve the quality of life for patients with serious illnesses, ensuring that they receive specialized and compassionate care. This equips future healthcare professionals with the knowledge and skills to address pain and suffering in patients with serious illnesses. Also it focuses on the holistic well-being of patients, addressing physical, psychological, social, and spiritual aspects of suffering. An amount of ₹150.00 lakh is provided for the scheme during 2026-27 for purchase of various

equipmentand other activities of the Scheme. It is expected that about 50 percent of the fund will be utilized for the benefit of women.

76. Sports Medicine Unit and Physical Education Department in Medical Colleges

(Outlay: ₹ 47.00 lakh)

Sports medicine aims at specialized care for athletes. The physicians are highly trained professionals who have a clear understanding of sports-related injuries. They can provide distinctive care for the athletes. This special medical area focuses on physical fitness, including the treatment and prevention of injuries. Sports medicine focuses not only on injuries in sports persons but on improving the performance in their respective discipline. This should include two divisions viz. Sports Injury Treatment Division and Sports Performance Improvement Division. An amount of ₹47.00 lakh is provided during 2026-27 for establishing the units in Medical College Kozhikode.

77. Regional Rehabilitation Centre in Medical Colleges

(Outlay: ₹ 51.00 lakh)

Medical rehabilitation is the process of retraining a differently abled person to the maximum possible functional capacity in accordance with one's clinical condition, age, gender and comorbid conditions. It is required for a number of impairments and disorders like cerebral palsy, stroke, traumatic brain injury, sports injuries, burns victims, etc. With the fruition of such a sophisticated and state of the art medical rehabilitation centre, state of the art medical rehabilitation services can be provided to the people of this country as envisaged by the Rights of persons with disability act 2016 enacted by the Government of India. An amount of ₹51.00 lakh is provided for the scheme during 2026-27 for regional rehabilitation centre in Medical Colleges.

78. Security Systems in Medical Colleges and allied institutions

(Outlay: ₹ 150.00 lakh)

Healthcare professionals across the world have been facing an alarming increase in acts of violence, both physical and verbal, within healthcare settings. This disturbing trend includes incidents of assault, harassment and intimidation against doctors, nurses, and other healthcare staff. Violence against healthcare professionals not only poses physical risks but also contributes to stress, burnout, and emotional trauma. A well-established security system can serve as a critical tool in addressing and mitigating such violent incidents by providing immediate assistance, identifying aggressors, and deterring potential offenders. A comprehensive security system can create a safer work environment, which is essential for the physical and mental well-being of medical personnel. An amount of ₹150.00 lakh is provided for the scheme during 2026-27 for ensuring security systems in Medical Colleges and allied institutions.

79. Installation of Surgical Robot in Government Medical Colleges

(Outlay: ₹ 1200.00 lakh)

Robotic surgery has gained a lot of momentum in the last decade the world over, including in many Centres in India. Robotic surgery helps to overcome the drawbacks of Laparoscopic surgery. The availability of a Robotic machine in an Institution such as Government Medical College, Thiruvananthapuram would greatly enhance the quality of care

imparted to patients and the quality of training to the Postgraduates. An amount of ₹1200.00 lakh is provided for the scheme during 2026-27 for Medical College, Thiruvananthapuram.

80. Construction and Renovation of Medical and Paramedical College Hostels

(Outlay: ₹ 1000.00 lakh)

An amount of ₹ 1000.00 lakh is provided during 2026-27, for the construction and renovation of medical and paramedical college hostels for under graduate and postgraduate students. The activities proposed include construction of hostel buildings, compound wall and renovation of existing hostels. It is expected that about 75% of the fund will be utilized for the benefit of women.

81. Ensuring differently abled & elderly friendly environment in all Medical Colleges

(Outlay: ₹ 300.00 lakh)

All the previously established Medical Colleges are not constructed in a differently abled/elderly friendly manner. It is proposed to have differently abled/elderly friendly environment in all Medical Colleges. It is proposed to procure elderly friendly cot with mattress, wheel chair and patient commode, side railing in geriatric care ward, toilet modifications as per the needs of geriatric patients and differently abled patients, lift facility, ramp etc. In order to ensure differently abled /elderly friendly environment in Government Medical Colleges, an amount of ₹ 300.00 lakh is provided during the financial year 2026-27.

82. Establishment & Modernisation of Drug Stores under DME

(Outlay: ₹ 991.00 lakhs)

Drug storage is a major component of the drug management cycle. An efficient drug storage system helps in avoiding contamination or deterioration, disfiguration of labels, preventing infestation of pets and vermin, preventing or reducing pilferage, theft or loss, and maintaining integrity packing and thus ensuring, quality and potency of drugs during shelf life. Drugs are effective for use only under prescribed storage conditions. If not stored properly they may not have desired therapeutic effect, and there are chances of them becoming toxic. The facility for storing the various drugs in standard conditions is not satisfactory in the majority of hospitals. It is highly essential to strengthen the existing Drug Stores. An amount of ₹ 991.00 lakh is provided during the year 2026-27 for continuation of the scheme in Medical College Kottayam and Kannur.

Autonomous Institutions

83. Child Development Centre (CDC)

(Outlay: ₹ 400.00 lakh)

Child Development Centre (CDC) was established as a nodal referral and training centre for a comprehensive nation-wide prevention of childhood disability programme. The Child Development Centre provides support services in early child care and education, adolescent care, premarital counseling, women health and other related issues. An amount of ₹ 400.00 lakh is provided during 2026-27 for repairs & maintenance, AMC, purchase of equipment & furniture, research, training & speciality clinics, academic activities and other non-recurring office expenses.

84. Indian Institute of Diabetes (IID)

(Outlay: ₹ 100.00 lakh)

Indian Institute of Diabetes was set up in 2001 at Pulayanarkotta, Thiruvananthapuram as a joint venture of the Government of Kerala and World India Diabetic Foundation. It is an autonomous institution engaged in the service of improving the life of people with diabetes. For this, the Institute has been focusing on education of both patients and health care providers and conducting research in the field of diabetes. An amount of ₹ 100.00 lakh is provided for 2026-27 for the following components.

- Diabetology course for medicine post graduate students, medical practitioners and medical professionals.
- Screening feet of diabetic patients throughout the state of Kerala
- Study on Osteoporosis among ladies in the age group of above 50 years
- Installation of Roof Top Solar Power Plant
- Installation of solid state photocoagulator for laser therapy in opthalmic department
- IEC activities

85. Malabar Cancer Centre (MCC)

(Outlay: ₹5000.00 lakh)

Malabar Cancer Centre, Thalassery, Kannur is an autonomous centre under the Government of Kerala. Malabar Cancer Centre has been established with the aim of providing oncological care to the people of North Kerala. An amount of ₹ 5000.00 lakh is provided for the Malabar Cancer Centre during 2026-27 for the following activities. It is expected that about 25 percent of the fund will be utilized for the benefit of women.

Sl. No.	Component
1	Strengthening of various departments/divisions of MCC
2	Upgradation of Lab for NABL Accreditation
3	Strengthening of Hospital Infection Control Programme
4	Minor construction works, civil & electrical works, renovation, repairs and maintenance
5	Strengthening of Medical Library
6	Development of Research Capability
7	Infrastructure Development for academic Purpose-PGIOSR and Institute of Nursing Sciences and Research (INSeR)
8	Consumables, hospital equipment, surgical Equipment

Sl. No.	Component
9	Strengthening of Information Technology
10	Facility Management Services
11	Purchase of Engineering Maintenance Equipment
12	Supply, Installation, Testing, and Commissioning of Pediatric Kitchen Equipment
13	Strengthening of Quality Assurance (Fire Insurance, Comprehensive Annual Maintenance Contract, Accreditation etc.)
14	Procurement of Essential Equipment for Strengthening Radio diagnosis Services
15	Supply & Installation of 20-Person Passenger Cum Bed Lift in OP Block
16	Strengthening of Bio-Chemistry
17	Strengthening Genetics and Molecular Lab
18	The above outlay can be used to meet the state share of RIDF NABARD Assistance
19	Breast cancer and cervical cancer are the most common forms of cancer among women accounting for more deaths than any other cancer. Cancer screening tests are an important tool to combat this cancer-related morbidity and mortality. MCC will support state-wide screening campaign conducted by DHS to address the issue as part of NCD control programme and in association with Cancer Centre's.

86. Kerala University of Health Sciences (KUHS)

(Outlay: ₹ 1200.00 lakh)

The Kerala University of Health Sciences is established for the purpose of ensuring proper and systematic teaching, training and research in modern medicine, homoeopathy and ISM and to have uniformity in the various academic programmes in medical and allied subjects.An amount of ₹ 1200.00 lakh is provided for KUHS during 2026-27 for the following activities.

Sl. No.	Component
1	Infrastructure development in KUHS Campus, Thrissur
2	Construction of staff quarters at Campus, Thrissur
3	Establishing a Digital Library for Kerala University of Health Sciences
4	Construction of residential quarters for VC & PVC

Sl. No.	Component
5	Newborn screening for severe inborn errors of immunity - pilot study – phase II
6	Development of a Feasible Model for Health and Social Care for People aged 75 or older
7	Empowerment of family carers of children with special healthcare needs and improvement of Quality of Life : A Multidisciplinary approach
8	Construction of Building for School of Research in Ayurveda Thripunithura - Phase V
9	Proposal for study on phytochemical, metabolic, anti-ageing and immunomodulatory properties of Rasayanas

87. Cochin Cancer Research Centre (CCRC)

(Outlay: ₹ 3000.00 lakh)

There was no cancer speciality hospital in Central Kerala. In the background the government has accorded sanction for establishing the Cochin Cancer Research Centre in the premises of Government Medical College, Ernakulam. First phase construction of the hospital has been completed and started functioning. An amount of ₹ 3000.00 lakh is provided for the Cochin Cancer Research Centre during 2026-27 for the following activities. It is expected that about 25 percent of the fund will be utilized for the benefit of women.

Sl. No.	Component
1	Medicines, consumables, hospital equipment, surgical Equipment
2	Minor works, repairs and maintenance, AMC
3	Training of medical & paramedical staff
4	Establishment of laboratory service for district cancer control programme for Ernakulam
5	Central Kerala population based cancer registry and CCRC hospital based cancer registry
6	Establishment of skill laboratory and training of health care providers
7	Digital Pathology Lab
8	Bone marrow unit
9	Tobacco awareness among the migrant workers at Ernakulam District
10	Establishment of Hospital Information System (HIS)
11	Breast Cancer and cervical cancer awareness, screening & early detection initiatives

Sl. No.	Component
12	Other non-recurring hospital/administrative expenses
13	The above outlay can be used to meet the state share of RIDF NABARD Assistance
14	Breast cancer and cervical cancer are the most common forms of cancer among women accounting for more deaths than any other cancer. Cancer screening tests are an important tool to combat this cancer-related morbidity and mortality. MCC will support state-wide screening campaign conducted by DHS to address the issue as part of NCD control programme and in association with Cancer Centre's.

88. Institute of Mental Health & Neurosciences (IMHANS)

(Outlay: ₹500.00 lakh)

The Institute of Mental Health & Neurosciences (IMHANS), Kozhikode is an autonomous institution established by the Government of Kerala in 1982. The institute is functioning in the Govt. Medical College campus, Kozhikode. The institute runs M.Phil courses in Psychiatric Social Work and clinical psychology and Post basic Diploma in Psychiatric Nursing. In clinical services, the Institute currently focuses on Community Psychiatry, Child Psychiatry and Rehabilitation services. An amount of ₹ 500.00 lakh is provided for IMHANS during 2026-27 for the following activities.

Sl. No.	Component
1	Ongoing construction of students hostel
2	Centre for Geriatric Mental Health and Cognitive Rehabilitation
3	Remodel the top floor of IMHANS building to provide short stay facility for children with developmental disorders who attend the remedial therapy services
4	Training programme, IEC, documentation, publication
5	Purchase of equipment, medicines
6	Repairs and maintenance
7	Refreshment for patients
8	Construction of compound wall to IMHANS campus
9	e-health initiatives
10	Hiring of vehicles and other non-recurring office expenses

AYUSH

INDIAN SYSTEMS OF MEDICINE

The Indian Systems of Medicine Department is now rendering medical services of Ayurveda, Sidha, Unani and Yoga & Naturopathy to the people of Kerala through a network of 130 hospitals, 818 dispensaries and 24 sub centres across the State. An amount of ₹ 5220.00 lakh is provided for Ayurveda department during 2026-27.

89. Strengthening, Upgradation and Modernization of ISM institutions

(Outlay: ₹2200.00 lakh)

There are 818 Dispensaries, 130 Hospitals and 24 sub centre functioning throughout the State under ISM Department. Out of these 130 hospitals, 127 are in Ayurveda Sector. Under Siddha system one Siddha Hospital, two attached wings of Sidha units and six Sidha dispensaries are functioning. One 50 bedded Mental Hospital functioning at Kottakkal (Malappuram District) is the only mental hospital under the Department. One 50 bedded Nature Cure Hospital is functioning at Varkala (Thiruvananthapuram District), 10 bedded Nature Cure unit is attached to the Government Ayurveda Hospital at Ottapalam (Palakkad district) and one Dispensary is functioning at Punalur (Kollam district). In Panchakarma one 20 bedded Hospital is functioning at Alappuzha. For the strengthening, upgradation and modernization of ISM institutions in the financial year 2026-27, an amount of ₹ 2200.00 lakhs is provided for the following activities. The outlay can also be used for meeting department share for implementing pooled fund for special projects under Scheduled Caste Sub Plan/Tribal Sub Plan by SC/ST Departments.

Sl. No.	Component	Component details	Amount (₹in lakh)
1	Modernization and computerization	Modernisation of Directorate and District Offices, purchase of computers, AMC, minor works, biometric punching, strengthening of planning machinery, workshop, preparation of master plans, plan monitoring, review, evaluation and documentation	141

90. Research Cell for Indian System of Sports Medicine in Selected District Sports Councils

(Outlay: ₹ 100.00 lakh)

Indian Sports medicine provides treatment like Panchakarma and Marma to develop rejuvenation and stamina building among sports people. Sports Ayurveda is a venture to utilize Ayurveda in different aspects of sports activities to improve the efficiency and performance of sports personnel. In addition to KISAR, sports units are functioning under the Sports Ayurveda Research Cell. The Research Cell also conducts health support programmes with the co-operation of the District Sports Council. An amount of ₹ 100.00lakh is provided for the Research Cell during 2026-27. The activities proposed are the following.

- Purchase of medicine and preparation of special medicine
- Strengthening of existing sports medicine units - Thiruvananthapuram (5 units), Kollam (2 units), Pathanamthitta, Idukki, Eranakulam (4 units), Thrissur (3 units), Palakkad, Malappuram (4 units), and Kannur (3 units), Districts
- Purchase of furniture and equipment
- Mobility support and diagnostic charges
- Training programme /awareness campaign/IEC
- Medical assistance to National, State and District level sports events
- Strengthening of Kerala Institute of Sports Ayurveda and Research (KISAR), Thrissur.

91. Construction works under ISM

(Outlay: ₹600.00 lakh)

An amount of ₹ 600.00 lakh is provided for the construction works under Indian System of Medicine during 2026-27. Construction works should be based on a Master Plan. Priority is to be given for the completion of the works already started in previous years. The details are given below.

Sl. No.	Name of Component
1	GDAH Varkala, Thiruvananthpuram - New OP Block
2	GAH Kizhuvilam, Thiruvananthpuram General Ward - First Floor
3	GAH , Nedumangadu, Thiruvananthpuram New OP building
4	GAH, Nedumangadu, Thiruvananthpuram Pay ward Lift

Sl. No.	Name of Component
5	Govt. ayurveda Hospital Nedumudy, Alappuzha- Construction of New Hospital Building
6	Govt. ayurveda Hospital Vaikkom, Kottayam - Construction of Palliative ward
7	GAH Kothala, Kottayam - Construction of ramp
8	GAD, Erumeli, Kottayam _ Construction of New Building
9	GAD Valliyamatom, Idukki - Construction of new Building
10	DMO Office Ernakulam - Construction Of DMO Office
11	GAD Puthussery, Wayanad - Construction of new hospital building
12	GARIM Kotakkal First Floor, Finishing Work

92. School Health Programmes

(Outlay: ₹100.00 lakh)

As part of the School Health Programme, the Department is implementing a scheme 'Drishti' in schools in selected districts for managing refractive errors of school going children. Activities such as counseling, awareness classes, medicine, treatment procedure, etc. are included in the programme. An amount of ₹ 100.00 lakh is provided for the School Health programme during 2026-27 for purchase of medicine, lab equipment, reagents, conducting awareness campaign, IEC materials, hiring of vehicles and documentation. The scheme will be implemented in Kottayam, Ernakulam, Thrissur, Idukki, Malappuram, Kozhikode, Kollam, Alappuzha and Pathanamthitta districts.

93. Jeevani and Punarnava

(Outlay: ₹110.00 lakh)

Diabetes has emerged as a major health care problem in India. Cardiovascular accident cases are also increasing due to high blood pressure, dyslipidemia mellitus, unhealthy lifestyle etc. The ISM Department proposed Jeevani and Punarnava for the management of these diseases. The proposed activities are purchase of medicine, lab equipment, reagents, conducting awareness campaign, IEC materials, hiring of vehicles and documentation. An amount of ₹ 110.00 lakh is provided for the scheme during 2026-27.

Sl. No.	Components	Component details	Districts
1.	Jeevani	Management of Type 2 Diabetes	Thiruvananthapuram, Ernakulam, Kannur, Kollam, Pathanamthitta and Alappuzha Districts.
2.	Punarnava	Management and rehabilitation of post cerebrovascular accident cases	Kozhikode, Kannur Pathanamthitta, Kottayam and Thiruvananthapuram Districts.

94. Control of Communicable Diseases

(Outlay: ₹150.00 lakh)

Ayurvedic medicines are very much effective in controlling communicable diseases. The proposed activities are conducting special medical camps in calamities affected areas, awareness classes to the public, purchase of medicines/medical kits, immediate health requirements due to natural calamities, providing mobility support to medical camps, IEC activities, prevention of repeated outbreaks of communicable diseases etc. An amount of ₹ 150.00 lakh is provided for the scheme during 2026-27.

95. HIMS (Health Information Management System)

(Outlay: ₹200.00 lakh)

Proper collection, management and use of information within healthcare systems will determine the system's effectiveness in detecting health problems, defining priorities, identifying innovative solutions and allocating resources to improve health outcomes. By the automation of hospital functions the Department aims to capture timely data and to improve efficiency, effectiveness and transparency in hospital service delivery. This information management system is for acquiring, analyzing and protecting digital and traditional medical information that is vital to provide quality patient care. With the widespread computerization of health records, traditional (paper-based) records are being replaced with electronic health records. This project aims to implement a Health information system to all the hospitals and dispensaries under the ISM Department. The components proposed are procurement/ preparation of Software, LAN, Computer & accessories, printer, connectivity, electrical and electronic equipment, updating of website, digitization of record room, GIS mapping, AMC etc. The programme may be implemented in line with the e-health programme of Kerala Digital Health Mission. During the financial year 2026-27 an amount of ₹ 200.00 lakh is provided for the effective implementation of the project.

96. State Medicinal Plants Board

(Outlay: ₹30.00 lakh)

The State Medicinal Plants Board (SMPB) was constituted under the administrative jurisdiction of Health and Family Welfare department in 2002 as per the direction of AYUSH, Government of India. The aim of SMPB is to coordinate matters related to the cultivation, conservation, research and development and promotion of medicinal plants in the State. During 2026-27 an amount of ₹ 30.00 lakh is provided to the Board for production of high quality planting material, awareness programmes, Carbon Neutral Herbal Bio Valley, eradication of invasive plants and production of quality herbs, promotion of state level herbal market and promotion of value added medicines, herbal plantation in school and strengthening of State Medicinal Plants Board.

97. Oushadhi (The Pharmaceutical Corporation (IM) Kerala Ltd. Thrissur)

(Outlay: ₹230.00 lakh)

Oushadhi is the largest manufacturing company of Ayurveda medicine in India in the Government sector. It is a fully Government owned Ayurvedic medicine manufacturing company under the administrative control of the Ayush Department of the Government of

Kerala. An amount of ₹ 230.00 lakh is provided for 2026-27 as share capital contribution and to meet various development activities of Oushadhi.

98. National Mission on AYUSH including Mission on Medical Plants (40% State Share)

(Outlay: ₹1500.00 lakh)

Department of AYUSH (Ayurveda, Yoga & Naturopathy, Siddha, Unani and Homoeopathy), Ministry of Health and Family Welfare, Government of India has launched National AYUSH Mission (NAM). The basic objective of NAM is to promote AYUSH medical systems through cost effective AYUSH services, strengthening of educational systems, facilitate the enforcement of quality control of Ayurveda, Sidha, Unani and Homoeopathy drugs and medicinal plants. The funding pattern will be 60:40 by Centre and State. An amount of ₹ 1500.00 lakh is provided for implementing National Mission on AYUSH including Mission on Medical Plants in the State during 2026-27 as State Share. Additional amount will be made available to meet the State share in proportion to the central release.

Ayurveda-Medical Education

The main function of the Ayurveda Medical Education Department is to impart Ayurveda Medical Education in Kerala through Ayurveda Colleges in accordance with the norms and regulations of the Central Council of Indian Medicine (CCIM). An amount of ₹ 4677.00 lakh is provided for the development of Ayurveda Medical education during 2026-27.

99. Assistance to Ayurveda Colleges

(Outlay:₹2020.00 lakh)

General activities included in the scheme are ongoing academic activities, seminars, AMC, medicine, teaching aids, materials & supplies, medical camps, academic research activities, training programmes for the academic and non-academic staff, books, conducting refresher courses for teachers, journals, digitization of library, newsletter, publications, furniture, computers & peripherals, AMC, NAAC / NABH accreditation, sports items, medical equipment, lab equipment, chemicals, reagents, minor works, repairs and maintenance, patient friendly hospital initiatives and other infrastructure facilities for college, hospital and hostel. The outlay can also be used for meeting department share for implementing pooled fund for special projects under Scheduled Caste Sub Plan/ Tribal Sub Plan by SC/ST Departments. The outlay [Sl. No. I (1)] include provision for library, pharmacy, refresher courses, Publication Division, Pharmacognosy Unit and Drug Standardization Unit. An amount of ₹ 2020.00 lakh is provided during 2026-27 for the institutions. Details of funding are shown below:

Sl. No.	Component	Revenue head	Amount (₹ in lakh)
I	**Ayurveda College, Thiruvananthapuram**		1055
1	Strengthening, modernization and renovation	450	
2	Women &Children hospital	350	

Sl. No.	Component	Revenue head	Amount (₹ in lakh)
3	Panchakarma hospital	160	
4	Special Geriatric Care Centre	45	
5	Ayurveda Gynaecology & Management of children with disabilities	50	
II	**Ayurveda College, Thrippunithura**	415	415
III	**Ayurveda College, Kannur**	550	550
	Total	**2020**	**2020**

100. Modernization and Computerization of Directorate of Ayurveda Medical Education

(Outlay: ₹375.00 lakh)

An amount of ₹ 375.00 lakh is provided for 2026-27 for the modernization and strengthening of the Department of Ayurveda Medical Education. The activities proposed include e-governance programme, furniture, computers & peripherals, photocopy machine, scanner, AMC of various equipment, minor works/repairs/maintenance, biometric punching, strengthening of planning machinery, workshop, preparation of master plans, preparation of DPR, plan monitoring, review, evaluation and documentation etc.

101. Major Construction Works under DAME

(Outlay: ₹ 1500.00 lakh)

An amount of ₹ 1500.00 lakh is provided for 2026-27 for the construction activities of colleges, hospitals, hostels and Directorate under Ayurveda Medical Education Department based on a Master Plan. Priority should be given to the completion of the works already started. The following construction works will be done during the financial year 2026-27 on a priority basis. Details of funding are shown below:

Sl. No.	Name of Institution	Capital Total
I	Ayurveda College, Thiruvananthapuram	**1000**
1	Various minor construction works, maintenance, repairs	
2	Ongoing construction of building for geriatric ward and construction of Ophthalmic-Para surgical Institute	
3	Ongoing construction of building for Ayurveda Gynaecology & Management of children with disabilities	
II	Ayurveda College, Thrippunithura	**250**
4	Ongoing construction of academic block, Hostel (State share to meet Central Assistance)	
III	Ayurveda College, Kannur	**250**
5	Construction of PG hostel, quarters, open auditorium	

Sl. No.	Name of Institution	Capital Total
6	Construction of building for ayurveda mental health treatment	
	Total	**1500**

102. Continuing Education under Directorate of Ayurveda Medical Education

(Outlay: ₹ 35.00 lakh)

An amount of ₹ 35.00 lakh is provided for conducting paramedical courses, spot admission, training to medical, paramedical and administrative staff, seminars, AMC, conduct of inspections, IEC, research activities, publication, etc. during 2026-27.

103. International Research Institute of Ayurveda (IRIA)

(Outlay: ₹250.00 lakh)

There are many areas in Ayurveda where research, scientific validation and evidence based protocol are required. To change this scenario evidence based research is inevitable to place Ayurveda in the appropriate level. For that an interdisciplinary research centre with international standards would be established in Kerala. The scheme is proposed for establishment of International Research Institute of Ayurveda (IRIA) for scientific development of Ayurveda based on evidence, standardization of drugs and research linking Ayurveda to modern biotechnology. The works will be done in a phased manner. The outlay provided for the year 2026-27 is ₹ 250.00 lakh for infrastructure for starting research activities, ongoing construction of building and other infrastructure facilities for the Centre.

104. Traditional knowledge Innovation in Kerala

(Outlay: ₹47.00 lakh)

The Patent Cell was formed in 2003 under the Directorate of Ayurveda Medical Education with the objective of protecting the traditional knowledge in Ayurveda. A centre for traditional knowledge innovation in Kerala was established for strengthening the activities of patent cell viz documentation, research, registration and enforcement. An amount of ₹ 47.00lakh is provided for the scheme during 2026-27. Activities proposed are the following:

- Survey, identification, collection & conservation of documents
- Awareness programme on protection of traditional knowledge
- Linkage of database with patent offices
- Research activities, books, Publication & repository

105. Assistance to Kerala Ayurvedic Studies and Research Society, Kottakkal

(Outlay: ₹150.00 lakh)

The Vaidyaratnam P. S. Varier Ayurveda College, Kottakkal is administered by the Kerala Ayurveda Studies and Research Society, Kottakkal which is a society registered under Societies Registration Act 1860. The Society was set up in 1976 with the aim of developing the institution as a model institute in all fields of Ayurveda. The college is affiliated to KUHS and is conducting BAMS courses and seven PG courses. An amount of ₹ 150.00 lakh is provided for 2026-27 as grant in aid to the Society for completion of ongoing construction works sanctioned earlier and other academic activities.

106. Grant-in-aid to Ayurveda College, Ollur

(Outlay: ₹150.00 lakh)

Vaidyaratnam Ayurveda College was founded by the late Ashtavaidyan E.T. Neelakandan Mooss on 2nd October 1976 and is under the management of Vaidyaratnam Ayurvedic Educational Society, registered under the Literary, Scientific and Charitable Societies Registration Act XII/1955. The College is affiliated to the Kerala University of Health Sciences and offers BAMS Degree. An amount of ₹ 150.00 lakh is provided for 2026-27 as grant-in-aid to Vaidyaratnam Ayurveda College, Ollur for ongoing construction of academic block, purchase of furniture, books, computers, lab equipment, medical equipment, medicine and other academic activities.

107. Government Ayurveda College, Udumbanchola, Idukki

(Outlay: ₹ 150.00 lakh)

Kerala is considered as the land of Ayurveda due to its excellence in treatment, genuineness in drug application as well as indigenous treatment methods. There are three Government Ayurveda Colleges situated at Thiruvananthapuram, Thrippunithura and Kannur Districts. The current state of ayurveda education of Kerala compared to that of the other States is not promising to the numbers of UG and PG seats and facilities thereon. Department has proposed to establish a Government Ayurveda College at Udumbanchola, Idukki District. An amount of ₹ 150.00 lakh is provided for the year 2026-27 for the scheme for land development, construction of compound wall, starting construction of building and other infrastructure facilities.

HOMOEOPATHY

There are 709 homoeopathic dispensaries and 34 hospitals with a total bed strength of 1000 under Homoeopathy Department in the State. Kerala State Homoeopathic Co-operative Pharmacy (HOMCO) Alappuzha, a medicine manufacturing unit is also functioning under the Directorate of Homoeopathy. During 2026-27, a total outlay of ₹ 2385.00lakh is provided for the strengthening of the Homoeopathy Department.

108. Standardization & Modernization of Homoeo Department

(Outlay: ₹700.00 lakh)

This is an umbrella scheme by which it is envisaged to improve and standardize the homoeopathic health care services and upgrade the clinical and non-clinical facilities in the existing homoeo hospitals and dispensaries, in a phased manner. For delivering better quality services, standardization & modernization of the homoeo department is essential. The outlay can also be used for meeting department share for implementing pooled fund for special projects under Scheduled Caste Sub Plan/Tribal Sub Plan by SC/ST Departments. During 2026-27, an amount of ₹ 700.00 lakh is provided for conducting the following activities.

Sl. No.	Component	Component details
1	Computerization/ Modernization of Homoeo Department	Computerization and modernization of Homoeo Department envisages delivering better quality health care services beneficial to the public. The activities proposed during 2026-27 are purchase of computers and accessories,

Sl. No.	Component	Component details
		e-office, e-hospital, Ayush Homoeopathy Information Management System (AHIMS), furniture, AMC for computers, peripherals & printers, hospital equipment, Minor Works (Civil & Electrical), strengthening of planning machinery, workshop, preparation of master plans, plan monitoring, review, evaluation and documentation.
2	Standardization of Homoeopathic hospitals	The activities proposed for standardization of hospitals during 2026-27 are the following. ● Standardization of homoeo hospitals and dispensaries in terms of KASH ● Annual Maintenance Contract for hospital equipment ● Labs, hospital equipment, Setting up & strengthening of clinical lab, reagents ● Minor works/maintenance/repairs of homoeopathic institutions ● Hiring of vehicles for District Medical Officers ● Biomedical waste management ● patient friendly hospital initiatives ● biometric punching system
3	Strengthening of Medical Stores	Medical stores are essential for the purchase, preservation, storage and supply of medicines to the homoeopathic hospitals and dispensaries. At present, the department has 13 district medical stores and one central medical store at Thiruvananthapuram. The components proposed are purchase of medicines, strengthening of existing medical stores and other non-recurring contingent expenses.
4	Homoeo dispensaries	At present 669 homoeo dispensaries are functioning in the State. It is proposed to strengthen existing dispensaries. The components are the following. ● Furniture, equipment and medicine. ● Standardisation of homoeo dispensaries ● Strengthening of existing model dispensaries ● Upgradation of dispensaries in line with model dispensaries
5	Research activities	Homoeopathic research and allied activities, studies, homoeopathy award and scientific journal publication

109. Health Management & Speciality Health Care Centres

(Outlay: ₹ 675.00 lakh)

This is an umbrella scheme which intends to address various health issues such as communicable, non-communicable/lifestyle diseases prevalent in different strata of society

by providing special care and attention to children, women, transgender and elderly people. During 2026-27, an amount of ₹ 675.00 lakh is provided for health management & speciality health care centres for conducting the following activities.

Sl. No.	Component	Component details
1	Communicable Disease Management Programme (REACH)	Through the communicable disease management programme it is intended to conduct medical camps, health awareness programmes and seminars throughout the state with emphasis on areas more prone to epidemic outbreak. The activities proposed are the following. ● Regional communicable disease prevention programme ● Temporary dispensaries at pilgrim centres during festival season ● Regular communicable disease management programme ● Floating homoeo dispensaries
2	Adolescent Health Care and Behavioral Management Programme	Adolescent health care and behavioral management programme (sadgamaya) aims to solve problems concerning dysfunctional emotions, behaviors and cognitions procedure among children through systematic procedure. The outlay provided is for the implementation of school health programme and strengthening of the adolescent health care centres.
3	Homoeopathy Speciality Care Centres	Special OPs for giving treatment to diseases such as diabetes, thyroid, asthma, allergy etc. are now functioning in district hospitals on particular days by deploying medical officers from the peripheral dispensaries. The amount provided during 2026-27 is for continuing the mother and child care centres, geriatric care centres, specialty clinics for diabetes, asthma, thyroid, allergy and arthritis, mobile homoeopathy health centres, speciality clinics for endocrine disorders, speciality clinic for transgender (nisarga) etc.
4	Women Health Care Centre (Seethalayam)	Homoeopathic Women Health Care Centre (Seethalayam) is the first gender based scheme under Homoeopathy. Seethalayam provides support to suffering women in the society. More than treatment, Seethalayam is committed to be a part and parcel of the multi-dimensional support imparted by the Social Welfare department, State Women's Commission, Home department etc. De-addiction treatment facilities (punarjani) will be implemented in Seethalayam centres. Vimukthi scheme will also be implemented in association with Excise Department. The amount provided for the year 2026-27 is for strengthening infrastructure

Sl. No.	Component	Component details
		facilities in existing Seethalayam units, purchase of medicine & sundries, conducting training, IEC activities etc.
5	Pain and Palliative Care Centres	At present, chethana, 10 bedded cancer palliative care centre is functioning at vandoor in malappuram district and pain and palliative care units are functioning in the remaining 13 district homoeo hospitals. The outlay provided is for strengthening the pain and palliative care units in the district during 2026-27.
6	Ayush holistic centre for prevention and management of lifestyle diseases (AyushmanBhava)	The scheme visualizes the prevention and management of lifestyle diseases by integrating the merits of different ayush systems like homoeopathy, naturopathy and yoga. The homoeopathy department has already started ayush centres for prevention and management of lifestyle diseases in all districts. The component provided is for strengthening of the ayush holistic centres.
7	Shradha Project	Homoeopathic management for stroke affected patientsprevents further attacks by providing therapeutic management. The project will be implemented in Thiruvananthapuram, Calicut, Eranakulam, Kottayam and Kollam corporations.
8	Continuing Medical Education And Training	The amount is provided for continuing medical education and training for medical and paramedical staff to be abreast of the latest developments in the field, research & documentation activities of the department and IEC activities during 2026-27.
9	Strategic Information & Monitoring Unit	Collecting, Compiling & reporting data of the Homoeopathic Department

110. Capital fund for construction/renovation of Homoeopathic institutions

(Outlay: ₹300.00 lakh)

An amount of ₹ 300.00 lakh is provided during 2026-27 for the construction and renovation of homoeopathic institutions in the State based on a Master Plan. The outlay is earmarked for the completion of the works already sanctioned.

111. Janani (Fertility Centre)

(Outlay: ₹ 110.00 lakh)

The Homoeopathic System has very effective medicine for the treatment of infertility. Presently the fertility care centers are functioning in all districts. The other available medical systems for the treatment of infertility are too costly and hence this cost effective programme

called Janani is relevant to the time. An amount of ₹ 110.00 lakh is proposed for the following activities during 2026-27.

- Strengthening of fertility Care Centers in District Homoeo Hospitals
- Purchase of medicine, equipment and IEC activities
- other non-recurring contingent expenses

112. The Kerala State Homoeopathic Co-operative Pharmacy Ltd.

(Outlay: ₹ 100.00 lakh)

The Kerala State Homoeopathy Co-operative Pharmacy Ltd. (HOMCO) is engaged in the manufacture and supply of Homoeopathic medicines. It is the sole supplier of homoeopathic medicine to hospitals and dispensaries under department of Homoeopathy since 1980. The HOMCO is supplying medicines to over 15 States all over India and exporting to many countries. An amount of ₹ 100.00 lakh is provided for 2026-27 as grant-in-aid to meet various development activities of HOMCO.

113. National Mission on AYUSH - Homoeo (40% State Share)

(Outlay: ₹500.00 lakh)

Department of AYUSH (Ayurveda, Yoga & Naturopathy, Siddha, Unani and Homoeopathy), Ministry of Health and Family Welfare, Government of India has launched National AYUSH Mission (NAM). The basic objective of NAM is to promote AYUSH medical systems through cost effective AYUSH services, strengthening of educational systems, facilitate the enforcement of quality control of Ayurveda, Siddha, Unani and Homoeopathy drugs and medicinal plants. The funding pattern will be 60:40 by Centre and State. An amount of ₹ 500.00 lakh is provided for implementing National Mission on AYUSH in the State for Homoeo Department during 2026-27 as State Share. Additional amount will be made available to meet the State share in proportion to the central release.

HOMOEO MEDICAL EDUCATION

There are two government institutions imparting Homoeopathic education in Kerala. An amount of ₹ 828.00lakh is provided for the development of Homoeo Medical Education.

Assistance to Homoeo Medical Colleges

114. Assistance to Homoeo Medical Colleges

(Outlay: ₹828.00 lakh)

General activities included in the scheme are ongoing academic activities, seminars, workshops, medicine, teaching aids, materials & supplies, academic research activities, training programmes for the academic and non-academic staff, books, conducting refresher courses for teachers, journals, publications, furniture, computers & peripherals, AMC, NAAC/ NABH accreditation, sports items, medical equipment, lab equipment, glassware, chemicals, reagents, minor works, repairs and maintenance, other infrastructure facilities of college, hospital and hostel, e-office, patient friendly hospital initiatives, strengthening of planning machinery, workshop, preparation of master plans, plan monitoring, review, evaluation and documentation. An amount of ₹ 828.00 lakh is provided during 2026-27 for the execution of the development plan of the institutions. Details of funding are shown below:

Name of Institution	Revenue	Capital	Total
Govt. Homoeo Medical College, Thiruvananthapuram	394	50	444
Govt. Homoeo Medical College, Kozhikode	244	140	384
Total	**638**	**190**	**828**

Construction works should be based on a Master Plan. Priority may be given to the completion of the works already started The outlay can also be used for meeting department share for implementing pooled fund for special projects under Scheduled Caste Sub Plan/Tribal Sub Plan by SC/ST Departments.

A. Assistance to Govt. Homoeo Medical College Thiruvananthapuram

An amount of ₹ 444.00 lakh is provided during 2026-27 for the execution of the development plan of the institution. Specific activities not mentioned above are shown below:

- Indoor court in pharmacy college
- Cancer care, palliative care, infertility treatment
- Research Activities in Homoeopathy: with regard to the evidence based research in science, homoeopathy is constantly facing criticism due to the lack of scientific evidence to support its biological action in the human body. To provide a basic understanding of material constituents present in Homoeopathic Medicines, advanced analytical characterizations have to be conducted. A systematic and organized study of homoeopathic medicines using advanced analytical techniques will help to establish unique standardization of homoeopathic medicine.

Details of funding are shown below:

Name of Institution	Revenue	Capital	Amount (₹in lakh)
Homoeo Medical College, Thiruvananthapuram	359	50	409
Research activities in Homoeopathy	35	0	35
Total	**394**	**50**	**444**

B. Assistance to Govt. Homoeo Medical College, Kozhikode

An amount of ₹ 384.00 lakh is provided for various activities of the Medical College, Kozhikode during 2026-27. Specific activities not mentioned above are shown below:

- Ongoing construction of hospital building
- Activities of cancer care and palliative care units
- Research in homoeopathy and Infertility Management Project
- Ladies hostel extension work

Amount provided for the institution is shown below:

Name of Institution	Revenue	Capital	Total
Homoeo Medical College, Kozhikode	244	140	384
Total	244	140	384

9.6 WATER SUPPLY AND SEWERAGE

Kerala Water Authority (KWA) and Jalanidhi (Kerala Rural Water Supply and Sanitation Agency-KRWSA) are the two main agencies involved in the supply of drinking water in Kerala. The total outlay provided for water supply and sewerage in the Budget 2026-27 is ₹ 94723.00 lakh. The scheme wise details of the Budget 2026-27 are given below.

Sl. No.	Scheme	Amount (₹ in lakh)
I	**Kerala Water Authority (KWA)**	
1	Survey and Investigation	110.00
2	NABARD- Rural Infrastructure Development Fund- Rural Water Supply Schemes and Rural Sewerage Network Schemes	7000.00
3	Construction/Renovation of Civil Structures by KWA	600.00
4	Innovative technologies and modern management practices	100.00
5	Human Resource Development, Research & Development	100.00
6	Sewerage schemes of Kerala Water Authority	3100.00
7	Rehabilitation/improvement works of Urban Water Supply Schemes – UWSS	3400.00
8	Rural Water Supply Schemes	2400.00
9	Water supply scheme to specified institutions/locations	500.00
10	Optimisation of production and transmission	4800.00
11	Kerala Water Supply Project, JICA (one time sustenance support under the state plan)	557.00
12	Drinking water-Drought mitigation and emergency works	800.00
13	E-Governance, GIS and Information Management	100.00
14	Source improvement & Water conservation	300.00
15	Jal Jeevan Mission (NRDWP) -50% State share	56000.00
16	ADB assisted Kerala Urban Water Supply Improvement Project –KUWSIP (EAP)	7500.00
17	Works for the prevention of river pollution and creating awareness for the compliance of NGT direction	250.00
18	Energy Efficiency Improvement, Optimisation of Electromechanical Items, Safety Audit and Ensuring Safety in Operation of WTPs and Pump Houses	800.00
19	Infrastructure development and surveillance activities under Quality Control Wing of KWA	250.00
20	Enterprise Resource Planning(ERP)	100.00
	Sub Total –I	**88767.00**

Sl. No.	Scheme	Amount (₹ in lakh)
II	**KRWSA (Jalanidhi)**	
21	Scaling up of RWH (Rain Water Harvesting) & GWR (Ground Water Recharge) through KRWSA	1200.00
22	Sustainability support to community managed water supply Schemes	3100.00
23	Completion of Water Supply Schemes under Jalanidhi Phase-II	135.00
24	Conversion of domestic wells into protected and sustainable drinking water sources	400.00
25	Water Quality Monitoring & Surveillance and Grey Water Management	650.00
26	Research and Development in Rural Water Technologies	6.00
27	IEC, Capacity Building & Training and Jalasree Club	15.00
28	Rejuvenation of Water bodies for ensuring Source Sustainability of Water Supply Schemes	200.00
29	Project Management and Monitoring	250.00
	Sub Total –II	**5956.00**
	Total	**94723.00**

Kerala Water Authority

1. Survey and Investigation

(Outlay: ₹ 110.00 lakh)

Kerala Water Authority (KWA) is an autonomous body for Water Supply and Sewerage services in Kerala. For the supply of water to the entire State of Kerala and providing waste water services, survey and investigation has to be carried out for preparing the shelf of projects. It may also require procurement of modern survey equipments. Soil investigation works as a part of preparation of Detailed Engineering Report (DER) are also to be conducted. Extensive survey works are to be carried out so as to provide potable water to uncovered areas for providing 100% water supply and sewerage. The amount is included to conduct survey works for providing sewerage networks for various local bodies in order to prevent the pollution of water bodies as per NGT directions and also for the preparation of Detailed Project Reports (DPRs) for various water supply projects and sewerage projects.

An amount of ₹ 110.00 lakh is provided in the Budget 2026-27 for the above activities.

2. NABARD-Rural Infrastructure Development Fund- Rural Water Supply Schemes and Rural Sewerage Network Schemes

(Outlay: ₹ 7000.00 lakh)

Schemes were sanctioned under this from 2003 onwards with Tranche XXII and subsequent tranches. At present under NABARD, the schemes under Tranche XXII onwards

only have been included as the previous tranches have been expired. The current ongoing tranches are XXVI and XXVII.

National Green Tribunal (NGT) has given strict directions to ensure that sewerage does not overflow into the public water bodies. NABARD funds (RIDF) can be utilized for creating the necessary infrastructure in sewerage sector thereby ensuring that State Plan funds can be utilized for sewerage network. An amount of ₹ 7000.00 lakh is provided during 2026-27 for completing the previous and current tranche. The State share of 15% of the total project cost for NABARD schemes can also be met from State Plan fund.

3. Construction/Renovation of Existing Civil Structures owned by KWA

(Outlay: ₹ 600.00 lakh)

Regular upkeep and maintenance of buildings and premises of KWA are required. There are 914 schemes in operation in KWA which have various civil structures such as intake well, water tanks, pump houses etc. which are aging and require maintenance. The major aim of the head is to make improvement of assets of KWA, mandatory buffer zone around the Water Treatment Plants(WTPs), Sewage Treatment Plants (STPs), and KWA offices. Renovation of structures, protection of existing infrastructure, annual maintenance of various civil structures like office buildings, treatment plants, intake structures, water tanks, pump houses, staff quarters etc. are envisaged under this programme. The maintenance of the civil structure is proposed to be done in a phased manner for protecting the assets created and to improve the quality of service. Compound walls are to be constructed around the WTPs, KWA offices and vacant plots to clearly demarcate the land owned by KWA and landscaping. Mandatory buffer zone maintenance, providing fire way track, rain water harvesting measures over the rooftop of office buildings, treatment plants etc. of KWA having large area are also included. Toilets need to be constructed in the pump houses, WTPs, offices, tanks and installation of water tanks for providing water supply through pipes to these toilets are to be carried out in a phased manner.

Construction of office spaces within the existing civil structures of KWA, construction of new office spaces in the land owned by KWA are also included under this programme. Expenditures related to transforming the old Jala Bhavan office building into a museum that highlights the significance of KWAs water supply system are also included.

An amount of ₹ 600.00 lakh is provided during 2026-27 for the construction/renovation of civil structures by KWA.

4. Innovative technologies and modern management practices

(Outlay: ₹ 100.00 lakh)

The major aim of this scheme is to improve the services delivery and quality by adoption of new technologies and modern management practices. Non-Revenue Water (NRW) reduction is an area requiring immediate attention as the estimated NRW is in tune of 40%. The objectives of the scheme are to reduce the NRW, increase revenue, efficiency improvement of schemes, reduce wastage of treated water, modernise the schemes, adopt new technology and make quantitative assessment of water produced in the schemes. Quantitative assessment of water produced and supplied through the schemes and accounting leakage of water are done by installing bulk meters. The project envisages for procurement of bulk meters including non-destructive bulk meters at all major schemes and to integrate these with Supervisory Control and Data Acquisition (SCADA). Leak detection equipment like metallic and non-metallic pipe

locators, valve locators, acoustic leak detectors etc. are also to be procured for locating pipes and buried manholes. Automation of pump houses and WTPs, dual media for augmentation of WTPs and installation of smart meters for remote assessment of water consumption are also included in the activities of the scheme. As part of the innovative and modern management, automation of pump houses, implementation of energy efficiency improvement programmes and robotic cleaning of sewage manholes are also proposed.

Water audit and leakage control programmes are to be designed for all water supply schemes. Systems that not only detect and indicate the water quantity parameters, but also control the water level in the tank. Smart meters and monitoring hubs allow real time water consumption measuring, helps to identify excessive usage and waste points as well as correct usage patterns and make predictions for future consumption. Using smart meters and water monitoring systems can correct water consumption routines and reach sustainability and budgeting goals.

An amount of ₹ 100.00 lakh is provided for the scheme during 2026-27**.**

5. Human Resource Development, Research & Development

(Outlay: ₹ 100.00 lakh)

Kerala Water Authority is operating and maintaining around 2600 Water Supply Schemes and is having a staff strength of more than 15000. Regular training is needed to equip the staff members for utilising their potential. They also need to be exposed to rapidly changing technological and management practices. It is aimed to impart training and capacity building activities to elevate the attitude, skill and knowledge of employees, thereby equipping them to meet organisational needs. As part of in-house training programme, the training centre of KWA proposes to conduct/host training to 4000 employees of KWA, covering technical, managerial, administrative, financial and legal subjects. Online and classroom/ residential/field/demonstration trainings are proposed to be arranged. The training centre has been deputing training to officers conducted by reputed institutes both inside and outside the state. Training is also proposed through other reputed training organisations/freelance trainers. In addition to regular subjects, additional training on new/emerging applications in KWA like GIS, software based applications etc. are also being conducted. Officers are deputed for workshops/seminars etc. which are found relevant to KWA. The library is to be updated with new books, periodicals and other electronic training aids. Reference books like manuals, code of practices, IS codes, training videos etc. need to be added to the library. The expenses towards day to day activities/infrastructure development of the training centre are also envisaged under the scheme.

For the modernisation and improving efficiency of the maintenance of water supply and sewerage system, it has been decided to explore ideas of young talents in the State to develop innovative solutions specifically to suit the working environment of KWA. Expenses needed for Research & Development activities are also envisaged under the scheme.

An amount of ₹ 100.00 lakh is provided for the scheme during 2026-27

6. Sewerage schemes of Kerala Water Authority

(Outlay: ₹ 3100.00 lakh)

Kerala Water Authority has the mandate for collection and disposal of waste water in the State. But the presence of Kerala Water Authority in this sector is very minimal and is limited to Thiruvananthapuram, Kochi Corporations and Guruvayur Muncipality. The coverage in Thiruvananthapuram is about 30%, but that in Kochi it is hardly 2%. It is essential to have DPRs, establish systems and maintain them. It is envisaged to take up new small scale projects taking 2 to 3 wards as a cluster and provide small decentralised treatment plants of various capacities to treat sewerage upto 20mld using latest technologies incorporating the reuse of treated effluent as specified by National Green Tribunal. Maintenance and upgradation of the existing plant and sewerage network is also a necessity. Through this scheme KWA intends to carry out urgent maintenance/repair works in existing sewer lines, to reduce inconvenience to the public, ensuring 100% sewerage network for Kerala, expansion of sewerage systems in Thiruvananthapuram and Kochi, preparing proposals for establishing decentralised sewerage systems in other major cities and towns, robotic cleaning of sewage manholes etc. Purchase of sophisticated equipments for sewer cleaning, carrying out survey works for improving sewerage facilities etc. are also envisaged under this scheme.

An amount of ₹ 3100.00 lakh is provided during 2026-27 for the scheme.

7. Rehabilitation/improvement works of Urban Water Supply Schemes -UWSS

(Outlay: ₹ 3400.00 lakh)

The objective of the scheme is to achieve 100% coverage in urban areas. Previous schemes were designed for 100 lpcd and now enhanced to 150 lpcd. Hence new schemes/ augmentation of existing schemes are to be carried out. Effective utilization of the huge investment made by KWA on production components will be possible only when distribution networks are laid. It is proposed to lay distribution networks for schemes in municipalities whose production components are completed/ongoing. To build climate resilience new alternatives like desalination plants are also to be explored. Upgradation/revamping of existing schemes are also to be taken up.

An amount of ₹ 3400.00 lakh has been provided during 2026-27 for the scheme.

8. Rural Water Supply Schemes

(Outlay: ₹ 2400.00 lakh)

In early years, rural Water Supply Schemes (WSS) were designed for 40/70 lpcd. Now this is enhanced to 100 lpcd. New schemes/augmentation of existing schemes are to be carried out to increase coverage in unserved and underserved areas. Even though Jal Jeevan Mission (JJM) is targetted to provide Functional Household Tap Connections (FHTCs) to all the rural households within two years, some individual schemes/works are necessary for providing water supply in isolated/elevated areas. Also the new schemes having high per connection cost is proposed to be taken up under this head excluding the JJM component. It is proposed to complete the ongoing rural schemes and to take up new schemes wherever essential under this scheme.

An amount of ₹ 2400.00 lakh has been provided during 2026-27 for the scheme.

9. Water supply scheme to specified institutions/locations

(Outlay: ₹ 500.00 lakh)

This scheme is intended for providing uninterrupted potable water supply to some specified institutions/locations thereby ensuring adequate water supply and preventing the spread of epidemic and waterborne diseases. Following are the activities proposed for the year 2026-27.

a) WSS to Medical Colleges and other health institutions.
b) Water supply to Schools and other educational institutions including professional colleges.
c) Water supply to Government Institutions like civil station premises, prison, correctional homes, court etc.
d) Water supply to Government Social Welfare Institutions like old age home, orphanage, etc.
e) Water supply scheme to special locations like pilgrim centres and other locations.

An amount of ₹ 500.00 lakh is provided for the programme during the year 2026-27

10. Optimisation of production and transmission

(Outlay: ₹ 4800.00 lakh)

Major assets of Kerala Water Authority are pipe lines and the pipe lines laid are more than 30-50 years old in some cases and the chances of breakage of the pipes are very high. According to pipe policy of KWA, all AC, premo pipes and Cast Iron pipes are to be fully replaced in a phased manner. This will also decrease NRW and improve piped water quality and public health. The pipe lines at different locations are worn out and damaged and results in frequent leakages of pumping mains and distribution systems. Pipe lines are to be extended to water scarce areas by utilising the excess available water in the existing schemes. Many old water supply schemes need to be rehabilitated incorporating modern technologies to improve performance as per the International Standards. Flow measuring instruments have to be provided at all WTPs to assess the quantity of water produced. Renovation of WTPs which helps in optimising the production and transmission, energy conservation measures and rehabilitation of obsolete pumps and motors and other electrical installations to increase the power efficiency are also envisaged. In addition to the above, other works like the installation of bulk meters for identifying the non-metered supply, enhancing the capacity of plants, interconnection works etc. are also carried out under this scheme. The associated expenses for the balance works under NABARD is also included under the scheme.

For the above works, an amount of ₹ 4800.00 lakh is provided during. 2026-27

11. Kerala Water Supply Project, JICA (One time sustenance support under the State Plan)

(Outlay: ₹ 557.00 lakh)

JICA (Japan International Cooperation Agency) assisted Kerala Water Supply Project consists of five water supply projects in Thiruvananthapuram, Meenad, Cherthala, Kozhikode and Pattuvam. All the projects except part of the distribution system in Meenad and Kozhikode and rehabilitation of two WTPs at Thiruvananthapuram have been completed and commissioned. It is expected to make available potable drinking water to Thiruvananthapuram, Meenad, Cherthala, Kozhikode and Pattuvam.

An amount of ₹ 557.00 lakh is provided during 2026-27 for settling the final bill of the project in all respects.

12. Drinking water-Drought mitigation & Flood control works

(Outlay: ₹ 800.00 lakh)

Natural calamities like drought, flood and cyclone have become a recurring phenomenon in our State. Besides natural calamities, emergency situations of calamitous proportions like damages to properties in case of large diameter pipe bursts, damages to water supply installations, water supply to emergency relief camps during natural calamities are also to be taken up under this scheme. Also, WTP production improvement works, urgent electrical maintenance works, works for bringing valves, machineries, standby units in proper working conditions are also aimed at for 2025-26. Pipe line extensions to drought hit areas, additional pumping and capacity enhancement during drought period are also included. Flood control works are also included in this scheme. It is proposed to take up works for providing water supply during natural calamities and other emergency situation.

An amount of ₹ 800.00 lakh is provided in the Budget 2026-27 to take up the works for providing water supply during natural calamities and other emergency situations.

13. E-Governance, GIS and Information Management

(Outlay: ₹ 100.00 lakh)

This scheme aims to develop a well-equipped web based management system in Kerala Water Authority that helps to prepare, update and manage water distribution assets and related resources in a common repository and a better informed decision making and customer relations in the organisation.

Development of new in-house software for various wings in KWA.

- Implementation of comprehensive GIS, IT and banking solution for KWA.
- Connectivity charge using leased line
- Revamping and modernisation of office LAN using Wifi/similar cutting edge technologies with proper security devices.
- Availing MARCH(Monitoring Accounting & Reporting by Centralized HR System), O& M (KWA Ongoing Bill Monitoring System) and PASK
- Annual Maintenance Contract for up keeping of photocopiers, computers, printers, servers, network devices etc
- Purchase of new computers and their peripherals, Network components spares, Anti-Virus Software, server/backup devices, scanners, plotters, printers, laptops, UPS, UPS batteries, Work Centres, Tablets to field officers, upgradation of computers, Networking new offices, Network components spares(switches and routers, modem), Network Monitoring Software, System software(if necessary) etc.

An amount of ₹ 100.00 lakh is provided for the programme during the year 2026-27.

14. **Source improvement and Water conservation**

(Outlay: ₹ 300.00 lakh)

Strengthening of streams and increasing storage capacity is a means for ensuring sufficient water in the sources. Hence check dams and regulators are essential in all the major sources for ensuring maximum storage of water. The improvement works of tube wells, open

wells, infiltration gallery, leading channel etc. are to be carried out. Desilting and protection works to reservoirs, artificial recharging of sources, side protection of weirs and check dams are to be provided and repairs to the existing structures are to be done. Construction of weirs/bunds across rivers has to be taken up to ensure pumping during summer.

It is proposed to provide Functional Household Tap Connections (FHTCs) in all the rural households as part of JJM. In order to fulfil the demand, source adequacy has to be ensured. Hence improvement works have to be taken up in all the existing sources.

An amount of ₹ 300.00 lakh is provided for the scheme during 2026-27.

15. Jal Jeevan Mission (NRDWP) - 50% State share

(Outlay: ₹ 56000.00 lakh)

Jal Jeevan Mission (JJM) is a Centrally Sponsored programme in continuation with NRDWP, envisioned to provide safe and adequate drinking water through individual household tap connections to all households in rural India. The mission ensures that every rural household has drinking water supply in adequate quantity of prescribed quality on regular and long-term basis at affordable service charges. This project is being implemented on 50:50 cost sharing basis between the Centre and State. Kerala State has adopted 50:25:15:10 ratio representing Central, State, LSG and beneficiary contribution respectively.

An amount of ₹ 56000.00 lakh is provided from State plan fund as 25% State Share for KWA and Jalanidhi for the implementation of the programme during 2026-27 and the balance amount of State share will be met by local bodies and beneficiaries. Additional State share will be released in accordance to the central release.

16. ADB assisted Kerala Urban Water Supply Improvement Project –KUWSIP (EAP)

(Outlay: ₹ 7500.00 lakh)

ADB assisted KUWSIP aims at improving the water supply in Kochi and Thiruvananthapuram Corporations by rehabilitating the old production components and the network, there by achieving 24x7 water supply in the above areas by considerable reduction of NRW and overall improvement of efficiency. It proposes the NRW reduction to less than 20% in Kochi, providing 24x7 water supply in Thiruvananthapuram and Kochi Corporations, equitable and continuous pressurized water supply, and rehabilitation of production and distribution components. It also involves management improvements including improving the billing systems, customer service centers, management information systems, and capacity building of KWA staff.

An amount of ₹ 7500.00 lakh is provided for the programme during 2026-27.

17. Works for the prevention of river pollution and creating awareness for the compliance of NGT direction

(Outlay: ₹ 250.00 lakh)

National Green Tribunal (NGT) while considering various Original Applications (OAs) related to pollution of river stretches and coastal regions has ordered that the State shall ensure that various measures are taken to prevent the pollution of river stretches and coastal areas on priority basis and within specified time limit. One of the directions is to ensure 100% treatment of sewage at least to the extent of in-situ remediation. Sewage Treatment Plants (STPs) are to be setup at feasible locations and treatment of sewage to be ensured. While 100% sewerage network

and STPs can only be executed in a phased manner, decentralised STPs and Faecal Sludge Treatment Plants (FSTPs) can be setup as first phase. NGT has also ordered for reuse of treated water from STPs which mandates tertiary treatment plants and recycling plants. Being the agency for ensuring sewerage services and to cope up with the emerging need of sewage management as per the orders of NGT, KWA has created a separate vertical wing for exclusive sewerage works across the State. Protecting the river source area by providing proper fencing is also envisaged.

It is also proposed to conduct awareness programmes through public gatherings, posters, awareness, advertisements in print and visual media regarding the importance of maintaining the water quality of rivers as per standards.

An amount of ₹ 250.00 lakh is provided for the programme during 2026-27.

18. Energy Efficiency Improvement, Optimisation of Electromechanical Items, Safety Audit and Ensuring Safety in Operation of WTPs and Pump Houses

(Outlay: ₹ 800.00 lakh)

Kerala Water Authority (KWA) operates 273 high-tension (HT) and over 2000 low-tension (LT) water pumping stations throughout the State. Rural Water Supply Schemes make up the majority of the LT users. Energy is a critical criterion for the proper operation of both water treatment distribution systems and waste water collection and disposal systems. As energy demand rises and the depletion of traditional energy sources accelerates, energy efficiency programmes have become the necessity at KWA. Objectives of the scheme are:

- To improve energy efficiency thereby lowering the cost of energy, which accounts for a significant portion of operating expenses.
- To reduce annual power charges and the power consumption of KWA.
- To avoid any untoward incidents originating from a dangerous working environment by ensuring safety protocol, placing safety gears and equipment in appropriate places.

It is proposed to conduct investment grade audits and do the rectification works immediately. Automation of Pumphouses and Real-Time Monitoring system, Energy conservation measures and rehabilitation of obsolete pumps and motors and other electrical installations to increase the power efficiency are also envisaged under this scheme. Personal protection equipments are to be procured and provided to workplaces as an effort to increase the safety in workplaces.

Installation of CCTV cameras in WTPs and pump houses of KWA are also proposed to ensure safety. An amount of ₹ 800.00 lakh is provided for the programme during 2026-27.

19. Infrastructure development and surveillance activities under Quality Control Wing of KWA

(Outlay: ₹ 250.00 lakh)

Quality Control wing of KWA conducts the surveillance and monitoring of drinking water being supplied through various Water Supply Schemes. For ensuring the quality of drinking water supplied by KWA the quality parameters are tested as per IS 10500:2012. The physical, chemical and bacteriological parameters are tested in the Quality Control Labs. Routine inspections are conducted by the Engineers and short comings in the water quality parameters and functioning of Water Treatment Plants are reported to the water supply wing for taking

remedial action. Raw water samples from intake points are routinely tested for detecting any contaminations. Surveillance inspections and lab checking for the quality of chemicals used in water treatment namely Alum, Lime and Bleaching powder are conducted. A network of Quality Control labs has been established under KWA for timely testing of water quality parameters of the drinking water supplied. There are 14 Nos District labs and 71 Nos Sub District labs. The State lab functions in the State Referral Institute for Water Quality 'AQUASRI' in Ernakulam. Accreditation for Microbiology parameters has been obtained for 10 District labs. Focused implementation and priority to Water Quality Monitoring and Surveillance (WQM&S) are essential for ensuring safe drinking water supply to every household and public institution. It mainly focuses on the timely identification of water-borne health risks, taking preventive and remedial measures and creating awareness on various water quality issues, including the safe handling and storage of water at production centres.

An amount of ₹ 250.00 lakh is provided for the activities under Water Quality Monitoring and Surveillance (WQMS) and effluent quality testing, expansion of labs, material and pipe testing labs in the year 2026-27.

20. Enterprise Resource Planning (ERP)

(Outlay: ₹ 100.00 lakh)

Enterprise Resource Planning (ERP) refers to a type of software that organizations use to manage day-to-day business activities such as accounting, procurement, project management, risk management and compliance and supply chain operations. An ERP is an application that makes use of a central database that receives information from various departments within an organization. Implementation of ERP in KWA will be to facilitate information sharing, business planning and decision making on an enterprise-wide basis. ERP systems streamline and automate processes, creating a leaner, more accurate and efficient operation. ERP is a method of using computer technology to link various functions such as accounting, inventory control, and human resources across an entire organisation. KWA envisages modules like HR, Asset, GIS based asset mapping procurement, O&M management, Billing, Customer Relationship Management (CRM) and Finance & Operations. It also helps to increase efficiency and productivity by helping users navigate complex processes and preventing data re-entry. Allocation for procurement of Laptop Medium end, Modification in O&M software, Purchase of software tools, functioning of GIS expert for procurement of VPN Server (Firewall), Test Server Network infrastructure enhancement in Head Office, Computer Upgrading are included in the scheme

An amount of ₹ 100.00 lakh is provided for the programme during the year 2026-27.

Kerala Rural Water Supply and Sanitation Agency (KRWSA)/ Jalanidhi

21. Scaling up of RWH (Rain Water Harvesting) & GWR (Ground Water Recharge) through KRWSA

(Outlay: ₹ 1200.00 lakh)

Scaling up of roof top Rain Water Harvesting programme with the component of Ground Water Recharge is found suitable for the individual households as alternative method for providing drinking water and gradually improving the water table.

There are two components under this scheme

(1) Scaling up of Rain Water Harvesting(RWH) and Ground Water Recharge(GWR) and
(2) Ground Water Recharge for source sustainability

Activities proposed under the first component include construction of individual household level RWH tanks of 10,000 litre capacity, ground water recharge for source sustainability of water supply schemes, capacity building / IEC activities. Amount is also earmarked for the project for sustainability of drinking water facilities in KR Narayanan Institute.

Activities proposed under the second component include ground water dams or sub-surface dykes, kunju kuzhis or small bores around open and bore wells, construction of minor/small check dams across streams, thodus and sources-specific to add-ons to the water sustainability of the sources and contour bunds.

An amount of ₹ 1200.00 lakh is provided during 2026-27 for the above activities.

22. Sustainability support to community managed water supply schemes

(Outlay: ₹ 3100.00 lakh)

KRWSA has implemented Jalanidhi Phase I & II Projects during the period 2000-2020. Jalanidhi is implemented by following demand driven, participatory and community managed approach. Once the schemes are commissioned the assets created are handed over to Beneficiary Groups (BGs) for operation and maintenance by themselves. 5884 Water Supply Schemes, covering 22.26 lakh people (4.52 lakh HHs), have been constructed so far under Jalanidhi Projects and handed over to the communities for operation and maintenance. During 2026-27, it is proposed to restore fully/partially defunct community managed water supply schemes across the State, to conduct capacity building & IEC, to prepare a data base of community based small water supply infrastructure and re-position of KRWSA as a backstopping support agency for community managed water supply scheme. It is proposed to rejuvenate partially/fully defunct schemes in 2026-27.

The scheme also includes modernisation/economisation of community water supply schemes to provide state-wide installation of on-grid solar power plants with varying capacity.

An amount of ₹ 3100.00 lakh is provided for the programme during 2026-27 of which 60% is expected to be women beneficiaries.

23. Completion of Water Supply Schemes under Jalanidhi Phase II

(Outlay: ₹ 135.00 lakh)

The World Bank aided Jalanidhi Phase II Project, which was implemented in 115 Grama Panchayaths, has completed and commissioned 2174 Water Supply Schemes. For completing the balance activities of Jalanidhi Phase II projects an amount of ₹ 135.00 lakh is provided during 2026-27.

24. Conversion of domestic wells into protected and sustainable drinking water sources

(Outlay: ₹400.00 lakh)

As per 2011 census, 65% of households depend on wells for drinking water. Even people connected with network water supply, use well water for cooking and drinking because of taste preferences and traditional values. The dug wells and bore wells are excellent means of ground water recharge and if properly protected and recharged, wells can serve as reliable sources of drinking water and at the same time replenish the dwindling ground water table. Even when piped water supply is available, people will have to depend on alternate sources to meet the additional demand.

An amount of ₹ 400.00 lakh is provided during 2026-27 for installation of recharge system for domestic/public/institutional open wells and bore wells into sustainable drinking water sources and for providing capacity building and IEC activities.

25. Water Quality Monitoring & Surveillance and Grey Water Management

(Outlay: ₹650.00 lakh)

An amount of ₹ 650.00 lakh is provided for the following 2 components.

a. **Water Quality Monitoring and Surveillance of Community Managed Water Supply Scheme**

Ensuring safe drinking water is essential to health, a basic human right and a component of effective policy for health protection. Regular monitoring of water supplied is a prerequisite of potable water supply to households and public institutions. To test water samples and surveillance of water sources as well as water at delivery points in homes and alerting people about possible contaminations to prevent water-borne diseases are the most critical steps of Water Quality Monitoring and Surveillance (WQM&S).

An amount of ₹ 200.00 lakh is provided for the component during 2026-27 to install water quality mitigation interventions for 100 water quality affected drinking water supply schemes across the State and for providing capacity building and IEC activities.

b. **Grey Water management in colonies of vulnerable groups.**

Grey waste management activities will reduce the burden on fresh water supply and augment water for non-potable domestic purposes. With appropriate policy nudges, these can be scaled up into opportunities addressing water stress in rural Kerala. This proposal aims to take up grey water management in individual households, communities, public health institutions, hostels etc. The grey water thus can be treated and reused for flushing toilets, groundwater recharge, irrigation, gardening, and other non-domestic/non-potable purposes. The reuse of grey water will solve many problems related to water scarcity and will lead to the saving of financial resources which in turn helps to support the water economy. This will ease the stress on treated water which is lost as a non-revenue commodity.

An amount of ₹450.00 lakh is provided to implement grey water proposals in vulnerable/need areas across the State and for providing capacity building and IEC activities during 2026-27.

26. Research and Development in Rural Water Technologies

(Outlay: ₹6.00 lakh)

KRWSA has initiated studies on the declining water table trend in the state and suggests appropriate interventions by inducing groundwater recharge activities in the three geomorphologic units of the State viz coastal plain, midlands and highlands. During 2026-27, it is proposed to enter into a research partnership with reputed technical/scientific institutions by providing facilities for research in the water sector areas in the above three units and submission of reports to the Government on the findings. It also proposes to provide financial scholarships to two students willing to take up research in this field. The areas to be focussed include groundwater levels which are declining regularly/inadequate availability of ground water and it is also proposed to implement roof water recharge in selected open wells in the adjoining GPs. It is necessary to identify both success and failure models both in technology and management for developing innovative ideas in the sector.

An amount of ₹ 6.00 lakh is provided during 2026-27 for R&D, development of new technology and management in the water supply and sanitation sector and to continue the activities initiated by KRWSA.

27. IEC, Capacity Building & Training and Jalasree Club

(Outlay: ₹ 15.00 lakh)

Information Education and Communication (IEC) activities in water sector aims at building capacities of different stakeholders especially local communities, responsible and responsive leadership to own, manage, operate and maintain in-village water supply systems. Therefore, IEC strategies, their planning and effective implementation will be the key to success of community based schemes in water supply. Capacity Building and Training activities for the sustainability support programme is envisaged to rebuild/reorient/reenergize the existing institutional set up to effectively and scientifically manage the water supply schemes so as to serve at the desired level. Creating awareness among the population, especially the younger generation is critical to achieve this goal and so it is proposed to establish Jalasree clubs in schools to inculcate the value of water to the populations at young age. Visual and media documentation and dissemination through Jalasree Clubs for capacitating the club leaders and teacher coordinators are also included in the scheme

An amount of ₹ 15.00 lakh is provided for the programme during 2026-27.

