ORDER

A comprehensive health insurance scheme (MEDISEP) for State Government employees, pensioners/family pensioners and their eligible family members, employees and pensioners of Universities receiving Grant-in-Aid from the State Government, Local Self Government Institutions, and the directly recruited personal staff of the Chief Minister, Ministers, Leader of Opposition, Chief Whip, Speaker, Deputy Speaker, Chairpersons of Financial Committees, as well as their personal staff pensioners and family pensioners, was implemented as per the order read as 1st above. The scheme was implemented for a period of three years, from 01.07.2022 to 30.06.2025. The scheme was further extended till 31.01.2026 vide order read 4th above.

Administrative sanction for implementation of the Medisep Phase II was accorded vide order read as 2nd above. Further sanction was accorded to implement Medisep Phase II with effect from 01.01.2026 with monthly

premium of Rs.810/-including GST vide order read 3rd above. After having several discussions with the Oriental Insurance Company Ltd (OICL), vide email read above it is informed that the premium payable under Medisep Phase II shall be treated as exempt from GST as per Sl. No. 40 of the Notification No.12/2017 dated 28.06.2017-Central Tax(Rate).The Company shall file application before the Kerala Authority for Advance Ruling to obtain a Ruling on the applicability of the said exemption. In the event GST is held payable pursuant to such ruling or any statutory order the applicable GST for the period prior to such Ruling along with any statutory dues as applicable shall be payable by the Government of Kerala and remitted additionally to the Company.

Government after examining the matter in detail and completing all the procedural formalities, are pleased to order that:-

- 1.The Medical Insurance Scheme for State Government Employees and Pensioners (MEDISEP) Phase II shall be implemented with effect from 1st February 2026.
- 2.The scheme shall be operative for a block period of two years with effect from 01.02.2026 to 31.01.2028.
3. MEDISEP Phase II shall be implemented through the Oriental Insurance Company Ltd. with an annual premium of Rs. 8,244/- (Rs.687/- per month) for the first policy year, **exclusive of GST**, subject to the condition that if the ruling of the Authority for Advance Ruling, Kerala, is not in favour, the GST component shall be payable. The scheme will be serviced by the Third Party Administrators viz., 1. M/s. Vidal Health Insurance TPA Private Ltd. 2. M/s. Family Health Plan Insurance TPA Ltd. selected by the Oriental Insurance Company Ltd.
- 4.The Finance Department, Government of Kerala shall be the administrator of MEDISEP Phase II.
- 5.The enrollment under the scheme shall be compulsory to all employees and pensioners.

6.The employees, pensioners and their eligible family members covered under this scheme shall avail cashless assistance for approved treatment and surgeries in empaneled hospitals only.

7.The coverage under the scheme is as follows :

Basic Benefit Package Coverage : This caters to the benefit package list mentioned in Annexure I A of Appendix I (HBP 2022 rate) in which medical, surgical and day care procedures will be covered up to a sum of Rs. 5 lakh per annum for a block period of two years.

i) Basic Benefit Package has three components.

(a) Procedure Cost (b) Implant cost if any and

(c) Room rent.

Out Patient treatment will not be covered under the scheme.

(ii)Additional Package Coverage : In addition to the Basic Benefit Package coverage mentioned above, all procedures mentioned in the Annexure I B (Catastrophy) will be covered by the policy.

(iii) Corpus fund for Catastrophic illness : An additional sum of not less than Rs. 40 crore for two years shall be provided by the Insurer as a Corpus Fund for providing coverage to Additional Packages enlisted in Annexure I B.

8.Three tier Grievance Redressal Mechanism will be set up (Detailed orders in this regard will be issued separately).

9.The coverage of medical assistance under this scheme is also extended in respect of accident/emergency cases mentioned in Annexure I C where the beneficiary is treated for approved treatments/surgeries undergone in non-empanelled hospital. In such cases the treatment cost shall be reimbursed by the company based on the approved rates/packages included in the scheme (Reimbursement checklist and eligibility clause for Road Traffic Accident

(RTA) is detailed in Annexures I D & I E).

10. Unspecified Surgical Packages shall be payable strictly in accordance with the guidelines of HBP 2022. For any such procedure, the hospital shall select the most appropriate nearby package from the packages listed in Annexure I A of Appendix I, ensuring that the selected package is both medically relevant and financially comparable. New diseases will also be covered based on the regulatory provisions issued by IRDAI from time to time.

11. The payment of premium shall be regulated as per the terms and conditions of the agreement to be executed between the Government of Kerala and the Oriental Insurance Company Ltd. The annual premium payable by the Government to the Oriental Insurance Company Ltd. shall be at the rate of Rs 8,244/- per employee/pensioner per annum for the first policy year. There shall be a **5 % increase in premium and package rates of procedures for the second policy year.**

ANNEXURE I E

RTA (Road Traffic Accident) Cases & Treatment at Non-Empanelled Hospitals

RTA Golden Hour Clause & Reimbursement Eligibility

“In the case of Road Traffic Accident (RTA) emergencies, reimbursement for treatment received at a non-empanelled hospital shall be considered only when the patient’s clinical condition meets the specified severity criteria as defined under the Reimbursement Policy, and when immediate medical intervention is deemed necessary within the ‘Golden Hour’.

Reimbursement shall be **admissible exclusively under the following conditions:**

1. The patient’s condition is assessed as severe or life-threatening at the time of first medical contact, necessitating immediate stabilization.
2. Transporting the patient to the nearest empanelled hospital would have resulted in undue delay compromising the outcome.
3. Documentary evidence from the attending clinician/emergency department clearly supports the critical nature of the condition and the need for immediate care at the non-empanelled facility.

Repudiation Clause:

Claims shall be **rejected** under the following circumstances:

1. If the patient does not meet the defined severity criteria for RTA cases.
2. If an empanelled hospital with adequate emergency facilities was reasonably accessible at the time of the incident.
3. If the treatment at a non-empanelled hospital was chosen for convenience, preference, or any non-emergent reason rather than medical necessity.
4. If the medical records do not substantiate a Golden Hour emergency or the exigency of treatment at a non-empanelled facility.

In such cases, the claim will be **repudiated as per policy**, as the treatment does not fall within the permissible exceptions for reimbursement at non-empanelled hospitals.”

Exclusions:

The following categories shall **not** be eligible for reimbursement under the RTA emergency provision or Golden Hour clause:

1. Sequelae of Previous RTA

Any treatment arising from delayed effects or chronic consequences of a past RTA, including but not limited to:

- Malunion / non-union of fractures
- Wound infection or delayed wound complications
- Elective or planned corrective surgeries
- Planned orthopaedic interventions or reconstructive procedures
- Any non-emergent, follow-up, or scheduled management related to an old injury

2. Treatment at a Non-Empanelled Hospital Due to Patient Preference

Cases where the patient voluntarily chooses a non-empanelled hospital based on convenience, personal preference, or familiarity rather than medical necessity—especially when:

- Adequate empanelled facilities were available within reasonable distance from the place of occurrence
- The incident occurred in *Kollam*, but the patient opted to travel to *Trivandrum* (approx. 45–70 km away) solely for preferred care (e.g., degloving injury)
Such decisions shall not qualify under emergency or Golden Hour exceptions.

