COVID -19 PROCUREMENT THROUGH KARUNYA COMMUNITY PHARMACIES

① COVID 19 pandemic, in its 1st Phase up to 5th March 2020, reported 03 cases from various parts of Kerala. The second wave of COVID 19 pandemic in the State from March 6th 2020 came with heavy case load. State of Kerala had already taken extensive steps for containment & mitigation which shall slow the further spread of the virus, reduce the anticipated surge in health care use, and provide patients with the right level of care to maximize the likelihood. The department is also in the preparatory stage to meet the worst case scenario by equipping the Hospitals with the entire Critical care infrastructure to meet any type of exigencies. Kerala Medical Services Corporation (KMSCL) which was established in 2007 as a central procurement agency for distribution and usage of medicines and medical items for the State of Kerala was entrusted with the task of mobilizing the personal protective kits, N95 mask, Triple layer masks & other commodities for the effective surveillance & active case management. COVID 19 pandemic, in its 1st Phase up to 5th March 2020, reported 03 cases from various parts of Kerala. The second wave of COVID 19 pandemic in the State from March 6th 2020 came with heavy case load. As per the technical review available globally, experts at the ICMR said there were four stages of the disease.

② Due to surge in immediate demand there was no time to call for tenders and hence the Corporation proceeded through Karunya Community Pharmacy (KCP), the commercial wing of KMSCL. KCP is permitted by Government vide GO (Ms) no 186/2012/H&FWD Dated 19-6-2012 to procure medicines and other supplies through negotiations. KCP had stock of these items as part of its normal stock for sale through the various outlets located throughout the State. To meet emergency requirements warranted due to spread of the corona virus, the KCP purchased these items through their regular suppliers at the already negotiated prices and distributed them to the healthcare institutions. Immediate supply of these implements was achieved through available stock in KCP and through purchase orders placed with the regular suppliers of KCP by negotiations.

3 In the procurement review dated 29th March 2020 at KMSCL headquarters by Principal Secretary(Industries), Dr K Ellangovan , Head of the 'WAR ROOM' to monitor & supervise the COVID 19 containment activities , it was decided to relook the total purchase orders placed by the KMSCL. After detailed discussions it was decided to place additional purchase orders for all commodities including critical care equipments & lab consumables to meet the worst case scenario. The minutes of the meeting was submitted to Honourable Minister for Health, PS to Chief Minister, Principal Secretary (Health) for further directions. The report of the procurement review by Principal Secretary (Industries) was presented in the State Crisis Management Group chaired by Chief Secretary on 28th March 2020. After detailed discussions in the State Level Crisis Management Committee, it was decided that an additional amount of Rs 300 Crores may be released to KMSCL to make payments to suppliers & to make buffer stocks of the critical items as per the new estimated requirements. It was further decided to authorize KMSCL to make advance payments of up to 50% of the purchase order with regards to critical items required to contain COVID 19. As the additional procurement as suggested by the sector committee was approved by the Crisis Management Committee ,the proposal for additional procurement was approved by the Principal Secretary (Health) after reviewing the stock position & directed KMSCL to place additional purchase orders for Personal Protective Kits, N95 masks, Triple layer medical masks, Hand sanitizers etc to meet the worst case scenario.

4 As per the above para, to meet the worst case scenario, opportunity for finding new vendors explored through different means, subsequently e mail offer received from M/s Med Surge Agencies dated 31.03.2020 was discussed with GM and FM. After discussions with M/s Med Surge Agencies, the rock bottom price @ Rs. 191+5 % GST per unit of N 95 mask and they are insisted for opening bank LC was accepted.

The file submitted for the approval.

Approved
21/03/2020

5 *NOTED the details in the Procurement demand of N95 masks are going on increasing day by day. The current suppliers are not in a position to supply the N95 masks as per the state needs. The additional demand of the N95 masks was approved by the State Crisis Management Group under the chairmanship of Chief Secretary. The offer offered is acceptable. The other options for 100% payment in the form of LC can be explored.*