28. Rejuvenation of Water bodies for ensuring Source Sustainability of Water Supply Schemes

(Outlay: ₹ 200.00 lakh)

Water bodies are an inherent part of the ecosystem. They have traditionally served the function of meeting water requirements of the populace for drinking, household uses like washing, for agriculture, fishing and also for religious and cultural purposes.

The scheme is put forth to develop and conserve the water bodies/wetlands/lakes of the State in a phased manner. The scheme intends to explore the possibility to work in close partnership with all the State line departments in protection, conservation and sustainable management of the water bodies

Artificial recharge activities including rainwater harvesting/conservation, recharge of water bodies/ wetlands, lake renovation, desilting, rehabilitation and other civil works for restoration, preservation, conservation and comprehensive project report preparation and IEC activities are included in the scheme.

An amount of ₹ 200.00 lakh is provided for the scheme during 2026-27.

29. Project Management and Monitoring

(Outlay: ₹250.00 lakh)

Kerala Rural Water Supply and Sanitation Agency (KRWSA) has a key role in implementing community based water supply projects under Jalanidhi and has established a wide network in mobilising communities towards implementing the participatory, community driven water supply and sanitation facilities owned and managed by them. It is also the nodal agency of the State Government for the implementation of rain water harvesting programme in the State.

As part of implementation and monitoring of the plan schemes, an effective administrative mechanism is inevitable.

An amount of ₹ 250.00 lakh is provided for meeting functional and project management cost during 2026-27.

9.7 HOUSING

Housing is a basic need and is recognised as a human right. Kerala is ahead of other Indian States both in terms of reducing housing deprivation and providing better quality of housing. The government started a comprehensive housing scheme, viz; the Livelihood Inclusion and Financial Empowerment (LIFE) programme to provide safe housing for all which is implemented by local bodies. During 2026-27 an amount of ₹7391.00 lakh is earmarked for housing department. The department/institution-wise outlay provided during 2026-27 for the housing sector is given below.

Sl. No.	Name of Department	Amount (₹ in lakh)
I	Kerala State Housing Board	5511.00
II	Housing(Technical Cell) Department(Housing Commissionerate)	135.00
III	Kerala State Nirmithi Kendra	1325.00
IV	Public Works Department	420.00
	Total	**7391.00**

I. Kerala State Housing Board

Kerala State Housing Board, the implementing agency in the housing sector under government has been providing residential facilities to prospective beneficiaries through its public housing schemes apart from cash loan assistance for house construction. The schemes envisaged for the year 2026-27 are given below.

1. Grihashree Housing Scheme

(Outlay: ₹ 2400.00 lakh)

Grihashree Housing Scheme is a subsidy scheme implemented by the Kerala State Housing Board from 2013-14 onwards with budgetary support by providing Government subsidy for the construction of houses with participation of NGO/Voluntary agencies/Philanthropic individuals in a minimum of 2 cents/3 cents of land owned by EWS/LIG categories. Now the Government subsidy is being increased to ₹ 3.00 lakh/house and the total cost of construction of the house is estimated as ₹ 5.00 lakh.The main aim is to reduce the proportion of the homeless population to total population and to ensure access for all to adequate, safe and affordable housing and basic services. The scheme will be continued during the year 2026-27 to disburse subsidy to 800 houses @ ₹ 3.00 lakh/house. The scheme is envisaged for the beneficiaries who have not benefited from the LIFE scheme.

An amount of ₹ 2400.00 lakh is provided for the implementation of the scheme to provide Government subsidy as well as monitoring and evaluation during 2026-27.

2. Training Plan for KSHB staff

(Outlay: ₹ 232.00 lakh)

The scheme is for the construction works in headquarters and regional offices, video conference facilities and furnishing of offices. Cost of annual maintenance of equipment, CCTV installation, telephone, Biometric punching facilities, office automation, stationery, printing and publishing of handbook, website up gradation and maintenance, software security

auditing and hosting of software at state data centre, purchase, development, and annual maintenance of required software, electrification and networking, office modernisation, furniture purchase, annual internet connection charges and purchase of hardware and software, are the other activities included in the scheme. Training programme for technical officers of KSHB is also envisaged under the scheme. The scheme also includes setting up an internship training centre.

An amount of ₹232.00 lakh is envisaged for Training Plan for KSHB staff during 2026-27.

3. EWS/ LIG/MIG1 Housing Scheme

(Outlay: ₹ 919.00 lakh)

The scheme aims to provide affordable housing for homeless people belonging to EWS/LIG/MIG1category. The scheme comprises of two components. viz;

(i) Housing for EWS/LIG category constructed under government land/board land
(ii) Loan linked subsidy scheme

Under the 1st component, it is proposed to construct houses in the land owned by the board/government land and allotted to beneficiaries subject to the maximum subsidy of ₹3.00 lakh and 25% of the total project cost. Completion and renovation of construction works under the Saphalyam Scheme at various locations are also envisaged, since the Saphalyam scheme is meant for the economically weaker sections of the society.

2nd component is a loan linked subsidy scheme to realise the dream of owning a house for those belonging to LIG/MIG1 category and have taken housing loan assistance from any nationalized bank. The loan can be provided either for construction or for purchase of the house.

While implementing the scheme, transgender persons may also be considered if the need comes through Social Justice Department.

An amount of ₹919.00 lakh is earmarked for implementing the scheme during 2026-27.

4. Thanteyidam

(Outlay: ₹200.00 lakh)

The programme named 'Thanteyidam'(My own space) aims to provide houses to the homeless children living in government/non-government welfare institutions who have to leave these institutions once they attain 18 years of age. Kerala State Housing Board would implement the scheme in collaboration with the Department of Women and Child. Board proposes to continue the scheme in 2026-27 by allotting the houses/flats being constructed by the Board under EWS/LIG housing scheme at various districts in Kerala by utilizing the plan fund to the beneficiaries recommended by the Women and Child Development department. An amount of ₹ 200.00 lakh is earmarked for the scheme during 2026-27 which will be sufficient to provide houses to 10 beneficiaries. The already constructed /being constructed houses of Housing Board shall be allotted to Thanteyidam beneficiaries. Priority will be given to survivors of POCSO. 50% of the houses under Thanteyidam project should be given only to women.

An amount of ₹ 200.00 lakh is provided during 2026-27 for implementing the scheme.

5. Loans to KSHB for Senior Citizen Homes

(Outlay: ₹ 200.00 lakh)

The scheme is intended to provide age friendly living environments for senior citizens capable of independent living, who require minimal support and care and willing to pay for accommodation, services and facilities. The beneficiaries are retired Government/non-Government employees/elderly people. The board proposes to construct cottages for senior citizens in the land owned by the Board and the project will be implemented on a sustainable/revenue generating model. After completion, cottages will be managed by Kerala State Housing Board and adequate security, housekeeping, dining and recreation facilities will be provided.

An amount of ₹ 200.00 lakh is provided during 2026-27 for implementing the scheme.

6. M N Laksham Veedu Punar Nirmmana Padhathi

(Outlay: ₹1000.00 lakh)

It is estimated that around 9004 houses constructed under Laksham veedu scheme is not inhabitable and it is planned to reconstruct 5,000 of these homes over next five years. The component of M N Laksham Veedu Punar Nirmmana Padhathi is Suvarnabhavanam. Under M N Laksham Veedu Punar Nirmmana Padhathi - Suvarnabhavanam scheme is expected to significantly improve living conditions for beneficiaries by providing safe and comfortable homes, thereby enhancing housing accessibility for low-income and economically weaker sections. The collaboration among the Government, private sponsors and beneficiaries will strengthen community support and create a model of shared responsibility in housing reconstruction. Board proposes to implement the scheme with an aim to disburse ₹5.00 lakh to the beneficiaries in such a manner that Government subsidy is ₹3.00 lakh/house, and ₹ 2.00 lakh/house as contribution from one or two sponsors/beneficiaries (private funding).

An amount of ₹ 1000.00 lakh is earmarked in the Budget 2026-27 for re-constructing of dilapidated houses.

7. Rental Housing Scheme for Government Employees

(Outlay: ₹460.00 lakh)

The scheme is intended for constructing residential flats as quarters which are to be allotted to Government employees on rental basis in the land owned by the Board. 70 per cent of this will be reserved for women. Completion of RHS at Vellarikund, Kasaragod (Phase V) and RHS at Kanhangad, Kasaragod (Phase IV) are also included in the scheme.

An amount of ₹ 460.00 lakh is earmarked in the Budget 2026-27 for the construction and completion of additional/existing units.

8. ASWAS Rental Housing scheme

(Outlay: ₹100.00 lakh)

Aswas Rental Housing Scheme is a Rental Housing Scheme near Medical Colleges of the State for providing rental accommodation for the patients who require constant medical attention and who are undergoing treatments in Medical Colleges of the State and their bystanders. The scheme was declared through the Governors speech and Budget speech of 2017. Board had proposed to implement the scheme wherever revenue land is available near Medical Colleges. Based on the availability of land in the Medical College Campus at various

district, the Board proposes to construct a two storied building to accommodate 75 patients/by standers in the land of extend of 50 cents made available to Board for implementing this scheme near/within Medical College.

An amount of ₹ 100.00 lakh is provided during 2026-27 for implementing the scheme.

II. Housing (Technical Cell) Department (Housing Commissionerate)

The Government of Kerala had constituted Housing (Technical Cell) Department for the Housing Department in the year 1980 with the objective of achieving the desired degree of co-ordination among various housing activities in the State under the direct guidance of the Housing Commissioner to the Government.

An amount of ₹ 135.00 lakh is provided for the Housing (Technical Cell) Department (Housing Commissionerate) during 2026-27 for the implementation of the following two schemes.

9. Technical cell of housing

(Outlay: ₹95.00 lakh)

Under the Technical cell of housing, there are four plan components. An amount of ₹95.00 lakh is provided for the following four components.

a. Development of next phase of the web/Mobile Application (E-Griha)

E-Griha aims to deliver a digital platform, easily accessible and understandable to all sections of the society, regarding every matter related to the housing sector and to monitor the projects of the agencies under housing department. The information related to various housing schemes currently being implemented in the State, its eligibility criteria, geotagging the housing construction activities at every stage under every housing scheme and details regarding the housing loans provided by various public sector and private banks are included in the application. It is decided to create an interface between consultants, contractors and agencies for the execution of the projects spanning from invitation of tender to project completion.

During 2026-27, it is planned to develop the third phase of e-Griha scheme. In this it is envisaged to provide details of the projects of KSHB, including the apartments so that the public can view the same and initiate the procurement, the particulars of the buildings available for rent including the working women's hostels and guest houses, facilitate the online payment for the said amenities etc.

An amount of ₹25.00 lakh is provided during 2026-27 for developing and updating the web/mobile application for the objectives envisioned in the third phase, spill over works, training programme and awareness, advertisements, information dissemination related to the housing sector.

b. Training & Augmenting IT facilities

The scheme aims to impart training to the officials of Housing Technical Cell, Kerala State Housing Board and Kerala State Nirmithi Kendra in collaboration with national agencies such as NBCC, HUDCO and other agencies in areas of project management, project monitoring, design and estimation, conducting workshops on housing and other schemes, software packages in design and construction etc. Augmenting the IT facility,

developing and maintaining website for Housing Department and Technical cell, AMC and procuring the relevant gadgets for IT enabled services are also envisaged. An amount of ₹15.00 lakh is provided in 2026-27 for the above activities.

c. Comprehensive housing module development for coastal, water logged and highland areas susceptible to landslide

The scheme aims to prepare comprehensive housing module development for coastal areas of the State, water logged terrains and high land areas susceptible to landslide. Housing (Technical Cell) department intends to develop a feasible and sustainable technical solution for the massive housing in these type of topographies in consultation with various implementing agencies such as Public Works Department, Engineering wing of LSGD, Kerala State Nirmithi Kendra, Kerala State Housing Board etc. and through the research initiatives from the various engineering colleges of the State.

An amount of ₹ 20.00 lakh is provided during 2026-27 for implementing the scheme.

d. Rent and Apartment Ownership Management System(RAOMS)

The scheme aims to design and develop a web and mobile based digital platform, to register the tenancy agreements under the Kerala Buildings (Lease and Rent Control) Act and also the association of allottees under the Kerala Apartment Ownership Act. The scheme includes Design, development, and implementation of a user-friendly, role-based, responsive web and mobile solution for managing the Rent and Ownership Management System and to implement property authentication services.

An amount of ₹35.00 lakh is provided during 2026-27 for developing and updating the web/mobile application for the objectives envisioned, real time messaging, automated notifications and data collection, training, awareness, advertisements, information dissemination are also envisaged.

10. GIS Based Housing Status Information System for Kerala

(Outlay: ₹ 40.00 lakh)

The scheme aims to prepare a spatially interactive and accurate dynamic database on housing, which can be utilized to support the agencies for prioritizing housing schemes and housing shortage across the State. The project implementation is in progress and the continuation of the scheme is essential for the timely updation of the database and GIS platform.

An amount of ₹40.00 lakh is provided for the scheme during 2026-27 for implementing the following activities:

i. Development of the GIS web application platform, collection of data from various local bodies and other organizations, training programmes, advertisement, Miscellaneous a web - GIS based management system with a range of features and functionalities to users for interacting with spatial data and map
ii. GIS software extension and related administrative expenses

III. Kerala State Nirmithi Kendra (KESNIK)

11. Kerala State Nirmithi Kendra

(Outlay: ₹ 1025.00 lakh)

Kerala State Nirmithi Kendra (KESNIK) is one of the premier agencies setup for the propagation and practice of Cost Effective and Environmental Friendly Construction Technologies (CEEF). Kerala State Nirmithi Kendra (KESNIK) is engaged in the field of housing sector to provide assistance to the public and Government on various issues in housing related activities and matters concerned with the housing schemes implemented for the EWS people. It undertakes Human Resource Development programmes and Research & Development activities in the field of housing. The organization also provides training in the field of construction technology and provides quality building materials to the public at reasonable rates. Nirmithi aims at providing a better awareness and propagation of alternate construction technology to the public and disseminate the idea of sustainable and disaster resistant construction techniques. It also aims at ascertaining the quality of building materials with the help of material testing laboratories to the public at affordable rates. An amount of ₹ 1025.00 lakh is provided to implement the following activities of KESNIK in 2026-27.

Sl. No.	Activities
1	Capacity development and Skill Improvement Programme including Vocational training (50 per cent seats will be benefitted to Women)
2	Office Up-gradation and Campus Development of KESNIK
3	Promotion of Modern Construction Technology, Housing Guidance Centre, Start-up unit and Incubation Centre
4	Setting Up of KALAVARA and Subsidy sale through existing Kalvaras
5	Central Housing Hub at Ernakulam
6	Maintenance of building constructed using CEEF technology
7	Setting up of 3D Printing Production unit
8	Setting up of New Testing Lab and Production Unit, Modernization of existing Testing Lab and Production Units/Pre-fab production units
9	Developing Self Sustainable and Integrated Housing Project-

12. Laurie Baker International School of Habitat Studies (Laurie Baker Nirmithi Training & Research Institute)

(Outlay: ₹ 300.00 lakh)

Laurie Baker International School of Habitat Studies (LaBISHaS) was set up by the Government as a tribute to late Padmasree Dr. Laurie Baker, the renowned architect. The primary objective of the institution is to focus on research activities in habitat development, to organize skill up gradation training programmes and to initiate academic programmes including graduate and post graduate level courses in sustainable habitat development. The

institute aims at promoting young talents across the country for the worthwhile contribution that they envisage in habitat development

An amount of ₹ 300.00 lakh is provided during 2026-27 to conduct the following programmes.

Sl. No.	Activities
1	Housing Park - International Technology Hub by Research Institutions related to the field of Architecture and Construction
2	Construction of Permanent Campus for LaBISHaS
3	Research and Development, Awareness Programme on Sustainable Construction (including Publication of Materials)
4	Finishing School (Finishing school for skill improvement, School of Design & School of Project Management and Consultancy)
5	Logistic Centre for Project Consultancy and Guidance (New)

IV. Public Works Department (Buildings & Local Works)

(Outlay: ₹ 420.00 lakh)

The Public Works Department is entrusted with the construction and maintenance of various government buildings which include quarters for Government servants, hostels for working men and women.

An amount of ₹ 420.00 lakh is provided during 2026-27 for the continuation of the scheme, Government Employees Quarters.

9.8 URBAN DEVELOPMENT

The outlay provided for Urban Development Programmes in the Budget 2026-27 is ₹1094.58 crore, which is over and above the plan assistance to Urban local governments. The outlay includes ₹201.60 crore for LSGD- Urban, ₹181.70 crore for LIFE Mission - Urban, ₹6.17crore for LSGD-Planning, ₹66.01crore for programmes implemented through Kudumbashree in urban areas, ₹299.62crore for the State Mission Management Unit (SMMU) ₹9.75crore for Smart Cities Mission, Thiruvananthapuram, ₹47.62 crore for Suchithwa Mission (Urban), ₹ 240.00 crore for Kerala Solid Waste Management Project (EAP), ₹12.00 crore for Development authorities and ₹30.11 crore for other urban development programmes.

I. LSGD - Urban

1. Ayyankali Urban Employment Guarantee Scheme

(Outlay: ₹ 20000.00 lakh)

The scheme aims to enhance livelihood security in urban areas by providing at least 100 days of wage employment to every household whose adult members are willing to do unskilled manual labour. The creation of durable community assets and strengthening the livelihood resource base of the urban poor is also envisaged under the scheme. The scheme is structured in the pattern of the Mahatma Gandhi National Rural Employment Guarantee Scheme. It is designed so that at least 50% of the beneficiaries shall be women registered and demanded work under the scheme.

Convergence of PMAY- LIFE with Ayyankali Urban Employment Guarantee scheme should be ensured to create additional workdays. To ease the physical strain of manual labour and ensure the scheme's efficient implementation, the essential tools and small machinery required can be provided under this scheme. This scheme can undertake works related to water

conservation, land development and agriculture-related activities, solid waste management, urban afforestation, and carbon neutrality activities. Dairy development for farmers with more than two cattle can be given employment and wages through the scheme.

Regular cleaning of drainage and streets can also be included to provide more work days to the beneficiaries. To enhance efficiency and ensure thorough execution, mechanised methods for cleaning drainage systems and streets should be actively promoted. The scheme shall be implemented in convergence with the schemes and programmes of urban local governments, Kudumbashree and other departments.

As the scheme marks more than a decade of implementation in the state, a comprehensive revamp of the scheme is needed to converge it with the schemes and programmes of urban local governments and government departments and to address the emerging urban requirements which would widen the scope of the scheme in future years. Expenses related to conducting a national workshop to explore the possibilities of scaling it up to the national level based on the experiences of Kerala can be met from the outlay.

An amount of ₹ 20000.00 lakh is provided for the scheme during 2026-27. It is planned to generate 50 lakh person days in 2026-27.

2. Construction of office building for the newly formed municipalities

(Outlay: ₹ 160.00 lakh)

Twenty-eight new municipalities were formed in 2015 as part of the reorganisation of local governments. Many of these municipalities require good infrastructure facilities and office buildings. Assistance for the construction of buildings will be provided to these municipalities based on the actual requirement and the submission of viable and acceptable proposals. The construction should be done using cost-effective modern building technologies. The Government will meet fifty per cent of the estimated cost, subject to a maximum of ₹300.00 lakh, and the balance amount is to be borne by the Urban Local Governments from their Own Fund or Development Fund. The government will issue guidelines prescribing standards and setting time limits to ensure the timely completion of the work. The outlay provided in 2026-27 is for the starting the construction of Pandalam, and Koduvally Municipality buildings and the completion of ongoing constructions**.** An amount of ₹160.00 lakh is provided for the scheme during 2026-27.

II. LIFE Mission – Urban

3. Total Housing Scheme - Urban (LIFE Mission)

(Outlay: ₹ 11500.00 lakh)

LIFE (Livelihood, Inclusion and Financial Empowerment) Mission is one of the four Development Missions announced by the Government of Kerala under Nava Keralam Karma Padhathi (NKKP). It aims at providing safe housing to the homeless in the State and is implemented by the Local Governments using their plan grant as well as plan support from the State Government and assistance from Kerala Urban & Rural Development Finance Corporation

Ltd. (KURDFC) by availing loan from Housing and Urban Development Corporation Limited (HUDCO).

The outlay provided under this scheme is for giving the State share for the construction of individual houses for houseless, and houseless without land who are not included in the PMAY (U), and for meeting the costs of construction of flats/housing complexes/housing clusters in urban areas. Priority should be given to houseless under the extreme poverty list. Under this scheme, 90% of the beneficiaries will be women. An amount of ₹11500.00 lakh is provided for the scheme in the Annual Budget 2026-27.

4. Plan assistance to KURDFC - Urban

(Outlay: ₹ 6670.00 lakh)

Kerala Urban & Rural Development Finance Corporation Ltd. (KURDFC) provides financial assistance to LIFE Mission for the implementation of the total housing scheme by availing loan from the Housing and Urban Development Corporation Limited (HUDCO) on a government guarantee. An amount of ₹ 6670.00 lakh is provided in the Annual Budget 2026-27 for assisting KURDFC with the settlement of claims by HUDCO against the loan availed for LIFE Mission in urban areas.

III. Local Self-Government Department-Planning

5. Geographical Information System and Aerial Mapping

(Outlay: ₹ 20.00 lakh)

The scheme 'GIS and Aerial Mapping' is intended to strengthen the GIS capabilities of the Department to carry out urban/regional mapping for the settlements of the State and for the development of an Internet map server/Web GIS interface. The outlay provided is for the procurement of new GIS hardware/software/upgradation and maintenance charges for existing GIS software/hardware installed in the head office and the district offices of the LSGD Planning, purchase and procurement of data (maps, satellite imageries, field/drone survey), digitisation of analogue data, providing security of GIS systems and database expansion, development/ enhancement of web GIS for sanctioning/publishing master plans and detailed town planning schemes in the website so that the public can view them, hiring of GIS experts on contract basis, purchase of consumables such as cartridges/paper rolls and training to department staff with latest GIS techonology and GIS/mapping software. The provision for sharing of GIS data from and with other departments/establishments is also included. An amount of ₹ 20.00 lakh is provided during 2026-27 for this scheme.

6. Research & Development, Preparing Master Plans and Training

(Outlay: ₹ 419.00 lakh)

The umbrella scheme has the following five sub schemes.

Sl. No.	Sub schemes	Amount (₹ in lakh
a	Scheme for preparing Master Plans and Detailed Town Planning Schemes	245.00

Sl. No.	Sub schemes	Amount (₹ in lakh
b	Research and Development in selected aspects of Human Settlement Planning and Development	14.00
c	Capacity Building and Training of Staff of LSGD	55.00
d	Preparation of Spatial Perspective Plans for the districts	55.00
e	Preparation of Spatial Plan for the State	50.00
Total		**419.00**

a. Scheme for preparing Master Plans and Detailed Town Planning Schemes

This sub-scheme was introduced in 2009-10 to prepare Master Plans and Detailed Town Planning schemes in the State. The preparation of Master Plans for all the urban local governments was undertaken under the scheme in three phases, and 86 Master Plans have been prepared. Out of this, 38 master plans are sanctioned, Out of 113 sanctioned Detailed Town Planning Schemes in the state, 106 schemes needs to be revised. During 2026-27, it is expected to complete the technical preparation of all Master Plans taken up under the three phases of the scheme and to take up the revision/variation/republication of remaining Detailed Town Planning (DTP) schemes. The following items are included in this scheme:

- Technical works and statutory processing of Master Plans of the urban local governments taken up under the scheme and other selected settlements, preparation of detailed road alignment plans for selected roads proposed in the Master Plans and variation/revision of sanctioned Master Plans and revision of existing Master Plans in the context of the floods and landslips that hit Kerala in the previous years to make the cities disaster resilient and safe.
- Prepare new detailed town planning schemes, including Local Area Plan (LAP)/Revision/ Variation of Detailed Town Planning Schemes, including spillover works.
- Prepare new master plans for Grama Panchayaths & Master Plans, which were being prepared as LDP and transferred to this scheme. To develop scientific production plans in productive sectors for efficient resource management, it is essential to have spatial plans. Outlay can be used to formulate spatial production plans for selected Local Self-Government Institutions (LSGIs) in collaboration with the Departments of Agriculture and allied sectors, Land Use Board, Irrigation Department, and Kerala State Remote Sensing and Environment Centre (KSREC).
- Expenses related to hiring professionals in spatial planning, hiring of vehicles, detailing of selected components of Master Plans/Detailed Town Planning Schemes/ Local Area Plan, creating 3 D models and realistic rendering for visual communication can be met from the scheme.
- Expenses for the functioning of the State Project Cell and the stakeholder consultations.

- Expenses related to the conduct of meetings/trainings/workshop in connection with preparation/revision of Master Plans and Detailed Town Planning Schemes, unforeseen items including emergency works assigned by Government in connection with preparation of plans.
- Development of online portal for submission, review, approval of Master Plans and to provide an interactive platform for citizens. Expenses for software development, security testing of the portal by accredited agencies and hosting of website in KSDI.

An amount of ₹245.00 lakh is provided for the sub-scheme during 2026-27.

b. Research and Development in selected aspects of Human Settlement Planning and Development

The sub-scheme aims to strengthen research and development to improve the capability of the Local Self-Government Department- Planning. The objective of the sub-scheme is to take up studies giving special focus on various aspects of human settlement planning and development like housing, heritage and environment conservation, transportation, mobility plans, slum improvements, infrastructure proposals, project formulation, evolving planning standards, extension and detailing of proposals incorporated in the Master Plan. Evaluation studies on the implementation of selected master plans and detailed town planning schemes are also envisaged in the scheme. Assistance is provided to undertake studies on 'Identification and Mitigation of urban heat islands, vacant lands and setback areas into public realm, Omallur Vayal Vanibham (Agricultural marketing and Cultural fair) and to develop and maintain a comprehensive settlement database. The expenses of spillover commitments of studies taken up in previous years and the printing costs of study reports can also be met from the scheme. An amount of ₹14.00 lakh is provided for the sub-scheme Research and Development during 2026-27.

c. Capacity Building and Training of Staff of LSGD (erstwhile 'Training of personnel and apprentices in Town and Country Planning Department')

The sub-scheme aims to conduct various training programmes for the Local Self Government Department officers to enhance their skills, abilities and knowledge. The scheme aims to provide a specialised training programme for the technical staff in various aspects of planning including transportation, geographical information systems, remote sensing, environment, disaster management, project formulation appraisal, and management. Provision is included for the following activities:-

Sl. No.	Component/Activity
1	Expenses related to deputing officers from the LSGD- Planning for organising training programs, workshops, seminars, and short in-service training sessions. Travel expenses for participants and resource persons, honorarium for resource persons, costs for stationery, consumables, printer cartridges, licenses for online platforms, and other miscellaneous expenditures associated with the programs can also be met.

Sl. No.	Component/Activity
2	Training of apprentices under the Apprenticeship Act
3	Hands-on technical training to develop software skills, implementation of master plan proposals, waste management proposals, innovation technologies, and specific category/function wise training will be imparted to the concerned officials.
4	Training programmes for LSGD officials through KILA, IMG, and other reputed training institutes at the State Level & National level. Training programmes for elected representatives on spatial planning can also be undertaken with KILA.
5	Exposure visits within and outside the state to study advanced waste management technologies, slaughterhouse designs and management systems, disaster management strategies, specific project implementation practices, and innovative technologies.

An amount of ₹ 55.00 lakh is provided for this sub-scheme during 2026-27.

d. Preparation of Spatial Perspective Plans for the Districts (erstwhile Preparation of LDP and IDDP in all districts)

This sub-scheme aims to prepare Spatial Perspective Plans (SPPs) in all districts, as envisaged in the Kerala Town and Country Planning Amendment Act, 2021. The activities included in the scheme comprises of the continuation of the works undertaken in the previous year and updating the District Urbanisation report for all districts in the state. Expenses in connection with the preparation of the Spatial Perspective Plan, including procurement of data, conduct of surveys, printing of interim reports, operational expenses of project cell, conducting workshops, stakeholder's meetings, and hiring of professionals as and when required, would also be met from this scheme. An amount of ₹ 55.00 lakh is provided in 2026-27 for this sub scheme.

e. Preparation of Spatial Plan for the State

As the state faces the challenges of high population density, ecological sensitivity, urbanisation, migration, pressure on infrastructure, and the effects of climate change, an innovative and sustainable approach to spatial planning is inevitable. In the Fourteenth Five-Year Plan, spatial planning has been given high priority to prepare the State for a sustainable future, balanced development of the State and urban agglomerations, and preserve valuable natural areas and landscapes. A comprehensive Spatial Plan for the State will be prepared by integrating the district plans, master plans of local governments, disaster management plans, etc. The provision is for data analysis, consolidation of development issues, formulation of integrated vision and strategies for spatial development, conducting studies and field visits, stakeholder consultation, workshops, meetings, and seminars.

The amount can be used for research studies and data analysis, establishment and operating expenditure for the technical secretariat and project cell, digital infrastructure, supporting website maintenance and updation, stakeholder engagement, establishment and operating expenditure for conducting Kerala State Town and Country Planning Committee meeting, thematic workshops, to establish a centralised data repository for the State Project Cell,

procure and maintain software, and hire professionals as and when required to function the project cell. An amount of ₹ 50.00 lakh is provided during 2026-27 to prepare the spatial plan for the State.

7. The Art and Heritage Commission

(Outlay: ₹ 40.00 lakh)

An Art and Heritage Commission has been constituted in the State for undertaking functions such as (i) to identify and document selected streets having heritage values, (ii) to identify areas of architectural importance and buildings to be preserved, (iii) to identify places or streets where a particular form of or group of architectural forms of buildings alone may be permitted and to prepare model plans, elevations, etc. for that place or street (iv) to examine architectural features in respect of any building or parts thereof or their aesthetic vis-a-vis the existing structures in a particular area or street; (v) to prepare and enact regulations for ensuring and promoting conservation of heritage buildings, heritage precincts and natural heritage (vi) to publish heritage series of selected districts (vii) to advise government or the local self government institutions on any subject mentioned above and referred to it; and (viii) to submit annual reports and measures for creating public awareness on the importance of urban environment design.

The outlay provided is for meeting the technical secretarial expenditure, study and documentation in conservation and heritage, preparation of architectural vocabulary for streets, updation and publication of the reports, publication of heritage series of selected districts and special areas, developing of Web- GIS based information system to disseminate information to the public regarding the notified heritage areas, purchase of documents, literature and periodicals (both hard & soft copies), developing guidance materials for public awareness and video documentation of selected heritage area, awareness campaign on heritage conservation, conducting workshops and seminars. An amount of ₹40.00 lakh is provided for the scheme in 2026-27.

8. Support scheme for the formulation of GIS-based masterplans for towns under AMRUT 2.0

(Outlay: ₹38.00 lakh)

As per the guidelines of AMRUT 2.0, GIS-based master plans are to be prepared for towns having populations between 50,000 and 99,999. In the State, 49 towns are eligible for getting financial assistance under AMRUT 2.0. Recurring expenses such as salary and purchase of hardware and software are inadmissible components under AMRUT 2.0, which shall be met from this scheme.

The scheme is envisaged as state support for formulating GIS-based master plans for towns under AMRUT 2.0, and the components under the scheme include geodatabase creation, preparation of GIS-based master plan and capacity building. The Chief Town Planner (LSGD Planning) is the nodal officer for implementing the scheme. The provision is for hiring personnel on a contract basis and consultancy services, purchasing computers and other peripherals,

conducting Consultancy Evaluation and Review Committee (CERC) meetings and other review meetings, site inspections etc. An amount of ₹38.00 lakh is provided for the scheme in 2026-27.

9. Preparation of Master Plan for Munnar Region and Wayanad region

(Outlay:₹ 100.00 lakh)

The scheme aims to ensure sustainable development of the Munnar and Wayanad regions and protect the ecological balance through an informed master plan. The provision is for setting up of planning units and administrative wing in Munnar and Wayanad through IMPACT Kerala to prepare the Master Plan. The establishment costs and operational costs for planning units, high-end and medium-end GIS workstations, studies and surveys on a turnkey basis, and data collection tools expenses can be met from this scheme. An amount of Rs.100.00 lakh is provided for the scheme in 2026-27.

IV. Suchitwa Mission

10. Suchitwa Keralam - Waste management scheme for urban areas

(Outlay: ₹ 2000.00 lakh)

The scheme aims to implement waste management projects in urban local governments to address the waste management problems in urban areas. In the context of the Malinya Muktam campaign and the KSWMP project, the allocation for this scheme should address the critical gaps in projects carried out by the urban local bodies. The highest priority will be accorded to projects related to liquid waste management and the mechanisation of solid waste management activities.

The components of the scheme are given below:

Sl. No.	Components
1	Mechanised sweeping of roads and public places and its operation and maintenance in ULBs (New Component)
2	Setting up of construction and demolition waste treatment plants.
3	Conversion of leach pit to septic tank/bio-digester for individual household toilets. Priority will be given to the coastal and high-water table areas.
4	Solid Waste Processing Plants and its modifications, innovations, including Biogas and Compressed biogas plants, establishing green facilitation centres at LSGIs, Mini MCFs, MRFs/RRFs, plastic shredding units, equipment for waste handling, removal of legacy waste and biomining and support to SBM (U) SWM components, motorised and battery operated vehicles for Haritha Karma Sena and other waste management purposes.
5	Construction of sanitary complexes in public places, including government schools/ public offices/libraries affiliated to the Library Council, Take a break toilet complexes in major tourist spots located in ULBs, and support to Swachh Bharat Mission (Urban) activities, upgradation and maintenance of toilets and other facilities for achieving ODF+, ODF++ activities.

Sl. No.	Components
6	Source-level treatment of waste
7	Intensive Information, Education and Communication (IEC) activities, including workshops, R&D and capacity building, and developing mobile app for SWM in urban areas in collaboration with KELTRON.
8	Liquid Waste Management, including septage treatment plants, mechanisation of septage management and liquid waste treatment projects for rejuvenation of canals and rivers, mobile FSTPs, drain cleaning equipment and PPE kits.
9	Handholding support for startups/SHGs/Haritha Karma Senas involved in waste management supporting services, incentive for promoting extended producer responsibility and promotion of Green Protocol activities and other monitoring and evaluation activities.
10	Disaster-related Sanitation and Waste management activities
11	Technical advise for urban civic amenities (New Component)
12	Modern waste to energy Biogas plants as part of SWM (New Component)
13	Incentive systems needed to enable the acceptance of waste management facilities by people in various localities.
14	Assistance for slaughterhouse and crematorium
15	Community/Institutional Sanitary Waste Destroyer

The scheme comes under the 'Haritha Keralam Mission' broad umbrella. The funds allocated through this scheme can also be used for the scheme 'Integrated solid waste management projects (KSIDC) as per the requirement. An amount of ₹2000.00 lakh is provided for the scheme during 2026-27.

11. Cluster-Level Waste Management Infrastructure Support – URBAN (New Scheme)
(Outlay: ₹ 200.00 lakh)

The scheme aims to strengthen Kerala's waste management system by promoting the development of integrated cluster-level projects across the State. At present, Local Self Governments (LSGs) manage waste independently, often encountering challenges such as inadequate infrastructure, high operational costs, and limited technical expertise. To overcome these constraints, the implementation of cluster-based projects through the Public Private Partnership (PPP) mode is proposed, enabling resource pooling among multiple LSGIs.

The outlay is provided for the preparation of Detailed Project Reports (DPRs), Viability Gap Funding (VGF), and support for the Operation and Maintenance (O&M) of waste management facilities to fill the gaps.

An amount of ₹200.00 lakh is provided for the scheme during 2026-27.

V. Kerala Solid Waste Management Project (KSWMP) (Externally Aided Project)

12. Kerala Solid Waste Management Project (KSWMP)

(Outlay: ₹ 24000.00 lakh)

Kerala Solid Waste Management Project is devised to provide waste management solutions, set up sewerage-septage treatment plants and sanitation infrastructure in urban areas, and ensure its operation and maintenance. The project will be implemented with 80 per cent assistance from the World Bank, AIIB and 20 per cent assistance from the state. For meeting the expenses for the components viz; institutional development, capacity building and project management, development of regional solid waste management facilities, an outlay of ₹ 24000.00 lakh is earmarked in 2026-27.

VI. Other Urban Development Schemes

13. Capital Region Development Project (CRDP)

(Outlay: ₹ 100.00 lakh)

The Capital Region Development Project (CRDP) was introduced to improve the quality of life of people in the capital city by strengthening and improving critical infrastructure like roads, water supply, solid waste management, surface water drainage, city beautification, etc. In 2012, the second phase of the planning process under CRDP-II was conceived to start the integrated development process for the entire capital region, including the suburbs. The focus areas are the improvement of urban infrastructure (parking facilities, improvements of markets, etc.), improvement of transport infrastructure (city roads, ring roads and link roads) and preservation of city heritage and environment protection.

Outer Area Growth Corridor (OAGC) is the project envisaged under CRDP phase II. OAGC is conceived as a new township built alongside Outer Ring Road (ORR) with proper master development plan to attract investments. The scheme aims at accelerated, systematic and environmentally responsible development of peripheral areas to improve the residents' quality of life in the capital region's outer areas. The outlay is for the preparation of Detailed Project Reports (DPRs) for various infrastructure projects, finalisation of the master development plan, detailed town planning for the seed development area, and detailed land pooling plan for the Outer Area Growth Corridor (OAGC). An amount of ₹ 100.00 lakh is provided for this scheme in 2026-27.

14. Development of integrated solid waste management projects

(Outlay: ₹ 2911.00 lakh)

The objective of the scheme is to provide a viability gap fund for the development of integrated solid waste management projects, including waste-to-energy plants at identified locations in Public Private Partnership mode. The provision is earmarked to meet the state share of Viability Gap Fund for the Palakkad Waste to Energy (WtE) plant, tipping fee and administrative expenses. The funds earmarked for the scheme Suchitwa Keralam, the waste management scheme for urban areas, can also be used for this scheme as needed and required.

An amount of ₹ 2911.00 lakh is provided for this scheme in 2026-27.

15. Development Authorities

The objective of the development authorities is to achieve sustainable and comprehensive development in the area under these authorities.

a. Thiruvananthapuram Development Authority (TRIDA)

(Outlay: ₹ 575.00 lakh)

The Vattiyoorkavu junction development project undertaken by TRIDA will continue in 2026-27 in two phases. The project includes rehabilitation of the traders being evicted as part of the project. It aims to construct a rehabilitation block, the amphitheater and related amenities. The provision in Phase I of the project is for the works such as construction of rehabilitation blocks, the amphitheater, and releated amenities, and Phase II of the project for the construction of the compound wall and for the setting up of temporary pay and park facilities. The outlay can also be used for Palayam Samanvaya Park Project at Palayam with facilities for trail walk, multi functional green seating spaces, rain fountain, trickling pool, green open theater with grass stage, play grids, essential amenities such as drinking water fountains and toilets, barrier free pathways, well designed signage which combine audio visual cues. An outlay of ₹575.00 lakh is provided as grant in 2026-27.

b. Greater Cochin Development Authority (GCDA)

(Outlay: ₹ 625.00 lakh)

GCDA aims for a sustainable and inclusive urban development through the implementation of infrastructure projects in the jurisdiction area of the authority. The provision is for the construction of Phase II of the She Hostel project. The She Hostel project aims to provide women with secure and affordable accommodation. It is envisioned as a G+4-storey building accommodating about 100 beds. All necessary amenities such as dining hall, kitchen, office room, multi-purpose hall, lifts, warden room and car parking facilities are provided.

Kayal Sammelana Smaraka SC/ST Hostel, Infopark Phase III through land pooling is also envisaged in 2026-27. An outlay of ₹ 625.00 lakh is provided in 2026-27.

The detailed project reports shall be prepared by the concerned Development Authority and placed in the Departmental Working Group/Special Working Group for Administrative Sanction.

Transferred schemes of Urban Development implemented by Local Governments

An outlay of ₹ 40100.00 lakh is set aside for implementing the following schemes through urban local governments.

Sl. No.	Name of Scheme	2026-27 Amount (₹ in lakh)
1	Deendayal Antyodaya Yojana - National Urban Livelihoods Mission (DAY-NULM) (40% SS)	
	General	1920.00

Sl. No.	Name of Scheme	2026-27 Amount (₹ in lakh)
	SCSP	360.00
	TSP	120.00
	Sub Total	**2400.00**
2	Pradan Mantri Awas Yojana - Urban (PMAY Urban) (25%SS)	
	General	2389.49
	SCSP	270.00
	TSP	40.51
	Sub Total	**2700.00**
3	Pradan Mantri Awas Yojana - Urban (PMAY 2.0- Urban) (40%SS)	
	General	0.80
	SCSP	0.15
	TSP	0.05
	Sub Total	**1.00**
4	Deendayal Jan Aajeevika Yojana (Shehari) – DJAY (S) (40%SS) (New Scheme)	
	General	1098.00
	SCSP	337.50
	TSP	64.50
	Sub Total	**1500.00**
5	Smart Cities Mission, Thiruvananthapuram	
a	City Investments to Innovate, Integrate and Sustain 2.0 (CITIIS 2.0) (20% SS)	975.00
	Sub Total	**975.00**
6	Atal Mission for Rejuvenation and Urban Transformation 2.0 (AMRUT 2.0)	**29962.00**
7	Swachh Bharat Mission (Urban 2.0) (40%SS)	**2562.00**
	Total	**40100.00**

The above schemes, having an outlay of ₹ 40100.00 lakh, are included in Appendix IV of the Budget 2026-27.

9.9. INFORMATION AND PUBLICITY

The outlay provided to the "Information And Publicity" sector in the Budget 2026-27 is ₹ 4605.00 lakh. While issuing administrative sanction to the projects/schemes, the components should be clearly indicated along with physical targets envisaged in the projects/schemes. Scheme wise allocation for the Budget 2026-27 is summarized below.

Press Information Services

1. Press Facilities

(Outlay: ₹ 82.00 lakh)

The scheme aims to provide better facilities for media persons to report government programmes and to ensure their coverage by creating basic infrastructure support. The scheme envisages payment to KSRTC for media passes, accreditation cards and maintenance of accreditation portal, organising press conferences, vehicle hiring and other programme related expenses during VVIP visits and important programmes like Media Day. Setting up of temporary media centres during festival seasons, programmes declared by the government from time to time, ministry's celebrations, Loka Kerala Sabha, Keraleeyam etc are also envisaged.

Other activities include the selection and distribution of State media awards and Swadeshabhimani Kesari award, Special media programmes, special press conferences, Media centre, technical support, bulletin, live coverage, Media Conclave, training and workshops for media persons and media students, functioning of accreditation committee and other committees, meetings in connection with media relations and issuance of multilingual press releases.

An outlay of ₹ 82.00 lakh is provided in 2026-27 for implementing the scheme.

2. Media Academy

(Outlay: ₹ 750.00 lakh)

Kerala Media Academy is an institution under the Government of Kerala that provides training, research and other programmes in journalism, mass communication and new media. An outlay of ₹ 750.00 lakh is provided in 2026-27 for implementing the following programmes.

- Media Clubs and Media fest
- International Photo Festival and Open Forum
- Publication of books on media-related subjects
- Commemoration Lectures
- Training programme, seminars, infrastructure development, study camps and tours
- Media research and fellowships
- Scholar in campus and Meet the masters
- Voice library and purchase of library books, furniture and equipments
- Publication of media magazines
- Digitization (Archiving of old magazines and newspapers)

- Online learning platform and YouTube channel, modernisation and maintenance of official websites
- Modernisation of computer labs and classrooms
- Technical upgradation of edit suit & TV journalism studio
- Construction of new academy building
- Women's Press Club
- Newseum
- Publication of Malayalam media history
- Maintenance of headquarters buildings
- Modernisation of girl's hostel building
- Media study programme -Madhyama Jalakam- on Doordarshan
- Docu-fiction production
- Modern Media Skill Centre
- Internet Radio and Community Radio
- Sub centres
- International Research Institute for Information, Education Communication and Media Studies
- Rent for the office building
- Vehicle rent

Visual Publicity

3. Photo Publicity

(Outlay: ₹ 70.00 lakh)

The Photo Publicity division of IPRD undertakes photo coverage of all the major government events in the state and New Delhi. Expenses for modernization of photographic wing in the Directorate, Regional and District Offices and in New Delhi office, purchase and maintenance of photographic equipment, camera, lens and allied materials, photographers, colour photo printer, computers, software, digitization and archiving, human resource outsourcing and vehicle hiring for photo coverage are the activities envisaged under the scheme. Distribution of State awards for photography, payment for empanelled photographers, Photo albums, Lamination works and service of stringer photographers, photo digitization, photo exhibition and archiving works are also part of the activities.

An amount of ₹ 70.00 lakh is provided in the Budget 2026-27 for implementing the above activities.

4. Video Publicity

(Outlay: ₹ 200.00 lakh)

The video coverage of all Government programmes is done by the video publicity division. The scheme envisages provisions for expenses for modernization of videography wing of the department. Purchase and maintenance of cameras, lens & other accessories, computers, printers, external hard disks, software & hardware for improving video coverage, live streaming platform, purchase of live video transmission equipment, expenses for digitization & archiving, hiring technical persons including empanelled experts and outsourcing, hiring vehicle for videography purpose, modernization of Central News Desk and establishing and maintaining video library and Clip-Mail service, digital content factory, digital content creators panel, video & drone operators stringers, Payment for Video Stringers, maintenance of edit suit and sound booth, equipments, cloud space management and web application solution(news video footage delivery) etc. are also envisaged.

An outlay of ₹ 200.00 lakh is provided in the Budget 2026-27 for implementing the above activities.

5. Information Centres

(Outlay: ₹ 90.00 lakh)

The department has an Information Centre under its Research and Reference Wing at the Directorate and such information centres are also attached to the District Information Offices for providing Government's information to the general public. Development of State Information Hub and District Information Centres are the objectives of the scheme. The activities included are sourcing of library books & other publications, maintenance of the library, purchase of new books and subscription of e-journals for research, research works, collection and compilation of data from sources, analysis of data, upgradation of advertisement platform, cloud storage space, maintenance and data updation of the Apps and disseminating information through digital PR platforms.

Human Resource Outsourcing, Innovative and transformation projects of the department, RNI registration processes for department publications, research outstanding works for various publicity campaigns of the Government, collection and compilation of data from sources, Internships (paid and unpaid) and the purchase of instruments and equipment are also part of the activities of the scheme.

An outlay of ₹ 90.00 lakh is provided in the Budget 2026-27 for implementing the above activities.

Films

6. Production of Video Documentaries

(Outlay: ₹ 560.00 lakh)

The Electronic Media Division of I &PRD produces and broadcasting various video magazine programmes through electronic media. This programme envisages (1) production and

telecast of 'Nava Keralam' (weekly interactive programme with Hon'ble Ministers in Doordarshan), 'Priya Keralam'(weekly development news magazine programme in Doordarshan), 'Janapadham'(weekly development programme in All India Radio) (2) production of documentaries, short videos, info videos, helicam/drone video shoot (3) maintenance of edit and sound booth (4) digitization and archiving (5) video content for social media (6) purchase of new timeslots in satellite channels (7) video documentation on special occasions (8) purchase of documentaries and historic visuals (9) online video making competition (10) Internet Radio-content production, outsourcing of HR (11) purchase of edit and sound booth equipment, maintenance of preview cab (12) Visual History of Kerala (13) Video Wall creatives, Production and telecasting charges for Short fiction (14) Functioning of committees regarding honourable documentaries and programmes (15) Charges for production and telecasting of podcasts, short fiction, production of videos and web series for OTT and social media platforms and creation of short videos using AI. The outlay provided in the Budget 2026-27 is ₹ 560.00 lakh for implementing the above activities.

7. Modernisation of Tagore Theatre

(Outlay: ₹ 250.00 lakh)

This scheme aims to modernise the Tagore Theatre complex in Thiruvananthapuram and establish it as a vibrant cultural hub. The activities include:

Modernisation of existing infrastructure, including open-air spaces for cultural programmes, electrical and electronic installations, art gallery, sculpture garden, addressing pending work like obtaining fire and rescue NOC, ensuring regular maintenance of the Tagore theatre, installation and maintenance of light and sound and other modern projector equipment, generator, HVAC system, lift, and other equipment, and outsourcing services for cleaning, security, and other needs, AMCs for electrical and electronic equipment, procurement of communications equipment and traffic safety materials and enhancing campus aesthetics with gardens, lawns, colorful lighting and overall campus beautification. The scheme will also support conducting cultural programmes, stage performances and various other activities which help to transform it as a cultural hub of the capital city.

An amount of ₹ 250.00 lakh is provided during the year 2026-27 for implementing the scheme.

8. Tagore Theatre - cultural hub

(Outlay: ₹ 80.00 lakh)

The scheme envisages modernising the Tagore Theatre complex in Thiruvananthapuram and devising it as a self-sustainable model and transforming it as an infotainment and cultural hub of the State.

Recognizing its significance as a major venue for hosting events like the National Theatre Festival, the International Film Festival of Kerala and other cultural activities of national and international importance, the initiative focuses on enhancing its infrastructure, including modernisation and upgrades to ensure a world-class facility. The scheme envisages enriching

cultural activities by hosting a diverse array of events such as the National Tagore Music Fest, drama festival, dance or musical festival, literary festival, painting exhibition, vintage film shows, symphony orchestra, ballet, etc., and other festivals and performances in various art forms. It will also foster artistic expression by facilitating demonstrations and engaging professional troupes. Furthermore, it aims to build a cultural network by creating a databank of cultural organizations and to preserve cultural heritage by establishing a museum showcasing the contributions of renowned musicians and dancers.

An amount of ₹ 80.00 lakh is provided during the year 2026-27 for implementing the scheme.

9. Website and New Media

(Outlay: ₹ 525.00 lakh)

The Web and New Media Division of the I & PR Department maintains the web portal of the Government of Kerala www.kerala.gov.in and the websites of other departments. The portal provides general information about the State, including the structure of the government, functions of various government departments and agencies, government orders, notifications, details of Ministers, Members of the Legislative Assembly and other elected representatives and provides entry to other departmental websites.

Activities proposed are (1) content management and annual maintenance of the website of Hon'ble Chief Minister & Ministers and social media accounts (2) content management and annual maintenance of PRD & Sabarimala websites (3) annual maintenance of news portal (4) development and maintenance of PRD Live Mob app (5) live streaming of events, cloud server hiring, publication of results, AMC, web application development and translation works (6) social media campaign, digital marketing, digital dissemination of information (7) management of Fact- check division and (8) expansion and management of social media wing with outsourced human resource (9) Comprehensive Data portal management and (10)The use of modern technology like AI for the production of creatives for social media. A separate wing exclusively for social media activities and a quick response team are also included in the scheme.

An outlay of ₹ 525.00 lakh is provided in the Budget 2026-27 for implementing the scheme.

10. Naam Munnottu

(Outlay: ₹ 550.00 lakh)

Naam Munnottu is a weekly interactive television programme of the Hon'ble Chief Minister initiated by the Department of I&PR. Through this, policies, initiatives and new projects of the government are briefed to the public. Activities included are production cost for one year, promo version, telecast fee for the interactive show in selected channels and Doordarshan, outdoor publicity and advertisements.

An outlay of ₹ 550.00 lakh is provided in the Budget 2026-27 to implement these activities.

11. Inter-State Public Relations

(Outlay: ₹ 20.00 lakh)

With a view to improving inter-state public relations, the activities envisaged through this programme are conducting cultural shows, exhibitions cum trade fairs, conferences, press conferences of the Hon'ble Chief Minister and other ministers in major cities outside Kerala, circulation campaign of PRD publications and visit of IPRD officials to other States and other related activities, project management expenses including housekeeping & security, competitions, food court, conveyance, inviting media personnel of other states to Kerala to showcase the achievements and model programmes of the State and other project management expenses are also included in the scheme.

The outlay provided for the scheme during 2026-27 is ₹ 20.00 lakh for implementing these activities.

12. Kerala Art and Cultural Centre, New Delhi

(Outlay: ₹ 10.00 lakh)

This scheme Kerala Art and Culture Centre at New Delhi is meant to showcase the tradition, art, culture and literature of the State programmes on special/annual socio-cultural occasions. Kerala Day, Kerala Piravi celebrations, cultural programmes in connection with the India International Trade Fair, Cultural programmes during Onam at New Delhi, discussions, seminars, art competitions for Pravasi Malayalees and organizing various art and cultural programmes in New Delhi under the New Delhi Information Office are part of the scheme.

The outlay provided during 2026-27 for the scheme is ₹ 10.00 lakh for implementing these activities.

13. Strengthening and Modernization of the Scrutiny Wing

(Outlay: ₹ 30.00 lakh)

The scrutiny wing of I &PRD is responsible for scrutinizing the feedback from the public on various government policies and programmes and other important issues related to government and is done through scrutiny of print, electronic and social media. Strengthening of the scrutiny wing is essential for effective feedback mechanisms and for monitoring the print, electronic media, online media and social media. Scrutiny of print, electronic and social media, digitization of newspapers, newspaper cuttings management system, hiring of cloud storage space, maintenance of PRD Feed mobile app and subscription of e-editions of newspapers are also included under the scheme.

For this, an outlay of ₹ 30.00 lakh is provided during 2026-27.

14. Special Public Relations Campaigns

(Outlay: ₹ 470.00 lakh)

The Government's flagship programmes, initiatives, special campaigns and anniversaries of the government are popularized through special public relations campaigns with the help of other departments, central government departments, government organizations and NGOs. PR

and publicity activities for flagship programmes, commemorative celebrations of personalities, events, incidents, awareness campaigns, special PR campaigns on the initiatives and policies of the Government, anniversary programmes and district-wise campaigns on environment, education and culture are also included in this programme. This scheme also includes design charges, infrastructure, cultural programmes and other charges etc.

For this, an outlay of ₹ 470.00 lakh is provided during 2026-27.

15. Integrated Development News Grid

(Outlay: ₹ 230.00 lakh)

Public Relations Information Service Management (PRISM) under this scheme aims at the dissemination of government information at the grassroots level. News on the developmental activities and welfare schemes implemented by the State and local governments are disseminated to the media and public in all districts. To continue the project, activities envisaged are training, outsourcing of human resources (information assistants, content editors, sub-editors and office assistants), field publicity activities and other project management expenses including feedback system. The use of modern technology like AI for gathering information and data collection, production of creatives for social media, vehicle rent etc. are also part of the scheme.

An amount of ₹ 230.00 lakh is provided during 2026-27 for implementing the scheme.

16. Modernization of District Information Offices & Establishing Media Centres

(Outlay: ₹ 90.00 lakh)

At the field level, the I & PR Department comprises of 14 District Information Offices, an Information Office at New Delhi, Kerala House and six Regional Deputy Director's Offices. Construction and maintenance of State Information Hub, modernization of directorate and district offices, regional offices, New Delhi Information office and setting up of media centres, setting up of a media war room and branding of IPRD activities are the activities envisaged under the scheme during 2026-27.

For this, an outlay of ₹ 90.00 lakh is provided during 2026-27.

17. Information Education and Communication (IEC) Wing

(Outlay: ₹ 18.00 lakh)

The project aims to set up an IEC unit under the Information & Public Relations Department to support various government bodies for disseminating information and awareness generation regarding various schemes and programmes of the government. IEC campaigns/programmes on environment and sustainable development, outsourcing the service of expert professionals and other HR, office expenses, capacity building programmes, Production of multimedia content on welfare and development schemes and conducting programmes are envisaged in the scheme.

For continuing the scheme, an outlay of ₹ 18.00 lakh is provided during 2026-27.

18. IT Service

(Outlay: ₹ 80.00 lakh)

The scheme visualizes software and hardware purchases for meeting IT service needs, multimedia information dissemination support and WiFi internet connections for the various wings of the Department at headquarters, district offices, regional offices and the New Delhi office. Broadband data connectivity, AMCs, server hiring, and development of mobile and web applications also form part of the scheme.

For these activities, an outlay of ₹ 80.00 lakh is provided during 2026-27.

19. Outdoor Publicity Campaign

(Outlay: ₹ 450.00 lakh)

Outdoor publicity activities encompass campaigns through billboards, hoardings, public transport vehicles, video walls (including those in malls and public places), mobile exhibition units, and hiring of exhibition vehicles. This includes maintaining the department's existing video wall network, own and hired hoardings and advertising on public transport through electronic/digital displays (static and mobile), kiosks, television screens, announcement systems (Airport, KSRTC, Railway, Metro Rail, etc.) and hiring of digital display vehicles. Other activities encompassed by the scheme include public transport branding, loading advertisement charges, insurance charges, AMC for video walls, purchasing of digital posters, utilizing modern/futuristic publicity platforms and conducting district-level outdoor publicity campaigns through DIOs and RDDs are also included under the scheme.

An outlay of ₹ 450.00 lakh is provided during 2026-27 for implementing the scheme.

20. Training/Capacity building in professional public relations

(Outlay: ₹ 50.00 lakh)

The components envisaged in the scheme are training for the department's officials and staff in accordance with the transformation of the department and to keep up with the emerging trends and developments in the domain of informative discrimination, workshops and seminars.

An outlay of ₹ 50.00 lakh is provided during 2026-27.

9.10 LABOUR AND LABOUR WELFARE

Kerala has genuine concern and commitment to the protection of the interests and welfare of the labourers. The State Labour Department ensures the welfare of the working people through the enforcement of various laws, settlement of industrial disputes and administration of various welfare measures. The departments/institutions coming under Labour and Labour Welfare Sector are Labour Commissionerate, Department of Industrial Training, National Employment Services (Kerala), Kerala Institute of Labour and Employment (KILE), Factories and Boilers Department, Non-Resident Keralites Affairs (NORKA) Department and Fire and Rescue Services Department.

During 2026-27 an amount of ₹ 95089.00 lakh is provided for the Labour and Labour Welfare sector. The department/institution wise allocation for the year 2026-27 is given below:

Sl. No.	Name of Department	Amount (₹ in lakh)
I	Labour Commissionerate	14060.00
II	Department of Industrial Training	11480.00
III	National Employment Services (Kerala)	43428.00
IV	Kerala Institute of Labour and Employment	600.00
V	Factories and Boilers Department	375.00
VI	Non-Resident Keralites Affairs Department	15796.00
VII	Fire and Rescue Services Department	9350.00
	Total	**95089.00**

Labour Commissionerate

The important objectives of the Department include maintenance of peaceful atmosphere in the labour sector as a whole, decent working conditions and improved quality of life to the workers, ensure co-operation and healthy relation between the employers and the employees, systematic implementation of the various labour laws throughout the State and enhancing social security coverage of workers through better policies and programmes.

1. Estate Workers Distress Relief Fund

(Outlay: ₹ 125.00 lakh)

The scheme, Estate Workers Distress Relief Fund sanctioned in 2007-08 was implemented through Labour Department to provide financial assistance at ₹ 1,00,000/- to the legal heirs of the deceased in the distress. An amount of ₹ 125.00 lakh is provided in the Budget 2026-27 for the implementation of the scheme.

2. Providing Decent Accommodation for ISM workers (APNAGHAR)

(Outlay: ₹ 400.00 lakh)

Most of the guest workers who come to Kerala for taking up employment are not provided any residential accommodation either by contractor or the employer. These workers are forced to live in un-hygienic situation which leads to contagious diseases and other hygienic problems. To overcome these issues, the Labour Department is providing hygienic

rental accommodation as hostels to guest workers. Apna Ghar project for guest workers in the form of hostels is designed with shared rooms, multiple kitchens, mess areas, bathrooms, toilets, sewage treatment plant, rain water harvesting, diesel generator backup, CCTV systems, fire fighting system, parking facilities and recreational facilities etc. An amount of ₹ 400.00 lakh is provided in the Budget 2026-27 for the continuation of the scheme.

3. Better Accommodation for Plantation Workers and Affordable Housing for Unorganised Poor Urban Labour (BHAVANAM & JANANI)

(Outlay: ₹ 75.00 lakh)

Plantation is one of the major employment sectors in the State. The scheme aims to provide housing facilities to the workers in the plantation sector, considering the working conditions, wage system, lack of urban facilities and poor infrastructure in the sector. BFK is planning low density apartments in G+2 floors with 400-500 sq.ft. units having 2 bedrooms and a multi-purpose hall cum dining. The project also includes sustainable community living spaces such as community hall, Primary Health Centre, crèche unit, recreational and exercise spaces etc. An amount of ₹ 75.00 lakh is provided in the budget for the continuation of the scheme.

4. Modernisation and e-payment of wages

(Outlay: ₹ 100.00 lakh)

Under this scheme, fund is earmarked to implement three components viz., modernisation of Labour Department and e payment of wages and maintenance of software.

1) Modernization of Labour Department

The components of the above scheme are: extension of e-governance/e-office, purchase of laptops, printer, photocopier, computer peripherals and other equipment for the smooth functioning of Labour Departments, it also includes annual maintenance contract for electronic equipment. Fund is also required for Revamping of Thozhil Bhavan building, maintenance and AMC of lift, setting up of video conference room, purchase of books and periodicals, CUG SIM card and its charges, modernization of the District Labour Offices, Regional Joint Labour Commissioner's office and Deputy Labour Commissioner offices.

2) e-payment of Wages

Fund is required for maintenance, support, future add on, server administration, data base administration, WPS software (technical support for data base management), LCAS third phase development-mobile App based inspection module, maintenance of Adithi mobile app and Thozhil Seva mobile application.

3) **Revamping of Labour Commissionerate Automation System (LCAS)**

The LCAS, launched in 2015, is a web based platform that currently handles almost all online services of the Labour Department. Upgradation of the LCAS platform and frame work is required for migrating it to modern and secure technology platforms with enhanced performance and cyber security features. Module upgradation and workflow revision, development of mobile applications, AI based analytic engine, Chatbot integration are included in the project

An amount of ₹ 100.00 lakh is provided in the Budget 2026-27 for these initiatives.

5. **The Un-organised Workers Social Security Scheme**

(Outlay: ₹ 250.00 lakh)

Kerala Unorganised Social Security Scheme, 2015 was formulated by amalgamating Kerala Artisans and Welfare Fund Scheme 2011, Kerala Domestic Workers Welfare Fund Scheme 2011, Kerala Pachaka Thozhilali Welfare Fund Scheme 2011, Kerala Barber & Beautician Workers Welfare Fund Scheme 2004, Kerala Laundry Workers Welfare Fund Scheme 2004 and Kerala Temple Workers Welfare Fund Scheme 2011. Nearly 5 lakhs workers have been registered in this scheme. An amount of ₹ 250.00 lakh is provided in the Budget 2026-27 for treatment benefit, maternity benefit, disabled pension, retirement benefit, marriage assistance, funeral benefit and other welfare activities to the workers registered under this Welfare fund board.

Gig workers are independent online workers, contract term workers, on call workers and Temporary workers. Welfare schemes for Gig workers to ensure their social security are also included in the scheme. Of the total outlay an amount of ₹ 50.00 lakh is exclusively provided for the social security of the Gig workers.

6. **Social Protection for Un-organised sector workers**

(Outlay: ₹ 1000.00 lakh)

As part of strengthening and efficiency in delivery of protection measures/schemes to the unorganised sector labour, following three schemes are merged under one scheme Social Protection for Un-organised workers. An amount of ₹ 1000.00 lakh is provided for the scheme 2026-27 under the following pattern.

a. **Unorganised Daily Waged Employees Distress Relief Fund**

This scheme was sanctioned in 2007-08 and implemented through the Labour Department to provide one time financial assistance @ ₹ 2000/- to the workers covered under the definition of daily wages workers but not covered under any other welfare schemes, who have sustained injury during the course of employment. An amount of ₹ 30.00 lakh is provided in the Budget 2026-27 for this programme.

b. **Tree Climbers Disability Pension Scheme**

This pension scheme was introduced on 01.01.2012 to provide pension to the dependents and workers who have received financial assistance under the Kerala Tree Climbers Welfare Scheme. An amount of ₹ 200.00 lakh is provided in the Budget 2026-27 for this programme.

c. **Maternity Allowance to Workers in the Un-organised Sector**

Government in 2011-12 commenced a Maternity Allowance Scheme to the workers in the un-organized sector. It aims to bring out a uniform pattern of assistance in the payment of maternity benefits provided by various Welfare Fund Boards and to ensure minimum eligible wages paid as maternity benefit to the workers. An amount of ₹ 770.00 lakh is provided in the Budget 2026-27 for this programme.

7. **Income Support to Workers in Traditional Sector Activities**

(Outlay: ₹ 10700.00 lakh)

The scheme was introduced to give financial support of ₹ 1250/- to workers engaged in the traditional sectors of Beedi, Bamboo, Khadi, Etta and Pandanus, Fisheries, Fish

Processing and Coir in the State. The Scheme is implemented through departments like Coir, Fisheries, Kerala Khadi and Village Industries Board, Handloom and Textiles and various welfare fund boards. Almost 75 per cent of the workers in the traditional sectors are women and income support scheme will improve their financial capabilities. An amount of ₹ 10700.00 lakh is provided for the scheme in the Budget 2026-27 for activities mentioned and for evaluation of the scheme.

8. Awareness Programme for Guest Workers

(Outlay: ₹ 25.00 lakh)

This scheme is introduced for improving the Socio economic conditions and addressing social security issues of guest workers. The scheme includes medical camps, contact classes, advertisements on health awareness and labour rights, short films etc. for facilitating their upliftment and for ensuring better health with the assistance of other field departments such as Health, LSGD etc. To carry out the above activities and to maintain continuity of the scheme, an amount of ₹ 25.00 lakh provided in the year 2026-27.

9. Dissemination of information, education and communication to stakeholders of labour department

(Outlay: ₹ 100.00 lakh)

Activities of the Labour Department are aimed at the welfare of the workforce in the State and also maintaining an investor friendly, harmonious industrial relation climate. Accordingly, various services dispensed by the Labour Department need to be propagated among the general public through this scheme. In addition to that general redressal of the complaints related to labour issues through the call centre, needs to be given effective advertisement.

Hence, the Labour Department has devised a campaign programme by organising spot advertisement screening through cinema theatres, production of documentaries, seminars, audio advertisements through FM, video advertisements in railway stations and bus terminals, renovation of library, production & printing of annual achievement books, hand books, exhibitions, etc. An amount of ₹ 100.00 lakh provided in the year 2026-27 Budget for the above mentioned programmes.

10. Construction of Labour Complex at Munnar

(Outlay: ₹ 60.00 lakh)

Kannan Devan Hills Plantation (KDHP) Village is inhabited with thousands of plantation workers. Currently, offices of the Deputy Labour Officer and Inspector of Plantations Munnar are working in the premises rented out to the department by Tata Tea Limited. Labour and Skills Department is in the possession of land in Devikulam Taluk, KDHP Village. Setting up of a labour complex building at this land has great significance in the context of welfare and redressal of complaints of plantation workers in this area. For the construction work of building and compound wall an amount of ₹ 60.00 lakh is provided in the Budget 2026-27.

11. Health Insurance for guest workers (AAWAZ)

(Outlay: ₹ 150.00 lakh)

Government has introduced a Health cum death Insurance scheme for guest workers. Accordingly an insured person will get health insurance of ₹ 25000/- and ₹ 2 lakh of accident

death insurance claim for each ensured person. It will also enable the creation of a systematic database of migrant workers thereby enabling the government to provide them with ID card. Considering the importance of the initiative, an amount of ₹ 150.00 lakh is provided in the Budget 2026-27 for the scheme

12. Strengthening of Overseas Development and Employment Promotion Consultants (ODEPC) Ltd.

(Outlay: ₹ 300.00 lakh)

Overseas Development and Employment Promotion Consultants (ODEPC) Ltd. is a Government of Kerala undertaking. The main objective of ODEPC is to promote employment for Indian Nationals, especially Keralites, in foreign countries. Apart from recruitment, ODEPC is currently functioning in 4 more verticals, travel, tours, training and study abroad.

The amount for these programmes is provided in the Budget for the following components:

- Showcasing of the activities of ODEPC among the foreign employers in Middle East and European Countries
- Conducting skill enhancement trainings and language trainings to the overseas job aspirants, establishment of new training centres and renovation of training centres
- Promotional activities of Tour division
- Coordination of UNNATHI project of SC/ST department
- Conducting expos (study abroad)
- Facilitation activities for ‘ work abroad’

For these above mentioned activities an amount of ₹ 300.00 lakh is provided in the Budget 2026-27.

13. Grading system for shops and commercial establishments in Kerala

(Outlay: ₹ 40.00 lakh)

Labour Department introduces a grading system for establishments coming under the Kerala Shops and Commercial Establishments Act,1960 and Factories Act,1948. The scheme aims at evaluating establishments on the basis of certain criteria, such as compliance to labour laws, welfare activities, minimum wages implementation, women friendly working atmosphere, cleanliness, quality assurance to customers, etc. The system aims to explore the establishments which follow the criteria/norms specified in the act and scheme and declaring them as model establishments. The scheme is intended to focus on specific sectors such as hospitals, textile shops, hotel and restaurants, star hotels, jewelleries, security services, IT & ITS Establishments, financial institutions and factories.

Certificate of excellence to the best employees (Thozhil Sreshta Award) in various labour sectors is also coming under this programme. Quality of employees shall be evaluated on the basis of his or her dedication on work for a particular period.

An amount of ₹ 40.00 lakh is provided in the Budget 2026-27 for this scheme and out of this an amount ₹ 20.00 lakh is earmarked exclusively for Thozhil Sreshta Award.