3. Absence of Mandatory Medico legal Documentation

Claims shall be excluded if any of the following essential documents are missing, when applicable:

- FIR
- MLC intimation
- Wound certificate
Such documentation is required to validate the accident and the nature of injury.

4. OPD-Based Treatment

Any RTA-related care availed purely on an **OPD basis**—including consultations, dressings, minor procedures, wound care, follow-up reviews, imaging, or physiotherapy—shall not be considered for reimbursement under

this provision, as these do not constitute emergency hospitalization or Golden Hour criteria.

5. Any claim arising from a Road Traffic Accident (RTA) in which the patient/driver was under the influence of alcohol or intoxicating substances at the time of the incident shall be strictly excluded from reimbursement.

Policy Annexure – Severity Criteria for RTA Emergencies

Annexure: Severity Classification for RTA-Related Reimbursement

This annexure defines the clinical severity standards for determining eligibility of RTA cases treated at non-empanelled hospitals.

A. High Severity (Eligible under Golden Hour Emergency Conditions)

Reimbursement may be considered when the patient presents with:

- Severe head injury (GCS < 13, intracranial haemorrhage, skull fractures)
- Polytrauma involving multiple organ systems
- Open or complex fractures with vascular compromise
- Spinal cord injury with neurological deficit
- Active internal bleeding or abdominal trauma requiring immediate surgery
- Chest trauma including pneumothorax, hemothorax, flail chest
- Traumatic amputation, limb-threatening injuries
- Unstable vital signs indicative of shock or respiratory distress

B. Moderate Severity (Generally Not Eligible Unless No Empanelled Facility Was Accessible)

- Closed fractures without neurovascular compromise
- Mild to moderate head injuries with normal imaging
- Soft-tissue injuries requiring suturing
- Stable spine fractures without neurological deficit
- Joint dislocations managed electively

C. Minor Injuries (Not Eligible)

- Abrasions, contusions, sprains, strains
- Minor lacerations
- Pain without objective traumatic findings
- Dressing, review, physiotherapy requirements

D. Excluded Category – Sequelae of Previous RTA (Not Eligible)

The following do **not** qualify for reimbursement under RTA emergency provisions:

- Malunion or non-union of old fractures
- Elective deformity correction following old trauma
- Chronic post-traumatic pain or stiffness
- Delayed ligament/tendon reconstruction
- Any admission for long-term consequences of a past RTA

ANNEXURE I F

TKR and THR Clinical Protocol

TKR Clinical Protocol:

Treating Consultant: MS/DNB in Orthopaedics / Diploma in Orthopaedics with 10 years of experience

Clinical key pointers:

Primary Osteoarthritis in elderly:

- Age >55 years
- Pain refractive to conservative management (All previous details of Conservative treatment given should be submitted)
- Knee pain that hinders walking, climbing stairs, or getting in and out of a chair
- Knee pain that interferes with sleep or does not subside with rest
- Morning stiffness , Crepitations
- Inability to cope with side effects of pain relief medication
- Significant bowing in or out of the knee usually genu varum
- History of frequent locking episodes
- Joint instability

Secondary Arthritis:

- Post Trauma
- Systemic Joint diseases like Rheumatoid arthritis, Osteonecrosis and other type of inflammatory arthritis

X ray Findings:

LOSS:Loss of joint space, Osteophytes, Subchondral sclerosis, Subchondral cysts;
(Kellgren and Lawrence grading system for severity evaluation.)

Mostly restrict TKR for Tricompartmental osteoarthritis

THR Clinical Protocol:

Treating Consultant: MS/DNB in Orthopaedics / Diploma in Orthopaedics with 10 years of experience

Clinical key pointers:

- Osteoarthritis
- Rheumatoid arthritis
- Osteonecrosis
- Pain Persists, despite pain medication
- Pain Worsens with walking, even with a cane or walker
- Pain Interferes with patient's sleep
- Affects the patient's ability to go up or down stairs
- Makes it difficult to rise from a seated position
- The person may have a limp.
- Symptoms are not adequately alleviated by non-surgical treatments, such as non-steroidal anti-inflammatory drugs (NSAIDs), physical therapy, steroid injections, or the use of a cane or walker

X ray Findings: General features are osteophyte formation, joint space narrowing and sclerosis of the subchondral bone plate. Subchondral cyst formation and remodelling of the articular surfaces or deformity are seen in more advanced stages.

There is no clinical evidence on the outcome difference based on the duration between performing TKR/THR one side and the other side. However due to the Rehabilitation challenges it is good to space it on an average of 6 months.

9.BENEFIT PACKAGE

The scheme envisages cashless treatment facility to beneficiaries through an insurance company and a network of empanelled hospitals for the benefit package given below.

1. **Basic Coverage:** The Insurer shall pay all expenses (as per package costs specified) incurred in course of medical treatment availed by the beneficiaries in empanelled hospitals (24 hours admission clause) for the medical, surgical and day care procedures as enlisted in Annexure I A.
2. **Additional Coverage:** The Insurance coverage given over and above the basic coverage for catastrophic illness specified enlisted in Annexure I B.
3. **Coverage of Pre-existing diseases:** All diseases under the Scheme shall be covered from day one and there shall not be any waiting period.
4. **Pre & Post hospitalization benefit:** Benefits up to 3 days Pre-Hospitalization & up to 5 days Post Hospitalization respectively which would cover all expenses related to treatment of the sickness for which hospitalization was done. The beneficiary shall avail this benefit of cashless basis in empanelled hospitals.
5. **Newborn child/children to an insured mother** would be covered from day one up to 90 days of the current policy plan period. However, after 90 days the child/children could be covered as a regular member of the family by adding in the MEDISEP ID cards. The benefit for delivery (both normal and caesarian) will be limited only to two living children even if the benefits for the first two childbirths are not claimed under the scheme.
6. The insurance coverage shall start from day one and continue till the expiry of the policy plan period.
7. **Unspecified Surgical Packages** shall be payable strictly in accordance with the guidelines of HBP 2022. For any such procedure, the Hospital shall select the most appropriate nearby package from the packages listed in Annexure I A of Appendix I, ensuring that the selected package is both medically relevant and financially comparable. New diseases will also be covered based on the regulatory provisions issued by IRDAI from time to time.

9A. BENEFIT PACKAGE RATES

The Medical Expert committee recommends with all its scope for the MEDISEP scheme. The HBP 2022 is more comprehensive as it treats packages and procedures were introduced as separate concepts. Some packages are a combination of multiple procedures. Some of the packages are a group of procedures. A package is split into procedures that help better specify the approach / treatment modality / etiology / complication of the package, among other criteria. For example, the package "Lap/Open Cholecystectomy with/without Exploration of CBD" is divided into four distinct procedures: (1) Laparoscopic cholecystectomy with CBD exploration (2) Laparoscopic cholecystectomy without CBD exploration (3) Open cholecystectomy with CBD exploration (4) Open cholecystectomy without CBD exploration.

Further, HBP 2022, has introduced the concept of stratification of procedures. Stratification has been introduced to further drill down into procedures based on criteria such as type of anaesthesia, bed category on admission, surgical technique etc. Stratification enables price differentiation of the procedure to better accommodate the nuances of the procedure performed and improve the associated payment. For example, the procedure of 'Incision and Drainage of Abscess' is split into two stratified packages with a price differential of ₹ 5,000 between them. i. Incision and Drainage of Abscess under Local Anaesthesia ii. Incision and Drainage of Abscess under General Anaesthesia. HBP 2022 has also introduced the concept of Add-on packages which are riding on another procedure. The add on packages includes high-end diagnostics, advanced medicines, and specialized procedures which can be booked in conjunction with another procedure without losing the sanctity / price of the procedure.

HBP 2022 (Health Benefit Package 2022 developed by National Health Authority) will be considered for MEDISEP Phase II, with an increase of 1.5 times (50%) of the Tier One city rates for procedural charges in both private and public hospitals. The rate suggested by the committee is the maximum rate to be adopted for MEDISEP phase II. Hence the following rates may be applied based on the accreditation status of the hospital.

- i. For Non-NABH hospitals : 15% hike of HBP 2022 tier 1 city rate
- ii. For Entry level NABH hospitals : 25% of HBP 2022 tier 1 city rate

- iii. For fully NABH accredited Private & Govt hospitals : 50% of HBP 2022 tier 1 city rate

In case of procedures, the 1.5 times (50%) of the HBP 2022 rate is lower than that of existing MEDISEP Phase – I rate as stipulated in GO(P)No.70/2022/Fin dated 23.06.2022, the insurer shall ensure to adopt the MEDISEP phase I rate .

The Expert Committee has also recommended that as followed in the current phase of MEDISEP, the overall package cost for the procedures which are part of the basic benefit package, will consist of three components. (a) Procedure charges (b) Implant cost if any and (c) Room Rent. HBP 2022 list which is adopted for the scheme specifies the suggested maximum limit for the procedure and implant costs.

1. Procedure Charges- The first component of the package cost includes procedure costs which would include all cost components related to medical consultation and treatment. The procedure charges include pre hospitalization expenses, medicine and consumables, diagnostic and laboratory investigations, procedures including surgeries if any, doctor, and attendant charges, discharge medicines and post hospitalization expenses. The procedure costs will thus follow the approach of a 'bundled rates' covering all input cost related to conducting the surgical procedures and managing the medical conditions.
2. Implant Cost- Certain procedures require single or multiple implants, the cost of which is variable. Hence the implant cost is separate from the procedure costs, wherever it is applicable. In such cases, the price of Implant / High-End Consumable will be added over and above the procedure price based on either the actual usage or the maximum capping of Implant / High-End Consumable defined (whichever is less). The cost of the implants will be based on the maximum ceiling price fixed by the HBP 2022.
3. Room Charges – The upper ceiling for room rent up to 1% of sum insured, ie, Rs. 5000/- per day. The room rent is not applicable to government hospitals except in cases where the patient is admitted in pay wards. In such cases the room rent shall be capped Rs. 2000/- per day against actual pay ward bills submitted. The insurer shall pay room

rent at a maximum of Rs. 2,300/- for Non-NABH Accredited Hospitals, Rs. 3,300/- for Entry-level NABH Accredited Hospitals, and up to Rs. 5,000/- for Fully NABH Accredited Hospitals. However, if the actual room rent levied is less than these limits, then the actuals shall be payable. The ICU/HDU/Ventilator charges will be as per the HBP 2022 package rates. Regarding the catastrophic procedures, the package cost is all inclusive meaning it covers all expenses including room rent/ICU necessary for performing the procedure. As all the procedures require a pre-authorization process, the insurance company will have to fix the average length of stay for all procedures, and accordingly the total charges would be calculated. In case, a hospital has room rent less than the patient's eligibility, then only the actual rates applicable for each category room should be claimed from that hospital. However where the hospital stay gets prolonged on account of medical/ surgical complications, the attendant treatment charges will also get covered and the insurance company/ Empanelled Health Care Provider cannot charge additional amount from the beneficiary.

The costing of the catastrophic package list specified in Annexure- I B is inclusive of all the four components i.e. Procedure Charges; Implant Costs; Room Charges and Investigation costs. This is irrespective of the number of days of hospital stay of the patient and the attendant medical or surgical complications will also get covered in the package and insurance company/Empanelled Health Care Provider cannot charge additional amount from the beneficiary. Regarding catastrophic procedures instead of HBP 2022 rates, the insurer shall adopt the rates specified in Annexure -1B.

10. AGE LIMIT.

There shall be no age limit for the beneficiaries/dependents except dependent child/children for admitting into the scheme.

11. SUM INSURED ON FAMILY FLOATER BASIS.

As mentioned in the previous section, the coverage of the scheme will be provided as follows.

1. **Basic Benefit Package Coverage:** This caters to the benefit package list consisting of more than 2516 procedures under 41 specialties mentioned in Annexure 1A in which medical, surgical and day care procedures will be covered up to a sum of Rs. 5 lakhs per annum. Total Knee Replacement and Total Hip Replacement surgeries which were the part of additional benefit package in the first phase is included in the basic benefit package of the second phase (Annexure F).

2. **Additional Package Coverage:** In addition to the Basic Benefit Package coverage mentioned above, all procedures mentioned in the Annexure I B will be covered by the policy.

3. **Corpus fund for Catastrophic illnesses:** An additional sum of not less than Rs. 40 crore for a policy period of two years shall be provided by the Insurer as a corpus fund for providing coverage to Additional Packages enlisted in Annexure I B.

12. PAYMENT OF PREMIUM

The Government of Kerala will pay the insurance premium on behalf of the employees/pensioners to the Insurance Company. For the first year, the premium will be initially calculated based on the number of beneficiaries in position covered under the Scheme as on date of implementation. Of this amount, 25% will be paid as the first installment on signing the agreement and commencement of the Scheme. During the implementation, the actual premium will be arrived at based on the number of identity cards issued. The remaining 75% will be calculated as per the premium amount and will be paid in three equal installments after the successful completion of three months of the scheme and before the end of the first policy year.