14. Studio Apartment for Working Women in Urban Area

(Outlay: ₹ 75.00 lakh)

Kerala is witnessing an inflow of single and married women workers who are engaged in various sectors such as information technology, hospitality, retail, healthcare, banking, textile and other manufacturing industries. The Labour Department envisages the implementation of a new project for providing single apartment unit which includes bed space, living space, kitchenette, a toilet cum bathroom & wash and a balcony with an area of approximate 272.04 sqft. Common services such as lift, STP, incinerator, fire protection system, CCTV surveillance system are also included in the project. For the completion of this project an amount of ₹ 75.00 lakh is provided in the Budget 2026-27.

15. Personal Accident death Assurance Scheme for Employees in Unorganised Sector

(Outlay: ₹ 30.00 lakh)

Employees working in the unorganised sector are not covered by accidental insurance schemes. In an unfortunate event of death during the employment the families of these workers are left in a vulnerable financial crisis.

The legal heirs of the members registered in Wage Protection System (WPS) are the beneficiaries to the proposed scheme are eligible for accident death benefit of ₹ 500000/- in the unfortunate event of accidental death. An amount of ₹ 30.00 lakh is provided in the Budget 2026-27 for this scheme.

16. Karmachari Scheme

(Outlay: ₹ 20.00 lakh)

This scheme helps the students to find out a suitable part-time job (50 hours in a year - 2Hrs/25 saturdays) while they are studying and to make them enabled to meet their educational expenses, help the students to engage part time jobs and acquire skill guaranteeing employability on the other. An amount of ₹ 20.00 lakh is provided in the Budget 2026-27, for advertisement, software maintenance, awareness programmes and the implementation of the scheme.

17. Hostel for Women IT Workers inside the Technopark Thiruvananthapuram and Infopark Ernakulam (New Scheme)

(Outlay: ₹ 500.00 lakh)

The scheme is envisaged to provide good quality safe and decent accommodation for women working in IT sector at Technopark Thiruvananthapuram and Infopark Ernakulam. The hostels will be constructed by Labour Department in the space provided by Technopark and Infopark. An amount of ₹ 500.00 lakh is provided in the Budget 2026-27 for this scheme.

18. Rest Place for GIG Workers- Thiruvananthapuram/ Ernakulam (New Scheme)

(Outlay: ₹ 100.00 lakh)

Rest place for GIG workers aims for providing short stay facilities for GIG workers for taking rest in the midst of their duty, similar to the ones provided in metro cities. The rest places will contain dormitories for male and female workers, dining room, clock room with locker facility, drinking water facility, mobile phone charging points, bio toilets etc. For initiating the scheme, an amount of ₹ 100.00 lakh is provided in the Budget 2026-27 for this scheme.

19. Empowerment of Street Vendors (New Scheme)

(Outlay: ₹ 10.00 lakh)

As a part of generating employment opportunities and standardization for food carts Labour Department is planning the construction of Kiosk for various types of street vendors. Kiosks are proposed in major tourist places across Kerala. To initiate the scheme, an amount of ₹ 10.00 lakh is provided in the Budget 2026-27 for this scheme.

Industrial Training Department

Industrial Training Department conducts Craftsman Training Scheme through Government and Private ITIs and Apprenticeship Training Scheme through Regional Instruction Centres. There are 108 Government ITIs, one Skill Up-gradation Institute for Industrial Training, one AVTS and 44 ITIs under SCDD exclusively for SC and 2 ITIs under STDD exclusively for ST students functioning in the state. Almost 26 per cent of the students are females. Virtual classroom and bio-metric attendance systems which have been already introduced have helped the quality of the training. With a view to reduce the gender gap in industrial training, Government focuses on initiating, strengthening and upgrading Women ITIs. Budget 2026-27 aims to widen and strengthen the skill development activities of the State by carrying out the following programmes.

20. Development of Staff Training Infrastructure

(Outlay: ₹ 100.00 lakh)

State Institute for Staff Training and Technology established in 1999 has been renamed as “Skill Updating Institute for Industrial Training, Kerala" in 2015. The main objective of the Institute is to give training to the Instructors and non-teaching staff of the department in modern technology and to equip the trainers to cope with the revision of syllabi as per DGE&T norms and with changes in the technological field using the service of expert faculties from respective fields. SUIIT-Kerala is a state level training institute and the institute requires basic infrastructure, including hostels, dormitories, repairs, beautification and maintenance etc.

An amount of ₹ 100.00 lakh is provided in the Budget 2026-27 for implementing the following activities of SUIIT-Kerala, Kazhakuttom.

- Industrial/Field Institute Training charges and all other expenses related to training
- Organizing training programmes at SUIIT and off-campus centres
- Procurement of digital storage devices, learning resources and software, resources for infrastructure development and procurement and maintenance of fire fighting gadgets, laptops, computers, peripherals, UPS, inverters, batteries, CCTV, air conditioners, water purifiers, solar lights, solar heaters and diesel generator.
- Purchase and maintenance of necessary furniture and kitchen equipment for the dormitories
- Best Principal and instructor award
- Civil and electrical works of training institutes and dormitories
- Renovation/furnishing of existing classrooms/labs of SUIIT, Kerala and off-campus centres

- Construction of internal roads and compound wall and beautification of training centres and its premises

  Out of the total, an amount of ₹ 30.00 lakh is exclusively for women centred training infrastructure.

21. Skill Development Programme of ITD (KASE)

(Outlay: ₹ 3500.00 lakh)

Kerala Academy for Skill Excellence (KASE) has been formed as a Special Purpose Vehicle to carry out the Skill Development programme of the Industrial Training Department. The programmes in the Budget 2026-27 are as follows:

- Administrative expenditure for KASE and KSID
- Functional cost of State Job Portal and also conducting District Level Job Fairs
- Revamping of Skill Registry and for conducting Skill Test and Certification of service providers
- Development of an integrated skill MIS System (KIOSK- enabled)
- IEC and Documentation of activities of KASE
- Placement and related activities
- Functional cost of existing centres of Excellence, District Skill Development Centre & Accreditation of Skill Training Courses
- Skill Training in Association with other Departments
- Naipunyothsavam
- Capacity Building on Effective Use of AI Tools
- Procurement of IT equipment, software, machinery, other equipment, furniture, consumables and library books
- Project management and monitoring

An amount of ₹ 3500.00 lakh is provided in the Budget 2026-27 for Skill Development Programme for ITD (KASE). Out of the total amount, an amount of ₹ *1000*.00 lakh is exclusively for capital head of the scheme for the following purposes:

- Setting up of District Skill Development Centres and other centres
- Renovation of KSID campus
- Construction of National Resource Centre at KSID
- Construction of Fire System - Water Tank at KSID
- Construction of Support Facilities as per AICTE Norms
- Setting up of state skill secretariat

Of the total an amount ₹ 500.00 lakh is exclusively for women centred programmes. While implementing the schemes, special skill training may be designed for persons with disability.

22. Modernisation of ITIs

(Outlay: ₹ 2700.00 lakh)

At present, there are 109 Government ITIs functioning under the Department, which include 108 Government ITIs and one AVTS, out of these 33 ITIs are very old. The facilities of these ITIs have to be modernized to pace with the latest standards. More over DGT is

frequently revising the syllabi of the courses and updating the required tools & equipment for trades, which necessitate procurement of additional and latest equipment to get affiliation of trades with National Council for Vocational Training, revamping of existing trades, renovation of existing building/workshop and electrification work of ITIs as detailed below.

Out of the total budget outlay of ₹ 2700.00 lakh provided in the Budget 2026-27, an amount of ₹ 1350.00 lakh is provided for procurement of the following items and activities. An amount of ₹ 250.00 lakh is exclusively for other minor works.

- Up gradation of ITIs into International Standards
- Revamping of existing trades/units
- Procurement of Machinery and Equipment for obtaining Affiliation and Re affiliation with NCVT on priority basis.
- Installation of CCTV in all ITIs
- Procurement of furniture, computer, laptop and other computer peripherals, lab setting and purchase of lab equipment, water purifier and cooler, fire extinguisher and cleaning materials, machineries, smart class rooms and other tools and equipment for the smooth functioning of ITIs and for obtaining ISO Certification.
- AMC for computer, UPS and machineries
- LAN connection to various trades
- Procurement of UPS for sub offices
- Providing High mast lights and solar street lights
- Directorate Building for Industrial Training Department
- Construction of ITI buildings on Priority basis
  Minor works are:
    - Electrification and rewiring
    - Construction of new buildings and renovation of class rooms workshops of existing ITIs, RICs and AVTS
- Quality play grounds and courts, internal roads which can also use for driving practice, Landscaping and compound walls for all ITIs, ramps, parking area modification offices by arranging front office, visitor launch office furnishing etc. and preparation of master plan for ITIs.
- Construction of Trainees Toilet block and Women amenity centre
- Setting up of IT labs
- Renovation of hostel buildings, staff toilets and water supply lines and construction of wells
- Cubicle for offices of ITIs and RICs
- Setting up of CBT lab
- Soil investigation in connection with construction of new buildings
- Centralized fire fighting system

An amount of ₹ 1100.00 lakh is provided in the Budget 2026-27 under capital head for the civil works for buildings for newly started ITIs for those who have own land, additional buildings are required for ITIs (classrooms, workshops, administrative block, trainees hostel, library halls, auditorium, administrative infrastructure for Directorate and

other on-going construction/civil works. Out of the total, an amount of ₹ 400.00 lakh is earmarked for women amenities for ITIs.

23. IT Enabled Initiatives

(Outlay: ₹ 200.00 lakh)

E-Office implementation and e-governance activities are essential for the modernisation of the department. Implementation of e-office in the other districts is also on-going. In 2026-27 as part of the IT enabled initiatives the Department envisages following activities.

- Mobile application and website developments and maintenance
- Development of new software
- Laptops and Desktops, printers, scanners and other e-Office related equipment for existing and new ITI s
- Initial LAN setup & KSWAN implementation for new connections
- KSWAN Internet Charges (Recurring Expense)
- AMC of e-Office Computer and other peripherals
- Setting up K-FON as primary connection
- High end laptop for software development purpose of IT Cell
- Setting up of video conferencing system
- Network cable restructuring and setting up of Wi-Fi access points
- Interactive boards in various ITIs and setting smart classrooms in selected ITIs
- Technical and human resource support for the IT enhancement initiation
- IT-related/e-Governance/software development training and capacity building in ITI

An amount of ₹ 200.00 lakh is provided in the Budget 2026-27 for IT Enabled Initiatives.

24. Planning and Monitoring Cell -Modernisation and Computerisation

(Outlay: ₹ 25.00 lakh)

For proper accounting and monitoring of the projects implemented by the Department, the development of software and procurement of the equipment are essential. Modernisation and computerisation of State Directorate and Regional Directorate are essential. Amount is provided for the following activities of the department:

- Procurement/replacement of computers, Laptops, Printers, UPS, software, antivirus, furniture, storage cupboards and other peripherals and local area network for the modernization and maintenance
- Digitalization of records
- Setting up of solar panel
- Procurement of necessary items required for obtaining ISO certification
- Installation of fire fighting system
- Setting up of front office and signage boards for the public assistance
- Procurement of equipment and machinery related to maintenance cleanliness and neatness
- Expense for the Plan/Project review meeting and other conferences with the officers from field offices and other modernisation works in the state directorate

- Providing Air Conditioner and CCTV Surveillance
- Computers and UPS and networking for Regional Directorate, Kannur for conducting various training programme to officials of the Department and sound-absorbing panels (echo reducers) for the conference hall
- Construction of cabin for officers, front office and Tapal section.
- AMC charges for computers, printers, scanners and UPS.
- Procurement of online platform resources for official meeting

For these activities an amount of ₹ 25.00 lakh is provided in the Budget 2026-27

25. ITI Strengthening in Linguistic Minority Areas

(Outlay: ₹ 250.00 lakh)

It is important to construct new buildings and procure tools and equipment for ITIs in linguistic minority areas. The amount is earmarked for the construction of new buildings with international standards and providing solar energy and procurement of tools & equipment for these ITIs, CCTV installation, construction of open well, tube well and construction of compound wall. An amount of ₹ 250.00 lakh is provided in the Budget 2026-27 for continuance and strengthening of this programme.

26. Nutrition Programme for ITI Trainees

(Outlay: ₹ 1500.00 lakh)

It is planned to continue the nutrition programme during 2026-27 financial year to provide protein rich noon meal to the trainees of 34 ITIs and Supply of boiled egg/banana/brown bread/other nutritious food items with one glass of milk for trainees of remaining 74 ITIs and also to provide Breakfast and Dinner to the trainees staying in trainees hostel of ITI Attappady, Aryanadu & Nilambur (Tribal area). An amount of ₹ 1500.00 lakh is provided in the Budget 2026-27 for this programme. Of this, an amount of ₹ 400.00 lakh is earmarked for women ITIs.

27. Advertisement/Publicity

(Outlay: ₹ 75.00 lakh)

The department has to make aware the public about the flagship programmes of the department through advertisement. The outlay will be used for the following activities.

Conducting job fair and apprentice mela, skill competition etc., grading of ITIs, promotion of awareness of vocational training, celebration of world youth skill day, celebration of national entrepreneurship day, best innovation award, advertisement through media, FM Radio, social media (face book, whatsapp, you tube, X, etc), mobile based, application – SMS, stalls and counters- at fairs and celebrations, placement wall, convocation ceremony, India skill, Orientation Programme for NSS Programme Officers and Volunteers, publication of Department journal and implementation of young Innovation Programme (YIP) to all ITI Trainees. An amount of ₹ 75.00 lakh is provided in the Budget 2026-27 for the above said activities.

28. Up-gradation of Trade Test Wing

(Outlay: ₹ 80.00 lakh)

The DGT decided to conduct all India trade test through online examination since 2020. At present there are a few Government ITI s which are conducting CBT (Computer

Based Test) at their premises by arranging the computers from its different Trades. Hence a dedicated CBT centre with at least 100 computers along with relevant accessories is essential to tackle the assessment needs of ITI trainees in Kerala. Hence department decided to set up CBT centres on a priority base at ITI Chenneerkkara in Pathanamthitta, ITI Kattappana in Idukki, with the following facilities.

- Desk Top PCs with all accessories
- LAN connection and accessories, furniture, Cubicle, wall sealing, flooring etc
- Lighting, electrification, plumbing, CCTV Cameras, DUR, UPS, Split ACs
- 100 mbps broad band internet connection

For these programmes an amount of ₹ 80.00 lakh is provided in the Budget 2026-27.

29. Setting up of new ITIs

(Outlay: ₹ 1100.00 lakh)

The amount is earmarked for the construction of building for the newly started ITIs having own land and procurement of equipment during the financial year 2026-27. The proposed outlay will be used for procurement of machineries, tools, furniture, generator, IT and other equipment, installation of CCTV, high mast light and solar street light and also for providing necessary infrastructure facilities with international standards for the newly started ITIs. The work in this regard, includes preparation of DPR, soil test, construction of buildings, open well, tube well and compound wall submitting master plan with architect design and execution of project etc. in a turnkey manner. Of the total, ₹ 200.00 lakh is exclusively for starting new ITIs in Coastal and Hilly areas. An amount of total ₹ 1100.00 lakh is provided in the Budget 2026-27 for setting up of new ITIs.

The outlay can also be used for meeting department share for implementing pooled fund for special projects under Scheduled Caste Sub Plan/Tribal Sub Plan by SC/ST Development Departments.

30. Up-gradation of ITIs and Women ITIs

(Outlay: ₹ 410.00 lakh)

At present, 108 ITIs are functioning in the department. Out of this, there are only 21 first grade ITIs. Others are second-grade ITIs. In this scenario, the department is planning to upgrade 15 second grade ITIs into first grade ITIs and provide high mast lights, lightning arresters and procurement of tools and equipment for existing trades in the above ITIs.

The department is not able to meet the demand of skilled personnel according to the requirements of the industry. The sanctioned seats are not enough to meet the requirements of applicants who are willing to undergo training in ITIs. It is to be noted that most of the trainees who wish to be trained in ITIs comes from economically backward areas. The absence of adequate seats has hampered the admission of the above trainees. By providing additional facilities in the available establishment, existing ITIs can admit more trainees in the ITIs. Cost for up grading the existing ITIs by providing the additional unit and seats are much less than that of establishing new ITIs. Hence department has decided to upgrade the second grade ITIs having sufficient land for the construction of additional building for introducing additional trades and units.

Up gradation of Women ITIs is proposed to address the gender equality. At present there is 14 women ITI s functioning under the department. Activities related to improve the quality of training imparted to the trainees in the women ITIs, need to be done under this scheme. The amount is required for the construction of class rooms, workshops, administrative building, construction of open well, tube well, renovation of toilets retaining wall, hostel and amenity centre, painting, maintenance work of building, procurement of tools and equipment, solar panel, water cooler, water purifier, computer and related equipments, providing high mast light etc. The civil works should be executed through Government approved accredited agencies, the entire work which include preparation of DPR, submitting master plan with architect design and execution of project in an end to end manner. For this initiative, an amount of ₹ 410.00 lakh is provided in the Budget 2026-27.

Out of the total outlay an amount of ₹ 210.00 lakh is exclusively for the up gradation of Women ITIs.

The outlay can also be used for meeting department share for implementing pooled fund for special projects under Scheduled Caste Sub Plan/Tribal Sub Plan by SC/ST Development Departments.

31. Technical Exchange programme to Foreign Countries

(Outlay: ₹ 100.00 lakh)

The main objective of the scheme is to send trainees to Training Institutes abroad for inculcating best practices being followed by vocational training institutes abroad. During the financial year 2026-27 the Department aims to send best trainees of various trades (50% girls) from ITIs along with selected faculties to accompany them for training programme abroad. The department desires to continue the programme in the Financial Year 2026-27. Language skills in ITIs, language courses (spoken English and various foreign language courses, e.g., German, etc.) to the trainees to make them more employable for getting various jobs at home and abroad are also to be implemented. An amount of ₹ 100.00 lakh is provided in the Budget 2026-27 for this programme.

32. Student Centric Programmes

(Outlay: ₹ 30.00 lakh)

Group Insurance for Trainees: Around 32,000 trainees are trained in various schemes through Government ITIs in a year. Practical based training is the particularity of the curriculum of craftsman training scheme. Trainees are trained with heavy and sophisticated machinery in the workshops of the institutes and in factories during implant training. Trainees are therefore prone to dangerous hazards throughout their training period. Hence, a Group Insurance scheme was introduced for the trainees in the financial Year 2018-19. The department aims to continue the programme in the financial Year 2026-27.

In order to materialize these programmes an amount of ₹ 30.00 lakh is provided in the Budget 2026-27.

33. Green Campus

(Outlay: ₹ 100.00 lakh)

The main objective of the scheme is to make the environmental friendly practices and ITI campus combine to promote sustainable and eco-friendly practices. In this scheme it is

proposed to install wind mills, rain water harvesting systems, bio gas, bio waste treatment plants, charging stations for electric vehicles, distribution of solid waste management/cleanliness and award for ITIs, procurement of water purifying machine, etc. with the help of Government accredited agencies such as IRTC, Cost ford, Suchithwa Mission etc. Realising the possibility of renewable energy sources, the department plans to tap nonconventional energy sources for lighting the ITI campuses by installing solar street lights inside the campuses and the maintenance of existing solar lights as part of shifting to Green Campuses.

An amount of ₹ 100.00 lakh is provided in the Budget 2026-27, out of which an amount of ₹ 20.00 lakh is exclusively for establishing solar street lights in different ITIs.

34. Naipunya Karmasena

(Outlay: ₹ 50.00 lakh)

The Naipunya Karmasena was formed by the department to provide necessary technical assistance in various sectors like electrical, wiring, plumbing, carpentry, welding, preparation of building drawings etc. for socially and financially backward people with the support of local self-Government, Government of Kerala. District level committees of Naipunya Karmasena will be constituted for these activities and works according to the SOP issued by the Department. Department also aims to adopt various villages in the vicinity of the ITI which will leads to the social commitment of the trainees. Department aims to provide uniform, additional tool kit, minimum refreshments charges, traveling allowance etc. to this team. An amount of ₹ 50.00 lakh is provided in the Budget 2026-27 for this scheme.

35. Production centres - Earn while Learn

(Outlay: ₹ 50.00 lakh)

Department aims to establish production centres in various ITIs. This scheme envisages for the production of items, which can be produced by using the infrastructures available in the ITIs and by using the skilled man power of the ITI trainees. It will enhance the confidence level of trainees and promote entrepreneurial activities. The scheme also envisages to improve the skills of the trainees by incorporating productive activities. During the financial year 2026-27 department aims to establish production centre in various ITIs. It includes procurement of advanced machines, training of master trainers, civil maintenance, electrical works and AMC for machinery etc.

It is also planned to start mini industrial Unit in ITIs. An amount of ₹ 50.00 lakh is provided in the budget 2026-27 for this initiative.

36. Kerala State Apprenticeship Promotion Scheme - (K-SAPS)

(Outlay: ₹ 25.00 lakh)

To promote the enhancement of apprenticeship intake, the establishments can be motivated through a nominal financial support from the State Government of Kerala as Kerala State Apprenticeship Promotion Scheme (K-SAPS). The objective of the scheme is to provide financial support to private establishments/industries having a workforce below 30 in Kerala in order to encourage them to accommodate apprentices for training. The department has decided to reimburse ₹ 1000/- per month per trainee to various private establishments/ industries having strength of 4-29 employees for whom it is not mandatory to engage apprentices as per Apprenticeship Act 1961.

Those establishments which engage SC/ST trainees, female trainees and persons with disabilities trainees are also be included in this scheme irrespective of number of employees in the establishments. To materialize this aim, an amount of ₹ 25.00 lakh is provided in the Budget 2026-27.

37. **Setting up of placement hub in ITIs**

(Outlay: ₹ 50.00 lakh)

More than 28000 trainees are being trained and successfully completed the All India Trade Test conducted by NCVT in every year across the State. Placement hub is to be developed and implemented in all the Institutes for improvement of employment promotion activities to support trainees' work readiness and entry into labour market. Amount is also used for training for entrepreneurship and Young Innovation Programme. An amount of ₹ 50.00 lakh is provided in the Budget 2026-27 to materialise this project.

38. Naipunya Keralam

(Outlay: ₹ 100.00 lakh)

KASE has been designated as the State Skill Secretariat to consolidate all skill development initiatives in the state and act as a single window between the Central and State Governments and various agencies implementing skill training schemes by ensuring strong industrial linkages.

In order to address the unemployment among educated candidates in the state and to provide employment to 20 lakhs people as per the declared agenda of the State Government, Skill training activities need to be expanded in a full-fledged manner. In this context, the Department of Labour and Skills, Government of Kerala through KASE, is pioneering a tailor-made Skill Development Scheme uniquely designed to address the specific needs of the state. The signature scheme of the State Labour and Skills Department is Naipunya Keralam. An amount of ₹ 100.00 lakh is provided for development of software infrastructure for managing all the activities, support various skill related events and leveraging external funding in the Budget 2026-27 for the scheme.

39. ITD- IMS (Industrial Training Department Information Management System)

(Outlay: ₹ 35.00 lakh)

ITD-IMS (Industrial Training Department Information Management System) is an information technology based intelligence software platform that aims to provide training related information to the Government, Citizen, trainees, trainers, parents, industries and other Government departments. It includes comprehensive monitoring, evaluation, report preparation and appropriate decision making of the short term and long term skill training programmes being conducted in the state under the ambit of Industrial Training Department. An amount of ₹ 35.00 lakh is provided in the Budget 2026-27 for the scheme.

40. Modernisation and upgradation of ITIs (30 % State share)

(Outlay: ₹ 1000.00 lakh)

For the upgradation and modernisation of selected ITIs in the State an amount of ₹ 1000.00 lakh is provided as State share in the Budget 2026-27. The selection of ITIs will be done by State as per the guidelines of the scheme.

Department of National Employment Service (Kerala)

Employment Exchanges in Kerala provide assistance to jobseekers by helping them to find suitable employment, provide vocational guidance to shape their careers and collect labour market information for policy planning and research purposes. The department visualizes the conversion of Employment Exchanges into Employable Centres by means of development of skills and encouragement of an adaptable workforce through which all those competent enough to work will become more talented and have greater access to knowledge, technology etc. All categories of employment seekers are allowed to register in the Employment Exchanges.

41. Computerization of Employment Exchanges and Directorate of Employment

(Outlay: ₹ 75.00 lakh)

Employment Department is in the process of transforming conventional Employment Exchanges to e- Employment Exchanges and a major mile stone achieved in this journey is the implementation of e - office in all the offices of the department. Services like registration, renewal, addition of qualification/experience, re-registration and registration transfer can be done anywhere, any time. Department intends to improve the IT infrastructure for the Employment Exchanges during the financial year 2026-27. Amount is provided for the following activities of the department.

- Archiving of Registration Records
- Redesigning of official website
- Training on e-governance

- Safety Week and Safety Awareness
- Accident Prevention through Safety Surveillance (APSS) Study
- Modernisation of offices and computerisation
- Distribution of safety awards and grading
- Remote Sensing Enabled Online Chemical Emergency Response System (ROCERS)
- Training Programmes
- Occupational Health Survey
- Lease or Rent out Vehicle
- e-Systematic Approach for Facilitation and Enforcement in MSME Sector (eSAFE MSME)
- Mobile medical examination unit
- GIS project
- Grievances Redressal Mobile App

Out of the total, an amount of ₹ 10.00 lakh will be expended for women centred programme.

Non Resident Keralites Affairs Department (NORKA)

The department was formed in 1996 as a single window agency. It is concerned with the overall welfare of Non Residential Keralites (NRKs). The main objectives of NORKA department are to provide mechanism to ensure the welfare of NRKs all over the world, redress their grievances, safeguard their rights and rehabilitation of the returnee migrants and facilitate NRK investments in the State. The NORKA Department implements various schemes directly as well as through 'NORKA ROOTS' which is the public sector undertaking of the department. An amount of ₹ 15796.00 lakh is provided for the following schemes in the Budget 2026-27.

Co-ordinated Re-integration Programme for NRKs

COVID-19 pandemic has created a serious impact on Kerala, as the Malayalee diaspora is one of the largest in the country and spread across more than 140 countries worldwide. Due to the world wide lockdown imposed by several countries to overcome Corona virus pandemic, many of the NRKs have lost their jobs in their country of residence. It is estimated that more than 17 lakh NRKs have returned from abroad. Of these, more than 10 lakh NRKs have returned due to loss of work. The NRKS, who returned due to these various reasons, it is the responsibility of the government to rehabilitate them by implementing new skill development initiatives for ensuring their survival. The rehabilitation package includes various schemes/programmes of Government department, agencies, local bodies and loan from financial institutions. Total amount of ₹ 7250.00 lakh has been earmarked for this purpose. For the coordinated rehabilitation of NRKs, a coordination mechanism should be established at District and State levels. The following schemes have been formulated for the rehabilitation and upliftment of NRK returnees under Norka department.

53. Rehabilitation of Returnee Migrants (NDPREM)

(Outlay: ₹ 3500.00 lakh)

Global recession and nationalization policies in the GCC countries have resulted in the return of migrants back to Kerala. Rehabilitation and reintegration of the returnees into the Society is the prime concern of the NORKA Department. As part of rehabilitation of returned migrants, Government has formulated a scheme namely 'Norka Department Project for Return Emigrants' (NDPREM) with a view to provide sustainable livelihood for return emigrants by promoting self-employment ventures. As part of initiating the project, applications are invited from prospective entrepreneurs among return migrants who wish to start their own ventures in the fields of agri-business, trading, services and manufacturing. Under the scheme, collateral free loans with credit guarantee, self-employment scheme for returned NRKs, conducting sector wise training, identifying and developing of project ideas, handholding support for project preparation and other facilitation services, conduct of NDPREM entrepreneurs meet, workshop and publicity/PR activities and project management cost are included. The loan for enterprise, trade and business will be provided up to Rs. 50.00 lakh (including expansion support) subject to capital subsidy to the maximum of Rs. 3.00 lakhs (including earlier subsidy) and 3% interest subsidy for the first 4 years. Under this scheme support for the project expansion is also envisaged. An amount of ₹ 3500.00 lakh is provided for the scheme in the Budget 2026-27

Of the total outlay, 10 per cent each is earmarked for women and senior citizens initiatives.

54. Skill Upgradation and Re-Integration Training for NRKs

(Outlay: ₹ 200.00 lakh)

Skill Upgradation & Reintegration Training Programme: It aims at the up gradation of the skills of young Keralites work force and reskilling of returnee migrants to meet the challenges in the overseas employment market. The art skill up gradation programmes and communications skills to those having basic technical and other qualifications so that they get sufficient hands on experience in most modern technology. By

giving this training, it can be ensured that Keralites become a readily employable workforce in worksites.

Communication skills are not only vital but mandatory for getting employment visa in the advanced economies. As per the scheme, NORKA provides 100 per cent fee subsidy for candidates from SC, ST and BPL categories.

Skill Certification: To facilitate the reintegration of returnees into the domestic workforce, skill certification course will be implemented. By validating their overseas experience and expertise the department can help them to provide secure and suitable employment and contribute the growth of state's economy. The scheme aims to provide skill certificates to NRKs by conducting skill tests using the mechanisms through the institutions such as ITIs and KASE under the Labour Department to utilise the skills and experience of the returned NRKs. This initiative will enhance the overall quality of the domestic workforce. An amount of ₹ 200.00 lakh is provided for these programmes in the Budget 2026-27.

55. Job Portal

(Outlay: ₹ 100.00 lakh)

NORKA-Roots is a registered Recruitment Agency under the Ministry of Overseas Indian Affairs and is carrying out overseas recruitment. The Job Portal developed by the Norka-Roots can be used as a database for sourcing the candidates against the demand raised by the foreign employers. Further, Norka Roots have to attract more demand from foreign employers. For this the Job Portal needs to be revamped incorporating new technologies for interaction between the job seekers and employers and to ensure safe migration. Adequate publicity is required to be given regarding organizing recruitment campaigns, conducting job festivals and arrangements for interviews. Sufficient efforts should be taken to rope in more employers abroad as well from inside India. An amount of ₹ 100.00 lakh is provided for this scheme for the financial year 2026-27.

56. Norka Business Facilitation Centre

(Outlay: ₹ 150.00 lakh)

Norka Business Facilitation Centre (NBFC) is offering comprehensive support services to Non-Resident Keralites (NRKs) and returnee emigrants on investment opportunities in Kerala. NBFC identifies and assists NRKs as well as returnees to start and expand their business in Kerala by providing expert knowledge and specialist guidance to the investors. Business opportunity mapping needs to be done by engaging professionals and resource persons. Objective is to attract NRK investments to the business, trade and commerce opportunities in Kerala to foster economic development of the State. An amount of ₹ 150.00 lakh is provided for the scheme in the Budget 2026-27.

57. New Initiative for Market Research, Skilling and Pre Recruitment, Recruitment and Post Recruitment Services

(Outlay: ₹ 200.00 lakh)

The scheme for market research, skilling, pre-recruitment and post-recruitment services is envisaged as part of a public-private partnership initiative to strengthen the existing foreign recruitment system to meet the changing needs and problems of the labour market and to integrate training and skill development in all aspects related to recruitment.

Since high level placement linked skilling of international grade is sought to be given under this programme, an amount of ₹ 200.00 lakh is provided in the Budget 2026-27 for this project.

58. Assistance to Pravasi Samghams

(Outlay: ₹ 100.00 lakh)

Pravasi Samghams plays a leading role to spread and create awareness about the schemes and welfare activities of Norka among NRKs. Samghams act as leading platforms for the wellbeing of the NRKs both remaining as emigrants and returned after serving their tenure of employment abroad. The objective of these organizations is the development of financial, social, economic and cultural state of the NRKs. They are acting as grievance redressal machinery between NORKA and NRKs where in assistance is routed through these Samghams. Around 100 Samghams are in Kerala. As Samghams have more field level network, their assistance will help to empower the returnee migrants economically and socially. The project includes disbursement of seed money and capital grants to the eligible Registered Societies of the returned emigrants set up for the welfare of Pravasis in the state and conducting skill development/sector specific workshop for Pravasi Samghams. In order to promote Pravasi Samghams an amount of ₹ 100.00 lakh is provided in the Budget 2026-27.

59. Rehabilitation, Reintegration and coordination of NRKs

(Outlay: ₹ 3000.00 lakh)

The project aims at rehabilitating, re-integrating and co-ordinating the returned Non-Resident Keralites, due to various reasons. This initiative has successfully assisted a considerable number of NRKs in kick starting ventures of varying scales ranging from small scale enterprises to large scale mega projects thereby facilitating their income generation. A significant portion of similarly situated returned NRKS still await their opportunity to participate in the programme. Following are the rehabilitation proposals envisaged under the scheme.

a) Pravasi Bhadratha - MICRO - Loans through Co-operative sector banks and other financial institutions including nationalised banks/scheduled banks, KSFE, Kerala Bank upto ₹ 5.00 lakh with 15% capital subsidy up to maximum one lakh rupees and 3% interest subvention.
b) Pravasi Bhadratha – MEGA interest incentive for the loans Up to ₹ 1.00 crore disbursed through KSIDC
c) Project Implementation cost, publicity, IT infrastructure and administrative expenses

An amount of ₹ 3000.00 lakh is provided in the Budget 2026-27 for the coordination and reintegration activities of the schemes of NORKA Roots as well as the other agencies within and outside the government.

Other schemes

60. Strengthening of Norka-Roots Head Office and Satellites Offices

(Outlay: ₹ 200.00 lakh)

Norka Roots provide a platform for supporting services such as communication, guidance and grievance handling etc. for the residents as well as NRKs through Norka Centre

office at Thiruvananthapuram and Regional Offices at Ernakulam and Kozhikode. The District Norka Cell is functioning effectively to ensure accessibility for all NRKs including returned emigrants. The scheme is to provide IT and other infrastructural maintenance/improving the physical conditions of Norka Centre, Regional Office/Satellite Offices/District Norka Cells. An amount of ₹ 200.00 lakh is provided for the scheme in the Budget 2026-27.

61. 24 Hours Help Line/Call Centres and NRK Grievance Redressal Cell

(Outlay: ₹ 100.00 lakh)

In order to publicize the welfare activities and schemes for the migrants and returnees and to get their feedback- 24 hour helpline for information dissemination and grievance redress of the NRKs have been set up. The Call Centre acts also as an emergency control room during the time when Keralites are in distress due to internal strife, natural calamities and war in host countries. It is also envisaged to provide need based information and assistance to emigrants through the helpline. An amount of ₹ 100.00 lakh is provided for running of 24 Hours Help Line/Call Centre and NRK Grievance Redressal Cell for the financial year 2026-27.

62. Pravasi Legal Aid Cell

(Outlay: ₹ 110.00 lakh)

Most of the Keralites are ignorant about the relevant laws, procedures, culture and language of the destination countries. That makes them vulnerable to cheating by unscrupulous middlemen and exploitation by overseas employers. Many of them happen to be illegal migrants while being engaged in overseas jobs without proper documentation or overstaying after the expiry of the work visa. In the absence of any sort of legal assistance, the poor workers are jailed and subjected to untold misuses. Hence, the Pravasi Legal Aid Cell (PLAC) was set up to assist those NRKs who are in need of legal assistance in their host countries. The innocent Keralites are imprisoned abroad for no fault of their own for non-cognizable and non-bailable offence resulting to imprisonment, which will come under the preview of the Pravasi Legal Aid Cell. The scheme also envisages to seek the help of empanelled legal firms along with the existing Norka Legal Consultants. Strengthening IT Infrastructure for online case tracking, digital grievance redressal and awareness are also included.

An amount of ₹ 110.00 lakh is provided for Pravasi Legal Aid Cell in the financial year 2026-27.

63. Santhwana Scheme

(Outlay: ₹ 3500.00 lakh)

Distress relief scheme is intended to provide the time bound financial support to the pravasis who has returned back to his home land. The scheme can be availed for medical treatments (up to ₹ 50,000), death assistance (up to ₹ 1,00,000/-) marriage assistance (up to ₹ 15,000), purchase of physical aids to combat disability (up to ₹ 10,000). The NRK who applies for the Santhwana scheme should have worked abroad for not less than two years. It is purely onetime assistance. An amount of ₹ 3500.00 lakh is provided for Santhwana scheme in the Budget 2026-27. It is understood that 30 per cent of the beneficiaries out of the total

fund utilized during previous year were women. It is expected that in 2026-27 it will be the same proportion.

64. NRK Welfare Fund

(Outlay: ₹ 1800.00 lakh)

As per the Non Resident Keralites Welfare Fund Act of 2008 enacted by the Kerala Legislative Assembly, the Kerala NRKs Welfare Fund Board was constituted in 2010 to implement various welfare schemes for Non–Resident Keralites. For implementing various welfare schemes through 'The Non Resident Keralites Welfare Board' an amount of ₹ 1800.00 lakh is provided for strengthening the activities of the board so as to attract more members to the welfare scheme in the financial year 2026-27.

65. Pravasi Dividend Scheme through NRK Welfare Board

(Outlay: ₹ 650.00 lakh)

Pravasi Dividend Scheme aims at ensuring the welfare of the NRKs and the returnees as well as garnering the much needed resources for the infrastructure development of the state. Government has introduced Pravasi Dividend Scheme through NRK Welfare Board, in order to invite investment into the development of the state from the non-resident Keralites. An amount of ₹ 650.00 lakh is provided in the Budget 2026-27 for this programme.

66. Awareness Campaign on illegal Recruitment and Visa Cheating including Pre Departure Orientation Programme

(Outlay: ₹ 100.00 lakh)

The aim of Pre-Departure Orientation Programmes (PDOP) is to help migrants safely migrate and make informed decisions about their destination. Pre-Departure Orientation Programme equips individuals with the knowledge, skills and confidence they need to succeed in a new environment, reducing the risks and challenges associated with international relocation. These programmes provide essential guidance on cultural adaptation, legal issues, professional development etc. and it helps individuals navigate potential risks, including the avoidance of traps and illegal recruitment practices. Student migration from India has been increasing significantly in recent years. It would be highly beneficial to extend awareness programmes to higher secondary students as well. These programmes, conducted in collaboration with the Education Department, can help students make informed decisions about overseas education, prepare them for the challenges of migration and promote safe and responsible pathways for pursuing higher studies abroad. Around 60 per cent of the beneficiaries of the fund disbursed for this project were women. It considerably benefits the women population who get employed as House maids in foreign countries especially GCC. An amount of ₹ 100.00 lakh is provided in the Budget for the financial year 2026-27.

67. Emergency Ambulance Service at the Airport

(Outlay: ₹ 75.00 lakh)

Emergency Ambulance Service is the scheme by Kerala Government to provide free Ambulance service to the NRK patients from the Airports in Kerala to the Hospitals or to their home. Norka-Roots in association with Indian Medical Association is facilitating this free Ambulance Service. This service is now extended to Mangalore and Coimbatore Airports. This free Ambulance Service is also available to carry Mortal remains of NRKs died abroad from these Airports to their home/native place. Relatives/Friends/Associations

can contact Norka-Roots to avail this service. An amount of ₹ 75.00 lakh is provided for NORKA Emergency Ambulance Service in the Budget 2026-27.

68. Global Kerala Cultural Festival

(Outlay: ₹ 100.00 lakh)

Global Kerala Cultural Festival is one of the most important programmes of Government of Kerala to preserve and pass on the culture and heritage of our State to the next generation. A substantial number of Keralites reside outside the state and they try to retain their link by preserving and promoting the unique culture, traditions and practices inherent to Kerala. Conduct of a Global Kerala Festival would not only help to showcase the best of Kerala's culture and heritage but would also provide Non Resident Keralites an opportunity to connect with their home state. This festival can also be utilized as a platform for displaying the talent available in NRK communities of all ages-children, youth and elders. There would be considerable synergy if conduct of Global Kerala Festival could be linked with the meetings of Loka Kerala Sabha. With proper effort and advertising, Global Kerala Cultural Festival can be promoted and made with the cultural high point of the state every year. An amount of ₹ 100.00 lakh is provided for Global Kerala Cultural Festival for the year 2026-27.

69. NORKA Department General Fund

(Outlay: ₹ 50.00 lakh)

For conducting various meets and meeting the miscellaneous unexpected expenses of NORKA department an amount of ₹ 50.00 lakh is provided in the Budget 2026-27.

70. Norka Cell, New Delhi

(Outlay: ₹ 14.00 lakh)

For meeting the requirements of Norka Cell, New Delhi an amount of ₹ 14.00 lakh is provided in the Budget 2026-27.

71. Emergency Repatriation Fund

(Outlay: ₹ 100.00 lakh)

The emergency repatriation fund scheme is envisaged for the emergency repatriation of NRKs in distressed circumstances. It also includes mass evacuation from strife torn countries. Repatriation of distressed persons and also transportation of mortal remains are covered under this scheme. Expenditure under this head is totally unpredictable and is on demand basis. An amount of ₹ 100.00 lakh is provided to implement Emergency Repatriation Fund for NRKs in the Budget 2026-27

72. Loka Kerala Sabha

(Outlay: ₹ 230.00 lakh)

The Government of Kerala has always been keen on sustaining close ties with its vast population residing abroad and within other Indian states and has formed the Loka Kerala Sabha Secretariat in the year 2018 along with its flagship programme, the Loka Kerala Sabha. The Sabha was formulated with the objective of encouraging cooperation of non-resident Keralites across the globe, to integrate the diaspora community with social, cultural and economic development of the state, to facilitate discussions on these matters and as a public platform to discuss issues related to migration. The state was fortunate to receive the remarkable service of its Loka Kerala Sabha members during crisis situations such as Kerala

floods, COVID-19 pandemic, Ukrainian crisis and the Wayanad landslide. Amount is also needed for the office expenses of Loka Kerala Sabha Secretariat, Conduct of Professional Forum and implementation of the recommendations of LKS.

Loka Keralam online, a digital platform, is a significant initiative aimed at enhancing connectivity, collaboration and information-sharing among Keralites worldwide. The portal was launched in the 4th Loka Kerala Sabha session based on the recommendations of the 3rd LKS and is intended to serve as a comprehensive hub for Non-Resident Keralites (NRKs) and expatriate organizations. Amount under this scheme can be utilised to continue and strengthen Loka Keralam online also.

A total amount of ₹ 230.00 lakh is provided in the Budget 2026-27 for the scheme.

73. Norka Roots Scholarship Scheme

(Outlay: ₹ 30.00 lakh)

The NORKA-Roots Directors' Scholarship Scheme is a joint venture between NORKA-Roots Director's and the NORKA Department for Overseas Malayalees to provide financial assistance for higher education to the children of economically backward NRKs and returnees as part of their commitment to the NRK community which has made a significant contribution to the economic growth of the State. Scholarships are provided at prescribed rates to the children of NRKs and returned NRKs who belong to economically backward (annual income below Rs. 3 lakhs), for undergoing education from higher secondary levels to Higher Professional Courses thereby enhancing social and educational status.

An amount of ₹ 30.00 lakh is provided in the Budget 2026-27 for this programme.

74. Loka Kerala Kendram and Loka Malayala Kendram

(Outlay: ₹ 500.00 lakh)

Loka Kerala Kendram: Norka Department has a piece of (5acres) landed property in Mavelikkara. The department proposes to develop this property into a Loka Kerala Kendram. It will be a Kerala Cultural Centre meant to strengthen the connection between non-resident Keralites and Culture. It will have some features of the Indian International Centre. The centre will promote Kerala cuisine, art and culture of Kerala, Craft of Kerala and encourage NRKs and their friends to visit Kerala. The Loka Kerala Kendram will give special privileges to its members, especially NRK members who invest and share the cost of building up the place. The members will have privileged accommodation and other services offered by the Kendram.:

Loka Malayala Kendram: The Government has decided to establish a Loka Malayala Kendram as an apex body to coordinate the activities of various agencies under the NORKA Department and to bring together the welfare and cultural activities of the global malayalis under a single umbrella.

An amount of ₹ 500.00 lakh is provided in the Budget 2026-27 for these projects.

75. Pravasi Housing Scheme

(Outlay: ₹ 100.00 lakh)

Kerala Non Resident Keralites' Welfare Board is implementing various welfare schemes for the members of Pravasi Welfare Fund of the Board, as laid down in the Non Resident Keralites' Welfare Scheme, 2009. Now it has been decided to implement a housing scheme to the members of the Welfare Fund by way of providing loans from various

financial institutions including Banks with Government assistance of 5% loan subsidy for the loan amount up to ₹ 20.00 lakh. Required provisions for implementing the Scheme may be made in the Non Resident Keralites' Welfare Scheme, 2009. An amount of ₹ 100.00 lakh is provided in the Budget 2026-27 as loan subsidy for this purpose.

76. Overseas Keralites Investment and Holding Limited (OKIH)

(Outlay: ₹ 150.00 lakh)

Based on the recommendation of the First Loka Kerala Sabha, the company was formed by Overseas Keralites Investment and Holding Ltd. (OKIH). It is a 100 per cent Government owned company. The company's first venture is the Rest Stop Project. The project includes food courts, stores, petrol stations, vehicles maintenance centres and clinics. The project is envisioned to be set up near state and national highway with international standards. To materialise this project an amount of ₹ 150.00 lakh is provided in the Budget 2026-27.

77. NORKA Assisted & Mobilised Employment (NAME)

(Outlay: ₹ 100.00 lakh)

This scheme aims to achieve physical and financial targets within NORKA's Assisted & Mobilized Employment programmes, significantly enhances the lives of returned NRKs by improving employability through skill development, accelerating job placement, ensuring financial stability and reducing vulnerability. NORKA's NAME programme focuses on personalized career pathways, industry-specific skill upgrades, robust mentorship entrepreneurial support and a user-friendly digital job platform. The main components are wage compensation to employers and project management cost. An amount of ₹ 100.00 lakh is provided in the Budget 2026-27 for this scheme.

78. NORKA Subhayathra

(Outlay: ₹ 150.00 lakh)

Subhayathra: The highly educated job aspirants in Kerala often look for overseas employment opportunities especially in health sector. Kerala has a strong pool of nurses, doctors, paramedical etc. But to obtain a job as a worker in a regulated profession, the candidates have to undergo training for attending both language and regulatory examinations. In the current economic climate, a significant number of aspirants require financial support to attend training programmes and cover the costs associated with licensing examinations. NORKA Roots will provide for a small amount of money as a soft loan. Some educated job aspirants who are able to find a job by their own effort, have to spend a lot of money, viz. service charges for recruiting companies, visa stamping charges, medical examination charges etc. Members of poor families cannot meet all these expenses.

Hence NORKA Roots designed two soft loan to help these young aspirants to fulfil their overseas employment dreams. Foreign employability skilling assistance and soft loans to potential emigrants to meet preparatory expenses related to employment migration.

Student Migration Cell: The key objectives of the scheme include grievance redressal, with mechanisms to collect and resolve complaints and the development of a comprehensive website that provides pre-departure orientation materials and updates on relevant legislation in destination countries. The scheme also provides support networks for students in distress through diaspora connections and Norka help desks.

To materialize this projects an amount of ₹ 150.00 lakh is provided in the Budget 2026-27.

79. NRI Commission

(Outlay: ₹ 50.00 lakh)

For day-to-day running expenses of NRI Commission and other infrastructural development, an amount of ₹ 50.00 lakh is provided in the Budget 2026-27.

80. Sherpa - Investors Guidance Centre

(Outlay: ₹ 237.00 lakh)

Sherpa scheme is a platform to facilitate investments in Kerala. Aligned with local bodies, Government agencies, financial institutions, subject experts and other stakeholders, Sherpa will serve as a reliable support system for NRKs and other investors. The objectives are to bridge the gap between investor expectations and ground realities, align with appropriate consultants to structure the project, connect with financial institutions, research to identify ideal investment opportunities and present the same to investors. An amount ₹. 237.00 lakh is provided in the Budget 2026-27 for this scheme.

81. Pravasi Mission (New Scheme)

(Outlay: ₹ 200.00 lakh)

Migration from Kerala has historically been dominated by the Gulf region and the scale of return migration has now grown considerably. This return is often driven by labour nationalisation policies, expiry of contracts, skill gaps, or personal circumstances. Many returnees aspire to reintegrate in the state, yet face challenges including unemployment, skill mismatches, entrepreneurial failures and debt burdens. Though the State has introduced various reintegration packages their reach and impact remain limited. Hence an exclusive structured mechanism in the form of Pravasi Mission will be formed for effective re-integration. An amount of ₹ 200.00 lakh is provided in the Budget 2026-27 for this scheme.

Fire and Rescue Services

82. Modernisation of Fire Force Department

(Outlay: ₹ 9100.00 lakh)

The Kerala Fire Force Department was formed by the bifurcation of the Police Department in 1962 by enacting the Kerala Fire Force Act. Initially the Department was confined to fire fighting operations, but now the department is actively involving in all types of Disaster Management activities. Thus the face of the Department has changed a lot and hence in 2002, the Govt. renamed this Department as Kerala Fire and Rescue Services. The objective of the Department is to achieve highest standards of safety and fulfilment in fire fighting and rescue operations. An amount of ₹ 9100.00 lakh is provided in the Budget 2026-27 for the modernisation of Fire and Rescue Services Department and purchase of equipment.

The amount is provided in the Budget 2026-27 for the purchase of following items and activities as part of the modernisation of the Department.

- Aerial Ladder Platform
- Mini Water Tender
- Water Lorry
- SCUBA Van

- Ambulance
- Jeep for Prevention Activities
- Motor Bike (EV)
- Fire Fighting Suit with Helmet
- Submersible Blockage-Free Dewatering Pump
- Rubber Dinghy (10 Persons)
- Hydraulic Rescue Tools
- Foam Compound
- Tyre 10.00 × 20 (Radial)
- High Pressure Portable Pump
- Breathing Air Compressor
- SCUBA Set & Accessories
- Battery Operated Power Ascender
- Tower Light with Generator
- Water Rescue Jacket
- Rain Coat
- Capacity Development of Fire & Rescue Services Academy
- Capacity Development of Institute for Advanced Training in Water Rescue
- Personnel Protective Equipment for Fire Women
- Women Amenities for Offices and Fire Stations
- Construction of Building for Fire Station, Kottarakkara

Out of the total, an amount of ₹ 2200.00 lakh is provided in the Budget 2026-27 for the construction of new buildings for Fire and Rescue stations in various Districts on priority basis and modernisation of Fire and Rescue Services Department. Out of which Rs. 200.00 lakh is earmarked for construction of building for Fire Station, Kottarakkara.

An amount of ₹ 9100.00 lakh is provided in the Budget 2026-27 for this scheme

83. Strengthening of Civil Defence

(Outlay: ₹ 100.00 lakh)

Formulation of Civil Defence Force under this Department gives a multidimensional humanitarian face to the department. Civil Defence also acts as a Force multiplier and an interface for public interaction. The Civil Defence volunteers need to be equipped with adequate rescue tools to deal with various emergency situations such as flood, landslide, chemical emergency, fire, road accident etc. Since the local people are first responders in emergency situations, these trained volunteers with sufficient equipment can certainly reduce the loss of life and property in emergency situations.

The Civil Defence volunteers need to be equipped with adequate rescue equipment, Troop Carriers, Ambulances, Concrete Cutters, Public Address Systems, Reflective Jackets Gumboot and Helmet to deal with various emergency situations such as flood, land slide, chemical emergency, fire, road accident etc.

An amount of ₹ 100.00 lakh is provided for this purpose in the Budget 2026-27.

84. Post Graduate and Research Centre in Fire and Safety Sciences

(Outlay: ₹ 150.00 lakh)

Post Graduate and Research Centre in Fire and Safety Science will be the first in Kerala which gives post graduate course in Fire Science. The department is in tie up with CUSAT for academic and affiliation procedures. Government had given in-principle approval for starting Post Graduate and Research Centre in Fire and Safety Science under Fire and Rescue Services in Kannur District and administrative and technical sanction has been obtained for the construction of Academic Block. An amount of ₹ 150.00 lakh is provided in the Budget 2026-27 for the first stage construction of the Post Graduate and Research Centre in Fire and Safety Sciences at Kannur.

Only the students pursuing these courses through merit/reservation in regular institutions in India are eligible. Laptops will be given only once to an individual beneficiary, subject to the existing Government norms.
- Providing special and remedial coaching for poor performing students.
- Expenses towards study tours conducted by educational institutions including incidental expenses to students at the rates prescribed by the Government.

- All expenses related to day to day management of Nursery Schools, Pre matric and Post-matric hostels, (except cost of establishment like salaries & allowances), repairs and maintenance, waste management, landscaping, water supply, sanitation, energy including alternative sources of energy, expenses towards honorarium to personnels who are engaged temporarily for meeting the requirements in the hostels, entrance festival of nursery schools, provision of nutritional food as prescribed by the Nutrition Board, special tuition for weak students, English language training programme, modernization and e-governance initiatives like online admission and website so as to revamp the pre-matric and post-matric hostels run by the department to pursue modern education. For ensuring quality ambience conducive to study in pre-matric hostels, renovation and modernisation of the hostels will be completed along with the provision of modern facilities. Also, ISO certification will be secured for the pre-matric hostels.
- Assistance to 'Primary education aid scheme' to students studying in class 1 to 4 and pre-secondary education aid in class 5 to 8 as per Government norms in this regard.
- Provision of uniform, undergarments, bag, umbrella, shoe, socks and other essential items for students of pre-matric hostels.
- Providing necessary medical equipments to all medical students.
- Conduct of annual arts/sports festivals at different levels for Post-matric hostels and financial assistance for conducting cultural festivals or camps in these institutions.
- Assistance for foreign education and information dissemination activities (workshops and meetings).
- Financial assistance of ₹ 10000.00 and ₹ 5000.00 for meeting the initial expenses to Scheduled Caste students who get admission in Medical/Engineering courses respectively subject to the annual parental income limit fixed by the Government.
- Financial assistance to Scheduled Caste students for Medical/Engineering entrance coaching.
- Educational assistance for the students of self-financing Arts and Science Colleges and self-financing Higher Secondary Schools subject to norms in this regard.
- Running expenses of the pre-primary schools under the control of the Scheduled Castes Development Department by providing play and study materials, supply of nutritious food and clothing and honorarium to teachers and helpers.
- Giving boarding grants to Scheduled Caste students staying in hostels managed by NGOs.
- To impart tuition in various subjects for inmates of pre-matric hostels and students of high schools and upper primary classes.
- To give cash prizes and awards to students with outstanding academic and non-academic performance including A grade holders of youth festivals and sports meet, A+ winners in Class X and XII and first three rank holders in Medical/Engineering entrances.
- Ayyankali Talent Search and Development scheme.

- Financial assistance for students who have dropped out of recognized institutions at the higher secondary level and above, engineering and other professional courses for continuing their education.
- Scholars Support Programme for supporting scholars in the Under Graduate Programme.
- Motivational programme to parents for creating positive attitude towards modern education and to motivate their children.
- Scholarship to Civil service aspirants for availing training in Government and private coaching institutes in India.
- Financial assistance for Scheduled Caste students appearing for equivalent examinations conducted by Kerala State Literacy Mission.
- Financial assistance for purchase of study materials like text books, note books, laptop and study table for the victims of natural disasters.
- Financial Assistance for the purchase of musical instruments and costume to Scheduled Caste students of educational institutions under Scheduled Castes Development Department and other higher education institutions to participate in arts festivals and youth festivals at various levels as per the approved rates of the Government.
- Provision for meeting the Department assistance for the Education loan repayment support scheme for Scheduled Caste students as per the Government Order.
- 'Wings' – Provision to provide financial assistance to Scheduled Caste students for Flying Course. Financial assistance will be given to Scheduled Caste students who join 'Ready to Fly' course in Rajeev Gandhi Aviation Academy following the existing norms.
- Provision can be used to meet the expenses related to the management and modernization of I.T.I.s and Community College, Vadakkancheri in the case of insufficient fund in the scheme 'Management and Revamping of I.T.I.s under SC Development Department'.
- Construction of post matric hostel for girls at Thiruvananthapuram, Kochi and Kozhikode in convergence with LSGIs.

Based on gender disaggregated data, 40% of the fund will be going to women.

ii. Construction Work of Palakkad Medical College

(Outlay: ₹ 2000.00 lakh)

An amount of ₹ 2000.00 lakh is provided in 2026-27 for the construction and other activities for Palakkad Medical College including construction of Medical College Block, construction of hospital block, construction of boys and girls hostel buildings and other civil and electrical works and purchase and installation of necessary medical and other equipment, subject to the approval of SLWG/Special WG. The fund allotted for this purpose can also be used for the completion of works in this institution which were sanctioned in the previous years.

(Outlay: ₹ 1.00 lakh)

An amount ₹ 1.00 lakh is provided as token provision in 2026-27 for the purchase of land for construction of building for new MRSs, pre matric and post matric hostels, nurseries, ITI/MRITI hostels and other institutions of the department.

iv. Additional State Assistance to Post Matric Students Scholarship

(Outlay: ₹ 29500.00 lakh)

An amount of ₹ 29500.00 lakh is provided for Additional State Assistance to Post Matric Students scheme in 2026-27 which covers additional state allowance given to the students covered under CSS scheme for matching the rate of Central Academic Allowance to that provided by the State as State Academic allowance. The scheme also intend to provide post matric scholarship to the students who are not eligible under the CSS scheme by way of income limit but otherwise eligible as per the existing orders of the State. The scheme also covers provision for emerging courses. Based on gender disaggregated data, 40% of the fund will be going to women.

2. Post -Matric Scholarship to Scheduled Caste Students (40% State Share)

(Outlay: ₹ 7500.00 lakh)

The scheme is to meet the state share of the CSS scheme to provide post-matric scholarship to the Scheduled Caste students whose annual income does not exceed ₹ 2.50 lakh per annum. The outlay provided is to meet 40 per cent State share of the scholarship, comprising of non-refundable fees and academic allowance based on course group as per the guidelines of the Central Government to the students covered under the CSS scheme. The eligibility to the scholarship scheme is governed by G.O (P) No.02/2023/SCSTDD dated 05/01/2023. An amount of ₹ 7500.00 lakh is provided as 40% State Share for the scheme in 2026-27 and 60 % Central share is directly going to the account of the beneficiaries.

3. Pre-matric Scholarship for Scheduled Castes Students in Classes IX and X (40% State Share)

(Outlay: ₹ 800.00 lakh)

The scheme is intended mainly for giving support to parents of Scheduled Caste children for education of their wards studying in classes IX and X for minimizing the drop-out and to improve participation of Scheduled Caste children in classes IX and X of the pre-matric stage. Scholarships will be paid to the students whose parents'/guardians' income, from all sources, does not exceed ₹ 2.50 lakh per annum. The value of scholarship includes (i) scholarship and other grants, and (ii) additional allowance for students with disabilities studying in private unaided recognized schools for the entire course. The scheme will be implemented as per the guidelines of the Government of India.

An amount of ₹ 800.00 lakh is provided as 40% State Share for the scheme in 2026-27 and 60% Central share is directly going to the account of the beneficiaries.

4. **Pre-Matric Scholarship to the children of those engaged in occupations involving cleaning and prone to health hazards (40% State Share)**

(Outlay: ₹ 10.00 lakh)

The scheme is mainly intended to provide financial assistance to children whose parents/guardian belongs to one of the categories in Manual Scavengers, Tanners and Flayers, to pursue pre-matric education. The scholarships shall be given to students enrolled in class I or any subsequent class of pre-matric stage in the case of day scholars, and class III or any subsequent class of pre-matric stage in case of the hosteller. The scholarship will terminate at the end of class X. The duration of scholarship in an academic year is ten months. The scheme will be implemented as per the guidelines of Government of India.

An amount of ₹ 10.00 lakh is provided as 40% State Share for the scheme in 2026-27 and 60% Central share is directly going to the account of the beneficiaries.

5. **Management and Revamping of I.T.I.s under SC Development Department (New Scheme)**

(Outlay: ₹1500.00 lakh)

The scheme aims to comprehensively upgrade and modernize the 44 I.T.I.s under the Scheduled Caste Development Department, transforming them into institutions that enhance the employment and career opportunities of SC youth in the context of an evolving and competitive modern job market. The following are the component of the scheme:

- All expenses related to day to day management of M.R.I.T.I./I.T.I.s, hostels (except cost of establishment like salaries & allowances), Mid-day meals and nutrition programme in I.T.I.s, Modernization of I.T.I.s including modern workshops and laboratories with updated equipment, construction and renovation works of I.T.I.s, purchase of tools and equipment, purchase of raw materials, expenses towards uniforms of trainees, smart class rooms with digital learning facilities, curriculum modernization by including industry relevant and demand driven courses, training and capacity building programmes for faculties at state/national level institutes, starting new and employment oriented trades as part of revamping of trades in I.T.I.s, setting up of Centre of excellence in high-demand trades, development of soft skills, cost of conducting refresher courses including add-on courses, skill development programmes including state level skill development programmes/*Vijnanakeralam,* all expenses for implementing projects like Additional Skill Acquisition Programme and providing tool kits, formation of placement cell and partnerships with companies for apprenticeship and placement, job fair, provision for consultancy services and publicity, gap filling fund for programmes such as DDU-GKY, PM Vishwakarma, Training cum Employment and additional apprenticeship programme, expenses towards national/state level industrial visit/exposure visits conducted including incidental expenses to students at the rates prescribed by the Government, conduct of annual arts/sports festivals at different levels for I.T.I.s., ISO certification for I.T.I.s, wages to temporary staff and provision of other facilities in the 44 I.T.I.s so as to ensure retaining of affiliation and obtaining affiliation for new trades and for trades which do not have affiliation, modernization in accordance with the instructions issued by DGE&T from time to time.

The expenses for a comprehensive study of I.T.I.s under Scheduled Castes Development Department in consultation with State Planning Board can also be met from the provision. The provision also includes expenses related to the Community College, Vadakkencherry.

An amount of ₹1500.00 lakh is provided for the scheme in 2026-27.

II. Skilling, Employment and Entrepreneurship

6. Assistance for Training, Employment and Human Resource Development

(Outlay: ₹ 7500.00 lakh)

Lack of skill sets in modern trades is one of the reasons for unemployment among youth of Scheduled Castes. In order to enhance employability among Scheduled Caste youth, the department imparts various skill development training programmes. An amount of ₹ 7500.00 lakh is provided for providing assistance to training, employment and human resource development during 2026-27. Of this, ₹3000.00 lakh is earmarked exclusively for the skill development programmes.The provision can be used for the new/ongoing programmes as well as pending payments of the spillover programmes.

The scheme includes the following components.

- Entrepreneurship development training with the assistance of line departments and PSUs under their control and skill training through recognized and reputed training centers/Institutions with NSQF, NSDC and Sectoral Skill Council accreditation for getting employment in the organized sector.
- Providing assistance and rejuvenation of Scheduled Caste Co-operative societies registered under Co-operative Department.
- The expenditure for meeting the Self-employment subsidy.
- Assistance for human resource development including training for Scheduled Castes who perform well in the fields of arts, sports, cinema and ethnic culture.
- Monthly stipend to apprentice clerk cum typist employed under various offices of Scheduled Castes Development Department.
- Honorarium and training costs of Scheduled Caste Promoters.
- Assistance to Nadankalamela, Gadhika, tourism float and Sahithyolsavam.
- Attending and conducting trade fairs, cultural festivals and job fairs.
- Financial assistance to Scheduled Caste youths seeking job opportunities abroad.
- Provision of financial and other overhead assistance to institutions like Civil Services Examination Training Society (ICSETS), Pre Examination Training Centers (PETC), Cyber Sri, Centre for Research and Education for Social Transformation (CREST) and other reputed institutions upon submission of suitable projects.
- Entrepreneurship training and incubation centre for Scheduled Caste youths with the help of startup mission, KDISC etc. Those who successfully complete the training will be eligible for 50% subsidy of MUDRA loan as financial assistance for establishing new business ventures.
- In order to provide extensive capital support to eligible Scheduled Caste enterprises, revolving funds will be given to Startup Mission based on the recommendation of an expert Committee formed for this purpose.

- E-resources related career development and soft skill training system with the help of experts and institutions working in the area of Information Technology.
- Skill training to candidates undergoing professional courses.
- Career orientation programmes for the students in terminal classes in order to help them to choose the right career for their future.
- Starting and revamping PETCs in all districts.
- Financial assistance to the victims of flood and other natural disasters for starting self-employment projects as per Government guidelines.
- Revival and rehabilitation of MSMEs units that have collapsed in convergence with Industries Department.
- Margin money Grants to Nano Units as per the existing norms of Govt.
- Training for Career Excellence (TRACE) – Apprenticeship training programme, Internship and placement training for professionals and graduated Scheduled Caste youths in various fields. Selection and appointment of the Apprenticeships and Internships should be as per the existing norms of the Government.
- Varumana Veedu (Economic Re-engineering of Scheduled Caste Nagars)-This programme aims to convert the Scheduled Caste Nagars into centers of mass production which will foster self-reliance and economic empowerment of the people of Scheduled Caste communities. The possibilities of converting the households in the Scheduled Caste nagars as production units of appropriate industries/manufacturing houses/service providers for adequate income may be explored through the scheme. Priority will be given to the Scheduled Caste women members of Kudumbashree and the necessary handholding support will be given by various agencies like Centre for Management Development, startups and Scheduled Caste entrepreneurs groups. ₹ 500.00 lakh is earmarked for the implementation of this scheme in the state on a pilot basis.
- Honorarium of Legal Assistants
- Expenses to conduct a national level workshop to formulate livelihood policy for Scheduled Castes.
- WE Initiative (Women Entrepreneur Initiative) - The aim of the initiative is the social and economic empowerment of Scheduled Caste women who have attained higher/professional educational qualifications. Financial assistance will be provided to support them in obtaining employment appropriate to their educational qualifications and in starting their own business ventures.
- Formation of labour bank with the aim of ensuring employment and sustainable income for Scheduled Caste farmers and labourers, including those trained in various fields of work.
- Assistance for artists and trainers of traditional art forms in order to promote them.
- Provision of Hostel facility at Ambedkar Bhavan, Mannanthala for students preparing for various competitive exams. Also, setting up of a competitive exam training center

with state-of-the-art facilities in addition to the hostel facility, which will benefit students from nearby districts and remote areas.

Skilling and employment will be integrated with Kerala Knowledge Economy Mission implemented through Kerala Development and Innovation Strategic Council (K-DISC), KASE and ASAP following the rules of NSQF, NSDC and Sectoral Skill Councils. Priority will be given to the people identified as poor under the 'Extreme Poverty Survey-2021-22'.

7. Empowerment Societies for SC Youth

(Outlay: ₹ 1.00 lakh)

The objective of the scheme is to promote young aspirant entrepreneurs belonging to the Scheduled Castes to start modern ventures by providing proper guidance, training, financial assistance and proper managerial hand holding support. The scheme envisages creating job opportunities, income and a sense of self- reliance among Scheduled Caste Youth of the State. The intention of the scheme is to equip and channelize Scheduled Caste youth with Graduation or Diploma qualification as both entrepreneurs and employers. The state level coordination of the scheme will be through the Scheduled Castes Development Department. The scheme will be implemented as per the Government Order.

An amount of ₹1.00 lakh is provided as token provision for the scheme during 2026-27.

8. Samrudhi Keralam-Entrepreneurship Development Programme for Scheduled Castes

(Outlay: ₹ 1000.00 lakh)

The objective of the scheme is to provide assistance to the existing entrepreneurs from Scheduled Castes communities to expand their enterprises and business ventures. The assistance in the form of loan either with an interest of 3 per cent or 20 percent front end subsidy shall be given to the already operating business ventures/enterprises/self-employment initiatives solely owned by individual Scheduled Caste entrepreneurs/group of Scheduled Caste entrepreneurs for expanding their scale of operation/business ventures. The scheme will be implemented in association with Kerala State Development Corporation for Scheduled Castes and Scheduled Tribes Ltd. The selection of beneficiaries will be done by a Project Approving Committee comprising of Director, Scheduled Castes Development Department, representatives of State Planning Board and Kerala State Development Corporation for Scheduled Castes and Scheduled Tribes Ltd. The maximum loan amount will be limited to ₹ 10.00 lakh per business initiative/venture which will be released through Kerala State Development Corporation for Scheduled Castes and Scheduled Tribes Ltd. and necessary handholding support for the beneficiaries will be provided. The scheme will be implemented as per G.O.(Ms)No.43/2025/SCSTD dated 05/11/2025.

In 2026-27, an amount of ₹1000.00 lakh is provided for the scheme.

9. Revamping of Scheduled Castes Co-operative Societies (New Scheme)

(Outlay: ₹ 100.00 lakh)

The scheme aims to revive and revamp the Scheduled Caste co-operative societies in the state to make them efficient and profitable, thereby ensuring sustainable income and

livelihood opportunities for the people of Scheduled Castes. The scheme includes the following components.

- A comprehensive study of the Scheduled Caste co-operative societies in Kerala to identify current challenges, recommend revival strategies and to identify the societies with strong growth potential.
- Preparation of micro plans for individual societies with growth potential and provide professional support in developing project reports to secure funding from Co-operative Department's schemes/other sources.
- Continuous handholding support to the selected societies at all stages of its operation through Co-operative Department and recognised agencies/institutions/organisations in the field of co-operation and management like Centre for Management Development.

The scheme shall be implemented in convergence with the existing scheme of Co-operative Department. In 2026-27, an amount of ₹ 100.00 lakh is provided for the scheme.

10. Vanitha Samrudhi-Women Empowerment Programme (New Scheme)

(Outlay: ₹ 1000.00 lakh)

The scheme aims to economically empower women from Scheduled Castes by providing affordable credit to help them start micro-enterprises or self-employment ventures, thereby creating sustainable sources of income. It will offer financial assistance to the SC members of women Self Help Group (SHGs) as loans at an affordable and reduced interest rate for both existing enterprises/self-employment initiatives and new ventures. The scheme will be implemented with the financial assistance of National Scheduled Castes Finance and Development Corporation (NSFDC) through Kerala State Development Corporation for Scheduled Castes and Scheduled Tribes Ltd in collaboration with the Kudumbasree Mission. The maximum loan amount is capped at ₹1.50 lakh per individual and will be disbursed through the Kerala State Development Corporation for Scheduled Castes and Scheduled Tribes Ltd, with repayment through Kudumbasree CDS.