A 5% increase in premium and package rates of procedures for the second

year shall be allowed. The same payment schedule will be continued during the second year. The payment of premium will be based on the data made available by the Finance Department to the insurer. The total annual premium will be calculated based on number of data verified and accepted by the insurance company. The payment shall be made after receiving the invoice of the accepted data.

13.PREMIUM

- i. **The annual premium will be Rs. 8244/- for the first policy year. In the second policy year, there will be an increase of 5% in premium amount**
- ii. The Annual Premium on behalf of the employees and pensioners shall be paid by the Government in advance as per the terms and conditions of the agreement between the Government and the Insurer.
- iii. The Annual Premium paid by the Government on behalf of the employee will be deducted from their salary in twelve equal instalments.
- iv. The premium of the pensioner shall be met from their monthly entitlement.

14.ENROLMENT PERIOD

Enrolment Period shall start with immediate effect from the date of notification of the scheme and will complete by the date which will be announced later.

15.PERIOD OF INSURANCE AND PERIOD OF CONTRACT

The Scheme will be introduced from the date agreed by the Government of Kerala and Insurer for a period of two years. The period of Insurance contract will be effective from the date of signing of agreement and shall

expire three months after the date of expiry of policy plan period or at completion of all the obligations of the insurance company, whichever is later. In case the contract is terminated after the expiry of the Policy Plan Period, the Insurer shall continue to remain liable for making payments in respect of all the claims lodged with it or the TPA in respect of all the claims/ invoices of Provider Network and Beneficiaries on or before the date of expiry of the policy plan period.

16. EMPANELLED PROVIDER NETWORK

The empanelled provider network for MEDISEP will include public and private hospitals which will be empanelled by the insurer. All the secondary and tertiary public hospitals should be empanelled as providers of the scheme. The insurer will also have to empanel the super specialty institutions which includes Regional Cancer Center (RCC), Malabar Cancer Center (MCC), Cochin Cancer Center (CCC) and Sree Chitra Thirunal Institute for Medical Sciences and Technology (SCTIMST), Jawaharlal Institute of Postgraduate Medical Education & Research (JIPMER) and the package rates specified for accredited institutions will be applicable to the treatments undergone by the beneficiaries in the above listed super specialty institutions. However, if these super specialty institutions are not empaneled in the scheme, then all the treatments in these hospitals will be considered for reimbursement under the scheme.

The insurer shall empanel private hospitals as network hospitals fulfilling the required infrastructure and human resources criteria laid down for as part of the empanelment process. The network hospitals shall also agree to the package rates of the scheme for the procedures of various specialties under MEDISEP phase II.

Selective empanelment or “cherry picking” of specialty within a specific hospital will not be allowed. Furthermore, the insurance company must ensure the availability of private hospitals offering treatment for all benefit packages in every district. The insurance provider should have the network provider contract in force for the same period of the policy which is two years. Detailed empanelled guidelines are given in Annexure II.

A network hospital can be empanelled for all three categories Viz General Purpose Hospital, specialty and super specialty hospitals, Hospitals for Transplant surgeries as specified below:

(1) Category 1

General Purpose Hospitals: These are hospitals having 25 or more beds with the following specialties:

General Medicine, General Surgery, Obstetrics and Gynecology, Pediatrics, Orthopedics, ENT, Dermatology, ICU and Critical Care Units.

(2) Category 2

The appellate authority will be Additional Chief Secretary, (Health & Family Welfare) Department. The decision of the appellate authority will be final &

binding to all the parties. In case of disputes arising between the Government of Kerala and the Insurer, in respect of the validity, interpretation, implementation or alleged breach of any provision of the scheme etc, can be directly taken up with the appellate authority for resolution.

The civil courts situated in Thiruvananthapuram, Kerala shall have exclusive jurisdiction of any disputes which remain unresolved by the any of the above procedure.

20. PENALTY CLAUSE

Failure to abide by the terms of the Scheme as stipulated in the tender document will attract penalty as may be determined by the Government of Kerala .The details and the modalities of the penalty will be part of the agreement with the insurance company.

Grievance Redressal: It is mandated that all orders of the grievance redressal committee is carried out within 30 days unless stayed by the next higher level. Any failure to comply with the direction of the Grievance Redressal Committee at any level will meet with a penalty of Rs. 25,000/- per decision for the first month and Rs.50,000/- per month thereafter during which the decision remains un- complied. The amount shall be paid by the insurance company to the Authority. Apart from the above, in the event of non-compliance of guidelines and agreement leading to disruption of the project will attract a penalty subject to a maximum of 75% of estimated annual project cost.

21. PROCESS MANUAL FOR SCHEME IMPLEMENTATION

The insurer will publish a detailed manual for the “MEDISEP” which shall include operational guidelines and details of the scheme in consultation with Authority, with provision to update and modify the same. The insurer shall follow the guidelines and instructions given in the manual while implementing the scheme. All guidelines and relevant information regarding MEDISEP shall be also made available on the official website of the scheme. The insurer must display boards with necessary guidelines and instructions at all Empanelled Cashless Healthcare Providers (ECHPs). The insurer should also clearly provide a “negative list” or list of items for which coverage is not available in the packages and communicate the same to the hospitals. The same may be provided in the FAQ’s and scheme website.

22. CLAIM SETTLEMENT

The empanelled Hospital shall be reimbursed the cost of treatment as per agreed MEDISEP package rates with hospitals. The Insurance Company shall settle the claims of the empanelled hospitals within 15 working days of receipt of the complete documents along with the discharge summary of the patient. The claim settlement progress will be scrutinized and reviewed by the Authority. The Insurer shall decide on the acceptance or rejection of any Claim received from an Empanelled Health Care Provider. In case of any claim is found untenable, the TPA/ Insurer shall communicate reasons to the Health provider and Designated Authority for this purpose with a copy to the Beneficiary. The EHCP can send reconsideration request to Insurance Company and if still not resolved Empanelled Health Care Provider can approach relevant Grievance Redressal Committee against such decision to reject such claim. All such claims shall be reviewed by the State Government on monthly /quarterly basis.

23. INFORMATION TECHNOLOGY PLATFORM

The insurer shall develop a dedicated information technology platform by means of suitable web portal and data base & management information system for supporting the implementation of MEDISEP and provide real time access to Authority for monitoring the scheme performance. The information technology platform is expected to include the following parameters.

- i. Database of beneficiaries.
- ii. Database of enrollment.
- iii. Package details in the network hospitals.
- iv. e- Health database: This database will maintain the patient details along with the diagnosis and treatment details. This Database will also be linked to the enrollment Database & Claims Transaction Database to form the Central Database.
- v. e-Preauthorization: The Hospital will require a Pre-Authorization e-form to be filled before going in for the treatment.
- vi. Claim processing and settlement Data Base: The claims processing database should include claim intimation, scrutiny of claims and status update and upon verification, settlement of claims.

vii. MIS Reporting: Real-time reporting on performance and monitoring indicators.

viii. Accounting system: Payment Reconciliation.

ix. Third Party Integration: This will include (a) Electronic clearance of bills with payment gateway (b) SMS Gateway.

The insurer shall develop a unified claim processing platform as per Health Claim Exchange (HCX) Standards of the Ayushman Bharat Digital Mission (ABDM) and hand over to the state government. The proposed platform should include end-to-end integration of all claim processing and payment monitoring components, ensuring real-time data availability and dashboard-based monitoring.

The web portal for MEDISEP shall provide information on the scheme details, List of empanelled and de-empanelled Hospitals, claims status, grievance redressal mechanisms, and other relevant information about the scheme. The insurer shall be responsible for ensuring the regular backup of data in collaboration with the Authority.

The IT platform developed for the implementation of the scheme will be owned by the Government of Kerala and at the shared information of beneficiaries and claims should be used only for the said purpose. The insurer should strictly maintain the confidentiality of any form of data or information shared by the Authority and protect information created, disclosed or acquired in the context of the client and health service provider relationship.

24.PERFORMANCE MONITORING

The insurer shall furnish a Fortnightly / Monthly / Quarterly / Annual report to the Authority with the details of the number of subscribers enrolled, number of claims received and the total amount disbursed – diseases, treatments and surgeries-wise. Moreover quarterly wise report detailing the opening balance of number of employees of the quarter, additions and deletions during the quarter shall be furnished. This quarterly report shall reveal the opening balance of number of Identity Cards, number of Identity Cards issued during the month and balance yet to be issued. Regarding the scheme performance, the insurer shall furnish details of preauthorization, claims settlement, complaints redressal, claims ratio and any other parameters decided by the government.

List of Packages attached in G.O.(P) No. 5/2026/FIN dated 20.01.2026 .

ANNEXURE I B

Additional Benefit Package for Catastrophic Illnesses

The Insurance coverage given over and above the basic coverage for catastrophic illnesses specified enlisted in Annexure I B

Catastrophic Packages	Package Cost
Liver Transplantation	18,00,000
Bone Marrow Transplantation / Stem Cell Transplantation (related)	9,46,000
Bone Marrow Transplantation / Stem Cell Transplantation (unrelated/Haploidentical)	17,00,000
Cochlear Implantation	6,50,000
Renal Transplantation	3,00,000
Auditory Brain Stem Implant	18,24,100
Isolated Heart / Isolated Lung Transplant	15,00,000
Heart Lung Transplant / Double Lung Transplant	20,00,000
CARDIAC RESYNCHRONISATION	6,00,000

THERAPY	
[CRT] with defibrillator	
ICD-DUAL CHAMBER	5,00,000

The costing of the catastrophic package list specified in Annexure-I B is inclusive of all the four components i.e. Procedure Charges; Implant Costs; Room Charges and Investigation costs. This is irrespective of the number of days of hospital stay of the patient and the attendant medical or surgical complications will also get covered in the package and insurance company cannot charge additional amount from the beneficiary.

ANNEXURE I C

Emergency clauses

a) Expansion of the emergency procedures to include subject to the condition that there are no empanelled hospitals within 8 kms with the facility of treatment required for the case concerned

1. Road Traffic Accidents
2. Cardiac arrest
3. Stroke
4. H/O slip & fall / fall from height/ fall from vehicle resulting in major injury
5. H/O assault/ blunt trauma resulting in grievous hurt/ major injury
6. Animal attack resulting in major injury/ requiring hospitalization
7. Accidental Drowning
8. Accidental Hanging
9. Electrocution

10. Heatstroke
11. Burns requiring hospitalization
12. Acute poisoning (accidental)
13. Snake bite requiring ASV, Unknown bite requiring hospitalization

Annexure I D

Reimbursement Claims Checklist

A. Mandatory Documents for all reimbursement claims

- Duly filled Emergency Claim Form (Form 1)
- Part A – To be filled by the Primary Beneficiary (Medisep card holder)
- Part B – To be filled by the Hospital
- Copy of Government ID proof
- Copy of Medisep ID card
- Original Discharge Summary
- Original Consolidated Final Bill
- Original break-up bill
- Original Lab / Investigation Reports (if any)
- Original Cash Paid Receipt
- Copy of Cancelled Cheque / Bank Passbook (with printed name of Primary Insured)
- Copy of Aadhaar Card of Primary Insured

- Copy of Aadhaar Card of Patient
- Copy of PAN Card of Primary Insured
- Duly filled CKYC Form (mandatory if the bill amount exceeds ₹1,00,000)
- One and the Same Certificate (in case of name mismatch)

Additional documents required for specific cases, in addition to the mandatory documents mentioned in Section A, are listed below:

B. Death of the Primary Insurer

- Death Certificate
- Legal Heir ship Certificate
- Notarized NOC from the other legal heirs, consenting to the payment being made to a single legal heir.
- Bank details of Legal Heir
- Aadhaar Card of Legal Heir
- PAN Card of Legal Heir

C. Road Traffic Accident (RTA) Claims (additional documents required)

- FIR / MLC copy / Accident Register cum-Wound Certificate
- Circumstances of the incident
- Trauma imaging reports (X-ray / CT / MRI)
- Doctor's note documenting injury pattern
- Procedure/OT Note (if surgery done)
- Implant Invoice with barcode (for ORIF)

D.Heart Attack / Cardiac arrest

- Stent Purchase Vendor's Invoice
- Stent Stickers with barcode
- CAG Report
- PTCA Report
- Procedure/OT Note
- Implant/device invoice with barcode

E. Stroke

- MRI / CT Brain confirming diagnosis
- Procedure Note (if applicable)

F. H/O slip & fall / fall from height/ fall from vehicle resulting in major injury/ H/O assault/ blunt trauma resulting in grievous hurt/ major injury

- Circumstances of the incident
- Affidavit for alcoholism/intoxication/drug abuse history
- FIR / Police Statement / MLC
- Accident Register cum-Wound Certificate.
- Trauma imaging (X-ray/CT/MRI)
- Doctor's note documenting injury pattern

G. Snake bite requiring ASV, Unknown bite requiring hospitalization

- ASV administration record
- 20-minute Whole Blood Clotting Test (20WBCT), if done
- Doctor's note specifying type of bite

H. Animal attack resulting in major injury/ requiring hospitalization

- Anti-tetanus treatment record

I. Accidental Drowning/Accidental Hanging/Electrocution/Acute poisoning (accidental)

- Affidavit describing circumstances
- FIR / Police Statement / MLC

J. Burns requiring hospitalization

- Burn Surface Area Chart (Rule of 9s)
- Doctor's notes documenting nature and % of burns

K. Heat Stroke

- ED notes detailing exposure
- Temperature records
- Electrolytes, LFT, RFT, CK levels

L. Referral Cases

- Referral Letter from previous hospital
- Reason for referral

Annexure I E

RTA (Road Traffic Accident) Cases & Treatment at Non-Empanelled Hospitals

RTA Golden Hour Clause & Reimbursement Eligibility

“In the case of Road Traffic Accident (RTA) emergencies, reimbursement for treatment received at a non-empanelled hospital shall be considered only when the patient’s clinical condition meets the specified severity criteria as defined under the Reimbursement Policy, and when immediate medical intervention is deemed necessary within the ‘Golden Hour’.