The scheme will be implemented in accordance with detailed guidelines and the relevant government orders. In 2026-27, an amount of ₹ 1000.00 lakh is provided for the scheme.

11. KBiz-SC Entrepreneurship Development Mission (New Scheme)

(Outlay: ₹ 500.00 lakh)

Self-employment and entrepreneurship as a means of livelihood is gaining momentum. Promoting entrepreneurship among Scheduled Castes will help these communities to reduce dependence on wage employment and casual labour, generate sustainable livelihood and income, and achieve social mobility. This scheme aims to promote entrepreneurship among the people of Scheduled Castes and create a pool of successful entrepreneurs. The scheme shall have the following components.

- **Entrepreneurship Development Programme (EDP):**
  Entrepreneurship Development Programmes (EDP) in partnership with recognised state and national level institutions, academic and innovation centres and other industry and startup ecosystems can be organized to create a pool of potential entrepreneurs in various areas. These programmes should include, entrepreneurial

orientation, business planning and mentorship, skill and sector-specific training, training for vendor development programme, incubation and handholding etc.

- **Financial Assistance for Enterprise Development:**
  This component emphasizes creating opportunities for sustainable livelihoods through access to affordable credit and enterprise promotion. Financial assistance in the form of loan will be made available, with interest subvention from Scheduled banks/Co-operative banks/KSDC for SC & ST Ltd/other financial institutions recognised by the government to start new enterprises.

Even though the financial assistance from this scheme is meant for the first time aspiring entrepreneurs, the EDP programme can accommodate already existing entrepreneurs in the respective programmes. The scheme shall be implemented as per detailed guidelines and government order and in convergence with Industries Department.

In 2026-27, an amount of ₹ 500.00 lakh is provided for the scheme.

III. Institutions Managed by SCDD

12. Works and Buildings

(Outlay: ₹ 700.00 lakh)

Construction, renovation and maintenance works of all buildings under the control of Scheduled Castes Development Directorate comes under this scheme. This head of account is operated by the PWD. The scheme has the following components for 2026-27.

- Construction of buildings and other civil/electrical works for Industrial Training Institutes, Pre-matric and Post-matric hostels, Para Medical Institutes, Pre-Examination Training Centers, Model Residential Schools, Staff Quarters, District Offices, SCDO offices and the Infrastructure development of all institutions under the Department.
- Repair/Renovation/maintenance of existing pre-matric and post-matric hostels, Industrial Training Institutes, Pre-Examination Training Centers and Model Residential Schools.
- Reconstruction works of ITIs which are housed in dilapidated buildings.
- Construction of buildings for starting new trades as part of revamping of trades in ITIs.
- Construction of buildings and other electrical/civil works for new MRSs and maintenance of existing buildings of MRSs.
- Construction of buildings for PETCs.

An amount of ₹ 700.00 lakh is provided for the scheme during 2026-27.

13. Management of Model Residential Schools including Ayyankali Memorial Model Residential School for Sports, Vellayani

(Outlay: ₹ 2200.00 lakh)

Model Residential Schools are established to ensure the academic and physical excellence in the respective fields of Scheduled Caste students by providing residential educational facilities from 5th standard to 12th standard. An amount of ₹ 2200.00 lakh is provided for the scheme during 2026-27 for the following components.

- All expenses for the day to day management of MRSs and MRS for Sports, other than cost of establishment (salaries & allowances).
- Expenses on projects for additional construction, improving infrastructural facilities, repairs and maintenance, waste management, landscaping, water supply, kitchen upgradation, sanitation and electricity charges including alternative sources of energy.
- Additional expenses related to 2 new Model Residential Schools at Kozhikode and Kannur districts.
- Cost of establishment of +2 batches (new and additional) in all MRSs under the Department.
- Provision of uniform, night dresses, undergarments, two sets of sweater (in high ranges), bag, umbrella, shoe and socks and other essentials for students.
- Expenses for engaging Manager Cum Resident Tutor (MCRT) and counselors on contract basis.
- Providing nutritional food as prescribed by Nutrition Board, periodical medical checkup, counseling and periodicals and special nutrition programmes for addressing Anemia among children.
- Special coaching for personality development for weaker sections of students to improve their academic performance/sports activities and for various competitions.
- Conducting Arts festivals and sports meets and seminars at different levels - Regional, State and National. Extracurricular activities in arts and sports to the students of MRSs.
- Expenses towards cash prizes and awards for the winners at State, National and International level competitions.
- Expenses towards the implementation of Student Police Cadet Programme, Additional Skill Acquisition Programme, NCC, NSS and similar projects in MRSs and Sports school.
- Expenses for students and faculty residing in MRSs, pre-matric and post-matric hostels to attend various events and visit places, fields and centers of excellence including travel expenses.
- Provision for hiring of vehicles to meet emergency situations.
- Finishing schools cum skill centers in MRSs for residential coaching and skill development training for ensuring employability in emerging sectors.
- Modernization of MRSs including IT enabled services like online admission and other infrastructure facilities.
- Provision to develop all MRSs to international standards by providing all the infrastructure facilities.
- Setting up of 'Jyothi' Talent Centers - These Centers aim to set up specialized coaching centers at Model Residential Schools to equip students for higher competitive examinations. Arrangements will be made to provide coaching for entrance examinations for Medical & Engineering, CA, ICWA and Company Secretary and training for competitive examinations of UPSC, PSC, SSC, Banks and Defense at State and National levels through reputed Training Institutions exclusively empanelled from the interested institutions. Financial assistance will be provided for

setting up such Centers. These Talent Centers have been named as 'Jyothi' in memory of Jyotirao Phule, one of India's leading social reformers.

14. Working Women's Hostel in all Districts

(Outlay: ₹ 25.00 lakh)

The objective of the scheme is to construct hostels in all districts for working women belonging to Scheduled Caste communities. This helps them to avoid spending a major part of their salary for food and accommodation. An amount of ₹ 25.00 lakh is provided in 2026-27 for the scheme for paying the final instalment of Working Women's hostel at Peroorkada.

Based on gender disaggregated data 100% of fund will be going to women.

IV. Social Sector Interventions

15. Land, Housing and other Development Programmes

The scheme has three sub schemes as given below:

i. Land to Landless Families for Construction of Houses

(Outlay: ₹ 17700.00 lakh)

The scheme envisages purchase of land to the poor and eligible landless Scheduled Castes families for construction of houses. It is targeted to assist 5000 landless Scheduled Caste families to purchase land during 2026-27. Rate of assistance per family will be as per the Government norms. Only the beneficiaries identified as landless and homeless by LIFE Mission will be given assistance. Priority should be given to those families identified under 'Extreme Poverty Survey-2021-22'. An amount of ₹17700.00 lakh is provided for purchasing land for construction of houses under the scheme during 2026-27.

ii. Implementation of 'SAFE' and Construction of Padanamuri [erstwhile 'Completion of Partially Constructed Houses, Improvement of Dilapidated Houses and Construction of Padanamuri']

(Outlay: ₹ 25400.00 lakh)

The scheme aims to give financial assistance to Scheduled Caste families for the completion of partially constructed houses, improvement of dilapidated houses and construction of padanamuri. An amount of ₹ 25400.00 lakh is provided during 2026-27 for the scheme. Rate of assistance to the components will be as per Government norms. The scheme envisages:-

- Construction of study rooms to the existing houses of Scheduled Caste students who are studying in high school and higher secondary classes in Government/Aided/Special/Technical schools, whose parent's/family annual income does not exceed ₹ 1.00 lakh. Assistance @ ₹ 2.00 lakh per family will be provided for construction. It is targeted to complete the construction of 5000 new study rooms and the completion of the study rooms sanctioned in previous years.
- Priority will be given to the Scheduled Caste families affected by natural calamities and families identified under 'Extreme Poverty Survey - 2021-22' and the assistance will be as per the Government norms.
- Implementation of 'SAFE' (Secure Accommodation and Facility Enhancement) scheme to renovate 5000 houses of Scheduled Caste people as per G.O (Rt) No.

990/2022/SCSTD dated 27/09/2022 of the Scheduled Caste Scheduled Tribe Development (C) Department.

iii. Development Programmes for Vulnerable Communities among SCs

(Outlay: ₹ 5200.00 lakh)

The objective of this scheme is rehabilitation and upliftment of Scheduled Caste people belonging to economically and socially disadvantaged communities such as Vedar, Nayadi, Kalladi, Arundhathiar/Chakkiliar. Their population is 3.65 per cent of the total Scheduled Castes population (Scheduled Caste Survey report, 2008). Most of them are concentrated in Palakkad, Malappuram, Kollam and Idukki districts. An amount of ₹ 5200.00 lakh is provided for the following components during 2026-27.

- Land - Assistance to purchase minimum 5 cents of land for house construction as per government norms, under Department scheme. Beneficiaries are selected from LIFE beneficiary list.
- Housing - Assistance to construct houses as per government norms under Department scheme. Beneficiaries are selected from LIFE beneficiary list.
- Study Room/Community Study Centre-Assistance to construct study rooms and community study centres as per government norms.
- Habitat development - Special package including integrated nagar development, completion of incomplete houses and other infrastructure like internet connectivity.
- Education programmes - Special tuition programmes and remedial coaching classes, special tuition classes for competitive examinations.
- Skill Development - Development programmes for self-empowerment, skill training, up-skilling and entrepreneurship development of Scheduled Caste youth by ensuring subsidy for individuals and groups.
- Agriculture land - Assistance upto a maximum of ₹ 10.00 lakh for purchasing minimum 25 cents of agriculture land.
- Micro Planning - Micro Plans will be prepared for each and every household for effective implementation of welfare schemes. A need based programme will be implemented.

Under this scheme, priority will be given to the families identified under Extreme Poverty Survey 2021-22. Based on gender disaggregated data 41 % of fund will be going to women.

16. Housing Scheme for the Homeless SCs (LIFE Mission)

(Outlay: ₹ 30000.00 lakh)

LIFE (Livelihood, Inclusion and Financial Empowerment) Mission is one among the four Development Missions announced by Government of Kerala under Nava Keralam Karma Padhathi (NKKP). It aimed at providing safe housing to the homeless in the State. It is implemented by the Local Governments using their Plan grant as well as Plan support from State Government and assistance from Kerala Urban & Rural Development Finance Corporation Ltd. (KURDFC) by availing loan from Housing and Urban Development Corporation Limited (HUDCO).

An amount of ₹ 30000.00 lakh is provided during 2026-27 for implementing the scheme for the Scheduled Caste beneficiaries. The outlay provided under this scheme is for the construction of new houses for those with land and for the construction of housing complexes or housing clusters for the homeless without land.

The scheme will be implemented by the LIFE Mission through Local Governments. LIFE Mission shall ensure that the funds provided under this scheme are utilized for the Scheduled Caste beneficiaries only. Priority should be given to those families identified under 'Extreme Poverty Survey - 2021-22'. Based on gender disaggregated data, 90% of beneficiaries of the scheme will be women.

17. Financial Assistance for Marriage of SC girls

(Outlay: ₹ 9000.00 lakh)

Marriage assistance is given to the parents/guardian of Scheduled Caste girls having annual family income upto ₹ 1,00,000.00 for the marriage of a girl child at ₹ 1,25,000.00 in each case. An amount of ₹ 9000.00 lakh is provided for the scheme during the year 2026-27. The rate of assistance will be as per the Government Norms. The possibility of working in convergence with LSGIs for the provision of marriage assistance shall be explored.

Based on gender disaggregated data 100% of fund will be going to women.

18. Valsalyanidhi

(Outlay: ₹ 1.00 lakh)

The objective of the scheme is to provide an insurance linked social security scheme for the Scheduled Caste girl child so as to ensure proper education, improve capabilities and social status. It is a long term deposit scheme which attains maturity only after the child attains 18 years of age and has passed 10th standard. It ensures holistic development of the child starting with her birth, including birth registration, complete immunization and school admission and education to minimum 10th standard, ending with lump sum payment when she attains 18 years. The annual family income should not exceed ₹ 1.00 lakh. The entire insurance premium is paid by the State Government and the insurance amount can be used for higher education and for settling in life.

An amount of ₹ 1.00 lakh is provided as token provision for the scheme during 2026-27. Based on gender disaggregated data 100% of fund will be going to women.

19. Dr. Ambedkar Village Development Scheme

(Outlay: ₹ 6500.00 lakh)

The objective of the scheme is the holistic development of 1000 Scheduled Caste nagars where more than 25 Scheduled Castes families are residing. Traditional residential settlements of persons belonging to Scheduled Castes are located in low–lying areas and they frequently face damage from rainfall. This makes them vulnerable not only during floods but also in the normal monsoon season. Therefore, efforts will be taken to improve the nagars of the persons belonging to Scheduled Castes. The scheme should be implemented after conducting need assessment in nagars and a maximum of ₹ 100.00 lakh will be provided to each nagar. Priority will be given to the flood affected nagars and nagars in water-logged areas. Following are the components of the scheme.

- Road and foot path connectivity.
- Supply of drinking water.
- Installation of street lights including solar powered ones.
- Internet connectivity.
- Electrification and re-wiring of houses.
- Waste management, Sanitation and drainage systems.
- House renovation.
- Toilet construction/Renovation.
- Vijnanvadi Construction/Maintenance.
- Improvement of general facilities including playground, Kavu, Ponds etc.
- Protection and renovation of burial grounds inside the nagar/situated adjacent to the nagar.
- Construction of retaining wall/land protection wall.
- Well renovation.
- Construction of Community hall and library.

Documentation of the situation in the nagars should be done before and after the implementation of the scheme.

An amount of ₹ 6500.00 lakh is provided for the scheme during 2026-27.

20. Health Care Scheme

(Outlay: ₹ 7000.00 lakh)

Under the Health Care scheme, medical care is provided to the deserving patients and the elderly. Following are the components of the scheme.

- Financial assistance for treatment to deserving individuals on producing proper medical certificates obtained from specialist medical practitioners concerned.
- Full health care support to the family of mentally and physically challenged people and destitutes.
- Recurring expenditure of Homoeo Dispensaries financed by the Scheduled Castes Development Department.
- Special mental health programme.
- Setting up of old age homes.
- The Dhanwanthari Centres attached with Medical Colleges will be adequately strengthened to start Geriatric care and Palliative care to the aged people.
- Medical camps and De-addiction programmes in Scheduled Caste nagars/habitats with the help of Kudumbasree Mission and Health Department.
- Expenditure relating to the health care programmes including honorarium and allowances.
- Special healthcare programme for Transgenders.
- Financial assistance as a relief measure to victims of natural calamities, fire, accident and death of sole income earning member of family.

- Awareness programmes for parents of Scheduled Caste children on healthy and nutritious food and identification of anemic women and children and remedial measures to solve their health issues.
- ABLE Kerala – This programme intends to provide care for individuals with disabilities from the Scheduled Caste category, as there were 86755 disabled Scheduled Caste persons according to the 'Disability Census Report 2015' of the Social Justice Department. The programme emphasizes on the rehabilitation and empowerment of the Scheduled Caste people with disabilities. This programme will be implemented through Kerala Social Security Mission and Kerala State Differently Abled Welfare Corporation on the basis of a viable plan.

The total amount provided for the scheme during 2026-27 is ₹ 7000.00 lakh. Of this, ₹ 6000.00 lakh is meant for treatment assistance, ₹ 500.00 lakh for Homoeo dispensaries and ₹ 500.00 lakh for ABLE Kerala.

21. Special Package for Addressing Critical Gaps in Basic Amenities

(Outlay: ₹ 2000.00 lakh)

The objective of the scheme is to provide assistance for filling the critical gaps in the basic amenities of Scheduled Caste nagars and Scheduled Castes living as scattered families outside nagars. In 2026-27, ₹ 2000.00 lakh is provided for the scheme which includes the following components.

- Assistance will be provided to fulfill basic amenities such as safe drinking water, road and footpath connectivity, sanitation facilities, drainage systems, internet connectivity etc. in Scheduled Caste nagars which are not included in Dr. Ambedkar Village Development Scheme and in absolute need of assistance. It should be ensured that the amount under the scheme may be utilized as case to case basis when there is no possibility of using other existing schemes.
- Assistance will be provided for improving basic amenities of scattered Scheduled Caste families which are situated outside nagars or does not satisfy the stipulated criteria of minimum five households to form a nagar. Provision of safe drinking water, retaining wall/land protection wall adjacent to houses can be undertaken under this component subject to the assessment of authenticity and need of each demand. It should be ensured that the amount under the scheme may be utilized as case to case basis when there is no possibility of using other existing schemes.

The scheme will be implemented as per G.O.(Rt)No.899/2025/SCSTDD dated 06/11/2025.

V. Miscellaneous

22. Pooled Fund for Special Projects under SCSP

(Outlay: ₹ 200.00 lakh)

Pooled Fund is intended to implement special projects for the benefit of Scheduled Castes by Government Departments/Institutions/Agencies/NGOs. The Departments/ Institutions/Agencies/NGOs which require funds from pooled funds should submit their project proposals aiming at Scheduled Castes development, along with their contribution, to

the State Planning Board for consideration. If the project is found feasible and admissible, the same will be forwarded to the Scheduled Castes Development Department by the State Planning Board. These projects will be placed before the SLWG/Special Working Group for consideration and approval. The existing guidelines should be strictly followed for the preparation, approval and implementation of projects. Top priority shall be given for implementation of livelihood activities. The progress of implementation of various projects sanctioned under this scheme should be strictly monitored by the District Level Committee for SC/ST.

An amount of ₹ 200.00 lakh is provided for the scheme during 2026-27.

23. Modernization and E-governance Initiatives in SC Development Department

(Outlay: ₹ 722.00 lakh)

This scheme is intended for the modernization of offices and institutions functioning under the control of the Scheduled Castes Development Department. The following are the components of the scheme.

- Training to officers and staff of Scheduled Castes Development Department including training in National Institutions or any reputed training agencies.
- Expenses for conducting conferences/workshops/seminars.
- Purchase of computers, laptops, printers, scanners, voice recorder, LCD projector, photocopiers and interactive panels, replacement of old computers, and setting up of LAN and video-conferencing facilities for connecting all offices and institutions under the Department.
- Development and updation of website/IT enabled services, installation of e-office, maintenance of website, AMC charges, internet charges in the Directorate and district offices, smart classrooms and libraries in ITIs and own institutions under the Scheduled Castes Development Department.
- Development of software for implementation of e-governance initiatives for direct cash transfer to all categories of beneficiaries, honorarium to technical assistants, e-procurement and ID cards for staff.
- Supply of application forms and registers required for various schemes of the Department and advertisement charges and all expenses in connection with publicity of programmes under the Department.
- Printing of posters, guides, booklets, journals, publications like Padavukal, Department development guide, pamphlets and expenses for documentation of events and schemes and publication of selected literary works of Scheduled Castes people.
- Hiring of vehicles for district offices/field level officers for monitoring of schemes as per Government norms.
- Updation of Scheduled Caste Survey in digital mode.
- Information, Education and Communication activities.
- Expenses for monitoring and evaluation of schemes/projects undertaken by the Department/Local Governments.
- Strengthening of Planning and Monitoring Cell in the Directorate using an IT based MIS software unit for effective monitoring of plan schemes, including the SCSP of LSGIs.

- Closed User Group mobile connection to field level officers as per Government norms.
- Setting up of additional facilities in the Directorate building at Nandavanam, computerization and infrastructural facilities of Directorate and all other offices/institutions under the Department.
- Pending works and maintenance of the new Directorate Building and Dr. Ambedkar Bhavanam.
- Digitalization and automation of the department.
- Rolling out of e-office facilities to Directorate, District and Block level offices and providing Tab as part of digitalization of the Department as per the existing Government norms. E-office facilities will be implemented in all levels of offices of Scheduled Castes Development Department.
- Expenses for consultancy services to prepare DPR for new major Developmental Projects and other important development initiatives of the Department through reputed academic and technical institutions/agencies of Central & State Governments.
- Honorarium to Technical Assistant/supporting Engineers.
- Formation of IT cell in Scheduled Castes Development Directorate under Planning and Monitoring Section and running expenses and related costs.
- Running of the hand holding cell for giving information to students on career opportunities, higher education possibilities in India and abroad.
- Repair and maintenance charge of computers, laptops, printers, photocopiers, toner/refill, LAN and all other electrical and electronic devices of all offices and institutions under the Department.
- Establishment of toll free call centre/grievance redressal cell in Scheduled Castes Development Directorate for the management of plan schemes.
- Establishment of Data bank at the Directorate level to enable the android based socio-economic survey which covers 30.39 lakh Scheduled Caste people and 26342 Scheduled Caste nagars in Kerala.
- Documentation, seminars, lectures, surveys, fairs, studies, training, preparation and publication of reports and documents, exhibitions, workshops, job fairs and other miscellaneous activities.
- Setting up of library in the Directorate, subscription of online data base/online journals/institutional membership, journals/books/newspapers/e-books and man power support.
- Awards for best institution, officers and offices under Scheduled Castes Development Department.
- Special award for best Scheduled Caste entrepreneur.

The Central Plan Monitoring Unit will be created under Planning and Monitoring Section of Scheduled Castes Development Department to tap these schemes. Qualified youth belonging to the SC community can be hired as Research Assistants for this purpose.
- ISO certification office at Directorate and district level offices.
- Green office- Aims to achieve A grade certificate for all institutions under Scheduled Castes Development Department.
- Construction of conference hall, seminar hall and rest room in the Scheduled Castes Development Directorate.
- Expenses for installing solar panels, inverter and Wi-Fi facility in the Scheduled Castes Development Directorate.
- Developing Ambedkar Bhavan as skill development centre.
- Expenses for K-fone facility.
- Developing on-line platform for providing the services of the Department.
- Expenses for leveraging the use of Artificial Intelligence in order to improve service delivery.
- Establishment of a publicity cell in the Scheduled Castes Development Directorate.

An amount of ₹ 722.00 lakh is provided for the scheme during 2026-27.

24. Corpus Fund for SCSP (Critical Gap Filling Scheme)

(Outlay: ₹ 5300.00 lakh)

Corpus fund is intended to provide funds for filling any critical gap in the SCSP provision made under various schemes in the Annual Plan, on project basis with emphasis on human resource development, basic needs and economic development. The spillover commitments of the projects sanctioned in previous years can also be met from this scheme. One third of the amount would be allocated to districts on the basis of Scheduled Castes population. Administrative sanction for projects up to ₹ 25.00 lakh are allowed to be issued at the districts based on the approval of the District Level Committee for SC/ST.

An amount of ₹ 5300.00 lakh is provided for the programme during 2026-27 for the critical gap filling projects, including the following components.

- Provision of basic amenities like drinking water with special focus on piped water connectivity, electrification of households, internet connectivity, toilet and sanitation, alternate sources of energy, waste management, infrastructure development, connectivity and communication facilities and other critical gaps. The amount can also be utilised for meeting the pending payments of the previously sanctioned toilets.
- Upgrading Vijnanvadies as Centre of excellence

  Provision to establish/develop 210 Vijnanvadies as a center of information, tuition facilities, coaching for competitive exams and career guidance at grass root level. All infrastructure development, high speed internet, setting up of library and computer peripherals in Vijnanvadies. Assistance to Vijnanvadi Coordinators as per the existing

norms of Government. Provision to function Vijnanvadies as 'Jyoti Talent Centers', with necessary infrastructure facilities in all Grama Panchayats, Municipalities and Corporations. Setting up of new Vijnanvadies in existing buildings by providing adequate infrastructure and basic amenities. A special tution programme named "Vijaya deepam' focusing on Vijnanvadis in SC Nagars. Provision to conduct coaching for competitive exams on holidays, in collaboration with a leading competitive exams coaching centre in each district.

- Assistance for protection and renovation of burial grounds and renovation of "Kavu" and similar worship places of Scheduled Castes people.
- Financial assistance for the funeral of Scheduled Caste destitute and BPL families.
- Repair of infrastructure facilities-including reconstruction of roads, public wells, drinking water schemes, burial grounds, toilets, wells and community halls in Scheduled Caste nagars. Priority will be given for the repair of infrastructure facilities in Scheduled Caste nagars which were destroyed in floods and other natural calamities.
- Providing assistance to agriculture and allied activities and setting up of value addition and processing units for their livelihood restoration. Priority will be given to the flood victims for their livelihood restoration.
- Providing immediate assistance to the families affected by natural disasters and financial assistance to create additional person days of work to MGNREGS workers belonging to Scheduled Castes community in case of emergencies and natural disasters.
- Provision of subsidy to the agricultural land loan scheme implemented by Kerala State Development Corporation for Scheduled Castes and Scheduled Tribes Ltd.
- Assistance to reputed institutions for reviving livelihood and employability of Scheduled Castes people.
- Management assistance for Unnathi hostel.
- Community Development programme for Scheduled Caste including 'HOME' programme for Scheduled Castes community.
- Gap filling fund for convergence of Centrally Sponsored Schemes with the State Plan including PMAJAY.
- Maintenance/repair works of institutions and buildings which substantially benefit Scheduled Caste Students or people of Scheduled Caste Community.
- Assistance to Scheduled Caste Neighbourhood Groups (NHGs) and auxiliary groups to initiate entrepreneurship and financial empowerment programmes which will be implemented through Kudumbhashree on the basis of a plan.
- Support Programme for Extreme Poor (SPEP) - Allocation of a gap fund if there is shortfall in the LSG fund for the micro plans prepared and implemented for the Extreme Poverty Eradication Programme (EPEP). Provision shall also be utilized in addressing the critical development gaps for the eradication of extreme poverty.

- Incentivizing 'District Plan' projects - The District Plans prepared by the District Planning Committees ensures the proper convergence of developmental programmes at district level and envisages projects that can be jointly implemented by various departments, agencies and local governments. Hence, it is intended to provide incentives to integrate the programmes for the development of Scheduled Caste community taken up jointly by various departments, agencies and local governments.
- HOPE (Help our People in Emergency) - A special package catering to the needs of the children below 18 years who had lost their parents. The programme provides educational and psychological support by utilising the existing schemes of the department to make them self-reliant.
- SAVE Clubs (Social Action and Voluntary Education) - Creating and organizing youth clubs for arts and cultural activities, for conducting various programmes like leadership campaigns, vacation camps, medical camps etc. and other such activities at the habitat level for the up-liftment of society, and for organizing Development fest and other such campaigns.
- Recurring expenditure of Vijnanvadies – For conducting knowledge fest programmes associated with Kerala State Library Council.
- Expenses for participating in national/international sports competitions.
- Internship scheme for PG students from Universities/educational institutions on specific areas pertinent to the development of the Scheduled Caste Community.
- Expenses for Green income project.
- Aim for Comprehensive Excellence (ACE) - A community leadership programme focusing on Scheduled Caste Nagars.
- Sanitation in flood affected areas in collaboration with Suchitwa Mission.
- Solid Waste Management programme in convergence with Suchitwa Mission.
- Soil and water conservation activities in the inhabited waterlogged areas.
- Honorarium for Paramedical/Apprentice nurses.

Special quarterly reviews shall be conducted in the Directorate for reviewing the progress of the projects implemented under 'Corpus fund' with the help of the MIS software unit under the Planning and Monitoring Cell of the Directorate. The progress of implementation of various projects sanctioned at district level under this scheme should be strictly monitored by the District Level Committee for SC/ST.

25. Share Capital Contribution to Kerala State Federation of SC/ST Development Co-operatives Ltd.

(Outlay: ₹ 200.00 lakh)

The objective of the scheme is to give financial assistance to Scheduled Caste co-operative societies under Kerala State Federation of SC/ST Development Co-operatives Ltd for undertaking economic development activities on project basis. Assistance is given to the

affiliated primary cooperatives as low rate of interest loan and for providing credit facilities to the Self Help Groups in order to undertake income and employment generation projects.

An amount of ₹ 200.00 lakh is provided for the scheme during 2026-27. Of this, ₹ 185.00 lakh is for giving assistance @ ₹ 5.00 lakh to 37 women self-help groups and ₹ 15.00 lakh is for project implementation cost.

Based on gender disaggregated data 100 % of funds will be going to women.

26. Protection of Civil Rights Act and Prevention of Atrocities Act-1989 (50% State Share)

(Outlay: ₹ 1800.00 lakh)

The Protection of Civil Rights Act and the Prevention of Atrocities Act, 1989 are strictly enforced to prevent crimes against Scheduled Castes and Scheduled Tribes. These Acts ensure punishment for atrocities and 'untouchability' against Scheduled Castes and Scheduled Tribes. Special Courts, one Scheduled Castes Protection Cell and Special Police Stations have been formed for the trial of offenses and provision of relief and rehabilitation of the victims of atrocities. The activities under this scheme are;

- Effective implementation of the provisions of the Protection of Civil Rights Act 1955 and Scheduled Castes & Scheduled Tribes (Prevention of Atrocities) Act, 1989.
- Functioning and strengthening of the Scheduled Castes Protection Cell and Special Police Stations.
- Setting up and functioning of exclusive Special Courts.
- Relief and rehabilitation of atrocity victims.
- Cash incentives for inter-caste married couples. The possibility of working in convergence with LSGIs for the provision of inter caste marriage assistance shall be explored.
- Expenses for awareness creation, social solidarity, state level and district level seminars, training programmes for elected representatives, training in leadership and vigilance and monitoring.
- Honorarium of legal counselors, legal advisor and call centre assistants.

An amount of ₹ 1800.00 lakh is provided as 50% state share of the scheme during 2026-27. Of which, ₹ 300.00 lakh is for meeting the expenditure including establishment expenses of Special courts.

27. Share Capital Contribution to Kerala State Development Corporation for Scheduled Castes and Scheduled Tribes Ltd-SCSP

(Outlay: ₹ 1000.00 lakh)

Under this scheme, share capital contribution is given to the Kerala State Development Corporation for Scheduled Castes and Scheduled Tribes Ltd. exclusively by the state, since the Central Government discontinued the Centrally Sponsored Scheme for assisting the State Development Corporations for Scheduled Castes. The Corporation provides finance for income generating schemes, employment oriented schemes, schemes for women and social welfare covering different areas of economic activities. The Corporation

has focused their efforts for identification of eligible Scheduled Caste families and motivating them to undertake suitable economic development schemes, sponsoring these schemes to financial institutions for credit support, providing financial assistance in the form of margin money at low rate of interest and subsidy in order to reduce their repayment liability and providing necessary link/tie-up with other poverty alleviation programmes. It also aims to form a core group of vibrant entrepreneurs in the Scheduled Caste community with the help of agencies like the Dalit Indian Chamber of Commerce and Industry (DICCI). The Corporation also intends to provide assistance to Scheduled Caste entrepreneurs to start micro, small and medium enterprises (SMEs) without affecting the poor majority approaching for micro loans. Provision of loan for the flood affected Scheduled Caste families for house construction and house renovation, working capital loan for agriculture and dairy activities and personal loan are also included. An amount of ₹ 1000.00 lakh is provided as share capital contribution during 2026-27 for various programmes of the Corporation. Major components of the scheme includes beneficiary oriented scheme, multipurpose unit loan, vehicle loan, micro credit finance programme, Laghu Vyavasaya Yojana, women empowerment programme, mahila samridhi yojana, Loan for rehabilitation of return emigrants (NORKA ROOTS), loan to startup entrepreneurs, foreign employment, house construction, animal husbandry, education, marriage assistance, foreign education and house renovation.

VI. SCSP Plan Schemes Implemented through LSGIs and Kudumbasree

An outlay of ₹ 2340.00 lakh is provided in 2026-27 for the implementation of transferred schemes implemented by the local self-governments. The scheme details are given below.

	Total	**77500.00**

A. Education

1. Incentives & Assistance to Students

(Outlay: ₹ 675.00 lakh)

This umbrella scheme comprises of five sub schemes.

(i) Special Incentive to Brilliant Students

(Outlay: ₹ 115.00 lakh)

The objective of the sub scheme is to give special incentives to brilliant students of Scheduled Tribes Communities who secure higher grades/marks in SSLC, Plus-2, Degree, Post-Graduation and Research including Professional courses. Incentives will be awarded at various rates as per the norms prescribed by the Government. Those who excel in the spheres of arts and sports will also be rewarded with cash incentives/certificate. During 2026-27, around 2,100 students are expected to receive incentives under this scheme.

An amount of ₹ 115.00 lakh is provided for the sub scheme during 2026-27

(ii) Ayyankali Memorial Talent Search and Development

(Outlay: ₹ 85.00 lakh)

The sub scheme intends to provide continuous assistance to selected talented students of the tribal community (day scholars) from 5th standard to 10th standard for academic excellence and extracurricular activities. By using a software, continuous tracking and performance assessment of the students selected under the scheme shall be ensured to monitor the performance till the student attains academic excellence in the entire course of education. Every year, 200 students studying in 5th standard will be selected through an intelligence test. Assistance for purchase of furniture and books, financial aid for medical care, monthly stipend as per the rate fixed by government from time to time, and special guidance and counselling are also given to the selected students for 6 years (from Class 5 to Class 10). The selection procedure by the LSS-USS scholarship of General Education Department would be followed for selection of students. After selection, special coaching and focused attention has to be given to such children to attain academic excellence. During 2026-27 around 1,200 students are expected to be assisted under this scheme.

An amount of ₹ 85.00 lakh has been earmarked for the financial year 2026-27.

(iii) Assistance for Study tour to School & College going Students

(Outlay: ₹ 75.00 lakh)

The sub scheme intends to provide financial assistance to Scheduled Tribe students who have passed in all the subjects in Plus One and continue in Plus Two, Degree, Post Graduate, Professional, and Diploma courses for participating in excursions and study tours conducted through the educational institutions where they study. Also, the sub scheme intends to conduct Bharat Darshan/All India Tour for PVTG tribal students with the approval of the State Level Working Group (SLWG).

An amount of ₹ 75.00 lakh is provided for the sub scheme during 2026-27.

(iv) Assistance to Orphans

(Outlay: ₹ 200.00 lakh)

The objective of the sub scheme is to provide social security by way of special financial assistance to students of Scheduled Tribes who have no parents to look after. They will be provided assistance for education and living till they become adult/wage earners and the rate of assistance will be as per the Government Order. The students of Scheduled Tribes who have passed Plus Two can also be provided special allowances for the initial expenses required for further studies. The fund will also be utilized for the purpose of survey/identification of such children, their rehabilitation and assistance for upbringing.

An amount of ₹ 200.00 lakh is provided for the sub scheme during 2026-27.

(v) Supply of Laptop to Students

(Outlay: ₹ 200.00 lakh)

The sub scheme intends to address the issue of digital divide among students of Scheduled Tribes community by providing laptop to Scheduled Tribe students of higher education courses above Plus Two in approved Universities/Institutes. The courses eligible for providing laptops will be decided by the Government. Application should be forwarded by the Principal/Head of the Institution certifying that such assistance has not been received from Local Self Government Institutions. Laptops will be provided only once to an individual beneficiary in the entire course period. During 2026-27 around 500 students are expected to be assisted under the sub scheme. An amount of ₹ 200.00 lakh is provided for the sub scheme during 2026-27.

An amount of ₹ 675.00 lakh is provided for the above five sub schemes during 2026-27.

2. Promotion of Education among Scheduled Tribes

(Outlay: ₹ 1800.00 lakh)

The following components are included in this scheme.

i. Running of Model Pre Schools

The scheme intends to start model pre-primary schools in tribal concenterated settlements. The pre- schools will be established by converging or merging of the single-teacher schools and peripatetic educational institutions in the settlements wherever possible. The students covered under the scheme would be given hostel accommodation when they reach 2nd and 3rd standards to continue their education. Also, annual training for model preschool teachers and nannies, purchase of necessary books, stationery, toys, audio visual system, construction of playground and toilet can also be met from this scheme.

ii. Tutorial Scheme for Students

This component is intended to provide special coaching to students of High School and Plus One & Plus Two classes to increase the pass percentage. The monthly tuition fee would be directly given to parents (through DBT) for providing tuition through nearby tutorials.

The activities included are as follows.

- Tuition for school going Scheduled Tribe students of High School and Plus One & Plus Two.

- Provision of tuition assistance for Scheduled Tribe students who have failed the SSLC, Plus Two, and Degree examinations, enabling them to successfully clear the examinations.
- Implementation of Gurukulam Programme of Attappady Co-operative Farming Society and "Girivikas" programme taken up by Nehru Yuva Kendra, Palakkad.
- One month crash programme before the SSLC & Plus Two examinations (district-wise) under the supervision of Project Officers/Tribal Development Officers with food, accommodation, teaching aids, study materials, honorarium to teachers etc. The expenditure for the crash programme should not exceed ₹ 3500 per student.
- Tuition for students in Pre - Matric Hostels
- Assistance for Online/Distance education

iii. Samuhya Padanamuri (Community Study Centre in Tribal Hamlets)

Samuhya Padanamuri was established for creating ambience of education in tribal hamlets with provision for tuition. One educated tribal youth from the same locality will be selected and trained as tutor with honorarium and will work as a facilitator and social worker. At present 364 facilitators are working at ₹ 15,000/- per month.

Facilities including computer with internet, furniture, reading materials etc. will be provided at Community Study Centers. Light refreshment will also be provided to the students. It is also intends to give pucca structures wherever needed, and is proposed to start Resource Centres and mentoring units in each community study center to enhance the self-esteem and self-reliance among tribal people. The scheme also envisages transforming 54 Community Study Centres as Model Community Study Centres. The community study centres will also function as hub for digitally connected tribal hamlets, wherever necessary, in order to address the digital divide among Scheduled Tribes. Setting up of infrastructure for starting virtual pre-exam training centres in the Model Community Study Centres is also included. The Community Study Centers will function as Anganwadies/Kindergartens in the settlements where there are no such pre-school facilities.

iv. Promotion of sports among Tribals

The objective of this component is to encourage and promote sports, games and arts related activities among tribal children and youth in association with Sports Authority of India, Kerala State Sports Council, Sports Association and National & International agencies**.** The Department, in association with Sports Authhority of India (SAI) has already initiated action for spotting of talents. Such talents can be groomed through systematic coaching so that they could become excellent sports persons to participate in national and international levels.

The expenditure pertaining to conduct Kalikkalam, the annual sports meet of tribal children of Model Residential Schools and hostels under the Tribal Department are to be met from this component. Under this component assistance will be given to the tribal children/youth for availing expert coaching in various sporting fields and for participating in international, national and state level competitions. In addition, the expenses required for giving grant or issue of certificates, citations or awards of merit in recognition of achievements in games and sports, conducting state level initiatives for promotion of sports including hiring/engaging meritorious sports persons and coaches at state level as well as

school/hostel level for grooming talents, hosting major sporting events, providing fellowships to assist tribal individuals who have participated in state, national and international meets to maintain their nutritional level, various sports and arts promotional activites etc. can also be included and other expenses in pursuing excellence in sports will be met from this component. Necessary sports and games equipment required in schools and hostels under the department will also be provided. Special coaching of Scheduled Tribe students to participate in arts festivals and competitions can also be provided under this scheme. Expenses for setting up courts and grounds for sports training for scheduled tribe youth can also be met from this sub-component.

An amount of ₹ 1800.00 lakh is provided for the above four components during 2026-27. Based on gender disaggregated data, 50 per cent of the funds will be going to women beneficiaries.

3. Vidhyavahini

(Outlay: ₹ 3000.00 lakh)

A substantial percentage of the tribal hamlets are in the interior forest and inaccessible areas, and a lack of transportation facilities is one of the major causes of children not attending the schools. In order to ensure universal elementary education to all tribal children, reduce dropouts, and enhance the retention of tribal children in schools, the Scheduled Tribes Development Department has been implementing the scheme Vidhyavahini (Gothrasarathy) in tribal areas. From 2023-24 onwards, the scheme will be implemented by the Scheduled Tribes Development Department Convergence of funds of Local Self Government Institutons may be done if possible.

An amount of ₹ 3000.00 lakh is provided for the above scheme during 2026-27.

4. Pre- matric Scholarships for Scheduled Tribe Students Studying in IX and X Classes (25% SS)

(Outlay: ₹ 100.00 lakh)

Pre-matric Scholarship to Scheduled Tribe students who study in classes 9 and 10 was a 100 per cent centrally sponsored scheme up till 2022-23. The funding pattern has been changed to 75:25 between centre and state and the state government has to allocate 25 per cent of the scholarship. The main objective of this scholarship is to minimize the rate of dropouts in the transition from elementary to secondary stage. Scheme is implemented through States who are responsible for inviting online applications from students through State Portal or National Scholarship Portal, check eligibility verification and disbursement of scholarship to eligible Scheduled Tribe students directly to their bank accounts through DBT. Central assistance shall be by GOI to State Government based on their proposal comprising of statement of expenditure, furnishing of Utilisation Certificate (UC) and uploading of beneficiary data on DBT Portal.

An amount of ₹ 100.00 lakh is provided as 25 per cent state share during 2026-27 against the anticipated Central assistance.

5. Post-matric Scholarships for Scheduled Tribe Students (25% SS)

(Outlay: ₹ 1200.00 lakh)

The scheme is intended for payment of educational assistance such as lump-sum grant, stipend, hostel charges and pocket money, provision of Free Ship Card to students seeking admission in post-matric institutions to avoid payment of fees at the time of admission etc. to the students undergoing various post-matric courses in and outside the state and 'Actual Boarding and Lodging Charges' (ABLC) at the rate of ₹ 6500/- will be provided to the students studying in Government/Aided/Self Finance educational institutions. These scholarships are granted and disbursed through e-grantz.

An amount of ₹ 1200.00 lakh is provided as a 25 per cent state share during 2026-27.

6. Scholarships for studying abroad and outside the state

(Outlay: ₹ 600.00 lakh)

This scheme is intended for providing scholarships to the tribal students, for higher studies in overseas institutions, on the basis of merit/reservation. The scheme provides financial and logistical support to students from the scheduled Tribe communities pursuing higher education in universities outside the state and prestigious foreign universities. The scholarship shall be granted to a student for only one programme/course of study, which shall be limited to the period for it is sanctioned. The scheme will be implemented as per the Government Order in this regard.

An amount of ₹ 600.00 lakh is provided for the above scheme during 2026-27.

7. Academic & Research Chair for Tribal Studies (New Scheme)

(Outlay: ₹30.00 lakh)

The Academic and Research Chair for Tribal Studies is envisioned as a flagship initiative to establish dedicated Chairs for advancing research on Scheduled Tribes in Kerala. The initiative seeks to foster rigorous, interdisciplinary research and teaching on the histories, cultures, knowledge systems, and contemporary realities of tribal communities in Kerala. The Chairs will function as vibrant academic hubs, nurturing post-graduate scholars, supporting advanced research, and generating critical insights that contribute both to academic discourse and evidence-based policy. Emphasis will be placed on ethical, community-engaged research that respects and amplifies tribal voices. Implementation will follow a phased approach. In the first phase, the Chair will be established at a State university selected based on its institutional preparedness and academic strength. In subsequent phases, the programme will be progressively expanded to other universities, ensuring systematic scaling up.

An amount of ₹30.00 lakh is provided for the above scheme during 2026-2027

B. Skilling, Employment and Entrepreneurship

8. Assistance for Self Employment and Skill Development training to ST youths

(Outlay: ₹ 1300.00 lakh)

The objective of the scheme is to reduce the intensity of unemployment among the Scheduled Tribe youth by providing assistance in skill training in modern skill sets.

The components of the scheme are given below

- Skill Training and placement assistance for Scheduled Tribe youths in various trades. For this, selection of training institutions will be as per Govt. norms
- Coaching for PSC, UPSC, SSC, RRB and bank examinations, etc.
- Entrance oriented coaching to ST students who seek admission for professional courses.
- Pre-engineering training to students and special coaching for engineering dropouts.
- Provision of additional Apprenticeship to ITI/ITC passed ST candidates.
- Career Development & orientation classes to Plus Two and Graduate youths.
- Placement assistance to those tribal youth who find job opportunities in India and abroad.
- Promoting Geo-tagging of tribal handicrafts and ethnic products of STs and facilitating marketing through online platform.
- Strengthen the functioning of virtual tribal employment exchange.
- Honorarium of Apprentice Engineers and Overseers posted in Local Self Governments and ST department.
- Beneficiary share to the employment oriented schemes of GoI and other departments for Scheduled Tribes whose annual income is below 2.5 lakh.
- Training for career excellence (TRACE) – Internship and Placement training for professionals and graduated Scheduled Tribe youths in various fields. Selection and appoiniment of the Apprenticeship and Internship should be as per the existing norms of the Government .
- Expenses to conduct a National level workshop to formulate livelihood policy for Scheduled Tribes.

The scheme will be implemented in convergence with the Kerala Knowledge Economy Mission and strictly in compliance with Government norms. Priority should be given to Scheduled Tribe youths those identified in Extreme Poverty Survey of LSG Department.

An amount of ₹ 1300.00 lakh is provided for the scheme during 2026-27.

9. UNNATHI - Entrepreneurship Development Programme and Start-ups

(Outlay: ₹ 100.00 lakh)

The UNNATHI scheme aims to promote entrepreneurship and start-ups among educated Scheduled Tribes. Assistance is provided to entrepreneurs for new investments, research and development, marketing, and other activities to support their business.

The UNNATHI helps entrepreneurs access foster the long-term financing, mentorship, and build networks with other investors. Under this scheme, one-time financial assistance will be provided to entrepreneurs and start-up firms operated by people of the Scheduled Tribe community. Financial assistance is provided to startups for proof of concept, prototype development, product trials, market entry, and commercialisation. Financial assistance of up to ₹10 lakh will be provided to startups at an early stage through incubators. Seed funding and other support services help startups overcome their initial challenges. The scheme will be implemented in accordance with the relevant Government Order.

An amount of ₹100.00 lakh is provided for the scheme during the year 2026-27.

10. WINGS (Skill development programme in Aviation field)

(Outlay: ₹ 100.00 lakh)

WINGS is a skill development training programme to address unemployment among the educated Scheduled Tribes in the state by tapping the employment opportunities in the emerging Aviation field. Trainees are selected by inviting applications from scheduled tribe youths for the selected courses approved by IATA (International Air Transport Association). The firms conducting Aviation courses will be selected through an invitation for expressions of Interest. The scheme will cover course fee, accommodation and travel facilities during the course and help with their essential expenses. The selected training institute shall conduct mobilization camps in all districts of Kerala in the presence of District Officers and Tribal Extension Officers and conduct written test/interviews to select suitable trainees. The scheme includes emerging courses like: pilot, air hostess (cabin crew), Airline and Airport Management Course, Airline Customer Service Course, Supply Chain & Transport Modes, Foundation in Travel and Tourism courses, etc. and other related courses in this field, which have potential employment in the airline sector.

An amount of ₹ 100.00 lakh is provided for the scheme during 2026-27.

11. Agriculture Income Initiative for Scheduled Tribes

(Outlay: ₹ 1200.00 lakh)

There are substantial tracts of agricultural land that are under the direct control of either people of the Scheduled Tribes or the Scheduled Tribes Development Department. These tracts have abundant natural resources and vast potential for the development of agriculture and allied activities. Most of the tribal communities suffer from severe malnutrition and related health issues. If modern methods of agriculture and allied activities (for example, animal resources and inland fisheries, supported by minor irrigation) are introduced, additional income opportunities can be created on a sustainable basis for the people of these areas and nutrition problems will also be addressed.

The specific components will be decided depending on the regional preference and the nature of activities suitable for tribal hamlets. In each case, the Department will prepare alternative menus for raising incomes like homestead farming, collective farming, with the help of experts, taking into consideration the specific agro-ecological conditions of the area. These alternative income - maximising proposals should be brought together into project proposals. Village market place, (chandha) owned and operated by tribal groups without exploitation by middlemen will also be included. Comprehensive Agricultural Practices including cultivation of vegetables, leafy vegetables, and other millets seeds and pisciculture shall be framed in consultation with Agriculture and Fisheries Department. Service of the Public Distribution system shall be ensured so that the agricultural products of Attappady reach the tribals for consumption.

A labour bank will be formed by enrolling trained individuals from various vocational sectors to ensure the timely availability of skilled labor for agricultural activities, create employment opportunities, and guarantee stable and sustainable income for farmers from the tribal areas.

The scheme comprises of three sub schemes as detailed below

i. Assistance to Millet Village Programme, Nutrition Sufficiency through Agro - ecology in Attappady (Namuth Vellame) and Haritharashmi Project

The on-going agricultural projects like Millet Village Programme, Nutrition Sufficiency through Agro - ecology in Attappady and Haritharashmi project in Idukki and Wayanad Districts have to be evaluated, supported and the activities like, value addition, processing, marketing and formation of Farmer Producers Companies have to be taken up in a concerted manner.

ii. Development of Farms

This component is intended for the development of agricultural and allied activities in areas of Scheduled Tribe concentration, with a special focus on the following regions.

i. Aralam Tribal Rehabilitation and Development Mission Area, Kannur
ii. Sugandhagiri and neighbouring areas of Wayanad district
iii. Attappady in Palakkad district (ACFS, VGCFS, Kurumba society)
iv. Cheengeri farm in Wayanad District.

Projects on farm activities like mushroom cultivation, ginger plantation, spices, oil seeds, and organic inputs, planting new saplings, strengthening the management of existing crops, infilling and expansion of plants, planting of intercrop, vegetable cultivation, and setting up of a hi-tech nursery unit, scientific beekeeping and honey processing, constructing fencing, etc., and farm modernization and mechanisation, processing, value addition, and marketing of agro-products from these farms are intended to be undertaken under this component. Thrust will be given to Scheduled Tribe entrepreneurs and start-ups to start ventures for processing, value addition, and marketing. Provisions for establishing an apex body to facilitate the integration of farms under the Scheduled Tribes Development Department are included, and this component will also focus on comprehensive agricultural development and promoting sustainable income generation activities.

iii. Training on Agriculture & Allied sectors

Model Resedential Schools (MRS) focuses on the holistic development of tribal children through education and health. Agricultural practices (study and practical classes for agriculture and alied sectors) will be included in the curriculum of MRSs.

This component includes training for cultivation of ethnic agriculture products as well as modern farming. In addition, the MRSs will provide facilities for knowing and practicing beekeeping, animal husbandry, fisheries etc. to the tribal students along with their routine school syllabus. Around 3,500 beneficiaries are to be assisted under this programme.

An amount of ₹ 1200.00 lakh is provided in 2026-27 for implementing the scheme in an integrated and phased manner in Scheduled Tribe concentrated areas.

12. Kerala Tribal Plus (Additional Wage Employment under MGNREGS)

(Outlay: ₹ 5000.00 lakh)

For providing additional employment for tribal families, the Scheduled Tribes Development Department has introduced the Kerala Tribal Plus Programme (an Additional wage employment programme) under MGNREGS. Through this scheme, 100 days of employment in excess of 100 days provided under MGNREGS is delivered to Scheduled Tribe families. Fund required for the scheme will be made available to the Commissionerate

of Rural Development. To enrol a larger number of Scheduled Tribe families under MGNREGS, a special drive may be conducted by the Scheduled Tribe Development Department in association with the MGNREGS Mission to ensure an additional 100 days of employment for all Scheduled

The Commissionerate of Rural Development shall report the monthly progress of the scheme to Scheduled Tribe Directorate and State Plannning Board. Based on gender disaggregated data 90 per cent fund will be going to women beneficiaries.

In the event that MGNREGS is discontinued or restructured, the Kerala Tribal Plus Programme will continue in convergence with the new guidelines of the Central Government scheme introduced for this purpose, ensuring the uninterrupted provision of additional wage employment to Scheduled Tribe families.

An amount of ₹ 5000.00 lakh is provided for the scheme during 2026-27.

C. Institutions managed by Scheduled Tribe Development Department

13. Management Cost for the running of Model Residential Schools

(Outlay: ₹ 6000.00 lakh)

The amount provided is for meeting the running cost/management cost of 16 Model Residential/Ashram Schools, Four Ekalavya and Two Special CBSE Model Residential Schools.

All expenses related to running of MRSs including establishment costs (salaries and allowances), repair and maintenance, fuel expenses, cooking gas and provisions, solid and liquid waste management, energy projects, modernization, agriculture initiatives and Miyawaki Forests, e-governance initiatives, extra coaching, skill development including additional skill acquisition programme and entrepreneurship development, group activities like student police cadet, national cadet corps and national service scheme, bharat scouts and guides etc., purchase of equipment/furniture/computers and accessories, programmes for soft skill development and for extra/remedial coaching, cost for conducting seminars and workshops, cost for meeting travel and allowances to students and staff for participating in various programmes/functions/camps/site visits/workshops/competitions/science fairs in India and abroad, cost for meeting study tour of students, conducting counselling and special programmes including engaging student doctor, student police, our responsibility to children projects aimed at the overall development of children and cost for Sahavasa Camp for Secondary & Higher Secondary students will be met from this outlay.

For ensuring employability in emerging sectors, skill development training shall be given to secondary and higher secondary students in Model Residential Schools. The expenses related to Sargotsavam (State level youth festival for Secondary & Higher Secondary students of MRSs, hostels run by the Department), remuneration of resident tutor of pre matric and post matric schools, professional HR support of MRS, career counselling, career oriented training programmes will also be met from this head.

An amount of ₹ 6000.00 lakh is provided for the running cost/ management cost of the schools during 2026-27. Based on gender disaggregated data (6 schools exclusively for girls) 50 per cent fund will be going to women beneficiaries.

14. Post-matric Hostels for Tribal Students

(Outlay: ₹ 500.00 lakh)

The basic objective of the scheme is to ensure higher education among tribal youth by providing safe and free boarding and lodging at proximity to reputed educational institutions. The department shall take all steps to provide as much hostel facilities in all districts to promote higher education among tribal children as the enrollment of tribal children in higher education is relatively low. The running expenses of the existing and new Post-Matric hostels functioning in buildings owned by the Department or rented buildings may be met from this scheme.

An amount of ₹ 500.00 lakh is provided for the scheme during 2026-27.

15. Improving facilities and Renovation of Pre-matric & Post-matric hostels

(Outlay: ₹ 1050.00 lakh)

The objective of the scheme is to provide hostel facilities to pre - matric and post-matric students. The scheme also envisages improving the facilities of pre - matric and post-matric hostels functioning under the Department to create a good environment for better education. All such institutions will be provided with appropriate facilities according to UNICEF standards. The provision is for meeting the costs of minor repairs and maintenance of tribal hostels, repair/maintenance work of rain water harvesting system, installation of sanitary napkin incinerator, installation/repair of roof truss work, purchase of vessels, furniture and computers, and providing electricity/water supply.

All expenses related to additional construction, fuel, cooking gas and dietary charges, liquid and solid waste management, energy projects, project for modernization, projects for implementation of e-governance initiatives in the hostels, purchase of equipment/furniture/necessary items, development of health including provision for counselling, study tours and special programmes/projects aimed at the overall development of children will be met from this scheme. Cost for providing extra coaching and tuitions, programmes for soft skill development and for extra/remedial coaching, cost for conduct of seminar and workshop, skill development for the inmates of the hostel are also included under the scheme. The amount earmarked under this scheme can also be utilised to meet the running cost/management cost of 108 pre-matric hostels, and 11 post matric hostels.

An amount of ₹ 1050.00 lakh is provided for the scheme during 2026-27.

16. Construction of building for Model Residential Schools/Ashram Schools/Ekalavya Model Residential Schools/Pre-matric & Post-matric Hostels in Tribal Areas

(Outlay: ₹ 600.00 lakh)

Three centrally sponsored schemes viz, 'Construction of Building for Model Residential/Ashram Schools in Tribal Areas' (50 % CSS), 'Construction of Boys' Hostels' (50%CSS) and 'Construction of Girls' Hostels' (100% CSS) were merged and included as a state scheme in the Annual Plan 2019-20 as some of the projects started under these Schemes are yet to be completed and there are difficulties in receiving funds from GoI for these schemes due to some technical reasons. Apart from all institutions, construction of new hostels and MRSs taken up by the Scheduled Tribes Development Department in the current year and the additional construction works like hostel blocks, staff quarters and additional classrooms etc. required in the constructions of model residential schools sanctioned by the

GoI can be taken up under the scheme as the amount sanctioned by the GoI for construction works is not sufficient to make them full-fledged institutions.

A new component is added this year for the establishment of a residential sports school , which envisions a residential academy for tribal children and youth that combines quality education with professional sports training. It will nurture natural sporting talent, promote indigenous games, and connect students to state and national sports platforms while ensuring holistic development. One school is planned as per land availability to be set up in Wayanad or Idukki district. Out of the total outlay of this scheme an amount of Rs. 100.00 lakh is provided for the component for covering the preliminary expenses such as preparation of Detailed Project Report etc.

An amount of ₹ 600.00 lakh is provided for the scheme for the year 2026-27 and the outlay is meant for the construction and completion of buildings for the institutions. Based on gender disaggregated data (6 hostels exclusively for girls) 35 per cent fund will be going to girl children.

17. Vocational Training Institute for Scheduled Tribes

(Outlay: ₹ 83.00 lakh)

At present there are two Vocational Training Institutes for Scheduled Tribe students functioning at Thiruvananthapuram and Idukki for imparting training in 5 trades approved by the National Council for Vocational Training.

To obtain modern employment, new technical courses shall be introduced. With the support of the Technical Education Department, Industries Department, and Scheduled Tribes Development Department, a study to upgrade the courses and institution is proposed. Also, the scheme is intended for meeting the running expenses (uniform, food, study materials, stationery items) of Vocational Training Institutes in Thiruvananthapuram and Idukki.

An amount of ₹ 83.00 lakh is provided for the scheme during 2026-27.

18. Assistance to Tribal Welfare Institutions

(Outlay: ₹ 400.00 lakh)

The scheme is intended to provide financial assistance to tribal welfare institutions like co-operative farms and Scheduled Tribe co-operative societies for their revival and thereby ensuring livelihood of tribal families. Assistance is given for employment generating projects.

The outlay is for providing grant/assistance to

i. Priyadarshini Tea Estate, Mananthavady - for developing/improving the plantations, and for running/revamping the tea factory operated by the estate.
ii. Attappady Co-operative Farming Society-for projects aimed at revitalization including extension of plantation to new areas and for developing/improving the existing farms and necessary processing, value addition and marketing.
iii. Ambedkar Memorial Rural Institute for Development (AMRID), Kalpetta, Wayanad - for conducting multifarious leadership training, skill development programmes and other employment generation activities viz, production of handicrafts, tailoring, computer training, printing and book making, PSC coaching, driving etc. for the development of Scheduled Tribes.

iv. Running expenses of the High School run by the Attappady Co-operative Farming Society at Chindakky and Tribal Hostel at Chindakky including upgradation of facilities of the school and hostel.

v. One time working capital assistance to Attappady Tribal Apparel Park and other apparel units set up in Wayanad and other districts by the department. Handholding support to these parks shall be provided by reputed government/private agencies.

vi. Creating online platforms for marketing and conducting trade fairs for marketing of products of institutions assisted under the scheme.

vii. Assistance for conducting Women Empowerment Programme at Aralam Farm

viii. A one-time assistance for revamping/expanding the Ayurdhara projects of the SC/ST Federation on the basis of the revamping project report submitted by the Centre for Management Development (CMD). Also, 10 outlets/clinics of Ayurdhara will be started. Priority will be given to qualified BAMS degree holders from Scheduled Tribes in these initiatives. An amount of ₹1.00 crore has been earmarked for the SC/ST Federation to revamp Ayurdhara during the financial year 2026-27.

The first three institutions will be revamped based on an evaluation study on the financial feasibility and a detailed project report. Renovation/Revamping of Tribal societies affiliated with the SC/ST Federation, operating in sectors such as non-timber forest produce, Agriculture, Coir, and other traditional sectors, as well as assistance to Gothrajeevika construction societies, will also be undertaken under this scheme.

An amount of ₹ 400.00 lakh is provided for the scheme during 2026-27.

19. Multipurpose Hostels for ST Women (New Scheme)

(Outlay: ₹ 200.00 lakh)

The scheme intends to construct safe and affordable hostels ,dormitories/ shared accommodation for working Scheduled Tribe women in both organised and unorganised sectors and Scheduled Tribe women pursuing Master's or higher degrees in urban centres. The hostels will provide secure accommodation and a supportive community, enabling women to pursue careers and achieve economic independence. Three regional units are planned at Thiruvananthapuram, Ernakulam, and Kozhikode. This scheme will be implemented by converging the TSP funds of Municipalities and Corporations.

An amount of ₹ 200.00 lakh is provided for the scheme during 2026-27.

D. Social sector interventions

20. Special Programme for Adiyas, Paniyas, PVTGs and Tribes Living in Forest

(Outlay: ₹ 350.00 lakh)

The objectives of the programme are to provide basic amenities, livelihood support and overall development of the PVTGs and other weaker sections. The scheme comprises of three components.

i. Programmes for Adiyas, Paniyas, Malapandaram and the Particularly Vulnerable Tribal Groups

Need based and location specific packages and programmes for the development of marginalized communities and the Primitive Tribal Groups (Cholanayikka, Kattunayikka, Koraga, Kurichiar, Kurumbar, Kadar) are envisaged under this component. This component would also cover the marginalised communities like Aranadan, Kudiya, Mahamalasar,

Palliyan, Thachanadan Moopan, Malapanickar, Malapandaram, Adiyan, Eravalan, Hill Pulaya, Irula, Malasar, Malayan, Mudugar, Malavettuvan and Paniyan. Special emphasis will be given for projects on re habilitation packages, health, food support and economic development of these special groups on the basis of Ooru and family based micro plans. Special focus will be given to the families identified under the Extreme Poverty Survey - 2021-22 of LSG Department. Suitable mechanism for effective implementation and monitoring will be put in place. Rehabilitation and resettlement of people who live in ecologically highly sensitive areas prone to flooding as well as land slips will be taken up in a phased manner. High priority shall be given for socio economic development of Malapandaram Community aimed to provide basic needs such as housing, electricity, roads, and livelihoods through a special package for the development of semi nomadic Malapandaram Community. In this regard, a study will be conducted at the district level to identify the development gap, and finally, the microplan will be implemented with the approval of the DLC for SC/ST. Families identified under the Extreme Poverty Survey shall be given priority.

ii. Programmes for tribals living in forest

Providing gainful employment to Scheduled Tribe population living in/near the forest areas is a must for improving their living standards. Providing/ensuring alternative source of income, protection from wild animals, providing/ensuring health care facilities, providing education and awareness, development of infrastructure, connectivity and communication facilities, rehabilitation of tribal people and prevention of degradation of local habitat of the Scheduled Tribe people living in and near the forest areas etc. are included in this component. Suitable proposals/projects will also be invited from various departments especially from Forest Department for implementing in tribal settlements inside the forest. Families identified under the Extreme Poverty Survey shall be given priority.

iii. Destitute Homes

The cost of running of three destitute homes functioning under the Scheduled Tribes Department at Attappady, Mananthavady (Kuzhinilam) and Sugandhagiri (Wayanad) will be met from this scheme. Provision for starting new Destitute Homes for Adiyas, Paniyas, PVTGs and Scheduled Tribes Living in Forest are also included. Families identified under the Extreme Poverty Survey shall be given priority.

An amount of ₹ 350.00 lakh is provided for the above components during 2026-27.

21. Special Development Package for the Paniya Community

(Outlay: ₹ 350.00 lakh)

Paniya community, which is one of the marginalised tribal groups, continues to face significant challenges in education, healthcare, economic opportunities, and social inclusion in Kerala. This special development package is designed to address these challenges comprehensively, aiming to uplift the community and ensure sustainable improvements in their quality of life. The first phase of the special package will focus on the development of Paniya Community in Wayanad. The package should be aligned with the principles of social equity and inclusivity, focusing on the empowerment and well-being of the Paniya people. Through dedicated funding and strategic initiatives, this package seeks to bridge the social and economic disparities affecting the Paniya community.

The amount provided under this scheme can be used to prepare a comprehensive development package for Paniya community to address both immediate needs and long-term growth potential, with a special focus on healthcare, education, and sustainable livelihood. The Scheduled Tribes Development Department can entrust any accredited agencies to prepare the development package. It is expected that a comprehensive gap assessment within the Paniya community will identify the specific development needs, enabling a targeted approach to address the development gaps. The survey conducted by Scheduled Tribes Development Department shall be used to identify the existing gaps. Also, it is important that existing schemes should be converged to maximise resource utilisation and effectiveness.

The allocation under this scheme can be used for the funding gaps in the development of this community. Priority areas will be emphasized, and specific funding can be made from this scheme to address the development needs as and when required. In the districts, the package will be monitored by the DLC for SC/ST. The Scheduled Tribes Department is entrusted with the responsibility of ensuring proper monitoring of measurable outcomes and conducting periodic assessments to facilitate the effective utilization of resources.

An amount of ₹ 350.00 lakh is provided for the scheme during the financial year 2026-27.

22. Assistance for the welfare of Scheduled Tribes

(Outlay: ₹ 3046.00 lakh)

The scheme comprises of five sub schemes as detailed below.

i. Assistance to Marriage of ST girls

(Outlay: ₹ 600.00 lakh)

This sub scheme is intended to provide assistance to the parents belonging to Scheduled Tribes for the marriage of their daughters. The Scheduled Tribes Development Department provides assistance either to the parents or to the girl as marriage grant at the rate of ₹ 1.50 lakh per adult girl. Priority will be given to the daughters of widows, unwed mothers and incapacitated parents. The assistance to Scheduled Tribe adult girls who do not have parents to look after (orphan) will be ₹ 2.00 lakh. The sub scheme should be implemented according to the guidelines of the Government. In 2026-27, it is proposed to cover approximately 400 families/adult girls per year. Families identified under the Extreme Poverty Survey shall be given priority.

An amount of ₹ 600.00 lakh is provided for the scheme during 2026-27.

ii. Assistance for Sickle-cell Anemia Patients

(Outlay: ₹ 400.00 lakh)

Sickle Cell Anemia is an inherited lifelong disease prevailing among the Scheduled Tribes living in Wayanad, Palakkad, Kozhikode and Malappuram districts. Continuous body pain, mental stress, inability to do hard work, malnutrition are the common problems faced by these patients. Such patients will be provided a monthly financial assistance aid as per government order. In addition to this, one time assistance based on the implementable projects, will be provided for each family for enhancing livelihood activities of such patients after providing skilling in appropriate trades. Skill training in this regard will be provided to such patients through institutions like AMRID and KIRTADS etc. Screening programme will also be conducted. Families identified under the Extreme Poverty Survey shall be given priority.

An amount of ₹ 400.00 lakh is provided for the scheme during 2026-27.

iii. Janani-Janma Raksha

(Outlay: ₹ 2000.00 lakh)

One of the major concerns in the development of tribal health is that pertains to the nutritional issues of mother and child. Pre and post maternal care is inadequate among the tribal women and it will be attributed mainly to the lack of adequate income. This sub scheme is envisaged for extending timely financial assistance of @ ₹ 2000 per month for 18 months beginning from the third month of the pregnancy to the month in which the child attains one year. Payment shall be made only through bank account.The department shall ensure that the assistance reaches the beneficiaries on a monthly basis and also ensure that the assistance is utilised for addressing the nutritional issues of pregnant and lactating mothers. A system for giving proper counselling and health monitoring of pregnant women and neo -natal has to be built through the Mobile Medical Clinics and PHCs.

An amount of ₹ 2000.00 lakh is provided for the scheme during 2026-27.

iv. Financial Assistance to Traditional Tribal Healers

(Outlay: ₹ 45.00 lakh)

The sub scheme is for giving annual grant to traditional tribal healers @ ₹ 10,000.00 The beneficiaries will be selected with the assistance of KIRTADS. The amount will be transferred to bank account of the beneficiary through DBT system. The scheme is being implemented through Scheduled Tribes Developement Department. The details of traditional tribal healers shall be published in online platform and also create systems like online consultations/online appointment and online payment for them. The schemes also envisage to give assistance to tribal healers for setting up ten treatment centres and imparting knowledge to next generation. It is proposed to assist 260 traditional tribal healers during 2026-27.

An amount of ₹ 45.00 lakh is provided for the scheme during 2026-27.

v. Gothravalsalyanidhi (Tribal Girl Child Endowment scheme)

(Outlay: ₹ 1.00 lakh)

The objective of the scheme is to provide social and economic security to tribal girl child and thereby help to achieve holistic development from birth through various phases of her life. Ensuring health and educational attainments are also the objecives of the scheme. It is a long term endowment scheme which attains maturity only after the child attains 18 years of age and has at least passed the 10th standard. The insurance amount can be used for higher education and settling in life. This scheme includes cash pay-outs during immunization and school admission stages. Insurance against death of parents and permanent disabilities is also included in this scheme. Since this is a long term programme, for systematic management of the scheme and to monitor the flow of premium, a software has to be developed and put in place. An amount of ₹ 1.00 lakh is provided as token provision during 2026-27.

An amount of ₹ 3046.00 lakh is provided for the above five sub schemes during 2026-27

23. Food Support/Food Security Programme

(Outlay: ₹ 2200.00 lakh)

The scheme is intended for providing food grains in needy tribal areas in the State and to address the issues of malnutrition and poverty among the Scheduled Tribes. The scheme also ensures food and nutritional security among tribal families during low employment

seasons, especially in the monsoons and in cases of natural calamities and emergencies. Choice of food items will be decided according to area specific tastes and preferences of the tribes and this will be decided at PO/TDO level. Special priority should be given to widow headed families and unwed mothers. The food items should be selected in view of the Anemia and malnourishment of the tribal family members. Special attention shall be given to the families having pregnant and lactating mothers and also sickle cell anemia patients.