Reimbursement shall be **admissible exclusively under the following conditions:**

1. The patient’s condition is assessed as severe or life-threatening at the time of first medical contact, necessitating immediate stabilization.
2. Transporting the patient to the nearest empanelled hospital would have resulted in undue delay compromising the outcome.
3. Documentary evidence from the attending clinician/emergency department clearly supports the critical nature of the condition and the need for immediate care at the non-empanelled facility.

Repudiation Clause:

Claims shall be **rejected** under the following circumstances:

1. If the patient does not meet the defined severity criteria for RTA cases.
2. If an empanelled hospital with adequate emergency facilities was reasonably accessible at the time of the incident.
3. If the treatment at a non-empanelled hospital was chosen for convenience, preference, or any non-emergent reason rather than medical necessity.
4. If the medical records do not substantiate a Golden Hour emergency or the exigency of treatment at a non-empanelled facility.

In such cases, the claim will be **repudiated as per policy**, as the treatment does not fall within the permissible exceptions for reimbursement at nonempanelled hospitals.”

Exclusions:

The following categories shall **not** be eligible for reimbursement under the RTA emergency provision or Golden Hour clause:

5. **Sequelae of Previous RTA**

Any treatment arising from delayed effects or chronic consequences of a past RTA, including but not limited to:

- Malunion / non-union of fractures
- Wound infection or delayed wound complications
- Elective or planned corrective surgeries
- Planned orthopaedic interventions or reconstructive procedures

Any non-emergent, follow-up, or scheduled management related to an old injury

6. **Treatment at a Non-Empanelled Hospital Due to Patient Preference**

Cases where the patient voluntarily chooses a non-empanelled hospital based on convenience, personal preference, or familiarity rather than medical necessity—especially when:

Adequate empanelled facilities were available within reasonable
◦ distance from the place of occurrence

The incident occurred in *Kollam*, but the patient opted to travel to *Trivandrum* (approx. 45–70 km away) solely for preferred care (e.g., degloving injury)

Such decisions shall not qualify under emergency or Golden Hour exceptions.

7. **Absence of Mandatory Medico legal Documentation**

Claims shall be excluded if any of the following essential documents are missing, when applicable:

- FIR
- MLC intimation
- Wound certificate
- Such documentation is required to validate the accident and the

nature of injury.

8. OPD-Based Treatment

Any RTA-related care availed purely on an **OPD basis**—including consultations, dressings, minor procedures, wound care, follow-up reviews, imaging, or physiotherapy—shall not be considered for reimbursement under this provision, as these do not constitute emergency hospitalization or Golden Hour criteria.

9. Any claim arising from a Road Traffic Accident (RTA) in which the patient/driver was under the influence of alcohol or intoxicating substances at the time of the incident shall be strictly excluded from reimbursement.

Policy Annexure – Severity Criteria for RTA Emergencies

Annexure: Severity Classification for RTA-Related Reimbursement

This annexure defines the clinical severity standards for determining eligibility of RTA cases treated at non-empanelled hospitals.

A. High Severity (Eligible under Golden Hour Emergency Conditions)

Reimbursement may be considered when the patient presents with:

- Severe head injury (GCS < 13, intracranial haemorrhage, skull fractures)
- Polytrauma involving multiple organ systems
- Open or complex fractures with vascular compromise
- Spinal cord injury with neurological deficit
- Active internal bleeding or abdominal trauma requiring immediate surgery
- Chest trauma including pneumothorax, hemothorax, flail chest
- Traumatic amputation, limb-threatening injuries

- Unstable vital signs indicative of shock or respiratory distress

B. Moderate Severity (Generally Not Eligible Unless No Empanelled Facility Was Accessible)

- Closed fractures without neurovascular compromise
- Mild to moderate head injuries with normal imaging
- Soft-tissue injuries requiring suturing
- Stable spine fractures without neurological deficit
- Joint dislocations managed electively

C. Minor Injuries (Not Eligible)

- Abrasions, contusions, sprains, strains
- Minor lacerations
- Pain without objective traumatic findings
- Dressing, review, physiotherapy requirements

D. Excluded Category – Sequelae of Previous RTA (Not Eligible)

The following do **not** qualify for reimbursement under RTA emergency provisions:

- Malunion or non-union of old fractures
- Elective deformity correction following old trauma
- Chronic post-traumatic pain or stiffness

- Delayed ligament/tendon reconstruction
- Any admission for long-term consequences of a past RTA

Annexure I F

TKR and THR Clinical Protocol

TKR Clinical Protocol:

Treating Consultant: MS/DNB in Orthopaedics / Diploma in Orthopaedics with 10 years of experience

Clinical key pointers:

Primary Osteoarthritis in elderly:

- Age >55 years
- Pain refractive to conservative management (All previous details of Conservative treatment given should be submitted)
- Knee pain that hinders walking, climbing stairs, or getting in and out of a chair
- Knee pain that interferes with sleep or does not subside with rest
- Morning stiffness , Crepitations
- Inability to cope with side effects of pain relief medication
- Significant bowing in or out of the knee usually genu varum
- History of frequent locking episodes
- Joint instability

Secondary Arthritis:

- Post Trauma

- Systemic Joint diseases like Rheumatoid arthritis, Osteonecrosis and other type of inflammatory arthritis

X ray Findings:

LOSS: Loss of joint space, Osteophytes, Subchondral sclerosis, Subchondral cysts;

(Kellgren and Lawrence grading system for severity evaluation.)

Mostly restrict TKR for Tricompartmental osteoarthritis

THR Clinical Protocol:

Treating Consultant: MS/DNB in Orthopaedics / Diploma in Orthopaedics with 10 years of experience

Clinical key pointers:

- Osteoarthritis
- Rheumatoid arthritis
- Osteonecrosis
- Pain Persists, despite pain medication
- Pain Worsens with walking, even with a cane or walker
- Pain Interferes with patient's sleep
- Affects the patient's ability to go up or down stairs
- Makes it difficult to rise from a seated position
- The person may have a limp.
- Symptoms are not adequately alleviated by non-surgical treatments,

such as non-steroidal anti-inflammatory drugs (NSAIDs), physical therapy, steroid injections, or the use of a cane or walker

X ray Findings: General features are osteophyte formation, joint space narrowing and sclerosis of the subchondral bone plate. Subchondral cyst formation and remodelling of the articular surfaces or deformity are seen in more advanced stages.

There is no clinical evidence on the outcome difference based on the duration between performing TKR/THR one side and the other side. However due to the Rehabilitation challenges it is good to space it on an average of 6 months.

Annexure - II

Hospital Empanelment Criteria

ESSENTIAL CRITERIA:

A Hospital would be empanelled as a network private hospital with the approval of the Authority if it adheres with the following minimum criteria:

1. Should have at least 10 inpatient beds with adequate spacing and supporting staff as per norms.
 - i. Exemption may be given for single-specialty hospitals like Eye and ENT.
 - ii. General ward – @80sq ft per bed, or more in a Room with Basic amenities-bed, mattress, linen, water, electricity, cleanliness, patient friendly common washroom etc. Non AC but with fan/Cooler and heater in winter.

3. Fully equipped and engaged in providing Medical /Surgical services, commensurate to the scope of service/ available specialties and number of

beds.

i. Round-the-clock availability (or on-call) of a Surgeon and Anesthetist where surgical services/ day care treatments are offered.

ii. Round-the-clock availability (or on-call) of an Obstetrician, Pediatrician and Anesthetist where maternity services are offered.

iii. Round-the-clock availability of specialists (or on-call) in the concerned specialties having sufficient experience where such services are offered (e.g.Orthopaedics, ENT, Ophthalmology, Dental, general surgery (including endoscopy) etc.)

4. Round-the-clock support systems required for the above services like Pharmacy, Blood Bank, Laboratory, Dialysis unit, Endoscopy investigation support, Post OP ICU care with ventilator support, X-ray facility (mandatory) etc., either 'In-House' or with 'Outsourcing arrangements', preferably with NABL accredited laboratories, with appropriate agreements and in nearby vicinity.

5. Round-the-clock Ambulance facilities (own or tie-up).

6. 24 hours emergency services managed by technically qualified staff wherever emergency services are offered

i. Casualty should be equipped with Monitors, Defibrillator, Nebulizer with accessories, Crash Cart, Resuscitation equipment, Oxygen cylinders with flow meter/ tubing/catheter/face mask/nasal prongs, suction apparatus etc. and with attached toilet facility.

7. Mandatory for hospitals wherever surgical procedures are offered:

i. Fully equipped Operation Theatre of its own with qualified nursing staff under its employment round the clock.

ii. Post-OP ward with ventilator and other required facilities.

8. Wherever intensive care services are offered it is mandatory to be equipped with an Intensive Care Unit (For medical/surgical ICU/HDU/Neonatal ICU) with requisite staff

i. The unit is to be situated in close proximity of operation theatre, acute care medical, surgical ward units, labour room and maternity room as appropriate.

ii. Suction, piped oxygen supply and compressed air should be provided for each ICU bed.

iii. Further ICU – where such packages are mandated should have the following equipment:

1) Piped gases

2) Multi-sign Monitoring equipment

3) Infusion of inotropic support

4) Equipment for maintenance of body temperature

5) Weighing scale

6) Manpower for 24×7 monitoring

7) Emergency cash cart

8) Defibrillator.

9) Equipment for ventilation.

10) In case there is common Paediatric ICU then Paediatric equipment, e.g.: paediatric ventilator, Paediatric probes, medicines and equipment for resuscitation to be available. HDU (high dependency unit) should also be equipped with all the equipment and manpower as per HDU norms.

9. Records Maintenance: Maintain complete records as required on day-to-day basis and is able to provide necessary records of hospital / patients to the Society/Insurer or his representative as and when required.

i. Wherever automated systems are used it should comply with MoHFW/SHA HER guidelines (as and when they are enforced)

ii. All MEDISEP cases must have complete records maintained

iii. Share data with designated authorities for information as mandated.

10. Legal requirements as applicable by the local/state health authority.

11. Adherence to Standard treatment guidelines/ Clinical Pathways for procedures as mandated by SHA from time to time.

12. Registration with the Income Tax Department.
13. NEFT enabled bank account
14. Telephone/Fax
15. Safe drinking water facilities/Patient care waiting area
16. Uninterrupted (24 hour) supply of electricity and generator facility with required capacity suitable to the bed strength of the hospital.
17. Waste management support services (General and Bio Medical) – in compliance with the bio-medical waste management act.
18. Appropriate fire-safety measures.
19. Provide space for a separate kiosk for MEDISEP beneficiary management (MEDISEP non-medical coordinator) at the hospital reception.
20. Ensure a dedicated medical officer to work as a medical co-ordinator towards MEDISEP beneficiary management (including records for follow-up care as prescribed)
21. Ensure appropriate promotion of MEDISEP in and around the hospital (display banners, brochures etc.) towards effective publicity of the scheme in co-ordination with the SHA/ district level MEDISEP team.
22. IT Hardware requirements (desktop/laptop with internet, printer,webcam,scanner/ fax, bio-metric device etc.) as mandated by the Authority.

ADVANCED CRITERIA:

Over and above the essential criteria required to provide basic services under MEDISEP (as mentioned in Category 1) those facilities undertaking defined specialty packages (as indicated in the benefit package for specialties mandated to qualify for advanced criteria) should have the following:

I. These empanelled hospitals may provide specialized services such as Cardiology, Cardiothoracic surgery, Neurosurgery, Nephrology, Reconstructive surgery, Oncology, Paediatric Surgery, Neonatal intensive care etc.

II. A hospital could be empanelled for one or more specialties subject to it

qualifying to the concerned specialty criteria for respective packages

III. Such hospitals should be fully equipped with ICCU/SICU/ NICU/ relevant Intensive Care Unit in addition to and in support of the OT facilities that they have.

IV. Such facilities should be of adequate capacity and numbers so that they can handle all the patients operated in emergencies.

a) The Hospital should have sufficient experienced specialists in the specific identified fields for which the Hospital is empanelled as per the requirements of professional and regulatory bodies/ as specified in the clinical establishment act/ State regulations.

b) The Hospital should have sufficient diagnostic equipment and support services in the specific identified fields for which the Hospital is empanelled as per the requirements specified in the clinical establishment act/ State regulations.

V. Indicative domain specific criteria are as under:

A. Specific criteria for Cardiology/ CTVS

1. CTVS theatre facility (Open Heart Tray, Gas pipelines Lung Machine with TCM, defibrillator, ABG Machine, ACT Machine, Hypothermia machine, IABP, cautery etc.)