The scheme is also intended to meet the expenses incurred for transportation and distribution of food kits to the tribal families during Onam/special occasions. Further, the actual expenditure of transportation charges incurred for providing statutory ration from the two ration shops at Idamalakkudy tribal settlement in Idukki District through Devikulam Girijan Co-operative Society and for meeting similar expenses in other remote tribal areas in the State are also met under the scheme. The provision can also be used for components like supplying of special kits to tribes during natural disasters, operational expenses of Community Kitchens run by Kudumbashree and other reputed agencies in various parts of the state, and nutritional support to needy children, mothers, bedridden and elderly people. Special attention shall be given to the undernourishment of women and children in Attapady tribal area by promising to use the agricultural produces like ragi, maize, pulses, vegetables etc. produced in the area which is consumed by the Scheduled Tribes. Families identified under the Extreme Poverty Survey shall be given priority.

In case of paucity of funds for the schemes implemented by the LSGs and education department to provide morning and evening food to the Scheduled Tribe students in schools, the funds under this scheme can be utilized.

An amount of ₹ 2200.00 lakh is provided for the scheme during 2026-27.

24. Comprehensive Tribal Health Care

(Outlay: ₹ 4000.00 lakh)

Outlay is provided for the following components

i. Running of Health Care Institutions

The Scheduled Tribes Development Department is running five Allopathic outpatient clinics in the remote scheduled tribe areas of Attappady (2 clinics), Chalakudy (1 clinic) and Idukki (2 clinic). More than 24,000 Scheduled Tribe beneficiaries are assisted annually through these institutions. Ambulance services and medical camps are conducted through these OP Clinics. The staffs of OP Clinics are engaged on contract basis by Scheduled Tribes Development Department. Provision for meeting establishment costs including cost of medicine and other charges for running these institutions and cost for running medical camps by these OP Clinics are also envisaged under this component.

ii. Medical Assistance through Hospitals

This component envisages providing medical care to Scheduled Tribes through selected hospitals in the State. The outlay is for providing treatment assistance to tribal people affected by various diseases especially like Sickle-cell anemia, TB, Cancer, Heart/ kidney/Brain ailments, water-borne diseases and any other diseases through approved hospitals in the state. The amount shall be used for purchase of medicines, expenses incurred for medical examinations including all types of scanning, purchase of medical aids and equipment and expenses for ambulance services in the absence of the same in Government

hospitals. Also, pocket money for by-standers and food expenses of patients will be met in needy cases.

The fund will be distributed through the District Medical Officers concerned of all the 14 District Hospitals and other identified Government Hospitals in various districts of the state where there is substantial Scheduled Tribe population; and through the Superintendents of all Government Medical College Hospitals. Also, fund will be distributed to the Superintendent of two Co-operative Medical College Hospitals viz. Cochin Medical College and Pariyaram Medical College and to the Directors of Sree Chitra Thirunal Institute of Medical Sciences & Research, Regional Cancer Centre and Malabar Cancer Centre. Families identified under the Extreme Poverty Survey shall be given priority.

iii. Tribal Relief Fund

This component is intended to provide financial assistance to the Scheduled Tribes affected by various diseases and natural calamity. Financial assistance will be given to the Scheduled Tribes who are below poverty line and who suffer from various diseases including diseases like cancer, heart/kidney/brain/lungs related ailments etc. They will also be granted assistance up to ₹ 1.00 lakh per person, as per the provisions incorporated in the Government Order issued for the management of Relief Fund of Hon'ble Minister for Welfare of Scheduled Castes and Scheduled Tribes. Financial assistance shall be given to patients on producing proper medical certificate obtained from concerned specialist medical practitioners. Also, it is envisaged to provide reliefs to Scheduled Tribe families in case of emergencies. Financial assistance for organizing medical camps, transportation of patients to nearby hospitals, provision of nutritious food on the advice of the doctor, cost of purchase of drugs unavailable in hospitals, cost related to death/ post mortem, relief for managing disaster/untoward incidents/accidents and providing immediate relief to the needy are the other activities envisaged under this component. Families identified under the Extreme Poverty Survey shall be given priority.

iv. Health Education programmes and de-addiction campaigns in selected tribal Hamlets

In association with Health and Excise Departments, Campaign against alcoholism, chewing tobacco or tobacco based preparations like pan parag, substance abuse and other health issues etc. are planned through medical camps as well as separate health and adult education sessions. Health education activities and counselling focused on these areas would be given priority. Hospitalisation charges of chronic addicts in de-addiction centres will also be met from this provision.

v. Setting up of Nutrition Rehabilitation centres for Addressing Malnutrition, Infant Mortality and Maternal Mortality

It is proposed to start nutrition rehabilitation centres, in association with Health Department, utilizing the services of Mobile Medical Units, in tribal areas where there is acute malnutrition problem. The activities include screening, nutrition counselling, nutrition supplementation, nutrition awareness campaign, hygiene awareness, pre-natal and post-natal check-ups and referral services. It also includes, assessment of nutrition requirements of Scheduled Tribe persons in that region considering all regional and anthropological peculiarities, find out imbalance if any, advice on nutritional supplements and food habits

keeping in mind the local edible food grains for attaining optimal nutritional balance for each person in each geographical area.

vi. Ammaveedu in Attappady

The amount provided under this scheme can be utilized for uninterrupted operation of the 'Ammaveedu' project started at Kottathara Tribal Specialty Hospital with the aim of solving the obstetric difficulties of pregnant women in Attappadi villages. In this project, facilities will be provided for pregnant women to come to the 'Ammaveedu' before the date and stay with their families for safe delivery. This scheme is envisaged in such a way that the mother and child return to settlement after the delivery with a satisfying health condition.

vii. Tribal Paramedics in Colonies

Most of the tribal communities including primitive tribal communities are highly disease prone and their misery is compounded by poverty, illiteracy, ignorance of cause of diseases, lack of safe drinking water, poor sanitation, etc. Interventions like providing human resources, bringing health services within the reach of remote population, promotion of health awareness, facilitation of community participation in colonies are to be strengthened. Tribal paramedics persons given special training in General Nursing and Midwifery courses knowing tribal dialects hailing from the tribal communities, and who are willing to work in such areas will be engaged in tribal colonies to address the health issues of tribal population. These persons will be engaged in the PHCs and other nearby health institutions to liaise between tribes and such institutions, on honorarium basis. They should continuously monitor the health status of each scheduled tribe people and take timely remedial measures in consultation with the nearest health care institution.

viii. Running of Mobile Medical Clinics

Mobile medical units have been established for tribal sector and these clinics are linked with the nearest PHCs, CHCs, Taluk Hospitals and Multi Speciality Hospitals. There are 14 mobile medical clinics operated under the department in association with Kerala Medical Services Corporation Ltd. (KMSCL). The Mobile medical clinics are equipped with doctors and paramedical staff with labs and medicines. This scheme gives special attention to the reports generated by anganwadis with respect to malnutrition and chronic nutritional deficiency of children and pregneant women.

ix. Digitally Connected Tribal Colonies for Health Empowerment

The component provide comprehensive cancer care along with establishment of brachytherapy facility (including equipments) at Nallurnad Hospital in Wayanad district by utilizing Artificial Intelligence Automated Cervical Cancer Screening System jointly developed by RCC and C-DAC to detect and prevent cervical cancer, oral cancer breast cancer etc. at an early stage among Scheduled Tribes in Kerala.

x. KATADI (Kerala Accelerated Tribal Ability Development and Inclusion Initiative)

This programme aims to distribute equipment, including wheelchairs and hearing aids, to the differently abled Scheduled Tribes to overcome their disabilities. The programme is being implemented in Wayanad district in the first phase and will be extended to other districts. The project is being implemented jointly by the Scheduled Tribe Development Department and the Composite Regional Centre for Skill Development Rehabilitation and

Empowerment of Persons with Disability (CRC) - Kozhikode, which works under the Union Ministry of Social Justice.

The equipment will be available free of cost through the ADIP (Assistance to Disabled Persons for Purchase and Fitting of Aids and Appliances) scheme. Financial assistance for awareness camps, transportation of beneficiaries and other expenses for the installation of equipments etc. of the project can be met from this component.

An amount of ₹ 4000.00 lakh is provided for the above ten components of the scheme during 2026-27.

25. Housing Scheme – Completion of Incomplete Houses

(Outlay: ₹ 8000.00 lakh)

The scheme aims to complete the construction of all houses taken up in previous years by the Scheduled Tribes Developement Department before the inception of LIFE Mission and repair of dilapidated houses. The scheme has the following components.

i. Completion of incomplete houses

Assistance/remaining installments for completion of the houses sanctioned in previous years (which are not included in LIFE Mission) will be met from this scheme.

ii. SAFE (Secure Accommodation and Facility Enhancement programme) & House repair/renovation

The SAFE scheme is implemented to renovate the dilapirated houses and to complete the construction of unfinished houses.

The houses completed after April 1, 2006, but not have received government financial assistance for renovation or completion after April 1, 2018 and having family income of less than ₹ 2.50 lakh, are selected as the beneficiaries of the SAFE scheme as per the Government Order. Based on the estimate, the amount sanctioned will be at the rate of ₹ 2.50 lakh per house. Priority will be given to flood affected families and families identified under 'Extreme Poverty Survey' and families identified in E- survey for Micro Plan Preparation.

Gothrajeevika Self-help groups of tribals engaged in construction activities shall be given preference in house repair and renovation. It is expected to repair or renovate 4500 houses during 2026-27. Based on gender disaggregated data 25 per cent fund will be going to women beneficiaries.

a. Smart Study room (New sub component)

In order to create a calm and secure environment for ST students a new sub component named Smart Study Room is included. The sub- component underneath SAFE aims to provide individual, well-designed study spaces with modern amenities attached to the homes of eligible Scheduled Tribe students, thereby creating a conducive learning environment and addressing infrastructure gaps that hinder academic performance. Under the sub component, 200 beneficiaries will be selected, and each will receive a financial assistance upto ₹2.50 lakh for the construction of Smart Study Rooms. The sub component will be implemented as per detailed guidelines to ensure transparency and timely execution. An amount of ₹500.00 lakh is provided out of the total outlay of the scheme to support the educational advancement of Scheduled Tribe students and to reduce disparities in access to quality learning infrastructure.

An amount of ₹ 8000.00 lakh is provided for the above components during 2026-27.

26. Housing scheme for the homeless STs (LIFE Mission)

(Outlay: ₹ 14000.00 lakh)

LIFE (Livelihood, Inclusion and Financial Empowerment) Mission is one among the four Development Missions announced by the Government of Kerala under Nava Keralam Karma Padhathi (NKKP). It aims at providing safe housing to the homeless in the State and is implemented by the Local Governments using their Plan grant as well as Plan support from State Government and the assistance from Kerala Urban & Rural Development Finance Corporation Ltd. (KURDFC) by availing loan from Housing and Urban Development Corporation Limited (HUDCO).

The outlay provided under this scheme is for giving the state share for the construction of individual houses and for meeting the costs of construction of flats/housing complexes/housing clusters for the Scheduled Tribe beneficiaries. LIFE Mission shall ensure that the funds provided under this scheme are utilized for the Scheduled Tribe beneficiaries only. Gothrajeevika Self Help Groups engaged in construction activities among tribes shall be given preference in construction of new houses. Ninety per cent of the beneficiaries of the scheme will be women.

An amount of ₹ 14000.00 lakh is provided for the scheme during 2026-27. The amount allocated under this scheme can be spent only as per the progress of construction.

27. Ambedkar Settlement Development Scheme

(Outlay: ₹ 4200.00 lakh)

The scheme comprises of two sub schemes as given below

i. Infrastructure Facilities

The outlay is provided for meeting the immediate requirements of infrastructure facilities, economic activities and basic minimum needs of women and children.

It is intended to provide assistance for the following activities

- Road, footpath, drainage facilities, sanitation within the settlement
- Drinking water supply-Drinking water supply should be ensured by providing domestic connection in every house. (This component should be omitted where there are drinking water schemes including Jal Jeevan Mission).
- Installation of solar lights/mini mast lights
- Internet connectivity facilities
- Solid and liquid waste management systems within the settlements
- Renovation of Houses
- Construction of toilet/making toilet fit for use
- Construction/maintenance of community centres, community study centres
- Maintenance of common assets within the settlement
- Improvement of common facilities (including play area, Kavu and pool, burial grounds)
- Construction of retaining wall (where there is a risk of landslides)
- Well upgrading

- Resettlements of tribes living in difficult conditions
- Cottage industries
- Construction and setting up of cultural center and library

Spill over commitments, if any, of the works undertaken by the Department under ATSP scheme and P.K Kalan scheme will be met from the scheme. The entire spill over works under ATSP and P.K Kalan scheme shall be completed in 2026-27 itself. The second phase of P.K Kalan scheme can also be started during 2026-27.

ii. Implementation of Family based/Settlement based Micro Plan

To address the development problems among scheduled tribes, family/settlement based micro plan interventions are necessary. For this, projects and programmes shall be formulated based on a micro approach for each family using participatory rural appraisal tools. The Scheduled Tribes Development Department and District Level Committees for SC/ST shall take a lead role in formulating the microplans and resource mapping and finalising the implementable action plans in extensive consultations with the line departments. Preparation of microplan which shall be approved by the District Level Committees for SC/ST (DLC for SC/ST) will be prepared on the basis of the data on socio-economic survey conducted by the ST Department. The families identified under 'Extreme Poverty Survey 2021-22' of LSG Department shall be given priority. All possible efforts will be taken to converge all the schemes of the Scheduled Tribes Development Department and also the scheme of Local Self Governments, LIFE Mission, MGNREGS, Health, Education, Kudumbashree, Integrated Child Development Scheme (ICDS), National Social Assistance Programme (NSAP) and programme and schemes implemented by different Development Department/Agencies using Central and State fund. The approval and implementation will be as per Government order. In the first phase, 162 settlements will be selected across the state by Scheduled Tribes Development Department on the basis of relative vulnerability and backwardness for the preparation of the Micro Plan. The Sub plan Cell of the Scheduled Tribes Directorate will coordinate the preparation and implementation of the Micro Plan.

Two interns with post graduation in social science can be appointed in the Sub Plan Cell of Scheduled Tribes Development Department for supporting the preparation and implementation of the Micro Plan. This intern should also assist in the monitoring of STC (Scheduled Tribe Component) under Ministry of Tribal Affairs. At present STC funds of GoI are utilized by several development departments and hence a proper monitoring is needed for the effective utilization of resources. The amount can be utilized for e-survey and micro plan preparation and implementation during 2026-27.

An amount of ₹ 4200.00 lakh is provided for the above scheme during 2026-27. Based on gender disaggregated data 75 per cent fund will be going to women beneficiaries.

28. Resettlement of Landless Tribal People (TRDM)

(Outlay: ₹ 4200.00 lakh)

The main objective of this scheme is to provide at least one acre of land to landless Scheduled Tribe people, subject to a ceiling of 5 acres. Scheduled Tribe families having less than one acre land holdings are also eligible under the scheme for availing the remaining extent of land to make their total holding at least one acre in extent. Various developmental activities for the rehabilitated tribal people are also considered under this scheme.

Resettlement should be done on project basis with emphasis on planning and implementation through Oorukoottams. Administrative cost for running the Mission will also be met from the scheme.

The key components of resettlement plan/rehabilitation of ST people are distribution of land to landless, development of minimum needs infrastructure such as housing, drinking water, road, electricity, construction of compound wall along the forest boundary to protect the life and property of resettlement families, projects for agriculture, animal husbandry, dairy development, Self-employment programmes, provision of health care and interventions in education sector including addressing digital divide and conducting surveys and other expenses related to implementation of FRA.

An amount of ₹ 4200.00 lakh is provided to meet the various components of the scheme through the State Tribal Resettlement and Development Mission during 2026-27.

29. Land Registration Assistance for ST Families (New Scheme)

(Outlay: ₹ 100.00 lakh)

In Scheduled Tribe areas, land ownership is traditionally recorded in the name of the Oorumoopan (tribal chief) or senior settlement members, often limiting individual families from accessing statutory and welfare benefits. To address this long-standing issue, a new scheme titled Land Registration Assistance for Scheduled Tribe Families is being introduced to provide legal support, documentation, and financial support towards preliminary expenses related to land registration in the name of individual tribal families.

An amount of ₹100.00 lakh is earmarked for the implementation of the scheme.

30. Livelihood Mission for Tribal Unnathies

(Outlay: ₹ 1100.00 lakh)

The scheme aims to foster sustainable livelihood opportunities for Scheduled Tribe (ST) households in Kerala by enhancing income levels and ensuring holistic human development through continuous and structured handholding support. The initiative seeks to enable sustainable economic independence among ST communities through diversified, locally grounded, and community-driven income-generating activities. Special emphasis is placed on improving the livelihoods of tribal women by promoting their financial independence and economic participation.

The implementation of the scheme will follow a focused and phased approach, with strong convergence across Government Departments, LSGI's, and community-based organisations. The programme will be implemented through Kudumbashree groups and aligned with the Local Economic Development (LED) framework, leveraging local resources, traditional skills, and community capacities within Scheduled Tribe settlements. Through skill development, infrastructure support, access to affordable credit, market linkages, and strategic partnerships, the scheme aims to transform Unnathis into self-reliant economic hubs, ensuring long-term economic resilience.

As part of the livelihood promotion strategy of this scheme, a dedicated component**,** 'Women Entrepreneurship (WE) Initiative', is introduced for Scheduled Tribe women who have acquired higher or professional educational qualifications. The initiative aims at the social and economic empowerment of educated ST women by providing financial assistance

to facilitate suitable employment opportunities and encourage the establishment of self-owned enterprises, thereby ensuring sustainable income generation and long-term economic self-reliance. For the inititive consultancy and technical support shall be provided by the Centre for Management Development (CMD)

Under the scheme, a new component titled 'Incubation Hubs cum Facilitation Centres in Tribal Areas' has been introduced to establish trade-specific hubs in selected locations across Kerala, leveraging the traditional skills and natural resources of Scheduled Tribe communities. The hubs will promote organised production, value addition and entrepreneurship in locally relevant sectors including honey processing, garment making, food processing, NTFP value addition and small-scale engineering assembly, with comprehensive handholding support from the Centre for Management Development (CMD) and Kudumbashree for capacity building, infrastructure, enterprise development and market linkage. An amount of ₹100.00 lakh is provided for this component.

In order to provide affordable credit to the entrepreneurial initiatives under the scheme, an amount of ₹500.00 lakh is earmarked from the total outlay for the following two new components: 'Samrudhi Keralam Entrepreneurship Development Programme for Scheduled Tribes', 'Vanitha Samrudhi -Women Empowerment Programme'.

(i) Samrudhi Keralam-Entrepreneurship Development Programme for Scheduled Tribes

The objective of the component is to provide assistance to entrepreneurs from Scheduled Tribe communities to expand their enterprises and business ventures. The assistance in the form of a loan, either with an interest of 3 per cent or a 20 per cent end subsidy, shall be given to the already operating business ventures/enterprises/self-employment initiatives solely owned by individual Scheduled Tribe entrepreneurs/groups of Scheduled Tribe entrepreneurs for expanding their scale of operation/business ventures. The scheme will be implemented in association with Kerala State Development Corporation for Scheduled Castes and Scheduled Tribes Ltd. The selection of beneficiaries will be done by a Project Approving Committee comprising the Director, Scheduled Tribes Development Department, representatives of the State Planning Board and Kerala State Development Corporation for Scheduled Castes and Scheduled Tribes Ltd. The maximum loan amount will be limited to ₹ 10.00 lakh per business initiative/venture, which will be released through Kerala State Development Corporation for Scheduled Castes and Scheduled Tribes Ltd., and necessary handholding support for the beneficiaries will be provided

(ii) Vanitha Samrudhi -Women Empowerment Programme

The component aims to economically empower women from the Scheduled Tribes by providing affordable credit to help them start micro-enterprises or self-employment ventures, thereby creating sustainable sources of income. The scheme will provide financial assistance to the Scheduled Tribe women members' Self Help Group (SHGs) in the form of loans at an affordable and reduced interest rate to both existing enterprises/self-employment initiatives and new ventures. The scheme will be implemented with the financial assistance of the National Scheduled Tribes Finance and Development Corporation (NSTFDC) through Kerala State Development Corporation for Scheduled Castes and Scheduled Tribes Ltd, in collaboration with the Kudumbasree Mission. The maximum loan amount is capped at ₹1.50 lakh per individual and will be disbursed through the Kerala State Development Corporation

for Scheduled Castes and Scheduled Tribes Ltd, with repayment facilitated through Kudumbasree CDS.

The sub-plan cell will oversee project activities under the Livelihood Mission, which will be carried out in collaboration with Government Departments, Agencies, and reputable NGOs that have expertise in this area. A project sanctioning and monitoring committee should review the projects before they are presented to the State-Level Working Group. Necessary convergence with the schemes related to employment creation and skilling of the Scheduled Tribes Development Department shall be ensured.The scheme will be implemented in accordance with the relevant Government Order.

An amount of ₹ 1100.00 lakh is provided for the scheme during 2026-27.

31. Promotion of Indigenous Tourism in Tribal Areas (New Scheme)

(Outlay: ₹100lakh)

The scheme aims to promote indigenous, community-based, and eco-tourism in the tribal regions of Kerala, with a primary focus on creating sustainable livelihood opportunities for tribal youth**.** The scheme will be implemented in convergence with the Departments of Tourism, Forests, and LSGD, ensuring alignment with State tourism policies and promotional platforms. The scheme will leverage the cultural heritage, traditional knowledge systems, and natural landscapes of tribal areas to generate local employment and entrepreneurship opportunities**.**

Tribal youth will be trained and engaged as eco-tour guides, nature interpreters, homestay operators, wellness and naturopathy facilitators, cultural performers, and conservation stewards, etc, through torurism department and agencies such as KASE. Key interventions will include identifying tribal villages with cultural, ecological, or heritage value, and developing community-based infrastructure that promotes tribal homestays, eco-tourism, and nature-based experiences, as well as indigenous wellness practices. These initiatives will be supported through skill development, certification, basic infrastructure, and market linkages. The funds allocated under this scheme can be used to support heritage tourism initiatives based on the En Ooru model in all feasible Scheduled Tribe regions, as well as to support the establishment of ethnic food start-ups by Scheduled Tribes. This can be done through public-private partnerships.

The development of a digital platform for tribal tourism will also be initiated as part of promotional activities in this scheme.

By anchoring tourism development in community ownership and environmental sustainability, the scheme will provide steady income avenues, skill enhancement, and dignified employment for tribal youth, while expanding Kerala's responsible tourism and eco-tourism offerings. The scheme will work in an interlinked manner with the programmes under the Livelihood Mission.

An amount of ₹100.00 lakh is provided for the scheme during the year 2026-27.

32. Edamalakkudi Comprehensive Development Package

(Outlay: ₹ 400.00 lakh)

Edamalakkudi, which is the first tribal Grama Panchayat in the State, faces a lot of development issues. Providing basic necessities such as better housing, drinking water, electricity, road, connectivity, education and health facilities are not an easy task with

conventional development models. Hence a separate targeted programme is needed to address the problem of Edamalakkudi. This scheme is intended to bridge the gaps between development needs and resources for the development of Edamalakkudi.

There shall be a development committee at the district level consisting members from District Planning Office, Oorukoottam, LSG (GP), Scheduled Tribes Development Department, Forest department, Kudumbashree and major line Depts. Integration of activities of different departments, convergence of different fund sources are envisaged for comprehensive development of Edamalakkudi.

In the year 2026-27, it is intended to concentrate on basic needs such as housing, electricity, road, and livelihood. Construction of Office complex for Government Offices & Staff Quarters, School building and related structures, construction of Anganwadies and community centres, NTFP collection centre, provision for health and housing etc. and all projects envisaged in the existing Integrated Edamalakudi Development Plan including the construction of related roads of Pettimudi-Idalipparakudi road are envisaged.

Provision is also for formation of Balasabhas and Kudumbashree Neighbourhood Groups and livelihood activities of Kudumbashree. The amount can be used to processing, value addition and marketing of local products with the handholding support of reputed agencies like Centre for Management Development, SC/ST Federation etc. The package will be co-ordinated by the District Planning Office, Idukki. The Empowered Committee headed by Chief Secretary will monitor the scheme at state level.

An amount of ₹ 400.00 lakh is provided during 2026-27 to meet the various activities proposed in the Integrated Development Plan prepared by State Planning Board and new components suggested by the special development committee in the Panchayath.

33. Special Package for Addressing Critical Gaps in Basic Amenities of Scheduled Tribe Unnathies

(Outlay: ₹ 1300.00 lakh)

The scheme aims to provide basic amenities in Scheduled Tribe Unnathies, fostering inclusive development and enhancing the overall well-being of tribal populations. This initiative focuses on delivering safe drinking water, electricity connections, motorable roads, childcare facilities such as crèches and Anganwadis, crematoriums, and comprehensive sanitation solutions in the most needed Unnathies which are not included in Ambedkar Settlement Development Scheme and in absolute need of assistance. It should be ensured that the amount under the scheme may be utilised as case to case basis when there is no possibility of using other existing schemes.

An amount of ₹ 1300.00 lakh is provided for the above scheme during 2026-27.

E. Other Programmes

34. Information, Education and Communication Project (IEC)

(Outlay: ₹ 300.00 lakh)

The major objectives of the programme are awareness creation on welfare programmes, rights and entitlements of tribal communities and campaigns against social evils and atrocities. This scheme comprises of the following components.

i. Publicity Wing/Information, Education and Communication Project (IEC)

The activities included are;

i. Conduct of cultural programmes, exhibitions, folk art festivals of tribes.
ii. Awareness campaigns and advocacy programmes in tribal settlements by establishing Tribal Advocacy Units in each district using vehicle facility equipped with publicity materials including Audio Visual Aids, managed by the tribal youths.
iii. Completion of digital documentation including video documentation of Scheduled Tribes life style, customs, culture, language.
iv. Incentive to Scheduled Tribe youths talented in Arts and Sports on the basis of District Level/State level Certificates - Social Solidarity Programmes.
v. Publicity/Advertisement/Documentation/Publications/Programmes/SocialMedia/Boards/Banners/Handbooks/Brochures
vi. Assistance for providing tool kit, uniform and other items to the students who have been admitted in professional courses.
vii. Awarding of cash prize to the rank holders of NEET/Engineering and the students who secure A+ for all subjects in 10th and 12th public examinations.
viii. Honorarium to staff engaged in Toll-free operating system functioning under Scheduled Tribe Development Department.

ii. National & State Trade fairs - Gadhika

The objective of this component is to promote arts and festivals of tribes. It is proposed to conduct regional tribal festivals of arts & exhibition cum sale of products manufactured by the tribal groups. The outlay can also be used for erecting stall & sales counters and for conducting cultural activities. In connection with the 50th anniversary celebrations of the formation of the department, it is planned to organize the 'Gadhika' - Art and Handicraft Fair in 2025-2026 on a grand scale.

iii. Tribal Cultural Multipurpose Hub

The Scheduled Tribes Development Department has established a tribal cultural multipurpose hub with exhibition cum marketing facilities for tribal product at Foreshore, Ernakulam. The complex has an auditorium of 200 numbers of seating capacity, dining area, kitchen and dormitories. This hub will also function as the centre for performing arts and training and as an Employment cum Facilitation centre. Based on the decision of the Government, the operational expenses of this center can be met from the IEC or otherwise from the corpus fund in case of insufficiency of allocation under the IEC, until it become self-sufficient.

iv. Golden Jubilee Celebration of Scheduled Tribes Development Department (New component)

The Department aims to carry out a year-long series of programmes and seminars as part of the golden jubilee. It is also envisioned to organize an international conclave to share the achievements accomplished through various development programmes of the department and to set the way forward by exchanging global experiences.

An amount of ₹ 300.00 lakh is provided for the above activities during 2026-27.

35. Modernization of Tribal Development Department

(Outlay: ₹ 287.00 lakh)

The transparency and accountability of the implementation of the schemes in the department has to be ensured in a concerted manner. The scheme is intended for modernization and digitilisation of all institutions under Scheduled Tribe Development Department. During 2026-27, the following activities are proposed under the scheme.

- Providing training to officers and staff of Scheduled Tribe Development Department and also the mentor teachers, tutors in Padanamuris, promoters and social workers, etc. under the Scheduled Tribes Development department.
- Purchase of computers, tablet PCs, notebooks, computer peripherals, photo copier, printer, Office furniture and expenses related to implementation of e-offices.
- Providing internet connection in Directorate and field level offices.
- Development of software, recurring costs of old software and purchase of hardware for starting new e-governance initiatives.
- Development of Management Information System (MIS)
- Plan implementation and monitoring softwares and softwares for monitoring all the institutions under the department and GIS based asset mapping.
- Maintenance of Department Website, IT enabled Services and expenses for engaging IT Managers (Technical)/Programmers/Hardware Engineers.
- Strengthening of Project Offices, Tribal Development Offices, Tribal Extension Offices and Engineering Wing (Purchase of computer, furniture and stationery items).
- Providing infrastructure facilities including buildings to Directorate/TEO offices and its maintenance as per the actual need.
- Strengthening of Planning and Monitoring Cell (Sub Plan Cell)
- Training on DBT and e-grants
- Hiring of vehicles for field level offices as per government rules.
- Provision for hiring vehicle to Sub Plan Cell of the Scheduled Tribes Development Department for proper monitoring and evaluation of schemes (including field visit also) implemented by the ST Department
- Expenses related to updation of survey on Socio Economic status of the tribals, including preparation of report and its publication, asset mapping of the Scheduled Tribes Development Department, etc.
- Expenses related to the purchase of stationery items and conduct of review meetings
- Functioning of the Grievance Redressal Mechanism in the Department
- Expenses incurred for the review meeting of the department and monitoring the Scheduled Tribes Components (STC) under the Ministry of Tribal Affairs (MoTA) implemented by various departments.
- Honorarium of two interns appointed in the Sub Plan Cell by the Scheduled Tribes Development Department for assisting micro plan preparation and implementation and monitoring of Scheduled Tribes Components (STC) under MoTA

An amount of ₹ 287.00 lakh is provided for the scheme during 2026-27.

36. Implementation of Kerala State Restriction in Transfer of Lands and Restoration of Alienated Land Act, 1999

(Outlay: ₹ 1.00 lakh)

Kerala State Restriction in Transfer of Lands and Restoration of Alienated Land Act, 1999, restricts the transfer of lands by members of Scheduled Tribes in the State and restoration of possessions of lands alienated by such members and for matters connected therewith. The provision under the scheme can be utilised for restoration of alienated land and development activities in the land, infrastructure facilities etc.

An amount of ₹ 1.00 lakh is provided as token provision for the scheme during 2026-27.

37. Enforcement of Prevention of Atrocities Act 1989 (50% SS)

(Outlay: ₹ 100.00 lakh)

In order to provide constitutional and legal protection to safeguard the interests and protect against exploitation of the marginalised sections of society, the Protection of Civil Rights Act and the Scheduled Caste and Scheduled Tribe (Prevention of Atrocities) Act, 1989, were enacted. Special Benches have been constituted in all District Courts for the speedy disposal of cases registered under the Atrocities Act.

Major components of the scheme are

- Formulation of appropriate schemes for providing compensation and rehabilitation of the victims of atrocities.
- Providing legal aid to the victims of atrocities
- Intercaste- marriage grant to Scheduled Tribes.
- Functioning of the special Mobile Police Squad in Wayanad District.
- Payment of travelling allowance to witnesses.

An amount of ₹ 100.00 lakh is proposed as 50 per cent State Share for the scheme during 2026-27. Out of this, an amount of ₹ 18.00 lakh is for the establishment and other expenditure of special courts.

38. HR support for implementation of schemes in the tribal areas

(Outlay: ₹ 3068.00 lakh)

Scheduled Tribes Development Department is undertaking various developmental schemes for the welfare of Scheduled Tribes in the State. In order to ensure smooth implementation of the schemes and providing handholding support a large number of human resources at field level is needed. This scheme is intended to support temporary human resources.

The scheme has six sub schemes as follows.

i. Tribal Promoters

(Outlay: ₹ 1915.00 lakh)

Tribal promoters are selected and engaged to function as facilitators in tribal areas for channelising and extending the benefits of tribal development schemes to the Scheduled Tribes. At present, 1,182 promoters are working across the state. They will also make a link between the scheduled tribe beneficiaries and the local governments/ line departments. Tribal youths have been selected and engaged for this purpose and trained in participatory rural appraisal, participatory monitoring, primary health care and natural resource management.

Also youths have been employed as health promoters in hospitals. Each promoter will be given an honorarium of ₹ 12,500 and travelling allowance of ₹ 1000 per month. The outlay proposed is for giving honorarium and travelling allowance to ST promoters, imparting training and conducting various awareness generation programmes to the Scheduled Tribe promoters. The provision can also be used for giving honorarium and travelling allowance to the health promoters engaged in the hospitals for assisting the scheduled tribe patients.

An amount of ₹ 1915.00 lakh is provided for the scheme during 2026-27.

ii. Organization of Oorukoottams

(Outlay: ₹ 125.00 lakh)

The objective of this sub scheme is to empower Scheduled Tribe population in strengthening the processes of democracy among tribals by means of forming Oorukoottams in all tribal settlements. Oorukoottam meetings should be convened at least once in three months for empowering the tribal people including formulation and monitoring of Local Government plans. Oorukoottams will be empowered to conduct the social audit of plan implementation of Local Governments and the Scheduled Tribes Development Department. Registration of Oorukoottams as per Government Order and the expenses for each Oorukoottam meetings should not exceed ₹ 2500.00. The budget provision is for meeting expenditure incurred for oorukoottams and capacity building activities including awareness programmes to the entire members of the Oorukoottams and organize training programme at district level through KILA and activities in connection with observance of Indigenous Peoples' Day. The fund can also utilize for special oorukoottams for Settlement and family based microplans for vulnerable households on the basis of the findings of the e-survey of Scheduled Tribe households conducted by the Department. It is targeted to organise 1,100 oorukoottams during 2026-27.

An amount of ₹ 125.00 lakh is provided for the scheme during 2026-27.

iii. Honorarium to Management Trainees and Health Management Trainees

(Outlay: ₹ 168.00 lakh)

Scheduled Tribes Development Department is providing apprenticeship training to the educated unemployed youths for one year as per Apprenticeship Act based on the qualification prescribed from time to time for Management trainees. About 140 unemployed youth will be trained under this scheme and will be given an honorarium of ₹ 10000/- per month. Based on gender disaggregated data more than 60 percent fund will be going to women beneficiaries.

An amount of ₹ 168.00 lakh is provided for the scheme during 2026-27.

iv. Honorarium to Counsellors Engaged in the Hostels and MRSs

(Outlay: ₹ 118.00 lakh)

Scheduled Tribes Development Department is giving residential accommodation for more than ten thousand students in pre-matric hostels, post-matric hostels and MRSs. As they are coming from economically and socially disadvantaged families, they face the issues of adaptability with new situations. To address this, department is engaging student counsellors in these institutions from 2005-06 onwards. Under this scheme, about 49 councellors are working with an honorarium of ₹ 20000/- per month and 14,000 students are expected to

benefit through this during 2026-27. The minimum qualification prescribed for the counsellor is MSW Degree/M.A Psychology or other qualifications equivalent to the above approved by the Government of Kerala. Student counsellors with good track record and counsellors from Scheduled Tribe communities will be given preference. Rate of honorarium will be as per the norms fixed by the Government.

An amount of ₹ 118.00 lakh is provided for the scheme during 2026-27.

v. Engaging Social Workers in Tribal Welfare

(Outlay: ₹ 192.00 lakh)

Social Workers preferably MSW/MA Sociology/MA Anthropology holders are engaged in tribal welfare sector as facilitators for counselling, arranging conferences, increasing resources and spearheading public awareness through conducting awareness camps against the consumption of drugs, alcohols, tobacco and other social evils in a community organization mode. At present 54 social workers are engaged under this scheme. Outlay is provided for training and giving honorarium to these social workers in tribal areas as per the norms fixed by the Government. Based on gender disaggregated data 50 per cent fund will be going to women beneficiaries.

An amount of ₹ 192.00 lakh is provided for the scheme during 2026-27.

vi. Gothrabandhu- Engaging Tribal Teachers in Primary Schools

(Outlay: ₹ 550.00 lakh)

In order to address the language issues and ensure proper education to tribal children one educated tribal youth preferably with TTC/B.Ed. qualification from the same locality with knowledge in tribal dialect and Malayalam is selected and trained to function as teacher/education facilitator in all Primary Schools throughout the state, according to the strength of tribal students, on daily wages. At present 326 such mentor teachers are working in Wayanad, Attappady Block, Palakkad and Nilambur. Honorarium of these mentor teachers are met from this sub scheme. Along with teaching, these teachers will specifically address the language issues of tribal children, reduce drop outs and ensure cent per cent enrolment of tribal children, intensive coaching of tribal students, act as social worker and facilitator for tribal children. This person would be able to liaise between the community and the educational institutions, and at the same time take care of the child's education. It is anticipated that the service of Gothrabandhu teachers will be available on all working days per year. The rate of honorarium will be as per the existing Government Order.

An amount of ₹ 550.00 lakh is provided for the scheme during 2026-27.

An amount of ₹ 3068.00 lakh is provided for the above six components during 2026-27.

39. Pooled Fund for Special Projects Proposed by other Departments under TSP

(Outlay: ₹ 200.00 lakh)

The main objective of the programme is to establish convergence with other line departments and agencies to address the critical issues of the tribes. Pooled fund is intended to implement special projects for the benefit of Scheduled Tribes communities by Government Departments/Institutions/Agencies/NGOs. Departments/institutions/agencies/NGOs which require allotment from pooled fund should submit project proposals aiming Scheduled Tribes development, with their contribution, to State Planning Board for consideration. If the project

is found feasible and admissible, State Planning Board will forward the projects to the Scheduled Tribe Development Department for placing them before the SLWG/Special Working Group. The existing guidelines should be strictly followed for the preparation of projects and its approval and implementation.

The progress of implementation of various projects sanctioned under this scheme should be strictly monitored by the respective District Level Committee for SC/ST as per G.O (P) No.11/2021/Planning dated 28/09/2021 of the Planning & Economic Affairs (A) Department, Government of Kerala.

An amount of ₹ 200.00 lakh is provided for the scheme during 2026-27.

40. Critical Gap Filling Scheme (Corpus Fund) under TSP

(Outlay: ₹ 5200.00 lakh)

Corpus fund is intended to provide funds for filling any critical gap in the TSP provision made under various schemes in the Annual Plan on project basis with emphasis on livelihood development, human resource development, basic needs, economic development etc. The projects received from the Districts and those taken up by the Directorate will be funded. Priority shall be given for providing internet connectivity, facilities and equipment for online learning, livelihood activities, piped water connectivity, sanitation, household electric connection, supply of cooking gas to BPL tribal households, etc. Programmes and projects in areas like literacy and non-formal education among Scheduled Tribes, self-employment and skill development programmes, Community facilitation centres like community hall, library etc., complete electrification of tribal settlements, improving connectivity to inaccessible areas like construction of roads, bridges, culverts, and foot paths, technology transfer and projects for information, communication and education, improvement of health and sanitation, development of education including soft skills/vocational training in various activities and centers for Schedules Tribes with internet DTP, Photostat and FAX facilities and gap filling that are required in the implementation of schemes supported by Pradhan Mantri Adi Adarsh Gram Yojana (Erstwhile SCA to TSS) and engaging accredited NGOs will also be taken up under this scheme.

Further, projects for supporting meritorious Scheduled Tribe students seeking admission in renowned national/international institutions and assistance to job opportunities abroad in relevant areas will be considered under this scheme. Also, projects for development of micro enterprises and livelihood activities at family level with special priority for rehabilitation of unwed mothers will be considered. Provision for actual rent of lease land to poor Scheduled Tribe farmers, who are having below one acre of land and are cultivating lease land, will be met from this scheme. Distribution of Onakkodi, organizing Kudumbasree units, assistance for extension of existing Kudumbasree units in Tribal areas and projects for supporting entrepreneurship are also included. Third party evaluation of TSP schemes implemented by the Department by Research Institutions and Govt. agencies and social auditing of various schemes for tribal development shall be taken up under this scheme. Provision will also be used for meeting the department assistance for education loan repayment support scheme for the Scheduled Tribe student.

One third of the amount would be allocated to district authority on the basis of Scheduled Tribe population, presence of PVTG, backwardness. A contingency fund will be

allocated for meeting emergency situations for District Offices. Administrative sanction for schemes up to ₹ 25.00 lakh shall be issued at the Districts, based on the approval of District Level Committee for SC/STs (DLC for SC/STs). Amount can be utilized for the gap filling projects implemented by Local Self Government for families included in the extreme poverty survey and Scheduled Tribe micro plan.

Planning, implementation and monitoring expenses of critical gap filling (corpus fund) scheme can also be met from this component.

The amount under this head can also be utilised for the implementation of the action plan prepared by the State Planning Board in connection with Scheduled Tribes Development Department, the Education Department, and LSGD to address enrolment, and retention problems in the Scheduled Tribe education sector and to improve the pass percentage, grades, and quality of education.

An action plan for disaster management will be developed to address flood risks in Scheduled Tribe areas, ensuring that permanent rehabilitation measures are implemented in these regions.

The amount under this scheme can be utilised to implement the initial works to construct a motorable road to connect unnathies of Swamiyaralakkudi, Valsapattikkudi, Kudallarkkudi, and Ullavayalkkudi in Vattavada Grama Panchayat.

The project proposals for the construction of roads & bridges will be considered by the State Level Working Group based on the recommendations of the District Level Committee for Scheduled Caste/Scheduled Tribes and funds will be provided from the Scheduled Tribes Development Department. A special monitoring system with IT platform has to be developed in the Directorate using the MIS cell under the Sub Plan Cell for tracking and timely completion of the projects.

An amount of ₹ 5200.00 lakh is provided for the scheme during 2026-27.

41. Assistance to Adikalakendram

(Outlay: ₹ 120.00 lakh)

The Adikalakendram is a centre under KIRTADS for reviving and documenting the various art forms of the Scheduled Tribe Communities of Kerala. Each ethnic group has their own specific art forms practiced over centuries during various life cycle rituals of the community. Due to acculturation the unique art forms of these communities are relegated to background. The Adikalakendram identifies such dying art forms of the Scheduled Tribe Communities of Kerala and tries to preserve them. It also organizes folk and tribal performances in various Districts of Kerala as part of promotional activities of such art forms.

Component of the scheme

i. Training/workshop

The activities proposed under this component are

- Preservation and Conservation of Artefacts of Ethnological Museum.
- Fundamentals of Web- Trainer's Training.
- Curation and detailing of unidentified artefacts of Ethnological Museum.
- Updation of the JATAN software
- Workshop and Documentation of the Indigenous Music of the Tribal people of the

State.

- A Case Study to Appraise the Vulnerability of Tribal People to the Natural calamities
- Preparation of DPR for the Reinvigoration of the Ethnological museum and the Adikalakendram
- Workshop for traditional Art forms of Tribal communities
- Preparatory Arrangements for the Training Programs, and Workshops
- Celebration of International day of Indigenous People
- Internship/Apprenticeship Programmes
- Research Forum and Publication of Research Papers
- Service Delivery Enhancement Programme for the Official

ii. Ethnological Museum of KIRTADS

The Ethnological Museum was built in 2001. Every year KIRTADS organizes various exhibitions and conduct projects related to the collection of artefacts to the museum. The amount provided for this component can be used for conducting of Exhibitions, collection of Artifacts and maintenance of existing artifacts etc.

iii. Tribal Art and Culture

The objective of this component is to conduct programmes to preserve, protect and propogate vanishing visual and performing art and culture of Scheduled Tribes. The amount provided for this component can be used for conduct of tribal art and cultural festivals, to conduct workshops on the above themes.

An amount of ₹ 120.00 lakh is provided in 2026-27 for implementing the above components.

42. Research and Training of KIRTADS

(Outlay: ₹ 90.00 lakh)

The scheme is implemented by KIRTADS Department and intends to carry out research activities that help to accelerate the overall development of the Scheduled Communities.

Components are as follows

- Mapping of potential habitat rights of PVTGS under Forest Right Act in Kerala
- Bridging the Gap: Analyzing the availability of key documents for Social Security Among Particularly Vulnerable Tribal Groups .
- Socio Economic Impact of Sickle Cell Anemia among Particularly Vulnerable Tribal Groups in Kerala.
- Tribes of Kerala- Publication
- Thematic Data Bank Publication
- Towards a comprehensive policy for Tribal Housing: an anthropological intervention
- Workshops on Research and Training Need Analysis
- Certificate Programme for Revenue Officials on Kerala (Scheduled Castes and Scheduled Tribes) Regulation of Issues of Community Certificate Act, 11 of 1996
- Publication of Annual Activity Calendar and Year Planner 2026 (For the Calendar
- Year of 2026) in consultation with State Planning Board

- Conducting Research Colloquiums at KIRTADS
- Making a Digital Atlas on the Traditional Housing and Architecture Practices of PVTG Communities in Kerala
- Educational Backwardness of Tribal Women with special reference to Kurumbar of Attappady
- 'Legends Reimagined'- Animation Short Films on Tribal Freedom Fighters of Kerala
- Workshop for traditional tribal healing practioners
- Training Program for Non-teaching Staff of Model Residential Schools/Ashram Schools/ Tribal Schools of Kerala
- Waynad Gothra Basha Kala Padna Kendra (New component): Documentation of the rich cultural heritages of tribal communities are to be documented (including language, art forms and oral literature) by descriptive and analytical methodology. Primary and secondary data will be collected through field works, personal interviews, surveys, official records and documents

An amount of ₹ 90.00 lakh is provided in 2026-27 for implementing the above components.

43. Infrastructure Facilities to KIRTADS

(Outlay: ₹ 100 .00 lakh)

KIRTADS currently has five buildings including Administrative Block, Training Hall cum Hostel Building, Ethnological Museum, AdikalaKendram and an Open Air Stage. The amount under this scheme is intended to be used for the renovation of the said buildings and to increase the infrastructure facilities of this Department.

The amount provided can also be used for the, modernization of institution, strengthening of IT infrastructutre, installation of CCTV and Intercom facilities, renovation of administrative Block, purchase of furniture, maintenance works, setting up a cafeteria and museum eco shop.

An amount of ₹ 100.00 lakh is provided for this scheme during 2026-27.

44. Kerala State Development Corporation for SC/ST Ltd. - TSP (State Share 51%)

(Outlay: ₹ 50.00 lakh)

Under this centrally sponsored scheme, share capital contribution is released to the State Development Corporation for SCs & STs in the ratio 51:49 between State Government and Central Government. The Central share of equity capital is sent directly to the Corporation. The Corporation provides finance to employment oriented schemes covering diverse areas of economic activities. The Corporation identifies eligible Scheduled Tribe families, motivate them to undertake suitable economic development schemes, sponsor these schemes to financial institutions for credit support, provide financial assistance in the form of margin money at lower rate of interest and provide subsidy in order to reduce their repayment liability and provide necessary link/tie-up with other poverty alleviation programmes.

An amount of ₹ 50.00 lakh is provided during 2026-27 towards 51% state share for providing share capital contribution to Kerala State Development Corporation for SCs/STs, for taking up economic development schemes benefiting Scheduled Tribes.

45. Revamping ST Co-operative Societies (New Schemes) (Outlay: ₹ 100.00 lakh)

The scheme aims to revive and revamp the Scheduled Tribe co-operative societies in the state to make them efficient and profitable, thereby ensuring sustainable income and livelihood opportunities for the people of Scheduled Tribes. The scheme includes the following components.

- A comprehensive study of the Scheduled Tribe co-operative societies in Kerala to identify current challenges, recommend revival strategies and to identify the societies with strong growth potential.
- Preparation of micro plans for individual societies with growth potential and provide professional support in developing project reports to secure funding from Co-operative Department's schemes/other sources.
- Continuous handholding support to the selected societies at all stages of its operation through Co-operative Department and recognised agencies/institutions/organisations in the field of co-operation and management like Centre for management and Development.

The scheme shall be implemented in convergence with the existing scheme of Co-operative Department. In 2026-27, an amount of ₹ 100.00 lakh is provided for the scheme.

F. TSP Plan Schemes-Implemented through Local Government Institutions and Kudumbashree

(Outlay: ₹ 600 lakh)

	Total	**20094.00**

1. Kerala State Backward Classes Development Corporation Limited

(Outlay: ₹ 2000.00 lakh)

The purpose of establishing Kerala State Backward Classes Development Corporation Limited is to eradicate poverty and backwardness among the Other Backward Classes. The provision is for giving assistance to the Kerala State Backward Classes Development

Corporation in the form of share capital grant for availing assistance from National Backward Classes Finance and Development Corporation. The outlay would be used for implementing various loan schemes such as marriage assistance, educational assistance including loans for foreign studies, micro finance, self-employment schemes, 'Enteveedu' – Housing scheme, vehicle loans for purchasing new generation electric/CNG auto taxis and assistance to street vendors. A considerable number of street vendors of the State are from Other Backward Classes. The component is to provide assistance to street vendors up to a maximum amount of ₹ 50,000/- at 4 per cent rate of interest. The component aims to provide financial support to street vendors from other backward classes below 65 years of age for running small businesses registered with the local body under the Street Trade Control Act, 2014. During 2026-27, ₹ 2000.00 lakh is provided for the Corporation.

2. Kerala State Development Corporation for Christian Converts from SCs and Recommended Communities Limited

(Outlay: ₹ 1000.00 lakh)

The purpose of establishing the Corporation is for implementing various schemes for the economic development of people converted from Scheduled Castes into Christianity and the recommended communities with the financial assistance received from State government and the loan assistance from NBCFDC for undertaking activities such as loans for agricultural land purchase, construction, completion and revamping of houses, marriage loan, personal loan, laptop purchase loans, educational loans including loans for foreign studies, vehicle loan, loan to professionals (start-ups), general education loan, agricultural loan, land and house purchase loan and self-employment programmes for handicapped persons and widows. An amount of ₹1000.00 lakh is provided as share capital assistance for the Corporation during 2026-27.

3. Livelihood Support Programme for Christian Converts from SCs and Recommended Communities (New scheme)

(Outlay: ₹ 1000.00 lakh)

The objective of the scheme is to improve the social and economic conditions of Christian converts from Scheduled Castes and the Recommended Communities by providing livelihood support and access to income-generating opportunities. The scheme aims to provide subsidy to loans for business, self-employment, skill-based activities and other viable livelihood project. An amount of ₹ 1000.00 lakh is provided for this scheme during 2026-27.This program will be implemented jointly by Kerala State Development Corporation for Christian Converts from SCs and Recommended Communities and the Backward Classes Development Department.

4. Educational Schemes to OECs (Umbrella Scheme)

(Outlay: ₹ 8500.00 lakh)

The scheme has two sub schemes as follows:

a. Pre-matric Assistance for OECs

(Outlay: ₹ 500.00 lakh)

Other Eligible Communities (OECs) are the most backward communities among Other Backward classes who need more support from the Government for their educational

upliftment. The scheme is intended to give educational assistance to pre-matric students belonging to these communities as per the Government norms. The scheme is implemented with state assistance utilizing both Plan and Non-plan funds. Thirty communities are eligible for financial assistance subject to the annual family income ceiling of ₹ 6.00 lakh. During 2026-27, 55,000 students are proposed to be assisted through the scheme. An outlay of ₹ 500.00 lakh is provided for the scheme during 2026-27. Based on gender disaggregated data 60% of fund will be going to girl students.

b. Post-matric Assistance for OECs

(Outlay: ₹ 8000.00 lakh)

The scheme is intended to give educational assistance to post-matric students belonging to OEC communities as per Government norms and is implemented with state assistance utilizing both Plan and Non plan funds. Thirty communities are eligible for financial assistance subject to the annual family income ceiling of ₹6.00 lakh. An amount of ₹ 8000.00 lakh is provided for the scheme during 2026-27. Based on gender disaggregated data 60% of fund will be going to girl students.

5. Assistance to Traditional Occupations (Umbrella Scheme)

(Outlay: ₹105.00 lakh)

The scheme has three sub schemes as follows:

a. Assistance to Traditional Pottery Workers

(Outlay: ₹ 40.00 lakh)

Certain communities among the Other Backward Classes are engaged in traditional occupations including pottery. Traditional pottery workers are following conventional methods for manufacturing products and they face tough competition in the market. This traditional industry has to be revived by imparting training to pottery workers on modern methods/techniques of production, marketing techniques and by providing financial assistance for mechanization and modernization, construction and renovation of work shed and chimneys. Assistance up to a maximum of ₹ 50,000 in two installments is given to each beneficiary whose annual income does not exceed ₹ 2.50 lakh. An amount of ₹ 40.00 lakh is provided for this sub scheme during 2026-27. Based on gender disaggregated data 25% of the fund will benefit women.

b. Assistance for Modernisation of Barber Shops

(Outlay: ₹50.00 lakh)

People among Other Backward Classes who undertake traditional service jobs like hair cutting (Barbers) are one of the marginalised backward groups among the OBC category. Introduction of Beauty Parlours with modernised equipments has bumped up challenges for them even of existence. Financial assistance to modernize and upgrade their work places and usage of modern equipment and tools and furnishing shops will certainly boost them to stay tuned in the society. Those beneficiaries whose annual income does not exceed ₹ 2.50 lakh shall be eligible for assistance. A maximum of ₹ 25000/- will be provided to each beneficiary in two installments. The scheme also includes assistance for those engaged in services like hair styling, makeup artistry and beauty parlours, as well as providing trainings for barbers on

the latest techniques, trends and products. During 2026-27, ₹ 50.00 lakh is provided for the sub-scheme.

c. Marketing Centres for the products of Traditional Vocational Communities

(Outlay: ₹ 15.00 lakh)

A considerable number of people belonging to the backward classes of the State are engaged in various traditional occupations and they are facing tough competition in the market. This sub-scheme intends to ensure fair prices for their products by resolving the issues in marketing. The sub-scheme envisages creation of a permanent system at district headquarters for the display and marketing of traditional products. This will be implemented in co-operation with the local bodies of the State, especially Corporations and Municipalities. The Municipalities may provide available building space for marketing centres and the department shall make necessary modifications to the buildings for display and marketing of products. The sub-scheme also includes activities to make stalls attractive, arranging vehicle facilities for picking up products from the manufacturing sites, creation of a database of manufacturers, and creation of an online portal for marketing their products. An amount of ₹15.00 lakh is provided for this sub-scheme during 2026-27.

6. Overseas Scholarships for OBCs

(Outlay: ₹ 250.00 lakh)

The scheme aims at providing financial assistance to selected OBC candidates belonging to BPL families for pursuing Master level courses and Ph.D. abroad in specified fields of study in Engineering, Management, Pure Sciences, Agricultural Sciences, Medicine, Social Science and Law. The prescribed financial assistance will be provided as per Government norms over a period of 3 years or the completion of the course whichever is less.

Students are eligible for air charges from India to the nearest place of the educational institutions and back to India, by economy class and shortest route in arrangements with the national carrier. Actual course fees, maintenance allowance, incidental journey allowance, equipment allowances, poll tax, visa fees and medical insurance premium, subject to 50% of the total expense or a maximum of ₹ 10.00 lakh whichever is less will be provided for a student for the entire course. The scheme will be implemented in collaboration with ODEPC. An amount of ₹ 250.00 lakh is provided for the scheme during 2026-27. Based on gender disaggregated data 30% of the fund will benefit women.

7. Skilling, Employability and Entrepreneurship Development of OBCs (Umbrella Scheme)

(Outlay: ₹ 2500.00 lakh)

The scheme has seven sub-schemes as follows:

a. Employability Enhancement Programme/Training

(Outlay: ₹ 800.00 lakh)

The scheme aims to enhance employability of OBCs by providing financial assistance for coaching for competitive exams, self-employment and livelihood/restoration of livelihoods of traditional working class communities. Financial assistance is provided for coaching of students in medical/engineering entrance, bank tests, civil service/KAS,

UGC/GATE/MAT/JRF/NET etc. Assistance for start-up ventures for professionals and self-employment grant for BPL families are also included. The institution for providing coaching for competitive exams will be selected by a panel of experts based on the applications from reputed institutions. The tracking of students till placements should be done. The scheme will be integrated with Kerala Knowledge Economy Mission implemented through K-DISC.

The component also intends to provide assistance for training in communicative English for the final year nursing students among OBCs for examinations such as IELTS, TOEFL, OET, NCLEX etc. An amount of ₹ 800.00 lakh is provided for the sub-scheme during 2026-27. Based on gender disaggregated data 50% of the fund will benefit women.

b. Career in Automobile Industry through Public Private Participation

(Outlay: ₹ 520.00 lakh)

The scheme has two components as follows.

i) Career in Automobile Industry through Public Private Participation

This component is intended to tap employment potential in private sector such as automobile, travel and tourism, logistics, hotel management, total station survey and polymer technology. Training cost and monthly stipend are given to the job seekers as per government norms. After successful completion of the training, the agency should provide employment/placement to the trainees. The maximum training cost per candidate for one month will be ₹ 8000/-, subject to the maximum of ten months. The scheme will be integrated with Kerala Knowledge Economy Mission implemented through K-DISC. The department will give priority to recruitment agencies that would provide more placements, including foreign placements to trainees. The scheme can be extended to other professional or technical courses offered by ASAP, KASE and Skill Kerala etc. An amount of ₹ 345.00 lakh is provided for this component during 2026-27.

ii) Placement assured Skill Training for unemployed OBC Youth

The component intends to enhance the employability of unemployed OBC youth by providing industry-specific training, certification and skill development to improve job prospects, earning potential and financial stability. Training programs that ensure job placements will be conducted in collaboration with industry partners and training institutes. An amount of ₹ 175.00 lakh is provided for this component during 2026-27.

c. Skill Development Training and Tool Kit Grant for Traditional Craftsmen among OBCs

(Outlay: ₹ 200.00 lakh)

The objective of the scheme is to upgrade or sharpen the skill sets of traditional craftsmen, artisans and other semi-skilled labourers belonging to Other Backward classes in Kerala. Providing high quality skill training in respective field and subsidy/grant for purchasing modern equipment and tool kits are included in this component. The scheme can be extended to any kind of traditional craftsmanship. Those beneficiaries whose annual income does not exceed ₹2.50 lakh shall be eligible for assistance. The scheme aims to provide financial assistance at ₹ 20,000/- per individual in two installments. Based on gender

disaggregated data 20 per cent of the fund will benefit women. An amount of ₹ 200.00 lakh is provided for this sub-scheme during 2026-27.

d. Assistance for the purchase of Electric/CNG auto taxis

(Outlay: ₹ 80.00 lakh)

A significant number of workers among the Backward Classes in the State have been working in the auto taxi sector, and the huge hike in fuel prices has affected their livelihoods. They need financial assistance to switch on to new-generation electric and CNG vehicles to generate more income. The component aims to provide subsidy to vehicle loans at the rate of 20% of the loan amount, upto a maximum of ₹ 1.00 lakh. The department will recommend eligible applicants to financial institutions such as Kerala State Backward Classes Development Corporation Limited, Kerala State Development Corporation for Christian Converts from Scheduled Castes and Recommended Communities Limited, Kerala State Pottery Manufacturing Marketing and Welfare Development Corporation Limited and loans are provided by these Corporations. An amount of ₹ 50.00 lakh is provided for this component during 2026-27.

The scheme also intends to provide assistance to the purchase of three-wheeler utility scooters to the disabled persons among OBCs. The objective is to help them facilitate their jobs and generate income. Persons with 30 per cent or more disability whose annual income from all sources does not exceed ₹ 2.50 lakh shall be eligible for assistance. The component provides 100% assistance to individuals with more than 40% disability. For those with less than 40% disability, beneficiaries should bear 50% of the vehicle's total cost, and the department will cover the balance 50%. The contribution of the department will be 50% of the cost, or ₹ 75,000 whichever is less. The component will be implemented subject to the detailed guidelines issued by the Department. An amount of ₹ 30.00 lakh is provided for this component during 2026-27.

e. Self-employment Scheme for widows belonging to OBCs

(Outlay: ₹ 300.00 lakh)

The objective of the scheme is to support widows among OBCs by providing assistance for starting self-employment ventures to promote their livelihood. The component aims to provide subsidy to self-employment loans at the rate of 20% of the loan amount, up to a maximum of ₹ 1.00 lakh. Any venture that can be carried out profitably can be sanctioned on the basis of its feasibility. Those widows less than 60 years of age whose annual income from all sources does not exceed ₹ 2.50 lakh shall be considered for assistance. Unmarried women of the OBC communities of the age group 40-60 will also be eligible for assistance. The department will recommend eligible applicants to financial institutions such as Kerala State Backward Classes Development Corporation Limited, Kerala State Minority Development Finance Corporation Limited, Kerala State Development Corporation for Christian Converts from Scheduled Castes and Recommended Communities Limited, Kerala State Pottery Manufacturing Marketing and Welfare Development Corporation Limited and loans will be provided by these Corporations. Subsidy will be provided as per the detailed guidelines issued by the Department. Priority should be given to those who have children below the age of 18. An amount of ₹ 300.00 lakh is provided for this sub-scheme during 2026-27.

f. Start-up Ventures for Graduates (Erstwhile Start-up Ventures for Engineering Graduates)

(Outlay: ₹550.00 lakh)

The scheme intends to support the unemployed graduates among OBCs to start start-up ventures. The objective of the scheme is to promote entrepreneurship among graduates by increasing employment opportunities within the state. The scheme intends to provide financial and technological support to groups of graduates in various fields to start joint ventures and the scheme gives preference to graduates in different branches of engineering. The scheme is being implemented with the cooperation of Kerala Start-up Mission. The benefit will be granted based on the conditions laid down in the BCDD-KSUM Guidelines. The annual family income ceiling of each member of the group shall not exceed ₹5.00 lakh. The scheme aims to provide a maximum amount of ₹ 10.00 lakh for each group. Assistance will be provided as per the detailed guidelines issued by the Department. The scheme will also support the Young Innovators Programme of KDISC. An amount of ₹ 550.00 lakh is provided for this sub-scheme during 2026-27.

g. Distribution of Mobile Street Vending Carts to Street Vendors among OBCs

(Outlay: ₹ 50.00 lakh)

The street vendors normally have to face all weather conditions and this affects their business to a very great extent. These problems can be solved to an extent by providing them with street vending carts. The objective of this sub scheme is to ensure uninterrupted business for the street vendors by providing aluminum four-wheeler push carts. It is intended to provide vending carts to 100 street vendors registered with the local body under the Street Trade Control Act, 2014. Those street vendors whose annual income from all sources does not exceed ₹ 2.50 lakh shall be considered for assistance. Priority should be given to the street vendors who are already registered and actually doing any street vending activities. The scheme will be implemented as per the detailed guidelines issued by the Department. An amount of ₹ 50.00 lakh is provided for this sub-scheme during 2026-27.

An amount of ₹ 2500.00 lakh is provided for the above seven sub-schemes during 2026-27.

8. Modernisation of Backward Classes Development Department

(Outlay: ₹ 70.00 lakh)

The scheme intends to modernize the Backward Classes Development Department by setting up e-governance initiatives and e-office, installation of modern office equipments like laptops, computers and peripherals, furnishing offices and purchase of furniture, rent for hired vehicles, purchase of software and hardware, maintenance of office equipment, training to officials, operational expenses, expenses for printing, advertisements, conducting workshops, seminars, surveys, studies etc. Department shall conduct a study on the socio-economic conditions of the Scheduled Castes converted to Christianity. A planning and monitoring cell by deploying officers from State Planning Board shall be set up in the directorate during 2026-27. An IT-based MIS system shall be developed for monitoring the plan scheme. An amount of ₹ 70.00 lakh is provided for the scheme during 2026-27.

9. 'Kedavilakku' Pre-matric Scholarship for OBC students from Ist to VIIIth standard

(Outlay: ₹1500.00 lakh)

The Central Government has withdrawn from providing scholarships to OBC students of classes I to VIII. The objective of the scheme is to provide scholarships to such OBC students who were denied of the central scholarships. The scholarships will be given to the students of I to VIII Standards whose parent's/Guardian's income from all sources does not exceed ₹ 2.50 lakh per annum. Scholarships will be disbursed as per the detailed guidelines issued by the Department. An amount of ₹ 1500.00 lakh is provided for the scheme during 2026-27 to provide scholarships to OBC students. Based on gender disaggregated data 50% of fund will be going to girl children.

10. PM YASASVI Pre-matric Scholarships for OBC, EBC and DNT Students (Erstwhile Pre- matric Scholarship for OBCs) (40% SS)

(Outlay: ₹ 800.00 lakh)

The scheme intends to provide scholarships to the students belonging to OBCs, EBCs and DNTs whose parent's/Guardian's income from all sources does not exceed ₹ 2.50 lakh per annum. The scholarships will be given to the students of classes IX and X. An amount of ₹ 800.00 lakh is provided as 40 % state share against the anticipated Central share of the scheme during 2026-27 for assisting eligible students at the rate fixed by the Government. The scholarship will be provided as per the revised guidelines of GoI. Based on gender disaggregated data 30% of fund will be going to girl children. Five percent of the funds are provided for students with disabilities

11. PM YASASVI Post-Matric Scholarship for OBC, EBC and DNT Students (Erstwhile Post- matric Scholarship for OBCs) (40% SS)

(Outlay: ₹ 2000.00 lakh)

The objective of the scheme is to provide financial assistance to the OBC, EBC and DNT students in post-matriculation or post-secondary classes to enable them to complete their education. These scholarships are given to study in recognized institutions. Students whose parent's/guardian's income from all sources does not exceed ₹ 2.50 lakh per annum are eligible for scholarship under the scheme. The scholarship will be provided as per the revised guidelines of GoI. An amount of ₹ 2000.00 lakh is provided as 40% State Share against the anticipated Central share for the scheme during 2026-27. Based on gender disaggregated data 30% of fund will be going to women. Five percent of the funds are provided for students with disabilities.

12. PM YASASVI Construction of Hostel for OBC Boys and Girls (Erstwhile Post - matric Hostels for OBC Boys and Girls) (40% SS)

(Outlay: ₹41.00 lakh)

The scheme is intended for the construction of post matric hostel for boys and girls hailing from rural backgrounds to enable them to pursue secondary and higher education in the Government schools, universities, institutions and institutions located at a reasonable distance, in order to provide them greater access to quality education. An amount of ₹41.00 lakh is provided as 40 % state share for the scheme during 2026-27.

13. Share capital contribution to Kerala State Pottery Manufacturing Marketing and Welfare Development Corporation Limited (KSPMMWDC)

(Outlay: ₹ 200.00 lakh)

Kerala State Pottery Manufacturing Marketing and Welfare Development Corporation Limited (KSPMMWDC) was set up with the objective of modernizing the traditional pottery sector in the State, thereby increasing the living standards of the families engaged in the sector. An outlay of ₹200.00 lakh is provided for the Corporation in 2026-27 for undertaking activities such as loans for pottery manufacturing units including working capital loans, loans for pottery marketing units including loans to purchase vehicles for marketing, marriage assistance loans and Group loans to SHGs. The scheme also includes training to pottery workers on modern technologies and marketing ideas in pottery sector, organising regional awareness camps, opening exhibition cum sales outlets and online marketing portals for the marketing of pottery products in consultation with Backward Classes Development Department. Based on gender disaggregated data 20% of the fund will be going to women.

14. Infrastructure Development of Kumbhara Colonies

(Outlay: ₹ 100.00 lakh)

The communities engaged in traditional pottery making are one of the most backward communities among Other Backward Classes. The *kumbhara* colonies, where the pottery workers reside, lack basic amenities, and most of them have no proper working facilities like work sheds, chimneys, and modern equipment. The scheme envisages the comprehensive development of the 'kumbhara' colonies where traditional pottery making communities are thickly inhabited by providing infrastructure development (community hall, Library, foot path, drinking water, electricity, soil conservation etc.), assistance for modernization of the trade, providing work shed, chimneys and transportation facilities for marketing of products etc. No individual financial assistance will be provided under the scheme. The scheme also envisages conducting a brief study on the developmental issues of the Kumbhara colonies through District Planning Offices. An amount of ₹ 100.00 lakh is provided for this scheme during 2026-27.

15. Special Scholarship for Girl Students of OBC who have lost a parent or both

(Outlay: ₹ 28.00 lakh)

The scheme aims to provide a helping hand to girls from other backward classes who have lost a parent or both by way of providing financial assistance for education. Many of the girls who are studying in medical and medical allied courses are facing difficulties for finding money for the payment of tuition fees and hostel fees because of death of either of a parent or both. The scheme aims to provide financial assistance to the female students in medical/medical allied sector of Govt/Govt Aided Institutions and self-financing institutions from other backward classes whose annual family income does not exceed ₹ 2.5 lakh. It is intended to provide ₹ 50,000/- annually for eligible students from other backward classes. The scholarship is provided to female students. An amount of ₹ 28.00 lakh is provided for this scheme during 2026-27. Based on gender disaggregated data 100% of fund will be going to women.

D. Welfare of Minorities

Sl. No.	Name of Scheme	Amount 2026-27 (₹ in lakh)

1. Pradhan Mantri Jan Vikas Karyakram (erstwhile Multi Sectoral Development Programme in Minority concentrated blocks) (40% SS)

(Outlay: ₹ 1600.00 lakh)

Pradhan Mandri Jan Vikas Karyakram seeks to provide better socio economic infrastructure facilities to the minority communities particularly in the field of education, health and skill development which would further lead to lessening of the gap with regard to backwardness parameters between the national average and the minority communities. During the year 2018-19, the Ministry of Minority Affairs restructured and renamed the erstwhile Multi Sectoral Development Programme as Pradhan Mantri Jan Vikas Karyakram (PMJVK) with a funding pattern of 60:40 between Centre and the State. The projects to be taken up under PMJVK would be related to creation of infrastructure mainly in the sectors of

education, health and skill development. Besides innovative schemes for improving the socio-economic living conditions of minority communities and other communities living in the catchment area. The revised PMJVK scheme can now be implemented in all Districts of the State. States/UTs can propose infrastructure projects in the identified areas where the concentration of minority population is more than 25% in the catchment area (15 km. radius). The projects like construction of school buildings, women empowerment and facilitation centres, market sheds, toilet blocks, buds schools, dialysis centres, sadbhavana mandap and common service centres are included in the PMJVK scheme. In addition to existing thrust areas of Education, Health, Skill Development and Women centric projects, priority will also be accorded to emerging sectors of national importance like Sports, Sanitation, Solar Energy, Drinking Water projects in the urban areas etc. An amount of ₹1600.00 lakh is provided as 40 % State Share for this programme during 2026-27.