2. Post-op with ventilator support

3. ICU Facility with cardiac monitoring and ventilator support

4. Hospital should facilitate round the clock cardiologist services.

5. Availability of support specialty of General Physician & Paediatrician

6. Fully equipped Catheterization Laboratory Unit with qualified and trained Paramedics.

B. Specific criteria for Cancer Care

1. For empanelment of Cancer treatment, the facility should have a Tumor Board which decides a comprehensive plan towards multi-modal treatment of the patient or if not then appropriate linkage mechanisms need to be established to the nearest Regional Cancer Centre (RCC). Tumor Board should consist of a qualified team of Surgical, Radiation and Medical

/Paediatric Oncologist in order to ensure the most appropriate treatment for the patient.

2. Relapse/recurrence may sometimes occur during/ after treatment. Retreatment is often possible which may be undertaken after evaluation by a Medical/ Paediatric Oncologist/ Tumor Board with prior approval and pre authorization of treatment.

3. For extending the treatment of chemotherapy and radiotherapy the hospital should have the requisite Pathology/ Haematology services/ infrastructure for radiotherapy treatment viz. for cobalt therapy, linear accelerator radiation treatment and brachytherapy available in-house. In case such facilities are not available in the empanelled hospital for radiotherapy treatment and even for chemotherapy, the hospital shall not perform the approved surgical procedure alone, but refer the patients to other centres for follow-up treatments requiring chemotherapy and radiotherapy treatments. This should be indicated where appropriate in the treatment approval plan.

4. Further hospitals should have following infrastructure for providing certain specialized radiation treatment packages such as stereotactic radiosurgery/ therapy.

i. Treatment machines which are capable of delivering SRS/SRT

ii. Associated Treatment planning system

iii. Associated Dosimetry systems

C. Specific criteria for Neurosurgery

1. Well Equipped Theatre with qualified paramedical staff, C-Arm, Microscope, neurosurgery compatible OT table with head holding frame (horse shoe, may field / sugita or equivalent frame).

2. ICU facility.

3. Post-OP with ventilator support

4. Facilitation for round the clock MRI, CT and other support bio-chemical investigations.

D. Specific criteria for Burns, Plastic & Reconstructive surgery

1. The Hospital should have full time / on – call services of qualified plastic

surgeon and support staff with requisite infrastructure for corrective surgeries for post burn contractures.

2. Isolation ward having monitor, defibrillator, central oxygen line and all OT Equipment.

3. Well Equipped Theatre

4. Intensive Care Unit.

5. Post-OP with ventilator support

6. Trained Paramedics

7. Post-OP rehab/ Physiotherapy support/ Psychological support.

E. Specific criteria for /Paediatric Surgery

1. The Hospital should have full time/on call services of paediatric surgeons

2. Well-equipped theatre

3. ICU support

4. Support services of paediatrician

5. Availability of mother rooms and feeding area.

6. Availability of radiological/ fluoroscopy services (including IITV), Laboratory services and Blood bank.

F. Specific criteria for specialized new born care.

1. The hospital should have well developed and equipped neonatal nursery/Neonatal ICU (NICU) appropriate for the packages for which empanelled, as per norms

2. Availability of radiant warmer/ incubator/ pulse oximeter/ photo therapy/ weighing scale/ infusion pump/ ventilators/ CPAP/ monitoring systems/oxygen supply / suction / infusion pumps/ resuscitation equipment/ breastpumps/ bilimeter/ KMC (Kangaroo Mother Care) chairs and transport incubator – in enough numbers and in functional state; access to hematological, biochemistry tests, imaging and blood gases, using minimal sampling, as required for the service packages

3. For Advanced Care and Critical Care Packages, in addition to 2. above: parenteral nutrition, laminar flow bench, invasive monitoring, in-house USG. Ophthalmologist on call.

4. Trained nurses 24×7 as per norms

5. Trained Pediatrician(s) round the clock

6. Arrangement for 24×7 stay of the Mother to enable her to provide supervised care, breastfeeding and KMC to the baby in the nursery/NICU and upon transfer therefrom; provision of bedside KMC chairs.

7. Provision for post-discharge follow up visits for counselling for feeding, growth / development assessment and early stimulation, ROP checks, hearing tests etc.

G. Specific criteria for Polytrauma

1. Shall have Emergency Room Setup with round the clock dedicated duty doctors.

2. Shall have the full-time service availability of Orthopaedic Surgeon, General Surgeon, and anesthetist services.

3. The Hospital shall provide round the clock services of Neurosurgeon, Orthopedic Surgeon, CT Surgeon, General Surgeon, Vascular Surgeon and other support specialists as and when required based on the need.

4. Shall have dedicated round the clock Emergency theatre with C-Arm facility, Surgical ICU, Post-OP Setup with qualified staff.

5. Shall be able to provide necessary diagnostic support round the clock including specialized investigations such as CT, MRI, emergency biochemical investigations.

H. Specific criteria for Nephrology and Urology Surgery

1. Dialysis unit

2. Well-equipped operation theatre with C-ARM Endoscopy investigation support

3. Post OP ICU care with ventilator support Sew lithotripsy equipment

Annexure - III

Exclusions to the Scheme

The Scheme shall not be liable to make any payment under this policy in respect of any expenses whatsoever incurred by any Beneficiary in connection with or in respect of:

1. Conditions that do not require hospitalization: Condition that do not require hospitalization and can be treated under Outpatient Care. Outpatient Diagnostic, unless necessary for treatment of a disease covered under Medical and Surgical procedures or treatments or day care procedures (as applicable), will not be covered.
2. Except those expenses covered under pre and post hospitalisation expenses, further expenses incurred at Hospital or Nursing Home primarily for evaluation / diagnostic purposes only during the hospitalized period and expenses on vitamins and tonics etc unless forming part of treatment for injury or disease as certified by the attending physician.
3. Any dental treatment or surgery which is corrective, cosmetic or of aesthetic procedure, filling of cavity, root canal including wear and tear etc. unless arising from disease, illness or injury and which requires hospitalisation for treatment. Exception to the above would be treatment needs arising from trauma / injury, neoplasia / tumour / cyst requiring hospitalisation for bone treatment
4. Congenital external diseases: Congenital external diseases or defects or anomalies, Convalescence, general debility, "run down" condition or rest cure.
5. Surgeries related to ageing face & body, laser procedures for tattoo removals, augmentation surgeries and other purely cosmetic procedures such as fat grafting, neck lift, aesthetic rhinoplasty etc.
6. Hormone replacement therapy for Sex change or treatment which results from or is in any way related to sex change. Any assisted reproductive techniques, or infertility related procedures, unless featuring in the National Health Benefit Package list
7. Vaccination, inoculation or change of life or cosmetic or of aesthetic treatment of any description, plastic surgery other than as may be necessitated due to an accident or as a part of any illness.

8. Circumcision (unless necessary for treatment of a disease not excluded hereunder or as may be necessitated due to any accident),

9. Suicide: Intentional self-injury/suicide

10. Persistent Vegetative State: a condition in which a medical patient is completely unresponsive to psychological and physical stimuli and displays no sign of higher brain function, being kept alive only by medical intervention.