2. Scholarship Schemes (Umbrella Scheme)

(Outlay: ₹ 1082.00 lakh)

The scheme has 4 sub schemes which include:

a. Scholarship for Undergoing Courses in pursuit of CA/CMA/CS

(Outlay: ₹132.00 lakh)

This sub scheme intends to provide scholarship for proficiency/foundation intermediate and final of Chartered Accountancy, Company Secretary-ship and Cost and Management Accounting, scholarship for students pursuing coaching for UGC/CSIR/NET/ NTSE. Students from the BPL families of minority communities/ linguistic minorities with at least 60% mark in plus two will be eligible for this scholarship. In the absence of BPL students, those having family income less than the limit prescribed by the Government will be considered. The scholarship will be sanctioned on the basis of certificate issued by the head of institution where the student is undergoing the course, based on attendance. The rate of assistance will be as per the government norms.

The sub scheme also intends to provide merit scholarships for talented minority students who get admission in higher education institutions such as IITs, IIMs, IIMSc, IISc etc. The component intends to provide scholarship for minority BPL students studying in these institutions. The scholarships would be disbursed in compliance with the Government order. An amount of ₹ 132.00 lakh is provided for the sub scheme during 2026-27. Based on gender disaggregated data 50% of fund will be going to girl students.

An amount of ₹40 .00 lakh is provided for the scheme during 2026-27.

6. Establishment of Minority Research Institute under the University of Calicut

(Outlay: ₹ 27.00 lakh)

The people of different religious faiths – Islam, Christianity, Hinduism and others have played a crucial part in building the composite culture of the state. The people of religious minorities have made important contributions to the economic, educational and social development of the State**.** The Government intends to establish a research wing on issues of academic concern with respect to minority studies in various Universities. The research wing which will conduct studies broadly in humanities and social sciences, will be interdisciplinary, and will locate minority studies in a scientific, secular, and democratic context. The plan provision is to be released only after the approval of academic and feasibility report of the research wing from the Universities. As the first phase, the outlay provided is for the establishment of a minority research wing under the University of Calicut. Thereafter, it can be extended to all major universities in Kerala. An amount of ₹ 27.00 lakh is provided for this scheme during 2026-27.

7. Share Capital for Kerala State Minority Development Finance Corporation Limited

(Outlay: ₹1200.00 lakh)

The Kerala State Minority Development Finance Corporation (KSMDFC) Limited was started under the Companies Act with the motive of providing financial assistance to minority communities in Kerala. It was incorporated as per the recommendation of Sachar Committee and the Prime Minister's 15 Point Programme for the upliftment of the financial

and other living conditions of the minorities. The National Minority Development Finance Corporation will extend 85 % of the total amount of the financial assistance to KSMDFC, provided at least 15 % of the total outlay is given by the State Government. The outlay provided is for giving share capital grant to the Corporation for implementing schemes like housing loan for madrasa teachers, housing loan, pravasi loan, business development loan, parent plus education loan, employees multipurpose loan, self-employment loan, NMDFC loan schemes, personal loan and 'Sumithram' loan (scheme for marriage and critical illness). An amount of ₹1200.00 lakh is provided as share capital to Kerala State Minority Development Finance Corporation during 2026-27.

8. Pre-marital Counselling and Soft Skill Development

(Outlay: ₹ 50.00 lakh)

The main objective of the programme is to reduce post-marital conflicts and issues among couples by providing proper guidance and counselling. The scheme envisages reducing divorce rates among couples from minority communities. Government will frame guidelines for running the scheme. An amount of ₹ 50.00 lakh is provided for the scheme during 2026-27 for pre-marital counselling and soft skill development. Based on gender disaggregated data 50 % of fund will be going to women.

9. 'Maargadeepam' Pre-matric Scholarship for Minority students from Ist to VIIIth std

(Outlay: ₹2200.00 lakh)

The Central Government has withdrawn from providing scholarships to minority students of classes I to VIII. The objective of the scheme is to continue providing scholarships to such minority students who have been denied scholarships of Central Government. The scholarships will be given to the students from Ist to VIIIth standard whose parent's/Guardian's income from all sources does not exceed ₹ 2.50 lakh per annum. Scholarships will be disbursed as per the detailed guidelines issued by the Department. An amount of ₹2200.00 lakh is provided for the scheme during 2026-27 to provide scholarships to minority students.

10. Self-employment Scheme for widows belonging to Minorities

(Outlay: ₹500.00 lakh)

The objective of the scheme is to support widows, divorcees and abandoned women among minorities by providing assistance for starting self-employment ventures to promote their livelihood. The scheme aims to provide subsidy to self-employment loans at the rate of 20% of the loan amount, upto a maximum of ₹ 1.00 lakh. Any venture which is financially feasible that can be carried out profitably can be sanctioned. Those widows less than 60 years of age whose annual income from all sources does not exceed ₹ 2.50 lakh shall be considered for assistance.The department will recommend eligible applicants to Kerala State Minority Development Finance Corporation Limited and loans are provided by the Corporation. Subsidy will be provided as per the detailed guidelines issued by the Department. Priority should be given to those who have children below the age of 18. Necessary handholding support to the department in the preparation of detailed project proposals will be done with the help of Centre for Management Development. An amount of ₹500.00 lakh is provided for this scheme during 2026-27.

11. Chief Minister's Research Fellowship for Minorities (erstwhile Research Fellowships for Minority Scholars)

(Outlay: ₹1100.00 lakh)

The Central government has discontinued the Moulana Azad National Fellowship from 2022-23. This has significantly affected the higher education prospects of minority research scholars. The state government launched this scheme to address this grave issue by promoting research opportunities for students from notified minority communities. It is aimed at encouraging students to engage in research programs by offering a three year fellowship in the form of financial assistance to support their Ph.D programmes. The fellowship will cater to the students from minority communities pursuing regular and full-time research programmes leading to the award of a Ph.D degree within India.

Candidates who have completed their postgraduate education and have been admitted to a regular Ph.D. programme are eligible to apply. The scheme covers all universities/institutions recognized by the University Grants Commission (UGC). Students who receive any other fellowships are not eligible to apply for this scholarship. Fellowships will be disbursed as per the detailed guidelines issued by the department. An amount of ₹ 1100.00 lakh is provided for this scheme during 2026-27. Based on gender disaggregated data 30 % of fund will be going to women.

12. Overseas Scholarships for Minorities (New Scheme)

(Outlay: ₹ 400.00 lakh)

The scheme aims at providing financial assistance to selected minority candidates belonging to BPL families for pursuing Master level courses and Ph.D. abroad in specified fields of study in Engineering, Management, Pure Sciences, Agricultural Sciences, Medicine, Social Science and Law. The prescribed financial assistance will be provided as per Government norms over a period of 3 years or the completion of the course whichever is less.

Students are eligible for air charges from India to the nearest place of the educational institutions and back to India, by economy class and shortest route in arrangements with the national carrier. Actual course fees, maintenance allowance, incidental journey allowance, equipment allowances, poll tax, visa fees and medical insurance premium, subject to 50% of the total expense or a maximum of ₹ 10.00 lakh whichever is less will be provided for a student for the entire course. The scheme will be implemented in collaboration with ODEPC. The overseas scholarship for PG, PhD courses given under Prof. Joseph Mundassery Scholarship will now onwards be met under this scheme. An amount of ₹ 400.00 lakh is provided for the scheme during 2026-27. Based on gender disaggregated data 30% of the fund will benefit women.

E. Welfare of Forward Communities

1. Kerala State Welfare Corporation for Forward Communities Limited (KSWCFC Ltd.)

- Assistance to those who adopt children with disabilities or foster care and support to adoption agencies.
- Activities of Individual Care Plan (ICP) for PwDs, follow up and their rehabilitation.
- Setting up of models of disabled friendly Panchayaths and Volunteer Support for helping PwDs in all Panchayaths.
- Organising Kalotsavam for PwDs

- Financial assistance to PwDs for participation in National and International Sports/Arts events and organizations or associations which provide training for this purpose.

E. Skill Development and Empowerment

- Educational assistance such as tuition fees, transportation charges, purchase of educational tools, recreation facilities, library facility and medical expenses to the inmates of homes run by the Department, including Vocational Training Centres (VTCs) and VRC Wayanad and special assistance package to special schools.
- Designing of suitable courses for Vocational Therapist and rehabilitation professionals through NIPMR, NISH, SID and other agencies.
- Employment Facilitation Portal for PwDs with emergency call centres.
- Formation of council to co-ordinate the activities of research organizations in the State working for PwDs viz, IMHANs, ICCONS, NISH, NIPMR, CDC, SIMC etc.
- Conducting job fairs
- Skill Development to PwDs to ensure sustainable livelihood through self-employment, technical support for the formation of SHGs for PwDs all over the State and branding of the products made by PwDs or their groups/SHGs
- Free coaching /Training for competitive exams to PwDs candidates for BPL category

F. Advocacy/IEC/Research and Studies

- IEC and administrative expenses for implementing various schemes under the department, Online Interactive Disability Awareness Seminars by NISH, campaigns on Rights of PwDs, conducting workshops, seminars, skill development and awareness programmes for the welfare of marginalized.
- Research and studies and evaluation of schemes including studies and programmes in collaboration with the State Planning Board on disability.

An amount of ₹200 lakh is set apart for Specific Comprehensive Programmes for persons with Intellectual and developmental disabilities.

A total amount of ₹ 1600.00 lakh is provided in the Budget 2026-27 for all the above activities.

2. ANPU VEEDU - Block level Care Homes for persons with intellectual disability(New Scheme)

(Outlay: ₹ 300.00 lakh)

For providing day care and short-stay (respite) services to persons with intellectual disability, Block-level care homes will be established by ensuring accessible and community-based care. The scheme will be implemented through a collaborative model involving local bodies and empanelled NGOs.

An amount of Rs. 300 lakh has been allocated to initiate this scheme in the year 2026-27.

3. **Assistance to aftercare programmes and follow up services of victims rehabilitation fund**

(Outlay: ₹ 345.00 lakh)

A large number of ex-prisoners find it difficult to mobilize the capital investment needed to start an enterprise to eke out a living once they are out of prison. Consequently, they are often forced to turn to other socially unacceptable means of livelihood. It is the policy of the government to release the prisoners prematurely based on their good behavior and reformation. The prisoners who are so released will be under the supervision of probation officers for a certain period. During this period, they have to be gainfully rehabilitated. Probation of offenders' act 1958, Kerala probation of offenders' rule 1960 and Probation policy 2021 are the major legislative and policy interventions of the State. In addition to the Statutory obligations, different welfare schemes and programmes are implemented in this sector. The Social Justice Department is the nodal department for the implementation of the policies and programme for probation and following activities are planned under the scheme for 2026-27.

A. Financial Assistance Programmes

- Educational Assistance including professional courses to the children of prisoners and victims, and marriage assistance to daughters of prisoners, convicts, ex-convicts and victims
- Financial assistance to ex-convicts and offenders on bail
- Jeevanam- Self-employment scheme for victims and their dependence
- Mithram- Vocational and skill trainings to beneficiaries of probation
- Self-employment assistance to ex-convicts, probationers and the dependents of convicts

B. Institutional Assistance Programmes

- Institutional rehabilitation programme for convicts, ex-convicts, and probationers
- Activities to establish CBOs for probationers, ex-prisoners, ex-inmates and dependents of prisoners under District Probation Homes for various categories
- Establishment of separate Probation Half Way Homes in co-operation with NGOs for male and female probationers, ex-prisoners and parolees
- Implementing a community service programme for life time prisoners and probationers in co-operation with Prison Department
- Develop and implement rehabilitation and reintegration scheme for street dwellers in Kerala
- Implementation of scheme for rehabilitation of marginalised and those who are abandoned in hospitals and streets in collaboration with Govt agencies and NGOs.
- Activites relating to Orphanage Control Board(OCB)

C. Community Level Interventions

- Nervazhi project under probation services. Facilitating the treatment, reintegration and rehabilitation of young adults(18-25 years) within the criminal justice system who struggles with substance abuse including alcohol, drugs, and other intoxicants

and identify and delineate the roles and responsibilities of stakeholders involved in it.

- Develop and implement community level psychosocial intervention programme among survivors of crime, dependents of convicts, ex-prisoners, first accused and probationers
- Improve the services of probation ambassadors with the help of students perusing Law, Sociology and Social Work
- Conducting district and state level workshops, training programmes with various stakeholders of probations with the help of accredited institutions like universities and social work/science institutes
- Promote plea bargaining, probation, borstal school system and psychosocial intervention among the stakeholders of social defense as well as public with the support of KELSA
- Implementation of Smart probation system
- Psychosocial rehabilitation of controlled/cured mentally ill prisoners with the help of NGOs
- Comprehensive rehabilitation package for the family members of victims and convicted prisoners who are undergoing life sentence
- Counseling in jails and also for POCSO case convicts
- Project management costs

D. Skilling and Livelihood

- Provide skill development training and after care services to victims of crime and implement special schemes for women ex-convicts
- Self-employment assistance to Victim Support Bureau for victims, survivors and dependents of criminal offences, ex-convicts, ex-inmates, probationers and their dependents for starting units
- Placement programmes for ex-convicts

E. Administrative and IEC activities

- Establishment of separate cell for probation and Social defense at Social Justice Directorate.
- Implement technology supported monitoring system for probation and digital monitoring of probationers.
- Conduct Research and studies, and evaluation of schemes
- IEC and developing IEC materials, conducting seminars, training programmes to Judicial officials with the support of Kerala Judicial academy

An amount of ₹ 345.00 lakh is provided in the Budget 2026-27 for the above activities.

4. Strengthening Administrative Infrastructure and Capacity building under SJD

(Outlay: ₹ 750.00 lakh)

There are 14 District offices, 31 welfare institutions, and 17 probation offices under the directorate of Social Justice. This scheme is meant for strengthening the infrastructure and

human resource power of the department and the following activities are planned under the scheme for 2026-27.

Administrative Activities: Include expenses for providing the services of different care providers in welfare institutions under the department, facilitators at LSGIs, hiring of vehicles, establishment of Solid waste management system, construction, maintenance and renovation of Social Justice offices and welfare institutions, human resource for the implementation and functioning of the National Trust, Maintenance Tribunal, help desk for Social Justice schemes, support and strengthen NGO accreditation system, conducting file disposal Adalath, cleaning campaign in directorate and sub offices, creating special cell for the handling of individual beneficiary schemes including activities for running Priya Home for mentally disabled and development of master plan, construction of new buildings for the department, construction of couple homes in Thiruvananthapuram, Kozhikkode and Wayanad old age homes, meeting the expenses of Barrier free Kerala done by agencies other than PWD, honorarium to councillors in Orphanage Control Board, Awards for PwDs, institutions running for the welfare of PwDs and best district administration/LSG institutions working for PwDs, user charges for broad band connections and data charges, purchase of equipment for physiotherapy and other Ayurveda treatment of inmates in Government Old age homes, Purchase of re-usable articles and utensils to welfare institutions, Works for converting HMDC as a model home, and skill development for inmates of all homes. It is proposed to establish a Samoohya Neethi Bhavan in State Capital which functions as a resource centre, help desk and short term barrier free lodging facility for the PwDs and elderly persons. All the district officers under different agencies of the department can also be housed in this building. Internship for the Social justice department is also envisaged under the scheme

Training & Capacity building: Training Need Assessment, training module preparation, training and exposure visits, trainers training and providing necessary human resources.

E-Governance activities of the directorate, sub offices and welfare institutions, purchase and maintenance of computer and peripherals, installation and annual maintenance of Biometric punching system, developing online platform for monitoring programmes for social service schemes implemented by various departments, E-Kshema and Suneethi web portal development, management of Sugamyam portal for the registration and monitoring of welfare institutions and Edanam portals.

Research and Development involves impact assessment and evaluation studies of the schemes implemented, action research for conducting social audit of Care Institutions, developing social audit manual, preparing framework for registration and operation of home care service institutions, preparation of SOP and guidelines for institutions, revamping of old age and disability policy and engaging outsourced agencies for the above.

Revamping Skill Development Centres and Vocational Training Centres of the department involves providing hostel facilities, establishment of production units, procurement of machineries and introduction of new courses.

Repair, renovation and new construction of buildings and other infrastructure are also included in this scheme.

An amount of ₹ 750.00 lakh is provided in the Budget 2026-27 for the above activities.

5. Documentation and Publicity including observance of national days and weeks

(Outlay: ₹ 100.00 lakh)

Social Justice Department is the nodal department in implementing various schemes and social legislations for Government. There is lack of awareness among the general public about the various services rendered by the Department. Hence it is important to create awareness among public through print, audio, digital, social and visual media and through workshop, seminars, prevention campaigns etc. The department has been observing various days and weeks at State and District levels, such as, Social Justice Day, Old Age Day, Elderly Abuse Prevention Day, Probation Day, World Alzheimer's Day, World Disabilities Day, Human Rights Day and other days as decided by the Government.

Major IEC activities comprise of developing IEC Plan and media plan with professional support, engaging professional media consultant/publicity agency through competitive process, using different media for dissemination of programmes and policies including the trimonthly official publication viz,'Suneethi', organise street plays, road shows, reality shows etc. and conduct of programmes, seminars and workshops for observance of important days.

An amount of ₹ 100.00 lakh is provided in the Budget 2026-27 for the above activities.

6. Comprehensive projects for PwDs in collaboration with NGOs, LSGs, Autonomous bodies

(Outlay: ₹ 1250.00 lakh)

The Rights of Persons with Disabilities Act, 2016 mandates the States to undertake right based services and programmes for Persons with Disabilities (PwDs), particularly in the area of health, education, social security, recreation and skill development. The Act also provides for registration of institutions working for the cause of PwDs. Further, the section 55 of the Act mandates to grant financial assistance to such registered organizations within the economic capacity of the State for implementing various programmes in pursuance of provisions of the Act. The objective of this scheme is to ensure livelihood and economic security through skill development, vocational rehabilitation, support skilling, and invest in human resource development to cater the needs of PwDs. The scheme will also explore the scope of Community Based Rehabilitation programmes in the rehabilitation of PWD's through Government-NGO partnership. The scheme will also explore the scope of community outreach programmes in the rehabilitation of PwDs. The scheme envisages implementing programmes such as Athijeevanam, Prachodanam, establishment of integrated rehabilitation villages for PwDs, Government-NGO partnership in managing welfare institutions and other activities.

Athijeevanam aims at mainstreaming the PwDs by supporting the initiatives of NGOs, LSGIs, and Autonomous institutions. The project will support vocational training centres, sheltered workshops, respite and daycare centres, assisted living projects, rehabilitation of adult mentally disabled persons covered under the National Trust Act, 1999 and ICT based training programmes and innovative projects of NGOs. It is proposed to empanel NGOs in the uncovered districts also.

Prachodanam is conceived as skill development training programmes and rehabilitation programme for persons with intellectual disability above 18 years of age. This programme provides financial assistance to one Vocational Training Centre in each Block Panchayath for intellectually disabled adults.

Integrated Rehabilitation Villages for the differently abled persons will be started in a phased manner in three regions of the State. Apart from the above, the first phase of the construction of a rehabilitation village exclusively for the Endosulfan victims is already started in the Kasargod district. It is also proposed to start the initial phases including activities of development of master plan and preparation of detailed project report for the persons with disabilities in Malappuram, Thiruvananthapurm and Kollam districts. The full-fledged establishment of the Rehabilitation Village will be done in a phased manner.

Government/NGO/LSGI/Other agencies in Partnership for Managing Welfare Institutions under the Social Justice Department will make use of the seamless integration and synergistic partnership between Government and Civil Society in facilitating services in care and protection of institutions. NGOs will be selected and accredited by the Government based on past history and track record, and engage them to manage the existing homes under the department. The project will also encourage the NGOs to start such new homes with partial financial support from Government. Government rehabilitation homes for PWD's with intellectual disabilities will be made functional in all districts.

Psycho Social Rehabilitation programme covers immediate rescue of mentally ill persons in street, rehabilitation of controlled or cured mentally ill persons and persons overstaying in mental health centres after treatment. Grant will be provided to NGOs for starting care homes in the ratio of 60:40. The targeted beneficiaries are orphaned mentally ill persons in the street, as defined under Rule-2(h) of Kerala Registration of Psycho-social Rehabilitation centres of Mentally ill Person's Rules, 2012, and controlled mentally ill persons after their discharge from mental health centres, including private institutions. At present, 42 psycho social rehabilitation centres are being provided with grants, out of 124 registered psycho social centres under Orphanage Control Board. It is proposed to conduct an assessment of the functioning and grading of these institutions.

Registration of institutions working for persons with disabilities

Under section 50 of Rights of Persons with Disabilities Act 2016, all institutions providing services to PwDs needs to be registered with a competent authority and RPWD Kerala Rules, 2020 designated the Joint director, Directorate of Social Justice as the competent authority. The rules prescribed the process of registration of institutions. So far 468 institutions are registered. Activities such as registration, renewal of registration and periodic inspection and evaluation of institutions regarding the provision of services prescribed as per the statutory obligations are to be conducted. It is also proposed to set up a technical project support team to ensure the implementation of all the above proposed activities including the sitting fees and other charges.

An amount of ₹ 1250.00 lakh is provided for the above components during 2026-27.

7. Barrier Free Kerala Scheme

(Outlay: ₹ 800.00 lakh)

As per the disability Census 2015, Persons with Disabilities constitute more than 2.16 percent of the population in our State. They face barriers to access government offices and services. Therefore it is proposed to create barrier free and disabled friendly environment in all the government and public institutions in Kerala. The objective of the scheme is to construct ramps, handrails, lifts, restrooms and toilets, special signage in Braille and such other infrastructure.

During 2026-27, it is proposed to cover more public buildings under this scheme, including the districts that were left out in the Accessible India Campaign of the Government of India. Top priority will be attached to making the welfare institutions and offices of the Social Justice Department barrier-free and construction of new building under the department viz, Integrated Rehabilitation Village. Other activities proposed include, making few beaches in the State as barrier free, conducting pre and post access audit in the districts and State, making all 34 welfare institutions under Social Justice Department accessible as per the international norms.

An amount of ₹ 800.00 lakh is provided in the Budget 2026-27 for the above activities.

8. Sayam Prabha (welfare of old age people)

(Outlay: ₹ 1400.00 lakh)

The aging population of Kerala has been increasing rapidly in recent decades, mainly due to the reduction in fertility and increase in longevity of life achieved by economic well-being and better healthcare facilities. The percentage of the population in the age group 60 years and above to the total population was 12.6 and the Old Age Dependency Ratio that is the number of persons per 100 persons of working age was 19.6 per cent, as per Census 2011. The problems faced by this expanding group need to be addressed through more innovative and sustainable approaches. They should have the opportunity to good health as they grow older, and assurance of their rights and welfare. Institutional mechanisms need to be strengthened to improve service delivery. There need to be avenues for utilising the expertise of senior citizens in the development process as well.

The scheme Sayam Prabha sheds light, hope and happiness to the lives of elder people. The scheme strictly follows the provisions of the Maintenance and Welfare of Parents and Senior Citizens Act, 2007 and Old Age policy, 2013. It caters the individual needs of economically weaker seniors, implements social assistance and community care programme, provides institutional care, conduct awareness programmes, research and studies, seminars, and workshops. The scheme provides technical support for elder care projects of LSGIs such as Vayojana Park and Vayosauhruda Gama Panchayaths. The scheme provide support to the Vayojana Council activities and functioning of office for Vayojana council.

Kerala Social Justice Department proposed a new project viz, **'Retirement Homes"** to provide age friendly homes in all districts on a fee paying basis with government regulation and monitoring mechanisms and raise as a model institution in the State giving scientific basis for Government level interventions in the activities of paid welfare institutions.

Individual Care Programmes include Vayoraksha project which provides emergency assistance, medical, legal and care giver support to the old aged who are abandoned and in crisis situations. The Vayoposhanam project is a nutritional support programme to the needy elderly persons through the network of Kudumbasree units, Anganwadi Centres and Accredited agencies. Mandahasam project provides assistance for fixing artificial dentures to Senior citizen and bring back the smile on their face and also implements Vayomadhuram project for providing care for elder diabetics patients. Vayojeevanam project under this scheme provides monthly financial assistance to poor elderly who have no children or successors. There is scope for providing assistance to old age people in case of natural calamities, epidemics and such other situations under this scheme. The scheme also supports preparing Individual Care Plan for the elderly persons across the State.

Social Assistance and Community Care Programmes aims to leverage the services to the elderly through the support of LSGIs, NGOs, CBOs and the community as such. The scheme provides technical support for the elder care projects of LSGIs such as Vathilpadi Sevanam, Vayojanam parks, Vayojana clubs, Vayosauhruda Grama Panchayaths and programmes for active aging and healthy lifestyle, Palliative care for bedridden etc. There is also provision for advancing necessary funds for promoting the LSGIs, NGOs and CBOs for this.

The scheme also provisions establishment of legal aid cell in District offices and elder abuse prevention cell in the Directorate, setting up of a Jagratha Samithis for elderly. Support to the Vayojana Council activities, honorarium to Conciliation Officers of Maintenance Tribunals and Counseling and support services to the care givers of elders are also included in this scheme. The scheme also provisions to take up immediate relief measures and rehabilitation of elderly facing abuse, neglect and abandonment, development of software for monitoring MWPSC cases and monitoring and supervision of NGO run old age homes. Vayonidhi, State fund for the welfare of elderly is also included in the scheme.

Institutional Care includes supporting the LSGIs for setting up of Sayamprabha Homes, Model Sayamprabha Homes and Multiservice Day care Centres and also maintains such homes with the Department. The scheme promotes setting up of self-supporting Old age Homes, Paid Old age homes and Post retirement Homes by NGOs and CBOs. The scheme also envisages expanding the Second Innings Project to all Old Age Homes for enhancing level of services in old age homes with the support of NGOs. Purchase of medicine, accessories, high-tech powered bed, wheel chair and other essential equipment in Old Age Homes and to provide necessary human resource such as medical officers, nurses, care givers and paramedical staff are also included in the scheme. Conducting yoga programmes, medical camps, music therapy, horticulture therapy, counselling and implementation of Vayoamrutham project, Ayurveda treatment for the inmates of old age homes are also provisioned in the scheme. The provision can be utilised for felt needs like separate homes for senior citizen above 80 years, bed ridden persons with special needs, separate room for couples in old age homes etc. The expenses for conducting social audit for old age homes and implementing SOP in Old Age Homes can also be met from this scheme. Vayosanthwanam project is also included under his scheme to give support to NGOs giving care to bedridden elderly. Dementia day care centers and fulltime dementia care centers will be started in collaboration with NGOs /LSGDs etc

Conducting surveys and studies and creation of data base of elderly population, revision of Old age homes manual, preparation of SOPs and guidelines for various service delivery institutions for the elderly, preparation of new policies, acts and rules and modifying the existing ones and setting up of research and training centre in geriatric care in collaboration with technical and academic institutions are also envisaged under this scheme. This also includes studies and programmes in collaboration with the State Planning Board on elder care, service delivery and old age pension. Vayosevana Award is also included in the scheme.

Awareness Programmes and workshops on active aging, Adalaths with the support of DLSA and Maintenance Tribunals, awareness programmes and media campaigns on caring old age people and preventing elder abuse, training and sensitization programmes for LSGIs representatives, officers of stakeholder departments, home based caregivers, caregivers in Old age Homes run by government and NGOs, community volunteers and media persons, helping to establish community based self-sustaining models for senior citizen's support, and IEC and ICT activities are included in the scheme activities.

Strengthening of activities of Elderline, a CSS scheme successfully implemented in the State has overrun the scope in number and area of intervention. Therefore necessary provision for engaging field response officers and facilities are also involved in this scheme

Innovative ideas and programmes such as development of the time bank concept, assistive device banks for the elderly at LSGIs, setting up of memory clinics in collaboration with LSGIs, ambulance service alert system, programmes to bridge the intergenerational gaps in use of internet and modern technology and so forth shall also be met from this scheme. It is also intended to provide Geriatric training to care givers in Government Old age Homes/NGO institutions and home based care providers and palliative care volunteers and developing a regulatory frame work and monitoring mechanism for the institutions providing senior care services and a rapid response team for field intervention of elderly including training of caregivers, skill bank for elderly, comprehensive legislation and policy revision etc during 2026-27.

An amount of ₹ 1400.00 lakh is provided in the Budget 2026-27 for the above activities.

9. Welfare of transgender – Mazhavillu

(Outlay: ₹ 600.00 lakh)

Kerala is the first State to launch a policy for Transgenders in India. Transgenders are very much struggling for their day to day life activities. Most of them are reluctant to reveal their identity. This group needs more attention for mainstreaming them into the society. Various schemes are proposed to be implemented on a rights based approach for the well-being of Transgenders. Department of Social Justice is implementing the scheme. The activities proposed for 2026-27 are;

Financial assistance programme

- Scholarships, back to school assistance to dropouts and assistance to appear for competitive exams

- Karuthal – for providing immediate financial assistance to transgenders through District Social Justice Offices
- Financial assistance for national and international level sports meets, events, studies, overseas studies, vocational training programmes and other such programmes that promoting the opportunities of individuals and helping to showcase the achievement of the community as a whole, based on detailed guideline and criteria
- Saphalam – Assistance for studying professional courses
- Varnam – Assistance for distance education
- Yatnam – Assistance for attending competitive examinations courses
- Sakalyam – Assistance for Vocational training
- Samanwaya – Continuing education programme for transgender dropouts with the support of Kerala Saksharatha Mission
- Monthly financial assistance to transgenders 50-60 years.
- Ananyam scheme - Financial assistance to participate Beauty contest for TG community

Community level programme

- Issuing of ID cards and follow up activities
- Transgender Helpline (24x7) and crisis management centre with the help of NGOs
- Advocacy campaign by engaging professional media agency
- Organizing programmes with NGOs and CBOs working for the wellbeing of transgender population
- Pension for destitute transgenders above the age of 60 years
- Providing loan for self-employment through Kerala State Women Development Corporation
- Arranging various skill development programmes for transgenders
- Subhadram - Housing Scheme for transgenders
- Conducting job fairs and create employment opportunities
- Setting up of transgender friendly toilets in public spaces
- Comprehensive Health Care system in Govt. Medical Colleges, tertiary medical care institutions and implementation of Health Care Guidelines.
- Working Transgender Hostel for transgenders in all districts with the help for Local Self Government Department/ Women's Development Corporation/ NGO/ Kerala State Housing Board.
- Cultural events of TGs

Institutional intervention

- HIV zero surveillance centre for all vulnerable groups
- Establishment of shelter homes/safety homes/care homes/ Short Stay facility through Government agencies or NGOs
- Nursing care facilities for destitute and severely ill TG.

Workshops and Sensitization programmes

- Sensitization programmes for the public, parents and family members of TGs, teaching and non-teaching staff and student community of educational institutions, officers of health services, LSGD, employment department, labour department, police and all other connected departments, IEC and ICT activities.
- Conducting various workshops and training programmes for TG community, CBOs, justice board members and other stakeholders
- Transgenders Kalolsavam
- Peer Support Practice (PSP) – Training to Transgender's representative for giving counseling and other assistance to transgender's suffering from mental illness
- HR and operational support for Transgenders Cell in SJD Directorate
- Survey, research and study

An amount of ₹ 600.00 lakh is provided in the Budget 2026-27 for the above activities.

10. Accessible India Campaign – Monitoring & Evaluation

(Outlay: ₹ 40.00 lakh)

Accessible India Campaign is a programme launched as a nation wide campaign for achieving universal accessibility for persons with disabilities. For providing barrier free environment for persons with disabilities, Government of India had sanctioned amount for retrofitting public buildings in the state. Access audits, empanelment of new agencies for access audit, training on the accessibility standards and norms, research, monitoring and evaluation would be met from State resources.

An amount of ₹ 40.00 lakh is provided in the Budget 2026-27 for the above activities.

11. National Action Plan for Drug Demand Reduction – Monitoring & Evaluation

(Outlay: ₹ 200.00 lakh)

National Action Plan for Drug Demand Reduction is a novel plan aimed at reduction of adverse consequences of drug abuse through a multi-pronged strategy involving education, de-addiction and rehabilitation of affected individuals and their families. Community based schemes would be provided for identification, motivation, counselling, after care and rehabilitation for full recovery of addicts. Funds are released by Government of India for implementing projects, capacity building, specific intervention and awareness generation. Monitoring and evaluation, including IEC activities on drug reduction and social audits would be met from State resources. It also includes activities of de-addiction centres for women and children, training of students and mentor teachers and administration of projects.

An amount of ₹ 200.00 lakh is provided in the Budget 2026-27 for the above activities.

12. Care providers for Inmates of Institutions under Social Justice Department

(Outlay: ₹ 400.00 lakh)

There are 34 welfare institutions functioning under Social Justice Department. The present staff pattern of these institutions does not provide nursing staff or care giving staff. Most of the institutions are functioning with inadequate staff. But the number of inmates in most of the institutions exceeds their sanctioned strength (as per norms) which makes it very difficult to manage the institution. Activities include training and skill development, honorarium and allowances to care providers appointed in welfare institutions under Social Justice Department. The programme would be implemented through Directorate of Social Justice performed through accredited agencies.

An amount of ₹ 400.00 lakh is provided in the Budget 2026-27 for the above activities.

13. Transit Home

(Outlay: ₹ 100.00 lakh)

Transit Homes are providing temporary accommodation facility for foreigners who have entered the country illegally, for those who are waiting to return to their home country, after completing their sentence. Since the number of foreigners who have conflict with law is increasing, the facilities of transit home need to be expanded. A transit home for women and children in the building of CHDC Alappuzha is also envisaged in the scheme. Additional facilities for women are to be set up.

An amount of ₹ 100.00 lakh is provided in the Budget 2026-27 for the above activities.

14. National Institute of Physical Medicine and Rehabilitation

(Outlay: ₹ 2250.00 lakh)

NIPMR is an institute dedicated for the state of the art services for children and adults with disabilities including early identification, intervention, management, rehabilitation and research. Major disabilities dealt with the institute includes neuro developmental disorders, locomotor disabilities, hearing and speech disabilities, spinal injuries, movement disorders and chronic neurological disorders, especially cerebral palsy. Strengthening of academic programmes, vocational training/skill courses/other training and livelihood programmes, rehabilitative services, R and D, outreach programmes and development of physical infrastructure, furniture for students and administrative cost are included under the scheme. Land Acquisition for expansion of the activities is also envisaged. Adaptive Cloth Designing for people with physical disabilities or post-surgery limitations to reduce dependency with training provided to parents of children with disabilities and Animal Assisted Therapy (AAT) using animals to improve human physical, social, emotional, and cognitive functioning are also included in the scheme. Ten per cent of the department share for projects taken up from the pooled fund of SC/ST departments can be met from this scheme.

An amount of ₹ 2250.00 lakh is provided in the Budget 2026-27 for the above activities.

15. State fund for Persons with Disabilities

(Outlay: ₹ 25.00 lakh)

RPWD Act 2016 section 88 mandates the setting up of a State fund for persons with disabilities and Chapter 10 of RPWD Kerala Rules prescribes the objectives and structure of committees under the State Fund. The Corpus fund for PwDs for implementation of distress and relief assistance can be merged with State fund.

An amount of ₹ 25.00 lakh is provided in the Budget 2026-27 as State fund for persons with disabilities.

16. Vayojana Commission (New Scheme)

(Outlay: ₹ 50.00 lakh)

Kerala is the first state in India to launch Vayojana Commission (Elderly Commission) for the senior citizens. The Commission's foundational mandate is to ensure the welfare, protection and rehabilitation of senior citizens, addressing the demographic challenges posed by Kerala's rapidly aging population.

A total provision of 50.00 lakh is provided in the Budget 2026 –27 for carrying out the activities and functions of the Vayojana Commission.

Kerala Social Security Mission

17. Comprehensive package for the victims of Endosulfan

(Outlay: ₹ 1800.00 lakh)

This ongoing scheme aims at relief measures to the endosulfan victims in the State. Financial assistance would be provided @ ₹ 2200/- for bed ridden endosulfan patients, @ ₹ 1700/- if the victim is a disability pensioner and @ ₹ 1200/-for other patients. It also envisages educational assistance @ ₹ 2000/- to children studying in Buds Schools and class I to VII, @ ₹ 3000/- to VIII to X and @ ₹ 4000/- to XIth and XIIth class students. Special assistance @ ₹ 700/- would be provided to the caregivers of endosulfan victims who are fully bedridden or intellectually disabled.

Model Child Rehabilitation Centers (MCRC) were set up for strengthening the rehabilitation of disabled children (below 18) in the endosulfan affected region. Day care centres/buds schools in the endosulfan affected region would be upgraded. Expenditure for MCRCs including infrastructure, equipment, training and HR as per the approved norms for MCRC, other health care and rehabilitation support for endosulfan victims and HR expenses for the endosulfan victim's rehabilitation cell and other related activities for the rehabilitation would also be met from this head. Publicity, Advertisement, cost of mustering of endosulfan victims are also included in the scheme. The programme is implemented by Kerala Social Security Mission.

An amount of ₹ 1800.00 lakh is provided in the Budget 2026-27 for the above activities.

18. Vayomithram

(Outlay: ₹ 2750.00 lakh)

Kerala's ageing population has been increasing rapidly in the recent decades. The State has the largest share of elderly population in the country (12.7 percent, Census 2011).

Vayomithram is a social safety net programme for the elderly and is being implemented by Kerala Social Security Mission. The components of the project are free medical checkup and treatment through mobile clinic, free health care, ambulance facilities, palliative home care, help desk facilities, counseling, Vathilpadi Sevanam social support programmes etc. to the elderly. At present, the scheme is implemented in 6 Corporations, 85 Municipalities and in four block panchayaths and aiming to extent Vayomithram project in all Block Panchayaths in the State. The provision made is for meeting the expenditure on honorarium of the project staff, cost of medicines and equipment, vehicle hiring charges under mobile clinic, office expenses, recreation programmes, special day celebrations, special training programmes, special screening camps for the management of elderly issues, publicity and awareness and social inclusion programmes. The programme is also intended to bridge the gaps of the 'Vathilpadi Sevanam' scheme of the LSGD by technically and financially.

An amount of ₹ 2750.00 lakh is provided in the Budget 2026-27 for the above activities.

19. We Care

(Outlay: ₹ 30.00 lakh)

WE CARE is designed as an umbrella organization which designs, implements, co-ordinates, assists and facilitates various social security service activities in an effective and sustainable way. This programme was designed as a public payment gateway to generate relief fund for social and individual assistance activities undertaken by Kerala Social Security Mission. The gateway is intended to design and implement a social security scheme and to mobilize funds for individual beneficiaries. Under no circumstances, the funds mobilized through payment gateway should be used to meet administrative expenses or overhead charges for implementing the scheme. This will ensure that every rupee contributed by the donor into the payment gateway is spent on an identifiable beneficiary. The donor has access to all documentary evidence of expenditure which is subjected to statutory, financial and social audit. This budget head is for meeting the administrative expenses, overhead charges, care and maintenance of website and payment gateway, fund raising campaigns, field investigations, evaluation of viability of proposals, capacity building and training programmes and for publicity campaigns on various schemes.

An amount of ₹ 30.00 lakh is provided in the Budget 2026-27 for the above activities.

20. State Initiative in the Area of Disability (SID) – ANUYATRA

(Outlay: ₹ 2300.00 lakh)

Since 2017-18, all the activities under SID and all other related interventions have been given a new approach to be implemented in a campaign mode, a Rights Based Life Cycle Approach in disability management named “ANUYATRA” (walk together). ANUYATRA is designed as an umbrella programme in disability sector crafted in line with the RPWD act 2016 with projects focusing on disability prevention activities, neonatal screening, setting and operationalization of network for early identification and early intervention facilities, disability management, targeted vertical projects for specific disabilities, assisted living and convergence with other stakeholders in disability sector including health, social justice, education, tribal development, police, revenue, local self-government institutions and other governmental and non-governmental agencies and

organizations. It is expected that 60% of the beneficiaries would be women. Kerala Social Security Mission is the implementing agency for the programme. The activities proposed during 2026-27 are as follows:

District Early Intervention Centre (Early intervention network):-

Early screening, identification and early intervention forms a major focus for prevention and effective management of disabilities. With the objective of early screening, detection and intervention of development delay and disabilities, state of the art permanent District Early Intervention Centers (DEIC) are being established in all the 14 districts through State Initiative on Disabilities of Kerala Social Security Mission.

Setting up a well-organized network for early identification and management of specific disabilities forms a main component of this project. Under ANUYATRA, an organized network of early intervention has been established which needs to be strengthened. This organized network begins with early identification and intervention facilities at peripheral institutions, Special Anganawadis, Model Child Rehab Centres, Satellite Intervention Centres, Mobile Intervention Units, District Level Intervention Centres, Cerebral Palsy Research and Rehabilitation Centre and Regional Early Intervention Centres and apex institutions. The amount under this head can also be used for Regional Early Intervention Centres at Government Medical Colleges, helpline services for persons with disabilities, special anganwadi project for children with disabilities, co-ordination of early intervention activities at district level, mobile intervention centres, equipment for early intervention centers, Model Child Rehabilitation Centres, IEC activities and trainings, support to LSGIs in implementation of early interventional activities, new early intervention programmes, programmes for newly included disability groups like sickle cell and mapping of early intervention programme. The activities for newly included disability groups are also included. The activities and the scheme may also be taken up in collaboration with LSGIs.

An amount of ₹ 1450.00 lakh is provided in the Budget 2026-27 for the above activities.

Universal Hearing/Congenital Anomaly Screening Programme:-

For the conduct of hearing screening of babies at birth, two Acoustic Emission Screeners (OAEs) have been provided to Government maternity hospitals. For monitoring and effective follow up of the identified cases, each of these hospitals have been provided with the service of a Junior Public Health Nurse, on contract basis. Through 'Kathoram', a sub project of the scheme, hearing screenings of neonates is being done within one month of birth followed by interventions at 1, 3, 6, 18, 42 month time for indicated cases.

Activities proposed for 2026-27 include honorarium of JPHNs, purchase of new equipment - OAEs & BERA and post & pre implant therapies, software up gradation, training programmes and campaign to screen the anganwadi children, IEC, strengthening of institutions through Kathoram, extension of programmes to newer areas,_maintenance of equipment and establishing Audio verbal therapy centers.

An amount of ₹ 275.00 lakh is provided in the Budget 2026-27 for the above activities.

Programmes for the rehabilitation of children with Autism Spectrum Disorders (Spectrum):-

Autism Spectrum Disorder, categorized as a disability in the RPWD Act 2016 is a complex, major neuro developmental problem and its prevalence is increasing enormously. A comprehensive programme SPECTRUM is implemented with programmes and strategies to provide support and quality services. Existing activities of SPECTRUM are to be strengthened and an organised strategy is to be developed and put into action, to deal with the large number of children with ASD in the rural, semi-urban and urban populations who are at risk. The project aims at early identification and early intervention through appropriate therapies, parental awareness and training programmes by preparing a professional team to cater to the diversified needs of persons with ASD. Autism centres have been established at six Government Medical Colleges and IMHANS Kozhikkode. Providing appropriate therapies, professional & HR support to existing autism centers & regional autism rehabilitaton centers, NIPMR, Thrissur are also envisaged in the scheme.

Amount under this project for the year is proposed for (a) strengthening the existing autism centres at government Medical Colleges and IMHANS and establishing new autism centres and Regional Autism Rehabilitation and Research Centre (RARRC) at NIPMR, (b) IEC and parental empowerment programme (c) skill development programmes for adult autistic and rehabilitation programmes (d) support to establish decentralized centres for autism in grass root level, training programmes, assisted Living Homes for Autism Adults and new initiatives in the area of autism and preparation of a professional team to cater to the diversified needs of people with ASD.

An amount of ₹ 425.00 lakh is provided in the Budget 2026-27 for the above activities.

Training, Workshops, Research & New Initiatives

The involvement and support of general community is very much essential for mainstreaming of persons with disabilities. Innovative scheme for rehabilitating intellectually disabled children with different skills through public private partnership is also envisaged. The scheme provisions for meeting the expenses related to new initiatives in the area of specific disability assisted living project for adult person with disabilities jointly with LSGIs, trainings and workshops for stakeholders & Government/Non-Government agencies, research and rehabilitation, accessibility and geo mapping, promotion of talents among persons with disabilities, promotion of Arts and Sports persons with disabilities, knowledge upgradation programmes to professionals in SID and SJD.

An amount of ₹ 150.00 lakh is provided in the Budget 2026-27 for the above activities.

21. Issuing Disability Certificate-cum-Identity Cards to the Disabled Persons

(Outlay: ₹ 100.00 lakh)

The RPWD Act 2016 mandates provision of disability certificates to all. The UDID project has been included as a component of ANUYATHRA campaign. Fund under this project is required for implementation of UDID and other expenses.

An amount of ₹ 100.00 lakh is provided in the Budget 2026-27 for the above activities.

22. Programme for prevention, early screening, detection, prophylaxis and management of disabilities due to or leading to blood related disorders and chronic neurological disorders

(Outlay: ₹ 125.00 lakh)

Blood related disorders, such as Hemophilia, Sickle Cell Anemia and Thalessemia and chronic neurological disorders such as multiple sclerosis, parkinson's disease are included as disabilities in the Rights of Persons with Disabilities Act 2016. Ankylosing spondylitis is a condition which affects the spine and lead to neurological disorder. As per Disability Census Report 2015, 7168 persons are identified in the above categories. The activities under this programme include procurement of medicines through KMSCL and its supply to Nodal Centres of Ankylosing Spondylitis, Multiple Sclerosis Centres, training programmes to health care professionals in early identification & management and awareness programmes on the symptoms and indications of MS, blood disorders and chronic neurological disorders to the general public and social safety net for prevention of disability in persons with multiple sclerosis and chronic neurological disorders.

An amount of ₹ 125.00 lakh is provided in the Budget 2026-27 for the above activities.

23. Samashwasam

(Outlay: ₹ 600.00 lakh)

Samashwasam scheme is designed to provide financial assistance to 4 categories of patients undergoing treatment for the following diseases.

- Samashwasam I - Under this scheme, financial assistance @ ₹ 1100 per month is given to kidney patients belonging to BPL families, who are undergoing dialysis at least once in a month.
- Samashwasam II - Under this scheme, financial assistance @ ₹ 1000 per month is given to patients who have undergone kidney/liver transplantation surgery. The income ceiling is ₹ 1,00,000/-.
- Samashwasam III - Under this scheme, financial assistance @ ₹1000 per month is given to patients who are affected by hemophilia and related diseases. There is no income limit under this scheme.

An amount of ₹ 450.00 lakh is provided in the Budget 2026-27 for the above activities.

39. In service training to departmental officers under WCD

(Outlay: ₹ 100.00 lakh)

The staff of Women and Child Development Department requires specialized training so as to enable them to discharge their duties and responsibilities more efficiently and effectively. In-service training programmes have to be organized for different categories of staff, including Anganwadi functionaries. Newly recruited and promoted staff also require induction/orientation training in official procedures and are responsible in enforcing a number of social legislations and the rules thereof and also the operational guidelines and Standard Operating Procedures there under. There is also a need for capacity building of primary stakeholders other than department staff. To improve the skill, knowledge and attitude of functionaries, so as to discharge their duties and responsibilities effectively and efficiently, support of experts and skilled persons are required. The major components under this scheme are:

- Training programmes for officers through best institutions in the country.

- Designing training modules and integration of various training programmes of the Department.
- Training for all officers and other employees including school counselors and anganwadi training centre/ middle level training centre (AWTC /MLTC) instructors, creche staff, shelter home staff, staffs of Service Providing Centres & family counseling centres and other department stake holders.
- Develop managerial skills, organizational capacity, leadership & decision making ability, development planning and efficient implementation

An amount of ₹ 100.00 lakh is provided in the Budget 2026-27 for the above activities.

40. Development of Anganwadi as Community Resource Centre

(Outlay: ₹ 1200.00 lakh)

The scheme aims at holistic development of women and children through behavioral changes of the community and recognition of women as change agents and participants in development. For this, anganwadi centres will be developed as community resource centres through demand-led convergence of services, resources, infrastructure and human power. The activities proposed are the following

- Adolescent clubs
- Nutritional and non-nutritional support including vocational training to School dropout children above 14 years.
- To bring dropout children to school (below 14 years)
- Introducing pre-school education in the local tribal dialect in the anganwadis in the tribal areas
- Construction and up gradation of anganwadi centres
- Schemes for early detection of disabilities, growth faltering and nutritional deficiencies in children
- Nutritional clinics in all LSGDs
- Promoting adolescent health & nutrition, education of 8-12 years adolescent girls (pre pubertal age)
- Strengthen Pre-School education, preparation of materials for pre-school education in the local tribal dialect for the anganwadis in the tribal belt
- ECCE Activities like Kilikonchal, revision of ECCE curriculum
- Establishing AWCs for children with developmental delays and special needs
- Restructuring AWCs as early child care centre for caring 1-6 years children
- Pravesanolsavam in Anganwadis
- State Awards related to ICDS and Anganwadi Services
- Community kitchen in needy areas
- Social Audit
- Identity Cards for Anganwadi Workers and helpers
- To provide uniform to Anganwadi children
- To impart refresher training to Anganwadi functionaries and ICDS Supervisors

- Construction of baby friendly toilet in AWCs
- Additional assistance to the functioning of ICDS
- Anganwadi workers and Helpers SOP
- Expense for availing Medical fitness certificate for AW functionaries under Food safety Standard Act
- Development of age appropriate food materials, THRs etc. for children
- Developing appropriate programme, focusing on all six domains of development of children between six months to six years

An amount of ₹ 1200.00 lakh is provided in the Budget 2026-27 for the above activities.

41. Psycho-social Services to Adolescent Girls

(Outlay: ₹ 5100.00 lakh)

The programme was initiated in 163 selected schools under Kishori Sakthi Yojana Scheme in the year 2008-09. During 2009-10, this scheme came under the State plan and the scheme was renamed as Psycho Social Services. Now this scheme is operational in 1012 schools. A qualified woman counselor is engaged in selected schools for providing counseling and guidance to the adolescent students studying in the schools. The provision made is for meeting the honorarium and TA of the counselors for attending meetings and programmes, conduct of summer classes and parental education, training for counselors, infrastructure facilities, tele-counseling programme and such incidental expenses, providing ID cards and conducting monthly review meeting of school counselors. This will be extended to more schools this year.

An amount of ₹ 5100.00 lakh is provided in the Budget 2026-27 for the above activities.

42. Integrated Child Protection Scheme (40% State Share)

(Outlay: ₹ 1100.00 lakh)

The Integrated Child Protection Scheme is a programme for the realization of Government/State's responsibility for creating a system that will efficiently and effectively protect children based on the cardinal principles of "protection of child rights" and "best interest of the child". The scheme aims to build a protective environment for children in difficult circumstances and also for other vulnerable children, through partnership between Government and civil society.

Activities of ICPS are done through (1) State Child Protection Society (2) District Child Protection Unit (3) Child Welfare Committee (4) Juvenile Justice Board (5) Care Institutions for children as per JJ Act 2015 and (6) State Adoption Resource Agency. It is aimed at institutionalizing essential services and strengthens these structures, enhance capacity at various levels, create data base and knowledge base for child protection services and strengthen child protection at family and community level and to ensure appropriate inter sectoral response at all levels. It also envisages child protection data management system to formulate and implement effective intervention strategies and monitor their outcomes. All other components under ICPS guidelines and assistance to NGO Homes (Child Care Institutions) and activities envisaged under the scheme Mission Valsalya are also

included under this scheme. As per the norms of ICPS, the ratio for Central and State assistance will be 60:40.

An amount of ₹ 1100.00 lakh is provided in the Budget 2026-27 for the above activities as State Share.

43. Documentation and publicity including observance of national days and weeks under WCD

(Outlay: ₹ 150.00 lakh)

The Women and Child Development Department is the nodal department in implementing various schemes and social legislations of Union and State governments with respect to women and children. There is a lack of awareness among the general public about the various services rendered by the Department. Hence, it is important to create awareness among public about the services through print, audio, digital, social, visual and outdoor media. In addition to this, the department has been observing many days and weeks of importance. Expenses related to the anniversary of ICDS. For meeting the expenditure on developing IEC plan with professional support, to organize street plays and road shows for dissemination of rights-based acts and policies and for the dissemination of programmes and policies through visual, print and audio media.

An amount of ₹ 150.00 lakh is provided in the Budget 2026-27 for the above activities.

44. Gender Park

(Outlay: ₹ 900.00 lakh)

Gender Park was conceived by the Government of Kerala as a platform where State, academia and civil society unit for learning and doing research on gender equality. It also provides innovative and new interventions and directly supports the empowerment of women and promotes gender equality. The Gender Park would provide a space for all gender identities, including transgender, to overcome the socio-economic and political boundaries imposed by the society and to contribute to the economic, cultural and social aspects of the State and the Nation. Based on the sustainable development goals of the United Nations, an International Women's Trade Centre (iWTC) will be set up at the Kozhikode campus of the Gender Park. The iWTC will be a platform for women to safely start and expand enterprises and market their products globally. The Gender Park has planned the following activities in 2026-27.

- Construction/maintenance works of the first phase of Gender Park campus
- Heritage Museum expansion
- Centre for gender Jurisprudence
- Expansion of library and Documentation Centre
- Training and Capacity building

- Events for ensuring the diversity and creativity of women & transgender individuals.
- Developing Gender-sensitive Urban Planning Frame work
- Research and Development
- Project administration, Management and Monitoring

An amount of ₹ 900.00 lakh is provided in the Budget 2026-27 for the above activities.

45. Construction of Model Anganwadies

(Outlay: ₹ 0.01 lakh)

The Women and Child Development Department had accorded sanction for the construction of Anganwadi buildings from 2016-17 onwards, on various unit costs. Most of the Anganwadi Buildings were completed and few Anganwadi constructions are still continuing. The amount is provided for completing the works of Anganwadi buildings are in progress

An amount of ₹ 0.01 lakh is provided in the Budget 2026-27 for the above activities.

46. Construction of Model and Smart Anganwadi Buildings (Child friendly with modern amenities) with LSGD

(Outlay: ₹ 1250.00 lakh)

The New Education Policy 2020 envisages New Generation Anganwadis with better infrastructure and facilities for ECCE. This scheme is for constructing new Anganwadi buildings with baby friendly toilets, baby friendly paintings, compound wall, playground and other baby friendly features and to upgrade the existing Anganwadi centres to make them baby friendly. It is also intended to have smart Anganwadis (with modern and creative infrastructure), which would provide space for class rooms, outdoor, indoor play areas, kitchen, creative zone, dining area and wash room. Different types of plans were prepared for the anganwadies and these plans will be modified in accordance with the lay of the land identified for the anganwadi centres. The Department will provide a fixed amount for each building according to the plinth area of the building and the rest will be met by LSGIs concerned. Construction and maintenance of anganwadies and smart anganwadi buildings are included in the scheme.

An amount of ₹ 1250.00 lakh is provided in the Budget 2026-27 for the above activities.

47. Construction of Women and Children Homes (Nirbhaya Homes)

(Outlay: ₹ 150.00 lakh)

The Nirbhaya Cell has so far set up 14 women and children homes, three SOS model homes, two after care home, one mental health home, one integrated care home, one model home, one home for girls with special needs, and fourteen one stop centres in 14 districts of the State. Nirbhaya programmes envisage setting up of shelters for sexually abused children and women, where they will get life skill education to earn a living and an opportunity for employment. Construction of model homes for girls, ongoing and new building construction for homes under Nirbhaya cell, maintenance and upgradation of existing buildings and construction of OSCs are envisaged in the scheme**.**

An amount of ₹ 150.00 lakh is provided in the Budget 2026-27 for the above activities.

48. ICDS Training Programme (40% State Share)

(Outlay: ₹ 0.04 lakh)

The aim of ICDS training is to capacitate all the functionaries of ICDS as agents of social change. ICDS training is a national initiative for quality improvement of ICDS

functionaries and to achieve improvement in the quality of early childhood care and development. At present, one Middle Level Training Centre for training of ICDS supervisors and twelve numbers of Anganwadi Worker/Helper Training Centres are functioning under NGOs. Providing job induction and refresher training to the Anganwadi functionaries and ICDS supervisors are intended in this scheme.

An amount of ₹ 0.04 lakh is provided in the Budget 2026-27 for the scheme as 40% state share.

49. Pradhan Manthri Mathru Vandana Yojana (40% State Share)

(Outlay: ₹ 3000.00 lakh)

This is a centrally sponsored scheme for the pregnant women and lactating mothers. The scheme was launched with an objective of improving the health of women during maternity. They will be provided with cash incentive, as a partial compensation for the wage loss, so that the woman can take adequate rest before and after delivery of the child. The beneficiaries are entitled for cash benefit @ ₹ 5000, only for the first living child and for second child being girl child cash benefit @ ₹ 6000. It is proposed to give cash incentive to pregnant and lactating women as per GoI guidelines.

An amount of ₹ 3000.00 lakh is provided in the Budget 2026-27 for the above activities as 40% state share for the implementation of the scheme.

50. First 1000 Days Programme for Infants

(Outlay: ₹ 450.00 lakh)

The 1,000 days between a woman's pregnancy (270 days) and her child's 2nd birthday (730 days) are the most critical and crucial period of a child's life. During pregnancy, under-nutrition can have a devastating impact on the healthy growth and development of a child. Babies who are malnourished in the womb have high risk to death at infancy and are more likely to face lifelong cognitive and physical deficits and chronic health problems. It can weaken a child's immune system thereby becoming more susceptible to death from common illnesses such as pneumonia, diarrhea etc.

To ensure proper growth and development of the child during the first 1000 days, special efforts need to be focused on the health and wellbeing of the mother. Pre conception counseling, pre conception folic acid supplementation, proper nutrition, special therapeutic food during pregnancy and lactation, importance of breast feeding, immunization, introduction of appropriate complementary food at 6 months of age, Developing appropriate THR for pregnant & lactating mothers, children and appropriate programme focusing on all six domains of development of children between 6 months to 6 years are the strategies adopted under first 1000 days programme. As the project has been successful in reducing maternal mortality and infant mortality, department had scaled up the programme to more selected ICDS projects in coastal and hilly areas of the State. During 2026-27, it is proposed to scale up the programme to more ICDS projects, especially in coastal, tribal and hilly areas and study the efficacy of the scheme. Food fortification, approved by GoI, is a strategy for improving the nutritional status of children. In 2018-19, micro nutrient fortification of Amrutham nutrimix was scaled up to the whole state. This would be continued. Awareness creation, monitoring and evaluation of scheme, developing appropriate food material for

SAM/MAM/under weight children, setting up of special units for producing cookies, lactating cookies and other diversified supplementary nutrition products are also intended.

An amount of ₹ 450.00 lakh is provided in the Budget 2026-27 for the above activities.

51. Anganwadi construction in convergence with MGNREGA (40%State Share)

(Outlay: ₹ 0.72 lakh)

Government of India provides fund for the construction of Anganwadi buildings under the scheme, at the rate of ₹ 2.00 lakh per anganwadi in a sharing pattern of 60:40 by the Central and State Government.

An amount of ₹ 0.72 lakh is provided in the Budget 2026-27 for the above activities as 40% State share.

52. Training Programme to ICDS officials and functionaries in pre-school

(Outlay: ₹ 150.00 lakh)

Training of Anganawadi workers in the ECCE curriculum based themes and training of helpers to manage the anganwadi centres in the absence of workers are envisaged in the scheme. The activities proposed are induction training to AWWs, job orientation training to AWW, AWH and supervisors and refresher training. The scheme also envisages (1) capacity building of anganwadi workers as per the changing demands and requirements (2) training need analysis (3) module preparation (4) training of anganwadi functionaries (5) training of trainers and (6) Certificate courses related to women & child development for department staff and anganwadi workers from recognized institutions. The fund can also be utilized for bearing the course fee to enroll anganwadi workers and helpers for the certificate courses related to women and child development in recognized universities and institutions.

An amount of ₹ 150.00 lakh is provided in the Budget 2026-27 for the above activities.

53. Juvenile Justice Fund for implementing various child protection related activities

(Outlay: ₹ 25.00 lakh)

As per the rule (83) of Juvenile Justice model rules 'The State Government shall create a fund called the Juvenile Justice Fund for the welfare and rehabilitation of the children dealt with under the Act and the Rules'. This fund can be utilized for the various child protection related activities such as medical assistance to the inmates of various child care institutions, financial assistance to survivors of natural calamities, children who are survivors of sexual harassment and related mental torturing, children who are dependent on parents suffering from fatal illness/bedridden parents/intellectually disabled parents/HIV affected parents, children of economically backward parents, children having AIDS (HIV), children affected with epilepsy, cerebral palsy, autism, drug addicted children, children who are victims of trafficking, children who have no homes or shelter for habitation, street children, children who are engaged in child labour and also for those who are suffering from serious injuries due to accidents. There is also a provision for raising fund from the public towards Juvenile Justice Fund which would be mobilized through sponsorship. Department of Women and Child is the implementing agency of the scheme.

An amount of ₹ 25.00 lakh is provided in the Budget 2026-27 for the above activities.

54. Scheme for empowerment of Adolescent Girls (50% State Share)

(Outlay: ₹ 150.00 lakh)

The scheme (which replaces an earlier scheme called Sabala) aims at empowering adolescent girls along with improving their nutritional and health status and upgrading their life skills. This stage is intermediary between childhood and womanhood and it is the most eventful phase for mental, emotional and psychological well-being. The lifecycle approach for holistic child development remains unaddressed, if adolescent girls are excluded from developmental programme aimed at human resource development. SAG is a special intervention for adolescent girls and focuses on out - of - school adolescent girls in the age group of 14-18 years. Activities of the scheme include both nutritional and non-nutritional components.

- Enable the adolescent girls for self - development and empowerment
- Improve their nutrition and health status
- Promote awareness about health and hygiene
- Provision for fortified food for supplementary nutrition for adolescent girls
- Skill development training for girls from 14 to 18 age group

An amount of ₹ 150.00 lakh is provided in the Budget 2026-27 for the above activities.

55. Immediate Relief Fund for Survivors of Violence

(Outlay: ₹ 300.00 lakh)

To give interim relief to women and children who are survivors of sex crimes, acid attacks, gender based violence, domestic violence and other heinous crimes, amount need to be provided as immediate assistance to survivors. This amount will be released irrespective of the victim compensation fund or any other compensation given under legal provisions. The above categories are included as targeted beneficiaries.

An amount of ₹ 300.00 lakh is provided in the Budget 2026-27 for the above activities.

56. National Creche Scheme - Anganwadi cum creche scheme under PALNA- (40% State share)

(Outlay: ₹ 500.00 lakh)

A creche is a facility which enables parents to leave their children while they are at work and where children are provided a stimulating environment for their holistic development. The scheme envisages to provide group care to children, usually up to 6 years of age, who need care, guidance and supervision while they are away from their home during the day. The pattern of financial assistance for all components of this scheme is 60:40 amongst Centre and State governments. The National crèche scheme has been revised by GoI under Mission Shakthi and renamed as PALNA project. GoI has given approval to establish 504 anganwadi cum crèches and to convert all stand alone creches to anganwadi creches. The objective of the scheme is to provide day-care facilities for children (6 months to 6 years) of working mothers in the community, improve nutrition and health status of children, promote physical, cognitive, social and emotional development of children and educate, empower

parents /caregivers for better childcare and to ensure and enhance women work participation are envisaged under PALNA.

In addition to the above, while standalone creches are being phased out by 2024-25, funds will be provided to reimburse them for their operational period. This reimbursement is also included in the scheme.

An amount of ₹ 500.00 lakh is provided in the Budget 2026-27 for the above activities.

57. State Innovative Projects for children including ORC Our Responsibility to Children (ORC)

(Outlay: ₹ 1650.00 lakh)

The scheme intends to implement state specific innovative programmes in relation to child rights and also to implement JJ Act more efficiently. Our Responsibility to Children (ORC) is an integral project of ICPS. ORC is a school based partnership effort of different Government/Non-Government agencies such as Departments of Education, Health, Home, LSGD and civil society. It aims at better protection and development of children through enhancing life skills, nurturing strengths, addressing vulnerabilities, and promoting mentoring and good parenting. The project is currently going on in selected 1227 Government/ Government aided schools and all Government child care institutions across the State. The activities proposed are the following.

- Capacity development and intervention in the cases of children facing behavioural learning, emotional, social and other issues
- Smart 40 Life skill programme
- Smart 40 follow up camp in ORC schools
- Setting up of ORC and DRC in all districts
- Emergency psychiatric medicine support for children in DRC
- Honorarium for psychologists and psychiatrists for attending cases in DRC
- De-addiction treatments for children
- Innovative programmes, community-based interventions, special continuous intervention programmes for holistic development of children in marginalized society and tribal settlements and other campaigns and programmes
- IEC Activities
- Monitoring and evaluation programme
- Research and Study
- Scaling up of ORC project in all schools where school counselor is available and extending the activities of ORC to LP and UP section in schools
- Administrative expenses
- Smart 1 and follow up camps in CCI
- Children's fest
- Child centric disaster risk reduction-State level consultation, module development, training of trainers, capacity building of stake holders and children
- Physical and mental health recreational activities for children

An amount of ₹ 550.00 lakh is provided in the Budget 2026-27 for the above activities.

Kaval, Karuthal, Saranabalyam, Bhadram, Margajyothi

Kaval – Psychosocial care for children in conflict with law – The programme is to provide rehabilitation and reintegration of children in conflict with law in the state, with technical support from NIMHANS. The activities proposed are the following

- Home visit and psychosocial assessment

(Outlay: ₹50.00 lakh)

The State Government has announced a comprehensive rehabilitation package to assist those children who lost either or both parents due to Covid-19. The rehabilitation

package comprises of the following - (1) ₹ 3.00 lakh will be deposited in the name of the child (2) ₹ 2000 per month to each child till he/she turn 18 years of age (3) Any other emergency assistance required.

An amount of ₹ 50.00 lakh is provided in the Budget 2026-27 for the scheme.

65. Construction of children home in Idukki district

(Outlay: ₹ 300.00 lakh)

There is no child care institution for children in need of care and protection in Idukki district. Children in distress are sent to homes in nearby districts. Therefore, it is proposed to initiate activities for establishing a new Children's Home in Idukki district.

An amount of ₹ 300.00 lakh is provided in the Budget 2026-27 for the scheme.

66. Hub for empowerment of women (40% State Share)

(Outlay: ₹ 150.00 lakh)

The Empowerment of women is a long-term process requiring sustained interventions to be effective. Hub for Empowerment of Women aims to facilitate inter-sectoral convergence of schemes and programmes meant for women at the Central, the State and the District level with the mandate to create an environment in which women realize their full potential. The scheme is meant to address gaps in state action for women and for promoting inter departmental and inter-sectoral convergence through strengthening the processes that promote holistic empowerment of women by creating an environment conducive to social change by improving access and utilization of government schemes by women. This scheme is meant to take up activities envisaged in the Hub for empowerment of women CSS scheme and provide state share for that.

An amount of ₹ 150.00 lakh is provided in the Budget 2026-27 for the above activities.

67. Sakhi Nivas (40% State Share)

(Outlay: ₹ 300.00 lakh)

The Government of India being concerned about the difficulties faced by working women, introduced a scheme in 1972-73 for construction of new/expansion of existing buildings for providing hostel facilities to working women in cities, smaller towns and also in rural areas where employment opportunities for women exist. The scheme was revised in 2017. Based on the evaluation studies, the existing scheme has been revised to promote availability of safe and conveniently located accommodation for working women and other women pursuing higher education or training, who need to live away from their families due to professional commitments. This scheme is meant to take up activities envisaged in the Sakhi Nivas CSS scheme and provide state share for that.

An amount of ₹ 300.00 lakh is provided in the Budget 2026-27 for the above activities.

68. Construction of Baby Friendly toilets (40% State Share)

(Outlay: ₹ 0.40 lakh)

The scheme aims at the construction of baby friendly toilets in Anganwadi centres. The objective of the scheme is providing better infrastructural facilities to children and to inculcate healthy practices among the children and to encourage the habit of using toilets from younger age.

An amount of ₹ 0.40 lakh is provided in the Budget 2026-27 for the construction of baby friendly toilets in Anganwadi centres.

69. Govt-NGO Partnership in managing welfare institutions under WCD

(Outlay: ₹ 50.00 lakh)

The Women and Child Development Department runs and oversees a range of institutions that provide care for the children, women and girls who are survivors of domestic violence and sexual abuse, children in need of care and protection of law (CNCP), children in conflict with law (CCL) etc. Residents in these institutions often have multiple vulnerabilities. The governmental system had been rendering commendable services in this area. As Government managed care homes are not sufficient to meet the increasing demand for welfare institutions, Government aims at seamless integration and synergistic partnership between Government and civil society in facilitating services through NGO run care and protection institutions. The amount can be used to run homes through NGO or as grant to NGO homes under JJ Act. Public-Private Partnership is envisaged in the activities and in the management of institutions for the implementation of various Acts. Providing community based services to women and children in distress, research and documentation in relation to functioning of the institutions, grant in aid to NGOs that provide services to women and children under JJ Act, empanelling of NGO's and setting up of a new home for unwed mothers are envisaged in the scheme.

An amount of ₹ 50.00 lakh is provided in the Budget 2026-27 for the implementation of the scheme.

70. Providing Drinking water Facility in Anganwadi centres (40% State Share)

(Outlay: ₹ 0.40 lakh)

The scheme aims to provide safe and adequate water for drinking and cooking in anganwadi centres as part of providing better service to the beneficiaries of Anganwadi centres.

An amount of ₹ 0.40 lakh is provided in the Budget 2026-27 for providing drinking water facility in anganwadi centres.

71. Establishment of Creches in workplace as per Maternity benefit Act

(Outlay: ₹ 300.99 lakh)

In Kerala, especially in urban areas (Municipalities and Corporations), anganwadi centres are often clustered together. The area covered by the anganwadi centres is very limited and the beneficiaries are not very far from these anganwadi centres. Under these circumstances, it is proposed to club such anganwadi centres into the same anganwadi centre which will function from 7 am to 6 pm in shifts. The staff of these anganwadi centres will be absorbed into the clubbed anganwadi centre and can work on shift basis. Creches supported under National creche scheme can also be clubbed with anganwadies in this manner. The Anganwadi centres will then serve as a creche for children under three years of age, as pre-school for children aged 3 to 6 years and a safe place for adolescent girls after school hours who need a place of safety. Additional infrastructure will be provided for the running of the creche. Funds also have to be earmarked for nutritional needs of children in the creches. The main objective of the scheme is to provide group care to children up to 6 years of age who need care, guidance and supervision away from their home during day time. It is proposed to

start creches as per Maternity Benefit act with the support of LSGIs or by agencies or by Women and Child Development Department alone.

Activities include (1) administrative expenses for merging of anganwadi centres/ creches, (2) honorarium & allowances to National Creche Scheme workers and helpers and (3) expenses regarding re-shifting of non-functional creches, training for functionaries, meetings, workshops and incentives for worker and helpers of Anganwadi cum creches, establishment of Mobile creches, establishment of additional creches and pending payments related to mobile creche.

An amount of ₹ 300.99 lakh is provided in the Budget 2026-27 for the activities envisaged under the scheme.

72. Creation of Capital assets-Construction of CCIs including JJBs CWCs (40% State Share)

(Outlay: ₹ 0.04 lakh)

It is proposed to construct capital assets for Child Care Institutions (CCIs) and Juvenile Justice Boards (JJBs) and Child welfare Committees (CWC). CCIs are established for providing nurturing environment for the children who are orphans, abandoned or in need of care and protection. These institutions give a supportive space for children to grow, learn and develop focusing on their physical, emotional and educational needs. JJBs handle cases involving children in conflict with the law for providing rehabilitation. JJBs focus on reformation and reintegration of Child in conflict with law (CCL) into society by rehabilitation programmes, education, skill development activities. CWC is a statutory body acting as quasi-judicial authority which is responsible for district level decision making on care, protection and rehabilitation of children in need.

An amount of ₹ 0.04 lakh is provided in the Budget 2026-27 for the activities envisaged under the scheme as per GoI guidelines.

73. Sakthi Sadhan-(40% State Share)

(Outlay: ₹ 50.00 lakh)

Government of India has introduced the schemes viz, Swadhar Greh and Ujjawala Homes in 2016-17. These two schemes are clubbed together under the Sakhisadan scheme as per Mission Sakthi Guidelines issued by GoI on July 17th, 2022. Women victims above 18 years who are deserted without any social and economic support, survivors of natural disasters and survivors of domestic violence/marital dispute/having no means of subsistence, women prisoners released from jail without any support, trafficked women/girls rescued from brothels or other places where they face exploitation and women affected by HIV/AIDS having no socio economic support avails benefits under the scheme.

The scheme provides assistance such as rehabilitation, basic amenities/needs such as shelter, food, clothing, medical treatment, counseling, legal aid, guidance, vocation training and support to enable for readjustment with family/society, preventing trafficking through social mobilization and involvement of local communities, awareness creation programmes, conducting workshops/seminars/innovative activities for creating public discourse, facilitate rescue of women from place of exploitation and place them in safe custody and facilitate repatriation of cross border victims to their native country.

An amount of ₹ 50.00 lakh is provided in the Budget 2026-27 for the activities envisaged under the scheme as per GoI guidelines.

74. Non institutional Care Sponsorship/Sponsorship/Aftercare Sponsorship (40% State Share)

(Outlay: ₹ 50.00 lakh)

One of the guiding principles of the care and protection of children under Juvenile justice Act asserts that a child shall be placed in institutional care as a measure of last resort. The Juvenile justice (Care & Prevention of children) Act 2015 and the model Rules framed thereunder accord priority to non-institutional care in rehabilitation of children through sponsorship, foster care, adoption and after care in a family and community based alternatives for care.

An amount of ₹ 50.00 lakh is provided in the Budget 2026-27 for the scheme.

75. Swatchhta action Plan ICPS (40% State Share)

(Outlay: ₹ 9.00 lakh)

The main objective of the scheme, Swachhta Action Plan (SAP) is ensuring of personal hygiene among the children and staffs of Child Care Institutions. The Swatchhta Action Plan comes under Mission Valsalya scheme. Following activities are envisaged under SAP.

- Personal hygiene activities such as trimming nails, washing hands, cleaning of wardrobes
- Ensure proper cleaning
- Fumigation of premises, provision of clean drinking water and cleaning of water tanks
- Ensure regular supply of sanitizer, soap and running water in washrooms of the CCIs
- Orientation programmes on water, sanitation and hygiene
- Display swatcha message in website and through wall painting
- Art and craft activity of children using waste materials
- Adequate number of Child friendly and accessible toilets
- Develop Nutri kitchen gardens
- Conducting plantation drives in CCIs
- Group discussion on health, hygiene and cleanliness among children and staff of CCIs
- Discourage the use of plastic in office and avoid the use of Single use plastic
- Conduct Children committee inspections on cleanliness of rooms, toilets, food and clothing
- Use of waste materials to generate energy for cooking gas
- Organize webinars, workshops, film show, poem competition on health and sanitation, organize meetings for dissemination of information and use of social media for conducting awareness programmes

An amount of ₹ 9.00 lakh is provided in the Budget 2026-27 for the activities envisaged under the scheme as per GoI guidelines.

76. Insurance coverage for Anganwadi workers and helpers (Pradhan Manthri Jeevan Jyothi Bheema Yojana and Pradhan Manthri Suraksha Bhima Yojana) (40% State Share)

(Outlay: ₹ 120.00 lakh)

For giving insurance coverage to all Anganwadi workers and helpers, the Ministry of Women & Child Development has decided to include the Anganwadi workers and helpers in the insurance schemes such as Pradhan Manthri Jeevan Jyothi Bheema Yojana and Pradhan Manthri Suraksha Bhima Yojana to cover all anganwadi workers and helpers under the scheme. Life cover of ₹ 2.00 lakh is given to the beneficiaries under the scheme.

An amount of ₹ 120.00 lakh is provided in the Budget 2026-27 for the activities envisaged under the scheme as per GoI guidelines.

77. Swatchatha action Plan (40% State Share)

(Outlay: ₹ 0.40 lakh)

All departments are directed to earmark separate fund out of their regular budget for swatchatha related activities. An amount of ₹ 0.40 lakh is provided in the Budget 2026-27 for implementing swatchatha related activities.

78. Research and Development Wing in ICDS

(Outlay: ₹ 5.00 lakh)

There is a growing need for a dedicated Research and Development (R&D) wing to ensure its continued relevance and effectiveness. This R&D wing can play a pivotal role in Adapting to Evolving Needs, Monitoring and Evaluation, Capacity Building, Bridging Knowledge Gaps, Data-Driven Decision Making, Piloting Innovative Solutions and Community Engagement.

An amount of ₹ 5.00 lakh is provided in the Budget 2026-27 for the activities envisaged under the scheme

79. Special Assistance for Capital Investment – Construction of Working Women's Hostels (New Scheme)

(Outlay: ₹ 1.00 lakh)

The Scheme Special Assistance for capital investment – Construction of Working Women's Hostels in the state of Kerala was approved in 2024-25 by GOI. Under the scheme financial assistance has been provided to the State Government in the form of fifty year interest free loan.

An amount of ₹ 1.00 lakh is provided in the Budget 2026-27 as a token provision for the e activities envisaged under this scheme

Kerala State Women's Development Corporation

80. Kerala State Women's Development Corporation

(Outlay: ₹ 1910.00 lakh)

Kerala State Women's Development Corporation was established in 1988 with the objective of providing better opportunities to women for their empowerment and all-round development. Disbursement of self-employment loans, sourced from the National Finance Corporations is one of the primary functions of the corporation since its inception.

1. Self-employment loan programme of NMDFC, NBCFDC, NSTFDC, NSFDC, NSKFDC and other national agencies
2. Self-Employment loan programme for General Category
3. Entrepreneurship Development Programme/awareness camps/vocational training/ job fair etc.
4. Setting up and up gradation of working women's hostels.
5. Safe stay programme.
6. Survey, Reports and Documentation.
7. Menstrual hygiene and reproductive health awareness.
8. Integrated Skill Development Centre for Tribal Women in association with LSGIs and convergence with pooled fund of SC/ST departments. Ten per cent department share for projects take up from the pooled fund of SC/ST departments can be met from this scheme.
9. Project consultancy service
10. Women entrepreneurs and innovators expo 2025
11. Programme on finishing school for women including new training initiatives (REACH)
12. Advanced Skill Enhancement Programme for Nursing Students and aspirants of overseas jobs (ASEP)
13. Language Proficiency Enhancement Programme for BSC Nursing students
14. LEAD-Life skill and soft skill programme in Women Polytechnics
15. Women's Cell in colleges
16. 24/7 Women Information and Assistance Centre
17. Bodhyam-Gender sensitization training for police
18. Future women leaders grooming programme
19. Gender awareness programme

An amount of ₹ 1910.00 lakh is provided in the Budget 2026-27 for the above activities.

Kerala Women's Commission

81. Kerala Women's Commission

(Outlay: ₹ 535.00 lakh)

Kerala Women's Commission was established in 1996. The objective of the Commission is to improve the status of women in Kerala and to enquire into unfair practices against women and recommend remedial measures. The Commission as per Section 16 (iii) of the Kerala Women's Commission Act has to submit to Government an Annual Report on the lacunae, inadequacies or shortcomings in the laws in force which affect the constitutional right to equality and fair treatment of women and also on the remedial legislative measures to be taken. The following activities are proposed during 2026-27.

- Flagship programme on gender awareness
- Workshops/seminars/camps/ awareness
- Adalaths

- Publication of Sthree Sakthi Newsletter
- Training for members of Jagratha Samithi and award for best jagratha samithi
- Development of library

- Research/evaluation Studies
- Counseling, public hearing
- Strengthening/Modernization of the commission and regional offices (KKD, EKM)
- Petition &grievances redressal activities
- Digitization of records
- Revamping and upgradation of the vanitha software, website upgradation and security auditing
- Office shifting
- Purchase and upgradation of computers, laptops etc.
- Training to staff
- Special drive on mental health of women
- Approach towards implementing women protection laws
- Project management and monitoring

An amount of ₹ 535.00 lakh is provided in the Budget 2026-27 for the above activities.

Kerala State Commission for Protection of Child Rights

81. Kerala State Commission for Protection of Child Rights

(Outlay: ₹ 260.00 lakh)

Kerala State Commission for Protection of Child Rights started functioning from 3.6.2013, based on the provisions of the Commission for the Protection of Child Rights Act, 2005. The Commission has the mandate to examine and review the existing laws for the protection of child rights, to assess compliance with convention on the rights of the child, inquire into cases of violation of child rights and look into factors inhibiting the enjoyment of those rights and suggest remedial measures, undertake and promote research in the field of child rights, promote child's right to literacy, promote incorporation of child rights in the school curriculum etc. It also undertakes many other activities that help to promote child rights. These include holding samvadams with children, interaction with school counselors, experts and stakeholders in various emerging areas of concern like online safety, increasing drug addiction, mental health issues, lack of public spaces for children, issues of child safety, curbing child marriage, promotion of breast feeding, addressing the needs of special children etc.

Meeting the expenditure towards activities related to promotion of child rights, the RTE division, for carrying out the functions of the JJ monitoring cell, monitoring and implementation of the Protection of Children from Sexual Offences Act, 2012 and also for ongoing activities of the Commission are included in the scheme.

An amount of ₹ 260.00 lakh is provided in the Budget 2026-27 for the above activities.

High Court

82. High Court - Setting up of POCSO court (40% State Share)

(Outlay: ₹ 500.00 lakh)

Government of India had introduced this centrally sponsored scheme for setting up Fast Track Special Courts for the expeditious trial & disposal of cases of rape and cases registered under POCSO Act. The continuous functioning of the existing 55 and 1 new fast

Track special courts for the trail of POCSO cases are proposed during 2026-27. Activities include salary and wages, travelling expenses, office expenses, contingent expenses, rent and computer related expenses.

An amount of ₹ 500.00 lakh is provided in the Budget 2026-27 for the above activities as 40 % state share.

9.13 NUTRITION

1. Integrated Child Development Service (40% State Share)

(Outlay: ₹ 13800.00 lakh)

Integrated Child Development Services (Centrally Sponsored Scheme) is the largest major national programme that addresses the needs of children under the age of six years. The health and nutrition needs of the child cannot be addressed in isolation from those of the mother. Therefore the programme also targets pregnant women, nursing mothers and adolescent girls. The scheme seeks to provide an integrated package of services to the target group through the Anganwadi Centers as follows:

- Supplementary nutrition.
- Immunization
- Health check-up
- Referral Service
- Health and Nutrition Education
- Pre-school education

The ICDS Scheme is implemented through a vast network of 33,120 Anganwadi Centers. The administrative cost for implementing the programme, cost of medicine kit, weighing scales, pre-school education kit for AWCs, IEC activities, anganwadi contingency expenses, review meeting of the ICDS functionaries, all activities as per ICDS guidelines, uniform for AWW and AWH etc. are covered under the Head of Account. Upgradation of mini anganwadi centres to main anganwadi centre is also included.

An amount of ₹ 13800.00 lakh is provided as 40% State share for implementing the scheme during 2026-27.

2. State Nutritional and Diet Related Intervention Programmes

(Outlay: ₹ 100.00 lakh)

Nutrition and diet related interventions are essential for maintaining good health, preventing diseases and promoting wellbeing. These interventions can range from simple dietary adjustments to complex nutritional therapies and this forms vital role in individual health and public health initiatives. The activities proposed for the financial year 2026-27 are tribal nutritional programme, Nutritional Research Lab, Nutritional assessment, Ante natal nutrition care, Training and capacity Building Programme, IEC and BCC activities, Nutrition awareness activities, Observation of Important Days etc

An outlay of ₹ 100.00 lakh is provided in the Budget for the above activities during 2026-27.

3. National Nutrition Mission (POSHAN Abhiyaan) (40% State share)

(Outlay: ₹ 1500.00 lakh)

The scheme aims to improve the nutritional status of women and children using real time monitoring and coordination of various schemes by several departments related to nutrition. Government of India has launched the POSHAN Abhiyaan (National Nutrition Mission) on 8th March 2018, with the objectives to reduce stunting among children (0-6 years) by 6 per cent, reduce low birth weight by 6 per cent, reduce anaemia among children (6 months to 59 months) by 6 per cent, reduce anaemia among women & adolescent girls by 9 per cent and reduce under nutrition among children (0-6 years) by 6 per cent. Activities proposed under this scheme are community based events, HR Cost, innovation, IEC, data plan, ILA training, CAS training, Policy planning, and incentives.

An amount of ₹ 1500.00 lakh is provided in the budget 2026-27 for the scheme as 40% State share.

4. Supplementary Nutrition Programme (50% State Share)

(Outlay: ₹ 1.00 lakh)

Supplementary Nutrition Programme (SNP) is an important component of ICDS. Under the schematic pattern of ICDS, the States are responsible for providing Supplementary Nutrition as per the nutritional norms indicated below.

Beneficiaries	Calories (K cal)	Protein (gm)
Children (6-72 months)	500	12-15
Severely underweight children (6-72 months)	800	20-25
Pregnant women and Nursing mothers	600	18-20

Though the responsibility for providing supplementary nutrition lies with the States, from 2005-06 onwards, Government of India provide support to the state at the rate of 50% of the financial norms laid down for various categories of beneficiaries or 50% of the actual expenditure on supplementary nutrition whichever is less.

In Kerala, consequent on the devolution of powers to the local governments, the supervision and control of anganwadi centres and the responsibility for implementing the Supplementary Nutrition Programme have been fully transferred to the Local Self Government Institutions concerned. The Local Self Government Institutions are free to identify the recipe containing the prescribed nutritional and calorific value as per ICDS norms. Government have issued orders to treat expenditure on nutrition as mandatory item of expenditure of Local Self Government Institutions. Accordingly, the LSGIs are implementing the Supplementary Nutrition Programme through the 33120 anganwadi centres under the 258 ICDS projects functioning across the state. Since the LSGIs are implementing SNP, 50% of the expenditure i.e. the state share of SNP is met through LSG department. The other 50%, the central assistance, when received, needs to be reimbursed to the LSGs.

An amount of ₹ 1.00 lakh is provided in the budget 2026-27 for the scheme.

X. GENERAL ECONOMIC SERVICES

10.1 SECRETARIAT ECONOMIC SERVICES

1. STATE PLANNING BOARD

1. Strengthening of State Planning Machinery

(Outlay: ₹ 227.38 lakh)

The scheme is aimed at modernizing and strengthening of State Planning Board in tune with modern standards especially in the field of information technology and e-governance. In order to make state plan more participatory, the planning process is re-designed with IT enabled consultations with various stakeholders. An amount of ₹ 227.38 lakh is provided for the implementation of the following e-governance initiatives and strengthening of library for the year 2026-27.

Sl.No.	Components	Amount (₹ in lakh)
	A. e-Governance Initiatives	
1	Purchase of IT equipment (Computers/Laptops, Printer/Scanner, Tablet, I-pad, LCD projector, UPS & Battery, CCTV camera other equipment, software, Samridhi Hall IT expansion, upgradation of network system etc.	110.60
2	IT related accessories & facilities (toner/cartridge for printer cum photocopier, toner refill, AMC of Desktop, Printers, Network, UPS, & Website. Purchase of Anti- virus, Pen drive, Routers and Switches, SSD, Wi-Fi extender, Website security audit, Cabinet with SMPS, Power & networking accessories, Monitor, keyboard, mouse, Hard disk, modernization of internet, e-office support through NIC, WebEx for online meetings, USB cable, Laptop battery, Cabinet, repairing of net connection, Web camera, battery water, other equipment, KFONE payment	23.78
3	AMC and Maintenance of Air Conditioner, Franking Machine, Generator, EPABX, Incinerator etc	12.00
4	Purchase of new AC Units, Air Conditioner for the cabins of Joint Directors, Telephones, Net Setter, Franking Machine, Toner, other electrical items and 4G Data Card monthly bill payment.	30.00
5	Modernization, renovation and minor works of State Planning Board	25.00
	Total A	**201.38**

	B. Strengthening of SPB Library	
6	Purchase of Journals/Books/Newspapers/ e-book	5.00
7	Subscription of online data base/online journals/Institutional Membership	14.00
8	Appointment of trainees/temporary staff on contract basis for modernization & digitalization of documents and to provide digital reference services and electronic information service, management of e- Resources & KOHA software updation	5.00
9	Purchase of furniture & equipment, document scanner- Storage racks colour printer /scanner & Display rack/ Stand	2.00
	Total B	26.00
	Total (A+B)	**227.38**

2. Strengthening of District Planning Machinery

(Outlay: ₹ 1339.87 lakh)

The district planning machinery in the State has to be strengthened with the advent of the second phase of Decentralization and to tap the potential avenues of information technology and e-Governance. The objective of scheme is to provide sufficient infrastructure facilities to all District Planning Offices/ DPC buildings in the State. It is targeted to complete the construction of DPC building in all districts during 2026-27. An outlay of ₹ 1339.87 lakh is provided for the year 2026-27 to implement the following components.

Sl. No.	Component	Amount (₹ in lakh)
1	Construction of DPC Secretariat Building-completion, furnishing, Renovation and Maintenance of DPC Secretariat Building and related Systems & Equipment, charges for KSEB, KWA, Fire, Electrical Inspectorate etc.	1000.00
2	Procurement, Maintenance & AMC Charges of Computers, UPS, Printers, Photocopier machines, Generators, IT accessories for Video Conferencing and other equipment for better utilization of Information Technology and other infrastructural facilities	30.00
3	Rolling out & upgradation of e-office, E-governance supporting systems & online meeting platform in District Planning Offices and setting up of website for DPC	2.00
4	Updating of District Plans (expenses for meetings, seminar (state /district level), workshops, publishing and printing, data collection, data entry works, stationery	42.00

Sl. No.	Component	Amount (₹ in lakh)
5	Consultancy for situational analysis, project formulation and DPR preparation, man power support for sectoral status analysis, formation of District Data supporting & Collecting System and District Data Base, Spatial planning/GIS expert supporting and financial management supporting system, NGO's supporting system for Local Planning, supporting system for conversion of innovative ideas into detailed projects, Internship on Mission mode projects, Digital archives for best practices and model projects, setting up of Libraries in District planning Offices, preparation of District Economic review/ District Development Report and other reports at the district level	25.00
6	Purchase of Vehicles	63.00
7	Hiring of an additional vehicle for each District Planning Office for the purpose of monitoring of MPLADS and other development schemes & its maintenance	20.00
8	TA and Honorarium of DPC members, sitting fee to members for various committees at district level and arrears	54.30
9	Functioning of District Resource Centres and its co-ordination at state level	13.00
10	Capacity building programmes, training and exposure visits (including national and international) for the officers in connection with decentralization and its related areas	5.00

12	Expenses for conducting various meetings including District Level Committee for SCST , PMJVK, DLC review and other meetings	14.00
13	TA to DDC members(MLAs) and POL charges	10.83
14	Institutional strengthening of the DPC – Sensitization and training to DPC Members and Standing Committee Chairpersons. Exposure visits for the Officers and DPC Members to study Decentralised Governance and success models across the country. Development of an official website for the District Planning Committees.	40.00
15	Award for local bodies- best practices, best performance in plan implementation.	15.74
	Total	1339.87

3. Preparation of Plans and Conduct of Surveys and Studies

(Outlay: ₹ 915.00 lakh)

The objective of the scheme is to conduct surveys & studies, maintenance of PLANSPACE, capacity building of officials of SPB and preparation of various Plans. An outlay of ₹ 915.00 lakh is provided for the year 2026-27 to implement the following components.

Sl.No	Component	Amount (₹ in lakh)
1	PLANSPACE is a web-based integrated information system to enable the Government in the process of planning, monitoring and evaluating all plan schemes implemented across all departments in the State. It is a G2G e-governance system which captures the progress of plan schemes and their components in financial and physical terms. The system is capable of generating reports for multi-level monitoring, evaluation and serves as a vital tool of Management Information System (MIS).The PLANSPACE project was developed with the technical support of Kerala University of Digital Sciences, Innovation and Technology. In 2022 PLANSPACE 2.0 has been rolled out to the district and local body level including the mapping of beneficiary. Implementation of all the Plan schemes at grass root level as being tracked through this system and provides a single window MIS for the entire state.	325.00
	E-Governance and Plan Monitoring initiatives Technology, Development and Maintenance The financial allocation covers essential operational and development costs consistent with previous years' expenditures. These funds are designated for human resource costs associated with software development and maintenance, as well as human resource costs of State cell to provide technical support to users at both the district and state levels. Additionally, the outlay supports to fill in the post of the Project Officer on deputation to oversee the management and development of the portal, ensuring effective monitoring at higher levels of government. The outlay is also earmarked for making committed arrear payments to the Digital University and the C-DIT, entering into Annual Maintenance Contracts and funding the creation of new software versions and modules.	

Sl.No	Component	Amount (₹ in lakh)
2	**Support to PLANSPACE State Cell** This amount is earmarked for the functions of the Planspace State Cell like conducting trainings, workshops, seminars, publications, engaging apprentices and provision of necessary infrastructure facilities for state-wide review and monitoring of Planspace portal.	15.00
3	**State/District level users training** Conducting of multi-level training for users at State/district level/local body level. The cost includes training kit, preparation of training materials, stationery, tea/snacks, venue arrangement, honorarium of faculties, travel expenses etc.	15.00
4	**Server for Data Storage** Enormous increase of variety reports for MIS at various governance levels and resultant increase in data size has necessitated improved storage capacity. Standalone server / Cloud-based highly scalable hosting infrastructure is essential for the running of PLANSPACE 2.0. Procurement of Standalone/ cloud based server by State Planning Board /through Govt. approved agencies for this purpose and meeting arrear payments for cloud services rendered in previous years also included in the outlay.	90.00
5	Developing of web enabled and pre-press Economic Review	10.00
6	**Professional advisory support system for Divisions in State Planning Board and District Planning Offices** Cost of hiring service of qualified and experienced professionals needed for Divisions in State Planning Board and District Planning Offices as and when required.	20.00
7	**Conducting lecture series of national and international eminent persons** The lecture series aims to act as a catalyst for knowledge exchange, evidence-based policy development, and collaborative problem-solving. It aspires to promote informed public discussion and provide valuable inputs for Kerala's planning and policy formulation processes	70.00
8	Surveys & Studies, Seminars/Workshops conducted by State Planning Board	231.00

Sl.No	Component	Amount (₹ in lakh)
9	Conduct of training programmes for the officials of SPB through national and international institutions in the country and outside.	85.90
10	Students Internship scheme for PhD & PG students from reputed Universities/Institutions on specific areas pertinent to the development of the economy	8.10

8	Purchase and installation of hydraulic/Capsule Lift for Library and Hostel block in the Academy	
9	Acoustic work at Training halls in the Kerala Judicial Academy	
10	Maintenance of faculty apartments in the Kerala Judicial Academy	
11	Renovation of toilets in the hostel block in the Kerala Judicial Academy	
12	Conversion of the existing badminton court to indoor badminton court in the Kerala Judicial Academy	
13	Construction of park and extension of garden in the Kerala Judicial Academy campus	
14	Installation of CCTV for the Kerala Judicial Academy	
15	Construction of hostel reception and beautification of inner courtyard in the hostel of Kerala Judicial Academy	
16	Construction of temporary shed for store at Kerala Judicial Academy Campus	
17	Judgment Studio in the Library of the Kerala Judicial Academy	
18	Document Studio in the Library of the Kerala Judicial Academy	
19	Digital Board in the Library of the Kerala Judicial Academy	
20	Construction/setting up of a separate air-conditioned space/cabin for the functioning of New 'Research Wing' at the Kerala Judicial Academy	
21	Construction/ setting up of 'visiting area' in the Kerala Judicial Academy	

Sl. No.	Component	Amount (₹ in lakh)
22	Setting up of Solar Plant in the Kerala Judicial Academy campus	
23	Maintenance of the godown of M/s KAMCO at Athani for shifting of records of the High Court	
24	Remuneration of 12 Data entry operators in High Court for e-Sewa Kendra	
25	Software Procurement / Renewal of existing licenses in High Court	
26	Installation of Wi-Fi Access Points in the High Court	
27	Installation of additional LAN Points in the High Court	
28	Remuneration of Network Support Team in the High Court	
29	Procurement of ICT equipments for implementation of 7 Paperless /Online Courts in District Judiciary	
30	Procurement of ICT equipments for implementation of 14 Digital District Courts in District Judiciary	
31	Scanning, Digitization and Digital Preservation of Case Records of the Courts in District Judiciary	
32	Digital Signature Solution for Courts in District Judiciary	
33	Software Procurement for AI-Assisted Legal Translation in High Court	
34	Financial Assistance for Translation of Supreme Court Judgments	
35	Purchase and installation of Computers and Peripherals for all courts in District Judiciary	
36	Digital Signage Solution in the High Court	
37	Technology Modernization of various Conference Halls and Auditorium in High Court	
38	Setting up Artificial Intelligence (AI) practices for High Court of Kerala and setting up a Centre of Excellence on Judicial Intelligence, by the Digital University, Kerala	
39	Redesigning of Office space of the Sections into Cubicles / Workstations	
40	Purchase of furniture and furnishings for the High Court	
41	Construction of Model Digital Court room in the High Court	
	Total	**1728.00**

3. E-governance in the High Court and subordinate Courts (Modernisation of courts including setting up of Model Courts)

(Outlay: ₹ 361.00 lakh)

The scheme is intended for making the High Court a paperless office. Digitisation of Judicial and administrative records is a huge step towards this achievement and utilisation of Information and Communication Technology (ICT) at all level of the Judiciary provides services to the citizens and communication and exchange of information between different Courts in a speedy, convenient, efficient and transparent manner. An amount of ₹ 361.00 lakh is provided in the budget for the year 2026-27 for the following components.

Sl. No.	Component	Amount (₹ in lakh)
1	Scanning, Digitization and Digital Preservation of Case Records of the High Court	361.00
2	Remuneration of 2 AI/ML Engineer and 1 Database Administrator	
3	Remuneration of 6 nos. of senior Programmers on contract basis	
4	Remuneration for 15 nos. of Apprentice Trainees for Software Development	
5	Additional infrastructural facilities for the IT training hall in the High Court & Provision for Training, Capacity Building, Change Management, Awareness and Communication of all stakeholders	
6	Purchase and Installation of modern equipments and other ICT hardware including desktops and laptops in the High Court	
7	High Court Server room	
8	Remuneration of Senior Software Developer for the maintenance and implementation of Learning Management System (LMS) in the Kerala Judicial Academy	
	Total	**361.00**

<u>New Scheme</u>

4. Creation of Judicial Infrastructure (MIDP)

(Outlay: ₹ 1.00 lakh)

The scheme is intended for the construction/maintenance of the official residence-cum-office for the Honourable Judges and quarters for the staff and security personnel, to renovate and repurpose Ram Mohan Palace as a functional Guest House for official and judicial use and to strengthen the Kerala Judicial Academy by; 1) Building an auditorium-cum-hostel block for training, seminars, and accommodation, 2) Upgrading the campus to be disabled-friendly by installing ramps and lifts, and 3) Creating a Mock Court Room for practical training of judicial officers and law students, construction of steel structure for storage of records of the High Court etc. An amount of ₹ 1.00 lakh is earmarked as a

token provision in the budget for the scheme and need based requirement could be met from the provision of MIDP for the year 2026-27.

Sl. No.	Component	Amount (₹ in lakh)
1	Construction of Judges' official residence-cum-office and quarters for the staff and security personnel	1.00
2	Renovation of Ram Mohan Palace for converting it as a Guest House	
3	Construction of steel structure for storage of records of the High Court	
4	Construction of an auditorium cum hostel block for the Kerala Judicial Academy	
5	Upgrading the campus of the Kerala Judicial Academy to disabled friendly campus by constructing ramps and installation of lift	
6	Construction/setting up of 'Mock Court Room' in the Kerala Judicial Academy	
7	Maintenance works to the residences occupied by the Directors of the Kerala Judicial Academy Campus	
	Total	**1.00**

15. PROSECUTION

1. Modernization of Prosecution Department

(Outlay: ₹ 464.00 lakh)

The scheme is aimed at the modernisation of the Prosecution Department including Construction of Building for Directorate of Prosecution. An amount of ₹ 464.00 lakh is provided in the budget for the year 2026-27 for the following components.

Sl. No.	Component	Amount (₹ in lakh)
1	Construction of building for Directorate of Prosecution	464.00
2	Renewal of Internet connection to DDPs/APPs	
3	Rent a car to the office of DDPs	
4	Subscription of Law Journals	
5	Implementation of E-Office System	
6	Training Programme for DDPs and APPs and their office staff	
7	Purchase/Maintenance of electronic and electrical devices in the offices of DDPs and APPs	
8	Purchase of furniture and office equipment in the offices of DDPs and APPs

The setting of a project management unit is pivotal for this support and maintenance pertaining to GAINPF 2.0. In 2026-27 an amount of ₹ 10.00 lakh is provided for the following components.

Sl.No.	Component	Amount (₹ in lakh)
1	Man power cost and training	10.00
	Total	**10.00**

4. Strengthening of IT software Division of Finance Department

(Outlay: ₹ 100.00 lakh)

IT Software Division is a nodal center for e-governance activities of Finance Department. The major applications developed and maintained by IT software Divisions are SCORE, GSCORE, PRISM, GPRISM, MEDISEP, MEDISEP CARE, FIMS, e-FUNDS, FAMS, VEELSSEATS etc. In 2026-27 an amount of ₹ 100.00 lakh is provided for the following components for institutional and human resource support of IT software Division of Finance Department.

Sl.No.	Component	Amount (₹ in lakh)
	A. Infrastructure Components	
1	Up gradation of EPABX	50.00
2	Digitization of Records and upgrading the database	
3	Digitization of pension records at Accountant General's Office	
4	Security Audit of applications	
5	Installation of Air Conditioners at IT Software Division	
6	Contingency and unforeseen expenses	
	Sub Total (A)	**50.00**
	B. Human resource Support	
7	Senior Programmer with more than 8 years' experience (Full stack Developer) gradation of EPABX	50.00
8	Senior Programmer with more than 4 years' experience (Full stack Developer)	
9	Programmer with 1-3 years' experience	
10	Junior Programmer(Technical Support Staff)	
11	Quality Analyst (Technical Support Staff)	
12	Technical Support Staff (Senior)with more than 3 years' experience	
13	Technical Support Staff (Junior)with less than 3 years' experience	
14	Data Entry Operators Daily wage basis/contract basis	
	Sub Total (B)	**50.00**
	Grand Total (A+B)	**100.00**

5. Strengthening of Budget wing of Finance Department

(Outlay: ₹ 50.00 lakh)

Financial Budget Wing administered the applications, Budget 3.0, BMS, E-ledger, E-anumathi, Kerala Web Portal, BDS, EMLI, Budget Mobile App etc. These applications has to be upgraded for the latest version and to be made compatible for the latest innovative technology. For this infrastructure facility and Manpower support is required. In 2026-27 an amount of ₹ 50.00 lakh is provided for the following components.

Sl.No.	Component	Amount (₹ in lakh)
	A. Infra-Structure Development	
1	Purchase of two new servers with client computers for replacement of existing servers	15.00
2	AMC (charges)	
3	Security Audit	
4	Upgradation of client systems in Budget wing	
	Sub Total (A)	**15.00**
	B. Man power support	
4	Expense pertaining to NICSI for maintenance support of applications	35.00
5	Expense pertaining to NICSI towards the remuneration of data base administrator and system administrator	
6	Expense pertaining to the programmers	
7	Revamping of the Budget Monitoring System Application (BMS) and Hire charges of Technical persons appointed through NICSI	
	Sub Total (B)	**35.00**
	Grand Total (A+B)	**50.00**

6. Infrastructure support for the Centre for Training in Financial Management (CTFM)

(Outlay: ₹ 115.00 lakh)

CTFM is situated in the building owned by Finance Department inside Kerala University senate campus. This institute presently provide training in budgeting, internal auditing, IT initiative such as SPARK, BIMS, BAMS, WAMS etc. Institute aims at enhancement of training programmes. In 2026-27 an amount of ₹ 115.00 lakh is provided for the following components.

Sl.No.	Component	Amount (₹ in lakh)
1	Infrastructure	115.00
2	Academic Collaborations	
3	Al driven knowledge aggregation and dissemination System	
4	Revamping of Courses	
	Total	**115.00**

New Scheme

7. Database for National Pension System (NPS)

(Outlay: ₹50.00 lakh)

This proposal outlines the technical and financial requirements for implementing a comprehensive solution designed to enhance efficiency, transparency and operational accuracy of the National Pension System (NPS). The proposed software aims to streamline departmental workflows, enable digital record management, improve service delivery and ensure compliance with government standards for data protection and auditing. The objectives of the scheme are replacement of manual operation with automated workflows, reduce processing time and eliminate redundancy, enable real time tracking of applications, record and approvals etc. In 2026-27 an amount of ₹ 50.00 lakh is provided for the following components.

Sl.No.	Component	Amount (₹ in lakh)
1	Software development and deployment	50.00
2	Training	
3	Annual maintenance (AMC year 1)	
	Total	**50.00**

19. GIFT

1. Gulati Institute of Finance and Taxation

(Outlay: ₹ 650.00 lakh)

Gulati Institute of Finance and Taxation (GIFT) is an autonomous institution formed in 1992. 	Total	**6200.00**

3. Computerisation of Revenue Department

(Outlay: ₹ 2650.00 lakh)

Computerization of Revenue Department is key for the speedy and effective delivery of quality services thereby ensuring transparency in revenue administration. Manipulation of sensitive data can be controlled to a great extent by adopting strict logical protocols. The development of a Web Portal encompassing all revenue services and payments under a single umbrella - the revenue portal - with a single login facility is of prime importance. As part of modernization, Revenue Department is to utilize information technology for better delivery of citizen services in a faster, efficient and transparent manner. Hence an amount of ₹ 2650.00 lakh is provided in the budget for the year 2026-27 for the components as given below.

Sl. No.	Component	Amount (₹ in lakh)
1	Digitization of Land Records (Data Digitization, Scanning & Document Management)	2650.00
2	Software Development & Application Support	
3	Project Implementation Facilitation	
4	Infrastructure Creation/Maintenance/Upgradation	
5	Kerala Land Authority	
6	Contingency & Unforeseen Expenses	
	Total	**2650.00**

4. Disaster Resilience and Disaster Management (Establishment of District/Taluk EOC's)

(Outlay: ₹ 300.00 lakh)

There are 14 District Emergency Operations centers (one in each district) and 78 Taluk Emergency Operation Centers (one in each Taluk) working 24x7 under Kerala State Disaster Management Authority. TEOCs need infrastructure support for effective operations. Setting up of small Video Conference halls, hiring of a vehicle for State Control Room, capacity building for employees, imprest fund for meeting out emergency disaster related needs at the disposal of the District Collector etc. are the major components of the scheme. An amount of ₹300.00 lakh is provided in the budget for the year 2026-27.

Sl. No.	Component	Amount (₹in lakh)
1	Imprest Fund for District Collectors	300.00
2	Repair & Maintenance of TEOC's	
3	Construction & Maintenance of Building for TEOCs	
4	Vehicle Hiring on rent basis at State Disaster Management Control in Land Revenue Commissionerate	
5	Small VC Hall at TEOCs, Electrical & Electronic Gadgets, TV, Smart Phone, Digital Display System etc. in TEOCs	
6	Fire Extinguisher at TEOCs	
7	Preparation & Printing of IEC materials & purchase of stationery for DDMA/DEOC	
8	Purchase of Computer, printer, Photocopier emergency lamp etc. for DEOC/DDMA	
9	Invertor for DEOC/TEOC	
10	Capacity building of Staff by conducting various trainings, seminars, workshop etc. & expenses for attending training at State/National level Institutions	
	Total	**300.00**

5. Revolving fund for Restoration of paddy land

(Outlay: ₹ 100.00 lakh)

Kerala Conservation of Paddy land and Wet land Act 2008 has been enacted to protect paddy land and wet land and to prevent illegal reclamation or conversion of paddy land and wet land to promote growth in the agricultural sector and to sustain the ecological system, in the State of Kerala. The paddy fields throughout Kerala are facing severe threats as they are being converted for cash crop plantation or non-agricultural use. The ecological system loses its quality irrecoverably forever and hence paddy cultivation is to be preserved and promoted at any cost. As per section 13 of Kerala Conservation of Paddy land and Wet land Act 2008, District Collector may take action to restore original position of any paddy land or wet land reclaimed violating the provisions of this Act , and realize the cost incurred in this regard from the holder or occupier of (the said paddy land or wetland) as the case may be, so reclaimed after giving him a reasonable opportunity of being heard and where the decision is to restore original position of paddy land or wetland. The District Collector may take any action in such a manner, as may be prescribed, to dispose clay, sand, earth etc. removed from the paddy land or wet land or any brick or tile made of all or any of them in the process of such restoration and cause to remit the sums collected to the Agriculture production Fund. In 2026-27 an amount of ₹100.00 lakh is provided as revolving fund for the scheme.

2	Construction of new building for the Assistant Director office, Thrissur, Palakkad, Kasaragod	
3	Providing proper infrastructure facilities for the new floor constructed at the Survey Directorate including the Control Center for ILIMS	
4	State ILIMS office Renovation	
5	Renovation of Record Room in CSO Compound	
	Total	**650.00**

24. PLANNING & ECONOMIC AFFAIRS ADMINISTRATIVE DEPARTMENT

1. Major Infrastructure Development Projects (MIDP)

(Outlay: ₹ 38564.00 lakh)

A lump sum amount is provided for all major infrastructure development projects. This is to avoid lapse of funds at the end of the financial year by providing funds separately for each scheme under different heads of development, which was the practice in vogue. The past experience reveals that there are several bottlenecks in the timely utilization of funds provided under major infrastructural development projects. In such circumstances, the funds thus provided are either lapsed or utilized for other schemes by

re-appropriation. In order to avoid such a situation a lump sum amount is provided under a single head with flexibility to utilize against any of the intended scheme depending on its requirement and performance.

An outlay of ₹ 38564.00 lakh is provided for the year 2026-27 to facilitate the smooth and timely implementation of the following 11 major infrastructure development projects.

Sl. No.	Name of Project	Name of Sector/Sub Sector
1	Vizhinjam deep water International Transhipment Terminal (VISL).	Transport and Communications/Ports, Light Houses and Shipping Transport Services
2	Metro Rail System in Kochi	Transport and Communications/Other Transport Services
3	Kannur Air Port – Development of Infrastructure facilities	Transport and Communications/Other Transport Services
4	Annuity Scheme on 35th National Games	Social and Community Services/ Sports and Youth Affairs
5	Integrated Water Transport System-Kochi	Other Transport Services
6	Performance Based Infrastructural Development (Infrastructure Development of Trivandrum Engineering Science and Technology (Trest) Research Park)	Higher Education
7	Public University Campus Construction and Development (New Campus and infrastructure facilities for Malayalam University, Setting Up of Infrastructural Facilities and New Campus for Technological University and New Campus and Infrastructural facilities for Sree Narayana Guru Open University)	Higher Education
8	Kerala Rail Development Corporation (Project under Joint Venture company)	Other Transport Services
9	NH Bye Passes- Kollam and Alappuzha (Cost sharing basis with GoI)	Transport and Communications/ roads and Bridges
10	Angamali – Erumeli Sabari Railway Line	Other Transport Services
11	**Creation of Judicial Infrastructure**	**High Court of Kerala**

In the case of above mentioned 11 schemes a token provision of ₹ 1.00 lakh each is provided in the respective sectors with detailed write-up. Funds for these projects will be released from the lump sum provision according to the progress and actual requirements. The lump sum provision will be controlled and operated by the Principal Secretary,

Planning & Economic Affairs Department. Finance Department will release funds based on the recommendation of Planning & Economic Affairs Department and State Planning Board. In accordance with the release of funds, Finance Department will make necessary debit/credit adjustments in the accounts and later regularize these adjustments through Supplementary Demand for Grants.

The provisions under this scheme can be used for preparing Detailed Project Reports for availing project funding from Union Government schemes like scheme for Special Assistance for capital expenditure, also availing project financing from NABARD and Central PSUs. The high powered committee for MIDP shall scrutinise the demand from departments concerned to prepare DPRs in advance and permits such proposals based on the priority of the State and merit of the project idea. DPR preparation not permitted by the committee in advance will not be admitted for payment from this scheme.

25. VISION VARKALA INFRASTRUCTURE DEVELOPMENT CORPORATION LTD (VIVID)

1. Comprehensive Infrastructure Development of Varkala

The scheme is to be implemented as per Government of India guidelines under Assistance to States for Control of Animal Diseases (ASCAD) and Establishment and Strengthening of Veterinary Hospitals and Dispensaries–Mobile Veterinary Units (ESVHVD-MVU).

An amount of ₹ 525.00 lakh is proposed to meet 60% Central share of the CSS in the Annual Plan 2026-27.

3. National Livestock Mission (60% Central Share)

(Outlay: ₹ 600.00 lakh)

The scheme was introduced in the State with an aim to build up infrastructure of farms with focus on biosecurity, infusion of high end technology and automation, for demonstration of technology and skill development, to strengthen the rural backyard poultry and to promote fodder production etc. The funding pattern of the scheme is in the ratio 60:40 (Central: State).

The outlay proposed is for the modernization and development of breeding infrastructure, interventions towards productivity enhancement, risk management and insurance, conservation of livestock breeds, skill development, technology transfer and extension, utilization of fallen animals and establishment of rural slaughter houses, fodder and feed development etc.

An amount of ₹ 600.00 lakh is proposed to meet 60% Central share of the CSS in the Annual Plan 2026-27.

1.5 FISHERIES

1. Pradhan Mantri Matsya Sampada Yojana (PMMSY) - Integrated Development and Management of Fisheries (60% Central Share)

(Outlay: ₹ 1200.00 lakh)

The Scheme Blue Revolution is replaced by Pradhan Mantri Matsya Sampada Yojana (PMMSY) during the year 2020-21 onwards for five years and is designed to address critical gaps in fish production and productivity, quality, technology, post-harvest infrastructure and management, modernisation and strengthening of value chain, traceability, establishing a robust fisheries management framework and fishers welfare.

The centrally sponsored scheme component is further segregated into Non-beneficiary oriented - Beneficiary orientated subcomponents/activities - under the following three categories.

- Enhancement of production and productivity
- Infrastructure and post-harvest activities
- Fisheries management and regulatory framework

The scheme envisages the integrated development and management of fisheries sector. An amount of ₹ 1200.00 lakh is provided for the anticipated central assistance for undertaking various schemes under PMMSY during 2026-27, by channelizing share from Government of India. The components include development of marine fisheries, replacement of fishing crafts, development of inland fisheries and aquaculture, retail fish market, value addition, post-harvest operation, national scheme for welfare of fishermen, training programme, integrated aqua park, strengthening of data base and GIS administrative cost.

2. PMMSY - Development of Marine Fisheries, Infrastructure and post-harvest operations (60% Central Share)

(Outlay: ₹ 1500.00 lakh)

It is expected that the works pertaining to various fisheries infrastructure projects including the modernization and up-gradation of the existing fishing harbours and fish landing centres is proposed under the umbrella scheme. The projects proposed under the scheme are:

- Expansion of Kasaragod Fishing Harbour
- Expansion of Muthalapozhy Fishing Harbour
- Upgradation and modernisation of fishing harbours at Ponnani, Puthiyappa and Koyilandi
- Maintenance dredging of fishing harbours at Alappad Azheekal, Chettuva, Ponnani and Beypore
- Expansion of Thottappally fishing harbour
- Construction of Ajanur Fishing Harbour
- Maintenance dredging of fishing harbours at Tanur, Cheruvathur, Chombal and Thalai.

An amount of ₹ 1500.00 lakh is provided for the anticipated central assistance for the scheme in the Budget 2026-27.

1.6 FORESTRY & WILDLIFE

Following schemes which form part of the National Development Agenda are categorized as "Core schemes". The funding of these schemes will be shared in the ratio 60:40 between the Centre and the State (Scheme Minimum Support Price for Minor Forest Produce is in the ratio of 75:25). Integrated Development of Wild life Habitats, National Mission for a Green India and Conservation of Natural Resources and Ecosystems come under "Core Schemes".

II. Improving productivity of plantations

(1) **Minimum Support Price for Minor Forest Produce (75 % CSS)**

(Outlay: ₹300.00 lakh)

The main objective of the scheme is to provide means for marketing non-timber forest produce and minor forest produce by ensuring minimum support price. The scheme seeks to provide fair returns to forest gatherers for their efforts in collection and value addition to NTFP. Improvement in quality of life of forest dependent communities and also their livelihood is the expected outcome of the scheme. Support for NWFP collection by way of enhanced support price, improved facilities like collection centres, storage godowns, value

addition units, branding of value added products, marketing support etc. are the objectives of the scheme. The project is implemented by State Forest Development Agency. The approved components include (1) Procurement of wild honey, shatavari and broomgras (2) Establishment/modernisation of collection centres at FDA level (3) Creation of storage facilities at FDA level (4) Centralised collection, value addition and processing unit at State level (5) Mobile haat bazarr. An amount of ₹300.00 lakh is provided as 75 % Central share during 2026-27.

IV. Biodiversity conservation and protected area management

2. Integrated Development of Wild Life Habitats (CSS 60:40)

Major activities of these schemes include fire protection, construction and maintenance of trek paths, infrastructure facilities including construction and maintenance of offices, quarters, camping sheds, dormitories, provision of communication, equipment like wireless sets, vehicles, night vision devices, camera, binoculars, GPS devices, computers and accessories, construction of electric fences, rubble walls and elephant proof trenches to reduce human- animal conflict, compensation to victims of wildlife attack, training and research to strengthen biodiversity conservation, digging water holes, construction of check dams, removal of obnoxious weeds, nature camps, exhibition of sign boards, printing & distribution of brochures, maintenance of information centres to provide wildlife education, providing alternate livelihood to the local people by way of supply of better yielding livestock, training, supply of solar lamps, sewing machines, provision of LPG, biogas plants, smokeless chulas, etc. The scheme activities also include management planning and capacity building, strengthening of wildlife research and education, wildlife veterinary care, staff development and capacity building, anti-poaching activities, strengthening of infrastructure, restoration of habitats, and eco-development and community oriented activities.

i. Management of Wild life Sanctuaries -16 nos (60% CSS)

(Outlay: ₹450.00 lakh)

The provision is to meet 60% Central share of CSS during 2026-27 for the maintenance of the following 16 Wildlife Sanctuaries. Major objectives of the scheme includes wildlife habitats and population management, human wildlife conflict mitigation, eco-tourism, eco-development, education and awareness creation, and capacity building of staff. An outlay of ₹ 450.00 lakh is earmarked under the scheme as 60% Central share of the CSS.

Sl No	Name of Sanctuaries	Amount (₹in lakh)
1	Neyyar WLS	34.50
2	Wayanad WLS	75.00
3	Idukki WLS	37.50
4	PeechiVazhani WLS	37.50
5	Peppara WLS	30.00
6	Shendurney WLS	37.50
7	Chimmony WLS	33.00
8	Aaralam WLS	33.00

Sl No	Name of Sanctuaries	Amount (₹in lakh)
9	Chinnar WLS	24.00
10	Thattekkad Birds Sanctuary	22.50
11	Mangalavanam Birds Sanctuary	7.50
12	KurinjimalaSanctuary	12.00
13	Choolannur Peacock Sanctuary	10.50
14	Malabar Sanctuary	16.50
15	Kottiyoor WLS	18.00
16	Karimpuzha Wildlife Sanctuary	21.00
TOTAL		**450.00**

ii. Management of National Parks - 5 Nos (60% CSS)

(Outlay: ₹ 180.00 lakh)

Conservation and management of 5 national parks through various activities as proposed in the Management Plan is included as part of the scheme. This includes wildlife habitats and population management, human-wild life conflict mitigation, ecotourism, eco-development, education and awareness creation, capacity building and so on. The provision is to meet 60% Central share of CSS for the maintenance of the following five national parks. An outlay of ₹ 180.00 lakh is provided under the scheme as 60% of the CSS.

Sl. No.	Name of National Parks	Amount (₹in lakh)
1.	Eravikulam National Park	52.50
2.	Silent Valley National Park	60.00
3.	Anamudi National Park	22.50
4.	Mathikettanmala National Park	22.50
5.	Pampadumshola National Park	22.50
Total		180.00

iii. Management of Community Reserve-Kadalundi-Vallikkunnu Community Reserve (60% CSS)

(Outlay: ₹14.40 lakh)

Conservation and management of community reserve through various activities as proposed in the Management Plan is included in the scheme. Activities such as wildlife habitat and population management, human-wildlife conflict mitigation, eco-tourism, eco-development, infrastructure facilities, communication facilities and transportation, conservation of protected areas, training and research, capacity building, exposure visits, nature camps, public awareness creation, and raising mangrove nursery are part of this scheme. An amount of ₹14.40 lakh is provided for Kadalundi – Vallikkunnu Community Reserve. This is to meet the 60 % Central share of CSS.

iv. Project Tiger - 2 Tiger Reserves (60% CSS)

(Outlay: ₹ 900.00 lakh)

Main objective of the scheme is the protection and scientific management of two tiger reserves in the State as per the Tiger Conservation Plan. Major activities in the scheme include management of tiger habitats, water sources development, population management, monitoring, mitigation of human-wildlife conflict, ecotourism, eco-development, public awareness creation and education, capacity building, research and field equipment, strengthening of infrastructure, and anti-poaching activities. Periyar tiger reserve and Parambikulam tiger reserve receive financial assistance under the scheme. An amount of ₹900.00 lakh is provided to meet 60% Central share of the CSS.

Sl. No.	Name of Tiger Reserves	Amount (₹ in lakh)
1.	Periyar Tiger Reserve	555.00
2.	Parambikulam Tiger Reserve	345.00
	TOTAL	**900.00**

(3) National Afforestation Programme-National Mission for Green India (60% Central Share)

(Outlay: ₹300.00 lakh)

The main objectives of the scheme are sustainable development and management of forest resources, increase and improve forest tree cover, and supplementing livelihood improvement processes of forest dependent communities. National Mission for Green India (GIM), one of the eight missions under the National Action Plan on Climate Change (NAPCC), recognizes that climate change will seriously affect and alter the distribution, type and quality of natural biological resources of the country and the associated livelihood of the people. Anticipated outcome of the scheme included enhancing the quality of forest cover and improving ecosystem services, ecosystem restoration and increase in forest cover, enhancing tree cover in urban and semi-urban areas, agro-forestry and social forestry, restoration of wetlands, and promoting alternative energy systems.

Major activities proposed under Green India Mission are (1) Enhancing the quality of forest cover and improving ecosystem services (2) Ecosystem restoration and increase in forest cover (3) Enhancing tree cover in urban and peri-urban areas (including institutional cards) (4) Agro forestry and social forestry (increasing biomass & creating carbon sink) (5) Restoration of wet lands (6) Promoting alternative fuel energy (7) Support activities. An amount of ₹300.00 lakh is provided during 2026-27 to meet 60% Central share of CSS.

(4) Integrated Development of Wildlife Habitats (Protection of Wildlife outside Protected Areas- 60% CSS)

(Outlay: ₹450.00 lakh)

The scheme intends to address the issue of human-wildlife conflict outside the protected areas in a deeper and comprehensive manner. Activities envisaged in the scheme include installation and maintenance of fencing, construction of elephant proof walls and trenches, modernization of RRTs, compensation and relief to victims of wildlife attack, relocation of forest fringe families, and study and assessment to reduce human-wildlife

conflict. The anticipated outcome of the scheme is mitigation of Human Wildlife Conflicts in a reasonable way. An amount of ₹450.00 lakh is provided during 2026-27 to meet 60% Central share of CSS.

Component wise outlay is as follows.

Sl No	Components	Outlay (₹in lakh)
1	Construction, maintenance and installation of fencing, elephant proof walls, and trenches	193.50
2	Modernization of RRTs and elephant squads, relief to victims of wildlife attack, engaging watchers, equipment for wildlife monitoring, and habitat improvement	225.00
3	Study and assessments, awards, survey and documentation of Nilgiri Tahir population in the landscape, camping equipment and operations, and implementation of Monitoring System for Tigers - Intensive Protection and Ecological Status	31.50
Total		**450.00**

(5) Forest Fire Prevention and Management scheme (FPMS) (60% Central Share)

(Outlay: ₹300.00 lakh)

Major objective of the scheme is to ensure forest areas free from fire and to enrich biodiversity in forest. It is also intended to protect both flora and fauna inside the forest and to use modern technology in forest fire fighting. Reduce the fire incidents and thereby protect both flora and fauna inside the forests is the expected outcome of the scheme. Important activities of the scheme are preparation and approval of Fire Management Plans and fire mapping, creation and maintenance of fire-lines, procurement of firefighting equipment, activities related to forest fire like involving fire watchers, controlled burning, its control and management as well as the activities ancillary to fire control like water sources development, infrastructure support, awareness programmes, and capacity building. An amount of ₹300.00 lakh is provided during 2026-27 to meet 60% Central share of CSS.

(6)Integrated Development of Wild Life habitats in Wayanad Wild Life Sanctuary for voluntary re-location of settlements from protected areas (60% Central Share)

(Outlay: ₹300.00 lakh)

The programme is for the voluntary re-location of tribal families settled in the Wayanad Wild Life Sanctuary. A pilot project was prepared by the Department with the support of KFRI for voluntary relocation of families from 14 settlements from Wayanad Wildlife Sanctuary under the Central government package of voluntary relocation from sanctuaries, national parks, and tiger reserves. Relocating settlements to the forest fringes helps to reduce human animal conflicts and to improve access to the basic living facilities. During 2026-27, an amount of ₹300.00 lakh is provided as 60% Central share of CSS.

(7) Development of Wildlife Habitats-Recovery Programme (60% CSS)

The programme is for the recovery of endangered species like Nilgiri Tahr in Munnar/ Silent Valley region and vultures in the Wayanad Wildlife Sanctuary.

i. Recovery Programme for Nilgiri Tahr

(Outlay: ₹ 39.30 lakh)

The main objective of the scheme is recovery of endangered species like Nilgiri Tahr in Munnar and Silent valley region. The objectives envisaged include identify, map and assess the existing and potential Nilgiri Tahr habitats in the State; population estimation and monitoring; involving tribes in Tahr conservation; habitat management and protection of fragile eco system for Tahr conservation, and awareness creation and capacity building.

Major components proposed in the scheme includes assessment of Tahr habitat management and mapping, management of grasslands, infrastructure development, protection of eco-systems including fire protection, involving tribes in the conservation, restoration of habitat connectivity, research, studies and public awareness creation, intelligence gathering, control of epidemics, and printing broachers and pamphlets.

An amount of ₹39.30 lakh is provided during 2026-27 to meet 60% Central share of CSS.

ii. Recovery Programme for Critically Endangered Species

(Outlay: ₹ 17.30 lakh)

The main objective of the scheme is recovery programme for the endangered species of vultures in Wayanad Wildlife Sanctuary. The objectives envisaged include estimation of population, protection of nesting sites, awareness programmes for vulture conservation, and developing education materials for increasing awareness on vulture conservation.

Major components of the scheme includes population estimation of vultures, vulture protection including from fire, machans in sensitive areas, fire awareness prgramme, awareness camps, CWRF lab modification, veterinary care, workshops and refresher courses for veterinary surgeons, documentaries, printing expenses, field data book, engagement of research fellows, setting up of surveillance systems, procurement of camera, monitoring system for protection, provision of protection gears and living amenities.

An amount of ₹17.30 lakh is provided during 2026-27 to meet 60% Central share of CSS.

v. Resource Planning and Research

(8) Project Elephant (60% Central Share)

(Outlay: ₹ 525.00 lakh)

The objective of the scheme is to protect the elephant and to improve its habitats. Elephant habitat of the State falling in the Western Ghats have four elephant reserves namely Periyar, Anamudi, Nilambur and Wayanad. Better protection and improvement of the habitat of elephants and protection of people and their crops from elephant attacks are the objectives of the scheme. Major activities envisaged in the scheme include protection and improvement of elephant habitats, captive elephant management and welfare, eliciting public cooperation and mitigation of human elephant conflict, improved support services including monitoring, research and training, etc. An amount of ₹525.00 lakh is provided to meet the 60% Central share of CSS.

Component wise outlay is as follows.

Sl No	Components	Outlay (₹in lakh)
1	Anti-poaching activities and intelligence gathering	66.00
2	Clearing protection paths, engaging tribal watchers and local people, immunization of cattle around ER	87.00
3	Clearing fire lines, engaging fire mazdoors	120.00
4	Soil and water conservation	30.00
5	Construction and maintenance of fences and trenches	61.50
6	Compensation to victims of wildlife attack, expenses of rapid response teams and wildlife squads, dealing rogue elephants	100.50
7	Non-conventional energy sources/medical camps/ translocation of elephants	15.00
8	Elephant day celebrations, elephant census, nature camps, research and monitoring, trainings, awareness programme, provision of infrastructure and welfare of captive elephants	22.50
9	Creation and maintenance of infrastructure, rescue center, veterinary care and allied activities	22.50
Total		**525.00**

(9) Conservation of Natural Resources and Ecosystems (60% Central Share)

Kerala has two Biosphere Reserves - Nilgiri Biosphere Reserve and Agasthyamala Biosphere Reserve. Biosphere reserves help to integrate conservation with sustainable use at the landscape level so that the complementarities are fully tapped and conflicts minimized.

i. Nilgiri Biosphere Reserve (NBR) - (60% CSS)

(Outlay: ₹270.00 lakh)

Total area of Nilgiri Biosphere Reserve is 5520.4 sq km; of which the area of Kerala part is 1455.4 sq km. The forest divisions coming under Nilgiri Biosphere Reserve are Wayanad Wildlife Sanctuary, Silent Valley National Park, Nilambur South, Mannarkkad, Palakkad, Nilambur North, Kozhikode and Wayanad South. The main activities proposed are value addition activities, setting up of pilot projects, habitat improvement activities, rehabilitation of landscape of threatened species and ecosystem, development of ecotourism, socio economic upliftment of local communities, maintenance of protection corridors, thrust areas of research and monitoring etc. During 2026-27, ₹ 270.00 lakh is provided as 60% Central share of CSS.

ii. Agasthyamala Biosphere Reserve (ABR) – (60% CSS)

(Outlay: ₹180.00 lakh)

Total area of ABR is 3500 sq. km; the area of Kerala part of ABR is 1828 sq.km extends to the Southern part of Western Ghats. The amount earmarked is for the improvement of the biosphere in the Agasthyamala Hill Ranges, which includes Neyyar,

Peppara, Shendurney Wildlife sanctuaries, Achencoil, Thenmala, Konni, Punalur and Thiruvananthapuram territorial divisions and Agasthyavanam Biological Park Range. The main activities proposed are value addition activities, setting up of pilot projects, habitat improvement activities, rehabilitation of landscape of threatened species and ecosystem, development of ecotourism, socio economic upliftment of local communities, maintenance of protection corridors, thrust areas of research and monitoring etc. During 2026-27, ₹180.00 lakh is provided as 60% Central share of CSS.

(10) Forest Fire Prevention and Management – TSP (60% Central Share)

(Outlay: ₹ 150.00 lakh)

The broad objective of the scheme is to ensure forest areas free from fire by using modern technology, to enrich biodiversity of forest, and to protect both flora and fauna. This scheme is only tribal sub plan for benefiting the tribal people. Anticipated outcome include protection and provision of livelihood support to tribal communities. Major activities in the scheme include incentivizing villages/communities for protection against forest fire through forest management approach, engagement of fire watchers, and awareness campaigns. During 2026-27, ₹150.00 lakh is provided as 60% Central share of CSS.

II. RURAL DEVELOPMENT

2.1 RURAL DEVELOPMENT PROGRAMMES

1. Deendayal Antyodaya Yojana – National Rural Livelihoods Mission (DAY- NRLM) (General) (60% Central Share)

(Outlay: ₹13275.00 lakh)

Deendayal Antyodaya Yojana – National Rural Livelihood Mission (DAY – NRLM) is a poverty alleviation project of the Government of India, which is focused on encouraging self-employment organisation of rural poor. DAY – NRLM is a demand-driven programme and is funded at a ratio of 60:40 between the centre and the state. Institution building and capacity building, financial inclusion, livelihoods promotion and livelihoods enhancement (farm and non-farm), Gender and FNHW activities(Food- Nutrition- Health and Wash Programme), Tribal interventions, Scheduled Caste interventions, skill training for self-employment and Social Development and Attappady Comprehensive Tribal Development Interventions are the thrust areas of DAY – NRLM. The government of Kerala designated Kudumbashree Mission as the State Level Nodal Agency (SLNA) for implementing this programme. The other three sub-components of DAY – NRLM are given below.

i. Deen Dayal Upadhyaya Grameen Kaushalya Yojana (DDU GKY)

Deen Dayal Upadhyaya Grameen Kaushalya Yojana is the skill and placement initiative under DAY – NRLM. Major components include: - skill gap assessment, information, education, and communication programme, capacity building of all stakeholders, selection of training partners/receipt of proposals, appraisal & approvals, mobilisation, counselling & selection of candidates, skill training, certification, and placement, monitoring & evaluation, and post-placement/alumni support services. The DDUGKY programme has been relaunched as DDUGKY 2.0 for the period 2025-2028.

ii. Start-up Village Entrepreneurship Programme (SVEP)

SVEP is a sub-component under DAY – NRLM. The overall objective of SVEP is to stimulate economic growth and reduce poverty and unemployment in the villages by helping to start and support rural enterprises. The SVEP will use the CBO network to support the supported enterprises with business skills, exposure, loans for starting and business support during the first critical six months. The key objectives of SVEP are:

1. To enable rural poor to set up their enterprises in its proof-of-concept phase by developing a sustainable model for Village Entrepreneurship promotion through integrated ICT techniques and tools for training and capacity building, enterprise advisory services, and to provide loans from banks/NHG& federations.
2. Develop local resources by training a pool of village-level community cadre (MEC) and build the capacity of the NHG federations to monitor and direct the work of MECs.
3. Help rural entrepreneurs access finance to start their enterprises from the NHG and federations, as well as the banking systems, including the MUDRA bank.

iii. Mahila Kissan Sasakthikaran Pariyojana (MKSP)

MKSP, a sub-component of DAY-NRLM, focuses on reducing the gender gap in agriculture by promoting systems that reduce drudgery and sustainable agricultural practices for women farmers to follow. In Kerala, the MKSP project is implemented through the Kudumbashree Joint Liability Groups (JLGs) network.

The total amount provided for the components of the scheme is as follows

Name of Category	Central Share (60%) (₹ in lakh)	State share (40%) (₹ in lakh)
DAY-NRLM)	**9000.00**	**6000.00**
DDU GKY	**1500.00**	**1000.00**
SVEP	**2250.00**	**1500.00**
MKSP	**525.00**	**350.00**
Total	**13275.00**	**8850.00**

An amount of ₹13275.00 lakh is anticipated for the scheme during 2026-27 as a 60% central share for the DAY-NRLM Scheme.

2. Mahatma Gandhi National Rural Employment Guarantee Programme (MGNREGP)

(Outlay: ₹483770 lakh)

Mahatma Gandhi National Rural Employment Guarantee Programme is one of the 'core of the core programmes' of the Government of India, implemented on a cost-sharing basis by the Centre and State. Hundred per cent of the unskilled wage & administrative costs and 75% of the material costs are borne by the Centre, whereas 25% of the material costs are met by the State. The National Rural Employment Guarantee Act seeks to provide for the enhancement of the livelihood security of the households in rural areas by providing at least 100 days of guaranteed wage employment with minimum wages in every financial year to every household whose adult members volunteer to do unskilled manual work and register their names with the LSGIs concerned. All workers, regardless of gender, are entitled to get equal wages under the programme. MGNREGP is a demand-driven programme. The State Government has initiated several steps to utilise the full potential of MGNREGP through convergence with other departmental schemes and Mission programmes such as Kudumbashree Mission, LIFE Mission, Suchitwa Mission, Haritha Keralam, Subhiksha Keralam, and Watershed development which focus on similar focal points and by meticulous planning and earnest implementation. In 2026-27, the scheme will continue till the new employment guarantee programme of the GOI, VB-G RAM G scheme is rolled out and subsequent order issued.

The total amount provided for the scheme is as follows.

Sl. No	Components	Financial Outlay 2026-27 (₹ in lakh)		
		Central share	State share	Total
1	Unskilled wages (100% Central share)	387450.00		387450.00
2	Material cost (Central Share: State share 75:25)	68804.00	22934.00	91738.00

Sl. No	Components	Financial Outlay 2026-27 (₹ in lakh)		
		Central share	State share	Total
3	Administrative cost (100% Central Share)	24276.00		24276.00
4	Salary provision for the mission staff (only for meeting those costs which are not allowable under the central share of the administrative cost-100% State share)	0.00	75.00	75.00
5	Cluster Facilitation Project (CFP)- (100% Central Share)	40.00		40.00
6	Social Audit Unit (100% Central Share)	2700.00		2700.00
7	Stipend under Project UNNATI (100%Central Share)	500.00		500.00
	Total	**483770.00**	**23009.00**	**506779.00**

As per the MGNREG Act, at least 1/3rd of the beneficiaries shall be women who have registered and requested work under the scheme. However, in Kerala, more than 90% of person day generation is expected to be women workers. The scheme comes under the broad umbrella of 'Haritha Keralam Mission'. An amount of ₹ 483770 lakh is anticipated for the scheme as a central share during 2026-27.

3. Employment Guarantee Programme (60% Central Share) New Scheme

(Outlay: ₹ 1.00 lakh)

The central government has approved a new employment Guarantee Act, Viksit Bharat - Guarantee for Rozgar and Ajeevika Mission (Gramin) that replaces the Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA) with the objective of strengthening rural job creation and livelihood security. The expenditure of the Viksit Bharat - Guarantee for Rozgar and Ajeevika Mission (Gramin) will be met from this scheme. The funding pattern of the scheme between the Centre and the State is in the ratio of 60:40. As the scheme yet to be rolled out, a token provision of ₹ 1.00 lakh has been allocated for the scheme in 2026-27, in anticipation of the funds to be released from the Central Government.

4. Pradhan Mantri Gram Sadak Yojana (PMGSY) (60% Central Share)

(Outlay: ₹ 14250.00 lakh)

Pradhan Mantri Gram Sadak Yojana (PMGSY) aims to establish rural connectivity by connecting unconnected habitations with high-quality, all-weather-resistant roads. The Kerala State Rural Roads Development Agency (KSRRDA) is the nodal agency that will implement the scheme. The funding pattern of the scheme between Centre and State is in the ratio of 60:40. An amount of ₹ 14250.00 lakh is anticipated as 60% central share for the scheme during 2026-27.

5. **Pradhan Mantri Krishi Sinchai Yojana (PMKSY) - Watershed Component (60% Central Share)**

(Outlay: ₹1500.00 lakh)

The Government of India merged the erstwhile Integrated Watershed Management Programme (IWMP) with the Pradhan Mantri Krishi Sinchai Yojana (PMKSY) in 2015-16, and thereafter IWMP is being implemented as watershed component of the PMKSY. The sharing pattern of the scheme between the Central and State Governments is in the ratio of 60:40. New Generation Watershed Development Program WDC- PMKSY 2.0 was launched in the year 2021-22 with a revised guideline The main objective of the scheme is to restore the ecological balance by harnessing, conserving and developing degraded natural resources such as soil, water, vegetative cover and natural springs. The main activities includes Natural resource management, production systems, livelihood activities and capacity building among the community to ensure the efficient execution of the project in a participatory model. The outcomes envisaged in the scheme are prevention of soil erosion, regeneration of natural vegetation, rain water harvesting, recharging of groundwater and rejuvenation of springs to enable multi-cropping and the introduction of diverse agro-based activities which help to provide sustainable livelihoods to the people residing in the watershed area. The project envisages doubling farmers' income by enhancing productivity and value addition of products through Farmer Producers' Organisations. The major activities targeted in 2026-27 are the preparation of a Detailed Project Report, watershed development works, livelihood activities & micro enterprises, production system, consolidation activities, administration, monitoring, institution & capacity building activities and NRM Governance. The provision can also be utilised for the completion of on-going projects sanctioned by GoI in the previous years. The scheme comes under the broad umbrella of 'Haritha Keralam Mission'. A portion of Natural Resource Management (NRM) works of PMKSY can be converged with MGNREGS. An amount of ₹ 1500.00 lakh is anticipated as a 60% central share of PMKSY - Watershed component projects during 2026-27.

Category wise details of PMKSY - Watershed Component during 2026-27

Name of Category	Central Share (60%) (₹ in lakh)	Outlay State share (40%) (₹ in lakh)
General	1050.00	700.00
SCSP	300.00	200.00
TSP	150.00	100.00
Total	1500.00	1000.00

6. **New India Literacy Programme (60% Central Share)**

(Outlay: ₹15.00 lakh)

New India Literacy Programme is a centrally sponsored project launched for 2022-27 to cover all the aspects of adult education to align with National Education Policy 2020. The scheme aims to impart foundational literacy and numeracy and cover other components like critical life skills, vocational skills development, basic education and continuing education. An amount of ₹15.00 lakh is anticipated as a 60% Central Share for the New India Literacy Programme during 2026-27.

7. Pradhan Manthri Awaas Yojana- Gramin (PMAY - G) (General) (60% Central Share)

(Outlay:₹ 9750.00 lakh)

Pradhan Mantri Awaas Yojana (Gramin) (PMAY-G) is a Centrally Sponsored Programme of the Ministry of Rural Development that aims at providing a pucca house, with basic amenities, to all houseless households and those households living in Kutcha and dilapidated house, by 2024. The minimum area of each home is 25 sq. mt, including a dedicated area for hygienic cooking. The unit assistance under this scheme is ₹ 1.20 lakh in plain areas and ₹ 1.30 lakh in hilly/difficult areas. This amount has to be shared by the Central and State Governments in the ratio of 60:40. If the beneficiary chooses, he/she will be facilitated to get institutional finance up to ₹ 70,000. Socio-Economic and Caste Census (SECC) – 2011 data will be the basis for selecting beneficiaries.

The construction of a toilet has been an integral part of the PMAY-G house. Toilets will be provided through funding from Swachh Bharat Mission (G), MGNREGS or any other dedicated financing source. The house would be treated as complete only after the toilet has been constructed. It has been mandatory that the beneficiary of PMAY-G would get a wage component for 90 person days at the current rates with regard to the unskilled labour component for the construction of the house under convergence with MGNREGS.

Even though the unit cost as per GoI norm is Rs. 1.20 lakh only, the Government of Kerala decided to assist a par with the rate of LIFE Mission. The amount required for enhancing the rate to ₹ 4.00 lakh is shared by the Grama, Block and District Panchayats in the ratio of 25:40:35, respectively. The possibility of channelizing CSR funds for meeting this gap would also be explored. The programme will be implemented through Block Panchayats as per the guidelines of the Government of India. However, it is ensured that only the beneficiaries included in the LIFE list are assisted at 2026-27.

Allotment of the house shall be made jointly in the name of husband and wife except for a widow/unmarried/separated person. The State may also choose to allot it solely in the woman's name. In the case of beneficiaries selected under the quota for persons with disabilities, the allotment should only be in the name of such person. 3% of the total houses are reserved for persons with disabilities. It is expected that at least 90% of beneficiaries will be women. PMAY-G is designed to extend from FY 2024-25 to 2028-29 to its next phase with new modified exclusion criteria for identifying potential beneficiaries.

An amount of ₹ 9750.00 lakh is anticipated as 60% central share for the scheme during 2026-27 for the construction of new houses.

(₹ in Lakh)

Local Government	Central share (60%)	State share (40%)	Total
Block Panchayats	9750.00	6500.00	16250.00

8. **Pradhan Mantri Janjati Adivasi Nyaya Maha Abhiyan (PMAY-JANMAN) (60% Central Share)**

(Outlay: ₹450.00 lakh)

Pradhan Mantri Janjati Adivasi Nyaya Maha Abhiyan (PM-JANMAN) Scheme aims at upgrading Particularly Vulnerable Tribal Groups (PVTGs) by providing essential infrastructure and saturating PVTG households and habitations with basic facilities, improved access to education, health and nutrition, road and telecom connectivity, and sustainable livelihood opportunities. This scheme focuses on 6 districts in Kerala, namely Thrissur, Palakkad, Wayanad, Malappuram, Kasaragod and Kozhikkode and the scheme is being implemented in those districts. Ministry of Rural Development (MoRD) has surveyed PVTGs inhabited in the identified districts of Kerala.

The unit assistance under this scheme is ₹ 2.00 lakh in plain areas. This amount has to be shared by the Central and State Governments in the ratio of 60:40. Construction of a toilet has been made an integral part of the PMAY-JANMAN house. Toilets will be provided through funding from Swachh Bharat Mission (G), MGNREGS or any other dedicated financing source. The house would be treated as complete only after the toilet has been constructed.

Even though the unit cost as per GoI norm is ₹ 2 lakh only, the Government of Kerala decided to assist a par with the rate of LIFE Mission. The amount required for enhancing the rate to ₹ 6.00 lakh is shared by the Grama, Block and District Panchayats in the ratio of 25:40:35, respectively. An amount of ₹ 1.00 Lakh was contributed as a share of the ST department. The possibility of channelizing CSR funds for meeting this gap would also be explored. The programme will be implemented through Block Panchayats. However, it is ensured that only the beneficiaries included in the LIFE list are assisted in 2026-27.

An amount of ₹ 450.00 lakh is anticipated as a 60% central share for the scheme during 2026-27 for the construction of new houses.

(₹ in Lakh)

Local Government	Central share (60%)	State share (40%)	Total
Block Panchayats	450.00	300.00	750.00

2.2COMMUNITY DEVELOPMENT AND PANCHAYATS

1. **Swachh Bharat Mission (Gramin) (60% Central Share)**

(Outlay: ₹ 2250.00 lakh)

The government of India restructured and renamed the erstwhile 'Nirmal Bharat Abhiyan' as Swachh Bharat Mission (Gramin) w.e.f 02.10.2014**.** The sharing pattern between Central and State Governments is in the ratio of 60:40. The main objectives of the programme are improving the general quality of life in rural areas, Providing technical assistance to local governments in sanitation issues by identifying the existing gaps, Maintaining sanitation coverage in rural areas to achieve the vision of Swachh Bharat and ensure Open Defecation Free (ODF) sustainability of all Grama Panchayats, Motivate communities and Panchayati Raj institutions in promoting sustainable sanitation facilities including proper waste management and cleanliness through awareness creation and health education and set benchmarks to fill the gaps identified by the Swachch Survekshan Survey.

Components of the Swachch Bharat Mission (Gramin) include individual household latrines, community sanitary complex, solid waste management, grey water management, plastic waste management, gobardhan, fecal sludge management, information education communication, R&D and capacity building and administrative cost.

Grama Panchayats, Block Panchayats and District Panchayats are the programme's implementing agencies. The IEC activities are co-ordinated mainly through the Suchitwa Mission at the state level and the District Suchitwa Mission at the district level, partnering with the three-tier panchayats. Though Kerala has attained ODF status, unprecedented floods and landslides have damaged many household, community and institutional solid waste management systems. The guideline stipulates the construction of new structures only. However, in the year 2026-27, efforts will be taken to rebuild the household, community and institutional solid waste management facilities lost or damaged in the flood with the approval of GoI.

Category-wise details of SBM (G) during 2026-27

Name of Category	Centre share (60%) (₹ in lakh)	State share (40%) (₹ in lakh)
General	1845.00	1230.00
SCSP	337.50	225.00
TSP	67.50	45.00
Total	**2250.00**	**1500.00**

The scheme comes under the broad umbrella of 'Haritha Keralam Mission'. An amount of ₹ 2250.00 lakh is anticipated as a 60% central share for the scheme during 2026-27.

2. Rashtriya Gram Swaraj Abhiyan (RGSA) (60% Central Share)

(Outlay: ₹1050.00 lakh)

Rashtriya Gram Swaraj Abhiyan (RGSA) is the revamped version of the erstwhile Rajiv Gandhi Panchayat Sashaktikaran Abhiyan (RGPSA). It is mainly aimed at developing the governance capabilities of Panchayat Raj Institutions to deliver on the Sustainable Development Goals (SDGs). It aims to strengthen the capacities of institutions for rural local governance to become more responsive towards local development needs, prepare participatory plans leveraging technology, and efficiently utilise available resources for realising sustainable solutions to local problems linked to SDGs. An amount of ₹ 1050.00 lakh is anticipated as 60% central share for the scheme during 2026-27. The major activities are capacity building and training, including General Orientation/Refresher Programme Training, Panchayath Development Plan, thematic training, specialised training, other training and activities under capacity building, institutional infrastructure for Panchayath Resource Centre at State/District/Block, hiring of training infrastructure and equipments at district level and block level, institutional structure including recurring cost for SPRC/DPRC/BPRC, distance learning facility through SATCOM or IP based technology, programme management unit at State/District/Block, support for innovative activities, and project-based support for income development and income enhancement, Information, Education and Communication (IEC), programme management

Category-wise details of RGSA during 2026-27

Name of Category	Central share (60%) (₹ in lakh)	State share (40%) (₹ in lakh)

2.5 SOCIAL JUSTICE PROGRAMME - NATIONAL SOCIAL ASSISTANCE PROGRAMME (NSAP)

1. National Social Assistance Programme (NSAP) (100% CSS)

(Outlay: ₹ 30603.00 lakh)

National Social Assistance Programme (NSAP) is a centrally sponsored scheme (core of the core programme) of the Government of India and is implemented in rural and urban areas. NSAP provides social assistance benefits to poor households in the case of old age, disability, widowhood and death of the breadwinner. The five components of NSAP are:

i) Indira Gandhi National Old Age Pension Scheme
ii) Indira Gandhi National Widow Pension Scheme
iii) Indira Gandhi National Disability Pension Scheme
iv) National Family Benefit Scheme
v) Annapurna Scheme

Out of these, the Indira Gandhi National Old Age Pension Scheme, Indira Gandhi National Widow Pension Scheme, and Indira Gandhi National Disability Pension Schemes are included under the Plan as detailed below.

Sl.No	Scheme	Outlay (Central Share-100%) (₹ in lakhs)
1	National Old Age Pension Scheme	15672.1
2	National Widow Pension Scheme	14199.25
3	National Disabled Pension Scheme	731.65
	TOTAL	**30603.00**

IV. IRRIGATION AND FLOOD CONTROL

4.2. MINOR IRRIGATION

Surface Water Development

1. Pradhan Mantri Krishi Sinchayee Yojana (60% CSS)

(Outlay: ₹ 150.00 lakh)

PMKSY scheme was launched by the Govt. of India during 2015-16 by amalgamating different schemes related to Irrigation, Agriculture, Soil Conservation, Groundwater Development and Rural Development. The scheme was mainly aimed to achieve convergence of investments in irrigation at the field level. The funding of this "Core Scheme" will be shared in the ratio 60:40 between the Centre and the State. The scheme envisions increasing the gross irrigated area by bridging the gap between irrigation potential and utilization by means of strengthening the water distribution network and enhancing water use efficiency and management. An amount of ₹150.00 lakh is provided in the Budget 2026-27 to meet the anticipated 60% central share of CSS. Efforts will be taken to maximize the utilization under this scheme.

VI. INDUSTRY, MINERALS AND INFORMATION TECHNOLOGY

6.1 VILLAGE AND SMALL INDUSTRIES

1. PM Formalisation of Micro Food Processing Enterprises - PMFME (60% Central share)

(Outlay: ₹ 1500.00 lakh)

The Ministry of Food processing Industries (MoFPI), GoI in partnership with the State Governments has launched a Centrally Sponsored Scheme PMFME for providing financial, technical and business support for upgradation of existing micro food processing enterprises as part of the Athma Nirbhar Bharath Abhiyan. The objectives of the scheme are: 1. Support for capital investment for upgradation and formalization 2.Capacity building and quality improvement 3.Handholding support for business and financial support services 4. Marketing and capital investment support to Farmer Producer Organizations (FPOs), Self Help Groups (SHGs) and cooperatives.

The scheme seeks to support micro food processing enterprises with credit linked subsidy up to 35 per cent of project cost with ceiling of ₹10.00 lakh for expansion and modernization. The scheme includes support on working capital, small tools and grant for strengthening backward and forward linkages, common infrastructure, packaging ,branding and marketing etc. focusing value addition of local perishable products in identified agro clusters, clusters of fisheries, dairy, poultry and other allied segments.

The scheme was implemented from 2020-21 with expenditure to be shared at 60:40 between GoI and State. As per the PMFME Guidelines, 100 per cent expenditure in the first year 2020-21 will be borne by the Central Govt. The funds under the scheme would be provided based on the approved Project Implementation Plan (PIP) of the of the State. An amount of ₹ 1000.00 lakh is provided in the Budget 2026-27 as state share for the scheme expecting a central share of ₹1500.00 lakh.

VIII. SCIENCE, TECHNOLOGY & ENVIRONMENT

8.2 ECOLOGY AND ENVIRONMENT

1. State Wetland Authority, Kerala (SWAK) (60% CSS)

(Outlay: ₹ 90.00 lakh)

SWAK functions as nodal authority for all wetland specific activities within the State. It is constituted for the purpose of protection and rejuvenation of all wetlands in the State including the protection of genetic diversity of the ecosystem, formulation of policies and coordination of local self-Governments, NGO's and other agencies to implement and regulate the activities. Major objective is implementation of eco-restoration activities of wetlands on the basis of approved integrated management action plans of Vembanad-Kol, Ashtamudi, Sasthamkotta, and other wetlands. Management planning for the Ramsar wetlands are structured around institutions and governance, catchment conservation, water management, biodiversity conservation and sustainable livelihoods.

The outlay will also be utilised for the preparation and implementation of projects based on management action plans for Vembanad, Ashtamudi, Sasthamkotta, and other wetlands. An Amount of ₹ 90.00 lakh is earmarked in 2026-27 as 60% Central share.

IX. SOCIAL AND COMMUNITY SERVICES

An amount of ₹ 5500.00 lakh is provided for the scheme in 2026-27 as state share from state plan fund and the balance amount of state share is set-apart from the plan fund of

local bodies. An amount of ₹ 51000.00 lakh is anticipated as the central share for implementing the scheme during 2026-27.

2. Mid-Day Meal(60% CSS) - Pradhan Manthri Poshan Shakti Nirman (PM POSHAN)

(Outlay: ₹ 22500.00 lakh)

With a view to enhancing enrolment, retention and attendance and simultaneously improving nutritional levels among children, the National Programme of Nutritional Support to Primary Education (NP-NSPE) was launched as a Centrally Sponsored Scheme on 15th August 1995, initially in 2408 blocks in the country. By the year 1997-98 the NP-NSPE was introduced in all blocks of the country. It was further extended in 2002 to cover not only children in classes I-V of government, government aided and local body schools, but also children studying in EGS and AIE centres. From 2008-09 academic year onwards, upper primary children also have been brought under the purview of this scheme. This programme is designed to improve the nutritional status of children in the age group of 6 to 14 years.

An amount of ₹ 22500.00 lakh is anticipated as the central share for implementing the scheme during 2026-27.

3. District Institute of Education and Training(DIET) (60% CSS)

(Outlay: ₹ 2.00 lakh)

District Institute of Education and Training (DIET) was a 100% CSS based on the National Policy on Education 1986. From 2015-16 onwards the funding pattern of DIET has been changed to 60:40. The scheme is envisaged to create a viable institutional infrastructure, an academic and technical resource base for orientation, training and upgradation of knowledge, computer and pedagogical skills of the school teachers.

An amount of ₹ 2.00 lakh is anticipated as the central assistance for the implementation of the scheme during 2026-27.

B. Higher Education

1. Rashtriya Ucchatar Shiksha Abhiyan (RUSA) (60% CSS)

(Outlay: ₹ 5144.00 lakh)

Rashtriya Uchchatar Shiksha Abhiyan (RUSA) is a centrally sponsored programme of Government of India, where the states have an opportunity to tap central resource. A Project Directorate has been created under the State Government for the preparation of projects for the scheme. As per the RUSA guidelines the central and state share of fund is in the ratio of 60:40. The objectives of the RUSA are to improve access, equity and quality in higher education through planned development of higher education at the state level as per GoI guidelines. The major components envisaged under this scheme are infrastructure grants to colleges and universities, research, innovation and quality improvement, equity initiatives, gender inclusion preparatory grant, new model degree college and upgradation of existing model degree colleges, and enhancing quality & excellence in selected autonomous colleges, Multi-Disciplinary Education and Research Universities (MERU). An amount of ₹ 4500.00 lakh is anticipated as the central assistance for the implementation of the scheme during 2026-27.

MMER- management, monitoring, evaluation and research component is met from 100% central share under RUSA and an amount of ₹ 644.00 lakh is anticipated as the central assistance.

2. State Level NSS Cell (100% Central Share)

(Outlay: ₹ 110.00 lakh)

National Service Scheme activities are carried out in Universities and Educational Institutions in Kerala and the expenditure is met by the assistance from Government of India. For the functioning of the state level NSS cell, it is anticipated that Government of India will provide an amount of ₹ 110.00 lakh as 100% assistance during 2026-27.

9.3 TECHNICAL EDUCATION

1. Centrally Sponsored Schemes for Polytechnics (100% CSS)

(Outlay : ₹ 1.00 lakh)

The components of the scheme are upgradation of existing/setting up of new polytechnics (under the scheme of co-ordinated action for skill development of MHRD), creating infrastructure facilities in polytechnic colleges and Community Development through Polytechnics.

An amount of ₹1.00 lakh is provided as central share for these components for the year 2026-27.

9.5 MEDICAL AND PUBLIC HEALTH

HEALTH SERVICES

National Health Mission

1. National Health Mission (60% Central Share)

(Outlay: ₹ 69780.00 lakh)

Framework for Implementation of National Health Mission of Ministry of Health and Family Welfare, GOI having five financing components to states shall be based on the approved Programme Implementation Plans, namely (i) NRHM/RCH Flexi-pool, (ii) NUHM Flexi-pool (iii) Flexible pool for Communicable Disease, (iv) Flexible pool for Non Communicable Disease including injury and trauma and (v) Infrastructure Maintenance. The components of Family Welfare Programme are also included in the scheme. The National Rural Health Mission (NRHM) and National Urban Health Mission (NUHM) were made the subsystems of NHM. The funding pattern will be 60:40 between GoI and GoK. The outlay will be expended in line with the guideline of the GoI for the scheme and allocation by GoI for the year 2026-27. An amount of ₹ 69780.00 lakh is anticipated for the scheme during 2026-27 as Central Share. Infrastructure Maintenance is provided to meet the expenses viz. Direction & Administration (Family Welfare Bureaus at state & district level), Subcentres, Urban Family Welfare Centres, Urban Revamping Scheme, ANM/LHV Training Schools, Health & Family Welfare Training Centres, and Training of Multi-Purpose Workers (Male). An amount of ₹ 69780.00 lakh is provided for the scheme during 2026-27 as Central Share which includes ₹ 15000.00 as Central share of Infrastructure Maintenance (Family Welfare Programme).

2. **PM Ayushman Bharat Health Infrastructure Mission (PM- ABHIM) (60% Central Share)**

(Outlay: ₹ 3750.00 lakh)

PM Ayushman Bharat Health Infrastructure Mission is a Centrally Sponsored Scheme (CSS) with few Central Sector Components. The CSS components of the PM- ABHIM will be implemented by following the existing framework, institutions and mechanisms of the National Health Mission. The implementation of the programme/activities will be as per the PM- ABHIM guidelines provided by Ministry of Health & Family welfare and other guidance as updated from time to time. Components of the schemes are District Integrated Public Health Labs, Critical Care Hospital Blocks: A. 100 Bedded Blocks in District Hospitals, B. 50 Bedded Blocks in District Hospitals and C. 50 Bedded Blocks in Govt. Medical Colleges and Rural and urban health and wellness centres. The funding pattern will be 60:40 between GoI and GoK. An amount of ₹ 3750.00 lakh is provided for the scheme during 2026-27 as anticipated Central Share. Additional amount will be made available to meet the State share in proportion to the central release.

AYUSH

ISM Department

National Ayush Mission

3. **National Mission on AYUSH including Mission on Medicinal Plants (60% Central Share)**

(Outlay: ₹ 2250.00 lakh)

Department of AYUSH (Ayurveda, Yoga & Naturopathy, Siddha, Unani and Homoeopathy), Ministry of Health and Family Welfare, Government of India has launched National AYUSH Mission (NAM). The basic objective of NAM is to promote AYUSH medical systems through cost effective AYUSH services, strengthening of educational systems, facilitating the enforcement of quality control of Ayurveda, Siddha, Unani and Homoeopathy drugs and medicinal plants. An amount of ₹ 2250.00 lakh is provided for implementing National Mission on AYUSH including Mission on Medicinal Plants in the State for Ayurveda during 2026-27 as Central Share.

Homoeopathy Department

National Ayush Mission

4. **National Mission on AYUSH - Homoeo (60% Central Share)**

(Outlay: ₹ 750.00 lakh)

Department of AYUSH (Ayurveda, Yoga & Naturopathy, Siddha, Unani and Homoeopathy), Ministry of Health and Family Welfare, Government of India has launched National AYUSH Mission (NAM). The basic objective of NAM is to promote AYUSH medical systems through cost effective AYUSH services, strengthening of educational systems, facilitate the enforcement of quality control of Ayurveda, Siddha, Unani and Homoeopathy drugs and medicinal plants. The funding pattern will be 60:40 by Centre and State. An amount of ₹ 750.00 lakh is provided for implementing National Mission on AYUSH in the State for Homoeo Department during 2026-27 as Central Share.

9.8 URBAN DEVELOPMENT

1. City Investments to Innovate, Integrate and Sustain 2.0 (CITIIS 2.0) – Component - 1-(80% CSS)

(Outlay: ₹ 3900.00 lakh)

CITIIS 2.0, the second phase of the CITIIS programme, has been conceived by MoHUA in collaboration with AFD, KfW, EU, and NIUA to supplement climate initiatives of GoI and MoHUA. The 80 percent CSS scheme has external aid from the French Development Agency (AfD), the German Development Bank (Kf W) and the European Union.

Thiruvananthapuram Corporation has been selected to implement the project 'Improved and integrated solid waste management in the city of Thiruvananthapuram' as part of component 1 under CITIIS 2.0.

Under CITIIS 2.0, the identified Material Collection Facilities will be uplifted with the necessary civil and infrastructure works for effective functioning. Nine Material Recovery Facilities (MRF) will be uplifted in terms of civil works with solar panels, installation of machinery such as bailing machines, shredding machine, forklift, rubber vulcaniser, weighing bridge and de duster machines. Three RRFs will be upgraded and 250 MCFs at various locations will be upgraded.

The Smart City Thiruvananthapuram Ltd., the Special Purpose Vehicle (SPV) for the Smart City Mission, will implement the CITIIS 2.0 programme.

In anticipation of central release, an amount of ₹ 3900.00 lakh is provided during 2026-27.

2. City Investments to Innovate, Integrate and Sustain 2.0 (CITIIS 2.0) – Component-2 – Facilitating Climate Oriented Reforms Action at the State Level (100% CSS) (NEW SCHEME)

(Outlay: ₹1018.00 lakh)

This program under CITIIS 2.0 aims to build institutional mechanisms, leverage, partnerships and anchor capacity building for climate governance at the state and city levels is envisaged under the scheme. It will provide a three tier technical assistance structure with domestic, international and transversal experts to support capacity development for climate action plan in city and state.

The program includes the following components.

a) Formation of State Climate Centre
b) Climate governance framework at the state and city level
c) Climate action cell in each municipalities
d) Capacity development for leadership in climate change management both in state and city level.

An amount of ₹ 1018.00 lakh is provided during the year 2026-27 in anticipation of Central Release.

3. AMRUT 2.0: Administrative and Other Expenses (100% CSS)

(Outlay: ₹2.00 lakh)

The scheme is being fully funded by the Centre and shall be utilized to cover the cost of preparing City Water Balance Plans (CWBPs), for Program Management Units (PMUs), preparation of Detailed Project Reports (DPRs), for Project Implementation Units (PIUs), engaging Project Development and Management Consultants (PDMCs), developing Aquifer Management Plans, and appointing Independent Review and Monitoring Agencies (IRMAs). State A & OE funds are allocated based on their urban population and area, maintaining a ratio of 90:10.

A token provision of ₹2.00 lakh is provided during the year 2026-27 in anticipation of Central Release.

Corporations: ₹ 1.00 lakh
Municipalities: ₹ 1.00 lakh

4. Formulation of a GIS based Master Plan of Class II town with a population of 50,000 - 99,999 under AMRUT 2.0 (100% CSS)

(Outlay: ₹ 706.03 lakh)

The scheme aims to develop standardized base maps, land use maps, master plans, and urban geo-portals using a Geographical Information System (GIS) for towns having a population above 50,000 which are not covered under AMRUT 1.0 Cities, as a sub scheme under AMRUT 2.0 with 100% central assistance.

The amount provided is to carry out works under the following 5 components. Among them, the Geo-database will be created with the support of the Survey of India, in which ground truthing of the created geo-database will be handled by LSGD Planning. In addition, the components Formulation of GIS based Master Plan, Capacity Building will be handled by LSGD (Planning). The remaining two components namely Development of Centralized National Urban Geo-portal and Development of Integrated Mobile Application are directly dealt by GoI.

An amount of ₹706.03 lakh is provided during the year 2026-27 in anticipation of Central Release.

Municipalities: ₹706.03 lakh

5. Deendayal Antyodaya Yojana -National Urban Livelihoods Mission (DAY- NULM) (60% CSS)

(Outlay: ₹3600.00 lakh)

The Government of India has launched the National Urban Livelihood Mission (NULM) for reducing poverty and vulnerability of the urban poor. The Mission (NULM) aims to reduce poverty and vulnerability of the urban poor households by enabling them to access gainful self-employment and skilled wage employment opportunities, resulting in improvement in their livelihoods on a sustainable basis, through building strong grass root level institutions of the poor. 3	TSP	108.00	72.00	180.00
	Total	**2160.00**	**1440.00**	**3600.00**

An outlay of ₹ 3600.00 lakh is provided for the year 2026-27 in anticipation of Central Release.

6. Pradhan Mantri Awas Yojana - PMAY-Urban (75% CSS)

(Outlay: ₹8100.00 lakh)

Pradhan Mantri Awas Yojana - Urban is a centrally sponsored scheme jointly implemented by the State Government and urban local governments to address the housing requirements of urban poor, including slum dwellers, with the mandate of providing 'Housing For All by 2022'. PMAY (Urban) Phase –I has been extended upto December 31st 2025. The central government launched the second phase of Pradhan Mantri Awas Yojana Urban 2.0 in September 2024.

PMAY Urban Phase I has the following programmes viz; (i) Beneficiary Led Individual House Construction (BLC) (New houses and enhancement), (ii) Affordable Housing in Partnership with Public and Private sectors and (iii) Slum Rehabilitation and (iv) Credit Linked Subsidy (CLS).

The scheme will support the construction of houses up to 30 square meters with basic civic infrastructure under the component BLC (New houses). States will have flexibility in terms of determining the size of the houses and other facilities without enhanced financial assistance from the Centre. In Kerala, the unit cost of the dwelling unit has been enhanced to ₹ 4.00 lakh as per G.O (Ms) No.29/2018/LSGD Date: 28/02/2018, and the sharing pattern was fixed as Central share - ₹ 1.50 lakh, State share - ₹ 0.50 lakh, ULG share ₹ 2.00 lakh.

Construction of apartment complexes for the landless in convergence with the LIFE mission will be initiated under the 'Affordable Housing in Partnership' component. An amount of ₹ 10.50 lakh is proposed for the construction of a single dwelling unit/flat, including ₹ 1.50 lakh Central Share, ₹ 6.50 lakh State share and ₹ 2.50 lakh as a share of Urban Local Governments. The central government discontinued the credit-linked subsidy scheme on 31.03.2021. The amount provided is for releasing subsequent installments for approved projects under (BLC), Affordable Housing Projects and administrative expenses.

PMAY Urban 1.0 (₹ in lakh)

Sl. No.	Category	Municipalities	Corporations	Total

	Total	**1350.00**	**900.00**	**2250.00**

An amount of ₹2250.00 lakh is anticipated for 2026-27 as 60 per cent Central share for the scheme.

9. Swachh Bharat Mission (Urban 2.0) (60% CSS)

(Outlay: ₹3843.00lakh)

It is a Centrally Sponsored scheme launched by the Ministry of Urban Development, GoI, under a 60:40 pattern with a vision of achieving garbage-free status for all cities. The Mission will be in force for five years, from 1st October 2021 to 1st October 2026.

The objectives of the Mission are sustainable solid waste management, sustainable sanitation and treatment of used water, awareness creation along with large-scale citizen outreach to create 'Jan andolan' and institutionalize 'Swachh' behaviour, create institutional capacity to effectively implement programmatic interventions to achieve mission objectives.

The components that are covered under the scheme include the City Sanitation Action Plan, Used Water Management, Solid Waste Management, IEC, Capacity Building, Skill Development and Knowledge Management.

An amount of ₹ 3843.00 lakh is anticipated for 2026-27 as 60 per cent Central share for the scheme.

Corporations : ₹2305.80 lakh
Municipalities : ₹1537.20 lakh

9.10 LABOUR AND LABOUR WELFARE

I. Industrial Training Department

1. Modernisation and upgradation of ITIs (CSS) (70% CSS)

(Outlay: Rs. 2300.00 lakh)

For the upgradation and modernisation of selected ITIs in the State an amount of ₹ 2300.00 lakh is expected as Central share in the Budget 2026-27. The selection of ITIs will be done by State as per the guidelines of the scheme.

II National Employment Services department

2. Model Career Centre (60 % CSS)

(Outlay: Rs.100.00 lakh)

As per the Central Government policy to transform all the Employment Exchanges into Career Centres and Model Career Centres, National Employment Service department has taken initiative to set up Model Career Centre at University Employment Information & Guidance Bureaus. It is a joint venture of the Directorate of Employment and Training, Ministry of Labour and Employment GoI and the Department of National Employment Service (Kerala). The Centres are designed in such way that they will act as a one-step solution for all assistance needed for the aspiring youth in finding suitable careers according to their qualifications and skills. Activities performed by this centres include partnering with industry, Candidates engagement, job & skill mapping and conducting placement drives/job fairs. Director General of Employment and Training sanctioned a Model Career Centre at University Employment Information and Guidance Bureau, Kottayam and another one at Ernakulam. An amount of Rs. 100.00 lakh is expected as central share to Model Career Centre in the Budget 2026-27.

9.11 WELFARE OF SCHEDULED CASTES, SCHEDULED TRIBES, OTHER BACKWARD CLASSES, MINORITIES AND FORWARD COMMUNITIES

A. SCHEDULED CASTES DEVELOPMENT

The schemes are given below.

1. Pradhan Mantri Anusuchit Jaati Abhyuday Yojana (PM-AJAY) (100% CSS)

(Outlay: ₹ 1500.00 lakh)

The new Central Scheme Pradhan Mantri Anusuchit Jaati Abhyuday Yojana (PM-AJAY) is formed by merging the existing schemes of Pradhan Mantri Adarsh Gram Yojana (PMAGY), Special Central Assistance to Scheduled Caste Sub Plan (SCA to SCSP) and Babu Jagajivanram Chhatrawas Yojana (BJRCY).

The objective of the scheme is to (i) reduce poverty of the Scheduled Castes communities by generation of additional employment opportunities through skill development, income generating schemes and other initiatives (ii) improve socio-economic developmental indicators by ensuring adequate infrastructure and requisite services in the Scheduled Castes dominated villages and (iii) increase literacy and encourage enrolment of Scheduled Castes in Schools and Higher Educational Institutions by providing adequate residential facilities in quality institutions, as well as in residential schools.

The components of the new scheme are (i) Development of Scheduled Castes dominated villages into an ‘Adarsh Gram’ (ii) ‘Grants-in-aid' for District/State-level Projects for socio-economic betterment of Scheduled Castes (iii) Construction/Repair of Educational Hostels for Scheduled Caste students (Boys and girls) in higher educational institutions (iv) Financial support for Monitoring and Evaluation of the scheme.

Various income generating, skill development and infrastructure development programmes are to be carried out in convergence with the State SCSP. The scheme is 100%

funded by the Central Government. An amount of ₹ 1500.00 lakh is anticipated as central provision for the scheme during 2026-27.

Schemes Implemented through LSGIs and Kudumbasree

2. Pradhan Manthri Awas Yojana - Grameen (PMAY)-SCSP (60% Central Share)

(Outlay: ₹ 2250.00 lakh)

The objective of the scheme is to provide houses to Scheduled Castes under the Centrally Sponsored Scheme of Pradhan Manthri Awas Yojana. Construction of new houses and upgradation of existing kutcha houses into pucca houses are the two components of the scheme.

An amount of ₹ 2250.00 lakh is anticipated as 60% central share of the scheme during 2026-27. The provision is earmarked to Block Panchayats.

3. Deendayal Anthyodaya Yojana (DAY NRLM)-SCSP (60% Central Share)

(Outlay: ₹ 1260.00 lakh)

This Centrally sponsored scheme is a poverty alleviation project of Government of India which is focused on encouraging self-employment organization of rural poor. Government of Kerala designated Kudumbasree Mission as the State Level Nodal agency for implementing the scheme. The provision is earmarked to Grama Panchayats. The components of the scheme includes Deen Dayal Upadhyaya Grameen Kaushalya Yojana (DDUGKY)-SCSP (60% CSS), Mahila Kisan Sashaktikaran Pariyojana (MKSP)-SCSP (60% CSS). The anticipated 60 % central share for the scheme during 2026-27 is given below.

Sl. No.	Name of Scheme	Amount (₹ in lakh)
1	Deendayal Antyodaya Yojana- National Rural Livelihoods Mission (DAY NRLM)-SCSP (60% CSS)	1050.00
2	Deen Dayal Upadhyaya Grameen Kaushalya Yojana (DDUGKY)-SCSP (60% CSS)	150.00
3	Mahila Kisan Sashaktikaran Pariyojana (MKSP)-SCSP (60% CSS)	60.00
	Total	**1260.00**

B. Scheduled Tribes Development

I. Umbrella Programme for the development of Scheduled Tribes (100% CSS)

i. Pre-matric Scholarship for Scheduled Tribe Students Studying in IX & X Classes (75% CSS)

(Outlay: ₹ 300.00 lakh)

Pre matric Scholarship to Scheduled Tribe students who study in class 9 and 10 was 100 per cent centrally sponsored scheme up till 2022-23. The funding pattern has been changed to 75:25 between Central and State Government. The main objective of this scholarship is to minimize the rate of dropouts in the transition from elementary to secondary stage. The selected students will receive a scholarship and other grants. Scheme implemented through States who are responsible for inviting online applications from students through State Portal or National Scholarship Portal, check eligibility verification and disbursement of

scholarship to eligible Scheduled Tribe students directly to their bank accounts through DBT. Central assistance shall be by GoI to State Government based on their proposal comprising of statement of expenditure, furnishing of Utilization Certificate and uploading of beneficiary data on DBT Portal.

An amount of ₹ 300.00 lakh is anticipated as 75 per cent CSS during 2026-27.

ii. Post-matric Scholarships for Scheduled Tribe Students (75% CSS)

(Outlay: ₹ 3600.00 lakh)

The scheme is intended for payment of educational assistance such as lump-sum grant, stipend, hostel charges and pocket money, provision of Free Ship Card to students seeking admission in post-matric institutions to avoid payment of fees at the time of admission etc. to the students undergoing various post-matric courses in and outside the state and Actual Boarding and Lodging Charges (ABLC) at the rate of ₹ 6500/- will be provided to the students studying in Government/Aided/Self Finance school, colleges for professional courses. These scholarships are granted and disbursed through e-grantz. It is targeted to assist 16500 students under the scheme per year.

An amount of ₹ 3600.00 lakh is anticipated as 75% central assistance for the year 2026-27.

iii. Pradhan Mantri Adi Adarsh Gram Yojana (SCA to TSS) (100%CSS)

(Outlay: ₹ 200.00 lakh)

The scheme, Special Central Assistance to Tribal sub scheme has been providing funds to the State Government for development and welfare of tribal people to bridge gap in sectors like education, health, agriculture, skill development, employment cum income generation. In order to improve basic services and facilities in villages with significant tribal population, it has been decided to transform the scheme, so that integrated village development programmes can be implemented in outcome oriented and time bound manner. Accordingly, the existing scheme 'SCA TO TSS' has been revamped as Pradhan Mantri Adi Adarsh Gram Yojan (PMAAGY) to be implemented during the years 2021-22 to 2026-27.

The progress of implementation of various projects sanctioned at district level under this scheme should be strictly monitored by the District Level Committee for SC/ST as per GO (P) No.11/2021/Planning dated 28/09/2021of the Planning & Economic Affairs (A) Department.

An amount of ₹ 200.00 lakh is anticipated as Central assistance during 2026-27.

iv. Darthi Abha Janjatiya Gram Utkarsh Abhiyan (100% CSS) (New Scheme)

(Outlay 1000.00 lakh)

Central Government introduced a new scheme, Dharti Aaba Janjatiya Gram Utkarsh Abhiyan on 2nd October, 2024. The Abhiyan comprises of 25 interventions implemented by 17 line Ministries and aims to saturate infrastructural gaps in 63,843 villages, improve access to health, education, Anganwadi facilities and providing livelihood opportunities benefiting more than 5 crore tribals in 549 districts and 2,911 blocks in 30 States/UTs in 5 years. Each Ministry has been allocated a budget and targets under Abhiyan and is responsible for implementing the intervention assigned to it. The Abhiyan aims at saturation through convergence and outreach.

The Abhiyan adopts a multi-sectoral approach, leveraging existing government schemes and funds under DAPST through convergence of various government schemes of 17-line Ministries/Departments including MoTA to maximize resource utilization, strategic coordination, and resource allocation to address human development and infrastructural gaps, and focused development interventions in tribal-dominated villages to promote inclusivity and sustainability.

The mission seeks to develop enabling infrastructure and enhance socio-economic conditions in selected tribal-majority villages (with a population of 500 or more, and at least 50% tribal residents as well as villages in Aspirational Districts with a tribal population of 50 or more). By adopting a whole-of-government approach, the mission aims to improve access to education, healthcare, and skills, driving progress toward the specific goals.

An amount of ₹ 1000.00 lakh is anticipated as Central assistance during 2026-27.

v. Project Management Unit (PMU) (100%CSS)

(Outlay: ₹ 138.00 lakh)

PMU has been constituted with the Grant in Aid of Central Government to facilitate the work of the Scheduled Tribes Development Department and to review the centrally initiated schemes by including it in the scheme of administrative costs to states. The PMU will have a pool of experts having the required technical expertise needed to support and improve the efficiency of different programmes and schemes.

The PMU will provide technical expertise in different domains such as education, health, livelihood, Forest Right Act, 2006 and other constitutional/statutory matters for various schemes/programmes being implemented with support from MoTA, along with the experts in the cross cutting areas like Monitoring & Evaluation, Research, Documentation, Data Analytics, Training and Capacity Building with support team for data entry and web management.

An amount of ₹ 138.00 lakh is anticipated as 100 % Central assistance during 2026-27.

vi. Pradhan Manthri Janjati Adivasi Nyaya Maha Abhiyan (PM-JANMAN) (100%CSS)

(Outlay: ₹ 672.00 lakh)

The Pradhan Mantri Janjati Adivasi Nyaya Maha AbhiyaN (PM-JANMAN) is an initiative designed to uplift the socio-economic conditions of Particularly Vulnerable Tribal Groups (PVTGs). This program aims to provide PVTG households and habitations with essential services like safe housing, clean water, improved education, healthcare, nutrition, better road and telecommunication connectivity, electricity, and sustainable livelihood opportunities within a three-year time frame aligning with existing schemes of Nine Ministries/Departments. PM-JANMAN targets 75 PVTG communities across 18 states and one union territory.

To ensure effective implementation, GoI has directed to organize various programmes under the IEC- Campaign for PM-JANMAN in collaboration with state governments, such as campaigns to assist PVTG communities in obtaining essential documents like Aadhaar cards, caste certificates, and Jan Dhan bank accounts, Aayushman Bharat Card enrollment, Issuing of community certificates to all PVTGs etc. which are required for availing benefits under

different schemes including PM-KISAN, Ayushman Bharat Yojana, MNREGA etc. Along with STDD, KIRTADS can also participate or make proposals to conduct or organize such IEC programmes.

An amount of ₹ 672.00 lakh is anticipated as 100 % central assistance during 2026-27 for this scheme.

vii. Grant-in-aid to the Kerala State Federation of SCs and STs Development Co-operative Ltd. (100 % CSS)

(Outlay: ₹ 1.00 lakh)

GoI gives grant-in-aid to the Kerala State Federation of SCs and STs Development Co-operative Ltd. for minor forest produce operations. Share capital investment, procurement of MFP and construction of godowns/warehouses are the components of the scheme.

During 2026-27 a token amount of ₹1.00 lakh is proposed for this scheme for facilitating the utilization of the grant anticipated from GoI.

viii. Conservation - cum Development (CCD) Plan for PVTGs (100% CSS)

(Outlay: ₹ 1.00 lakh)

The main objective of the scheme is to fill up the gaps occurred in the general development of Primitive tribals. Under the scheme, funds will be released by GoI based on specific projects in sectors like Health, Education, Agricultural development programmes etc. Priority shallbe given to flood rehabilitation programmes and rebuilding the lost assets and livelihood activities. The ST Department has to submit proposals to GoI in a timely manner to avail funds from the Ministry of Tribal Affairs.

An amount of ₹ 1.00 lakh is proposed as token provision for this programme for utilization of the grant anticipated from GoI during 2026-27.

ix. Support to Tribal Research Institute

1. Grant-in-aid to Kerala Institute for Research, Training and Development Studies (KIRTADS) for SC/ST [100% CSS]

(Outlay: ₹ 1336.96 lakh)

The objective of the scheme is to carry out research and training that helps to accelerate the overall development among the Scheduled Communities. The components of the training and research activities are:

- Oral Literature, language & art forms of Tribal community

During 2026-27 an amount of ₹ 450.00 lakh is expected as 60% Central Share under the tribal sub plan. Government of Kerala designated Kudumbasree Mission as the State Nodal Agency for implementing the scheme. The provision is earmarked to the Grama Panchayats.

The scheme comprises of three sub schemes as detailed below

Sl. No.	Name of Scheme	Amount (₹ in lakh)
i.	Deendayal Antyodaya Yojana- National Rural Livelihoods Mission (DAY NRLM) -TSP (60% CSS)	360.00
ii.	Deen Dayal Upadhyaya Grameen Kaushalya Yojana (DDUGKY)- TSP (60% CSS)	60.00
iii.	Mahila Kisan Sashaktikaran Pariyojana (MKSP)- TSP (60% CSS)	30.00
	Total	**450.00**

C. Welfare of Other Backward Classes

1. PM YASASVI - Pre-matric Scholarship for OBC, EBC and DNT Students (Erstwhile Pre-matric Scholarship for OBCs) (60% CSS)

(Outlay: ₹ 1200.00 lakh)

The scheme intends to provide scholarships to the students belonging to OBCs, EBCs and DNTs whose parent's/Guardian's income from all sources does not exceed ₹ 2.50 lakh per annum. The scholarships will be given to the students of classes IX and X. An amount of ₹ 1200.00 lakh is anticipated as 60% Central share for the scheme during 2026-27 for assisting eligible students at the rate fixed by the Government. The scholarship will be provided as per the revised guidelines of GoI. Based on gender disaggregated data 30% of fund will be going to girl children. Five per cent of the funds are proposed for students with disabilities.

2. PM YASASVI - Post-Matric Scholarship for OBC, EBC and DNT Students (Erstwhile Post-matric Scholarship for OBCs) (60% CSS)

(Outlay: ₹ 3000.00 lakh)

The objective of the scheme is to provide financial assistance to the OBC, EBC and DNT students in post-matriculation or post-secondary classes to enable them to complete their education. These scholarships are given to study in recognized institutions. Students whose parent's/guardian's income from all sources does not exceed ₹ 2.50 lakh per annum are eligible for Scholarship under the scheme. The scholarship will be provided as per the revised guidelines of GoI. An amount of ₹ 3000.00 lakh is anticipated as 60% Central for the scheme during 2026-27. Based on gender disaggregated data 30% of fund will be going to women. Five per cent of the funds are proposed for students with disabilities.

3. PM YASASVI Construction of Hostel for OBC Boys and Girls (Erstwhile Post-matric Hostels for OBC Boys and Girls) (60% CSS)

(Outlay: ₹ 62.00 lakh)

The objective of the scheme is the construction of post matric hostel for boys and girls hailing from rural backgrounds to enable them to pursue secondary and higher education in the Government schools, universities, institutions and institutions located at a reasonable distance in order to provide them greater access to high quality education. An amount of ₹ 62.00 lakh is anticipated as 60% Central share for the scheme during 2026-27.

D. Welfare of Minorities

1. Pradhan Mantri Jan Vikas Karyakram (erstwhile Multi Sectoral Development Programme in Minority concentrated blocks) (60% CSS)

(Outlay: ₹ 2400.00 lakh)

Pradhan Mantri Jan Vikas Karyakram seeks to provide better socio economic infrastructure facilities to the minority communities particularly in the field of education, health and skill development which would further lead to lessening of the gap with regards to backwardness parameters between the national average and the minority communities. During the year 2018-19, the Ministry of Minority Affairs restructured and renamed the erstwhile Multi Sectoral Development Programme as Pradhan Mantri Jan Vikas Karyakram (PMJVK) with a funding pattern of 60:40 between Centre and the State. The projects to be taken up under PMJVK would be related to creation of infrastructure mainly in the sectors of education, health and skill development. Besides innovative schemes for improving the socio-economic living conditions of minority communities and other communities living in the catchment area. The revised PMJVK scheme can now be implemented in all Districts of the State. States/UTs can propose infrastructure projects in the identified areas where the concentration of minority population is more than 25% in the catchment area (15 K.M radius). The projects like construction of school buildings, women empowerment and facilitation centres, market sheds, toilet blocks, buds schools, dialysis centres, sadbhavana mandap and common service centres are included in the PMJVK scheme. In addition to existing thrust areas of Education, Health, Skill Development and Women centric projects, priority will also be accorded to emerging sectors of national importance like Sports, Sanitation, Solar Energy, Drinking Water projects in the urban areas etc. An amount of ₹ 2400.00 lakh is anticipated as 60 % Central Share for this programme during 2026-27.

9.12. SOCIAL SECURITY AND WELFARE

1. Integrated Child Protection Scheme (60% Central Share)

(Outlay: ₹ 1650.00 lakh)

The Integrated Child Protection Scheme is a programme for the realization of Government/State's responsibility for creating a system that will efficiently and effectively protect children based on the cardinal principles of "protection of child rights" and "best interest of the child". The scheme aims to build a protective environment for children in difficult circumstances and also for other vulnerable children, through partnership between Government and civil society.

Activities of ICPS are done through (1) State Child Protection Society (2) District Child Protection Unit (3) Child Welfare Committee (4) Juvenile Justice Board (5) Care Institutions for children as per JJ Act 2015 and (6) State Adoption Resource Agency. It is aimed at institutionalizing essential services and strengthen these structures, enhance capacity at various levels, create data base and knowledge base for child protection services, strengthen child protection at family and community level and to ensure appropriate inter-sectoral response at all levels. It also envisages child protection data management system to formulate and implement effective intervention strategies and monitor their outcomes. All other components under ICPS guidelines and assistance to NGO Homes (Child Care

Institutions), all other components under Mission Valsalya are also included under this scheme. As per the norms of ICPS, the ratio for Central and State assistance will be 60:40.

An amount of ₹ 1650.00 lakh is anticipated in the Budget 2026-27 as central assistance for the above activities.

2. ICDS Training Programme (60% Central Share)

(Outlay: ₹ 0.06 lakh)

The aim of ICDS training is to capacitate all the functionaries of ICDS as agents of social change. ICDS training is a national initiative for quality improvement of ICDS functionaries and to achieve improvement in the quality of early childhood care and development. At present, one Middle Level Training Centre for training of ICDS supervisors and twelve numbers of Anganwadi Worker/Helper Training Centres are functioning under NGOs. Providing induction and job refresher training to the Anganwadi functionaries and ICDS supervisors are intended in this scheme.

An amount of ₹ 0.06 lakh is anticipated in the Budget 2026-27 as central assistance for the above activities.

3. Anganwadi construction in convergence with MGNREGA (60% Central Share)

(Outlay: ₹ 1.08 lakh)

Government of India provides fund for the construction of Anganwadi buildings under the scheme, at the rate of ₹ 2.00 lakh per Anganwadi in a sharing pattern of 60:40 by the Central and State Government.

An amount of ₹ 1.08 lakh is anticipated in the Budget 2026-27 as central assistance for the above activities.

4. National Creche Scheme - Anganwadi cum creche scheme under PALNA- (60% Central share)

(Outlay: ₹ 750.00 lakh)

A creche is a facility which enables parents to leave their children while they are at work and where children are provided a stimulating environment for their holistic development. The scheme envisages to provide group care to children, usually up to 6 years of age, who need care, guidance and supervision while they are away from their home during the day. The pattern of financial assistance for all components of this scheme is 60:40 amongst centre and state governments. The National creche scheme has been revised by GoI under Mission Shakthi and renamed as PALNA project. GoI has given approval to establish 304 anganwadi cum creches and to convert all stand alone creches to anganwadi creches. The objective of the scheme is to provide day-care facilities for children (6 months to 6 years) of working mothers in the community, improve nutrition and health status of children, promote physical, cognitive, social and emotional development of children and educate, empower parents /caregivers for better childcare and to establish anganwadi cum creches and all other activities envisaged under PALNA scheme as per GoI guidelines.

In addition to the above, while standalone creches are being phased out by 2024-25, funds will be provided to reimburse them for their operational period. This reimbursement is also included in the scheme.

An amount of ₹ 750.00 lakh is anticipated in the Budget 2026-27 as central assistance for the above activities.

5. Upgradation of Anganwadi centres (60% Central Share)

(Outlay: ₹ 75.00 lakh)

The scheme is for the upgradation of the existing Anganwadi centres, functioning in own building which are in a dilapidated condition. The objective is to provide better service to the beneficiaries of Anganwadi centres.

An amount of ₹ 75.00 lakh is anticipated in the Budget 2026-27 as central assistance for the above activities.

6. Hub for empowerment of women (60% Central Share)

(Outlay: ₹ 225.00lakh)

The Empowerment of women is a long-term process requiring sustained interventions to be effective. Hub for Empowerment of Women aims to facilitate inter-sectoral convergence of schemes and programmes meant for women both at the central, State and district level with the mandate to create an environment in which women realize their full potential. The scheme is meant to address gaps in state action for women and for promoting inter departmental and inter-sectoral convergence through strengthening the processes that promote holistic empowerment of women by creating an environment conducive to social change by improving access and utilization of government schemes by women. This scheme is meant to take up activities envisaged in the Hub for empowerment of women CSS scheme and provide Central share for that.

An amount of ₹ 225.00 lakh is anticipated in the Budget 2026-27 as central assistance for the above activities.

7. Sakhi Nivas (60% Central Share)

(Outlay: ₹ 450.00 lakh)

The Government of India being concerned about the difficulties faced by working women, introduced a scheme in 1972-73 for construction of new/expansion of existing buildings for providing hostel facilities to working women in cities, smaller towns and also in rural areas where employment opportunities for women exist. The scheme was revised in 2017. However, based on the evaluation studies, the existing scheme has been revised to promote availability of safe and conveniently located accommodation for working women and other women pursuing higher education or training, who need to live away from their families due to professional commitments. This scheme is meant to take up activities envisaged in the Sakhi Nivas CSS scheme and provide Central share for that.

An amount of ₹ 450.00 lakh is anticipated in the Budget 2026-27 as central assistance for the above activities.

8. High Court - Setting up of POCSO court (60% Central Share)

(Outlay: ₹ 750.00 lakh)

Government of India had introduced this centrally sponsored scheme for setting up Fast Track Special Courts for the expeditious trial and disposal of cases of rape and cases registered under POCSO Act. The continuous functioning of the existing 55 and 1 new fast Track special courts for the trail of POCSO cases are proposed during 2026-27. Activities include salary and wages, travelling expenses, office expenses, contingent expenses, rent and computer related expenses.

An amount of ₹ 750.00 lakh is anticipated in the Budget 2026-27 as central assistance for the above activities.

9. National Action Plan for Senior Citizens (100% Central Share)

(Outlay: ₹ 465.46 lakh)

The NAPSrC highlights all facets which are required to create an eco-system where all Indians can age gracefully and live in a dignity. The NAPSrC includes the following ten components encompassing various needs of senior citizens.

1. Financial Security
2. Health Care and Nutrition
3. Shelter and Welfare
4. Protection of life and property of senior citizens
5. Active and productive ageing with international bonding and skill development
6. Accessibility, transport and aged friendly environment
7. Awareness generation and capacity building
8. Promoting Silver Economy: Senior friendly industrial goods and services in the society
9. Research and study
10. Project Management
11. National helpline for senior citizens

An amount of ₹ 465.46 lakh is anticipated in the Budget 2026-27 as central assistance for the above activities.

10. National Action Plan for Drug Demand Reduction (100% Central Share)-NAPDDR

(Outlay: ₹ 487.07 lakh)

National action Plan for Drug Demand Reduction is a novel plan aimed at reduction of adverse consequences of drug abuse through a multi prolonged strategy involving education, de-addiction and rehabilitation of affected individuals and their families. Community based schemes are provided for identification, motivation, counselling, after care and rehabilitation for full recovery of addicts. Funds are released by Government of India for implementing projects, capacity building, specific intervention and awareness generation. Monitoring and evaluation, including IEC activities on drug reduction and social audits would be met from State resources. It also includes activities of de-addiction centres for women and children, training of students and mentor teachers and administration of projects are envisaged in the scheme.

An amount of ₹ 487.07 lakh is anticipated in the Budget 2026-27 as central assistance for the above activities.

11. Accessible India Campaign (100% Central Share)

(Outlay: ₹ 231.63 lakh)

Accessible India Campaign is a programme launched as a nationwide campaign for achieving universal accessibility for persons with disabilities. 1	Cloud Infrastructure including servers, storage, data base servers etc., Institutional setup and capacity building, beneficiary outreach-public messaging/communication to stakeholders, continuation of NIC supporting staff, cost to deploy development partner, vehicle tracking system and command control centre.	153.00

NCDC ASSISTANCE

I. AGRICULTURE AND ALLIED SECTORS

1.5 FISHERIES

1. NCDC assisted Integrated Fisheries Development Project

(Outlay: ₹ 1200.00 lakh)

The NCDC assisted Integrated Fisheries Development Project aims at meeting the credit needs for development of marketing facilities of fisherman members of the primary co-operatives affiliated to Matsyafed. The primary co-operatives under the aegis of Matsyafed raise bank loans for their members to meet the credit needs for replacement of fishing assets owned by the members. Such loans reduce the indebtedness to intermediaries and increase their net income. The activities supported under the project are modernization of fishing implements, group ownership system of fishing implements, increase in the net income of fishermen with better price realization for their catch, strengthening of primary fishermen co-operatives etc. The components of the project are replacement/renewal of existing fishing implements, input security, margin money for working capital of fish marketing, infrastructure development for post-harvest operations and marketing, women employment generation programme, infrastructure facilities, extension and training and project management cost.

An amount of ₹ 1200.00 lakh is the anticipated NCDC assistance for the scheme during 2026-27.

III CO – OPERATION

1. Integrated Co-operative Development Project (ICDP)

(Outlay: ₹ 531.00 Lakh)

The outlay is provided to implement the second phase of ICDP project in Thrissur district during 2026-27. Assistance will also be provided to any other NCDC new schemes implementing during 2026-27.

An amount of ₹ 531.00 lakh is the anticipated NCDC assistance of the scheme during 2026-27.

2. Assistance to Primary Agricultural Credit Societies, Primary Co-operatives, Wholesale Stores and Federations

(Outlay: ₹ 2810.00 lakh)

Outlay is provided for the following activities:

a) Assistance to Consumer Federation, Wholesale Stores and Primary Co-operatives engaged in consumer activities.
b) Assistance to PACS and Kerala State Cooperative Consumer Federation for running Neethi Stores and Neethi Medical Stores.
c) Assistance to co-operatives for establishing processing units.
d) Margin money assistance to state level, district level and regional level co-operatives.
e) Assistance for revitalization of weak processing units in co-operative sector.
f) Assistance to PACS for the purchase of computers and equipment finance.

g) Assistance to SC/ST co-operatives and federation.

h) Assistance to service sector such as co-operative hospitals, women co-operatives, literary co-operatives, etc.

i) Assistance to labour contract co-operatives for the purchase of machines, equipments, tools for the construction, purchase of vehicle for loading and unloading and allied activities, assistance for the project based activities.

j) Assistance for tourism, hospitality, transport, hospital, health care, education, electricity (New/Non-Conventional) and rural housing programmes of co-operatives as per the new scheme of NCDC.

k) Assistance to co-operatives including agricultural credit co-operatives for the development of infrastructural facilities for agricultural credit activities.

l) Assistance to any other NCDC new schemes implementing in 2026-27.

An amount of ₹ 2810.00 lakh is the anticipated NCDC assistance of the scheme during 2026-27.

The prioritization and recommendations of Administrative department is required before submitting the proposals to Finance Department. Depending on the merit of the proposal, the Finance Department will thereafter recommend the same to NCDC. Assistance for education co-operatives is not included in the provision.

3. Assistance to Primary Marketing Co-operatives and Federations

(Outlay: ₹ 150.00 lakh)

Assistance is provided to PACS, Federations and Marketing societies, for the development of agriculture marketing infrastructure, grading and standardization.

Outlay is provided for the following activities:

(a) Assistance to PACs and primary marketing co-operatives for construction of godowns.

(b) Margin money assistance to federation, state level, district level, regional level and other co-operatives.

(c) Grant to marketing co-operatives for preparation of project reports.

(d) Assistance for strengthening share capital base of primary marketing co-operatives and revitalization of weak marketing co-operatives.

(e) Assistance for establishing farmer's service centre under co-operatives.

(f) Assistance to co-operatives for the development of floriculture.

(g) Assistance for development of agriculture marketing infrastructure, grading and standardization.

(h) Assistance to any other NCDC new schemes implementing during 2026-27.

An amount of ₹ 150.00 lakh is the anticipated NCDC assistance of the scheme during 2026-27.

The prioritization and recommendations of Administrative department is required before submitting the proposals to Finance Department. Depending on the merit of the proposal, the Finance Department will thereafter recommend the same to NCDC.

ANNEXURE – C – OPTIONAL SCHEMES CENTRALLY SPONSORED SCHEMES HAVING 50% CENTRAL ASSISTANCE

I. AGRICULTURE AND ALLIED SECTORS

1.3 ANIMAL HUSBANDRY

1. Animal Husbandry Statistics and Sample Survey (50% Central Share)

(Outlay: ₹ 150.00 lakh)

4.3 COMMAND AREA DEVELOPMENT

1. Pradhan Mantri Krishi Sinchayee Yojana (PMKSY) - Muvattupuzha CADA project (MVIP) (50% CSS)

(Outlay: ₹ 150.00 lakh)

An amount of ₹150.00 lakh is provided in the Budget 2026-27 as anticipated 50 % central share for CADA works of MVIP. The amount is provided for constructing field channels, field drains and for system corrections.

4.4. FLOOD CONTROL AND ANTI SEA EROSION

Flood Management (Part of PMKSY)

1. Pradhan Mantri Krishi Sinchayee Yojana (Kuttanad Flood Management Component (50% CSS)

(Outlay: ₹ 400.00 lakh)

M.S. Swaminathan Research Foundation has prepared a study report for the development of Kuttanad wetland ecosystem. The Kerala State Planning Board also prepared a package during 2019 for the revival of flood affected Kuttanad region. The major intervention suggested in these reports is the strengthening of infrastructure support to paddy

cultivation. The outer bund construction and strengthening around padasekharams is critical to prevent frequent distress from flood related crop loss.

During 2026-27, an amount of ₹ 400.00 lakh is provided as anticipated 50% central share of the Centrally Sponsored Scheme. The amount is provided for clearing the pending bills of KEL II, KEL IV schemes, and also for settling the bills of Thanneermukkom barrage. No new works are allowed under PMKSY-flood management component during 2026-27.

IX. SOCIAL AND COMMUNITY SERVICES

9.8 URBAN DEVELOPMENT

1. Atal Mission for Rejuvenation and Urban Transformation 2.0 (AMRUT- 2.0) (50% central share for ULBs < one lakh population and 33.3% central share for ULBs with one lakh to ten lakh population)

(Outlay: ₹ 20037.97 lakh)

AMRUT 2.0, launched on 1st October 2021, aims to make cities 'water secure' and provide functional water tap connections to all households. Providing universal piped water supply, sewerage and septage management, recycling and reuse of treated used water, rejuvenation of water bodies, enhancing amenity value and development of green spaces and parks are the components of the scheme. The total project outlay is ₹ 3515.00 crore. The Central Assistance for the projects will be released in three installments of 20:40:40 of the approved cost. The funding under AMRUT 2.0 is population-based. The Central assistance for AMRUT 2.0 is such that for cities with less than one lakh population, 50 per cent of the project cost is by the centre; for cities with a population of one lakh to ten lakhs, 33.3% of the project cost by the centre and for cities with population more than 10 lakh, 25 per cent of the project cost by the centre. Each State has to prepare State Water Action Plans (SWAP), which will be approved by the Ministry of Urban Development. The scheme also envisages start-ups in the water and sewerage sector. An amount of ₹20037.97 lakh is anticipated for 2026-27 as the central release for the scheme.

Corporations: ₹ 8785.99 lakh

Municipalities with one lakh to ten lakh population: ₹11251.98 lakh

9.11 WELFARE OF SCHEDULED CASTES, SCHEDULED TRIBES, OTHER BACKWARD CLASSES, MINORITIES AND FORWARD COMMUNITIES

A. SCHEDULED CASTES DEVELOPMENT

The schemes are given below.

1. Protection of Civil Rights Act and Prevention of Atrocities Act - 1989 (50% Central Share)

(Outlay: ₹1800.00 lakh)

The Scheduled Castes and Scheduled Tribes (Prevention of Atrocities) Act, 1989 was enacted to prevent offenses against the members of the Scheduled Castes and Scheduled Tribes. The Act prescribes punishment for the enforcement of any disability arising from the

preaching and practice of 'Untouchability' and prevents atrocities against members of Scheduled Castes and Scheduled Tribes. Special Court, one Scheduled Castes Protection Cell and Special Police Stations have been formed for the trial of offenses and provision of relief and rehabilitation of the victims of atrocities. The activities under this scheme are;

- Effective implementation of the provisions of the Protection of Civil Rights Act 1955 and Scheduled Castes & Scheduled Tribes (Prevention of Atrocities) Act, 1989.
- Functioning and strengthening of the Scheduled Castes Protection Cell and Special Police Stations.
- Setting up and functioning of exclusive Special Courts.
- Relief and rehabilitation of atrocity victims.
- Cash incentives for inter-caste marriages on par with the norms of central scheme viz, Dr. Ambedkar Scheme @ ₹ 2.5 lakh per couples married on or after 01.04.2019.
- Expenses for awareness creation, social solidarity, state level and district level seminars, training programmes for elected representatives, training in leadership and vigilance and monitoring.

An amount of ₹ 1800.00 lakh is anticipated as 50% Central share of the scheme during 2026-27. Of which, ₹ 300.00 lakh is for meeting the expenditure including establishment expenses of Special courts.

B. SCHEDULED TRIBES DEVELOPMENT

1. Umbrella Programme for the Development of Scheduled Tribes (50%CSS)

The components of the scheme are given below.

i. Enforcement of Prevention of Atrocities Act 1989 [50% CSS]

(Outlay: ₹ 100.00 lakh)

In order to provide constitutional and legal protection to safeguard the interest and protest against exploitation of the marginalized sections of society, the Protection of Civil Rights Act and Scheduled Caste and Scheduled Tribe (Prevention of Atrocities) Act, 1989, was enacted. Special Benches have been constituted in all District Courts for the speedy disposal of cases registered under the Atrocities Act. Major components of the scheme are;

- Formulation of appropriate schemes for providing compensation and rehabilitation of thevictims of atrocities.
- Providing legal aid to the victims of atrocities
- Intercaste- marriage grant to STs.
- Functioning of the special mobile police squad in Wayanad District.
- Payment of travelling allowance to witnesses.

An amount of ₹ 100.00 lakh is anticipated as 50% Central Share for the scheme during 2026-27. Out of this, an amount of ₹ 18.00 lakh is for the establishment and other expenditure of special courts.

ii. Kerala State Development Corporation for SC/ST Ltd. - TSP (Central Share 49%)

(Outlay: ₹ 48.04 lakh)

Under this centrally sponsored scheme, share capital contribution is released to the State Development Corporation for SCs & STs in the ratio 51:49 between State Government and CentralGovernment. The Central share of equity capital is sent directly

to the Corporation. The Corporation provides finance to employment oriented schemes covering diverse areas of economic activities. The Corporation identifies eligible ST families, motivate them to undertake suitable economic development schemes, sponsor these schemes to financial institutions for credit support, provide financial assistance in the form of margin money at lower rate of interest and provide subsidy in order to reduce their repayment liability and provide necessary link/tie-up with other poverty alleviation programmes.

An amount of ₹ 48.04 lakh is anticipated during 2026-27 towards 49 % central share for providing share capital contribution to Kerala State Development Corporation for SCs/STs, for taking up economic development schemes benefiting Scheduled Tribes.

9.12. SOCIAL SECURITY AND WELFARE

Scheme for empowerment of Adolescent Girls (50% Central Share)

(Outlay: ₹ 150.00 lakh)

The scheme (which replaces an earlier scheme called Sabala) aims at empowering adolescent girls along with improving their nutritional and health status and upgrading their life skills. This stage is intermediary between childhood and womanhood and it is the most eventful phase for mental, emotional and psychological well-being. The lifecycle approach for holistic child development remains unaddressed, if adolescent girls are excluded from developmental programme aimed at human resource development. SAG is a special intervention for adolescent girls and focuses on out - of - school adolescent girls in the age group of 14-18 years. Activities of the scheme include both nutritional and non-nutritional components.

- Enable the adolescent girls for self - development and empowerment
- Improve their nutrition and health status
- Promote awareness about health and hygiene
- Provision for fortified food for supplementary nutrition for adolescent girls
- Skill development training for girls from 14 to 18 age group

An amount of ₹ 150.00 lakh is anticipated in the Budget 2026-27 as central assistance for the activities envisaged under the scheme as per GoI guidelines.

9.13. NUTRITION - 50% CENTRAL SHARE

1. Supplementary Nutrition Programme (50% Central Share)

(Outlay: ₹ 15000.00 lakh)

Supplementary Nutrition Programme (SNP) is an important component of ICDS. Under the schematic pattern of ICDS, the States are responsible for providing Supplementary Nutrition as per the nutritional norms indicated below.

Beneficiaries	Calories (K cal)	Protein (gm)
Children (6-72 months)	500	12-15
Severely underweight children (6-72 months)	800	20-25
Pregnant women and Nursing mothers	600	18-20

Though the responsibility for providing supplementary nutrition lies with the States, from 2005-06 onwards, Government of India provide support to the state at the rate of 50% of the financial norms laid down for various categories of beneficiaries or 50% of the actual expenditure on supplementary nutrition whichever is less.

In Kerala, consequent on the devolution of powers to the local governments, the supervision and control of anganwadi centres and the responsibility for implementing the Supplementary Nutrition Programme have been fully transferred to the Local Self Government Institutions concerned. The Local Self Government Institutions are free to identify the recipe containing the prescribed nutritional and calorific value as per ICDS norms. Government have issued orders to treat expenditure on nutrition as mandatory item of expenditure of Local Self Government Institutions. Accordingly, the LSGIs are implementing the Supplementary Nutrition Programme through the 33120 anganwadi centres under the 258 ICDS projects functioning across the state. Since the LSGIs are implementing SNP, 50% of the expenditure ie, the state share of SNP is met through LSG department. The other 50%, the central assistance, when received, needs to be reimbursed to the LSGs.

An amount of ₹ 15000.00 lakh is anticipated as the central assistance in the budget 2026-27 for the implementation of the scheme.
